The seal of the City of Statesboro, Georgia, is a circular emblem. It features a central shield with a yellow background. The shield is divided into four quadrants: the top-left and bottom-right quadrants contain a stylized green leaf, the top-right quadrant contains a white classical building with columns, and the bottom-left quadrant contains a white hand holding a quill pen. The shield is set against a light blue background. The outer ring of the seal is light blue and contains the text "CITY OF STATESBORO" at the top, "1803" on the right, and "GEORGIA" at the bottom.

***Introduction***

The City of Statesboro is a progressive community that provides an exceptional quality of life to its residents and offers southern charm and hospitality to its visitors. The City offers a high standard of living with a commitment to ensure the most responsive and progressive public services to residents, businesses, and visitors. Statesboro is where the living remains softly southern and folks call out to one another by first name.

Created by an act of the Georgia legislature in 1803, Statesboro is a Georgia Municipal Association City of Excellence and Certified City of Ethics. Statesboro has an economy comprised of an industrial base, a growing university, expanding retail activity, and a regional medical center. This regional economic hub is located 15 miles off Interstate 16 and offers many educational and vocational opportunities that provide a competitive advantage for a strong workforce.

The City operates under the Council-Manager form of government, established by a 1999 Charter amendment. The Mayor is elected at large while the five council members are elected by district. All elections are non-partisan, and the terms are for four years, with half of the members elected every two years. The City Council appoints the City Manager to head the administrative functions of city government. As authorized by its Charter and Code, the services provided by the City are General Government (Administration, Human Resources, Finance, Community Development and Engineering), Judicial (Municipal Court), Public Safety (Police and Fire), and Public Works (Streets, Sanitation, Water and Sewer and Gas).

The City of Statesboro was incorporated on December 19, 1803, with a population of less than 25 people. The County seat of Bulloch County, Statesboro's population for 2010 was 28,522. According to the U.S. Census Bureau, the 2010 population for Bulloch County was 70,217, which is higher than the projection for 2015 of 68,235. This is a 25.4% change from the 2000 census population of 55,983. The Bulloch County area estimated population for 2010 was 224,267 and is projected to increase to 260,129 by 2015. This is a 41.7% change from the 2000 census. The 2010 median income per household in Statesboro was \$24,638 and the per capita income was \$16,154. The unemployment rate for March 2011 for Statesboro was 12.9%, which

is higher than the rate for the State of Georgia. The rate for this same period last year was 11.3%. The March 2011 unemployment rate for Bulloch County was 10.1%.

Situated in the southeastern corner of the state, Statesboro is located 194 miles east of Atlanta, 76 miles from Augusta, 55 miles west of Savannah, 144 miles from Charleston, SC. and 168 miles from Jacksonville, Fla. It is located 15 miles from Interstate 16, and is on US Highways 301, 80, and 25, and State Routes 73, 46, 67, and 24. Statesboro is included on the southern leg of the Savannah River Parkway, which is a four-lane connector between Savannah and Augusta

The City of Statesboro is approximately 14.41 square miles in area with an average elevation of 240 feet above sea level, the terrain being mostly flat. The climate is seasonal, but moderate, with mild winters and warm, humid summers. The average high temperature in January is 58 degrees and 91 degrees in July. The average annual rainfall is 47.0” and the relative humidity is 53% in January and 75% in July.

Statesboro is a regional trade center for commerce, education and health care. The City has a highly diversified economy with several major industries located in the area and is a regional shopping center and health care provider for 8 surrounding Georgia counties (Effingham, Screven, Jenkins, Emanuel, Candler, Evans, Tattnall, and Toombs). Approximately 28.1% of the Bulloch County labor force is employed by the government sector including the City’s largest employer, Georgia Southern University. Major private sector employers in the City include East Georgia Regional Medical Center, Wal-Mart SuperCenter, and Lowe’s Home Center.

There are two institutions of higher learning in the greater Statesboro area: Georgia Southern University located within the city limits of the City of Statesboro and Ogeechee Technical College located just outside the City on Highway 301 South. Accredited by the Southern Association of Colleges and Schools and Georgia’s largest and most comprehensive center of higher education south of Atlanta, Georgia Southern offers undergraduate and graduate

degree programs through the doctoral level in more than 114 majors in its eight Colleges. The University's 19,691 students come from all 50 states and 90 countries.

Ogeechee Technical College offers 125 programs of study including 36 diploma programs and 70 certificate programs as well as 19 Associate degrees in conjunction with Georgia Southern University and East Georgia College. There are 15 public schools, 3 private and parochial schools and one charter school in Bulloch County that educate the area's 9,476 students. A total of 614 seniors graduated from these schools in 2010.

Statesboro is a leader in health care in southeast Georgia with East Georgia Regional Medical Center located within the city limits employing more than 730 employees and 94 physicians representing a wide range of specialties. East Georgia is a 150-bed, \$60 million hospital featuring a Women's Pavilion and an adjacent professional office building. The hospital is accredited by the Joint Commission on Accreditation of Healthcare Organizations, a distinction that is awarded only to those healthcare facilities that maintain the highest standards of quality. East Georgia Regional Medical Center offers a 24-hour physician-staffed emergency department, a Level II neonatal center, outpatient services including same day surgery and ambulatory care, a pain center, a cardiac catheterization lab, and state-of-the-art diagnostic procedures including MRI and CT.

Recreational opportunities that enhance the quality of life for our citizens are plentiful in Statesboro. The Willie McTell Trail is a linear park that provides a pedestrian walk and bicycle path for local cycle enthusiasts from the Georgia Southern University campus to downtown Statesboro. Bulloch County has received grant funding to provide a greenway trail and bike path from the City of Statesboro to nearby Brooklet, Georgia. Also located in Statesboro is Bulloch County's family water park and aquatics center, "Splash in the Boro." With the completion of two new hotels in 2008, twenty one hotels, motels and Bed & Breakfast Inns with 1089 rooms are located in the greater Statesboro area.

Statesboro's residents and visitors alike enjoy cultural and performing arts in the David H. Averitt Center for the Arts located on East Main Street. Restoration of the Old Bank of Statesboro, originally built in 1911, as a venue for community arts, activities and performances was funded primarily by SPLOST in the amount of \$4.3 million and has played a key role in the

revitalization of downtown. The Averitt Center, home of the Emma Kelly Theater, is operated by the Statesboro Arts Council and is a vibrant centerpiece in the City's historic downtown.

A \$530,000 Transportation Enhancement Grant (TE-21) was awarded to the City in 2005 by the Georgia Department of Transportation to improve sidewalks and curb and gutter, and to provide for landscaping and the installation of decorative benches and lighting in the downtown area on East Main Street. An additional \$300,000 has been approved to fund the West Main phase of the project. The East Main Street phase of the project was completed in the fall of 2010. The 2006 completion of a new parking lot on West Main Street near the Post Office has spurred renovation of old facilities and is playing a major role in revitalization of the west end of downtown.

Statesboro is served by Ogeechee Railway Company and numerous common freight carriers. The City and Bulloch County jointly own the Statesboro Municipal Airport which is located approximately 30 minutes from Interstate 16, and 45 minutes from the Savannah International Airport, which is serviced by 7 major airlines. Statesboro is located approximately fifty miles from the Savannah ports while Bulloch County is equal distance between the ports of Charleston, Beaufort, Brunswick, and Jacksonville, giving several options on ports and sailing frequency.

In Statesboro there are 6 local radio stations, WHKN, WMCD, WPMX, WPTB, WWNS, and WVGS, and one daily newspaper, the *Statesboro Herald*. In addition, the *Savannah Morning News* reports on the news in Statesboro. Statesboro is covered locally by Northland Cable TV located within the city limits. The City of Statesboro, Georgia, Georgia Southern University, and Northland Cable have partnered to provide the community with a local government access channel, channel 97. Three television stations in Savannah also cover Statesboro regularly: WTOG (CBS), WJCL (ABC), and WSAV (NBC).

The City has 119 miles of roads of which 118 are paved and 15 traffic signals. Natural Gas is sold to 3,484 customers while water and sewer service is provided by the City to over 13,000 customers with an average daily water consumption of 2.79 million gallons. Statesboro has 184 miles of sanitary sewer and 216 miles of water mains with 1,487 fire hydrants. The City maintains a class 3 ISO rating with 2 fire stations.

Utilities are provided by the following within the City:

City of Statesboro	Water & Sewer, Sanitation and Natural Gas
Excelsior Electric	Electricity
Georgia Power	Electricity
Frontier Communications	Telecommunications
Bulloch Rural Telephone	Telecommunications
Northland Communications	Telecommunications

The City operates under the Council-Manager form of government, established by a 1999 Charter amendment. The Mayor is elected at large while the five council members are elected by district. All elections are non-partisan, and the terms are for four years, with half of the members elected every two years. The City Council appoints the City Manager to head the administrative functions of city government. As authorized by its Charter and Code, the services

provided by the City are General Government (Administration, Human Resources, Finance, Planning and Engineering), Judicial (Municipal Court), Public Safety (Police and Fire), and Public Works (Streets, Sanitation, Water and Sewer and Gas).

***City Boards, Commissions, and Authorities*****DOWNTOWN STATESBORO DEVELOPMENT AUTHORITY**

The Downtown Statesboro Development Authority (DSDA), established in 1981, consists of 9 members, 8 of whom are appointed by the members of the authority to represent the owners of either real property or business establishments. The City Council appoints the remaining one member. The DSDA is empowered with the authority to acquire, improve, sell, lease, and/or mortgage property for the development and improvement of property in the Downtown Statesboro Development Authority District.

**STATESBORO ARTS COUNCIL, INC.**

The Statesboro Arts Council, Inc. was established August 15, 2000. The Council consists of 15 members who serve 3 year staggered terms. The Council is empowered with the duties and responsibilities to establish rules and regulations for arts facilities and to create policies to govern the management and conduct of funds, personnel, and property of the corporation. The Arts Council is directly responsible for the operations of the *David H. Averitt Center for the Arts*.

**STATESBORO BEAUTIFICATION COMMISSION**

The Statesboro Beautification Commission was established May 1, 1973. It consists of a Chairman and no more than 10 members appointed by the Mayor and City Council, and four ex-officio members: one member appointed from the County Commissioners, one member from the Board of Education, one member from the City Council, and one member appointed by the President of Georgia Southern University. The members serve staggered 5 year terms. The powers and duties of the Commission are to establish and maintain parks and trees in order to beautify the City of Statesboro.

**STATESBORO PLANNING COMMISSION**

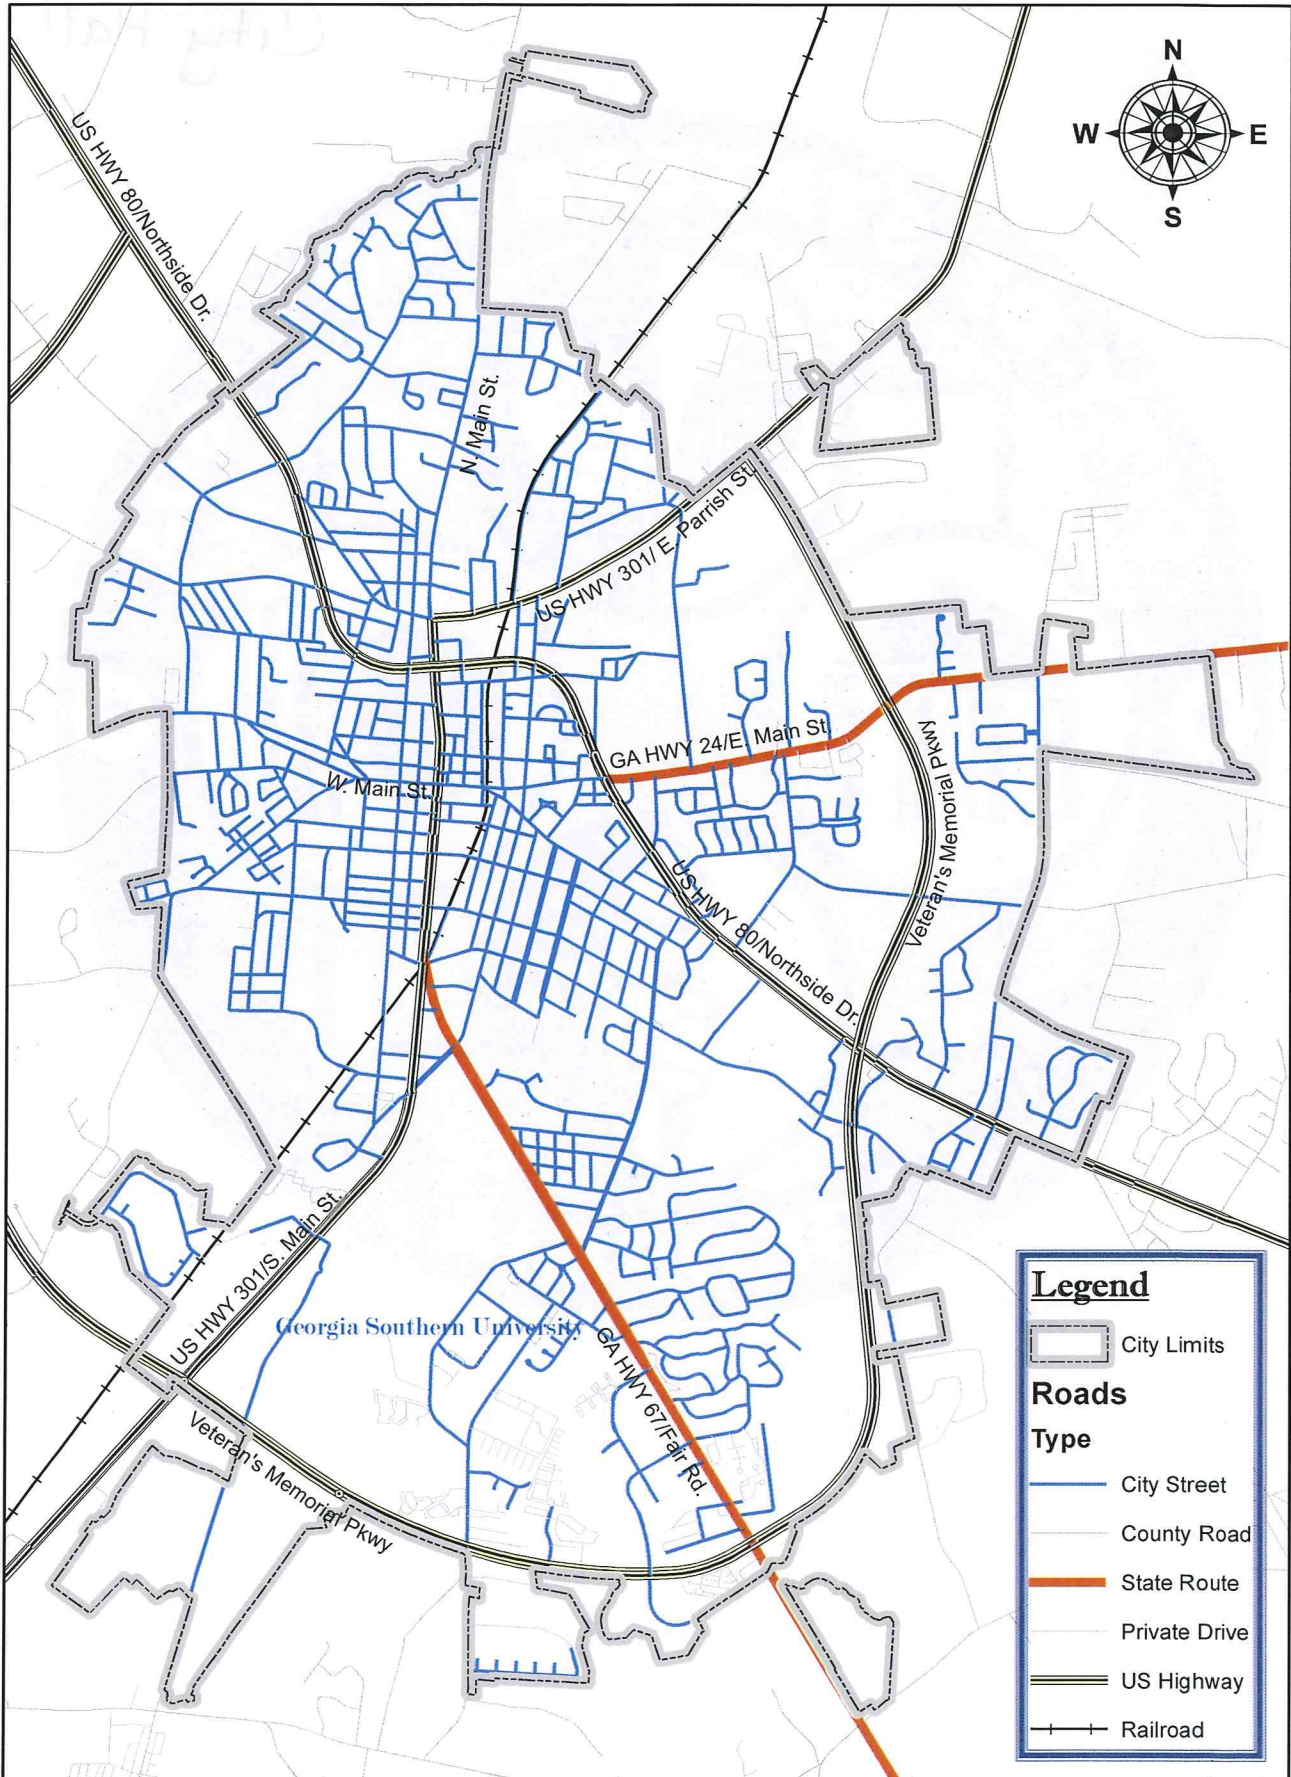

The Statesboro Planning Commission is an advisory board which was originally established in February 1977. Effective June 22, 2010, the Statesboro Planning Commission was reconstituted, and consists of five (5) members who are appointed by the Mayor and City Council, and are city residents and subject to other minimum qualifications for service. The Commission is vested with the duties to hear and make recommendations to the Mayor and City Council on zoning, subdivision, and affiliated land development regulations; to make recommendations on city planning documents and amendments to land development ordinances; to initiate and prepare studies related to development topics; and, other similar duties as assigned by the Mayor and City Council.

**STATESBORO TREE BOARD**

The Statesboro Tree Board was established on January 15, 1991. The Board consists of 9 members appointed by the Mayor and City Council to serve a staggered three (3) year term, with a maximum of two consecutive terms totaling six (6) years. These members are appointed with consideration for their personal expertise in all the areas of horticulture and preservation of our environment. The Board is responsible for hearing requests for variances for special use permits in the enforcement of the City of Statesboro Tree Ordinance.

## READER'S GUIDE TO THE BUDGET

One of the primary goals in formatting this Budget has been to make it user-friendly. Government budgets by definition are confusing documents, particularly for the first-time reader. Generally Accepted Accounting Principles (GAAP) for governments requires the use of multiple funds, grouped into seven categories. To further complicate it, some of those fund categories are budgeted and accounted for using the modified accrual basis of accounting, and some the accrual basis of accounting. Most citizens are accustomed to private sector accounting, where a business has one balance sheet and one income statement, both kept on the accrual basis of accounting. Therefore, it is strongly recommended that you take a few moments to review this Reader's Guide before reading the Budget. It should help you understand the framework of the City's fund structure and accounting system.

The City of Statesboro will operate with eighteen separate funds this year, which makes municipal budgeting and accounting considerably different from that in the private sector. Although the City may in most cases legally transfer money from one fund to another, each fund is a separate accounting entity with assets, liabilities, equity, revenues, and expenditures (expenses). Consequently, there will be eighteen separate balance sheets and income statements. The funds fall into five different categories, or types of funds, as required by Generally Accepted Accounting Principles for governmental entities. The funds by fund type that will be used in the fiscal year are as follows, and are summarized in the chart on the next page:

### (1) Governmental Funds

**General Fund** – This is the principal fund of the city and is used to account for all activities of the City not included in other specified funds. The General Fund accounts for the normal recurring activities of the City (i.e., public safety, general government, engineering, community development, finance, and public works).

**Special Revenue Funds** – Funds used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes. Included in the Special Revenue Funds are the Confiscated Assets Fund, Community Development Housing Trust Fund, US Department of Justice Grant Fund, , Multiple Grant Fund, Statesboro Fire Service Fund, Hotel-Motel Tax Fund and the Technology Fee Fund. The Narrative Section at the front of each Fund explains in detail the purpose of that fund.

**Capital Project Funds** – Funds used to account for financial resources segregated for the acquisition or construction of major capital facilities other than those financed by enterprise operations. The City's Capital Project Funds include the 2007 SPLOST Fund, and the Capital

Improvements Program Fund. Again, the Narrative Section at the front of each Fund explains in detail the purpose of that fund.

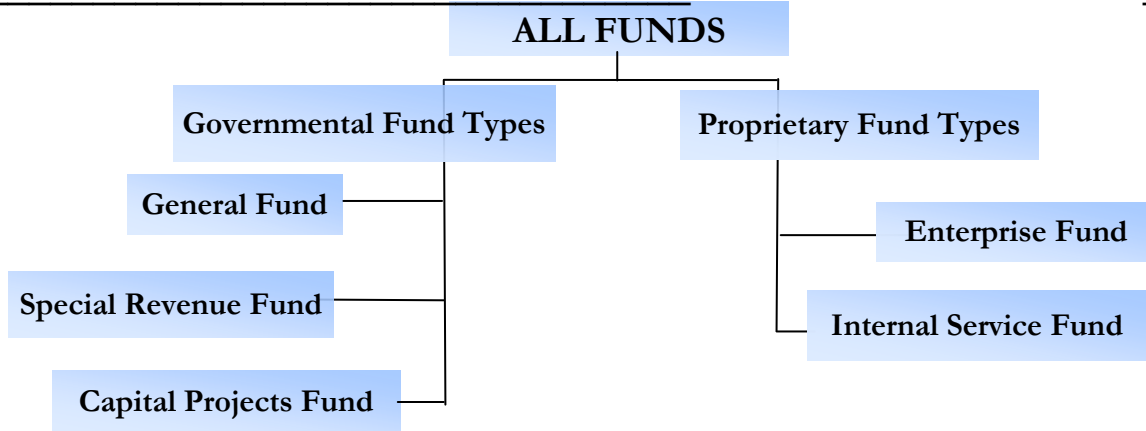

(2) Proprietary Funds

**Enterprise Funds** – Funds used to account for operations that are financed and operated in a manner similar to private business enterprises - - where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has five Enterprise Funds: the Water and Sewer Fund, Reclaimed Water Fund, Natural Gas Fund, Solid Waste Collection Fund, and the Solid Waste Disposal Fund. Again, the Narrative Section at the front of each Fund explains in detail the purpose of that fund.

**Internal Service Funds** – Funds used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to the other government units, on a cost reimbursement (internal fees and charges) basis. The City has three Internal Service Funds: the Health Insurance Fund; Worker’s Compensation Fund and the Fleet Management Fund. Again, the Narrative Section at the front of each Fund explains in detail the purpose of that fund.

Please note that the second column of the funds chart shows two different accounting bases: accrual and modified accrual. Accrual accounting is similar to private sector accounting, in that revenues are accrued when earned, and expenses are accrued when the financial transaction takes place. Proprietary Funds and Fiduciary Funds are accounted for on this basis, as they are operated very similarly to private businesses. In the Budget, these types of funds have a Budgeted Income Statement and a Budgeted Cash Flow Statement. Any major capital expenses for these funds are budgeted in the Budgeted Cash Flow Statement, except for those receiving SPLOST funds. In that case, some projects may also be funded in the 2007 SPLOST Fund.

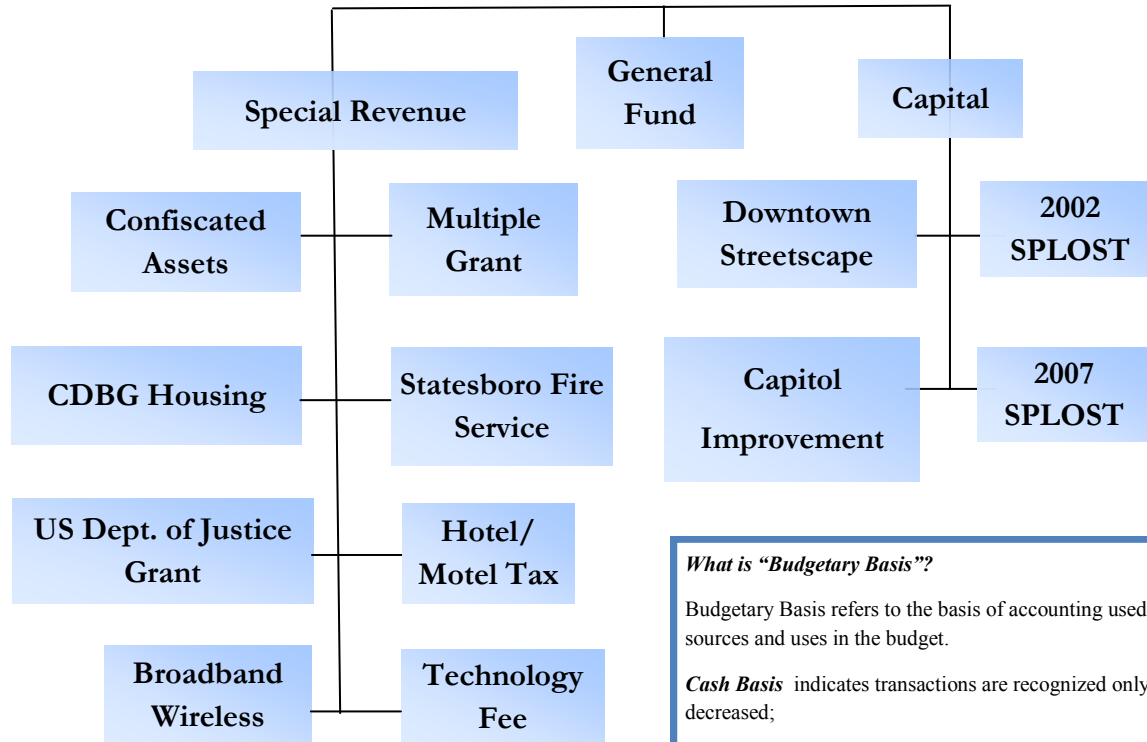

All Governmental Funds are accounted for using the modified accrual basis. Revenues are recognized in the accounting period in which they became available and measurable. The expenditures are recognized in the account period in which the fund liability is incurred. These funds reflect only available resources. In addition, this Budget shows all the major capital expenditures for these types of funds in the Capital Improvements Program Fund, or another capital projects fund. Major capital expenditures are defined as capital assets costing at least \$5,000 and having a useful life of at least two years. This includes not only land, buildings, and infrastructure, but also vehicles and equipment.

