Introduction

Introduction

The City of Statesboro is a progressive community that provides an exceptional quality of life to its residents and offers southern charm and hospitality to its visitors. The City offers a high standard of living with a commitment to ensure the most responsive and progressive public services to residents, businesses, and visitors alike. Statesboro is where the living remains softly southern and folks call out to one another by first name.

Created by an act of the Georgia legislature in 1803, Statesboro is a Georgia Municipal Association City of Excellence. Statesboro has an economy comprised of a growing industrial base, a growing university, expanding retail activity, and a regional medical center. This regional economic hub is located 10 miles off Interstate 16 and offers many educational and vocational opportunities that provide a competitive advantage for a strong workforce.

The City operates under the Council-Manager form of government, established by a 1999 Charter amendment. The Mayor is elected at large while the five council members are elected by district. All elections are non-partisan, and the terms are for four years, with half of the members elected every two years. The City Council appoints the City Manager to head the administrative functions of city government. As authorized by its Charter and Code, the services provided by the City are General Government (Administration, City Clerk, Human Resources, Finance, Planning and Development and Engineering), Judicial (Municipal Court), Public Safety (Police and Fire), Public Works (Streets, Parks, Fleet Maintenance, Sanitation), Water and Sewer and Natural Gas.

The City of Statesboro was incorporated on December 19, 1803, with a population of less than 25 people. The County seat of Bulloch County, Statesboro's estimated population for 2015 was 30,367. According to the U.S. Census Bureau, the 2010 population for Bulloch County was 70,217. This is a 25.4% change from the 2000 census population of 55,983. The Bulloch

unemployment rate for Bulloch County was 5.3%.

County area estimated population for 2010 was 224,267 and is projected to increase to 255,756 by 2017. This is a 14% change from the 2010 census. The median age for the City of Statesboro is 23, not a surprising age since Statesboro is home to one university and two colleges. The 2015 median income per household in Statesboro was \$31,217 and the per capita income was \$20,939. The average household size is 2.4. The unemployment rate for March 2016 for Statesboro was 6.6%, which is higher than the 5.5% rate for the State of Georgia. The rate for this same period last was vear 7.2%. The April

Situated in the southeastern corner of the state, Statesboro is located 194 miles from

Atlanta, 76 miles from Augusta, 55 miles west of Savannah, 144 miles from Charleston, SC. and 168 miles from Jacksonville, Fla. It is located 10 miles from Interstate 16, and is on US Highways 301, 80, and 25, and State Routes 73, 46, 67, and 24. Statesboro is included on the southern leg of the Savannah River Parkway, which is a four-lane connector between Savannah and Augusta.

The City of Statesboro is approximately 15.22 square miles in area with an average elevation of 240 feet above sea level, the terrain being mostly flat. The climate is seasonal, but moderate, with mild winters and warm, humid

summers. The average high temperature in January is 58 degrees and 91 degrees in July. The average annual rainfall is 47.0" and the relative humidity is 53% in January and 75% in July.

Statesboro is a regional trade center for commerce, education and health care. The City

has a highly diversified economy with several major industries located in the area and is a regional shopping center and health care provider for 8 surrounding Georgia counties (Effingham, Screven, Jenkins, Emanuel, Candler, Evans, Tattnall, and Toombs). Approximately 26.5% of the Bulloch County labor force is employed by the government sector including the City's largest employer, Georgia Southern University. Major private sector employers in the City include East

Georgia Regional Medical Center, Wal-Mart SuperCenter, and Lowe's Home Center.

There are three institutions of higher learning in the greater Statesboro area: Georgia Southern University located within the city limits of the City of Statesboro and Ogeechee

Technical College and East Georgia State College located just outside the City on Highway 301 South. Accredited by the Southern Association of Colleges and Schools and Georgia's largest and most comprehensive center of higher education south of Atlanta, Georgia Southern offers undergraduate and graduate degree programs through the doctoral level in more than 125 majors in its nine Colleges. The University's 2015 fall enrollment of 20,517 students come from 48 states, and 88 countries. Over 3,300 students graduated in May 2016.

East Georgia State College is also accredited by the Southern Association of Colleges and Schools on Colleges to award the Associate in Arts Degree and a Bachelor of Science in Biology degree. The East Georgia State College-Statesboro campus offers students smaller classes and personalized instruction. After the completion of 30 hours of college-level coursework, students who have a minimum grade point average of 2.0 can transfer to Georgia

Southern University or another university-level institution or state college. The students that attend East Georgia State College-Statesboro are able to use the Georgia Southern University library, participate in campus meal plans, intramural sports, fitness extension facilities, athletic tickets, marching band, and more.

Ogeechee Technical College offers 110 programs of study including 31 diploma programs and 59 certificate programs as well as 20 Associate degrees in conjunction with

Georgia Southern University and East Georgia College. In the academic year 2015 there were a total of 1,100 graduates. There are 15 public schools, 3 private and parochial schools, one state charter school and one home school association in Bulloch County that educate the area's 10,342 students. A total of 577 seniors graduated from these schools in 2015.

Statesboro is a leader in health care in southeast Georgia with East Georgia Regional Medical Center located within the city limits employing more than 756 employees and 89 physicians representing a wide range of specialties. East Georgia is a 150-bed, \$60 million hospital featuring a Women's Pavilion and an adjacent professional office building. The hospital is accredited by the Joint Commission on Accreditation of Healthcare Organizations, a distinction that is awarded only to those healthcare facilities that maintain the highest standards

of quality. East Georgia Regional Medical Center offers a 24-hour physician-staffed emergency department, a Level II neonatal center, outpatient services including same day surgery and ambulatory care, a pain center, a cardiac catheterization lab, and state-of-the-art diagnostic procedures including MRI and CT.

Open three years and two months as a "telehealth" clinic, the Statesboro VA Clinic is now transitioning to have a full-time doctor see veterans in person for primary care. With about 1,000 veterans that regularly use the clinic's services, the site has been judged eligible for a full-time doctor. Veterans were able to see the

doctor five days a week. Now, the Statesboro Clinic's in-house staff has consists of one full time physician, two registered nurses, one licensed practical nurse, an administrative person at the front desk and a contract security officer. Because of the increase in workload for our Statesboro Clinic, it has been announced that a second doctor will begin seeing patients in November on a temporary contractual basis up to six months. This move is hopefully providing the justification to have a second patient care team onsite in Statesboro and would include moving to a larger site. Patients have been seen remotely, over the telemedicine setup, by a doctor in the VA Medical Center of Augusta, Georgia. The Statesboro Clinic is one of three that the Charlie Norwood Center oversees outside Augusta.

Recreational opportunities that enhance the quality of life for our citizens are plentiful in Statesboro. The Willie McTell Trail is a linear park that provides a pedestrian walk and bicycle path for local cycle enthusiasts from the Georgia Southern University campus to downtown Statesboro. Bulloch County constructed a greenway trail and bike path from the City of Statesboro to nearby Brooklet, Georgia. Also located in Statesboro is Bulloch County's family water park and aquatics center, "Splash in the Boro". There are nineteen hotels, motels and two Bed & Breakfast Inns with 1,214 rooms that are located in the greater Statesboro area.

Statesboro's residents and visitors alike enjoy cultural and performing arts in the David H. Averitt Center for the Arts located on East Main Street. Restoration of the Old Bank of Statesboro, originally built in 1911, as a venue for community arts, activities and performances was funded primarily by SPLOST in the amount of \$4.3 million and has played a key role in the revitalization of downtown. The Averitt Center, home of the Emma Kelly Theater, is operated by the Statesboro Arts Council and is a vibrant centerpiece in the City's historic downtown. Since opening its doors in September 2004, The Arts Center has added summer camps for children ages 3 years and older. The youth of Statesboro also have the opportunity to participate in the Statesboro Youth Chorale, Statesboro Youth Theater and the Statesboro Youth Ballet. Adults also have the opportunity to participate in several instructional classes and also be part of the Averitt STARS, a community theater group. In March 2015, the Averitt Center opened a new dance Studio on West Main Street. The building also houses a new Black Box Theater for small theater productions and intimate theater space. The Black Box Theater is equipped with black walls, dark curtains and a brand new sound and lighting system.

In 2013, the City of Statesboro and Georgia Southern University entered into a partnership to enhance the University's presence in downtown Statesboro when they were awarded a nearly \$1.1 million grant from the U.S. Economic Development Administration (EDA) for the creation of the state's first FabLab. The FabLab will help build businesses and create new products from the ground up by providing cutting-edge technologies, such as 3-D printing and electronic stations that will turn ideas into new products. The lab will allow entrepreneurs to design/produce new technologies, inventions and devices that Georgia Southern can license, patent and protect, then transform into companies. This project is slated to be complete by August 2016.

Georgia Southern University has completed the Shooting Sports Education Center (SSEC) and opened in October 2015. The nearly \$7 million Center is a partnership between Georgia

Department of Natural Resources whom utilized approximately \$3.3 million from the excise tax dollars provided by archery and firearm manufacturers. In addition, the City of Statesboro provided \$500,000 to support the facility.

Statesboro is served by Georgia Southern Railway Company and numerous common freight carriers. Industrial recruitment, the process of attracting industry jobs to the location, is determined by proximity to the Port of Savannah, the 4th busiest port in the United States and also the ease-of-use interchange the Highway 301 provides. The Port of

Savannah is currently undergoing a forty-one mile expansion with the deepening of the river from 42 feet to 47 feet which will allow larger container ships into the port traveling through a newly expanded Panama Canal, which is expected to be finished in 2016.

The City and Bulloch County jointly own the Statesboro Municipal Airport which is located approximately 30 minutes from Interstate 16, and 45 minutes from the Savannah International Airport, which is serviced by 7 major airlines. Statesboro is located approximately fifty miles from the Savannah ports while Bulloch County is equal distance between the ports of

Charleston, Beaufort, Brunswick, and Jacksonville, giving several options on ports and sailing frequency.

In Statesboro there are 6 local radio stations, WHKN, WMCD, WPMX, WPTB, WWNS, and WVGS, and one daily newspaper, the *Statesboro Herald*. In addition, the *Savannah Morning News* reports on the news in Statesboro. Statesboro is covered locally by Northland Cable TV located within the city limits. The City of Statesboro, Georgia, Georgia Southern University, and Northland Cable have partnered to provide the community with a local government access channel, channel 97. Three television stations in Savannah also cover Statesboro regularly: WTOC (CBS), WJCL (ABC), and WSAV (NBC).

The City has 121 miles of roads of which 120 are paved and 16 traffic signals. Natural Gas is sold to 3,802 customers while water and sewer service is provided by the City to 23,579 customers with an average daily water consumption of 4.3 million gallons. Statesboro has 194 miles of sanitary sewer and 237 miles of water mains with 1,596 fire hydrants. The City maintains a class 3/8B ISO rating with 2 fire stations.

Utilities are provided by the following within the City:

City of Statesboro Water & Sewer, Sanitation, Stormwater, & Natural Gas

Excelsior Electric Electricity
Georgia Power Electricity

Frontier Communications
Bulloch Rural Telephone
Northland Communications
Telecommunications
Telecommunications
Telecommunications

City Boards, Commissions, and Authorities

DOWNTOWN STATESBORO DEVELOPMENT AUTHORITY

The Downtown Statesboro Development Authority (DSDA), established in 1981, consists of 9 members, 8 of whom are appointed by the members of the authority to represent the owners of either real property or business establishments. The City Council appoints the remaining one member. The DSDA is empowered with the authority to acquire, improve, sell, lease, and/or mortgage property for the development and improvement of property in the Downtown Statesboro Development Authority District.

STATESBORO ARTS COUNCIL, INC.

The Statesboro Arts Council, Inc. was established August 15, 2000. The Council consists of 12 members who serve 2 year staggered terms. The Council is empowered with the duties and responsibilities to establish rules and regulations for arts facilities and to create policies to govern the management and conduct of funds, personnel, and property of the corporation. The Arts Council is directly responsible for the operations of the *David H. Averitt Center for the Arts*.

STATESBORO BEAUTIFICATION COMMISSION

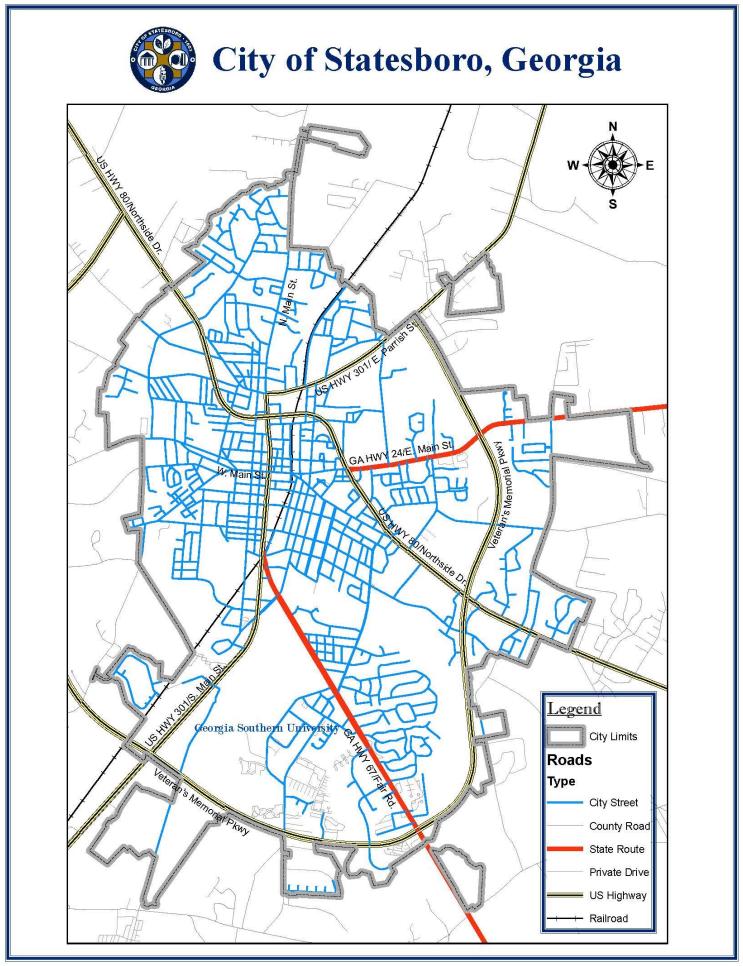

The Statesboro Beautification Commission was established May 1, 1973. It consists of a Chairman and no more than 10 members appointed by the Mayor and City Council, and four ex-officio members: one member appointed from the County Commissioners, one member from the Board of Education, one member from the City Council, and one member appointed by the President of Georgia Southern University. The members serve staggered 5 year terms. The powers and duties of the Commission are to establish and maintain parks and trees in order to beautify the City of Statesboro.

STATESBORO PLANNING COMMISSION

The Statesboro Planning Commission is an advisory board which was originally established in February 1977. Effective June 22, 2010, the Statesboro Planning Commission was reconstituted, and consists of seven (7) members who are appointed by the Mayor and City Council. The Commission is vested with the duties to hear and make recommendations to the Mayor and City Council on zoning and subdivision applications; to make recommendations on city planning documents and amendments to land development ordinances; and, other similar duties as assigned by the Mayor and City Council.

STATESBORO TREE BOARD

The Statesboro Tree Board was established on January 15, 1991. The Board consists of 9 members appointed by the Mayor and City Council to serve a staggered three (3) year term, with a maximum of two consecutive terms totaling six (6) years. These members are appointed with consideration for their personal expertise in all the areas of horticulture and preservation of our environment. The Board is responsible for hearing requests for variances for special use permits in the enforcement of the City of Statesboro Tree Ordinance.

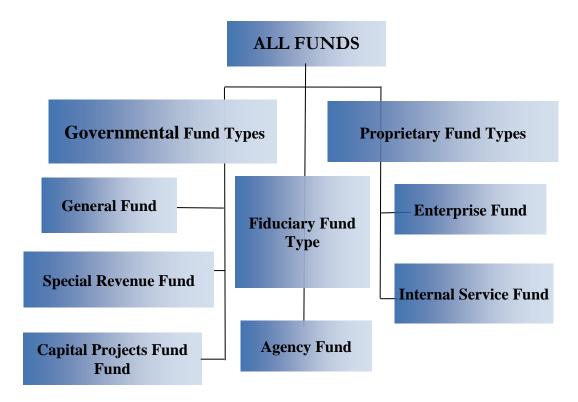

TAB 2

Reader's Guide to the Budget

READER'S GUIDE TO THE BUDGET

One of the primary goals in formatting this Budget has been to make it user-friendly. Government budgets by definition are confusing documents, particularly for the first-time reader. Generally Accepted Accounting Principles (GAAP) for governments requires the use of multiple funds, grouped into seven categories. To further complicate it, some of those fund categories are budgeted and accounted for using the modified accrual basis of accounting, and some the accrual basis of accounting. Most citizens are accustomed to private sector accounting, where a business has one balance sheet and one income statement, both kept on the accrual basis of accounting. Therefore, it is strongly recommended that you take a few moments to review this Reader's Guide before reading the Budget. It should help you understand the framework of the City's fund structure and accounting system.