**NOTES:** Modified                      Budgeted on the Modified Accrual Basis of Accounting.  
 Accrual                                Budgeted on the Accrual Basis of Accounting.

**MODIFIED ACCRUAL BASIS OF BUDGETING**

*What is "Budgetary Basis"?*

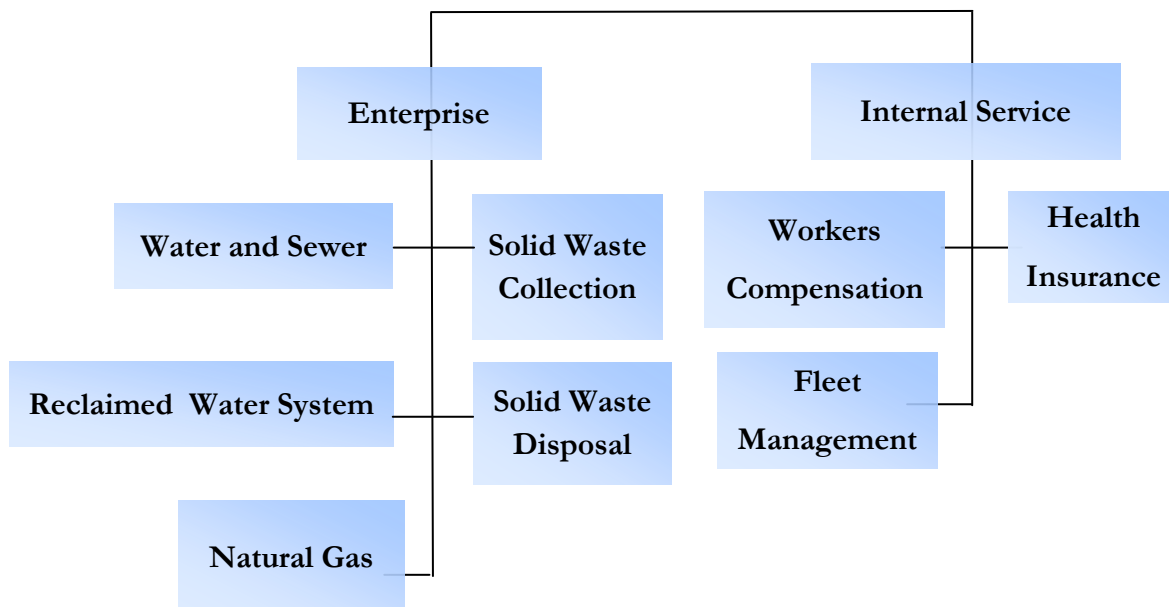

Budgetary Basis refers to the basis of accounting used to estimate financing sources and uses in the budget.

*Cash Basis* indicates transactions are recognized only when cash is increased or decreased;

*Accrual Basis* indicates revenues are recorded when they are earned (whether or not cash is received at the time) and expenditures are recorded when goods and services are received (whether cash disbursements are made at the time or not);

*Modified Accrual* is the method under which revenues and other financial resource increments are recognized when they become susceptible to accrual; that is, when they become both "measurable" and "available to finance expenditures of the current period." "Available" means collectible in the current period or soon enough thereafter to be used to pay the liabilities of the current period.

**ACCRUAL BASIS OF BUDGETING**

The eighteen funds are serviced by fourteen bank accounts, seven of which are major accounts, and seven of which are minor. The minor accounts have little activity, but are required due to bond indentures, grant requirements, or some other legal or operational requirement. The City received bids on its banking services in March, 2008, for a three-year term beginning July 1st. This arrangement eliminated normal bank fees and service charges, provided the City an investment rate of interest tied to the Targeted Federal Funds Rate on all overnight deposits (currently .18%), and provided free check printing for all funds. The chart on the following page shows which bank accounts service each of the proposed funds.

Following this Reader's Guide to the Budget is the City Manager's Budget Message. This message includes a listing of the assumptions used in developing the Budget. It also includes a discussion of the major issues requiring financing that the Mayor and City Council confront, and how this Budget proposes to address them.

The next section, Summary Budget of All Funds, is a multi-sheet spreadsheet, which summarizes all funds of the City of Statesboro, and the projected fund balances or working capital, depending on the basis of accounting used. This summary includes all revenues and transfers into a fund, and all expenditures (expenses) and transfers out of a fund. It also shows the other sources and uses of cash in those funds using full accrual accounting. *In short, it is the entire budget in a condensed format.* This section also contains the Resolution necessary to adopt the Budget. Should the Mayor and City Council wish to change any aspect of the proposed Budget contained herein, they would simply adopt this Resolution subject to those specific changes.

The next section contains the Resolution Adopting the Financial Policies, which directs the financial operations of the City. These policies are reviewed each year to determine if any changes need to be made.

The next section contains a List of Authorized Personnel Positions funded by this Budget. This lists the budgeted positions within each department and division of the City. This assures that only this number of personnel can be employed unless changed by the City Council during the fiscal year.

The next section contains the Proposed Position Classification and Compensation (Pay) Plan. The Plan was updated by the Vinson Institute of Government at the University of Georgia for FY 2007. It had been six years since the last update to the Plan. In the years between Plan updates, salaries and wages are adjusted by a cost of living adjustment to offset inflation. There are four schedules: 1) for 40-hour per week hourly employees, 2) for salaried employees, 3) for firefighters on the "24 hours on/ 48 hours off" schedule, and 4) for non-salaried police officers who work a 43-hour per week schedule.

Following that are sections for each one of the eighteen funds.

After all funds are presented, there are two remaining sections. They provide the following information:

1) The Existing Debt Service Schedule for All Funds. The City must repay the debt for the City Hall purchase and renovation; the debt for the natural gas line extensions to the City of Metter; and several GEFA loans and the 2010 Refunding and Improvement Revenue Bonds for the water and sewer system. That is the extent of the City's indebtedness. These schedules show the amount of principal and interest due in each of the fiscal years until fully repaid for each individual debt instrument.

2) A Glossary of Terms used in governmental budgeting and accounting to assist the first-time reader. It should help clarify new terms that may not be familiar to the reader.

June 1, 2011

The Honorable Mayor and City Council  
City of Statesboro  
PO Box 348  
Statesboro, Georgia 30459

Re: City Manager's Budget Message and Transmittal of the Proposed Budget for FY 2012

Gentlemen:

Transmitted herewith for your consideration is the City of Statesboro's proposed budget for the fiscal year 2012 (FY 2012). We express appreciation to all City departments who contributed to the formulation of this budget. As a result of these efforts we present to you a balanced budget that meets all administrative and legal requirements. Our objective in the preparation of this budget was to meet the priorities established by the Mayor and City Council for the coming fiscal year and to continue to provide the highest quality of services to our citizens in a fiscally responsive manner.

The annual Budget is one of the most important policy decisions that you as the elected officials of this City make each year. The Budget determines the staffing level of each service, the equipment and supplies, the priorities for service the City can afford to provide, and which major capital projects will be funded. Therefore, the Budget is an important planning tool for municipal government. It also serves as an accounting tool, because it assures that the limits set by appropriations cannot be exceeded under State statute. Finally, the Budget serves as a management tool in assisting your management staff to compare costs of alternative methods of providing City services, and to analyze the proper mix and level of revenue sources.

The FY 2012 City of Statesboro budget for all appropriated funds totals \$48,602,178 (this number includes transfers between funds) which is an increase of \$4,031,436 from the FY 2011 budget. This increase is mainly due to capital expenditures in the 2007 Special Purpose Local Option Sales Tax Fund (SPLOST). The City has budgeted \$6,483,228 for capital projects in the 2007 SPLOST Fund in FY 2012. The City started receiving its portion of the 2007 SPLOST money in the spring of 2010. The intergovernmental agreement with the county stated that the City would not start receiving money for capital projects until the addition to the Bulloch County Jail was completed.

The General Fund budget for FY 2012 is \$13,231,504 or 27.22% of the total expenditures budget, which is a decrease of \$207,521 from the FY 2011 Budget and an increase to Fund Balance of \$19,977. The slight increase is due to an increase in the Building Permits as the City is starting to see a small growth in the building industry, and a reduction in Salaries and Benefits due to the elimination of jobs through attrition or vacant positions, as well as the consolidation of job duties. The Statesboro Fire Service Fund budget for FY 2012 is \$2,548,558, or 5.2% of the total expenditures budget, and is budgeted to use \$235,858 of fund balance. The use of fund balance is due to increased capital outlay. The Water and Sewer Fund FY 2012 budget is \$8,943,724 or 18.4% of the total expenditures budget. This is an increase over the FY 2011 budget of \$8,475,998. The two primary reasons for the increase are the moving of the Customer Service Department to this fund and an increase in debt service payments with the issuance of new Water and Sewer Revenue Bonds. Even with these increased expenses, the Water and Sewer Fund is budgeted to increase its retained earnings by \$1,726,857. The FY 2012 Natural Gas Fund budget is \$5,643,413 or 11.6% of the total expenditures budget and is scheduled to use \$131,584 of retained earnings, due to a decrease in revenues. The Solid Waste Collection Fund FY 2012 budget is \$2,713,194 or 5.6% of the total expenditures budget and is budgeted to increase retained earnings by \$224,921. The increase is due to an increase in revenues. in from The budget for the Solid Waste Disposal Fund for FY 2012 is \$3,223,159 or 6.6% of the total expenditures budget, and is scheduled to increase retained earnings by \$64,841. The increase is from a transfer in from the 2007 SPLOST Fund.

**Budget Assumptions:**

In preparing this Budget and the six-year Capital Improvements Program (CIP), your staff has used several assumptions that are critical in computing anticipated revenues and expenditures (expenses). Any budget and six-year capital plan by definition is a planning document and not every issue will have been determined prior to its preparation and adoption. Therefore, it is necessary to base the budget on certain assumptions. If changing circumstances affect those assumptions, the budget can be adjusted accordingly.

These major assumptions are as follows:

- Assumes that there will be no ad valorem (property) tax increase. Assumes 4% decrease in the tax digest.
- Assumes an increase of approximately 6% for residential customers and 10% for commercial garbage collection fees, to offset the effects of nine years of inflation, coupled with significant price increases in gasoline and diesel over the last four years.
- Assumes an increase of approximately 5% in tippage fees for housing/commercial garbage to offset the rising cost of the hauling contract, which has a fuel adjustment rider and an annual CPI adjustment factor. Also, assumes a 10% increase in tippage fees for yardwaste.
- Assumes no increase in the natural gas rates. Rates were increased by 2% in FY 2009, which was the first increase in 8 years. The actual rates for gas fluctuate monthly

depending upon the underlying wholesale cost of the gas to the City, purchased through MGAG (the Municipal Gas Authority of Georgia). Assumes a normal winter heating load.

- Assumes the Fleet Management Fund labor rates will increase by 10% to \$44.00 an hour for the Enterprise Funds and departments within the General Fund will be charged \$16.50 an hour for labor charges.
- Assumes that the City will make progress towards meeting the fund reserve targets established by the Mayor and City Council in the Financial Policies.
- The Budget will be adopted, and accounted for, using generally accepted accounting principles, with Enterprise and Internal Service Funds budgeted and accounted for using full accrual and accounting similar to private businesses, and all other funds budgeted and accounted for using modified accrual accounting.
- Assumes the economy will continue its recent weakness, with sales taxes, building permits, and business licenses at below-normal levels.
- Assumes that inflation will remain at a moderate to higher level than normal.
- Revenues are projected on a scale of high, medium, and low with budget projections falling within the medium/low range, so that they are reflective of the current economic conditions and do not create overly optimistic projections.
- Assumes that the City will transfer only \$100,000 to the Capital Improvement Program (CIP) Fund this fiscal year from the General Fund.
- Assumes that the City will enter into some annexations in FY 2012 that may require investments by the City in roads, drainage, water, sewer and gas improvements.
- Assumes that Equity Transfers to the General Fund will be as follows:

Natural Gas Fund	\$ 925,000
Water/Wastewater Fund	\$ 713,118
SW Collection Fund	\$ 543,000
SW Disposal Fund	\$ 192,000

TRANSFERS BETWEEN FUNDS					
Transfer In	General	SFD	CIP	SW Disp.	
Transfer Out					TOTALS OUT
General		\$1,360,000	\$ 100,000		\$ 1,460,000
07 SPLOST	\$ -			\$1,167,000	\$ 1,167,000
W and S	\$1,324,000				\$ 1,324,000
Natural Gas	\$ 925,000				\$ 925,000
SW Collection	\$ 543,000				\$ 543,000
SW Disposal	\$ 192,000				\$ 192,000
<b>TOTALS IN</b>	<b>\$2,984,000</b>	<b>\$1,360,000</b>	<b>\$ 100,000</b>	<b>\$1,167,000</b>	<b>\$ 5,611,000</b>

- Assumes that all Proprietary Funds will be self-supporting without assistance from the General Fund. However, the Solid Waste Disposal Fund will not be self-supporting without the 2007 Special Purpose Local Option Sales Taxes (SPLOST) paying for air rights and post-closure expenses, as the current \$36.25 per ton tippage fee does not offset all the costs of the transfer station, hauling contract, disposal contract, and post-closure costs of the Lakeview Landfill site including operation and maintenance of the methane extraction system. Hauling, disposal, and fuel surcharge alone cost us nearly \$38.00 per ton under the contract with Broadhurst Environmental and Rackleff Enterprises, LLC.
- Assumes that Bulloch County will levy a 1.8 mills tax in the Statesboro Fire District, which should generate approximately \$900,000 for funding the County’s portion of the Fire Services Fund.
- Assumes that the City of Statesboro will fund the Fire Service Fund in the amount of \$1,360,000.
- Assumes that the Statesboro Fire Department will be funded entirely by the Statesboro Fire Services Fund, as required by the intergovernmental agreement between the City and Bulloch County.
- Assumes that Workers’ Compensation insurance premiums and expenses will be budgeted in the new Workers Compensation Fund.
- Assumes the elimination of five (5) full-time positions: Chief Finance Officer, Police Captain, Streets Superintendent, Parks and Trees Supervisor and a Planner.
- Assumes the hiring and funding of two full-time positions: Police Major and Streets and Parks Superintendent.
- Assumes the hiring and funding of two part-time positions: Accounting Tech in the General Fund and a Parts Clerk in the Fleet Management Fund.

- Assumes that the City will contract with Main Street (DSDA) to allocate 25% of the Hotel/Motel Tax for promotion and tourism development related to downtown; and with the Statesboro Arts Council to allocate 35% for promotions and tourism development. The Statesboro Convention and Visitors Bureau (SCVB) will receive 40% of the Hotel/Motel Tax for promotion and tourism development. These contracts will be renegotiated in the spring of 2012, as required by state law.
- Assumes that the salary and benefits of both the Executive Director of the Statesboro Arts Council (SAC) and the Executive Director of the Downtown Statesboro Development Authority (DSDA) will be paid from the general fund.
- Assumes that the 2006 Position Classification and Compensation Plan prepared by the Carl Vinson Institute of Government and adopted by City Council will be increased for a Cost of Living Adjustment during FY 2012. With all hourly employees receiving a 2% increase and all salary employees receiving a 1% increase.
- Assumes that for FY 2012 probationary and merit increases will be frozen.
- Assumes that for FY 2012 the vacation “buy back” program will be suspended.
- Assumes that the life insurance will be maintained at one times an employee’s annual salary, capped at \$100,000.
- Assumes that medical insurance premiums will remain the same at 78% employer paid.
- Assumes that the maximum deduction allowed in the Flexible Benefits Plan (or HAS) will remain at \$3,500.

**Major Issues:**

*Background:*

Statesboro has a growing economy influenced by a strong industrial base, a growing regional public university, a regional medical center and increasing medical specialties, and a regional retail base. This diversification continues to help the local economy weather the ongoing recession and sluggish recovery better than the state as a whole. The City of Statesboro and Bulloch County continue to experience some growth in commercial and retail expansion and in residential developments resulting from an increasing population. The growth in population can be primarily attributed to the continued increases in enrollment at Georgia Southern University which is expecting a fall enrollment of 20,000 students and projected to continue adding 600 more students each year.

The School of Information Technology, the Nesmith-Lane Continuing Education Center (which also includes an 850-seat theatre in the Performing Arts Center), a Nursing/Chemistry Facility, the recent renovation of the Henderson Library, the expansion of the Recreation Activity Center (RAC) and the recent groundbreaking of a Biological Sciences Building

combined with the other outstanding amenities and superior educational opportunities make Georgia Southern one of the most attractive universities in the Southeast. While the GSU students can distort per capita income due to relatively low incomes, the economic impact of Georgia Southern on the local economy in Statesboro and Bulloch County exceeds \$130 million annually. Georgia Southern University continues to rank in the top three choices of Georgia students earning the HOPE college scholarship for academic excellence. The dynamic success of Georgia Southern University as a major economic engine in southeast Georgia coupled with the continued growth of Ogeechee Technical College make Statesboro a regional center for higher education and ensures the economic strength and vitality of the community.

With the continued growth of Georgia Southern University and Ogeechee Technical College, expansion of the commercial/retail sector and health care sector, and projected growth in multi-family and single-family housing the economic outlook for Statesboro and Bulloch County in the long term appears to be very optimistic. Factors that should currently be giving all service providers concern are the rising cost of health care, the state of the national economy, particularly in the housing industry, and the volatility of gasoline and diesel fuel prices. However, with our recent investments in water, sewer, natural gas, and roads this community should be poised to capitalize on our investment and to aggressively solicit additional prospects and opportunities in order to ensure our economic vitality. The health care segments of the community also remains strong and as the need for medical services grow; new specialties become available, new physicians are attracted to the area and East Georgia Regional Medical Center continues to expand its services.

The City will continue to focus on maintaining a healthy and expanding economic base supported by sound infrastructure in order to attract and retain quality employers. This expanding economic activity translates into growing needs for quality support services including improved transportation, water and sewer, natural gas, solid waste, and public safety services. To effectively respond to this growth and the increased demand for services the City will have to proactively plan in order to meet the challenges for financing major public works and utilities improvements. The funding initiatives in this proposed Budget attempt to address many of these growth challenges.

*Further Economic Development Initiatives:*

A 2007 SPLOST initiative approved by the voters in July, 2006 will provide the City with an estimated \$21.7 million in funding for capital projects for FY 2009 - FY 2015. During this period the City will continue to invest in infrastructure while funding a scheduled preventative maintenance program for vehicles, facilities and equipment.

In February 2008, the Statesboro Fire Services Fund was established by an agreement between the City of Statesboro and Bulloch County to provide fire services to a fire tax district located outside the City within a five mile radius of either Statesboro fire station. The residents of the fire district pay a fire district tax of 1.8 mills to the County, which remits it to the City. The City's general fund will transfer \$1,360,000 to the Fire Service Fund. In addition to these two revenue sources, the Fire Service Fund also receives a portion of the 2007 SPLOST. The 2007 SPLOST will fund the purchase of Personal Protection Equipment, at an approximate cost

of \$150,000 and will help with the purchase or construction of a fire station that would be on the east side of the City, which has experienced rapid growth over the last few years.

In FY 2010, engineering designs were completed for an Effluent Reuse Line that will provide re-claimed water to customers for the purpose of grounds irrigation. The reclaimed water will be pumped from the effluent of the city's Wastewater Treatment Plant and distributed to the approved end users of Reclaimed water. The first customer will be Georgia Southern University, in an effort to conserve water while reducing cost. The initial capital cost of this project is projected to be \$750,000 and will be funded by Georgia Southern University in exchange for reduced rates for their minimum monthly billing of 250,000 gallons per day.

With each budget cycle the City continues to address the challenge of providing quality services to constituents with increasingly limited resources. The FY 2012 budget links developed organizational goals and objectives with the financial resources available to fund them. To accomplish the vision established by the Mayor and City Council the following goals have been developed for the City for FY 2012.

*Main Goals*

**Goal: To actively engage and maintain transparency with the citizens of Statesboro.**

Objectives:

1. Continue to publish a newsletter mailed with utility bills.
2. Develop additional information inserts to accompany the utility bills as provided by various departments.
3. Develop brochures detailing City services.
4. Post more City information on the website, including press releases and the utilization of other social media outlets for dissemination of information to the public.

**Goal: To provide efficient and effective services that will positively impact the quality of life for residents and business owners.**

Objectives:

1. Publicize through GSU mailings to students and various media for customers the availability of online utility, property tax, and court fine payments.
2. Continue to stress fire prevention through annual inspections of businesses.
3. Continue to stress fire prevention through visits with school children in the public and private schools.
4. Continue to educate the public on the safe use of natural gas.

**Goal: To develop and sustain economic development and investment in the community.**

1. Meet with developers before they begin design so that they are clearly informed of our development guidelines and regulations.
2. Meet with developers and others on rezoning requests and variance requests so that they understand what a compatible use of that property would be.
3. Actively pursue annexation opportunities and creation of new retail and commercial development to enhance the tax base.

**Goal: To be proactive in the planning and development of critical infrastructure necessary for managed growth.**

Objectives:

1. Continue to diligently inspect the installation of all developers' subdivision and commercial infrastructure that will be dedicated to the City for ownership and maintenance.
2. Continue to maintain the major drainage ditches and canals so that the system can convey heavy rains as designed.
3. Identify those areas within the City without natural gas service and provide installation.

**Goal: To work effectively with other local, state and federal agencies to benefit the citizenry.**

Objectives:

1. Identify and publicize the names and locations of known pedophiles within Bulloch County
2. Contest the early parole of known drug dealers at State Parole Board hearings
3. Work with the DEA and the local Drug Task Force to increase the number of convictions and drug seizures by 10%.

*Outside Agencies:*

Three other agencies are affected by this Budget. The City renegotiated its contracts with the Statesboro Convention and Visitors Bureau (SCVB), the MainStreet/DSDA and the Statesboro Arts Council (SAC) to market the area for tourism. The new percentages of the Hotel/Motel Tax provided to each under these one-year contracts are 40% to the SCVB, 25% to the DSDA/MainStreet, and 35% to the SAC.

**Impact of the Capital Improvements on the Operating Budget:**

The capital improvements process begins with all the departments turning in their requests for a six year period. The City Manager and Director of Finance review each project with the departments and discuss the priorities and funding based on revenue and expenditure (expense) projections. At the planning retreat, the capital improvement projects are presented to City Council, who may add, delete or change the list of priorities.

The capital improvements within this Budget proposal have differing affects on the operating side of the Budget. The street projects, for the most part, are realignments or added turning lanes and should not have any impact on the operating budget. The drainage system improvements are replacements of existing infrastructure, so they should not increase operating costs. The sidewalk projects will not require any real maintenance for at least ten years. The replacement sidewalks will reduce the amount of patching required from the operating budget.

The new residential subdivision and commercial development infrastructure (streets, drainage, sidewalks, water lines, sewer lines, and natural gas lines) that is dedicated to the City for ownership and maintenance will increase our operating costs over time. However, they generate tax base and utility revenues to offset these costs. And, if properly constructed and inspected they should not require a lot of maintenance for about a decade.

The water and sewer line projects and the natural gas line projects will, over time, increase the number of miles of line maintained, but initially should require little maintenance. They should also provide the additional customer base to offset these operational costs. Consequently, the utility funds should be able to absorb these operational increases with no difficulty.

The equipment and vehicle purchases are all for routine replacement of older, worn out equipment that have outlived useful life. This will decrease the operating expenses to maintain these capital assets; however, this decrease will likely be offset by the increased cost to insure the newer vehicles and equipment.

### **Debt**

The City of Statesboro's current long-term debt was issued for capital improvement projects that were too extensive to be financed from current revenue sources. The City of Statesboro will not use long-term debt to finance current ongoing operations of the City.

The City of Statesboro is governed by the State of Georgia restrictions on local government debt. The State of Georgia states that "The debt incurred by any county, municipality, or other political subdivision of this state, including debt incurred on behalf of any special district, shall never exceed 10% of the assessed value of all taxable property within such county, municipality, or political subdivision; and no such county, municipality, or other political subdivision shall incur any new debt without the assent of a majority of the qualified voters of such county, municipality, or political subdivision voting in an election held for that purpose as provided by law" (State of Georgia Constitution, Article IX, Section V).