The City of Statesboro will operate with twenty-five separate funds this year, which makes municipal budgeting and accounting considerably different from that in the private sector. Although the City may in most cases legally transfer money from one fund to another, each fund is a separate accounting entity with assets, liabilities, equity, revenues, and expenditures (expenses). Consequently, there will be twenty-five separate balance sheets and income statements. The funds fall into six different categories, or types of funds, as required by Generally Accepted Accounting Principles for governmental entities. The funds by fund type that will be used in the fiscal year are as follows:

(1) Governmental Funds

General Fund – This is the principal fund of the city and is used to account for all activities of the City not included in other specified funds. The General Fund accounts for the normal recurring activities of the City (i.e., public safety, general government, engineering, community development, finance, and public works).

Special Revenue Funds – Funds used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes. Included in the Special Revenue Funds are the Confiscated Assets Fund, Community Development Housing Trust Fund, US Department of Justice Grant Fund, Multiple Grant Fund, America's Best Communities Grant, Statesboro Fire Service Fund, Tax Allocation District, Hotel-Motel Tax Fund, Technology Fee Fund, and the Alcohol Beverage Control Fund. The Narrative Section at the front of each Fund explains in detail the purpose of that fund.

Capital Project Funds – Funds used to account for financial resources segregated for the acquisition or construction of major capital facilities other than those financed by enterprise operations. The City's Capital Project Funds include the 2007 SPLOST Fund, the 2013 SPLOST Fundand the Capital Improvements Program Fund. Again, the Narrative Section at the front of each Fund explains in detail the purpose of that fund.

(2) Proprietary Funds

Enterprise Funds – Funds used to account for operations that are financed and operated in a manner similar to private business enterprises – – where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has six Enterprise Funds: the Water and Sewer Fund, Reclaimed Water Fund, Stormwater Fund, Natural Gas Fund, Solid Waste Collection Fund, and the Solid Waste Disposal Fund. Again, the Narrative Section at the front of each Fund explains in detail the purpose of that fund.

Internal Service Funds – Funds used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to the other government units, on a cost reimbursement (internal fees and charges) basis. The City has four Internal Service Funds: the Health Insurance Fund, Fleet Management Fund, the Wellness Program Fund and Central Services Fund. Again, the Narrative Section at the front of each Fund explains in detail the purpose of that fund.

(3) Fiduciary Fund

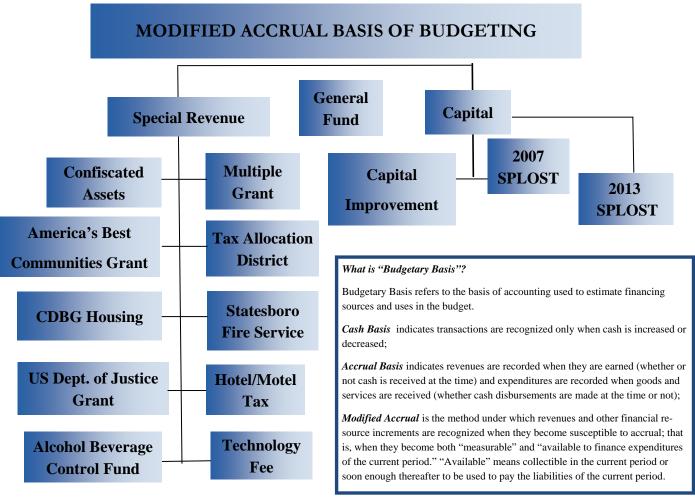

Agency Fund – The trust and agency funds used to account for assets held by a government unit in a trustee capacity or as an agent for individuals, private organizations, or other government units. The City has one Agency Fund: The Other Post Employment Benefits Fund.

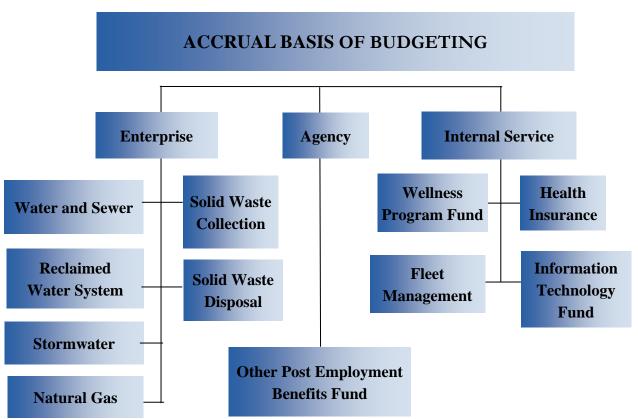

Please note that funds by fund type are summarized in the chart on the next page and the second column of the funds chart shows two different accounting bases: accrual and modified accrual. Accrual accounting is similar to private sector accounting, in that revenues are accrued when earned, and expenses are accrued when the financial transaction takes place. Proprietary Funds and Fiduciary Funds are accounted for on this basis, as they are operated very similarly to private businesses. In the Budget, these types of funds have a Budgeted Income Statement and a Budgeted Cash Flow Statement. Any major capital expenses for these funds are budgeted in the Budgeted Cash Flow Statement.

All Governmental Funds are accounted for using the modified accrual basis. Revenues are recognized in the accounting period in which they became available and measurable. The expenditures are recognized in the account period in which the fund liability is incurred. These funds reflect only available resources. In addition, this Budget shows all the major capital expenditures for these types of funds in the Capital Improvements Program Fund, or another capital projects fund. Major capital expenditures are defined as capital assets costing at least \$5,000 and having a useful life of at least two years. This includes not only land, buildings, and infrastructure, but also vehicles and equipment.

The following chart illustrates each of the types of funds and the actual funds included in the City of Statesboro's budgetary process.

The twenty-five funds are serviced by thirteen bank accounts, seven of which are major accounts, and six of which are minor. The minor accounts have little activity, but are required due to bond indentures, grant requirements, or some other legal or operational requirement. The City received bids on its banking services in May, 2014, for a three-year term beginning July 1st. The chart on the following page shows which bank accounts service each of the proposed funds.

Following this Reader's Guide to the Budget is the City Manager's Budget Message. This message includes a listing of the assumptions used in developing the Budget. It also includes a discussion of the major issues requiring financing that the Mayor and City Council confront, and how this Budget proposes to address them.

The next section, Summary Budget of All Funds, is a multi-sheet spreadsheet, which summarizes all funds of the City of Statesboro, and the projected fund balances or working capital, depending on the basis of accounting used. This summary includes all revenues and transfers into a fund, and all expenditures (expenses) and transfers out of a fund. It also shows the other sources and uses of cash in those funds using full accrual accounting. *In short, it is the entire budget in a condensed format.* This section also contains the Resolution necessary to adopt the Budget. Should the Mayor and City Council wish to change any aspect of the proposed Budget contained herein, they would simply adopt this Resolution subject to those specific changes.

The next section contains the Resolution Adopting the Financial Policies, which directs the financial operations of the City. These policies are reviewed each year to determine if any changes need to be made.

The next section contains a List of Authorized Personnel Positions funded by this Budget. This lists the budgeted positions within each department and division of the City. This assures that only this number of personnel can be employed unless changed by the City Council during the fiscal year.

The next section contains the Proposed Position Classification and Compensation (Pay) Plan. The Plan was updated by the Evergreen Solutions in FY 2016. It had been ten years since the last update to the Plan. In the years between Plan updates, salaries and wages are adjusted by a cost of living adjustment to offset inflation.

Following that are sections for each one of the twenty-five funds.

After all funds are presented, there are three remaining sections. They provide the following information:

- 1) Capital Improvements Program. The City adopts a Capital Improvements Program (CIP) for six years. The first year's project is included in the FY 2017 Budget. The other five years are included for planning purposes. Their priorities can be changed in future updates of this program. The CIP is updated on an annual basis, so that the benefits of long-range planning can be obtained while having the flexibility to adjust to unforeseen circumstances or opportunities.
- 2) The Existing Debt Service Schedule for All Funds. The City must repay the debt for the City Hall purchase and renovation; the debt for the natural gas line extensions to the City of Metter; and several GEFA loans and the 2010 Refunding and Improvement Revenue Bonds for the water and sewer system. That is the extent of the City's indebtedness. These schedules show the amount of principal and interest due in each of the fiscal years until fully repaid for each individual debt instrument.
- 3) A Glossary of Terms used in governmental budgeting and accounting to assist the first-time reader. It should help clarify new terms that may not be familiar to the reader.

June 21, 2016

The Honorable Mayor and City Council City of Statesboro PO Box 348 Statesboro, Georgia 30459

Re: City Manager's Budget Message and Transmittal of the Proposed Budget for FY 2017

Honorable Mayor and City Council:

Transmitted herewith for your consideration is the City of Statesboro's proposed budget for the fiscal year 2017 (FY 2017). We express appreciation to all City departments who contributed to the formulation of this budget. As a result of these efforts, we present to you a balanced budget that meets all administrative and legal requirements. Our objective in the preparation of this budget was to meet the priorities established by the Mayor and City Council for the coming fiscal year and to continue to provide the highest quality of services to our citizens in a fiscally responsive manner.

The annual Budget is one of the most important policy decisions that you as the elected officials of this City make each year. The Budget determines the staffing level of each service, the equipment and supplies, the priorities for service the City can afford to provide, and which major capital projects will be funded. Therefore, the Budget is an important planning tool for municipal government. It also serves as an accounting tool, because it assures that the limits set by appropriations cannot be exceeded under State statute. Finally, the Budget serves as a management tool in assisting your management staff to compare costs of alternative methods of providing City services, and to analyze the proper mix and level of revenue sources.

The FY 2017 City of Statesboro budget for all appropriated funds totals \$52,036,109 (this number includes transfers between funds) which is a decrease of \$785,198. This increase is mainly due to the completion of several major capital projects, such as the meter conversion, the extension of water, sewer, and gas lines to Interstate 16 and Highway 301 South, as well as the rehabilitation of the water and sewer lines on Savannah Avenue and the resurfacing of Savannah Avenue.

The General Fund budget for FY 2017 is \$14,354,601 or 27.6% of the total expenditures budget, which is an increase of \$304,631 from the FY 2016 Budget and an increase to Fund Balance of \$198,234. For FY

2017 both Revenues and Expenditures are expected to increase slightly. The Statesboro Fire Service Fund budget for FY 2017 is \$3,379,546 or 6.5% of the total expenditures budget, and is budgeted to use \$118,746 of fund balance. The Water and Sewer Fund FY 2017 budget is \$10,643,672 or 20.5% of the total expenditures budget. This is a decrease over the FY 2016 budget by \$143,042. The Water and Sewer Fund is budgeted to increase its retained earnings by \$1,234,348. The FY 2017 Natural Gas Fund budget is \$4,448,571 or 8.6% of the total expenditures budget and is scheduled to increase retained earnings by \$1,947,709. The Solid Waste Collection Fund FY 2017 budget is \$3,581,940 or 6.9% of the total expenditures budget and is budgeted to increase retained earnings by \$303,060. The budget for the Solid Waste Disposal Fund for FY 2017 is \$3,337,773 or 6.4% of the total expenditures budget, and is scheduled to increase retained earnings by \$635,060.

Budget Assumptions:

In preparing this Budget and the six-year Capital Improvements Program (CIP), your staff has used several assumptions that are critical in computing anticipated revenues and expenditures (expenses). Any budget and six-year capital plan by definition is a planning document and not every issue will have been determined prior to its preparation and adoption. Therefore, it is necessary to base the budget on certain assumptions. If changing circumstances affect those assumptions, the budget can be adjusted accordingly.

These major assumptions are as follows:

- The Budget will be adopted, and accounted for, using generally accepted accounting principles, with Enterprise and Internal Service Funds budgeted and accounted for using full accrual and accounting similar to private businesses, and all other funds budgeted and accounted for using modified accrual accounting.
- Revenues are projected on a scale of high, medium, and low with budget projections falling within the medium/low range, so that they are reflective of the current economic conditions and do not create overly optimistic projections.
- Assumes that the City will continue to make progress towards meeting the fund reserve targets established by the Mayor and City Council in the Financial Policies.
- Assumes that the City will enter into some annexations in FY 2017 that may require investments by the City in roads, drainage, water, sewer and gas improvements.
- Assumes that the millage rate will stay the same at 6.358 mills.
- Assumes no increase in sanitation collection rates.
- Assumes no increase in tippage fees for housing/commercial garbage or yardwaste.
- Assumes an increase in the base rate for water and/or sewer for all Residential and Commercial Classifications. All Inside Residential and Commercial Classifications will increase by \$2.00 per meter account. All Outside commercial Classifications will increase by \$3.00 per meter account and all Outside Residential will increase by \$4.00 per meter account. Assumes no increase in the

base rates for Industrial and Governmental accounts and no increase in the consumption rates for water and sewer in all Classifications.

- Assumes no increase in the natural gas rates. The actual rates for gas fluctuate monthly depending upon the underlying wholesale cost of the gas to the City, purchased through MGAG (the Municipal Gas Authority of Georgia). Assumes a normal winter heating load.
- Assumes the implementation of a 2% convenience fee to be charged to customers paying by credit card to help offset current fees charged by banks and the webhosting company.
- Assumes the Fleet Management Fund labor rates will remain at the current rates of \$55 per hour for the Enterprise Funds, the Fire Department will be charged \$50 per hour and departments within the General Fund will be charged \$45.00 per hour for labor charges (will be reevaluated in six months).
- Assumes the economy will remain in the current condition, with sales taxes and business licenses remaining at the same levels as last year.
- Assumes that the City will transfer \$130,000 to the Capital Improvement Program (CIP) Fund this fiscal year from the General Fund.
- Assumes that Equity Transfers to the General Fund will be as follows:

Natural Gas Fund	\$ 870,000
Water/Wastewater Fund	\$ 805,200
Storm Water Fund	\$ 15,000
SW Collection Fund	\$ 690,000
SW Disposal Fund	\$ 290,000

• Assumes that all Proprietary Funds will be self-supporting without assistance from the General Fund. However, the Solid Waste Disposal Fund will not be self-supporting without the 2013

Special Purpose Local Option Sales Taxes (SPLOST) paying for air rights and post-closure expenses, as the current \$38.00 per ton tippage fee does not offset all the costs of the transfer station, hauling contract, disposal contract, and post-closure costs of the Lakeview Landfill site including operation and maintenance of the methane extraction system. Hauling, disposal, and fuel surcharge alone cost us nearly \$37.02 per ton under the contract with Broadhurst Environmental and Rackleff Enterprises, LLC.

- Assumes that the Statesboro Fire Department will be funded entirely by the Statesboro Fire Services Fund, as required by the intergovernmental agreement between the City and Bulloch County.
- Assumes that Bulloch County will levy a 1.8 mills tax in the Statesboro Fire District, which should generate approximately \$870,000 for funding the County's portion of the Fire Services Fund.
- Assumes that the City of Statesboro will fund the Fire Service Fund in the amount of \$1,344,000 from the General Fund, \$790,000 from a portion of the Governmental Water/Sewer Fees, and \$256,800 from the Fire Line Access Fee.
- Assumes the City will continue to contract with Main Street (DSDA) and the Statesboro Arts Council to allocate 19.9% and 27.76% respectively of the Hotel/Motel Tax for promotion and tourism development. The Statesboro Convention and Visitors Bureau (SCVB) will receive 38.34% of the Hotel/Motel Tax for promotion and tourism development. These contracts will be renegotiated in the spring of 2016, as required by state law.
- Assumes an increase of \$2,000 FY2017 from the City's general fund to the Statesboro Arts Council (SAC) and the Downtown Statesboro Development Authority (DSDA) which they use to pay operating expenses.
- Assumes the FY2016 Evergreen Solutions Reclassification/Compensation Study's recommendations have been implanted; bringing applicable salaries to minimum and fifty percent (50%) of the second phase (Compa Ratio). NOTE: Phase two funding will still require formal approval by Council in December 2016 or early January 2017.
- The FY2016 Evergreen Solutions Reclassification/Compensation Study shall be used as a guide to implement fifty (50%) of the third phase (Compa Ratio) for developing FY2018 salaries. *NOTE:* Phase three funding will still require formal approval by Council when the FY2018 Budget is adopted.
- Assumes the reclassification of the vacant Accounting Technician position in the Finance Department to an Assistant Director of Finance position.
- Assumes one position from the Streets Division will be transferred to the Storm Water Fund since the duties of this position are more related to storm water quality.
- Assumes one position from Solid Waste Yardwaste Division will be transferred to Solid Waste Collection Commercial Division.