The City of Statesboro's debt limit is \$61,339,100, 10% of the estimated total assessed value of \$613,391,000. The City currently has no general obligation bonds. However, the General Fund has an outstanding capital lease for City Hall in the amount of \$923,500. The Natural Gas Fund has one outstanding loan in the amount of \$311,356. In April 2010, the City issued \$15,040,000 in Water and Sewer Revenue Bonds to repay outstanding Georgia Environmental Facilities Authority Loans (GEFA), to refund an outstanding revenue bond, and to renovate and expand water and sewer lines. The City received an unsecured AA rating on these bonds. In addition to the Water and Sewer Bonds, the City has \$3,269,608 in three remaining GEFA loans.

### **Conclusion:**

The City of Statesboro's FY 2012 operating and capital budgets exceed \$48.6 million (including transfers). This is a result of the needs of a growing City and funding the priorities established by the City Council to respond to those needs. With growth comes increased demand for services and infrastructure. We believe this budget addresses these demands in a fiscally responsive manner.

The FY 2012 budget as presented continues to provide these crucial services to a growing population while maintaining the current millage rate, one of the lowest in the state, at 6.358

mills. The City's primary enterprise funds, Water/Sewer and Natural Gas have operating budgets of \$8,943,724 and \$5,643,413 respectively. Our Capital Improvements Program presents a 6 year plan for the acquisition, expansion and maintenance of the City's major assets totaling \$45.19 million. In the preparation of this budget every effort has been made to continue to improve service levels, maintain a stable rate of taxation and improve the financial integrity of the City.

We would like to express appreciation to the department heads and their staffs for their participation and cooperation in preparing the FY 2012 Budget and Capital Improvements Plan. Every department made efforts to cut expenditures while pledging to continue to maintain exceptionally high levels of service to our citizens. I would also like to thank the Director of Finance, Cindy West, and members of the Finance Department for the numerous hours of staff time that have gone into the preparation of this budget. Each of these employees is to be commended for their work. The preparation of this year's Operating Budget and CIP was truly a team effort. Finally, we would like to say thank you to the Mayor and City Council for your input and support during this budget process.

Copies of the proposed Budget and Capital Improvements Program will be on file in the Director of Finance's Office beginning on June 1, 2011. The public hearing on the Budget is scheduled for June 14, 2011. Adoption of the Budget Resolution will be placed on the June 21, 2011 City Council agenda for consideration with an effective date of July 1, 2011, subject to any changes that the Mayor and City Council might make in its adoption.

Please let us know if we can provide any further information as you review this proposed Operating Budget and Capital Improvements Program.

Respectfully submitted,

Frank C. Parker, III  
City Manager

Cindy S. West  
Director of Finance

## **City of Statesboro Summary of All Funds**

This section consists of a consolidated summary of all funds used to provide city services. The revenue sources and expenditures of the City of Statesboro may be more easily understood by reviewing the pie charts on the next pages. Also included in this section are three-year budget spreadsheets (FY 2010 actual, FY 2011 budgeted and FY 2012 adopted budgets) for each of the fund categories.

Please see the individual tabs for detailed budget information and the services provided by the various funds.

**SUMMARY OF ALL FUNDS  
REVENUES BY SOURCE**

	Governmental Funds	Proprietary Funds	Total All Funds
Taxes	\$ 8,227,646	\$ -	\$ 8,227,646
<i>(Property Taxes; Motor Vehicle; Franchise Taxes; Beer, Wine &amp; Liquor; Insurance Premium Taxes)</i>			
Licenses and Permits	\$ 942,235	\$ -	\$ 942,235
<i>(Alcoholic Beverage; Business Licenses; Bank Licenses; Building Permits; Inspection Fees; Sign Permits)</i>			
Intergovernmental Receivables	\$ 5,876,157	\$ -	\$ 5,876,157
<i>(Grants; SPLOST funds)</i>			
Charges for Services	\$ 2,041,982	\$ 23,144,843	\$ 25,186,825
<i>(Court Costs; Water and Sewer Charges; Solid Waste Collection Fees; Solid Waste Disposal Tipping Fees; Fleet Charges)</i>			
Fines and Forfeitures	\$ 1,387,000	\$ -	\$ 1,387,000
<i>(Municipal Court fines; State and Federal Confiscated Funds)</i>			
Interest Revenue	\$ 900	\$ 26,750	\$ 27,650
<i>(Interest Earned)</i>			
Contributions and Donations	\$ 3,200	\$ -	\$ 3,200
<i>(Contributions and Donations from Private Sources)</i>			
Miscellaneous Revenue	\$ 20,400	\$ 456,174	\$ 476,574
<i>(Rents and Royalties; Reimbursement from Damaged Property; Other (sale of pipe, scrap, concession revenue, sale of signs and posts) )</i>			
Other Financing Sources	\$ 3,933,118	\$ 3,381,000	\$ 7,314,118
<i>(Transfers in from Other Funds ; Sale of Assets; Sale of Land)</i>			
<b>TOTAL</b>	<b>\$ 22,432,638</b>	<b>\$ 27,008,767</b>	<b>\$ 49,441,405</b>

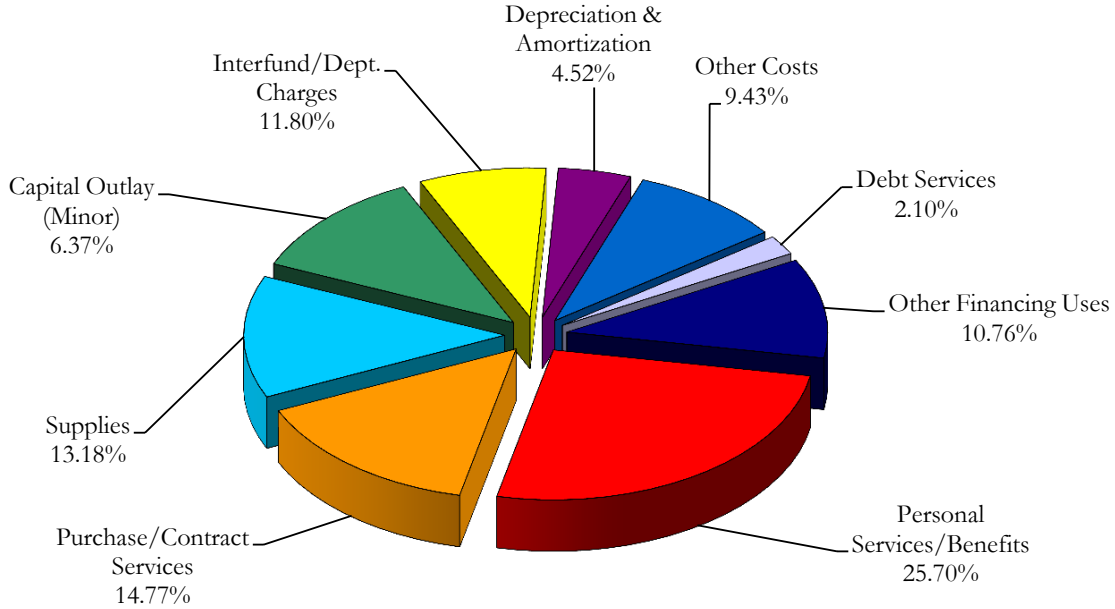

**DESCRIPTION OF THE TOP 3 MAJOR REVENUE SOURCES**

Charges for Services, fees collected for services provided, make up \$25,186,825, or 50.94%, of total revenues for the City of Statesboro. The General Fund charges for services include court costs, indirect cost allocation from the water and sewer fund, background check fees and cemetery fees and several other revenue line items. The City has five Enterprise Funds that charge for services. These charges are water and sewer sales, reclaimed water sales, natural gas sales, refuse collections fees and refuse disposal fees.

Taxes make up \$8,227,646, or 16.64%, of total revenues. Included in the taxes category are property taxes - ad valorem taxes levied on as assessed valuation of real and/or personal property; franchise fees – taxes imposed on the privilege of using public property for private purposes; alcohol taxes – levied on the distribution of distilled spirits, malt beverages, and wine; and insurance premium taxes – based on the gross direct premiums collected by all insurance companies doing business in the state.

Other financing sources make up \$7,314,118, or 14.79%, of total revenue. The categories that make up other financing sources are operating transfers in – financial inflows from other funds of the government reporting entity; and sale of assets – the proceeds from the sale of fixed assets and other assets below the government’s asset threshold.

**SUMMARY OF ALL FUNDS  
EXPENDITURES AND EXPENSES BY USE**

	Governmental Funds	Proprietary Funds	Total All Funds
Personal Services/Benefits	\$ 8,303,214	\$ 4,186,639	\$ 12,489,853
<i>(Salaries; FICA; Retirement; Worker's Comp; Drug Screening)</i>			
Purchase/Contract Services	\$ 1,727,683	\$ 5,448,659	\$ 7,176,342
<i>(Legal Fees; Engineering Fees; Repair &amp; Maintenance of Vehicles, Equipment, Buildings/Grounds; Rentals; Insurance (other than benefits); Telephone/Cell Phones; Postage; Advertising; Printing &amp; Binding; Travel &amp; Education; Dues &amp; Fees; Contract Labor)</i>			
Supplies	\$ 1,370,550	\$ 5,036,897	\$ 6,407,447

**RESOLUTION 2011-17: A RESOLUTION TO ADOPT THE FISCAL YEAR 2012 BUDGET FOR EACH FUND OF THE CITY OF STATESBORO, GEORGIA, APPROPRIATING THE AMOUNTS SHOWN IN EACH BUDGET AS EXPENDITURES/EXPENSES, ADOPTING THE SEVERAL ITEMS OF REVENUE ANTICIPATIONS, AND PROHIBITING EXPENDITURES OR EXPENSES FROM EXCEEDING THE ACTUAL FUNDING AVAILABLE FOR APPROPRIATION**

WHEREAS, sound governmental operations require a Budget in order to plan the financing of services for the residents of the City of Statesboro; and

WHEREAS, Title 36, Chapter 81, Article 1 of the Official Code of Georgia Annotated (OCGA) requires a balanced Budget for the City's fiscal year, which runs from July 1st to June 30th of each year; and

WHEREAS, the Mayor and City Council have reviewed the proposed FY 2012 Budget as presented by the City Manager and Director of Finance; and

WHEREAS, each of these funds is a balanced budget, so that anticipated revenues and other financial resources for each fund equal the proposed expenditures or expenses; and

WHEREAS, the Mayor and City Council wish to adopt this proposal as the Fiscal Year 2012 Annual Budget;

NOW THEREFORE, BE IT RESOLVED by the Mayor and City Council of the City of Statesboro, Georgia as follows:

Section 1. The proposed Fiscal Year 2012 Budget, attached hereto and incorporated herein as a part of this Resolution, is hereby adopted as the Budget for the City of Statesboro, Georgia for Fiscal Year 2012, which begins July 1, 2011 and ends June 30, 2012.

Section 2. The several items of revenues, other financial resources, and sources of cash shown in the budget for each fund in the amounts shown anticipated are hereby adopted, and that the several amounts shown in the budget for each fund as proposed expenditures or expenses, and uses of cash are hereby appropriated to the departments named in each fund.

Section 3. The "legal level of control" as defined in OCGA 36-81-2 is set at the departmental level, meaning that the City Manager in his capacity as Budget Officer is authorized to move appropriations from one line item to another within a department, but under no circumstances may expenditures or expenses exceed the amount appropriated for a department without a further Budget amendment approved by the Mayor and City Council.

Section 4. All appropriations shall lapse at the end of the fiscal year.

Section 5. The Authorized Personnel by department and division shown in this Budget are hereby formally adopted as the number of authorized positions within each department and division, until and unless amended by resolution of the Mayor and City Council.

Section 6. The Proposed Pay Plan for FY 2012 shown in this Budget, as amended, is hereby formally adopted as the City's Pay Plan effective on July 1, 2011, unless further amended by resolution of the Mayor and City Council.

Section 7. The proposed Capital Improvements Program presented is hereby adopted as the City of Statesboro's Capital Improvements Program for FY 2012-FY 2017. This Program is hereby adopted as the City's long-term financial plan unless further amended by resolution of the Mayor and City Council.

Section 8. This Resolution shall be and remain in full force and effect from and after its date of adoption.

Adopted this 21<sup>st</sup> day of June, 2011.

CITY OF STATESBORO, GEORGIA

  
By: Joe R. Brannen, Mayor

  
Attest: Sue Starling, City Clerk

**Resolution 2010-53: A RESOLUTION ADOPTING FINANCIAL POLICIES FOR  
THE CITY OF STATESBORO, GEORGIA**

THAT WHEREAS, the City of Statesboro has developed a number of financial policies which guide the preparation and administration of the budgeting, accounting, investment, risk management, debt, auditing, and financial reporting functions of city government; and

WHEREAS, the Mayor and City Council have reviewed the Financial Policies proposed by the City Manager, and desire to adopt those policies;

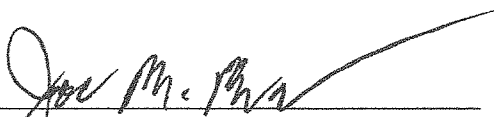

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of Statesboro, Georgia in regular session assembled this 15th day of June, 2010 that the financial policies included on the attached pages are hereby adopted as the Financial Policies for the City of Statesboro.

BE IT FURTHER RESOLVED that the City Manager is hereby directed to develop the annual proposed Budget and Capital Improvements Program, and to administer them in conformance with these policies.

This Resolution shall be effective from and after its date of adoption.

Adopted this 15th day of June, 2010.

CITY OF STATESBORO, GEORGIA

  
By: Joe R. Brannen, Mayor

  
Attest: Sue Starling, City Clerk

***Financial Policies and Budget Preparation***

The City Council has adopted policies in all areas of financial management, which guide the preparation, adoption, amendment, and administration of the Operating Budget, the Capital Budget, and the Capital Improvements Plan. Below is a listing of those policies in the areas of:

- Operating Budget Policies
- Capital Budget Policies
- Revenue Policies
- Expenditure Policies
- Reserve Policies
- Cash Management and Investment Policies
- Risk Management Policies
- Debt Policies
- Accounting, Auditing, and Financial Reporting Policies
- The Budget Process
- Budget Amendment Policy

***Operating Budget Policies***

The City Council shall hold an annual Planning Session each spring in order to establish priorities for funding in the next fiscal year; and discuss long-range planning of major capital improvements.

The City shall adopt a balanced budget (planned revenues available equal planned expenditures) annually; and any subsequent amendment must identify the revenues or other financing sources necessary to maintain said balance.

The City will not appropriate fund balance or retained earnings in any fund that would hinder meeting the reserve targets established herein. Once those targets are met in a particular fund, any amount over the target may be appropriated either for capital improvements or unexpected operating expenses.

The City will pay competitive wages and fringe benefits in order to attract and retain quality personnel.

All Enterprise Funds and Internal Service Funds shall be self-supporting from their fees and charges, without any subsidy from the General Fund. Transfers to the General Fund from the Enterprise Funds shall be made only after sufficient net income is retained to cover debt service and capital improvements essential to properly maintain and expand these utility services.

The Solid Waste Collection Fund and the Solid Waste Disposal Fund should reflect the true costs to provide residential and commercial garbage collection, disposal and recycling; brush collection and disposal; bulk (white goods) collection and disposal; and leaf collection and disposal. The City Council shall evaluate annually the extent to which each service is supported by service charges rather than a subsidy from the General Fund.

The City shall aggressively pursue improvements in technology and work methods that will improve service levels and/or reduce operating costs.

The City shall use one-time revenues only for capital items, unexpected operating expenses or to build reserves, instead of operating expenditures/expenses.

The City shall raise property taxes only when absolutely necessary to balance the Budget and maintain adequate reserves. Any property tax increase should be used only for the purchase of additional capital improvements or to increase needed personnel.

All appropriations and expenditures shall be made in full compliance with applicable State laws and the City's Purchasing Manual.

The City will follow the Budget Preparation Calendar prepared by the Finance Department each year.

The Budget shall be prepared in full compliance with the State's Uniform Chart of Accounts, and with Generally Accepted Accounting Principles (GAAP) for Governments as promulgated by the Government Accounting Standards Board. This means the General Fund, Capital Projects Fund, Debt Service Fund, Expendable Trust Funds, and Special Revenue Funds will be budgeted on the modified accrual accounting basis. Enterprise Funds and Internal Service Funds will be budgeted on the full accrual accounting basis.

All Budgets shall be adopted at the legal level of budgetary control, which is the fund/department level (ie., expenditures/expenses may not exceed the total appropriation for any department within a fund without the City Council's approval).

The City Manager shall prepare an annual Budget that meets the requirements to receive the Distinguished Budget Presentation Award from the Government Finance Officers Association.

### ***Capital Budget Policies***

The City shall adopt a Capital Improvements Plan (CIP) annually which will include the next fiscal year's Capital Budget, plus planned improvements for the following five years.

The City shall make every effort not to add additional programs and services until both the Operating Budget and the CIP are adequately funded.

The City shall provide resources from current revenues to fund an adequate maintenance and replacement schedule for infrastructure, and the vehicle and equipment fleet.

The City will aggressively pursue state and federal funding, as well as other sources of funding for capital improvements.

All operating budget appropriations shall lapse at the end of a fiscal year. Appropriations for Capital

Projects which have not been completed by fiscal year-end must be re-appropriated for the balance due on the project in the next fiscal year.

***Revenue Policies***

The City will budget revenues conservatively so that the chance of a revenue shortage during the year is remote. This also will help finance contingencies and Budget amendments that were unforeseen when the Budget was first adopted.

The City will review annually all fees and charges to assure that they maintain their inflation-adjusted purchasing power.

Since different revenue sources impact classes of taxpayers differently, the City Council recognizes that the only way to minimize these different impacts is to have a diversified revenue system. These impacts will be considered in making any needed adjustments to the various sources of revenue.

The City will make every effort not to become too dependent on one source of revenue in order to minimize serious fluctuations in any year.

The City will consider market rates and rates of comparable cities in the region when changing tax rates, fees, and charges. The City will make every effort to maintain its favorable comparative position with other Georgia cities in this regard, which has contributed to our economic development success.

All cash donations to any department or agency of the City must be deposited with the Finance Director's Office. All purchases using such donations must be budgeted and will comply fully with the City's purchasing policies. The City cannot accept donations on behalf of an outside agency or group. Donations of equipment or supplies may be made directly to a department or agency of the City. Donated equipment meeting the definition of a fixed asset must be reported to the Purchasing Director, for tagging and listing.

***Expenditures Policies***

Current expenditures shall be financed with current revenues that shall include that portion of fund balance in excess of authorized reserves. The City shall avoid budgetary procedures that balance current expenditures through the obligation of future resources, or which finance on-going expenditures with one time revenues. The City shall strive to avoid short-term borrowing to meet operating budget requirements. Nevertheless, this policy shall not prohibit short-term borrowing should a critical need arise.

***Reserve Policies***

The City Council recognizes the need to set reserve targets for every operating fund of the City. The targets for those funds using the modified accrual basis of accounting are set as the percentage that

the undesignated fund balance is to the combined budgeted expenditures and transfers to other funds.

The targets for those funds using the accrual basis of accounting are set as the percentage that the working capital is to the budgeted operating expenses and transfers to other funds. The targets are as follows:

<i>Fund Title</i>	<i>Undesignated Fund Balance (or Working Capital) as a % of Expenditures (or Operating Expenses) and Transfers Out</i>
General Fund	25% Fund Balance
Statesboro Fire Service Fund	5% Fund Balance
Water/Wastewater Fund	17% Working Capital
Natural Gas Fund	17% Working Capital and a \$350,000 Reserve Fund
Solid Waste Collection Fund	17% Working Capital
Solid Waste Disposal Fund	17% Working Capital
Benefits Insurance Fund	9% Working Capital and a \$250,000 Reserve Fund
Fleet Management Fund	17% Working Capital

These reserve targets shall be reviewed annually by the City Manager who shall report to the City Council on their continued adequacy.

***Cash Management and Investments Policies***

The City will make all deposits of cash within the time period required by State law. All deposits must be fully collateralized as required by State law.

The City will aggressively pursue all revenues due, including past due utility bills, court tickets and fines, and property taxes, using whatever legal means are available.

The City will pay all obligations on or before the due date.

The City will continue the current cash management and investment policies, which are designed to emphasize safety of capital first, sufficient liquidity to meet obligations second, and the highest possible yield third. Those policies are outlined below:

The City will operate with the least number of bank accounts required by federal and state statutes and regulations and GAAP for governments. Consolidation of bank accounts makes investment decisions easier, and reduces staff time needed to reconcile monthly bank statements.

The Director of Finance will make a twelve-month cash flow projection, and from that develop a schedule of long-term investments. These investments could be any type authorized by State law. However, the City Council has limited it to Certificates of Deposit with local banks. All investments shall be made using competitive bidding and must fully comply with State collateralization of deposits. Such investments shall be pooled from among the various funds, and bid out no more

frequently than once a month. This keeps the investment process manageable with limited staff. Large amounts of cash not in time deposits shall be kept in the sweep investment account to improve overall interest earnings. Should the sweep investment account interest rate be higher than that of a certificate of deposit, then the funds shall be kept in the sweep investment account.

***Risk Management Policies***

The City will minimize potential losses through employee safety training, inspections of the workplace, risk analysis, and OSHA compliance. The Purchasing Director shall be responsible for these programs.

A drug-testing program shall continue for all potential employees, as well as random testing of all federally-required employees.

***Debt Policies***

The City will issue bonds and capital outlay notes only for capital improvements and moral obligations. The City will attempt to fund capital improvements through net income of the utility systems, general revenues, and its portion of any SPLOST (Special Purpose Local Option Sales Tax) funds before resorting to long-term debt issuance. This will reduce the overall indebtedness and strengthen the City's creditworthiness.

The City will not issue notes or bonds to finance operating deficits. Adequate reserves will be maintained to assure this doesn't become necessary. No bond or note will be issued to purchase a fixed asset that has a shorter useful life than the term of the debt instrument.

The City will issue general obligation bonds or capital outlay notes for necessary general government projects and either general obligation or revenue bonds for enterprise fund projects. The City may also use pooled capital lease funds from GMA and loans from the Georgia Environmental Facilities Authority (GEFA).

No debt will be issued which would increase the outstanding amount of debt above ten (10%) percent of the total assessed value of property within the City. The outstanding amount of debt in this calculation shall not include debt issued for improvements in the utility systems, because that debt will be repaid from charges for services, not from property taxes. These limitations are found in Article IX., Section V, Paragraph 1 and Article IX., Section VI, Paragraph 1 of the Georgia Constitution.

A firm source of revenue sufficient to make the anticipated debt service payments must be identified by the City Council before any capital outlay note, GEFA loan, GMA capital equipment lease, general obligation bond, or revenue bond is issued.

***Accounting, Auditing, and Financial Reporting Policies***

The City Council will receive a monthly finance report showing Income Statements, Cash Flow

Statements where appropriate, and all Investments.

The City shall have a qualified certified public accounting firm conduct an independent audit annually, as required by OCGA 36-81-7 (a)(1).

The City will maintain its accounting records in full accord with Generally Accepted Accounting Principles (GAAP) as promulgated by the Government Accounting Standards Board. The Finance Director is expected to obtain clean (unqualified) Audit Opinions each year.

The Annual Audit shall be submitted to the State Auditor before December 15th of each year, so that the City complies with OCGA 36-81-7 (d)(1). Any deficiencies noted by the Auditors shall be corrected immediately by the Director of Finance.

### ***The Budget Process***

The City's Budget process begins in early January when department heads are given electronic format forms upon which to submit their operating and capital budget requests. The City Council is also notified to give the City Manager any requests they might have, so that costs may be researched. Departmental requests for the Capital Improvements Program are turned in to the City Manager by February 2nd, and all Operating Budget requests are turned in to the City Manager by March 3rd.

The Finance Director and City Manager decide upon the revenue estimates for the Operating Budget, and the amount to be transferred to the CIP and the amount of any proposed bond issues. At that point, the Finance Director begins the review of the operating expenditures, and the City Manager prepares the CIP. After the Finance Director has prepared a preliminary Budget, the Finance Director and the City Manager review it to determine whether further cuts are possible, or if additional revenues are necessary. Those decisions are made prior to the first week in April, when a Budget Planning Retreat is held by the City Council.

At that meeting, the Finance Director and City Manager present projections of the current fiscal year's Budget, and the preliminary Operating Budget for Council review. In addition, the City Manager presents the Council with his recommendations for a six-year Capital Improvements Program. The City Council then debates any changes in suggested priorities in both the preliminary Operating Budget and the Capital Improvements Program. Once those priorities are established, the City Manager finalizes the CIP, and the Finance Director finalizes the Operating Budget. Both work on the narrative portions of the documents. The City Manager prepares the Budget Message and CIP Letter of Transmittal detailing the major issues, initiatives, and goals and objectives contained in both documents. The Finance Department prepares the spreadsheets detailing the line item budgets proposed for each fund.

The two documents are sent to the printers in mid-May, for distribution to the Mayor, City Council, and public by June 1st. Copies are available to the public at both the City Clerk's Office and the Statesboro Regional Library. A public hearing is scheduled for the first regular meeting in June, after which the Budget is voted upon, and the Budget becomes effective July 1st. In the event the Council cannot agree on a Budget before July 1st, an Interim Budget is adopted, which is simply a

continuation Budget from the previous year. Once a Budget is adopted, the Finance Director authorizes the adopted Budget to be entered into the budgetary accounting system.

***Budget Amendment Policy***

Since a budget is an estimate of revenues and expenditures, the budget management process does allow for amendments to the budget. Budget amendments may be made at any time throughout the fiscal year. Any amendment request is reviewed by the City Manager, who makes a recommendation on whether the expenditure should be made, and what revenue source will be used to finance it. All amendments require a Budget amendment resolution, since the original Budget is adopted by resolution. After passage, the Finance Director authorizes the amended amounts to be entered in the budgetary accounting system.

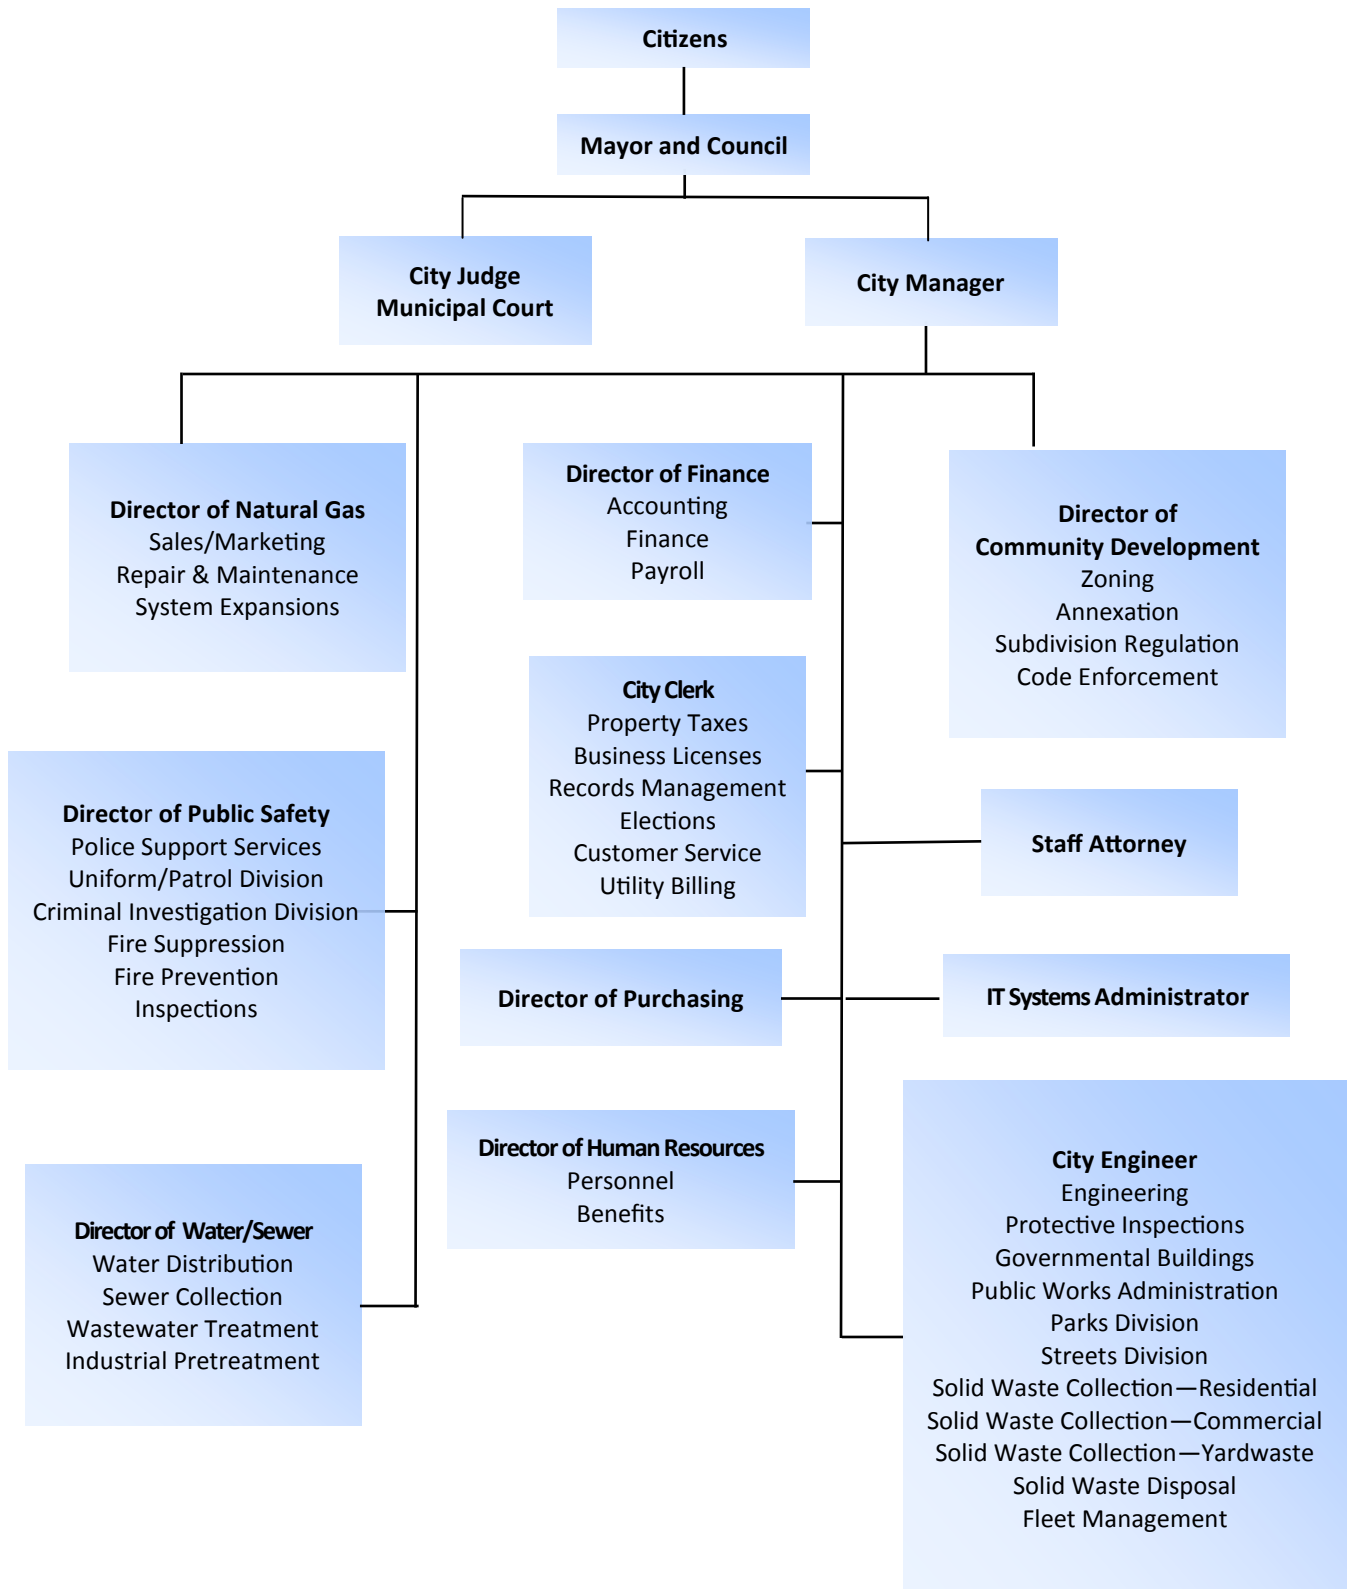

**City of Statesboro, Georgia  
Calendar for FY 2012 Budget and CIP Preparation**

- 20-Jan-2011 City Manager notifies Department Heads to begin preparation of CIP Requests, and the Deadline for Budget Requests. City Manager reviews the Budget Calendar with all Department Heads.
- 1-Feb-2011 City Council Sets the Dates for the Planning Session
- 1-Feb-2011 City Council asked to submit any CIP requests to the City Manager. (Staff will prepare cost estimates)
- 3-Feb-2011 City Manager notifies all Department Heads the date of the Planning Session.
- 3-Feb-2011 Finance Director Schedules the location for the Planning Session
- 14-Feb-2011 Departmental CIP Request must be completed on Server.
- 15-Feb-2011 Finance Department gives Personnel costs to all departments.
- 7-Mar-2011 All Revenue projections and all Budget Requests must be completed on Server.
- 7-Mar-2011 City Manager and Finance Director complete all Revenue projections for the current and next fiscal year.
- Mar 11-15, 2011 City Manager and Finance Director review each departmental budget with the Department Heads. Also, discuss the presentation of the proposal by each Department Head.
- 25-Mar-2011 All Performance Measures must be turned in to the City Manager's Office.
- 26-Mar-2011 City Manager completes drafts of CIP priorities for Planning Session.
- 28-Mar-2011 Finance Director finalizes Expenditures/Expense estimates for each department and outside agency for current and next fiscal years, and sends to City Manager to review.

## Fringe Benefits Summary

The City provides a comprehensive package of fringe benefits for employees. The package includes the following.

***Health/Dental Insurance Coverage:***

City employees are covered under the City of Statesboro Health and Dental Insurance Plan. The City and its employees are currently paying the following rates for their Benefit Package.

<u>Coverage</u>	<u>Employee Rates</u>	<u>City Rates</u>	<u>Total Cost</u>
Individual	\$121.01	\$429.01	\$550.02
Family	\$279.20	\$989.86	\$1,269.06

Details of the coverage are available in the employee benefit handbook.

***Life Insurance Coverage:***

City employees are provided with one time their annual salary up to \$100,000 of life coverage, spouses are covered with \$5,000.00, and each dependent has \$1,000.00 of coverage.

***Long-Term Disability:***

City employees are provided with long-term disability insurance that pays 50% of the employee's regular earnings up to a maximum of \$5,000.00 per month in the event of disability. This benefit begins after the ninety day elimination period has been met.

***Paid Sick Leave:***

Employees are credited with one day of sick leave for each month of employment. Unlimited accumulation is allowed. Unused sick leave is not paid at termination of employment; credit is given for unused sick leave for employees retiring under the City's retirement plan.

***Special Leave With/Without Pay:***

Employees are granted time off from work with or without pay at the discretion of the Department Head and the City Manager for various occasions. Bereavement Leave is granted with pay for a maximum of three days for the death of a member of the immediate family. Jury service is granted with pay. Military Leave is granted with pay for a period not to exceed 15 calendar days in a 12 month period.

***Paid Vacation Leave:***

Employees earn vacation on a monthly accrual basis based on length of service. The following days of vacation are earned on an annual basis. Fire, Police, and shift personnel earn vacation time at a different rate than do 40 hour per week employees. The following is base on a forty hour per week work schedule.

<u>Years of Service</u>	<u>Days Vacation per Year</u>
0 – 10 years	10
10 – 20 years	15
20 – Plus	20

***Paid Holidays:***

Employees receive 10 paid holidays per year. The holidays are:

New Year's Day  
Martin Luther King's Birthday  
Memorial Day  
July 4<sup>th</sup>  
Labor Day  
Veterans Day  
Thanksgiving -2  
Christmas -2

***Retirement Plan:***

City employees are covered under the Georgia Municipal Association Retirement System. The City pays the full cost of membership for employees and employees can be vested with 5 years service with the city.

***Deferred Compensation Plan:***

City employees are eligible for a 457b Deferred Compensation Program administered by Metlife through the Georgia Municipal Association. This is a voluntary tax-favored program that allows employees to contribute a portion of their salary before federal taxes into a supplemental retirement account. Various options are available including fixed rate annuities, publicly available mutual funds and life insurance.

***Workers Compensation Plan:***

City employees are covered for occupational injury according to the state worker's compensation laws.

***Tuition Reimbursement:***

Upon the recommendation of the department head and approval of the tuition committee an employee may receive tuition assistance for two classes per semester/quarter and up to \$100.00 for books per semester/quarter. Employees involved in the tuition assistance program must maintain a C average in their course work. Those receiving assistance must submit grades to the Personnel Director at the end of each semester/quarter. Those employees receiving less than a grade of C will not be reimbursed by the City the cost for that semester or quarter.

***Geo Vista Credit Union:***

City employees are eligible to join the Geo Vista Credit Union that provides numerous banking services. Payroll deduction and direct deposit are available.

***Christmas Bonus:***

All City employees receive a \$100.00 bonus in December of each year.

***Competitive Wages, Overtime Pay, and Compensatory Time:***

City employees are paid competitive wages, which are evaluated periodically to insure they are comparable to wages paid for similar duties in both the public and private sectors. Employees receive annual pay increases, if job performance is satisfactory, subject to the approval of the Mayor and City Council. Employees are compensated for any overtime worked according to the Fair Labor Standards Act, either with pay at time and one half or compensatory time off, also calculated at one and one half.

Merit raises will remain suspended for FY 2012. However, all hourly employees will receive a 2% Cost of Living Adjustment (COLA) and all salary employees will receive a 1% COLA.

***Annual City Picnic and or Appreciation Luncheon:***

Employees are honored with a citywide picnic in the spring or an appreciation luncheon. The Employee picnic is temporarily suspended for FY 2012.

***Vacation Buy Back:***

Upon the recommendation of the Department Head and the City Manager, an employee so requesting, may receive pay in lieu of one week of vacation leave per year if, on December 31<sup>st</sup> of that year, their annual leave accumulation exceeds 30 days. Vacation Buy Back is temporarily suspended for FY 2012.

***Uniforms and Cleaning Services:***

Uniforms are provided for city employees, other than clerical and others wearing normal street clothes, in Public Works, Fire, Police, Waste Water, Water Sewer, Building Inspection, City Marshall, Civil Construction Inspector, Custodians and Gas. Clothing allowances are provided for police detectives.

THE GENERAL FUND

The General Fund is the principal fund of the City, accounting for all activities not included in other specified funds. This fund contains the operational budgets for the Mayor and City Council, City Manager's Office (including the City Attorney), City Clerk's Office and Records Management, Elections, the Finance Department, Information Technology, the Legal Department, Human Resources, the Engineering Department and its Protective Inspections Division, the Municipal Court, the Police Department, the Public Works Administration Division, Streets Division, and Parks Division, and the Community Development Department, including the Code Compliance Division. It also includes the funding for several outside agencies other than those financed by the Hotel/Motel Tax Fund. Finally, it covers the Debt Service for any outstanding debt used to acquire general fixed assets. Debt Service payments used to acquire fixed assets of the Proprietary Funds are accounted for within those respective funds rather than the General Fund.

*REVENUES AND OTHER FINANCING SOURCES*

The General Fund's Revenues can be segregated into six major categories:

1. **Taxes** This category provides \$7,627,646 of the \$13,251,481 of General Fund revenues, or 57.56%. The major source is property taxes. FY 2008 was a revaluation year, in which the County Tax Assessor's Office revalued all of the property within the County. This is done every three years. Preliminary figures indicate that property taxes will decrease by 4% due to Georgia Southern University purchasing property that will be taken off of the digest.

The City has an excellent collection ratio on this tax, which has been further improved by the use of annual tax lien sales which began in FY 2003. The projected collection rate for the current year's taxes is 99.0%. The other 1.0% will be collected during the following fiscal year. The revenue line item for property taxes due from a previous year is Prior Year's Taxes.

Motor vehicle taxes are collected by the Bulloch County Tax Commissioner based upon the renewal date (usually the owner's birthday). The portion of those property taxes due the City is remitted to the City on a monthly basis. These taxes are projected to equal the current years' collections. The Real Estate Transfer Tax (\$1.00 per every \$1,000 of value on such sales) is projected to be the same as the current year.

The other major source of taxes is the Franchise Fees paid by Georgia Power Company, Excelsior Electric Membership Cooperative, Northland Cable Television, Frontier Communications of Georgia and Bulloch Rural. Georgia Power is projected to increase about 4.9% from the actual amount received in FY 2011; Excelsior is expected to increase approximately 11%; Northland Cable is expected to remain flat; Frontier is projected to remain flat, Bulloch Rural is a new franchise fee this year based upon their growth trends. In aggregate, these four franchises are projected to increase at a rate of 5%. This reflects the continued commercial and multi-family construction, somewhat offset by the decline of hard line telephone

services as cell phone use increases among students, and the option of satellite television in lieu of cable television, as well as Georgia Southern University beginning to offer their own cable services.

The other major component of Taxes is the Beer and Wine, and Liquor taxes paid by wholesalers and retailers. Beer and Wine, Wholesale and Liquor are projected to remain flat. Overall, this category is projected to remain flat.

Total Taxes as a category is projected to remain flat.

2. **Licenses and Permits** This category provides \$942,235 of the General Fund, or 7.11%. The primary sources of revenue are General Business Licenses, Alcoholic Beverages Licenses, Bank Licenses, and Inspection Fees. Alcoholic Beverages Licenses are projected to increase by 10%. The General Business Licenses are projected to remain flat. Bank Licenses are expected to remain flat. Inspection fees will remain flat. Building and other related permits and fees are projected to increase by 14.6% as a result of new construction and large projects anticipated in FY 2012.

3. **Charges for Services** This category provides \$971,982, or 7.33% of the General Fund. The primary sources of revenue are Court Costs, Revenues from Police Overtime, and Account Establishment Charges. This source is projected to increase by 171.43% due to the new line item for indirect cost allocation – Water and Sewer Fund.

**Charges for Services Trend**

4. **Fines and Forfeitures** This category provides \$1,325,000 of the General Fund, or 10%, and includes the fines and forfeitures imposed by the Municipal Court for violations of the Municipal Code and minor violations and infractions of State law dealing with traffic citations, DUI, and similar offenses. This source is projected to decrease by approximately 14.7% over the FY 2011 budgeted amount due to defendants not being able to pay their fines and it being converted to community service.

**Fines and Forfeitures Trend**

5. **Earned Interest and Miscellaneous Revenues** This category provides only \$11,500 of the General Fund. It accounts for the interest earned on the balance in the General Fund monthly, and any donations and miscellaneous charges. This is a category that is expected to remain flat.

In addition to these six revenue categories, there is one additional source of financing that must be considered. This is the **Other Sources of Financing**, which is primarily made up of the *Transfers from Other Funds*. This source of financing (it was counted as revenue in the transferring fund) contributes \$2,373,118, or 17.9% of the General Fund’s total funding. The changes from the prior year is to eliminate a transfer of \$66,822 from the 2007 SPLOST Fund, decrease the Water and Sewer Fund transfer by \$610,882, as this amount is shown in a line item for indirect cost allocation and increase the transfer from the Solid Waste Disposal Fund by \$32,000.

The primary transfers are from the Natural Gas Fund, the Solid Waste Collection Fund, and the Water and Sewer Fund. A lesser amount is transferred from the Solid Waste Disposal Fund. Part of these transfers is recognition of indirect costs borne by the General Fund in providing services to them, such as time of the City Manager, personnel division, accounting division, utility collections, purchasing, risk management, and similar services. In addition, were they private companies, these utilities would have to pay property taxes and business licenses, and in some cases a franchise fee.

**Fund Balance Appropriated.** Finally, if the fund balance in the General Fund is sufficient, the City can use some of the fund balance to balance the General Fund. This proposed FY 2012 Budget is projected to increase fund balance by \$19,977.

The line item budget that follows shows the individual sources of revenue that make up these six major categories, the other sources of financing, and the fund balance appropriation.

## FUND 100 - GENERAL FUND

Property Taxes

Property Value of \$100,000

For residents of the City of Statesboro the total property tax is \$6.358 per \$1,000 of taxed value. The taxed value is calculated as 40% of the Market Value.

Assuming property with a market value of \$100,000, the result would be:

**Projected Tax Bill: \$254**

**EXPENDITURES**

The General Fund's Expenditures are divided into several major departments and divisions, to better account for the cost of their operations. These expenditures support most of the City's operations other than the utility operations, the health insurance and workers compensation insurance plans, and the fleet management function. The Expenditures are summarized on the next page. Then, the line item budgets for each division are included as well.

The largest operating expense in most cases is the personnel and fringe benefits. A list of approved personnel positions by department and division is provided behind the tab entitled "Authorized Personnel for FY 2012". In addition, the Pay Plan for those positions is provided behind the tab entitled "Proposed Pay Plan and Fringe Benefits".

By far the most troubling expense for the City, as for most businesses, governments, and other organizations is the continuing escalation of health care costs. When the underlying rate of inflation in medical care is averaging 10-15% annually over the last several years, and shows no sign of letting up, it is quickly siphoning a large sum of money from other priorities. Even when the benefits are reduced, and the deductibles, co-pays, and out-of-pocket limits are raised, these inflationary effects cannot be brought back to a reasonable pricing level without draconian measures. Unfortunately, this is not a problem that the City can correct. It is a national problem, and will have to be addressed at that level.

The General Fund budget of \$13,231,504 is a decrease of \$207,521 from the FY 2011 Budget of \$13,398,432. That is a 1.54% decrease.

**GOVERNING BODY**

**Citizens**

**Mayor and City Council**

**GOVERNING BODY**

The City of Statesboro's Governing Body operates under the Council-Manager form of government, with a mayor and five council members. Elected at large, the mayor acts as the primary representative of Statesboro. The mayor and council members serve four year terms. The council members are elected from one of five districts.

The mayor and council are responsible for approving all major city policies, all local laws, the annual budget, and the 6-year capital improvements program. In addition, they appoint and evaluate the city manager.

CITY CLERK'S OFFICE

This department is headed by the City Clerk. This department handles all of the property tax billing and collection, and occupation tax and other licenses and billing and collection. The City Clerk serves as supervisor of city elections. The City Clerk is also responsible for records management including maintaining all official codes, ordinances, records and documents.

**Goal: Continue to improve the City's records retention program.**

Objectives:

1. Continue scanning all records into a digitized, searchable database.
2. Reduce paper copies whenever possible, using the server storage capability.
3. Use condensed printing on large printing jobs whenever feasible.
4. Destroy records that have been scanned and are not of historical value.

PERFORMANCE MEASURES

	FY 2010		FY 2011		FY 2012
	Adopted	Actual	Adopted	Projected	Base

**FINANCE DEPARTMENT**

FINANCE DEPARTMENT

This department is headed by the Director of Finance. This department is responsible for assisting the City Manager in the preparation of the Budget and the the Capital Improvements Program. Once the Budget is adopted, this department is responsible for entering it into the accounting system, including any subsequent amendments. They then administer the Budget, prepare monthly finance reports, and work with the auditor on the annual outside audit. This department is also responsible for all investments, debt management, bank reconciliations, paying all invoices, and payroll processing. It is responsible for all formal bid announcements, development of specifications, and bid openings. It is also responsible for requisitions, keeping the fixed assets current, and assuring the Purchasing Manual is current and followed.

GOALS & OBJECTIVES

**Goal: Continue to improve the City's overall financial condition.**

Objectives:

1. Prepare and administer a fiscally conservative operating and capital budget that stay within available resources. Build up the reserve funds to the targeted level in each fund.
2. Prepare accurate monthly financial reports for the governing body and management, so that decision-makers have timely financial information.
3. Obtain an unqualified (clean) audit opinion, and prepare a Comprehensive Annual Finance Report.
4. Continue to reduce the outstanding debt of the City, while incurring only a limited amount of new indebtedness.
5. Continue to work with the Clerk's department to aggressively collect all property taxes due, using tax lien sales as needed.
6. Continue to work with the Clerk's department to aggressively collect overdue utility bills, using account termination and collection agencies as needed.
7. Audit the hotel/motel operators every three years to assure compliance with the hotel/motel tax.
8. Audit our utility franchisees to assure compliance with the franchise terms and payments.
9. Continue to monitor internal controls so that all funds are properly received and accounted for.
10. Implement fully the Purchasing Manual policies to assure budgetary compliance, and best pricing.
11. Monitor compliance closely on the procurement card process.
12. Implement procedures for a paperless payroll system.

PERFORMANCE MEASURES

**LEGAL DIVISION**

Staff Attorney

LEGAL DIVISION

This department is headed by the Staff Attorney. The Staff Attorney serves as the primary contact on all legal matters and advice regarding the City. This includes all opinions, legal documents and formal preparations of any kind relating to City business. The Staff Attorney will also serve as the Solicitor and will represent the City on cases pending before the Municipal Court.

**IT DEPARTMENT**

Director of Information Technology

IT System Analyst

IT Specialist

Administrative Assistant

INFORMATION TECHNOLOGY

This department is head by the Director of Information Technology. This department is responsible for standardizing software and hardware purchases to assure a standard network where employees can communicate and exchange files electronically. It is responsible for network design, installation, maintenance, and employee computer training. In addition, it is responsible for, maintaining the City's web page, telephone system and security system in City Hall.

GOALS & OBJECTIVES

**Goal: Continue to develop the City's network infrastructure and network services.**

Objectives:

1. Provide enhanced mobile access to network resources.
2. Enhance network security through the implementation of user-focused, network-based access control (NAC). Upgrade security appliances and increase security policy level via comprehensive gateway security suite.
3. Upgrade email services to MS Exchange Server to provide efficient access to e-mail, calendars, attachments, and contacts.
4. Upgrade Web services to include new enhanced on-line payment functionality and paperless billing.