- Assumes increases for obtaining specific job related certifications as listed in the authorized personnel will continue.
- Assumes employees will receive a \$250 bonus in July 2016 as the city transitions to a new pay period.
- Assumes employees will receive a \$300 Christmas bonus.
- Assumes that for FY 2017 probationary and merit increases will continue to be frozen. However, in FY2018 the City will start working towards implementing a performance-based pay incentive program.
- Assumes that for FY 2017 the vacation "buy back" program will be suspended.
- Assumes that the life insurance will be maintained at one times an employee's annual salary, capped at \$100,000.
- Assumes that medical insurance premiums will remain the same at 75% employer paid.
- Assumes that the maximum deduction allowed in the Flexible Benefits Plan (or HAS) will remain at \$2,500.

Major Issues:

Background:

Statesboro has a growing economy influenced by a strong industrial base, a growing regional public university, a regional medical center and increasing medical specialties, and a regional retail base. This diversification continues to help the local economy weather the ongoing recession and sluggish recovery better than the state as a whole. The City of Statesboro continues to experience growth in commercial and retail expansion and in residential developments resulting from an increasing population. The growth in population can be primarily attributed to the continued increases in enrollment at Georgia Southern University which is expecting a fall enrollment of approximately 20,600 students and projected to continue adding 50 to 100 more students each year.

The School of Information Technology, the Nesmith-Lane Continuing Education Center (which includes an 850-seat theatre in the Performing Arts Center), a Nursing/Chemistry Facility, the recent renovation of the Henderson Library, the expansion of the Recreation Activity Center (RAC) and the recent completion of a new Biological Sciences Building and the groundbreaking of a new Military Science Building combined with the other outstanding amenities and superior educational opportunities make Georgia Southern one of the most attractive universities in the Southeast. While the GSU students can distort per capita income due to relatively low incomes, the economic impact of Georgia Southern on the local economy in Statesboro and Bulloch County exceeds \$130 million annually. Georgia Southern University continues to rank in the top three choices of Georgia students earning the HOPE college scholarship for academic excellence. The dynamic success of Georgia Southern University as a major economic engine in southeast Georgia coupled with the continued growth of Ogeechee Technical College

and East Georgia State College make Statesboro a regional center for higher education and ensures the economic strength and vitality of the community.

The long term outlook for Statesboro appears to be very optimistic with the expansions of the commercial/retail sector and health care sector, and projected growth in multi-family and single-family housing. Factors that should currently be giving all service providers concern are the rising cost of health care, the state of the national economy, particularly in the housing industry, and the volatility of gasoline and diesel fuel prices. However, with our recent investments in water, sewer, natural gas, and roads this community should be poised to capitalize on our investment and to aggressively solicit additional prospects and opportunities in order to ensure our economic vitality. The health care segments of the community also remains strong and as the need for medical services grow; new specialties become available, new physicians are attracted to the area and East Georgia Regional Medical Center continues to expand its services.

In March 2013, a new Veterans Administration Clinic opened in Statesboro. The Statesboro Primary Care Telehealth Outpatient Clinic was opened by the Charlie Norwood VA Medical Center in Augusta, GA. Once a veteran has seen a doctor at the Charlie Norwood VA Medical Center and has been qualified for telehealth, they can go to the Statesboro facility. The Statesboro facility offers checkups, diabetic eye screenings and mental health counseling. The exams include being seen by a registered nurse while a physician located in Augusta can hear and see the results through video teleconferencing.

The City will continue to focus on maintaining a healthy and expanding economic base supported by sound infrastructure in order to attract and retain quality employers. This expanding economic activity translates into growing needs for quality support services including improved transportation, water and sewer, natural gas, solid waste, and public safety services. To effectively respond to this growth and the increased demand for services the City will have to proactively plan in order to meet the challenges for financing major public works and utilities improvements. The funding initiatives in this proposed Budget attempt to address many of these growth challenges.

Further Economic Development Initiatives:

A 2013 SPLOST initiative approved by the voters in November, 2012 will provide the City with an estimated \$33.6 million in funding for capital projects to be used to continue to invest in infrastructure while funding a scheduled preventative maintenance program for vehicles, facilities and equipment.

In FY 2013, the City hired a consultant to establish a comprehensive stormwater management program and to study funding mechanism for the program which would include a stormwater utility fund to prepare for forthcoming Environmental Protection Division (EPD) regulations. The regulations would require the City to address the following needs: (1) aging and undersized stormwater drainage system infrastructure; (2) reduce flooding, soil erosion and stormwater runoff; and (3) enable the City to meet current and future stormwater related regulatory compliance requirements. A Stormwater Utility would assign costs to parcels within the City that receive stormwater services in a more fair and equitable manner by charging fees based on the amount of stormwater runoff they generate and the services they receive. The Utility would function as a user based system similar to the City's other public utilities, and provide a consistent and stable revenue stream for implementing a comprehensive stormwater management program. With the creation of a Stormwater Utility, the cost burden associated with maintaining and expanding the City's stormwater system would be shifted away from the General Fund

which has historically covered these expenditures. The Stormwater Utility Fund was implemented in August 2015.

In FY 2015, construction and renovation began on the region's first Fabrication Laboratory and Business Innovation Center. The City of Statesboro and Georgia Southern University partnered together and received a grant to make the Fabrication Laboratory a new part of the City Campus in Downtown Statesboro. This facility will be a place where innovators can walk in and construct just about anything they can imagine. The facility will be open to students, faculty and the community. It will include 3-D printers and scanners, CNC machines, and other cutting-edge technology.

The City will complete the upgrade of approximately 13,000 water meters to a Flex Net Read system in FY 2017. By upgrading all of the City's meters to Flex Net Read, the accuracy of the meters will improve, and the meters can be read at a central location. With the conversion, at least two Meter Reader positions will be changed to Water/Sewer Operator positions. The City should see a reduction in operating costs since the meters will no longer have to be physically read. At the same time, the Natural Gas Department will convert approximately 2,700 meters to the Net Flex Read system.

In FY 2016, the City of Statesboro partnered with the Averitt Center for the Arts and the Downtown Statesboro Development Authority to apply for Frontier's competitive America's Best Communities Gant. Not only were these partners issued \$50,000 in quarter prize award winnings, they also were named in the final eight for an addition \$100,000 in winnings with the potential for an additional \$1 million, \$2 million or \$3 million in prize winnings. The winnings are designed to be used for Statesboro's "Blue Mile" project, also known as the South Main Street revitalization effort. The "Blue Mile" is the one mile stretch of US Hwy 301 South (South Main Street) that currently suffers from a lock of identity, vitality, character, attractions, and amenities. The Blue Mile serves as an important link between historic downtown Statesboro and Georgia Southern University.

With each budget cycle the City continues to address the challenge of providing quality services to constituents with increasingly limited resources. The FY 2017 budget links developed organizational goals and objectives with the financial resources available to fund them. To accomplish the vision established by the Mayor and City Council the following goals have been developed for the City for FY 2017.

Main Goals

Goal: To actively engage and maintain transparency with the citizens of Statesboro. Objectives:

- 1. Develop additional information inserts to accompany the utility bills as provided by various departments.
- 2. Develop brochures detailing City services.
- 3. Post more City information on the website, including press releases and the utilization of other social media outlets for dissemination of information to the public.

Goal: To provide efficient and effective services that will positively impact the quality of life for residents and business owners.

Objectives:

1. Publicize through GSU mailings to students and various media for customers the availability of online utility, property tax, and court fine payments.

- 2. Continue to stress fire prevention through annual inspections of businesses.
- 3. Continue to stress fire prevention through visits with school children in the public and private schools.
- 4. Continue to educate the public on the safe use of natural gas.
- 5. Continue to provide safe drinking water with no disruptions other than minor line repairs.
- 6. Continue to aggressively apprehend and prosecute offenders that commit physical assaults.
- 7. Continue to improve pedestrian safety by maintaining current sidewalks and providing additional sidewalks and safer crossings.

Goal: To develop and sustain economic development and investment in the community.

- 1. Continue to conduct Right Start Meetings with developers before they begin design so that they are clearly informed of our development guidelines and regulations.
- 2. Meet with developers and others on rezoning requests and variance requests so that they understand what a compatible use of that property would be.
- 3. Actively pursue annexation opportunities and creation of new retail and commercial development to enhance the tax base.
- 4. Continue to provide timely review of subdivision and site plans.
- 5. Provide consistency in interpretation and application of development ordinances.

Goal: To be proactive in the planning and development of critical infrastructure necessary for managed growth.

Objectives:

- 1. Continue to diligently inspect the installation of all developers' subdivision and commercial infrastructure that will be dedicated to the City for ownership and maintenance.
- 2. Continue to maintain the major drainage ditches and canals so that the system can convey heavy rains as designed.
- 3. Identify those areas within the City without natural gas service and provide installation.
- 4. Maintain GIS Systems of all City mapping needs including boundaries, utilities, rights of ways, easements, etc.
- 5. Create a Stormwater Management Program to address the City's aging and undersized stormwater drainage system.

Goal: To work effectively with other local, state and federal agencies to benefit the citizenry. Objectives:

- 1. Identify and publicize the names and locations of known pedophiles within Bulloch County
- 2. Contest the early parole of known drug dealers at State Parole Board hearings
- 3. Work with the DEA and the local Drug Task Force to increase the number of convictions and drug seizures by 10%.
- 4. Strengthen the City's partnership with Habitat for Humanity of Bulloch County, Inc. to encourage housing ownership options for all income levels.
- 5. Continue to work with Bulloch County to provide additional recycling opportunities.

Outside Agencies:

Three other agencies are affected by this Budget. The City renegotiated its contracts with the Statesboro Convention and Visitors Bureau (SCVB), the MainStreet/DSDA and the Statesboro Arts Council (SAC) to market the area for tourism. The new percentages of the Hotel/Motel Tax provided to each under these one-year contracts are 38.34% to the SCVB, 19.9% to the DSDA/MainStreet, and 27.76% to the SAC.

Impact of the Capital Improvements on the Operating Budget:

The capital improvements process begins with all the departments turning in their requests for a six year period. The City Manager and Director of Finance review each project with the departments and discuss the priorities and funding based on revenue and expenditure (expense) projections. At the planning retreat, the capital improvement projects are presented to City Council, who may add, delete or change the list of priorities.

The capital improvements within this Budget proposal have differing affects on the operating side of the Budget. The street projects, for the most part, are resurfacing and street striping and will have a minimal impact on the operating budget by reducing some maintenance costs of repairing potholes. The drainage system improvements are replacements of existing infrastructure, so they should not increase operating costs. The sidewalk projects will not require any real maintenance for at least ten years. The replacement sidewalks will reduce the amount of patching required from the operating budget.

The new residential subdivision and commercial development infrastructure (streets, drainage, sidewalks, water lines, sewer lines, and natural gas lines) that is dedicated to the City for ownership and maintenance will increase our operating costs over time. However, they generate tax base and utility revenues to offset these costs. And, if properly constructed and inspected they should not require a lot of maintenance for about a decade.

The water and sewer line extension projects and the natural gas line extension projects will, over time, increase the number of miles of line maintained, but initially should require little maintenance. They should also provide the additional customer base to offset these operational costs. Consequently, the utility funds should be able to absorb these operational increases with no difficulty. The rehabilitation of water and sewer lines should reduce operational costs at the Waste Water Treatment Plant by reducing the infiltration of rainwater into the lines which increases the amount of water needing to be treated at the plant.

The equipment and vehicle purchases are mostly for routine replacement of older, worn out equipment that have outlived useful life. This will decrease the operating expenses to maintain these capital assets; however, this decrease will likely be offset by the increased cost to insure the newer vehicles and equipment.

Debt

The City of Statesboro's current long-term debt was issued for capital improvement projects that were too extensive to be financed from current revenue sources. The City of Statesboro will not use long-term debt to finance current ongoing operations of the City.

The City of Statesboro is governed by the State of Georgia restrictions on local government debt. The State of Georgia states that "The debt incurred by any county, municipality, or other political subdivision of this state, including debt incurred on behalf of any special district, shall never exceed 10% of the assessed value of all taxable property within such county, municipality, or political subdivision; and no such county, municipality, or other political subdivision shall incur any new debt without the assent of a majority of the qualified voters of such county, municipality, or political subdivision voting in an election held for that purpose as provided by law" (State of Georgia Constitution, Article IX, Section V).

The City of Statesboro's debt limit is \$62,218,717, 10% of the estimated total assessed value of \$622,187,173. The City currently has no general obligation bonds. However, the City's total debt is \$15,475,955. The General Fund has an outstanding capital lease for City Hall in the amount of \$575,000. The Natural Gas Fund has one outstanding loan in the amount of \$182,429. The City issued \$15,040,000 in Water and Sewer Revenue Bonds to repay outstanding Georgia Environmental Facilities Authority Loans (GEFA), to refund an outstanding revenue bond, and to renovate and expand water and sewer lines. The City received an uninsured AA rating on these bonds. In addition to the Water and Sewer Bonds with a balance of \$12,195,000, the City has \$3,098,525 in four remaining GEFA loans.

Conclusion:

The City of Statesboro's FY 2017 operating and capital budgets exceed \$52,000,000 (including transfers). This is a result of the needs of a growing City and funding the priorities established by the City Council to respond to those needs. With growth comes increased demand for services and infrastructure. We believe this budget addresses these demands in a fiscally responsive manner.

The FY 2017 budget as presented continues to provide these crucial services to a growing population while maintaining the current millage rate, one of the lowest in the state, at 6.358 mills. The City's primary enterprise funds, Water/Sewer and Natural Gas have operating budgets of \$10,643,672 and \$4,448,571 respectively. Our Capital Improvements Program presents a 6 year plan for the acquisition, expansion and maintenance of the City's major assets totaling \$40.36 million. In the preparation of this budget every effort has been made to continue to improve service levels, maintain a stable rate of taxation and improve the financial integrity of the City.

We would like to express appreciation to the department heads and their staffs for their participation and cooperation in preparing the FY 2017 Budget and Capital Improvements Plan. Every department made efforts to cut expenditures while pledging to continue to maintain exceptionally high levels of service to our citizens. I would also like to thank the members of the Finance Department for the numerous hours of staff time that have gone into the preparation of this budget. Each of these employees is to be commended for their work. The preparation of this year's Operating Budget and CIP was truly a team effort. Finally, we would like to say thank you to the Mayor and City Council for your input and support during this budget process.

Copies of the proposed Budget and Capital Improvements Program has been on file in the Director of Finance's Office, as well as the City Clerk's office and available on the City's website since June 3, 2016. Adoption of the Budget Resolution has been placed on the June 21, 2016 City Council agenda for consideration with an effective date of July 1, 2016, subject to any changes that the Mayor and City Council might make in its adoption.

Please let us know if we can provide any further information as you review this proposed Operating Budget and Capital Improvements Program.

Respectfully submitted,

Robert Chashine

Robert Cheshire, P. E. Deputy City Manager

Cindy S. West
Director of Finance

Summary Budget of All Funds

City of Statesboro Summary of All Funds

This section consists of a consolidated summary of all funds used to provide city services. The first chart is a Department/Fund Overview. The Overview provides an illustration of the relationship between the City's department and funds. The revenue sources and expenditures of the City of Statesboro may be more easily understood by reviewing the pie charts following the Overview. Also included in this section are three-year budget spreadsheets (FY 2015 actual, FY 2016 budgeted and FY 2017 adopted budgets) for each of the fund categories. The last section includes the City's Budget Summary and Reserve Targets.

Please see the individual tabs for detailed budget information and the services provided by the various funds.

DESCRIPTION OF THE TOP FOUR MAJOR REVENUE SOURCES

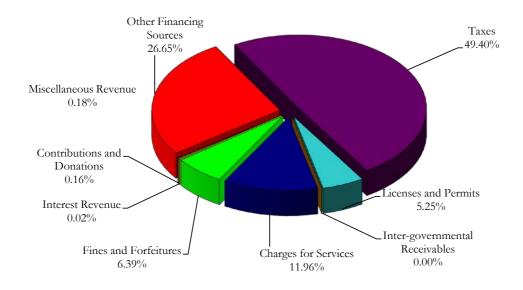

Charges for Services, fees collected for services provided, make up \$29,241,880, or 51.78%, of total revenues for the City of Statesboro. The General Fund charges for services include court costs, indirect cost allocation from the water and sewer fund, background check fees and cemetery fees and several other revenue line items. The City has five Enterprise Funds that charge for services. These charges are water and sewer sales, reclaimed water sales, natural gas sales, refuse collections fees and refuse disposal fees.

Taxes make up \$9,470,873 or 16.77%, of total revenues. Included in the taxes category are property taxes - ad valorem taxes levied on as assessed valuation of real and/or personal property; franchise fees – taxes imposed on the privilege of using public property for private purposes; alcohol taxes – levied on the distribution of distilled spirits, malt beverages, and wine; and insurance premium taxes – based on the gross direct premiums collected by all insurance companies doing business in the state.

Other financing sources make up \$10,346,283 or 18.32%, of total revenues. The categories that make up other financing sources are operating transfers in – financial inflows from other funds of the government reporting entity; and sale of assets – the proceeds from the sale of fixed assets and other assets below the government's asset threshold.

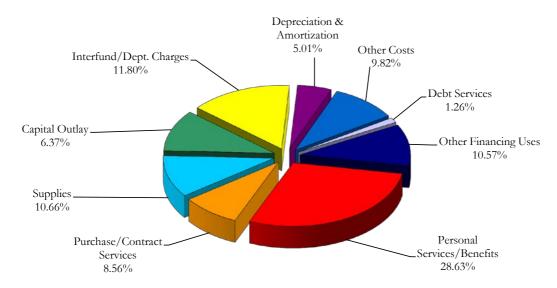

Intergovernmental Revenues make up \$5,046,492 or 8.94% of total revenues. This category includes grants – any grant received from a state or federal agency; and Special Purpose Local Option Sale Tax revenues – a sales tax that is remitted to the state by the vendor then disbursed to the County. Once the County receives the money, it disburses it to the City.

A RESOLUTION TO ADOPT THE FISCAL YEAR 2017 BUDGET FOR EACH FUND OF THE CITY OF STATESBORO, GEORGIA, APPROPRIATING THE AMOUNTS SHOWN IN EACH BUDGET AS EXPENDITURES/EXPENSES, ADOPTING THE SEVERAL ITEMS OF REVENUE ANTICIPATIONS, AND PROHIBITING EXPENDITURES OR EXPENSES FROM EXCEEDING THE ACTUAL FUNDING AVAILABLE FOR APPROPRIATION

WHEREAS, sound governmental operations require a Budget in order to plan the financing of services for the residents of the City of Statesboro; and

WHEREAS, Title 36, Chapter 81, Article 1 of the Official Code of Georgia Annotated (OCGA) requires a balanced Budget for the City's fiscal year, which runs from July 1st to June 30th of each year; and

WHEREAS, the Mayor and City Council have reviewed the proposed FY 2017 Budget as presented by the City Manager and Director of Finance; and

WHEREAS, each of these funds is a balanced budget, so that anticipated revenues and other financial resources for each fund equal the proposed expenditures or expenses; and

WHEREAS, the Mayor and City Council wish to adopt this proposal as the Fiscal Year 2017 Annual Budget;

NOW THEREFORE, BE IT RESOLVED by the Mayor and City Council of the City of Statesboro, Georgia as follows:

Section 1. The proposed Fiscal Year 2017 Budget, attached hereto and incorporated herein as a part of this Resolution, is hereby adopted as the Budget for the City of Statesboro, Georgia for Fiscal Year 2017, which begins July 1, 2016 and ends June 30, 2017.

Section 2. The several items of revenues, other financial resources, and sources of cash shown in the budget for each fund in the amounts shown anticipated are hereby adopted, and that the several amounts shown in the budget for each fund as proposed expenditures or expenses, and uses of cash are hereby appropriated to the departments named in each fund.

Section 3. The "legal level of control" as defined in OCGA 36-81-2 is set at the departmental level, meaning that the City Manager in his capacity as Budget Officer is authorized to move appropriations from one line item to another within a department, but under no circumstances may expenditures or expenses exceed the amount appropriated for a department without a further Budget amendment approved by the Mayor and City Council.

Section 4. All appropriations shall lapse at the end of the fiscal year.

Section 5. The Authorized Personnel by department and division shown in this Budget are hereby formally adopted as the number of authorized positions within each department and division, until and unless amended by resolution of the Mayor and City Council.

Section 6. The Proposed Pay Plan for FY 2017 shown in this Budget, as amended, is hereby formally adopted as the City's Pay Plan effective on July 1, 2016, unless further amended by resolution of the Mayor and City Council,

Section 7. The proposed Capital Improvements Program presented is hereby adopted as the City of Statesboro's Capital Improvements Program for FY 2017-FY 2022. This Program is hereby adopted as the City's long-term financial plan unless further amended by resolution of the Mayor and City Council.

Section 8. This Resolution shall be and remain in full force and effect from and after its date of adoption.

Adopted this 21th day of June, 2016.

Financial Policies

A RESOLUTION ADOPTING FINANCIAL POLICIES FOR THE CITY OF STATESBORO, GEORGIA

THAT WHEREAS, the City of Statesboro has developed a number of financial policies which guide the preparation and administration of the budgeting, accounting, investment, risk management, debt, auditing, and financial reporting functions of city government; and

WHEREAS, the Mayor and City Council have reviewed the Financial Policies proposed by the City Manager, and desire to adopt those policies;

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of Statesboro, Georgia in regular session assembled this 21st day of June, 2016 that the financial policies included on the attached pages are hereby adopted as the Financial Policies for the City of Statesboro.

BE IT FURTHER RESOLVED that the City Manager is hereby directed to develop the annual proposed Budget and Capital Improvements Program, and to administer them in conformance with these policies.

This Resolution shall be effective from and after its date of adoption.

Adopted this 21st day of June, 2016.

CITY OF STATESBORO, GEORGIA

By: Jan J. Moore, Mayor

Attest: She Starling, City Clerk

Financial Policies and Budget Preparation

The City Council has adopted policies in all areas of financial management, which guide the preparation, adoption, amendment, and administration of the Operating Budget, the Capital Budget, and the Capital Improvements Plan. Below is a listing of those policies in the areas of:

Operating Budget Policies
Capital Budget Policies
Revenue Policies
Expenditure Policies
Expenditure Policies
Reserve Policies
Cash Management and Investment Policies
Risk Management Policies
Debt Policies
Accounting, Auditing, and Financial Reporting Policies
The Budget Process
Budget Amendment Policy

Operating Budget Policies

The City Council shall hold an annual Planning Session each spring in order to establish priorities for funding in the next fiscal year; and discuss long-range planning of major capital improvements.

The City shall adopt a balanced budget (planned revenues available equal planned expenditures) annually; and any subsequent amendment must identify the revenues or other financing sources necessary to maintain said balance.

The City will not appropriate fund balance or retained earnings in any fund that would hinder meeting the reserve targets established herein. Once those targets are met in a particular fund, any amount over the target may be appropriated either for capital improvements or unexpected operating expenses.

The City will pay competitive wages and fringe benefits in order to attract and retain quality personnel.

All Enterprise Funds and Internal Service Funds shall be self-supporting from their fees and charges, without any subsidy from the General Fund. Transfers to the General Fund from the Enterprise Funds shall be made only after sufficient net income is retained to cover debt service and capital improvements essential to properly maintain and expand these utility services.

The Solid Waste Collection Fund and the Solid Waste Disposal Fund should reflect the true costs to provide residential and commercial garbage collection, disposal and recycling; brush collection and disposal; bulk (white goods) collection and disposal; and leaf collection and disposal. The City Council shall evaluate annually the extent to which each service is supported by service charges rather than a subsidy from the General Fund.

The City shall aggressively pursue improvements in technology and work methods that will improve service levels and/or reduce operating costs.

The City shall use one-time revenues only for capital items, unexpected operating expenses or to build reserves, instead of operating expenditures/expenses.

The City shall raise property taxes only when absolutely necessary to balance the Budget and maintain adequate reserves. Any property tax increase should be used only for the purchase of additional capital improvements or to increase needed personnel.

All appropriations and expenditures shall be made in full compliance with applicable State laws and the City's Purchasing Manual.

The City will follow the Budget Preparation Calendar prepared by the Finance Department each year.

The Budget shall be prepared in full compliance with the State's Uniform Chart of Accounts, and with Generally Accepted Accounting Principles (GAAP) for Governments as promulgated by the Government Accounting Standards Board. This means the General Fund, Capital Projects Fund, Debt Service Fund, Expendable Trust Funds, and Special Revenue Funds will be budgeted on the modified accrual accounting basis. Enterprise Funds and Internal Service Funds will be budgeted on the full accrual accounting basis.

All Budgets shall be adopted at the legal level of budgetary control, which is the fund/department level (ie., expenditures/expenses may not exceed the total appropriation for any department within a fund without the City Council's approval).

The City Manager shall prepare an annual Budget that meets the requirements to receive the Distinguished Budget Presentation Award from the Government Finance Officers Association.

Capital Budget Policies

The City shall adopt a Capital Improvements Plan (CIP) annually which will include the next fiscal year's Capital Budget, plus planned improvements for the following five years.

The City shall make every effort not to add additional programs and services until both the Operating Budget and the CIP are adequately funded.

The City shall provide resources from current revenues to fund an adequate maintenance and replacement schedule for infrastructure, and the vehicle and equipment fleet.

The City will aggressively pursue state and federal funding, as well as other sources of funding for capital improvements.

All operating budget appropriations shall lapse at the end of a fiscal year. Appropriations for Capital Projects which have not been completed by fiscal year-end must be re-appropriated for the balance due on the project in the next fiscal year.

Revenue Policies

The City will budget revenues conservatively so that the chance of a revenue shortage during the year is remote. This also will help finance contingencies and Budget amendments that were unforeseen when the Budget was first adopted.

The City will review annually all fees and charges to assure that they maintain their inflationadjusted purchasing power.

Since different revenue sources impact classes of taxpayers differently, the City Council recognizes that the only way to minimize these different impacts is to have a diversified revenue system. These impacts will be considered in making any needed adjustments to the various sources of revenue.

The City will make every effort not to become too dependent on one source of revenue in order to minimize serious fluctuations in any year.

The City will consider market rates and rates of comparable cities in the region when changing tax rates, fees, and charges. The City will make every effort to maintain its favorable comparative position with other Georgia cities in this regard, which has contributed to our economic development success.

All cash donations to any department or agency of the City must be deposited with the Finance Director's Office. All purchases using such donations must be budgeted and will comply fully with the City's purchasing policies. The City cannot accept donations on behalf of an outside agency or group. Donations of equipment or supplies may be made directly to a department or agency of the City. Donated equipment meeting the definition of a fixed asset must be reported to the Purchasing Director, for tagging and listing.

Expenditures Policies

Current expenditures shall be financed with current revenues that shall include that portion of fund balance in excess of authorized reserves. The City shall avoid budgetary procedures that balance current expenditures through the obligation of future resources, or which finance ongoing expenditures with one time revenues. The City shall strive to avoid short-term borrowing to meet operating budget requirements. Nevertheless, this policy shall not prohibit short-term borrowing should a critical need arise.

Reserve Policies

The City Council recognizes the need to set reserve targets for every operating fund of the City. The targets for those funds using the modified accrual basis of accounting are set as the percentage that the undesignated fund balance is to the combined budgeted expenditures and transfers to other funds.

The targets for those funds using the accrual basis of accounting are set as the percentage that the working capital is to the budgeted operating expenses and transfers to other funds. The targets are as follows:

Fund Title Undesignated Fund Balance

(or Working Capital) as a % of Expenditures (or Operating Expenses) and Transfers Out

General Fund 25% Fund Balance Statesboro Fire Service Fund 17% Fund Balance Water/Wastewater Fund 17% Working Capital Stormwater Fund 17% Working Capital

Natural Gas Fund 17% Working Capital and a \$350,000 Reserve Fund

Solid Waste Collection Fund 17% Working Capital Solid Waste Disposal Fund 17% Working Capital

Benefits Insurance Fund 9% Working Capital and a \$250,000 Reserve Fund

Fleet Management Fund 17% Working Capital

These reserve targets shall be reviewed annually by the City Manager who shall report to the City Council on their continued adequacy.

Cash Management and Investments Policies

The City will make all deposits of cash within the time period required by State law. All deposits must be fully collateralized as required by State law.

The City will aggressively pursue all revenues due, including past due utility bills, court tickets and fines, and property taxes, using whatever legal means are available.

The City will pay all obligations on or before the due date.

The City will continue the current cash management and investment policies, which are designed to emphasize safety of capital first, sufficient liquidity to meet obligations second, and the highest possible yield third. Those policies are outlined below:

The City will operate with the least number of bank accounts required by federal and state statutes and regulations and GAAP for governments. Consolidation of bank accounts makes investment decisions easier, and reduces staff time needed to reconcile monthly bank statements.

The Director of Finance will make a twelve-month cash flow projection, and from that develop a schedule of long-term investments. These investments could be any type authorized by State law. However, the City Council has limited it to Certificates of Deposit with local banks. All investments shall be made using competitive bidding and must fully comply with State collateralization of deposits. Such investments shall be pooled from among the various funds, and bid out no more frequently than once a month. This keeps the investment process manageable with limited staff. Large amounts of cash not in time deposits shall be kept in the

sweep investment account to improve overall interest earnings. Should the sweep investments account interest rate be higher than that of a certificate of deposit, then the funds shall be kept in the sweep investment account.

Risk Management Policies

The City will minimize potential losses through employee safety training, inspections of the workplace, risk analysis, and OSHA compliance. The Purchasing Director shall be responsible for these programs.

A drug-testing program shall continue for all potential employees, as well as random testing of all federally-required employees.

Debt Policies

The City will issue bonds and capital outlay notes only for capital improvements and moral obligations. The City will attempt to fund capital improvements through net income of the utility systems, general revenues, and its portion of any SPLOST (Special Purpose Local Option Sales Tax) funds before resorting to long-term debt issuance. This will reduce the overall indebtedness and strengthen the City's creditworthiness.

The City will not issue notes or bonds to finance operating deficits. Adequate reserves will be maintained to assure this doesn't become necessary. No bond or note will be issued to purchase a fixed asset that has a shorter useful life than the term of the debt instrument.

The City will issue general obligation bonds or capital outlay notes for necessary general government projects and either general obligation or revenue bonds for enterprise fund projects. The City may also use pooled capital lease funds from GMA and loans from the Georgia Environmental Facilities Authority (GEFA).

No debt will be issued which would increase the outstanding amount of debt above ten (10%) percent of the total assessed value of property within the City. The outstanding amount of debt in this calculation shall not include debt issued for improvements in the utility systems, because that debt will be repaid from charges for services, not from property taxes. These limitations are found in Article IX., Section V, Paragraph 1 and Article IX., Section VI, Paragraph 1 of the Georgia Constitution.

A firm source of revenue sufficient to make the anticipated debt service payments must be identified by the City Council before any capital outlay note, GEFA loan, GMA capital equipment lease, general obligation bond, or revenue bond is issued.

Accounting, Auditing, and Financial Reporting Policies

The City Council will receive a monthly finance report showing Income Statements, Cash Flow Statements where appropriate, and all Investments.

The City shall have a qualified certified public accounting firm conduct an independent audit annually, as required by OCGA 36-81-7 (a)(1).

The City will maintain its accounting records in full accord with Generally Accepted Accounting Principles (GAAP) as promulgated by the Government Accounting Standards Board. The Finance Director is expected to obtain clean (unqualified) Audit Opinions each year.

The Annual Audit shall be submitted to the State Auditor before December 15th of each year, so that the City complies with OCGA 36-81-7 (d)(1). Any deficiencies noted by the Auditors shall be corrected immediately by the Director of Finance.

The Budget Process

The City's Budget process begins in early January when department heads are given electronic format forms upon which to submit their operating and capital budget requests. The City Council is also notified to give the City Manager any requests they might have, so that costs may be researched. Departmental requests for the Capital Improvements Program are turned in to the Deputy City Manager by February 2nd, and all Operating Budget requests are turned in to the Deputy City Manager by March 3rd.