EXPENDITURES SUMMARY

**HUMAN RESOURCES**

**Director of Human Resources**

**Human Resources Coordinator**

HUMAN RESOURCES DEPARTMENT

This department is headed by the Director of Human Resources. This department is responsible for the recruitment, testing, selection, training and evaluation systems for employees. In addition, it administers the health insurance benefit claims, workers compensation claims, and retirement, keeps the Classification/Compensation Plan current, and assists employees and department heads with interpretations of the Employee Manual, handles grievance cases, and assures the departments comply with the Fair Labor Standards Act, Family Medical Leave Act, and similar regulations.

GOALS & OBJECTIVES

**Goal: Assure that the City maintains a good work environment and has a competitive salary and fringe benefits structure to recruit and retain qualified employees.**

Objectives:

1. Administer the Personnel Policies and Procedures (Employee Handbook) in a fair, impartial manner.
2. Continue to recruit broadly to obtain a workforce that resembles the community.
3. Maintain the revised Classification and Compensation Plan developed by the Vinson Institute of Government.
4. Maintain the higher deductible workers compensation insurance program, and develop a reserve fund to meet anticipated deductible payments.

**ENGINEERING DEPARTMENT**

This department is headed by the City Engineer. In FY 2010, the six divisions which formerly comprised the Public Works Department were merged into the Engineering Department and the Public Works Director position was eliminated. The Engineering Department is now made up of the following divisions: Engineering, Protective Inspections, Government Buildings, Public Works Administration, Parks, Streets, Solid Waste Collections, Solid Waste Disposal and Fleet Maintenance. The Engineering, Protective Inspections, Government Buildings, Public Works Administration, Parks and Streets Divisions are funded through the City's General Funds, whereas, the Solid Waste Collections, Solid Waste Disposal and Fleet Maintenance Divisions operate as Enterprise Funds. A number of capital projects and some equipment purchased by this department are also funded by the Capital Improvements Program Fund and SPLOST Funds.

The Engineering division is responsible for street and drainage design, review of subdivision plans for necessary infrastructure, construction inspections on City projects for roads and drainage, maintaining the City's cemetery maps, administering the City's streets repaving and striping program (including the State's LMIG funding), maintaining the landfill's post-closure compliance with EPA and EPD rules and regulations, traffic engineering studies and improvements, and development of road and drainage improvements priorities. The Engineering Division serves as the City's liaison with the Georgia Department of Transportation on all street projects within the City, whether locally or state funded. The Engineering division also administers and enforces the Flood Plain Ordinance, Erosion Control Ordinance, Drainage Ordinance and the Driveway Standards and Policies.

**GOALS & OBJECTIVES****Goal: Decrease the possibility of damage from flooding in lower elevation areas.**

## Objectives:

1. Begin the process of developing a Comprehensive Stormwater Management Program in compliance with new EPD regulations. Also study the feasibility of implementing a Stormwater Utility to fund the CSMP.
2. Continue to maintain and improve the major drainage ditches and canals to provide adequate conveyance of stormwater runoff.
3. Utilize the new digital FEMA Flood Insurance Rating Maps and continue to ensure compliance with newly adopted flood plain ordinance.
4. Continue to ensure compliance with Federal and State regulations regarding water resources including wetland protection and water quality (NPDES).
5. Enforce newly adopted Erosion & Sedimentation Control Ordinance.

**Goal: Improve vehicular and pedestrian safety.**

## Objectives:

1. Construct the intersection improvements at W. Grady St. and College St.
2. Maintain roads in accordance with applicable standards for resurfacing and striping.
3. Improve pedestrian safety by maintaining current sidewalks and providing additional sidewalks and safer crossings where possible, particularly in the area of the Georgia Southern Campus and Downtown area.
4. Improve intersections by installing traffic signals at By-Pass/Brampton Ave./Stambuk Ln. intersection and Brannen St./Wal-Mart Dr. intersection.
5. Install traffic calming measures along Lanier Dr. and also US 301 S.
6. Add dual left turn lanes at Fair Rd./S. Zetterower Ave. intersection.

**Goal: Assure that proposed developments are built according to the City's standards.**

## Objectives:

1. Continue to meet with developers at the beginning of projects so that they have a clear understanding of development standards before design begins.
2. Continue to provide timely review of subdivision plans and site plans for street and drainage design.
3. Continue to diligently inspect all new residential subdivision and commercial infrastructure installations to ensure they are installed properly.
4. Continue working with City departments to assure that all required criteria, buffering, parking, signage,

and tree ordinance provisions are met.

5. Continue issuing building permits and certificates of occupancy for all residential and commercial developments.
6. Work with the Community Development Department to update the City's standards and ordinances.

**Goal: Enhance the availability of parking in the downtown area.**

Objective:

1. Review and implement a plan for additional parking spaces on East Main Street.
2. Work with the DSDA Director on a program to encourage downtown employees to park off main streets.
3. Improve parking lot located behind new GSU City Campus Bldg.

**Goal: Re-establish more formalized Erosion & Sedimentation Control Program.**

Objective:

1. All applicable Engineering Division personnel have obtained required plan review and inspection.

**POLICE DEPARTMENT**

This department is headed by the Police Commander. Police headquarters are located at 25 West Grady Street. The department has 63 sworn officers and 12 civilian personnel, primarily in records and dispatching. The department offers a full range of policing services, including preventive patrol, traffic enforcement, criminal investigations, crime prevention, drug education, drug enforcement and a special response team to deal with unusually sensitive incidents.

The department operates under the community policing concept, which stresses involvement with the community, and placing resources where they are most needed. It also stresses trying to remove the root causes of crime and neighborhood deterioration. The department is structured with four Bureaus: Administrative Bureau, Patrol Bureau, Operations Bureau, and Training Bureau.

The Administrative Bureau is responsible for planning, organizing, coordinating, and directing all activities and operations in the police department, formulate policies and procedures - rules and regulations based on best practices and proven methods for law enforcement, prepares and monitors a comprehensive budget, promote the police department to all people. The administrative bureau also heads up the Georgia Police Department Certification Process. The department was successful last year in obtaining Georgia Certified Police Department Recertification. This is based upon a thorough review of the department's standard operating procedures in comparison to national recognized standards for modern police departments.

The Patrol Bureau is responsible for preventive patrol, traffic enforcement, and response to calls for service. The Bureau is divided into four shifts so that protection is provided 24 hours per day, 7 days per week. Officers typically work a 43-hour work-week, counting time spent writing reports and attending the various courts in which their cases are presented. The Bureau also has an officer assigned to the Statesboro High School as a School Resource Officer.

The Operations Bureau is comprised of Criminal Investigations and Support Services. Criminal Investigations is responsible for in-depth investigations of crimes in order to build successful cases for prosecution. The Bureau works closely with the district attorney's staff and agents from the Georgia Bureau of Investigation, Federal Bureau of Investigation, the Bulloch County Sheriff's Office, and the GSU Police Department. The Crime Suppression Unit is also under the Operations Bureau and is responsible for targeting violent crime. The K-9 Unit is assigned to the Operations Bureau and supports both Operations and Patrol Bureaus by providing two certified canines and certified K-9 Handlers. Support Services is a part of the Operations Bureau and is responsible for dispatching calls for service and request, records retention and records request, computer maintenance, and research.

The Training Bureau is responsible for all departmental training, recruiting, hiring process, maintenance of all department weapons, research, overseeing and supervision of the Field Training Officer (FTO) program, and working in conjunction with the Georgia Certification Program for training compliance. The Training Bureau is also responsible for the upkeep, maintenance, scheduling, safety and operations of the department firing range.

**GOALS & OBJECTIVES****Goal: Decrease the amount of traffic accidents within the City.**

Objectives:

1. Provide extra patrol and enforcement in known high accident areas.
2. Work with the City Engineer's Office to identify road alignment or other design factors needing correction.

**Goal: Decrease the amount of drug-related crime within the City.**

Objectives:

1. Continue to work with our partners, Bulloch County Drug Suppression Team, Tri-Circuit Drug Task Force Georgia Southern University Police Department and DEA Task Force to increase seizures by 10%.
2. Work with the Code Compliance Officers to identify and remove dilapidated properties being used as drug houses.
3. Continue support of the Crime Suppression Unit targeting illegal drug sales, Street Gangs and other criminal activities which may be associated with illegal drugs.

**Goal: Decrease the amount of crime related to physical assaults.**

Objectives:

1. Work with DFACS and other agencies to thoroughly investigate and prosecute cases of child abuse and sexual assault against children.
2. Continue to aggressively apprehend and prosecute offenders that commit physical assaults.
3. Reduce the number of Crimes Against Persons by 5%.

**Goal: Continue to maintain high professional standards and improve the morale of the department.**

Objectives:

1. Maintain status as a Georgia Certified Police Department by continuing review and refinement of all operating policies.
2. Develop a more clearly defined career ladder.
3. Continue to upgrade equipment by earmarking all confiscated assets forfeitures for purchase of Police Department equipment.
4. Complete the last phase of the take home vehicle program to include all officers.

STREET DIVISION

The Street Division is responsible for the maintenance of city streets, drainage ditches, rights of ways, and easements. The division performs street sweeping, pothole patching, crack sealing, street striping, repairing of utility cuts, traffic signals, street sign maintenance, right of way mowing, minor work on catch basins and similar drainage structures, and other such work. Large projects are typically contracted out, as the division is primarily staffed for maintenance only. Further, the division is also tasked with operating the city's mosquito abatement program. The division's operating budget is in the General Fund. Capital projects are in the CIP Fund and SPLOST Funds.

GOALS & OBJECTIVES

**Goal: Maintain the rights of ways and drainage system for compliance with standards and proper function.**

Objectives:

1. Implement a work order system to evaluate all complaints the same day received, perform timely corrective action, and provide prompt response to the complainant.
2. Prioritize repairs and maintenance to promptly correct known safety hazards and identify potential safety hazards.
3. Improve the quality of work to ensure repairs are completed promptly and efficiently.
4. Assist the City Engineer in identifying streets needing resurfacing, restriping or minor improvement.
5. Assist the needs of other city departments as designated to maintain fiscal responsibility.

PERFORMANCE MEASURES

	FY 2010		FY 2011		FY 2012
	Adopted	Actual	Adopted	Projected	Base
Number of tons of asphalt used to:

PARKS DIVISION

The Parks Division is responsible for maintenance of the City's cemetery (cemetery lot sales are handled by the City Engineer's Office). In addition, the division provides maintenance of trees and plantings in traffic islands, McTell Trail, Triangle Park, Renaissance Park, and at various city facilities. The Parks Division operating budget is in the General Fund. Capital projects are in the CIP fund and SPLOST Funds.

GOALS & OBJECTIVES

**Goal: Maintain and beautify the Cemetery and various public grounds to enhance the City's appearance and quality of life.**

Objective:

1. Provide seasonal landscaping, pruning, and flower planting schedule.
2. Maintain landscaping efficiently and effectively to reduce environmental impacts.
3. Improve irrigation of landscaping in a manner that fosters water conservation.

PERFORMANCE MEASURES

	FY 2010		FY 2011		FY 2012
	Adopted	Actual	Adopted	Projected	Base
Number of parks where automated irrigation was installed	1	1	1	2	1
Number of parks where automated irrigation upgraded	2	2	2	2	2
Number of parks where improvements are planned	2	1	2	1	1
Number of trees planted within the city	25	46	25	25	25
Number of dead & diseased trees removed	8	13	30	15	20
Number of hours spent on bedding plants planting procedures (training)	65	70	65	70	70
Number of hours spent on pruning procedures (training)	80	150	120	150	150
Number of acres mowed & trimmed in Eastside Cemetery	50	35	50	35	35
Number of acres mowed & trimmed in Olliff Street Cemetery	30	30	30	30	30
Number of times per year for each area	40	40	30	40	40
Number of parks mowed	28	30	40	30	30
Number of times mowed each year	40	35	35	35	35
Number of times parks raked each year	0	15	15	15	15

**COMMUNITY DEVELOPMENT**

**COMMUNITY DEVELOPMENT AND CODE COMPLIANCE**

Formerly known as the Planning & Zoning Department, this department has three primary functions: development services, planning services, and code compliance. The department is staffed by the Director, one city planner, two code compliance officers, and one administrative assistant.

The development services function of the department centers around providing quality customer service for land use and economic development projects located within the municipal boundaries of the city and those wishing to annex into the city. Planning staff assist customers with zoning and other ordinance questions regarding potential land use and business development through a variety of informal review methods, customer service meetings, and by organizing and hosting Right Start meetings - a joint meeting of all development related departments and a potential developer to answer project questions and resolve potential issues. Fostering and maintaining productive working relationships with members of the development community is of critical importance and is a priority goal in this function and serves to improve the quality of development for all citizens of Statesboro.

A primary responsibility of the Planning Division is the implementation of the *Statesboro Zoning Ordinance* and *Statesboro Subdivision Regulations*. To that end, the division reviews development permits handled primarily by other city departments, such as building permits, business licenses, and alcohol beverage licenses, for zoning and subdivision compliance, as well as reviewing ordinance specific permits such as sign permits, billboards, cell towers, and the platting of land subdivisions. The Director of the Department serves as the zoning administrator for the City and is responsible for the interpretation and enforcement of these regulations. Appeals from these reviews, or those issues requiring council approval, are also processed by the department in the form of zoning amendment request, special exceptions, variance applications, and subdivision approvals. The Planning Division is responsible for leading the staff review of these applications and presenting them for advisory review to the Statesboro Planning Commission and to the Statesboro City Council for judgement.

The Department's planning services function refers to a variety of long-range and strategic planning activities, ordinance development, and grant writing efforts undertaken by the department. This service is charged with ensuring that the city fulfills the requirements of all state mandates regarding long range planning and implementation, participation in all state required development reviews (DRIs), and participation, review, and adherence to all state and regional plans that impact the City. Additionally, the department initiates or participates in a variety of jurisdiction specific planning projects aimed at delivering short and long term implementation strategies and policy recommendations to achieve sustainable and quality growth within Statesboro. It is also the department's role to develop and recommend adoption of development related ordinances that serve to protect the public's health, safety, and welfare and that are reflective of the community's determined standard of development.

The Code Compliance Division of the Department of Community Development also serves an important role in land use and development as it works to maintain and encourage compliance with the city's ordinances to ensure that the public's safety, welfare, and health are maintained and that investments in property, development, and growth within the City are protected. Code Compliance officers respond to request for services and complaints of violations as well as conduct pro-active patrols of the city, and self initiate compliance and enforcement actions with a determined focus on violations that jeopardize the health, safety, welfare, or investments of the citizens of Statesboro.

**GOALS & OBJECTIVES**

**Goal: Encourage the development of housing ownership options for all income levels, including low and moderate income citizens.**

Objectives:

1. Strengthen the department's partnership with Habitat for Humanity of Bulloch County, Inc.
  - a. Active service on the Habitat for Humanity of Bulloch County Board of Directors by a member of the department.
  - b. Work with Habitat to identify, acquire, and develop suitable property for future land development.

- c. Partner with Habitat to pursue CDBG and other grant funding possibilities for property acquisition, facility development, and other opportunities.
2. Complete the long going Multi Family Residential Study for the City of Statesboro for presentment of finding and recommendations to the City Manager and the Mayor and City Council.
3. Administer the Residential Subdivision Incentive Program so that developers are encouraged to develop properties either within the City or adjacent to the City so that property is annexed before development begins.

**Goal: Develop and maintain strong and productive working relationships with the development community that encourages quality and sustainable growth for the City at its determined standard of development.**

Objectives:

1. Engage in a continuous review and improvement of development policies and practices to achieve the most highly efficient and effective methods of review and permitting possible for both developers and city staff.
2. Continue to encourage, organize, and host effective Right Start meetings between developers and development related city staff.
3. Provide courteous, timely, and accessible customer service and continuous interaction with developers and timely permitting processes.
4. Provide consistency in interpretation and application of development ordinances.
5. Strengthen and maintain the active participation of department staff in development related organizations such as the Chamber of Commerce, the Downtown Statesboro Development Authority, and other such organizations.

**Goal: To protect the public health, safety, welfare, and investment in property through effective code compliance efforts.**

Objectives:

1. Proactively and continuously patrol zones of the City for code compliance issues with a determined focus on enforcing matters related to public health, safety, and welfare.
2. Provide timely, courteous, and effective response to complaints and request for service.
3. Engage in a continuous abatement action against vacant dilapidated structures within the municipal boundaries.
4. Effectively partner with the Downtown Statesboro Development Authority to provide appropriate code enforcement actions with the DSDA district to continue to encourage revitalization and sustainability of the downtown area.
5. Partner with other city staff to participate in development related reviews for properties seeking city permits or licenses and ensure that those properties are compliant with municipal ordinances prior to issuance of sought for licenses or permits.
6. Provide more accessible opportunities for concerned citizens and staff alike to generate complaints or request for service through the introduction of an online process.
7. Effectively lead interdepartmental teams of city staff to respond to more effectively to issues such as blighted or dilapidated properties that are left unattended may have significant impacts on property values, discourage private investment, and/or jeopardize the public health, safety, and welfare of the citizens of Statesboro.
8. Effectively partner with private homeowner groups and property managers to assist in their efforts to maintain and strengthen neighborhoods by providing guidance, enforcing city codes, and partnering with and leading other city departments to assist in these private efforts where appropriate.

**Goal: Present amendments and addendums to the Statesboro Zoning Ordinance, Statesboro Subdivision Regulations, and other city ordinances that are based on the protection of the public health, safety, welfare, and morals of the City of Statesboro and that are reflective of the determined standard of development for the community.**

Objectives:

1. Effectively lead teams of city staff, developers, and concerned citizens to produce suggested amendments to the Statesboro Zoning Ordinance for consideration by the City Council - particularly in areas that experience frequent variance request, such as parking, signs, and dwelling densities.
2. Review, research, and consider for recommendation the adoption of new ordinances for land use and development, where needed. For instance, a property maintenance code, administrative variances, and certain administrative processes related to development and land use.

**Goal: Serve the City's mapping needs through the creation and implementation of a GIS division to the department.**

Objectives:

1. Organize all city mapping and GIS efforts into an organized effort.
2. Lead an inter-departmental team to effectively organize and maintain the GIS systems of all city mapping needs, including boundaries, utilities, right of ways, easements, etc.

**OTHER AGENCIES**

The City provides partial funding for several outside agencies. This section of the General Fund finances those appropriations.

Among the agencies that receive funding from the City of Statesboro are the Emergency Management Agency, the Bulloch Resident Center, the Drug Abuse Council, the High Hope Center, Concerted Services, the Statesboro Arts Council, the Downtown Statesboro Development Authority, and the Ogeechee Railroad for rental of space for downtown parking.

CONFISCATED ASSETS FUND

This fund accounts for funds seized for possible illegal activity. Once the court adjudicates the case, the money is either released back to the individual, or is forfeited. In some cases, some of the funding goes to the Bulloch County Clerk of Court, and some is turned over to the City. Those funds turned over to the City are used exclusively to support the Police Department, usually with the purchase of additional equipment. This helps supplement the normal capital budget for the department.

The amounts seized can fluctuate significantly from year to year. The Budget assumes a normal year. Should a larger amount become available during the fiscal year, the City Council could adopt a Budget Amendment authorizing more equipment purchases for the department.

**COMMUNITY DEVELOPMENT BLOCK GRANT FUND**

This fund accounts for the receipt and disbursement of the Community Development Block Grant (CDBG) for the infrastructure, and the Community Housing Improvement Program (CHIP) Grant to build houses, that was awarded to the City to develop Statesboro Pointe Subdivision. This is a 25-lot subdivision that the City created to provide low- and moderate-income citizens the opportunity for homeownership. Currently, the subdivision infrastructure is completely installed and twenty-three houses have been constructed and sold. The original plan was for the City to use the proceeds to construct houses, sell them, and repeat this process until all 25 homes had been built and sold. Then, the CHIP funding would continue as a Revolving Housing Loan Fund to finance additional homes that the City could build on individual lots it had acquired.

The City had experienced difficulty in getting some potential buyers bank-qualified for conventional loans. At the same time, Habitat for Humanity of Bulloch County, Inc. had a waiting list of potential homebuyers, but had had difficulty in obtaining reasonably priced building lots. Since Habitat finances its own mortgages at zero interest, the bank qualification process is not an issue for their buyers. The City had 21 remaining lots in Statesboro Pointe, and in late May, 2003, partnered with Habitat; and had the Georgia Department of Community Affairs amend its two grant awards to allow the City to provide these lots as needed to Habitat through the Statesboro—Bulloch County Land Bank Authority at reduced market rates or in some cases, no cost. In addition, DCA authorized the City to loan Habitat up to \$15,000 per house from the CHIP Grant Revolving Loan Fund, to be repaid at no interest as the Habitat mortgage is repaid over 20 years. This has made it less expensive for groups wanting to build a Habitat house as they will have to provide \$15,000 less in upfront money for supplies and materials. This has spurred development of these houses at a faster pace, and has assisted Habitat in getting more volunteers. We believe it is an excellent partnership to address low-income housing in Statesboro.

To date, the City has given the Land Bank Authority three lots at no cost, to be provided to Habitat. In addition, the City has sold twenty lots to the Land Bank Authority for \$5,000 each, which in turn were sold to Habitat for the same price.

When Statesboro Pointe is completely built out, it is anticipated that the City and Habitat will partner on still other subdivisions, as the CHIP Grant funds will constitute a Revolving Housing Loan Fund that is replenished monthly as the loans to previous homebuyers are repaid into this CDBG Fund. This fund will be the repository of the Revolving Housing Loan Fund.

This Budget assumes that the City will convey two more lots to the Land Bank Authority for conveyance to Habitat. In addition, the City will make two loans of \$15,000 each to Habitat for the construction of these houses. Anyone wishing to participate in this housing program is encouraged to contact Mandi Cody, Director of Community Development, at 764-0666, or Mrs. Lee Cheshire, Habitat Executive Director, at 489-2076.

US DEPARTMENT OF JUSTICE GRANT

This fund accounts for funds seized for possible illegal activity by the Crime Suppression Unit. Once the court adjudicates the case, the money is either released back to the individual, or is forfeited. In some cases, some of the funding goes to the Bulloch County Clerk of Court, and some is turned over to the City. Those funds turned over to the City are used exclusively to support the Crime Suppression Unit, usually with the purchase of additional equipment, training, and investigative costs as required by the Office of Justice Programs Financial Guide.

In FY 2008, the City was awarded a US Department of Justice Grant (The Byrne Memorial Discretionary Grant) for the creation of a Crime Suppression Unit. The City was awarded \$317,722 for this four member team. As long as the Crime Suppression Unit is active, any seizures that are made are recorded in this fund.

BROADBAND WIRELESS GRANT FUND

This fund accounts for receipts and disbursements of a Georgia Technology Grant for the Wireless Communities Georgia Broadband Wireless initiative. The grant provides funding for a wireless broadband network effectively extending the Georgia Southern University campus wireless network to the downtown Statesboro area.

The city was awarded a \$323,298 grant for this project and will provide matching funds of at least twenty percent as required by the grant. The city is partnering with the Downtown Statesboro Development Authority (DSDA) and Georgia Southern University to develop a center known as the GSU City Campus. The City Campus will house space for the GSU intern program to facilitate interaction between students and perspective employers, and Entrepreneurial Center to assist existing downtown businesses as well as start up businesses with essential support services.

This project will be completed by June 30, 2011 and the fund will be closed. The information included is for comparison purposes only.

MULTIPLE GRANT FUND

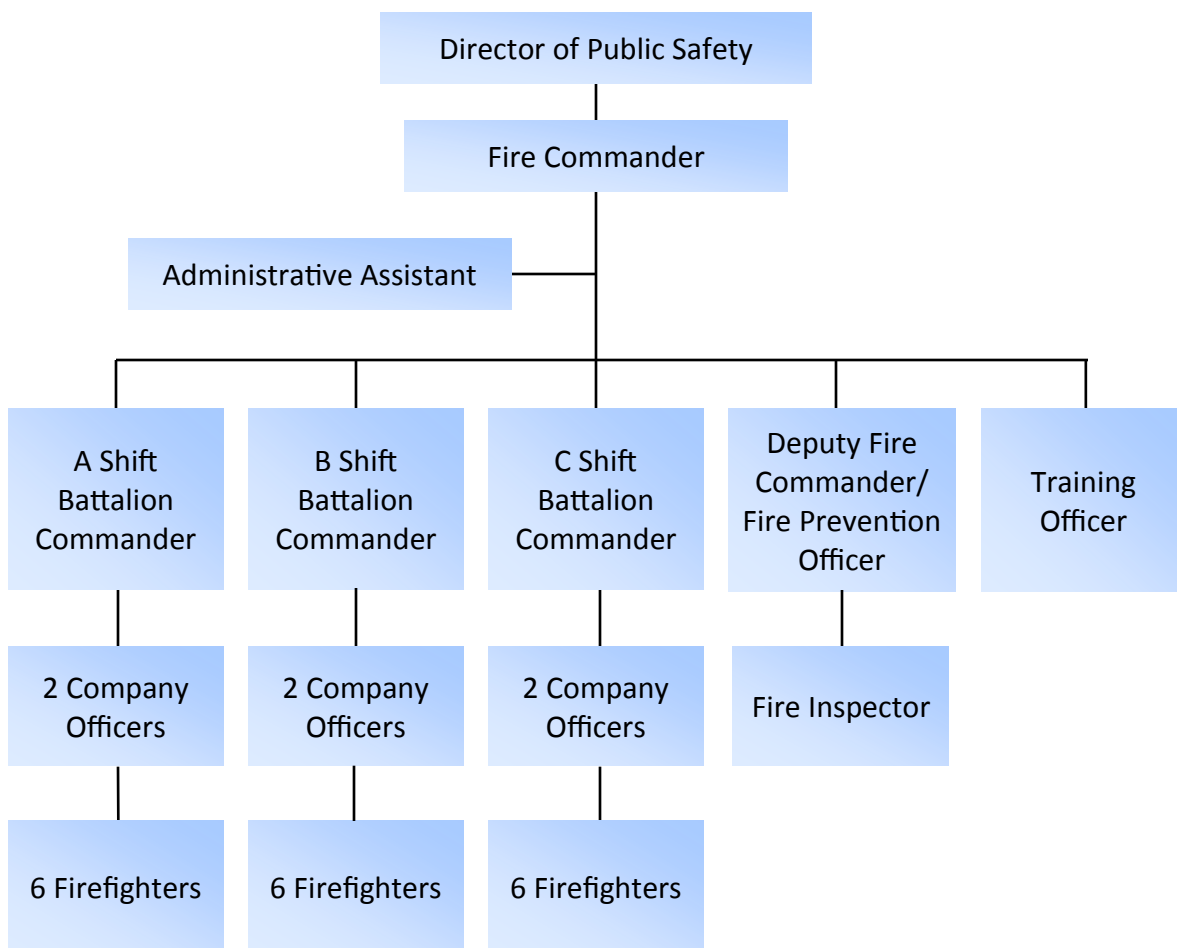

This fund accounts for receipts and disbursements for small state and federal capital grants that individually are less than 2% of the General Fund's annual expenditures. Based upon this Budget, that amount would be for any grant below \$263,772 that is not accounted for in an existing fund. Grants for operating expenses would be received and spent in the appropriate operating fund rather than in this fund.