The Finance Director and City Manager decide upon the revenue estimates for the Operating Budget, and the amount to be transferred to the CIP and the amount of any proposed bond issues. At that point, the Finance Director begins the review of the operating expenditures, and the City Manager prepares the CIP. After the Finance Director has prepared a preliminary Budget, the Finance Director and the City Manager review it to determine whether further cuts are possible, or if additional revenues are necessary. Those decisions are made prior to the first week in April, when a Budget Planning Retreat is held by the City Council.

At that meeting, the Finance Director and City Manager's present projections of the current fiscal year's Budget, and the preliminary Operating Budget for Council review. In addition, the City Manager presents the Council with his recommendations for a six-year Capital Improvements Program. The City Council then debates any changes in suggested priorities in both the preliminary Operating Budget and the Capital Improvements Program. Once those priorities are established, the City Manager finalizes the CIP, and the Finance Director finalizes the Operating Budget. Both work on the narrative portions of the documents. The City Manager prepares the Budget Message and CIP Letter of Transmittal detailing the major issues, initiatives, and goals and objectives contained in both documents. The Finance Department prepares the spreadsheets detailing the line item budgets proposed for each fund.

The two documents are sent to the printers in mid-May, for distribution to the Mayor, City Council, and public by June 1st. Copies are available to the public at both the City Clerk's Office and the Statesboro Regional Library. A public hearing is scheduled for the first regular meeting in June, after which the Budget is voted upon, and the Budget becomes effective July 1st. In the event the Council cannot agree on a Budget before July 1st, an Interim Budget is adopted, which is simply a continuation Budget from the previous year. Once a Budget is adopted, the Finance Director authorizes the adopted Budget to be entered into the budgetary

accounting system.

Budget Amendment Policy

Since a budget is an estimate of revenues and expenditures, the budget management process does allow for amendments to the budget. Budget amendments may be made at any time throughout the fiscal year. Any amendment request is reviewed by the City Manager, who makes a recommendation on whether the expenditure should be made, and what revenue source will be used to finance it. All amendments require a Budget amendment resolution, since the original Budget is adopted by resolution. After passage, the Finance Director authorizes the amended amounts to be entered in the budgetary accounting system.

City of Statesboro, Georgia Calendar for FY 2017 Budget and CIP Preparation

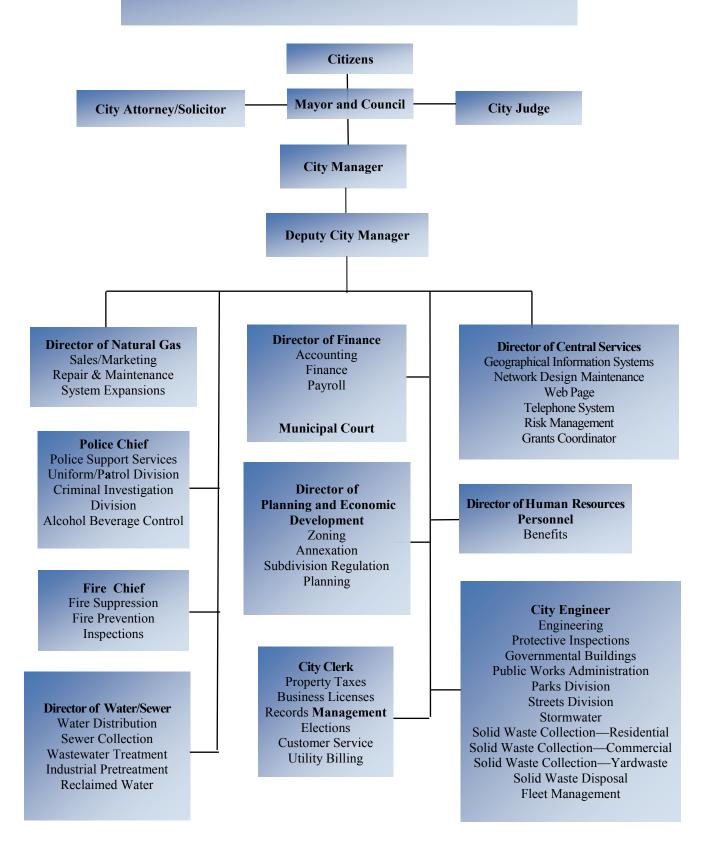

12-Nov-2015	Department Heads notified Budget Worksheets and CIP Sheets available on the Budget Drive
31-Dec-2015	City Manager and Finance Director notify Department Heads to begin preparation of CIP Requests, and the Deadline for Budget Requests. City Manager or Finance Director reviews the Budget Calendar with all Department Heads.
31-Jan-2016	Any proposed rate/fee/fine changes due to Finance Department.

¹May receive 2.5% increase for obtaining of Certified Finance Officer Level I, Certified Finance Officer Level II, EVT Level Certification, ISA Certified Arborist, EVT Law Enforcement Level Certification and ASE Master Automotive Certification, Georgia Certified Landscape Profession Certification, Traffic Control Supervisor Certification, Georgia Erosion & Sediment Control Level 1B Certification, Welding Certificate, OQ Qualification Obtained, Police Officer Intermediate Certification, Police Officer Advanced Certification, State Field Training Officer Certification

²May receive 5% increase if Professional Engineer Registration (PE) obtained, with CDL, ISA Certified Arborist Municipal Specialist Certification,

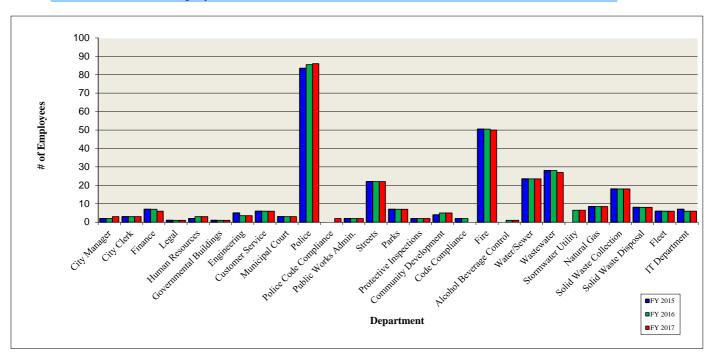

³May receive 5% increase with CDL, Registered Professional Engineer (PE) or if PE obtained, with SWANA Manager of Landfill Operations Certification,

⁴May receive 2.5% with 4 Yr Degree

The Authorized Personnel is a brief illustration of approved positions, grades and personnel only. The official position classification and compensation plan can be found on file in the City Manager's Office and the Director of Human Resources' Office and is effective as of its date of adoption. The plan designates classes of positions and titles and establishes wage and salary ranges (grades) for each classified staff position that is under the direction of the City Manager.

Fringe Benefits Summary

The City provides a comprehensive package of fringe benefits for employees. The package includes the following.

Health/Dental Insurance Coverage:

City employees are covered under the City of Statesboro Health and Dental Insurance Plan. The City and its employees are currently paying the following rates for their Benefit Package.

Coverage	Employee Rates	City Rates	Total Cost
Individual	\$187.51	\$412.52	\$550.03
Family	\$367.27	\$951.80	\$1,269.07

• Thru the Tobacco Free Program the employee rates may be reduced by \$50 a month.

Details of the coverage are available in the employee benefit handbook.

Life Insurance Coverage:

City employees are provided with one time their annual salary up to \$100,000 of life coverage, spouses are covered with \$5,000.00, and each dependent has \$1,000.00 of coverage.

Long-Term Disability:

City employees are provided with long-term disability insurance that pays 50% of the employee's regular earnings up to a maximum of \$5,000.00 per month in the event of disability. This benefit begins after the ninety day elimination period has been met.

Paid Sick Leave:

Employees are credited with one day of sick leave for each month of employment. Unlimited accumulation is allowed. Unused sick leave is not paid at termination of employment; credit is given for unused sick leave for employees retiring under the City's retirement plan.

Special Leave With/Without Pay:

Employees are granted time off from work with or without pay at the discretion of the Department Head and the City Manager for various occasions. Bereavement Leave is granted with pay for a maximum of three (3) days for the death of a member of the immediate family. Jury service is granted with pay. Military Leave is granted with pay for a period not to exceed eighteen (18) calendar days in a 12 month period. For non-exempt Fire Department Personnel on a 28-day Work Period leave is granted with pay not to exceed six (6) shifts.

Paid Vacation Leave:

Employees earn vacation on a monthly accrual basis based on length of service. The following days of vacation are earned on an annual basis. Fire, Police, and shift

personnel earn vacation time at a different rate than do 40 hour per week employees. The following is based on a forty hour per week work schedule.

Years of Service	Days	Vacation per Year
	•	-
0-10 years	10	
10 – 20 years	15	
20 – Plus	20	

Additional Vacation Time earned For Health & Wellness Participation.

Employees will have an opportunity to earn additional vacation time by participating in various health and wellness programs such as the 5K Triple Crown. For example this program consists of three annual 5k races; The Peanut Run, The Turkey Trot, and Run the 'Boro. Employees receive additional vacation time for their participation in each race.

Paid Holidays:

Employees receive 10 paid holidays per year. The holidays are:

New Year's Day
Martin Luther King's Birthday
Memorial Day
July 4th
Labor Day
Veterans Day
Thanksgiving -2
Christmas -2

Retirement Plan:

City employees are covered under the Georgia Municipal Association Retirement System. The City pays the full cost of membership for employees and employees can be vested with 5 years service with the city.

Deferred Compensation Plan:

City employees are eligible for a 457b Deferred Compensation Program administered by Metlife through the Georgia Municipal Association. This is a voluntary tax-favored program that allows employees to contribute a portion of their salary before federal taxes into a supplemental retirement account. Various options are available including fixed rate annuities, publicly available mutual funds and life insurance.

Workers Compensation Plan:

City employees are covered for occupational injury according to the state worker's compensation laws.

Tuition Reimbursement:

Upon the recommendation of the department head and approval of the tuition committee an employee may receive tuition assistance for two classes per semester/quarter and up to \$100.00 for books per semester/quarter. Employees involved in the tuition assistance program must maintain a C average in their course work. Those

receiving assistance must submit grades to the Human Resources Director at the end of each semester/quarter. Those employees receiving less than a grade of C will not be reimbursed by the City the cost for that semester or quarter.

Christmas Bonus:

All City employees receive a \$100.00 bonus in December of each year.

Competitive Wages, Overtime Pay, and Compensatory Time:

City employees are paid competitive wages, which are evaluated periodically to insure they are comparable to wages paid for similar duties in both the public and private sectors. Employees receive annual pay increases, if job performance is satisfactory, subject to the approval of the Mayor and City Council. Employees are compensated for any overtime worked according to the Fair Labor Standards Act, either with pay at time and one half or compensatory time off, also calculated at one and one half.

Merit raises will remain suspended for FY 2017.

Annual City Breakfast and/or Appreciation Luncheon:

Employees are honored with a citywide breakfast in the summer or an appreciation luncheon.

Vacation Buy Back:

Upon the recommendation of the Department Head and the City Manager, an employee so requesting, may receive pay in lieu of one week of vacation leave per year if, on December 31st of that year, their annual leave accumulation exceeds 30 days. Vacation Buy Back is temporarily suspended for FY 2017.

Uniforms and Cleaning Services:

Uniforms are provided for city employees, other than clerical and others wearing normal street clothes, in Public Works, Fire, Police, Waste Water, Water Sewer, Building Inspection, City Marshall, Civil Construction Inspector, Custodians and Gas. Clothing allowances are provided for police detectives.

Health & Wellness Center:

The City of Statesboro-TransformHealthRx Center is dedicated to help employees manage their typical primary care visits and chronic conditions using a dedicated team of medical professionals, a unique style of case management and quality face-to-face healthcare delivery. The Health Center is designed to increase employee satisfaction, provide affordable healthcare, encourage, educate and reward participating patients for progress in managing their conditions.

Employee Fitness Center:

The employee fitness center was developed to increase the health and well-being of City of Statesboro employees. Employee fitness and wellness is the systematic effort of the City of Statesboro to enhance health of its employees through education, behavioral change, and cultural support. Operating 24 hours, seven days a week exclusively for employees, spouses and retired employees. The fitness center has a variety of cardio, strength, conditioning equipment and locker rooms

TAB 8

100 General Fund

THE GENERAL FUND

The General Fund is the principal fund of the City, accounting for all activities not included in other specified funds. This contains the operational budgets for the Mayor and City Council, City Manager's Office, City Clerk's Office and Records Management, Elections, the Finance Department, the Legal Department, Human Resources, the Engineering Department and its Protective Inspections Division, the Municipal Court, the Police Department including the Code Compliance Division, the Public Works Administration Division, Streets Division, Parks Division, and the Planning and Development Department. It also includes the funding for several outside agencies other than those financed by the Hotel/Motel Tax Fund. Finally, it covers the Debt Service for any outstanding debt used to acquire general fixed assets. Debt Service payments are used to acquire fixed assets of the Proprietary Funds and accounted for within those respective funds rather than the General Fund.

REVENUES AND OTHER FINANCING SOURCES

The General Fund's Revenues can be segregated into six major categories:

1. Taxes. This category provides \$8,670,873 of the \$14,552,835 of General Fund revenues, or 59.6%. The major source is property taxes. In 2011, our County Tax Assessor's Office adopted a policy to conduct property revaluations on an annual basis. The most current revaluation was done for FY 2016.

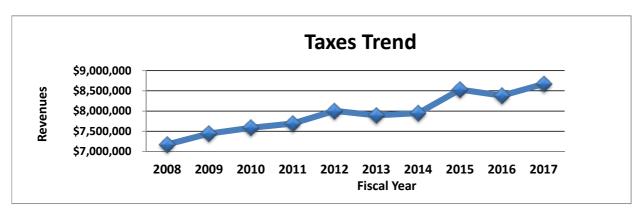

The City has an excellent collection ratio on this tax, which has been further improved by the use of annual tax lien sales which began in FY 2003. The projected collection rate for the current year's taxes is 99.0%. The other 1.0% will be collected during the following fiscal year.

Motor vehicle taxes, as well as Titled Ad Valorem taxes, are collected by the Bulloch County Tax Commissioner. The portion of those property taxes due the City is remitted to the City on a monthly basis. These taxes are projected to increase over the current year's collections. The Real Estate Transfer Tax (\$1.00 per every \$1,000 of value) on such sales is projected to increase over the current year.

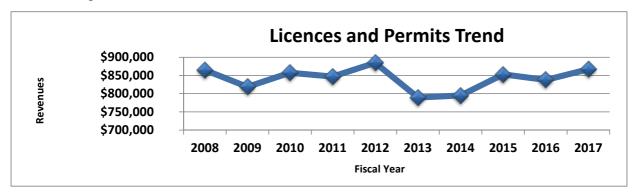

The other major source of taxes is the Franchise Fees paid by Georgia Power Company, Excelsior Electric Membership Cooperative, Northland Cable Television, Frontier Communications of Georgia and Bulloch Rural Telephone. New to Statesboro in FY 2015 is Hargray and Pavlov. Georgia Power is expected to increase by 2.1% over the FY 2016 Budget Amendment; Excelsior is expected to increase 9.4%; Northland Cable is expected to decrease by 17.7%; Frontier is projected to increase by 3.6%, Bulloch Rural Telephone is projected to remain basically flat. In aggregate, these seven franchises are projected to remain flat.

The other major component of Taxes is the Beer and Wine, and Liquor taxes paid by wholesalers and retailers. Beer and Wine is projected to remain flat, Wholesale and Retail Liquor is projected to remain flat. Overall, this category is projected to remain flat.

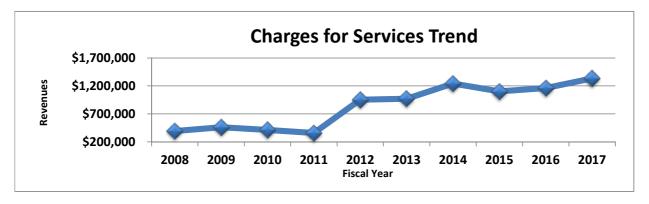

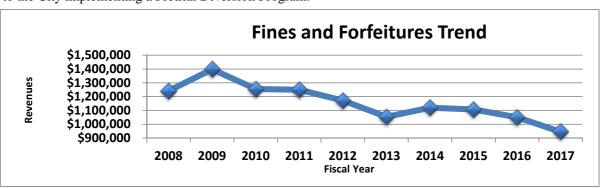

2. Licenses and Permits. This category provides \$844,550 of the General Fund, or 5.8%. The primary sources of revenue are General Business Licenses, Alcoholic Beverages Licenses, Bank Licenses, and Inspection Fees. Alcoholic Beverages Licenses are projected to increased by 20.5%. The General Business Licenses are projected decrease by 5.1%. Bank Licenses are expected to remain flat. Building and other related permits and fees are projected to increase by 20% over the FY 2016 Budgeted Amendment. Total Licenses and Permits is projected to increase by 9.0% over the FY 2016 Budget.

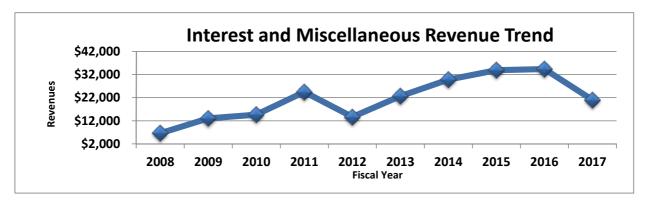

3. Charges for Services. This category provides \$1,357,462 or 9.4% of the General Fund. The primary sources of revenue are Pretrial Diversion Fees, Revenues from Police Overtime, Account Establishment Charges and Indirect Cost from the Water and Sewer Fund. This source is projected to increase by 16.9% due to the City implementing a Pretrial Diversion Program.

4. Fines and Forfeitures. This category provides \$945,000 of the General Fund, or 6.5%, and includes the fines and forfeitures imposed by the Municipal Court for violations of the Municipal Code and minor violations and infractions of State Law dealing with traffic citations, DUI, and similar offenses. This source is projected to decrease by 10% due to the City implementing a Pretrial Diversion Program.

5. Miscellaneous Revenues. This category provides only \$21,000 of the General Fund. It accounts for any donations and miscellaneous charges. This is a category that is expected to increase by 39.0% due to an increase in general miscellaneous income.

In addition to these six revenue categories, there is one additional source of financing that must be considered. This is the **Other Sources of Financing**, which is primarily made up of the *Transfers from Other Funds*. This source of financing (it was counted as revenue in the transferring fund) contributes \$2,713,950, or 18.7% of the General Fund's total funding.

The primary transfers are from the Natural Gas Fund, The Solid Waste Collection Fund, and the Water and Sewer Fund. Part of these transfers is recognition of indirect costs borne by the General Fund in providing services to them, such as time of the City Manager, personnel division, accounting division, utility collections, purchasing, risk management, and similar services. In addition, were they private companies, then these utilities would have to pay property taxes and business licenses, and in some cases a franchise fee.

6. Fund Balance Appropriated. Finally, if the fund balance in the General Fund is sufficient, the City can use some of the fund balance to balance the General Fund. This proposed FY 2017 Budget is projected to increase fund balance by \$198,234. However, management believes that some revenues will be higher that budgeted and some of the expenditures will be lower than budgeted. Therefore, increasing the General Fund balance even more.

The line item budget that follows shows the individual sources of revenue that make up these six major categories, the other sources of financing, and the fund balance appropriation.

Property Taxes

Property Value of \$100,000

For residents of the City of Statesboro the total property tax is \$6.358 per \$1,000 of taxed value. The taxed value is calculated as 40% of the Market Value. Assuming property with a market value of \$100,000, the result would be:

Projected Tax Bill: \$254

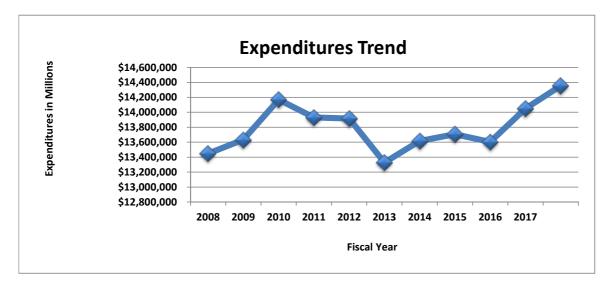

EXPENDITURES

The General Fund's Expenditures are divided into several major departments and divisions, to better account for the cost of their operations. These expenditures support most of the City's operations other than the utility operations, the health insurance and workers compensation insurance plans, and the fleet management function. The Expenditures are summarized on the next page. Then the line item budgets for each division are included as well.

The largest operating expense in most cases is the personnel and fringe benefits. A list of approved personnel positions by department and division is provided behind the tab entitles "Authorized Personnel for FY 2017". In addition, the Pay Plan for those positions is provided behind the tab entitled "Proposed Pay Plan and Fringe Benefits."

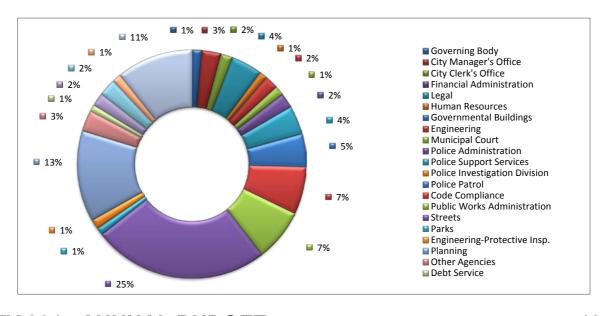

By far the most troubling expense for the City, as for most businesses, governments, and other organizations is the continuing escalation of health care costs. When the underlying rate of inflation in median care is averaging 10-15% annually over the last several years, and shows no sign of letting up, it is quickly siphoning a large sum of money from other priorities. Even when the benefits are reduced, and the deductibles, co-pays, and out-of-pocket limits are raised, these inflationary effects cannot be brought back to a reasonable pricing level without draconian measures. Unfortunately, this is not a problem that the City can correct. It is a national problem, and will have to be addressed at that level

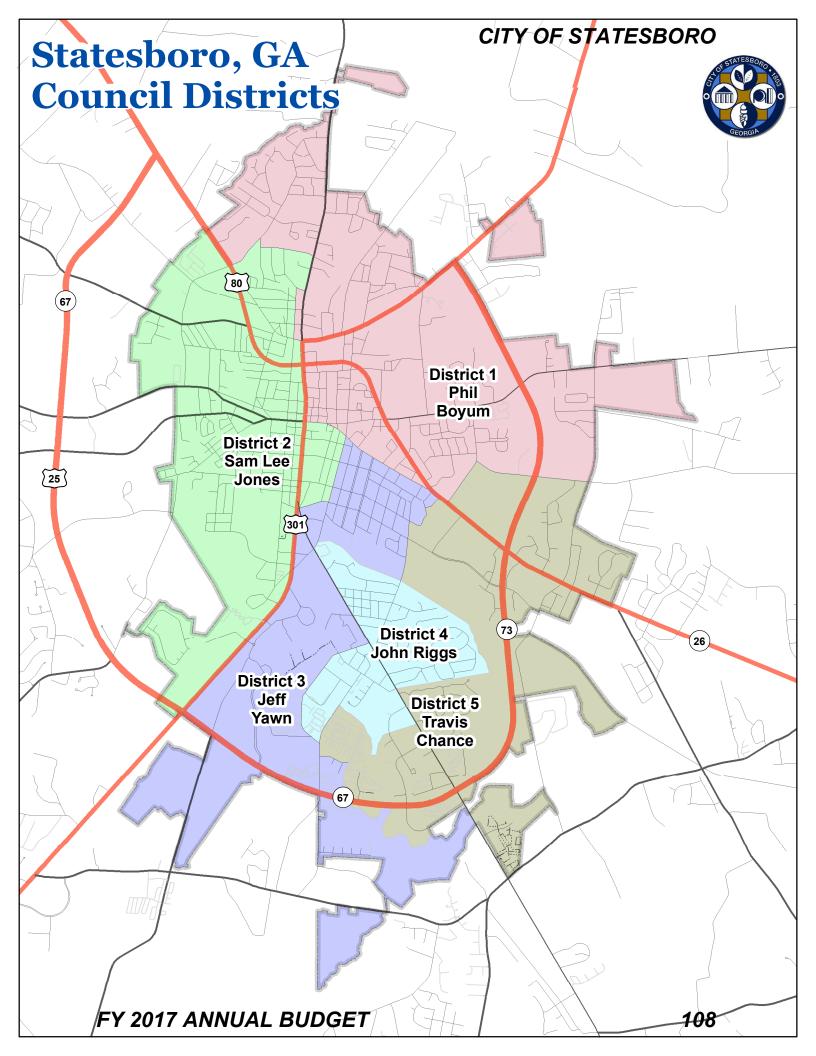

The General Fund budget of \$14,354,601 is an increase of \$304,631. from the FY 2016 Budget (as amended through the 2nd Budget Amendment) of \$14,049,970. That is a 2.2% increase.

FUND - 100

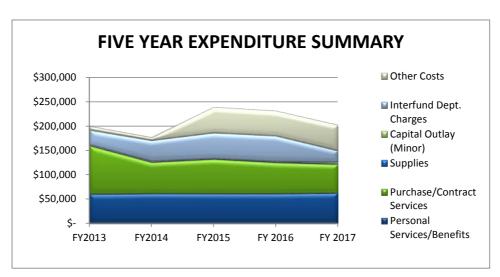

DEPT - 1110 - GOVERNING BODY

The City of Statesboro's Governing Body operates under the Council-Manager form of government, with a mayor and five council members. Elected at large, the mayor acts as the primary representative of Statesboro. The Mayor and council members serve four year terms. The council members are elected from the one to five districts. The Mayor and council are responsible for approving all major city policies, all local laws, the annual budget, and the 6-year capital improvements program. In addition, they appoint and evaluate the city manager.

DEPT - 1510 FINANCE DEPARTMENT

This department is headed by the Director of Finance. This department is responsible for assisting the City Manager in the preparation of the Budget and the Capital Improvements Program. Once the Budget is adopted, this department is responsible for entering it into the accounting system, including any subsequent amendments. They then administer the Budget, prepare monthly finance reports, and work with the auditor on the annual outside audit. This department is also responsible for all investments, debt management, bank reconciliations, paying all invoices, payroll processing, and fixed assets. In FY2015, the Finance Director became the Department Head of the Municipal Court.

STATEMENT OF SERVICE

The mission of Financial Administration is to provide superior customer and financial services with integrity for the enhancement of the City and the community. Financial Administration is responsible for the accounting and financial reporting of all City operations.

GOALS	FY 2016 STATUS	FY 2017 PROJECTED		
FY 2016				
1. To review and revise the city's budget practices to ensure that the				
city continues to receive the Distinguished Budget Presentation Award	On going	On going		
from the Government Finance Officers Association and to strive for	On-going	On-going		
special recognition for policy communication.				
2. Written operational procedures for all financial activities to include:				
Accounts Payable, Payroll and Bank Reconciliations, Fixed Asset	100%	On-going		
Management.				
3. To continue to receive the certificate of excellence in financial	On-going	On-going		
reporting from GFOA.	On-going	On-going		
4. Participate in GFOA's Popular Annual Financial Reporting Awards	Completed	On-going		
Program (PAFR)		On-going		
5. Cross train finance staff.	On-going	On-going		
6. Prepare and administer a fiscally conservative operating and capital				
budget that stay within available resources. Build up the reserve funds	On-going	On-going		
to the targeted level in each fund.				
7. Prepare accurate monthly financial reports for the governing body				
and management, so that decision-makers have timely financial	On-going	On-going		
information.				
8. Obtain an unqualified (clean) audit opinion, and prepare a	On-going	On-going		
Comprehensive Annual Finance Report.	On-going	On-going

9. Research and possibly implement Electronic Accounts Payable								
Procedures.								
10. Advertise Request for Qualifications for new Financial Softwar	re. Completed	Complete Conversion						
11. Have two members of the Finance Staff complete Level One								
Certification through the Carl Vinson Institute of Government								
12. Update the Budget Preparation Manual								
13. Review and update all Financial Policies								

OBJECTIVES FOR FISCAL YEAR 2016

- 1. Distribute monthly financial reports by the 10th working day of the month.
- 2. Continue staff professional and technical development.
- 3. Earn the Distinguished Budget Award from the Government Finance Officers Association's (GFOA) Distinguished Budget Award Program.
- 4. Calculate and distribute payroll payments to City employees and ensure that payroll tax liabilities are paid in a timely manner.
- 5. Maintain current inventory of fixed assets.
- 6. Prepare the Comprehensive Annual Financial Report (CAFR) within 120 days of fiscal year end.
- 7. Prepare the Popular Annual Financial Report (PAFR) within 120 days of fiscal year end.
- 8. Earn the GFOA Award for Outstanding Achievement in Popular Financial Reporting for the City's PAFR.
- 9. Earn the GFOA Certificate of Achievement for Excellence in Financial Reporting for the City's CAFR.
- 10. Continue to reduce the outstanding debt of the City, while incurring only a limited amount of new indebtedness.
- 11. Continue to work with the Clerk's department to aggressively collect all property taxes due, using tax lien sales as needed.
- 12. Continue to work with the Clerk's department to aggressively collect overdue utility bills, using account termination and collection agencies as needed.
- 13. Continue to monitor internal controls so that all funds are properly received and accounted for.
- 15. Monitor compliance closely on the procurement card process.
- 16. Audit the hotel/motel operators every three years to assure compliance with the hotel/motel tax.

FUND - 100 DEPT - 1530 - LEGAL

This department is headed by the City Attorney. The City Attorney serves as the general counsel to the municipal corporation of the City of Statesboro. The City Attorney's duties include representing the City in litigation; drafting and reviewing legal instruments that concern the rights and obligations of the city; providing legal counsel and legal opinions on matters relevant to the City, and supervising and working with outside counsel who represent the City.

LEGAL DIVISION

City Attorney

STATEMENT OF SERVICE

The mission of the City Attorney is to provide timely and effective legal advice and representation to the municipal corporation of the City of Statesboro. This mission is accomplished by providing legal advice and representation on City matters to the City's elected and appointed officials as well as department heads. This mission is further accomplished by effectively representing the City in litigation.

GOALS	FY 2016 STATUS	FY 2017 PROJECTED
FY 2016		
1. Provide timely and effective legal advice and representation to the	Completed	Ongoing
municipal corporation of the City of Statesboro.		
2. Provide effective representation to the City of Statesboro in any	Completed	Ongoing
litigation in which the City is a party.	_	
3. Ensure the fair prosecution of criminal offenses in the Municipal	Completed	Ongoing
Court of Statesboro.	_	
FY 2017		
No new Goals.		

OBJECTIVES FOR FISCAL YEAR 2016

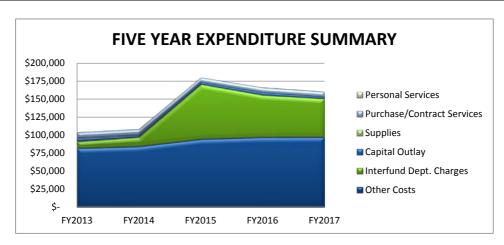

- 1. Continue to provide timely and effective legal advice and representation to the municipal corporation of the City of Statesboro.
- 2. Continue to effectively represent the City of Statesboro in litigation.

OBJECTIVES FOR FISCAL YEAR 2017

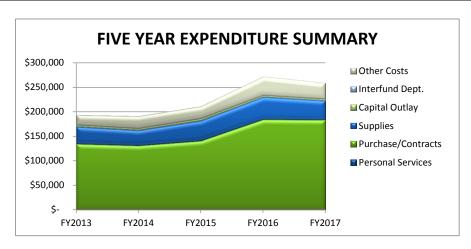

- 1.To provide comprehensive programs, education, information, and problem resolution to employees, retirees, dependents, and the City to anticipate and meet their needs, attract and retain employees, optimize health and productivity, and maximize cost effectiveness.
- 2. To promote a diverse workforce by providing training, guidance, reasonable accommodations assessments, and investigation of complaints to departments, employees, and applicants to foster a productive work environment free of discrimination and harassment.
- 3. To promote, and foster individual and organizational effectiveness by developing and offering an array of innovative and diverse programs in support of the organization's commitment to employee development and organizational enrichment.
- 4. To promote a high quality work force and collaborative relationships between management and employee organizations by providing training and guidance on managing performance, conduct issues, and contract interpretation, resolving complaints at the lowest level, and by negotiating timely and fiscally responsible agreements.
- 5. To collaborate with City departments to protect financial stability and promote safe practices by managing and administering insurance programs and providing education and training to ensure the health and welfare of all employees and the public we serve.
- 6. To provide innovative, responsive, fair and consistent recruitment, and selection services to City departments, employees, and job applicants to ensure the City employs a qualified and diverse workforce that delivers essential services to the public.
- 7. To provide and monitor a competitive and fair compensation system and maintains a standardized and equitable classification system which defines the scope and nature of job assignments, provides ongoing updates of classification specifications, differentiates between work assignments, identifies job expectations, and supports career development options which enables the City to hire and retain qualified employees.
- 8. To promote individual and organizational excellence by providing responsive and innovative leadership, financial, Information Technology, Human Resource Systems, and support services for City employees, departments, community partners, and the public.