Should capital grants not budgeted here be received that are below the threshold, this fund would be amended to include both their revenues and expenditures.

**STATESBORO FIRE SERVICE FUND**

**STATESBORO FIRE SERVICE FUND**

This department is headed by the Director of Public Safety who is located at City Hall. Station One is located on West Grady Street and Station Two is located on Fair Road. The department offers a full range of fire, hazmat, technical rescue, fire and life safety code management and fire safety education services.

The department operates with 33 personnel, 32 of which are state certified firefighters, and two civilians.

The department operates with three shifts. Each shift works for a 24-hour period. This "24 on\48 off" schedule is considered the industry standard. It provides 9 personnel on each shift.

The Administrative staff consists of a Fire Prevention Officer, a Training Officer, a Fire Inspector as well as the Director of Public Safety, who work a typical 40-hour per week shift, are available for calls during those hours, as well as call-back on major fires.

The department is equipped with five fire pumpers, two aerial ladders, Command/Tactical Support unit, haz-mat unit and a Rehabilitation/Victim assistant unit.

All units are radio dispatched by the Bulloch County dispatch center which operates an enhanced 9-1-1 telephone system. All firefighters are issued pagers which operate on a VHF radio system.

The number of personnel, upgraded equipment, emergency communications, and the City's water system has resulted in the City enjoying a Class 3 ISO fire insurance rating.

The department also covers, by contract with Bulloch County, an area approximately five miles in circumference from each station, most of which is outside the City limits. This is known as the Statesboro Fire District and the residents of the district pay a fire district tax of 1.8 mills to the County, which remits it to the City. For the FY 2012, the fire district paid 37% of the Statesboro Fire Department's operating budget. For this payment, they receive reduced response times and enjoy the same Class 3 ISO rating as citizens of the City.

The department is actively involved in fire prevention. The Prevention Officer serves as the fire marshal, reviewing building plans for compliance with the Life Safety Code and the Fire Code. He works closely with the building official in the Engineering Department in the review of these plans.

In addition, the department presents fire safety programs to hundreds of school children throughout the City of Statesboro and the Statesboro Fire District each year. The department has a Fire Safety House which is taken to schools, community events and other events throughout the City and fire district.

GOALS & OBJECTIVES

**Goal: Continue to have no loss of life or serious injury from a fire related incident, and to keep fire-related property losses under .03% of the appraised value of the property within the Statesboro Fire District including the City of Statesboro.**

Objectives:

1. Continue to stress fire prevention through annual inspection of businesses.
2. Continue to stress fire prevention through visits to public and private schools within the fire district.
3. Continue to stress early detection of fire through distribution of residential smoke alarms.
4. Continue to properly train firefighters to stress safety in their work.
5. Finish a fire station master plan to determine the number and location of future fire stations. Then, work cooperatively with Bulloch county to implement the changes as they become needed.
6. Acquire a temporary fire station facility to service the eastern part of the district.
7. Continue to pursue grants as an alternative source of funding for needed capital items.
8. Continue to work toward the construction of the S.Main/GSU fire station.
9. Enter into a purchase contract for the acquisition of two new fire apparatus.
10. Develop and implement cost recovery strategies to protect the fire district from material financial loss.
11. Enhance the staffing levels of the department through a volunteer firefighter program.

**DESCRIPTION OF PROJECTS**

**FD-32 REPLACEMENT PICKUP:** This vehicle will replace a Ford Crown Victoria with mileage in excess of 105,000 miles.

*Impact on Operating Budget: \$0*

**FD-34 REPLACEMENT PICKUP:** The current vehicle is a 2000 Ford with over 100,000 miles. The replacement vehicle will be used primarily for transporting personnel and will serve as a back up command vehicle.

*Impact on Operating Budget: \$0*

**FD-40 REPLACE SELF CONTAINED BREATHING APPARATUS:** The current self-contained breathing apparatus (SCBA's) are reaching the end of their useful life. Additionally, they do not have many of the safety features incorporated into SCBA's over the last few years.

*Impact on Operating Budget: \$0*

**FD-49 INSPECTOR PICKUP:** The current pickup truck has exceeded its useful life. This unit will be replaced with a 1 ton crew cab to allow for transporting of trailers and crew members.

*Impact on Operating Budget: \$0*

**HOTEL/MOTEL TAX FUND**

This fund accounts for the receipts and disbursements of the 5% hotel/motel room occupancy tax. Since April, 2002, the City has had one-year Service Contracts with the SCVB, the Downtown Statesboro Development Authority (DSDA), and the Statesboro Arts Council (SAC) to promote tourism-related activities. The hotel/motel tax proceeds are distributed as follows under the contracts:

25.0 %	DSDA
35.0 %	SAC
<u>40.0%</u>	SCVB
100.0 %	Total

The proceeds are received from the hotel and motel operators monthly, and are distributed based upon the agreed percentages on a monthly basis as well. The current contract is effective from July 1, 2011 through June 30, 2012.

TECHNOLOGY FEE FUND

This fund accounts for fees collected from citations issued by the Police Department. Currently, the ordinance reads as follows:

**Section 78-10. Technology Fee.** There shall be imposed by the Municipal Court of the City of Statesboro, Georgia a technology surcharge in the amount of \$20.00 per offense for all offenses against the ordinances of the City of Statesboro or laws of the State of Georgia. The technology surcharge shall be in addition to all other fines and fees imposed by the Municipal Court. The revenue derived from the technology surcharge shall be used by the City to provide technical support for Public Safety and Municipal Court functions. This amendment shall become effective upon its approval by the Mayor and City Council of Statesboro, Georgia.

These fees are also used to supplement normal technical operating budget items for the Police Department and Fire Department. The amounts can fluctuate from year to year depending on several variables.

2002 SPECIAL PURPOSE LOCAL OPTION SALES TAX (SPLOST) FUND

This fund is used to account for the receipts and disbursements of the City's portion of the 2002 1% Special Purpose Local Option Sales Tax.

On March 19, 2002, the voters of Bulloch County approved a referendum measure to continue imposing this tax for a period of five years when the 1997 SPLOST lapsed at the end of September, 2002. Since there is a two-month delay in receiving these funds, receipt of the proceeds began in December, 2002. Those proceeds will be disbursed pursuant to intergovernmental agreements negotiated between the four City Councils and the County Commission prior to the referendum.

This is **not** an additional tax, but an extension for five years of the 1997 SPLOST. This means that the sales tax rate in Bulloch County remained at 6% -- 4% State Sales Tax for the State of Georgia, 1% Local Option Sales Tax for the Bulloch County Board of Education, and 1% Special Purpose Local Option Sales Tax divided by the four cities and the County. However, subsequent to this referendum, the Bulloch County Board of Education held a referendum calling for the imposition of an additional 1% Special Purpose Local Option Sales Tax for Education, (E-SPLOST), which will fund major school construction and renovation projects. This referendum was approved by the voters, and accordingly the sales tax rate in Bulloch County was increased to 7%.

All money should be expended and this fund should be closed out by the end of FY 2011. The information included is for comparison purposes only.

2007 SPECIAL PURPOSE LOCAL OPTION SALES TAX (SPLOST) FUND

This fund is used to account for the receipts and disbursements of the City's portion of the 2007 1% Special Purpose Local Option Sales Tax, and that portion of the tax used to finance the City/County joint Solid Waste Disposal Fund which the City administers.

On July 18, 2006, the voters of Bulloch County approved a referendum measure to continue imposing this tax for a period of six years when the 2002 SPLOST lapses at the end of September, 2007. Since there is a two-month delay in receiving these funds, receipt of the proceeds will begin in December, 2007. Those proceeds will be disbursed pursuant to an intergovernmental agreement negotiated between the four City Councils and the County Commission prior to the referendum.

This is **not** an additional tax, but an extension for six years of the 2002 SPLOST. This means that the sales tax rate in Bulloch County will remain at 7%--4% State Sales Tax for the State of Georgia, 1% Local Option Sales Tax for the Board of Education, 1% Educational SPLOST for the Board of Education, and this 1% SPLOST for the county and four cities.

	<b>\$ 6,483,228</b>

**DESCRIPTION OF PROJECTS**

**ENG-2 STORMWATER PHASE II REGULATIONS:** The EPA and EPD have issued new stormwater regulations that require compliance in six (6) mandated areas. The City Engineering Department has been informed by State officials and related professionals that we should anticipate compliance requirements by the year 2013. Prompt installation of some key components will be crucial to the success of the Stormwater Program. This project will be used to retain the services of a qualified consultant to assist the City with setting up its Stormwater Program. The consultant would be charged with helping the City establish timelines, identify stormwater related needs, determine EPD requirements and program funding alternative including the possible implementation of a stormwater utility fee.

*Impact on Operating Budget: \$0*

**ENG-28 STREET STRIPING:** This work is needed to bring existing pavement markings up to date or place new, necessary pavement markings.

*Impact on Operating Budget: \$0*

**ENG-40 STREET REPAVING PROGRAM:** There are approximately 135 miles of streets and highways within the City limits. Of those, approximately 20 are State or Federal highways, which the Georgia Department of Transportation is responsible for maintaining. The other approximately 115 miles are solely the responsibility of the City. The funding for this project along with the States LARP (Local Assistance for Roads) funds will be used to resurface local roads as needed. It will also be used to mill down some streets before resurfacing, where additional asphalt would raise the road too high for the existing curb and gutter. Performing resurfacing, when needed, extends the service life of our streets.

*Impact on Operating Budget: \$0*

**ENG-41 EAST MAIN/COURTLAND ST. PARKING LOT (PHASE II & III):** Well-lit, easily accessible parking spaces are a premium in the downtown area. Former concerns for additional downtown parking indicate that these additional 40 spaces (approximately) are desired by citizens and will be even more necessary with the opening of the GSU City Campus located directly across the street from this proposed parking lot.

*Impact on Operating Budget: \$0*

**ENG-44 INTERSECTION IMPROVEMENTS FOR W. GRADY ST. AND S. COLLEGE ST.:** Presently, large vehicles and emergency vehicles have difficulty making the turn at this intersection because of the short turning radii and the close

proximity of the utility poles. Some of the corners do not have handicap accessible ramps and those that have them do not meet standards. This intersection is very close to a Fire Station, an EMS station and the Police station, so adequate turn movements are critical. Upgrading to the existing traffic signal will be required. Providing adequate lane width for all the thru and turn lanes at this intersection will also be required under this project.

*Impact on Operating Budget: \$0*

**ENG-90 INSTALL SIDEWALK AT ROBINHOOD TRAIL:** A sidewalk is needed along Robinhood Trail to provide a safe place for the heavy volume of pedestrian traffic to travel. The continued construction of large scale, high density student housing at the easterly end of Robinhood Trail has provided a substantial increase in pedestrian traffic traveling to and from the GSU campus.

*Impact on Operating Budget: \$0*

**ENG-91 CHURCH STREET IMPROVEMENTS:** In FY 2010, the City and County combined their efforts to make substantial improvements to Luetta Moore Park which is located along the southerly side of Church Street. The improvements to the park only provided minimal improvements to Church Street itself. The existing pavement of Church Street is in very poor condition, the pavement width varies from 16' to 18' (which is substandard), and the existing street drainage system is inadequate. Overall roadway improvements are badly needed.

*Impact on Operating Budget: \$0*

**ENG-97 TRAFFIC SIGNAL INSTALLATION/INTERSECTION IMPROVEMENTS VETERANS MEMORIAL PKWY @ BRAMPTON AVE./STAMBUK LANE:**

Install new traffic signal at the intersection of Veterans Memorial Parkway and Brampton Ave./Stambuk Ln. GDOT is currently performing a traffic study and the intersecting will likely warrant signalization. The intersection receives traffic on Brampton Avenue from the Market District, as well as East Georgia Regional Medical Center, University Pines Apartments and The Grove Apartments. From the southerly leg there are also two (2) large apartment complexes, the Garden District and the Exchange which produce a large number of vehicles which travel thru this intersection

*Impact on Operating Budget: \$0*

**ENG-98 ROADWAY IMPROVEMENTS AT ELEMENTARY SCHOOLS:** The Bulloch County Board of Education is currently in the process of constructing three (3) new elementary schools. It is anticipated that roadway improvements will be required at

some of these schools. State law dictates that local BOE cannot spend its funds outside of BOE property lines, therefore, other funding sources must be identified to make any "warranted" improvements. It is our goal to find other sources of funding such as Georgia Department of Transportation funds, however, at this time we have not secured additional funding. This project will involve, where warranted by a traffic study, widening of the pavement in order to install left turn lanes and/or deceleration lanes and improve nearby turn radii at newly constructed elementary school(s).

*Impact on Operating Budget: \$0*

**ENG-103 TRAFFIC SIGNAL BRANNEN STREET AT WAL-MART**

**ENTRANCE:** There are a high number of left turn accidents by motorists at the Wal-Mart exit. The traffic signal would stop all traffic on Brannen Street to allow these motorists to make a safe left turn.

*Impact on Operating Budget: \$0*

**ENG-104 CONSTRUCT A 5' SIDEWALK ALONG THE WESTERLY SIDE OF S. MAIN ST. – APPROXIMATELY 2800 LF AND CONNECT TO EXISTING SIDEWALK BY SWEETHEART CIRCLE:**

A significant increase of pedestrian traffic along this busy corridor (primarily college students walking to and from the GSU campus) has increased the chances of a conflict between a vehicle and a pedestrian. Sidewalks are needed to provide a safe route to the existing signalized traffic signals located at 301 South/Rucker Lane and 301 South/Tillman Road.

*Impact on Operating Budget: \$0*

**ENG-SWC-1 KNUCKLEBOOM LOADER AND BODY:** This project provides a replacement knuckleboom loader truck for the Solid Waste Collection Department. The department is unable to obtain parts for the current truck any longer and the components are worn and outdated.

*Impact on Operating Budget: \$2,500 Decrease in Repairs and Maintenance - Equipment*

**ENG-SWC-8 AUTOMATED RESIDENTIAL GARBAGE TRUCKS:** This project will provide a replacement residential garbage truck for the Solid Waste Collection Department. These vehicles experience a tremendous amount of wear and tear and need to be replaced on a rotational basis.

*Impact on Operating Budget: \$0*

**PD-1 POLICE VEHICLES AND CONVERSIONS:** The police department has attempted to rotate a third of the patrol vehicles out of the fleet every year due to excessive mileage and high maintenance cost. Staff vehicles, used for personnel assigned in administration, detectives, and training, are rotated approximately every sixth year.

*Impact on Operating Budget: \$0*

**FD-7 FIRE STATION RELOCATION:** Over the last 10 years Statesboro has experienced rapid growth of both housing and businesses. A large amount of this growth is taking place on the east side of the City in the area of Cawana and Hwy 80. In order for the Fire Department to continue to provide the quality fire protection expected by the residents and business owners, a temporary fire station will be constructed in this area. A temporary station at this location would also help to maintain the city's ISO classification.

*Impact on Operating Budget: \$13,040 Increase for Building Upkeep and Electricity*

**WWD-14 WATER AND SEWER REHAB:** Water distribution and sewer collection mains are in poor condition and are undersized.

*Impact on Operating Budget: \$0*

**WWD-14J EAST MAIN STREET WATER MAIN REPLACEMENT:** Existing water main is improperly sized and is sand cast iron. Line has had numerous repairs over the last several years and in need of upgrading.

*Impact on Operating Budget: \$0*

**WWD-32 EXTENSION OF WATER AND SEWER TO UNSERVED AREAS:** Provide water and sewer infrastructure to areas inside the city limits not yet served by these utilities.

*Impact on Operating Budget: \$0*

**WWD-109 TO REPLACE FILTER AT WWTP:** Filters are in excess of 16 years old and the metal is badly deteriorating.

*Impact on Operating Budget: \$0*

SUMMARY OF PROJECTS BY FISCAL YEAR:

DOWNTOWN STREETSCAPE FUND

This fund accounts for the receipts and disbursements from a Georgia Department of Transportation TE-21 (Transportation Enhancement) Grant to improve two sidewalks, curb and gutter, street trees and other landscaping, decorative benches and lighting in a portion of the downtown. The City was awarded a \$530,000 grant for this project, and had committed to a local match. By adding \$739,000 of local money, the project will have \$1,269,000 available.

The funding will pay for the detailed construction plans and specifications, and the construction for the intersection of S. Main, W. Main, N. Main, and E. Main, continuing down E. Main to Railroad Street. This is the first of several planned phases to include the entire downtown area. This phase should tie in with the Greenway which extends from GSU to downtown, and the recently renovated Triangle Park.

Additional funding will come from two other sources. The street milling and resurfacing will come from the CIP Fund's street paving line item; and the burial of utility lines will come from the CIP Fund's line item for that purpose.

Subsequently, the City received an additional \$300,000 to assist with the West Main Street portion from the Main/Main intersection through College Street. In addition to the Streetscape work, geometric improvements will be made at the W. Main St./College St. intersection.

The East Main Street phase of this project was completed in mid-fall. At this time, the West Main Street has been put on hold due to budgetary constraints and the expected impact to traffic and retail businesses in the area.

**CAPITAL IMPROVEMENTS PROGRAM FUND**

This fund accounts for the receipt and disbursement of funds to acquire major general fixed assets for the City. The projects are derived from the first year's listing within the 6-year Capital Improvements Program for the CIP Fund. Other capital projects are funded in the individual utility funds such as the Water and Sewer Fund, the Natural Gas Fund, the Solid Waste Collection Fund, and the Solid Waste Disposal Fund. Some are also funded in the Fleet Management Fund, the Confiscated Assets Fund, the Multiple Grants Fund, the Statesboro Fire Service Fund.

Funding is provided by a transfer from the General Fund, federal and state grants, and Georgia Department of Transportation (GDOT) grants and local assistance funding, and the Georgia Municipal Association (GMA) lease pool loans. Projects funded here should cost at least \$5,000 and have a useful life of at least two years. Some may have a smaller dollar amount when they are a carryover from the previous year when a project was not finished by year-end. Some capital projects take longer than one fiscal year to complete, requiring the remainder of the project to be funded in the following fiscal year(s). Projects retain the same Project Number and accounting line item in subsequent years in order to easily track a multiple-year project.

The savings from projects or purchases that come in under the budgeted amount are transferred throughout the fiscal year to a Contingency line item in this fund. The Contingency is then available to fund any change orders or unanticipated projects or purchases that arise during the fiscal year without having to amend this fund's budget. Any appropriations remaining in the Contingency line item at fiscal year-end go into the fund balance, which can be appropriated in a subsequent year for other projects.

A summary of the six-year Capital Improvements Program to be financed from the Capital Improvements Fund is included at the end of this section. The complete Capital Improvements Program is a separate document, and contains more detailed information on each project.

**DESCRIPTION OF PROJECTS**

**CD-1 LUETTA MOORE TRAIL – PHASE I:** Phase I of the Luetta Moore Trail is the first .24 mile phase of an urban recreational multi-use trail. The hard surfaced trail geared toward non-motorized users provides recreational opportunity within a low-income neighborhood while creating linkage between neighborhoods, subsidized housing, city parks, major employers and city center. Following completion of all phases, the Luetta Moore Trail is anticipated to be 1 mile in length. Funding has been requested for a portion of the construction cost through the Georgia Recreational Trails grant program. The project is consistent with the Bulloch County Greenways System Master Plan (2003), and identified as a prioritized bicycle/pedestrian project in the Bulloch County/City of Statesboro 2035 LRTP (2009).

*Impact on Operating Budget: \$1,000 Increase for Maintenance*

**ENG-18 CALIBRATION OF CITY HALL DE-HUMIDIFIER AND CHILLERS:** Chiller engines have been upgraded to 100% status. The new SEMCO dehumidifier and chillers will need calibration and general maintenance to perform properly. Proper yearly maintenance will keep chillers and de-humidifier running smoothly.

*Impact on Operating Budget: \$0*

**ENG-PT-18 TREES AND SHRUBS MAINTENANCE:** This project will entail replacing dead trees and shrubs along the Willie McTell Trail as well as in other locations around the city. It will also provide additional trees and shrubs as needed to maintain city properties, meet “Tree City USA” demands, and promote the use and aesthetics of city parks and facilities.

*Impact on Operating Budget: \$0*

**ENG-STS-64 REPLACE EXMARK MOWERS:** Due to heavy use each year, these units undergo extreme metal fatigue. They need to be replaced on a 2 year rotational basis.

*Impact on Operating Budget: \$0*

**ENG-STS-79 MARTIN LUTHER KING, JR. DRIVE DRAINAGE AND SIDEWALK IMPROVEMENTS:** Phase 1 of the Luetta Moore Trail is the first .24 mile phase of an urban recreational multi-use trail. The hard surfaced trail geared toward non-motorized users provides recreational opportunity within a low-income neighborhood while creating linkages between neighborhoods, subsidized housing, city parks, major employers and city center. Following

completion of all phases, the Luetta Moore Trail is anticipated to be 1 mile in length. Funding has been requested for a portion of the construction cost through the Georgia Recreational Trails grant program. The project is consistent with the Bulloch County Greenways System Master Plan (2003), and identified as a prioritized bicycle/pedestrian project in the Bulloch County/City of Statesboro 2035 LRTP (2009).

*Impact on Operating Budget: \$0*

**ENG-STIS-90 ROBINHOOD TRAIL SIDEWALK:** A sidewalk is needed along Robinhood Trail to provide a safe place for the heavy volume of pedestrian traffic to travel. The continued construction of large scale, high density student housing at the easterly end of Robinhood Trail has provided a big increase in pedestrian traffic traveling to and from the GSU campus.

*Impact on Operating Budget: \$0*

**ENG-STIS-92 WEST MAIN STREETSCAPE:** The City Council determined several years ago to support and fund major infrastructure improvements to downtown Statesboro as a means of improving the safety and environment. This would in turn create an atmosphere which will encourage businesses to locate downtown. Phase I of the Streetscape Project involved upgrading East Main Street between Main Street & Main Street and Railroad Street. Phase I has been completed. West Main Street Streetscape will be Phase II.

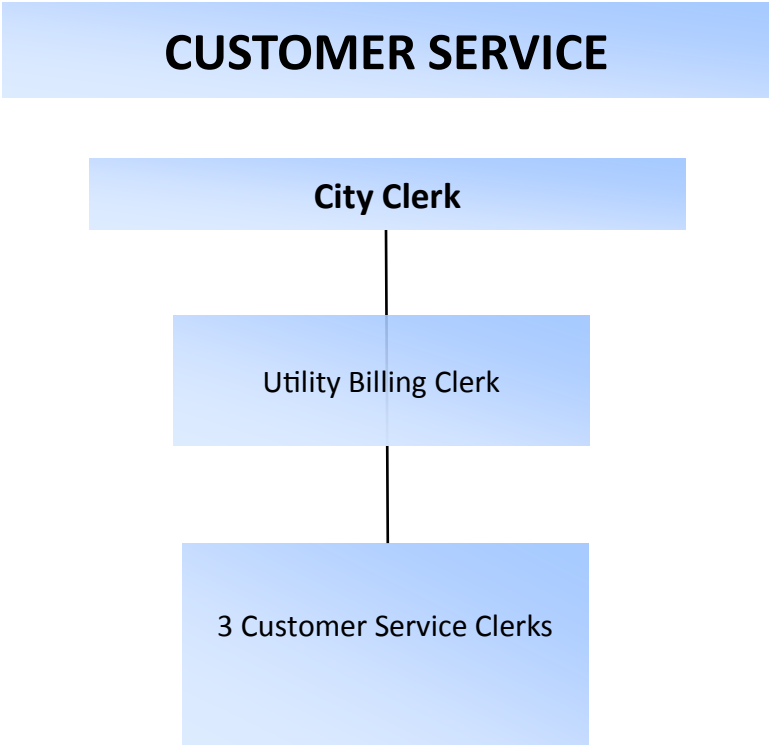

*Impact on Operating Budget: \$0*

SUMMARY OF PROJECTS BY FISCAL YEAR:  
CAPITAL IMPROVEMENTS PROGRAM FUND

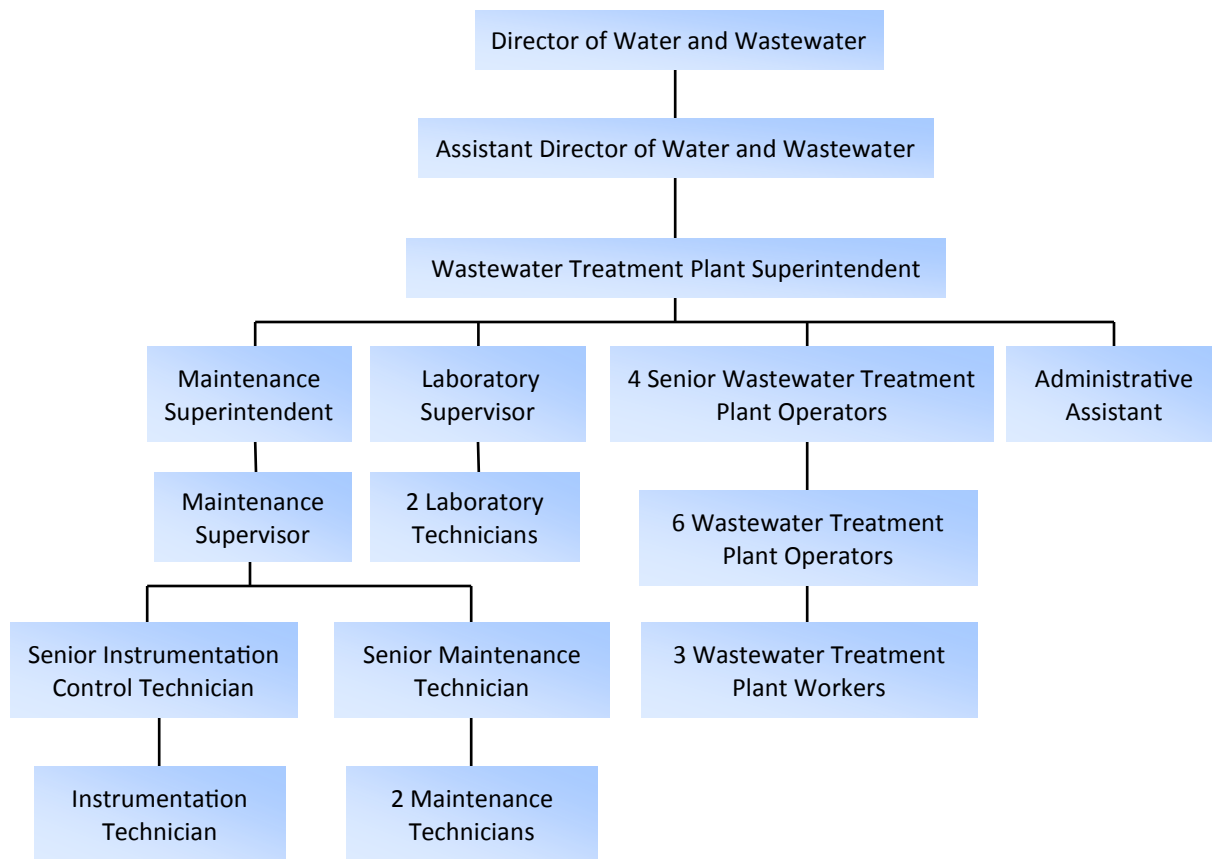

Project Number	Project	FY 2012	FY 2013	FY 2014	FY 2015	FY 2016	FY 2017	TOTALS
CD-1	Luetta Moor Trail-Phase I	\$ 100,000						\$ 100,000
ENG-5	Engineering Department Vehicles		\$ 20,000					\$ 20,000
ENG-12	Updates City Maps and Boundary Markers			\$ 10,000			\$ 10,000	\$ 20,000

## WASTEWATER DEPARTMENT

**WATER/SEWER DEPARTMENT**

WATER AND SEWER FUND

This fund accounts for the receipts and disbursements to finance the City's Water and Sewer Department. The department is responsible for water treatment, storage, and the distribution system; and the wastewater collection, pumping, and treatment system, as well as the utility billing and collection through the Customer Service Department. The City's water is pumped from deep groundwater wells, treated, pumped to elevated storage tanks, and distributed throughout the City and parts of the County. Wastewater is collected in the sewer lines, pumped where gravity flow is not possible, then treated at a state-of-the-art wastewater treatment plant before discharging to Bird's Pond.

The City must meet stringent US Environmental Protection Agency standards for the treatment of drinking water, and the treatment before discharge of wastewater. Both of these functions are critical to public health, and require certified operators and laboratory personnel.

This fund is accounted for on the accrual basis of accounting, including full depreciation, so that management can determine its financial position as a stand-alone enterprise supported by fees and charges. In order to keep rates low, some SPLOST funds are used for major projects. Any SPLOST funds to be used for water and wastewater projects are spent within the SPLOST Fund, with the completed project then transferred to this fund as a fixed asset.

The City charges fees for service based upon actual consumption. Prices are set to cover the cost of personnel, operations, equipment and improvements and extensions of the systems. Unlike private utility companies, the City does not have to pay property or income taxes, and there are no distributions to shareholders, since the City is tax-exempt and non-profit. Therefore, all net income is either put back into the system, or transferred to the General Fund in order to reduce the need for property taxes to support other City operations. Either way, our citizens and customers are the beneficiaries.

A summary of the six-year Capital Improvements Program financed in the Water and Sewer Fund is included at the end of this section. The complete Capital Improvements Program is a separate document, and contains more detailed information on each project.

GOALS & OBJECTIVES

**Goal: Continue to provide safe drinking water with no disruptions other than for minor line repairs.**

Objectives:

1. Continue to maintain all lines, pumps and water tanks so that breakdowns are avoided.
2. Continue to maintain the SCADA system so that system information is provided in a timely manner for the operators.
3. Continue to train and supervise the laboratory staff so that all required EPA/EPD testing is completed and reported as required, and that any quality issues are addressed immediately.
4. Continue the backflow prevention installation program.
5. Install \$50,000 worth of touch-read meters to replace older meters.

**Goal: Continue to collect and treat all wastewater on our system within the NPDES permit issued by the Environmental Protection Division of the Georgia Department of Natural Resources.**

Objectives:

1. Continue to maintain the sewer lines, pump stations, and WWTP so that overflows are avoided.
2. Continue to operate the WWTP and the laboratory so that all parameters of the NPDES Permit are met, and properly tested and reported to the State monthly.
3. Install emergency generators at two more sewer lift stations.
4. Repair the tanks at the wastewater treatment plant.

**Goal: Reduce the amount of infiltration and inflow into the wastewater collection system.**

Objectives:

1. Use the Cues camera to systematically identify the areas of worst infiltration and inflow, particularly in heavy rains.
2. Develop a priority rating system for these problems, and either contract for or repair in-house.

**Goal: Continue to improve the City's capacity to provide quality customer service.**

Objectives:

1. Publicize through GSU mailings to students, and other forms of media of all customers the availability of online utility, property tax, and court fine payments.
2. Keep the number of misreads on utility accounts below 0.05%.
3. Continue to correct billing errors within a 24-hour time period.

PERFORMANCE MEASURES

	FY 2010		FY 2011		FY 2012
	Adopted	Actual	Adopted	Projected	Base
*Number of residential water customers	9,309	9,228	9,250	8,784	8,800
*Number of residential sewer customers	8,675	8,610	8,632	8,439	8,445
*Number of commercial/industrial water customers	1,470	1,356	1,370	1,165	1,170

**DESCRIPTION OF PROJECTS**

**WWD-15 PHASE II BACKFLOW PREVENTION PROGRAM:** This project involves installing backflow preventers on all commercial and residential water meters. This complies with the City's Cross Connection Control Policy required by the EPD.

*Impact on Operating Budget: \$0*

**WWD-37 RETROFIT PUMP STATIONS WITH GENERATORS:** Due to more stringent and increased regulations by EPD regarding sewage overflows, the City needs to begin retrofitting all sewage pump stations with emergency power generators. This would limit the potential of overflows due to power outages. Currently, we have twenty-one (21) sewage pump stations in the collection system. Of these, only three (3) have emergency power capability.

*Impact on Operating Budget: \$600 Increase for Fuel; \$250 Increase for Maintenance*

**WWD-38 CHANGE OUT TO TOUCH-READ METERS:** This is an on-going change-out program to upgrade meters before the twenty (20) year life cycle of a meter has ended. The City will replace approximately 500 meters per year with the touch-read meters. This should enable us to postpone hiring any additional meter readers in the very near future.

*Impact on Operating Budget: \$0*

**WWD-79 EQUIPMENT SHELTER FOR WWTP:** This project will involve constructing a 45' x 100' equipment shelter at the Wastewater Treatment Plant that will house the boom truck, backhoe, dump truck, yard jockey and sludge trailers. This equipment is currently parked outside and exposed to the elements.

*Impact on Operating Budget: \$3,500 Decrease in Repairs and Maintenance – Equipment*

**WWD-80 UPGRADE 2 LIFT STATIONS TO MULTI-TRODE:** This project will involve upgrading all sewage pump stations with the Multi-Trode Multi-Smart Pump Controller. The advantage of upgrading these pump stations is that the City would be able to gather more data such as pump GPM, duration of cycles, and total capacity that a particular station handled in a day.

*Impact on Operating Budget: \$0*

**WWD-86 SEWER LINING EQUIPMENT:** The purchase of this equipment will enable personnel to perform the installation of lining to deteriorated sewer mains in order to preserve sewer main integrity and carrying capacity.

*Impact on Operating Budget: \$0*

**WWD-94 REPLACE TRACTOR MOWER:** Due to age and current condition, this tractor/mower will need to be replaced with a new unit. The unit is used for utility right-of-way maintenance.

*Impact on Operating Budget: \$0*

**WWD-105 PURCHASE 30” SELF-PROPELLED PAVEMENT SAW:** A 30” Self-Propelled saw will be able to make pavement cuts more quickly, which will eliminate extended closure of roads during repairs.

*Impact on Operating Budget: \$0*

**WWD-109 REPLACE FILTERS AT WASTE WATER TREATMENT PLANT:** This will replace and upgrade the 6 existing Tertiary Filters. The existing Filters are requiring excessive maintenance and the manufacturer is phasing out support for this older technology. With the commitment to utilize Reclaimed Water and to market it to Georgia Southern University as well as commercial entities it is imperative that the Tertiary Filters be upgraded to a higher level of efficiency, to ensure the least disruption of our ability to provide Reclaimed Water to our customers.

*Impact on Operating Budget: \$0*

RECLAIMED WATER FUND

This fund accounts for the receipts and disbursements to finance the City's Reclaimed Water System. The Reclaimed Water System is operated by personnel from the Water/Sewer and Wastewater Treatment Departments and is responsible for supplying highly treated wastewater (reclaimed water) to customers for the purpose of grounds irrigation. The City's Reclaimed Water is pumped from the effluent of the city's Wastewater Treatment Plant and distributed to approved end users of Reclaimed Water.

The City must meet stringent Reclaimed Water Standards established by the State of Georgia Department of Natural Resources, Environmental Protection Division under an NPDES Permit issued by the Department of Natural Resources.

This fund is accounted for on the full accrual basis of accounting, including full depreciation, so that management can determine its financial position as a stand-alone enterprise supported by fees and charges. Capital Cost Recovery (CCR) Fees are used for capital projects.

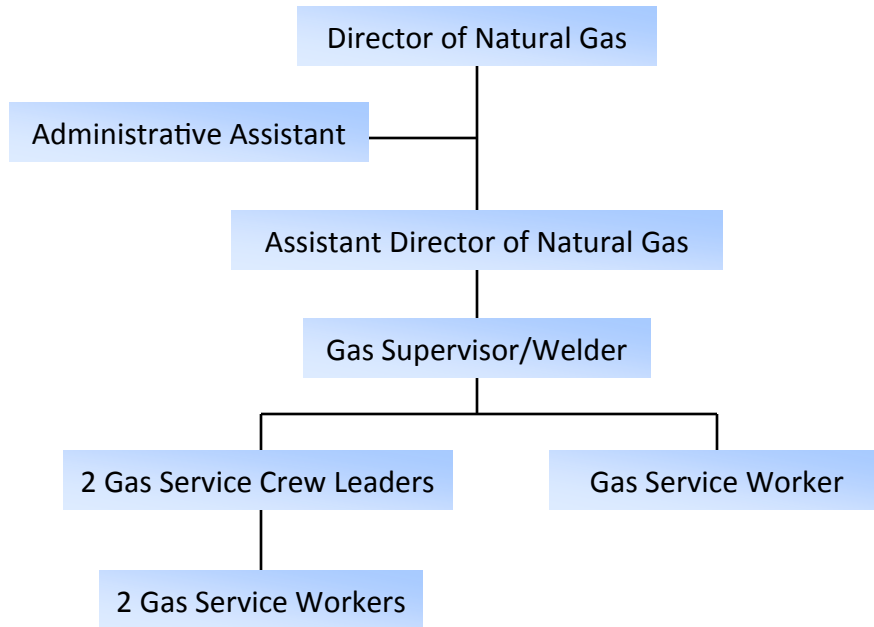

The City charges fees for service based upon actual consumption. Prices are set to cover the cost of personnel, operations and equipment repairs. System Expansions are paid from CCR fees.

**NATURAL GAS DEPARTMENT**

NATURAL GAS FUND

This fund is used to account for the receipts and disbursements to finance the Natural Gas Department. The department is responsible for operating the City's natural gas distribution system. The City purchases its gas wholesale, then sells it retail to its industrial, commercial and residential customers. The natural gas industry was fully de-regulated by Congress in 1988, and the Federal Energy Regulatory Commission has implemented policies since then to encourage open competition for gas supply. Since de-regulation, local distribution companies such as the City have had to join with other buyers to get the best possible price in what can be a highly volatile gas supply market. The City is a member of the Municipal Gas Authority of Georgia (MGAG), which is a joint agency established by the State of Georgia to assist municipal gas systems. MGAG negotiates contracts for gas supply, and also can hedge those prices using the commodities market, in an attempt to meet our customers' demand for gas at the lowest price.

The City uses a flexible gas rate, so that it can receive a realistic margin on each them it sells. The margin is added to the base rate, which is the wholesale price of gas for the month. In this way, the City charges what it needs to pay the personnel, maintain the system, and expand the system, in addition to buying the gas. Unlike private gas companies that must pay property and income taxes, as well as distributions to shareholders, the City is tax-exempt and our citizens are the shareholders. Therefore, all net income is either put back into the system, or transferred to the General Fund in order to reduce the need for property taxes to support other City operations. Either way, our citizens and customers are the beneficiaries.

The City has begun a much more aggressive program of system expansion in recent years. It is critical that this system be expanded in order to provide service to additional customers; and also because it is a source of revenue for the General Fund, thereby helping keep property taxes lower than they would be without this utility. The City is able to do this, and still have lower rates than the surrounding investor-owned gas utilities for the reasons cited above.

A summary of the six-year Capital Improvements Program for the Natural Gas Fund is included at the end of this section. The complete Capital Improvements Program is a separate document, and contains more detailed information on each project.

GOALS & OBJECTIVES

**Goal: Continue to operate this inherently dangerous system in compliance with all federal and state regulations in order to avoid any serious injuries or property damage.**

Objectives:

1. Continue to educate the public on the safe use of this commodity.
2. Provide by contract for safe, professional installation and servicing of natural gas appliances.
3. Continue to provide systematic training in operations and safety for all natural gas employees.
4. Have no serious accidents during the year.
5. Continue to participate in the MGAG consortium for safety and regulatory compliance.

**Goal: To expand this system in the most desirable locations to maximize both service and profitability.**

Objectives:

1. Continue to install services to new residential subdivisions and commercial developments.
2. Identify those areas within the City without natural gas service and install it.
3. Install gas mains in phase II of Gate Way Industrial Park.

**Goal: To encourage growth of the customer base by making natural gas appliances more readily available.**

Objectives:

1. Continue to provide the customer incentives to purchase natural gas appliances.
2. Participate in Municipal Gas Authority of Georgia marketing program PACE.
3. Develop marketing program for inactive accounts.

PERFORMANCE MEASURES

	FY 2010		FY 2011		FY 2012
	Adopted	Actual	Adopted	Projected	Base

**DESCRIPTION OF PROJECTS**

**NGD-11 SYSTEM EXPANSION PROJECTS:** As part of the City's master plan and the goal of expanding our system into new areas each year, this project will include adding two (2) miles of new main this year. Reinvesting a portion of the system revenues back into the system is a way of insuring the continued growth and health of our system.

*Impact on Operating Budget: \$0*

**NGD-19 HEAVY DUTY SERVICE TRUCK:** This will be a routine replacement of an existing truck.

*Impact on Operating Budget: \$0*

**NGD-21 INDUSTRIAL PARK 301 S:** This project will include installing gas lines and gas service to the new industrial park. This is the new park that is across from Wal-Mart Distribution Center.

*Impact on Operating Budget: \$0*

**NGD-44 SYSTEM EXPANSION 301 S & I-16:** This is the gas main needed to serve the intersection of 301 South and Interstate 16, it will also improve service delivery to areas off Hwy 46 and the surrounding industrial and commercial property. This project will consist of approximately 16,000 feet of 4" steel pipe and a 500 foot bore of I-16.

*Impact on Operating Budget: \$0*

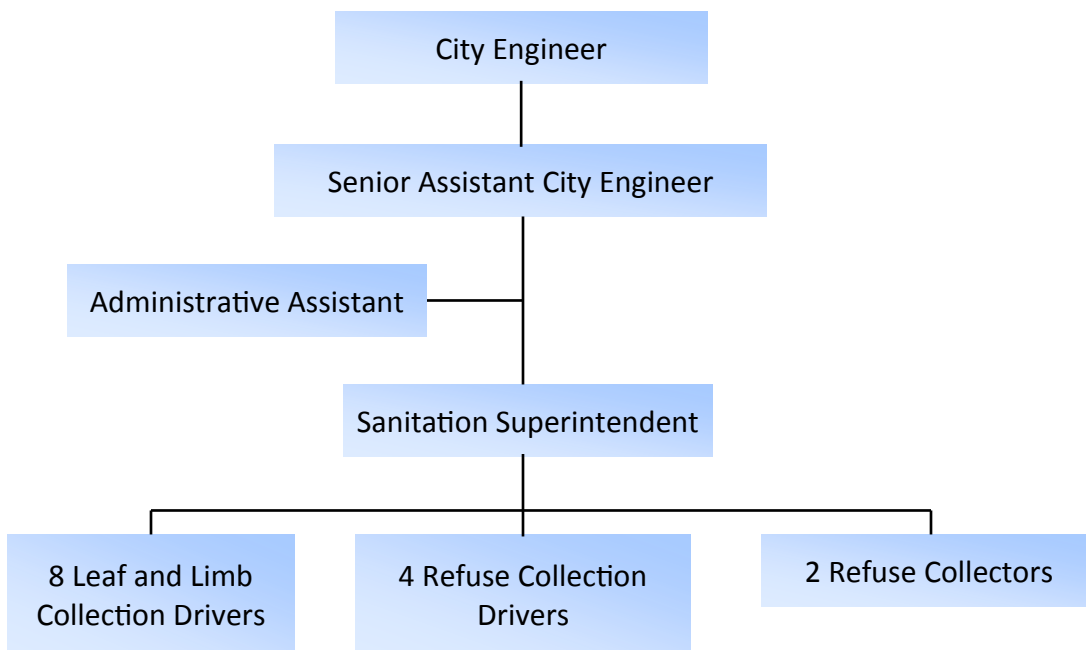

**NGD-56 ODORIZER TO SERVE METTER & I-16 INTERCHANGE:** Improve odorization of gas in areas where odor level may drop due to seasonal gas flow fluctuations. This installation will consist of a new pump odorizer, valve, meter and holding tank.

*Impact on Operating Budget: \$0*

**SOLID WASTE COLLECTION DIVISION**

SOLID WASTE COLLECTION FUND

This fund accounts for the receipts and disbursements to operate the City's solid waste collection systems for commercial, residential and yard waste. It is financed by the monthly sanitation fees and polycart fees that customers pay. The City provides commercial collection services using front-end loading trucks and dumpsters picked up on a schedule agreed to by the customer and City. Customers are charged an amount determined by the cubic yard size of the dumpster used, and the number of times per week it is serviced.

Residential collection is provided using polycarts that citizens take to the curbside for once per week service. The cost for this service is projected to increase to \$15.00 per month. This price remains lower than similar service by private companies in the unincorporated areas of Bulloch County.

Yard waste and white goods are collected curbside throughout the City using knuckleboom loaders following a route system. This service is included in the residential fee noted above.

This fund is also charged for each ton it disposes of in the Landfill Road Transfer Station. Consequently, the City entered into a contract with Williams Brothers Trucking Company, Inc. to grind and remove yard waste quarterly. The cost per ton for household/commercial refuse is projected to increase to \$37.00 at the Transfer Station. However, the grindable material is proposed to be charged \$15.50 per ton. Obviously, the contracted grinding is reducing our disposal costs.

A summary of the six-year Capital Improvements Program financed in the Solid Waste Collection Fund is included at the end of this section. The complete Capital Improvements Program is a separate document, and contains more detailed information on each project.

GOALS & OBJECTIVES

**Goal: Maintain a healthy environment by the removal and disposal of garbage, yard waste, and other debris.**

Objectives:

1. Continue to complete all assigned routes efficiently and effectively.
2. Explore ways to improve routing efficiency.
3. Continue to provide effective communication with the public and explore ways to improve customer service and communication.
4. Improve recycling and waste reduction opportunities.

PERFORMANCE MEASURES

	FY 2010		FY 2011		FY 2012

**DESCRIPTION OF PROJECTS**

**ENG-SWC-1 KNUCKLEBOOM LOADER AND BODY:** This project provides a replacement knuckleboom loader truck for the Solid Waste Collection Department. The department is unable to obtain parts for the current truck any longer and the components are worn and outdated.

*Impact on Operating Budget: \$2,500 Decrease in Repairs & Maintenance - Equipment*

**ENG-SWC-4 FRONT-LOADING COMMERCIAL DUMPSTERS:** This is an on-going replacement of commercial dumpsters that are no longer repairable.

*Impact on Operating Budget: \$0*

**ENG-SWC-5 ADDITIONAL POLYCARTS (150):** The continued growth of the City requires that we add approximately 30 new polycarts to the collection route each month. The normal life of the carts is 10 years, and some of these carts have been used for 13 years.

*Impact on Operating Budget: \$0*

**ENG-SWC-8 AUTOMATED RESIDENTIAL GARBAGE TRUCKS:** This project will provide a replacement residential garbage truck for the Solid Waste Collection Department. These vehicles experience a tremendous amount of wear and tear and need to be replaced on a rotational basis.

*Impact on Operating Budget: \$0*

**ENG-SWC-9 FRONT-LOADING COMMERCIAL GARBAGE TRUCKS:** In order to keep up with the growth of the City, these trucks need to be replaced on a rotational basis. The current two trucks are running 55-60 weeks versus a normal expected work week of 40 hours.

*Impact on Operating Budget: \$0*

**ENG-SWC-14 VEHICLE GPS TRACKING SYSTEM:** This equipment records field data and vehicle route, number of stops & speed to reduce cost and boost productivity. The units can be distributed to multiple personnel to further improve productivity and response times.