FUND - 100

DEPT - 1575 - ENGINEERING DEPARTMENT

The City Engineer provides administrative responsibility over the Engineering Division and serves as the chief engineer for the City providing technical engineering assistance to the City Manager, Deputy City Manager, and other departments as needed. The Engineering Division is primarily funded through the City's General fund. Capital projects are funded from the Capital Improvements Program Fund and SPLOST Funds.

STATEMENT OF SERVICE

The Engineering Division is responsible for roadway design, administering the City's streets repaving and striping program (including LMIG), performing traffic engineering studies and related improvements, performing subdivision and commercial development plan reviews, maintaining the landfill's post-closure compliance with EPA and EPD rules and regulations, development of transportation plans and priorities, construction inspection of City projects, and maintains the records and maps for the Eastside Cemetery. The Engineering Division also administers and enforces the Driveway Standards and Policies and issues right of way encroachment permits.

GOALS	FY 2016 STATUS	FY 2017 PROJECTED
FY 2016		
1. Improve Savannah Avenue by resurfacing and incorporating traffic	To be Completed this year	
calming bulb-outs.		
2. Construct pedestrian safety imporvements on South Main St at	Goal Satisfied	
Parrish Drive.		
FY2017		
1. Complete sidewalk on Gentilly Rd. from East Jones to Savannah	Design in Progress	
Avenue.	Design in Flogress	To complete this year
2. Construct South College St. at West Grady Street Intersection	N/A	
improvements.	1V/A	To complete this year
3. Complete West Parrish Steet Improvements.	Design in Progress	To complete this year
4. Construct sidewalk on East Main/SR 24 from Lester Road to just	N/A	
east of Bypass.	IV/A	Complete Design

OBJECTIVES FOR FISCAL YEAR 2017

- 1. Improve vehicular and pedestrian safety.
- 2. Ensure that proposed developments are built according to City standards.
- 3. Decrease the potential for damage from flooding in lower elevation areas in the City.
- 4. Maintain roads in accordance with applicable standards for resurfacing, striping, and traffic control devices.
- 5. Continue to meet with developers at the beginning of projects so that they have a clear understanding of development standards before detailed design begins.
- 6. Continue to diligently inspect all new residential subdivision and commercial infrastructure installations to ensure they are installed properly.
- 7. Continue to work towards developing a formal Pavement Preservation Program.
- 8. Continue to develop and expand the City's sidewalk network.

DEPT - 2650 - MUNICIPAL COURT

This department is headed by the Director of Finance. The department is responsible for the staff support to the Municipal Court Judge, preparing the court docket, entering all cases, notifying people of their docket time, and collecting all fines and forfeitures.

STATEMENT OF SERVICE

The mission of the Municipal Court is to provide those that we serve with high quality customer service that is effective, efficient, and delivered in a professional environment, while accomplishing the duties incumbent on it by the City Charter and the laws of the State of Georgia, thereby maintaining the public's respect, confidence, and satisfaction. The Municipal Court is responsible for:

Processing all citations handled through the Court.

Providing assistance to the Judge, attorneys and defendants during each session of the Court.

Providing assistance to the Solicitors, who are responsible for the prosecution of all misdemeanor, traffic, animal control, and local ordinance violation cases.

Maintaining and preparing all of the Municipal dockets.

Recording the disposition of each case.

Receiving all court documents and defendant correspondence, as well as, collecting fines, balancing and closing of accounts.

DEPT - 3200 - POLICE DEPARTMENT

The department head is the Chief of Police. Police headquarters is located at 25 West Grady Street. The department has 72 sworn officers and 14.5 civilian personnel, primarily in records and dispatching. The department offers a full range of policing services, including preventive patrol, traffic enforcement, criminal investigations, crime prevention, community programs, drug enforcement and an emergency response team to deal with unusual incidents.

STATEMENT OF SERVICE

The department operates under the community policing concept, which stresses involvement with the community, and placing resources where they are most needed. It also stresses trying to remove the root causes of crime and neighborhood deterioration utilizing problem oriented policing. The department is structured with three Bureaus: Patrol Bureau, Investigations Bureau, and Support Services Bureau.

The Office of the Chief and Deputy Chief is responsible for planning and directing all activities and operations in the police department, formulating policies and procedures, rules and regulations based on best practices and proven methods for law enforcement, and preparing a comprehensive budget. They are also responsible for oversight of the Police Department's three Bureaus and the Office of Professional Standards. The Office of Professional Standards is responsible for recruiting, hiring, internal affairs investigations, and the release of public information.

The Patrol Bureau is responsible for preventive patrol, traffic enforcement, and response to calls for service. The Bureau is divided into four shifts so police protection is provided 24 hours per day, 7 days per week. Officers typically work a 43-hour workweek, counting time spent writing reports and attending the various courts in which their cases are presented. The Bureau also has an officer assigned to the Statesboro High School as a School Resource Officer. The K-9 Unit is also assigned to the Patrol Bureau and supports the Statesboro Police Department and other Law Enforcement Agencies by providing one certified canine and one certified K-9 Handler.

The Investigations Bureau is comprised of the Detective Section, Crime Suppression Team, Alcohol Beverage Control, Evidence Custodian/Crime Scene Technician and Code Enforcement. The Detective Section has one sergeant and six detectives that are responsible for in-depth investigation of crimes in order to build successful cases for prosecution. The Crime Suppression Team has four advanced patrol officers that are assigned to the Bulloch County Sheriff's Department as a part of the county wide Crime Suppression Team. Alcohol Beverage Control has one advanced patrol officer position responsible for alcohol compliance and enforcement. The Evidence Custodian/Crime Scene Technician is a detective responsible for the management of the evidence room and processing of major crime scenes. Code Enforcement has two officers assigned to the Department of Planning and Development. The Bureau works closely with the District Attorney's Office, Georgia Bureau of Investigation, Federal Bureau of Investigation, Drug Enforcement Administration, Bureau of Alcohol Tobacco Firearms and Explosives, United States Marshall Service, Bulloch County Sheriff's Office, GSU Police Department and other Departments within the City.

The Support Services Bureau (SSB) is comprised of the Training Unit, Communications Section, Records Unit, Public Relations Unit, and Quartermaster. The Accreditation Manager and IT Specialist are also assigned to this Bureau. SSB is responsible for all departmental training, maintenance of all departmental equipment and weapons, as well as overseeing and supervising of the Field Training Officer (FTO) Program. It is also responsible for the upkeep, maintenance, scheduling, safety and operations of the department firing range. The SSB promotes the police department to all citizens through community related programs such as the Citizens Police Academy, Crime Reports, Tip Soft, Social Media and NIXLE. They are responsible for dispatching calls for service, records retention and records requests, computer maintenance, and front counter reception.

DEPT - 3290 - CODE COMPLIANCE

The Code Compliance Division of the Police Department serves an important role in land use, development, and public safety as it works with property owners to maintain and comply with the city's ordinances to ensure that the public's safety, welfare, and health are maintained and that investments in property, development, and growth within the City are protected. Code Compliance officers respond to request for services and complaints of violations as well as conduct pro-active patrols of the city, and self initiate compliance and enforcement actions with a determined focus on violations that jeopardize the health, safety, welfare, or investments of the citizens of Statesboro.

STATEMENT OF SERVICE

The Code Compliance Division of the Police Department is dedicated to protecting the public health, safety, welfare, and investment in property through effective code compliance efforts.

	GOALS	FY 2016 STATUS	FY 2017 PROJECTED
FY 2016			
1. Continue educat	ion and skill development for code compliance	On-going	On-going
officers and admin	istrative staff.		
2. Continue to deve	elop Standard Operating Procedures for recurring	On-going	Complete
compliance issues,	for example; landlord tenant issues, front yard		
parking violations,	damaged trees on private property, etc.		
3. Continue intra-d	epartmental training for code officers,	On-going	On-going
administrative staff	f, and other city staff/departments to ensure		
•	and coordinated reporting of compliance issues and		
responses to such.			
4. Improve process	es with City Solicitor and Municipal Court for	On-going	Solicitor currently engaged in

5. Conduct quarter	ly educational and listening sessions with property	On-going	On-going
managers, real esta	te agents, and others who can contribute to success		
•	es or be affected by changes in ordinances or		
enforcement techni	ques.		
6. Identify promine	ent problems for each patrol district, and develop	On-going	On-going
appropriate strateg	ies for addressing each district.		
7. Continue commi	unity engagement through active membership in	On-going	On-going
	zations, such as the Statesboro Area Apartment		
Association and the	e Statesboro Homebuilders Association.		
8. Adopt appropria	te fine and fee schedule.	To be adopted	On-going

FY 2017			
1. Implement dilapi	dated structure revolving fund.	Under development	Needs further discussion
2. Adopt dilapidate	d structure removal program with Statesboro Fire	Under development	Evaluated. State regulatory
Department.			issues would require funding
3.Standardize form	s; templates,etc. utilized by Division.	Under development	Complete and On-going

OBJECTIVES FOR FISCAL YEAR 2017

- 1. To provide effective and efficient enforcement of city ordinances regarding the public health, welfare, and safety with a determined focus on health and safety hazards and the removal of dilipidated structures.
- 2. Proactively and continuously patrol identified zones of the City for code compliance issues with a determined focus on enforcing matters of significance within each district, particularly those impacting public health and safety.
- 3. To continue to strengthen the proactive implementation of the nuisance abatement program regarding dilapidated structures.
- 4. To treat similarly situated situations similar while respecting the specific needs of each situation.
- 5. To develop a dilapidated structure remediation program with the Statesboro Fire Department and to establish a revolving funding mechanism for such program.
- 6. To participate in development related reviews for properties seeking City permits or licenses and ensure that those properties are compliant with municipal ordinances prior to issuance of sought for licenses or permits.
- 7. To effectively lead a Code Task Force an interdepartmental team of City staff dedicated to respond more effectively to issues such as blight, distressed, damaged, or dilapidated properties, and/or other significant issues whose existence negatively impact property values, discourages private investment, and /or jeopardizes the public health, safety, and welfare of the citizens of Statesboro.
- 8. To effectively partner with private homeowner neighborhood groups and property managers to assist their efforts in maintaining and strengthening their neighborhoods by providing guidance, enforcing city codes, and partnering with and leading other city departments to assist in these private efforts where appropriate.
- 9. To present appropriate amendments and additions to city ordinances for staff and council consideration where such amendment or addition would serve to aid in the protection of the public's safety and health.
- 10. To continue to improve operational practices for efficient and effective service delivery, both in customer service and intra departmental coordination and work.
- 11. To establish a code reporting system that will track cases, track response effectiveness, timeliness, and officer work load.

DEPT - 4100 - PUBLIC WORKS ADMINISTRATION

The Public Works Administration division includes the Director of the Department of Public Works & Engineering and the administrative assistant to the Public Works divisions. The Department is made up of the following divisions: Public Works Administration Division, Engineering Division, Stormwater Division, Protective Inspections Division, Government Buildings Division, Parks Division, Streets Division, Solid Waste Collection Division, Solid Waste Disposal Division, and Fleet Maintenance Division. The Public Works Administration Division, Engineering Division, Protective Inspections Division, Government Buildings Division, Parks Division, and Streets Division are primarily funded through the City's General fund. The Stormwater Division, Solid Waste Collection Division, Solid Waste Disposal Division, and Fleet Maintenance Division operate as Enterprise Funds. Capital projects and equipment purchased by the Department are funded by the Capital Improvements Program Fund, Enterprise Funds, and SPLOST Funds.

STATEMENT OF SERVICE

The Street Division is responsible for the maintenance of city streets, rights of ways, and easements. The Division performs street sweeping, pothole patching, crack sealing, street striping, repairing of utility cuts, traffic signal maintenance, street sign maintenance, right of way mowing and other related work. Large projects are typically contracted out, as the division is primarily staffed for minor maintenance only. The Division is also tasked with operating the City's mosquito abatement program. The division's operating budget is within the General Fund. Capital projects are in the CIP Fund and SPLOST Funds.

trees in city rights o	f ways.						

OBJECTIVES FOR FISCAL YEAR 2017

- 1. Prioritize repairs and maintenance to promptly correct known safety hazards and identify potential safety hazards.
- 2.Improve the quality of work to ensure repairs are completed promptly and efficiently.
- 3.Improve Public Works webpages to provide public with a resource to report street and drainage deficiencies and track complaints received.
- 4. Utilize the work order system to evaluate all complaints the same day received, perform timely corrective action, and provide prompt response to the complainant.
- 5. Assist the City Engineer in identifying streets needing resurfacing, restriping or major improvement.
- 6.Assist the needs of other city departments as requested to maintain fiscal responsibility for the City.

DEPT - 6200 - PARKS DIVISION

STATEMENT OF SERVICE

The Parks Division is responsible for maintenance of the Eastside cemetery, McTell Trail, Rev. Julius Abraham Trail, Triangle Park, Renaissance Park, Edgewood Park, City owned greenspaces, City facility grounds, and trees and other plantings in traffic islands. Cemetery lot sales are handled by the City Engineer's Office. The Parks Division operating budget is within the General Fund. Capital projects are in the CIP fund and SPLOST Fund.

	GOALS	FY 2016 STATUS	FY 2017 PROJECTED
FY 2016			
1.Maintain and imp	rove the Cemetery and various public grounds to	In progress	On-going
enhance the City's a	ppearance and quality of life.		
FY 2017			
1. Provide additional landscape features that promote environmental		In progress	On-going
stewardship.			ļ

OBJECTIVES FOR FISCAL YEAR 2017

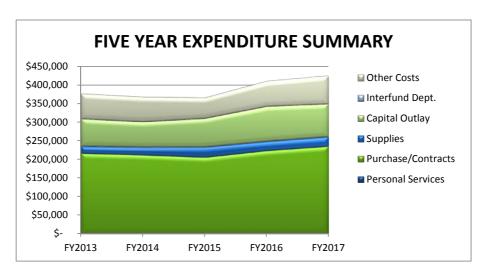

- 1. Provide seasonal landscaping, pruning, and flower planting per yearly planting schedule.
- 2. Maintain landscaping in an efficient and effective manner to reduce environmental impacts.
- 3.Improve landscape irrigation in a manner that fosters water conservation.
- 4.Explore ways to educate the public regarding best management landscaping practices for environment stewardship.

STATEMENT OF SERVICE

The Protective Inspections Division is responsible for performing building, plumbing, electrical, HVAC, and ADA inspections on all residential and commercial construction within the City to ensure they are in compliance with applicable building codes. The division also assists the Director of Planning and Development in assuring that buildings meet the applicable Zoning Ordiance provisions, such as front, side and rear setbacks, driveway aprons, and adequate parking.

DEPT - 7400 - PLANNING AND DEVELOPMENT

This department has three (3) primary functions: community and economic development; permitting services; and planning services. The department is staffed by the Director, one Project Manager, one Planning & Development Specialist and one administrative assistant.

STATEMENT OF SERVICE

The Planning & Development Department for the City of Statesboro is primarily responsible for all community and economic development functions of the City as well as project management related to building permit applications. The department is also responsible for all long term planning activities involving the City and assisting with Code Compliance Division.

The economic development function of the department concentrates on providing excellent customer service for all economic development projects and land use permits issued within the City's boundaries and for those properties wishing to annex into the City's jurisdiction. Essential tasks of the Director, Project Manager, and the Planning & Development Specialist include managing land use projects from concept to completion- providing project management services between the customer and the city wide Development Team as well as providing one stop permitting services for the customer. Additionally, the team works with sources to provide local economic market data, a commercial property catalog, marketing materials, and additional assistance in attracting, retaining, and growing commercial enterprise within the City. Development Services is committed to working with staff, developers, citizens, and economic development professionals to ensure that the City of Statesboro is an excellent place to do business! This team also reviews and issues a number of permits and approvals independent of building permit projects and works with other City departments in the review of permits and license applications. This function also serves as the staff liaison with other community partners important to local economic development, including the Chamber of Commerce, Georgia Southern University, East Georgia State College, the Bulloch County Development Authority, the Downtown Statesboro Development Authority, the Statesboro/Bulloch County Convention and Visitor's Bureau, and the Statesboro Planning Commission.

The community development function of the department provides services in grant applications, management, and project delivery. Community Development also works to bring additional amenities and quality of life attributes to economic development and planning functions of the department, particularly through ordinance and policy recommendations that achieve the vision of the economic development and planning goals of the City of Statesboro.