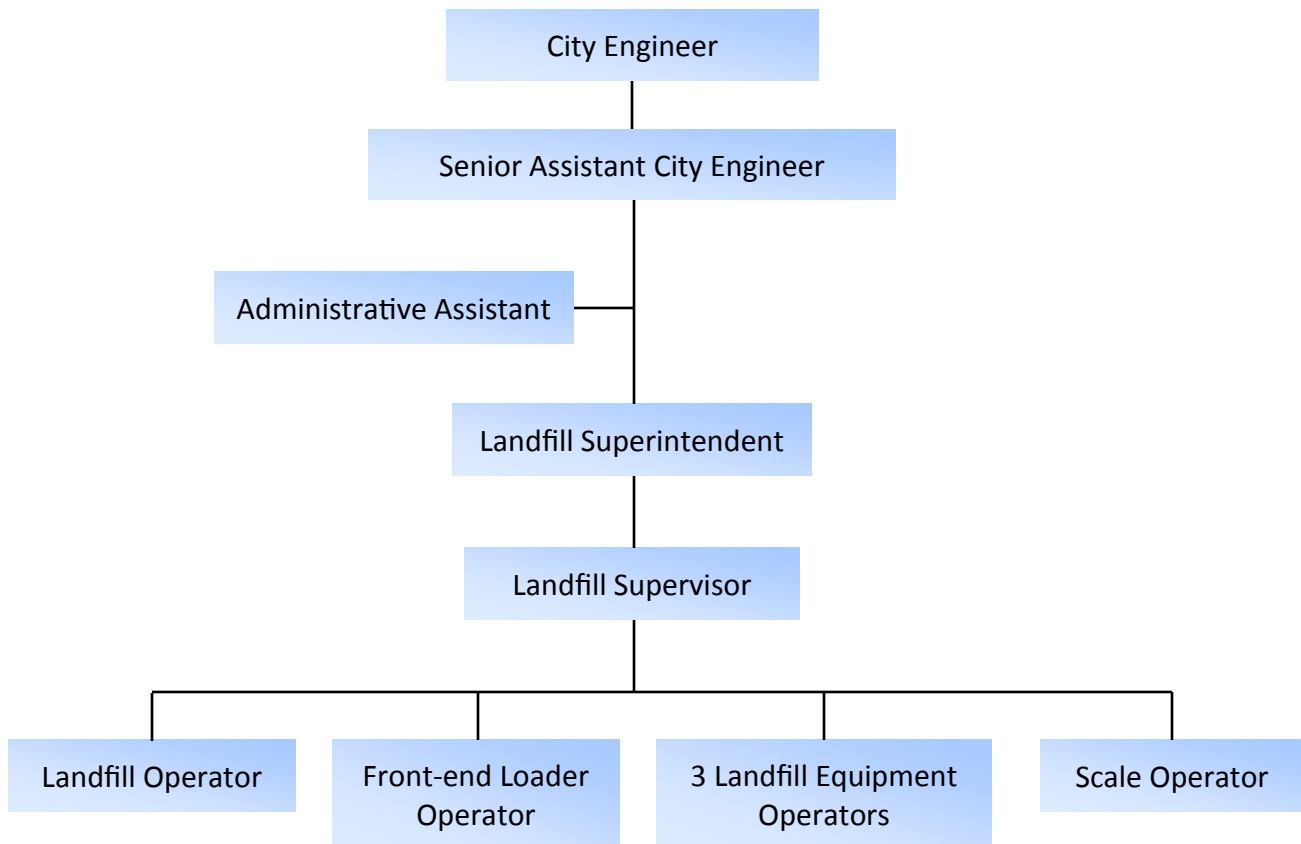

*Impact on Operating Budget: \$500 Increase in Maintenance Costs*

**SOLID WASTE DISPOSAL DIVISION**

**SOLID WASTE DISPOSAL FUND**

This fund accounts for the receipts and disbursements to operate the jointly owned City and County transfer station and inert landfill on Landfill Road. It also covers the post-closure costs of the Landfill Road Landfill. Also included are the costs to transport and dispose of the solid waste at the Broadhurst Environmental Landfill near Jesup. Transportation is provided by contract with a local trucking company. The disposal agreement was re-negotiated in 2002, resulting in a decrease in the tipping fees to a current rate of \$22.44 per ton. An inflationary index is included. Funding for the Keep Bulloch Beautiful program also comes from this fund.

This fund is financed by the tipping fees that users of the transfer station pay to dispose of solid waste. Brush, leaves and other grindable material is disposed of using a private mulching contractor at \$10.40 per ton. The tipping fee for this material is increasing to \$15.00 per ton. The tipping fee for other waste is increasing to \$37.00 per ton. The cost of transportation is currently equivalent to approximately \$13.02 per ton. In addition, there is the cost of personnel and equipment to weigh the waste and operate the transfer station and the methane extraction system as part of the post-closure of the Lakeview Landfill.

SPLOST funds are appropriated to pay the post-closure costs, and pay part of the disposal fees at the Broadhurst Environmental Landfill. Without these SPLOST funds, this fund would either have to be subsidized by property taxes, or have higher tipping fees. If those fees become too high, they could result in illegal dumping, which would create public health and aesthetics problems for the community.

The operation of the transfer station and inert landfill, the maintenance of the closed Lakeview Landfill and the operation of the attendant methane gas extraction system are under the direction of the City Engineer. The City Engineer is responsible for all post-closure regulatory compliance issues, working with the City's engineering consultant to keep the closed landfill in full compliance with US Environmental Protection Agency and Georgia Environmental Protection Division rules and regulations.

A summary of the six-year Capital Improvements Program financed in the Solid Waste Disposal Fund is included at the end of this section. The complete Capital Improvements Program is a separate document, and contains more detailed information on each project.

GOALS & OBJECTIVES

**Goal: Maintain a healthy environment by the removal and disposal of garbage, yard waste and other debris.**

Objectives:

1. Continue to grind as much yard waste as possible to minimize cost, provide reuse alternatives for the material, and reduce the use of inert landfill space at our facility.
2. Continue to explore additional ways further reduce tonnage transported to the Broadhurst facility for disposal.
3. Continue to operate the transfer station safely and in compliance with all federal and state regulations.
4. Investigate expanding the transfer station to ensure continued compliance with operating permit.
5. Expand inert landfill to ensure uninterrupted and continued operation.
6. Work with the county to provide additional recycling opportunities.

**DESCRIPTION OF PROJECTS**

**ENG-SWD-3 REPLACEMENT OF LONGHAUL TRAILERS:** This project will entail replacing old transfer trailers that have been used well beyond their useful life and are no longer safe to use. They will also be put on a 5-year rotation with three (3) replaced each year.

*Impact on Operating Budget: \$5,000 Decrease in Repairs and Maintenance*

**ENG-SWD-17 INERT LANDFILL EXPANSION:** This project will include the purchase of approximately 27 acres to the north of the Lakeview Road Landfill to allow the expansion of the existing inert landfill, to provide a natural buffer and to provide possible space for a construction and demolition waste landfill as well as other landfill related operations. The northerly side of the landfill provides the most logical location for expansion.

*Impact on Operating Budget: \$0*

**ENG-SWD-28 SLAB FOR METAL COLLECTION:** The EPD requires a 50' x 50' concrete slab with collection tank for runoff from metals in order to prevent contaminating dirt and ground water. This is necessary to keep the City in compliance.

*Impact on Operating Budget: \$0*

**ENG-SWD-31 TRANSFER STATION REPAIRS:** The floor has been worn to the point the re-bar is exposed through the concrete. The back wall has been pushed out and off its foundation – it is in dire need of repairs. The I-Beams are in danger of being pulled away from the concrete anchors.

*Impact on Operating Budget: \$0*

HEALTH INSURANCE FUND

This internal service fund accounts for the receipts and disbursements to operate the City's self-funded health insurance program. The City contracts with a third-party administrator (TPA) to run this program, and advise it on how to determine premiums for both the employer and the employee. The premiums are set to cover three cost components of the plan: the third party administrator's fees; actual medical claims; and the premiums for stop/loss reinsurance.

This Budget is based upon a 0% increase in premiums and the City will continue pay 78% of both employee and dependent health insurance, and individual employees will pay the other 22% through payroll deduction from earnings. The City's portion of the premiums is budgeted within each budget that has personnel covered by the plan, so that the costs are allocated to the proper fund, department and division.

It is critical that adequate reserves be set aside in good claims years, so that when a bad claims year hits, the fund is financially strong. This removes the possibility of spikes in rates for both the City and its employees, or serious cuts in the level of benefits provided.

The premiums as of July 1st are as follows:

<u>Monthly Premiums For Type of Coverage</u>	<u>Employee Share 22%</u>	<u>City Share 78%</u>	<u>Total Premiums</u>
<b>Single Employee</b>	<b>\$ 121.01</b>	<b>\$ 429.01</b>	<b>\$ 550.02</b>
Increase over Prior Year	\$ -	\$ -	\$ -
Increase per Week	\$ -	\$ -	\$ -
<b>Family Coverage</b>	<b>\$ 279.20</b>	<b>\$ 989.86</b>	<b>\$ 1,269.06</b>
Increase over Prior Year	\$ -	\$ -	\$ -
Increase per Week	\$ -	\$ -	\$ -

The City also offers a Flexible Benefits Plan whereby employees can deduct up to \$3,500 annually from their wages or salary to pay for medical expenses not covered by insurance. The benefit is that this money is considered pre-tax by the IRS, making it exempt from both federal and state income taxes. All money deducted by the employee during the plan year must be spent or it is forfeited to the plan and donated to a charitable purpose. Consequently, employees must carefully determine the deduction level each year.

Beginning in FY 2006, the City significantly changed its Workers' Compensation Insurance Program due to dramatically higher premiums. After comparing self-funding versus a higher deductible policy, the higher deductible was selected. The deductible per accident is now \$50,000. Some of the savings from the lower premium is then set aside in this fund as a reserve to pay any deductibles.

**FLEET MANAGEMENT DIVISION**

**FLEET MANAGEMENT FUND**

This fund accounts for the receipts and disbursements to operate the City's centralized vehicle and equipment fleet maintenance program. The Fleet Management operation is a true internal service fund, with all costs, including depreciation, charged to the using departments through labor, parts, and overhead charges just like a commercial garage. This reflects the true cost to each fund, department, and division.

For FY2012 each General Fund user will be charged a \$16.50 per hour service rate. All other users will be charged a \$44.00 per hour service rate. There will also be a 10% mark up on parts and sublet work. Computerized records of all maintenance on each piece of equipment will continue to be maintained and a preventative maintenance schedule, as established in conjunction with each department, will be continued. This has resulted in more dependable equipment and vehicle service resulting in prolonged usage and reduced life cycle costs.

A summary of the six-year Capital Improvements Program financed in the Fleet Management Fund is included at the end of this section. The complete Capital Improvements Program in a separate document, and contains more detailed information on each project.

**GOALS & OBJECTIVES**

**Goal: Continue maintainance of the City's fleet of vehicles at below market labor rates and reduce the number of breakdowns in the field.**

Objectives:

1. Increase the average number of equipment pieces maintained by each mechanic.
2. Reduce the costs of work contracted out by providing specialized training where available.
3. Continue to provide specialized training of mechanics for public service vehicles and equipment.
4. Continue promoting preventive maintenance schedules to further reduce equipment failures on the job.

WORKERS' COMPENSATION INSURANCE FUND

Beginning in FY 2006, the City significantly changed its Workers' Compensation Insurance Program due to dramatically higher premiums. After comparing self-funding versus a higher deductible policy, the higher deductible was selected. The deductible per accident is now \$50,000. Some of the savings from the lower premium is then set aside in this fund as a reserve to pay any deductibles.

**DEBT SERVICE SCHEDULES**

The City of Statesboro continues to be proactive in its fiscal management practices. This section summarizes the debt service obligations of the City at the beginning of FY 2012. These obligations represent the City's annual installment payments of principal and interest for previous capital improvement projects or acquisitions funded through debt financing.

According to the Georgia Constitution, a city's legal debt margin for general obligation debt is ten percent (10%) of the total assessed property values within the city limits. Currently, the City has no outstanding general obligation debt. In general long-term debt, the City has a lease agreement with the Downtown Statesboro Development Authority dated October 3, 1995, for 25 years. This debt financed the purchase and renovation of City Hall.

In the Natural Gas Fund, the City has a One Georgia Authority loan that financed the extension of gas lines to the City of Metter, Georgia. This obligation will be satisfied in April, 2022.

In the Water and Sewer Fund, the City recently issued \$15,040,000 in Water and Sewer Revenue Bonds. This debt was issued to refund and redeem all of the outstanding Water and Sewer Refunding Revenue Bonds, Series 1995, to prepay ten loans with the Georgia Environmental Facilities Authority, to provide funds sufficient to satisfy the Debt Service Reserve Requirement on the Bonds, to acquire, construct and equip extensions, additions and improvements to the System and to pay the fees and expenses incurred in connection with the issuance of the Bonds. The City will realize a savings of approximately \$382,859 in net present value over the next twenty three years. In addition, the City has three outstanding loans with the Georgia Environmental Facilities Authority.

**Glossary of Terms**

Accrual Basis - A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

Activity - Departmental efforts which contribute to the achievement of a specific set of program objectives; the smallest unit of the program budget.

Ad Valorem Taxes - Commonly referred to as property taxes, are levied on both real and personal property according to the property's valuation and the tax rate.

Allot - To divide an appropriation into amounts, this may be encumbered or expended during an allotment period.

Amortization - A tax deduction for the gradual consumption of the value of an asset.

Annualize - Taking changes that occurred mid-year and calculating their cost for a full year, for the purpose of preparing an annual budget.

Appropriation - A legal authorization to incur obligations and to make expenditures for specific purposes.

Assessed Valuation - The valuation set upon real estate and certain personal property by the Assessor as a basis for levying property taxes.

Assessment Ratio - The ratio at which the tax rate is applied to the tax base.

Asset - Resources owned or held by a government which has monetary value.

Attrition - A method of achieving reduction in personnel by not refilling the positions vacated through resignation, reassignment, transfer, retirement, or means other than layoffs.

Authorized Positions - Employee positions, which are authorized in the adopted budget, to be filled during the year.

Available (Undesignated) Fund Balance - This refers to the funds remaining from the prior year which are available for appropriation and expenditure in the current year.

Balanced Budget – A budget in which planned revenues available equal planned expenditures.

Base Budget - Cost if continuing the existing levels of service in the current budget year.

Bond - A long-term I.O.U. or promise to pay. It is a promise to repay a specified amount of money (the face amount of the bond) on a particular date (the maturity date). Bonds are primarily used to finance capital projects.

General Obligation (G.O.) Bond - This type of bond is backed by the full faith, credit and taxing power of the government.

Revenue Bond - This type of bond is backed only by the revenues from a specific enterprise or project, such as a hospital or toll road.

Bond Refinancing - The payoff and re-issuance of bonds, to obtain better interest rates and/or bond conditions.

Budget - A plan of financial activity for a specified period of time (fiscal year or biennium) indicating all planned revenues and expenses for the budget period.

Budgetary Basis - This refers to the basis of accounting used to estimate financing sources and uses in the budget. This generally takes one of three forms: GAAP, cash, or modified accrual.

Budget Calendar - The schedule of key dates that a government follows in preparation and adoption of the budget.

Budgetary Control- The control or management of a government in accordance with the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and resources.

Capital Assets - Assets of significant value and having a useful life of several years. Capital assets are also called fixed assets. The City of Statesboro defines them as assets costing at least \$5,000 and a useful life of two or more years.

Capital Budget - The appropriation of bonds or operating revenue for improvements to facilities, and other infrastructure.

Capital Improvements - Expenditures related to the acquisition, expansion or rehabilitation of an element of the government's physical plant; sometimes referred to as infrastructure. It also includes vehicle and equipment replacement.

Capital Improvements Program (CIP) - A plan for capital outlay to be incurred each year over a fixed number of years to meet capital needs arising from the government's long-term needs.

Capital Outlay - Assets which have a value of \$500 or more and have a useful economic lifetime of more than one year; or, assets of any value if the nature of the item is such that it must be controlled for custody purposes as fixed asset.

Capital Project - Major construction, acquisition, or renovation activities which add value to a government's physical assets or significantly increase their useful life. Also called capital improvements.

Capital Reserve - An account used to segregate a portion of the government's equity to be used for future capital program expenditures. The amount of capital reserve is roughly equal to the government's annual equipment depreciation and an amount identified as being needed for future capital acquisition.

Commodities - Expendable items that are consumable or have a short life span. Examples include office supplies, gasoline, minor equipment, and asphalt.

Constant or Real Dollars - The presentation of dollar amounts adjusted for inflation to reflect the real purchasing power of money as compared to a certain point in time in the past.

Consumer Price Index (CPI) - A statistical description of price levels provided by the U.S. Department of Labor. The index issued as a measure of the increase in the cost of living (i.e., economic inflation).

Contingency - A budgetary reserve set-aside for emergencies or unforeseen expenditures not otherwise budgeted.

Contractual Services - Services rendered to a government by private firms, individuals, or other governmental agencies. Examples include utilities, rent, maintenance agreements, and professional consulting services.

Cost-of-living Adjustment (COLA) - An increase in salaries to offset the adverse effect of inflation on compensation.

Debt Service - The cost of paying principal and interest on borrowed money according to a predetermined payment schedule.

Dedicated Tax - A tax levied to support a specific government program or purpose. .

Deficit - The excess of an entity's liabilities over its assets or the excess of expenditures or expenses over revenues during a single accounting period.

Department - The basic organizational unit of government which is functionally unique in its delivery of services.

Depreciation - Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

Development-related Fees - Those fees and charges generated by building, development and growth in a community. Included are building and street permits, development review fees and zoning, platting and subdivision fees.

Disbursement - The expenditure of monies from an account.

Distinguished Budget Presentation Awards Program - A voluntary awards program administered by the Government Finance Officers Association to encourage governments to prepare effective budget documents.

Employee (or Fringe) Benefits - Contribution made by a government to meet commitments or obligations for employee fringe benefits. Included are the government's share of costs for Social Security and the various pensions, medical and life insurance plans.

Encumbrance - The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a specified future expenditure.

Entitlements - Payments to which local governmental units are entitled, pursuant to and allocation formula determined by the agency providing the monies, usually the state or the federal government.

Expenditure - The payment of Cash on the transfer of property or services for the purpose of acquiring an asset, service or settling a loss.

Expense - Charges incurred (whether paid immediately or unpaid) for operations, maintenance, interest or other charges.

Fiscal Policy - A government's policies with respect to revenues, spending, and debt management as these relate to government services, programs and capital investment. Fiscal policy provides an agreed-upon set of principles for the planning and programming of government budgets and their funding.

Fiscal Year - A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization. The City's fiscal year is July 1st through June 30th.

Fixed Assets - Assets of long-term character that are intended to continue to be held or used, such as land, buildings, machinery, furniture, and other equipment.

Full Faith and Credit - A pledge of a government's taxing power to repay debt obligations.

Full-time Equivalent Position (FTE) - A part-time position converted to the decimal equivalent of a full-time position based on 2080 hours per year. For example, a part-time typist working for 20 hours per week would be the equivalent to .5 of a full-time position.

Function - A group of related activities aimed at accomplishing a major service of regulatory program for which a government is responsible (e.g., public safety).

Fund - A fiscal entity with revenues and expenses which are segregated for the purpose of carrying out a specific purpose or activity.

Governmental Fund – Funds generally used to account for tax-supported activities. There are five different types of governmental funds.

Capital Project Fund: Type of fund used to account for financial resources to be used for the acquisition or construction of major capital facilities.

Debt Service Fund: Type of fund used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

General Fund: Type of fund typically serves as the chief operating fund of a government. This fund is used to account for all financial resources except those required to be accounted for in another fund.

Permanent Fund: Type of fund used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs.

Special Revenue Fund: Type used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditure for specified purposes.

Proprietary Funds – Funds that focus on the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. There are two different types of proprietary funds.

Enterprise Fund: Type of fund used to report an activity for which a fee is charged to external users for goods or services.

Internal Service Fund: Type of fund that may be used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to other governments, on a cost-reimbursement basis

Fiduciary Fund – Funds used to report assets held in a trustee or agency capacity for others and which therefore cannot be used to support the government’s own programs. There are four different types of fiduciary funds.

Agency Funds: Type used to report resources held by the reporting government in a purely custodial capacity (assets equal liabilities). Agency funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

Investment Trust Funds: Type used to report governmental external investment pools in separately issued reports and the external portion of these same pools when reported by the sponsoring government.

Pension Trust Funds: Type used to report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contribution plans, other postemployment benefit plans, or other employee benefit plans.

Private-Purpose Trust Funds: Type used to report all trust arrangements, other than those properly reported in pension trust funds or investment trust funds, under which principal and income benefit individuals, private organizations, or other governments.

Fund Balance - The excess of the assets of a fund over its liabilities, reserves, and carryover.

GAAP - Generally Accepted Accounting Principles. Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

Goal - A statement of broad direction, purpose or intent based on the needs of the community. A goal is general and timeless.

Grants - A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending upon the grantee.

Indirect Cost - A cost necessary for the functioning of the organization as a whole, but which cannot be directly assigned to one service.

Infrastructure - The physical assets of a government (e.g., streets, water, sewer, public buildings and parks).

Interfund Transfers - The movement of monies between funds of the same governmental entity.

Intergovernmental Revenue - Funds received from federal, state and other local government sources in the form of grants, shared revenues, and payments in lieu of taxes.

Internal Service Charges - The charges to user departments for internal services provided by another government agency, such as data processing, or insurance funded from a central pool.

Lapsing Appropriation - An appropriation made for a certain period of time, generally for the budget year. At the end of the specified period, any unexpected or unencumbered balance lapses or ends, unless otherwise provided by law.

Levy - To impose taxes for the support of government activities.

Line-item Budget - A budget prepared along departmental lines that focuses on what is to be bought.

Long-term Debt - Debt with at maturity of more than one year after the date of issuance.

Materials and Supplies - Expendable materials and operating supplies necessary to conduct departmental operations.

Mill - The property tax rate which is based on the valuation of property. A tax rate of one mill produces one dollar of taxes on each \$1,000 of assessed property valuation.

Modified Accrual – Basis of accounting according to which (a) revenues are recognized in the accounting period in which they become available and measurable and (b) expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable except for unmatured interest on general long-term debt and certain similar accrued obligations, which should be recognized when due.

Net Budget - The legally adopted budget less all interfund transfers and interdepartmental charges.

Nominal Dollars - The presentation of dollar amounts not adjusted for inflation. Adjusting for inflation would be done to reflect the real purchasing power of money today.

Object of Expenditure - An expenditure classification, referring to the lowest and most detailed level of classification, such as electricity, office supplies, asphalt, and furniture.

Objective - Something to be accomplished in specific well-defined and measurable terms and that is achievable within a specific time frame.

Obligations - Amounts which a government may be legally required to meet out of its resources. They include not only actual liabilities, but also encumbrances not yet paid.

Operating Revenue - Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings, and grant revenues. Operating revenues are used to pay for day-to-day services.

Operating Expenses - The cost of personnel, materials and equipment required for a department to function.

Output Indicator - A unit of work accomplished, without reference to the resources required to do the work (e.g., number of permits issued, number of refuse collections made, or number of burglary arrests made). Output indicators do not reflect the effectiveness or efficiency of the work performed.

Pay-as-you-go-Basis - A term used to describe a financial policy by which capital outlays are financed from current revenues rather than through borrowing.

Performance Budget - A budget wherein expenditures are based primarily upon measurable performance of activities and work programs.

Performance Indicators - Specific quantitative and qualitative measures of work performed as an objective of specific departments or programs.

Performance Measure - Data collected to determine how effective or efficient a program is in achieving objectives.

Personal Services - Expenditures for salaries, wages, and fringe benefits of a government's employees.

Prior-Year Encumbrances - Obligations from previous fiscal years in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation, and for which a part of the appropriation is reserved. The cease to be encumbrances when the obligations are paid or otherwise terminated.

Program - A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the government is responsible.

Program Budget - A budget which allocates money to the functions or activities of a government rather than to specific items of cost or to specific departments.

Program Performance Budget - A method of budgeting whereby the services provided to the residents are broken down in identifiable service programs or performance units. A unit can be a department, a division, or a workgroup. Each program has an identifiable service or output and

objectives to effectively provide the service. The effectiveness and efficiency of providing the service by the program is measured by performance indicators.

Program Revenue (Income) - Revenues earned by a program, including fees for services, license and permit fees, and fines.

Purpose - A broad statement of the goals, in terms of meeting public service needs that a department is organized to meet.

Reserve - An account used either to set aside budgeted revenues that are not required for expenditure in the current budget year or to earmark revenues for a specific future purpose.

Resolution - A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

Resources - Total amounts available for appropriation including estimated revenues, fund transfers, and beginning balances.

Retained Earnings - The accumulated earnings of an Enterprise or Internal Service Fund which have been retained or held in the fund and which are not reserved for any specific purpose.

Revenue - Sources of income financing the operations of government.

Service Level - Services or products which comprise actual or expected out-put of a given program. Focus is on results, not measures of workload.

Source of Revenue - Revenues are classified according to their source or point of origin.

Supplemental Appropriation - An additional appropriation made by the governing body after the budget year or biennium has started.

Supplemental Requests - Programs and services, which departments would like to have added (in priority order) over their target budget, or if revenue received is greater than anticipated. .

Target Budget - Desirable expenditure levels provided to departments in developing the coming year's recommended budget. Based on the prior year's adopted budget, excluding one-time expenditures, projected revenues and reserve requirements.

Tax Levy - The resultant product when the tax rate per one hundred dollars is multiplied by the tax base.

Taxes - Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the people. This term does not include specific charges made against particular persons or property for current or permanent benefit, such as special assessments.

Transfers In/Out - Amounts transferred from one fund to another to assist in financing the services for the recipient fund.

Unencumbered Balance - The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of money still available for future purposes.

Unreserved Fund Balance - The portion of a fund's balance that is not restricted for a specific purpose and is available for general appropriation.

User Charges - The payment of a fee for direct receipt of a public service by the party who benefits from the service.

Variable Cost - A cost that increases/decreases with increases/decreases in the amount of service provided such as the payment of wages.

Working Capital- Excess of current assets over current liabilities.

Workload Indicator - A unit of work to be done (e.g., number of permit applications received, the number of households receiving refuse collection service, or the number of burglaries to be investigated).

Work Years - The amount of personnel resources required for a program expressed in terms of the "full-time equivalent" number of employees. One "work year" is equal to one full-time, year round employee. For most categories, this equals 2080 hours per year (40 hours per week times 52 weeks). The number of hours a part-time employee is budgeted to work during the year is divided by 2080 to arrive at the equivalent number of "work years" for the position.