The planning function of the department refers to a variety of short and long range planning, strategic planning activities, and associated implementation services engaged in by the department. This service is charged with ensuring that the city fulfills the requirements of all federal, state, and regional mandates regarding long range planning and implementation; participation in state required development reviews; and participation, review, and compliance with and adherence to all federal, state, and regional plans that impact the City. Additionally, the department initiates or participates in a variety of jurisdiction specific planning projects aimed at delivering short and long term strategies and policy recommendations to achieve sustainable and quality growth within Statesboro.

OBJECTIVES FOR FISCAL YEAR 2017

- 1. To effectively lead teams of city staff, developers, and citizens to produce suggested amendments to the Statesboro Zoning Ordinance and Zoning Map.
- 2. To continue to develop relationships with development entity partners such as Bulloch County, the DSDA, SCVB, Chamber of Commerce, GSU, OTC, EGSC, Board of Education, and others and to work together toward joint strategic planning and partnerships.
- 3. To manage and/or participate in all long term and strategic planning involving or impacting the City of Statesboro: including land use, economic development, infrastructure, and service provision plans and to aid in providing coordinated service delivery; growth; operations,
- 4. To continue active staff engagement in community organizations especially those related to planning and economic development, such as the Statesboro Homebuilders Association, Habitat for Humanity, the Statesboro Area Apartment Association, Chamber of Commerce, and others.
- 5. To continue development of strong and positive working relationships with the development community; and to encourage quality and sustainable growth for the City of Statesboro at its determined standard of development.
- 6. To provide courteous, timely and accessible customer service to customers and applicants to positively represent the City of Statesboro in economic and community development opportunities, encourage needed development, and provide timely and consistent permitting processes.
- 7. Provide consistency in interpretation and application of development ordinances and in permitting processes.
- 8. To manage general economic and community development and engagement activities on behalf of the City of Statesboro.
- 9. To ensure City compliance with all federal, state, and regional planning activities and mandates.
- 10. To manage land use development and administer the Statesboro Zoning and Subdivision Ordinances.
- 11. To continue to monitor current and long term land use and economic development needs; including residential and commercial and identify and recommend appropriate methods of meeting those needs within the City of Statesboro.
- 12. To participate in the development and/or review of any planning efforts that will impact economic development, and/or land use within the City of Statesboro and it's future growth.
- 13. To publish, distribute, and utilize City of Statesboro marketing materials to "tell Statesboro's story" to commercial retail prospects.
- 14. To manage building permit projects & the City's "One Stop Shop" permitting activities.

The City provides partial funding for several outside agencies. This section of the General Fund finances those appropriations. Among the agencies that receive funding from the City of Statesboro are the Emergency Management Agency, the Bulloch Resident Center, the Drug Abuse Council, the High Hope Center, the Statesboro Arts Council, the Downtown Statesboro Development Authority, and the Ogeechee Railroad for rental of space for downtown parking.

210 Confiscated Assets Fund

FUND - 210 - CONFISCATED ASSETS

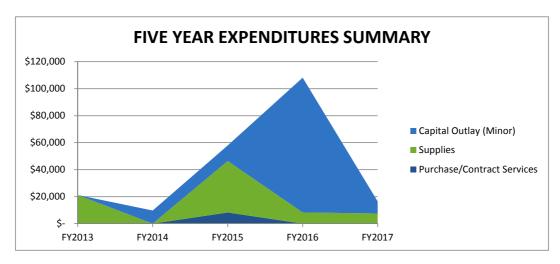

DEPT - 3200

This fund accounts for funds seized for possible illegal activity. Once the court adjudicates the case, the money is either released back to the individual, or is forfeited. In some cases, some of the funding goes to the Bulloch County Clerk of Court, and some is turned over to the City. Those funds turned over to the City are used exclusively to support the Police Department, usually with the purchase of additional equipment. This helps supplement the normal capital budget for the department.

The amounts seized can fluctuate significantly from year to year. The Budget assumes a normal year. Should a larger amount become available during the fiscal year, the City Council could adopt a Budget Amendment authorizing more equipment purchases for the department.

221 CDBG Housing Fund

FUND - 221 - CDBG FUND

DEPT - 7400 - PLANNING AND DEVELOPMENT

This fund accounts for the receipt and disbursement of the Community Development Block Grant (CDBG) for the infrastructure, and the Community Housing Improvement Program (CHIP) Grant to build houses, that was awarded to the City to develop Statesboro Pointe Subdivision. This is a 25-lot subdivision that the City created to provide low- and moderate-income citizens the opportunity for homeownership. Currently, the subdivision infrastructure is completely installed and twenty-five houses have been constructed and sold. The original plan was for the City to use the proceeds to construct houses, sell them, and repeat this process until all 25 homes had been built and sold. Then, the CHIP funding would continue as a Revolving Housing Loan Fund to finance additional homes that the City could build on individual lots it had acquired.

The City had experienced difficulty in getting some potential buyers bank-qualified for conventional loans. At the same time, Habitat for Humanity of Bulloch County, Inc. had a waiting list of potential homebuyers, but had difficulty in obtaining reasonably priced building lots. Since Habitat finances its own mortgages at zero interest, the bank qualification process is not an issue for their buyers. The City had 21 remaining lots in Statesboro Pointe, and in late May, 2003, partnered with Habitat; and had the Georgia Department of Community Affairs amend its two grant awards to allow the City to provide these lots as needed to Habitat through the Statesboro—Bulloch County Land Bank Authority at reduced market rates or in some cases, no cost. In addition, DCA authorized the City to loan Habitat up to \$15,000 per house from the CHIP Grant Revolving Loan Fund, to be repaid at no interest as the Habitat mortgage is repaid over 20 years. This has made it less expensive for groups wanting to build a Habitat house as they will have to provide \$15,000 less in upfront money for supplies and materials. This has spurred development of these houses at a faster pace, and has assisted Habitat in getting more volunteers. We believe it is an excellent partnership to address low-income housing in Statesboro.

To date, the City has given the Land Bank Authority three lots at no cost, to be provided to Habitat. In addition, the City has sold twenty-two lots to the Land Bank Authority for \$5,000 each, which in turn were sold to Habitat for the same price. Statesboro Pointe has been built out. It is anticipated that the City and Habitat will partner on still other subdivisions, as the CHIP Grant funds will constitute a Revolving Housing Loan Fund that is replenished monthly as the loans to previous homebuyers are repaid into this CDBG Fund. This fund will be the repository of the Revolving Housing Loan Fund.

The information in this Budget is for informational purposes only. Anyone wishing to participate in this housing program is encouraged to contact the Planning and Development department, at 764-0666, or Mrs. Linda Christy, Habitat Executive Director, at 489-2076.

TAB 11

224 US Dept of Justice Grant Fund

FUND - 224 - US DEPT OF JUSTICE GRANT

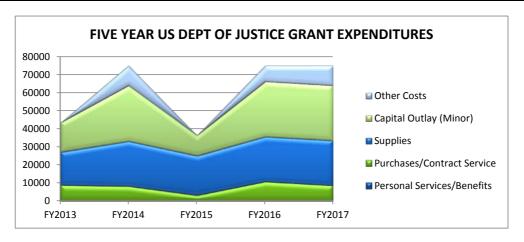

DEPT - 3200

This fund accounts for funds seized for possible illegal activity by the Crime Suppression Unit. Once the court adjudicates the case, the money is either released back to the individual, or is forfeited. In some cases, some of the funding goes to the Bulloch County Clerk of Court, and some is turned over to the City. Those funds turned over to the City are used exclusively to support the Crime Suppression Unit (now referred to as Crime Suppression Team, since CSU's merger into the mulijurisdictional StatesboroBulloch Crime Suppression Team) and the Targeting Violent Crime Initiative, usually with the purchase of additional equipment, training, and investigative costs as required by the Office of Justice Programs Financial Guide.

In FY 2008, the City was awarded a US Department of Justice Grant (The Byrne Memorial Discretionary Grant) for the creation of a Crime Suppression Unit. The City was awarded \$317,722 for this four member team. As long as the Crime Suppression Unit is active, any seizures that are made are recorded in this fund.

250 Multiple Grant Fund

FUND - 250 - MULTIPLE GRANT

This fund accounts for receipts and disbursements for small state and federal grants that individually are less than 2% of the General Fund's annual expenditures. Based upon this Budget, that amount would be for any grant below \$274,059 that is not accounted for in an existing fund.

Should capital grants not budgeted here be received that are below the threshold, this fund would be amended to include both their revenues and expenditures.

251 America's Best Communities Grant

FUND -251 -AMERICA'S BEST COMMUNITIES GRANT

DEPT - 4220

This fund accounts for the receipts and disbursements of the America's Best Communities Grant as well as any donation associated with the Grant project. In FY 2016, the Averitt Center for the Arts, the Downtown Statesboro Development Authority and the City of Statesboro partnered to make an application in the America's Best Communities Competition. Not only were these partners issued \$50,000 in quarter prize award winnings, they also were named in the final eight for an additional \$100,000 in winnings, with the potential for an additional \$1 million, \$2 million or \$3 million if the partners come in third, second, or first place.

The winnings are designed to be used for Statesboro's "Blue Mile" project. Also known as the South Main Street revitalization effort. The "Blue Mile" is the one mile stretch of US Hwy 301 South (South Main Street) that currently suffers from a lack of identity, vitality, character, attractions, and amenities. The Blue Mile serves as an important link between historic downtown Statesboro and Georgia Southern University.

270 Statesboro Fire Service Fund

DEPT - 3500

This department is headed by the Fire Chief who is located at Station One on West Grady Street which also serves as the administrative office, and Station Two is located on Fair Road. The department offers a full range of fire suppression, hazmat, vehicle and technical rescue, fire and life safety code management and fire safety education services.

STATEMENT OF SERVICE

The department operates with 50 personnel, 48 of which are state certified firefighters, and two civilian administrative assistants. The department operates with three shifts with each shift working a 24-hour period providing the community with 24/7 -365 days per year coverage. This "24 on/48 off" schedule is considered the industry standard which provides 14 personnel on each shift with a minimum staffing of 11. Part-time firefighters are used to back-fill vacancies on shifts caused by vacation, sick and other leave. The administrative staff consists of a Fire Chief, Operations Officer, Fire Prevention Officer, Training Officer and two Fire Inspectors, who all work a typical 40-hour per week shift and are available for calls during those hours, as well as call-back on major fires.

Our two current station locations are equipped with five fire pumpers, two aerial ladders, Command/Tactical Support unit, haz-mat unit and a Rehabilitation/Victim assistant unit. All units are radio dispatched by the Bulloch County dispatch center which operates an enhanced 9-1-1 telephone system. All firefighters are issued pagers and/or radios which operate on an 800 MHz radio system. The department is actively involved in fire prevention. The Prevention Officer serves as the fire marshal, reviewing building plans for compliance with the Life Safety Code and the Fire Code. He works closely with the building official in the Engineering Department in the review of these plans. In addition, the department presents fire safety programs to hundreds of school children throughout the City of Statesboro and the Statesboro Fire District each year. The department has a Fire Safety House which is taken to schools, community events and other events throughout the City and fire district.

The department also covers, by contract with Bulloch County, an area approximately five miles in circumference from each station, most of which is outside the City limits. This is known as the Statesboro Fire District and the residents of the district pay a fire district tax of 1.8 mills to the County, which remits it to the City. For the FY 2015, the fire district paid approximately 25% of the Statesboro Fire Department's operating budget. For this payment, they receive reduced response times and enjoy the same Class 3/8B ISO rating as citizens of the City. The number of personnel, upgraded equipment, emergency communications, and the City's water system has resulted in the City enjoying a Class 3/8B ISO fire insurance rating.

GOALS	FY 2016 STATUS	FY 2017 PROJECTED						
FY 2016								
Finish a fire station master plan to determine the number and location of future fire stations. Then, work cooperatively with Bulloch County to implement the changes as they become needed.	In Progress	In Progress-Cont.discussions with Bulloch Co. regarding Fire Dist. & Station Location.						
2. Renovate current Grady Street Fire Station to accommodate additional service resources as well as the departments administration.	Completed	N/A						
3. Develop and implement cost recovery strategies to protect the fire district from material financial loss.	In Progress	In Progress						
4. Enhance the staffing levels of the department through a volunteer, part time, and cross training police officer firefighter program.	Complete with on-going management	On-Going						
5. Maintain our ISO Class III Rating.	Complete	Complete - Maintain						
6. Expand and/or fully utilize existing technology to enhance the efficiency of fire department operations.	In Progress	On-Going						
FY 2017								
1. Begin process to construct Fire Station 3.	In-Progress	In-Progress						
2. Begin the process to become nationally accredited through the Center for Public Safety Excellence (CPSE).	Not Started	In-Progress						
3. Begin implementing processes and programs in an effort to lower the current ISO Class 3 Rating to a Class 2.	In-Progress	In-Progress						
4. Ensure that all Divisions within the department are utilizing technology to enhance efficient service delivery.	In-Progress-On-Going	In-Progress-On-Going						

OBJECTIVES FOR FISCAL YEAR 2017

- 1. Continue to stress fire prevention through annual inspection of businesses.
- 2. Continue to stress fire prevention through visits to public and private schools within the fire district.
- 3. Continue to stress early detection of fire through distribution of residential smoke alarms.
- 4. Continue to properly train firefighters to stress safety in their work.
- 5. Continue to pursue grants as an alternative source of funding for needed capital items.

271 Tax Allocation District Fund (TAD)

FUND -271 - TAX ALLOCATION DISTRICT FUND

DEPT - 1500

This fund accounts for the receipts and disbursements of the Tax Allocation District (TAD). The citizens of Statesboro approved the creation of the South Main Street Tax Allocation District on November 4, 2014. The objective of the TAD is to fund improvements in the South Main Street Tax Allocation District –the heart and soul of our community.

FUND 271 - TAX ALLOCATION DISTRICT FUND

275 Hotel/Motel Tax Fund

FUND - 275 - HOTEL MOTEL TAX

DEPT - 7540

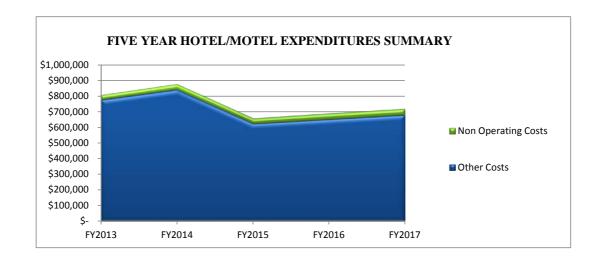

This fund accounts for the receipts and disbursements of the hotel/motel room occupancy tax. Since April, 2002, the City has had one-year Service Contracts with the SCVB, the Downtown Statesboro Development Authority (DSDA), and the Statesboro Arts Council (SAC) to promote tourism-related activities. In FY2013, the City of Statesboro asked the State legislature to increase the Hotel/Motel from 5% to 6%. The 1% increase will be used to help pay for a new Shooting Sports Education Center at Georgia Southern University. The hotel/motel tax proceeds are distributed as follows under the contracts:

5%	City of Statesboro
9.00%	GSU Shooting Center Reimbursement
19.90%	DSDA
27.76%	SAC
38.34%	SCVB

The proceeds are received from the hotel and motel operators monthly, and are distributed based upon the agreed percentages on a monthly basis as well. The current contract is effective from July 1, 2016 through June 30, 2017.

286 Technology Fee Fund

FUND - 286 - TECHNOLOGY FEE

DEPT - 3200, 3500

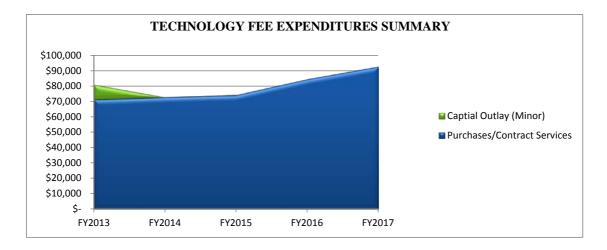

This fund accounts for fees collected from citations issued by the Police Department. Currently, the ordinance reads as follows:

Section 78-10. Technology Fee. There shall be imposed by the Municipal Court of the City of Statesboro, Georgia a technology surcharge per offense for all offenses against the ordinances of the City of Statesboro or laws of the State of Georgia. The technology surcharge shall be in addition to all other fines and fees imposed by the Municipal Court. The revenue derived from the technology surcharge shall be used by the City to provide technical support for Public Safety and Municipal Court functions. This amendment shall become effective upon its approval by the Mayor and City Council of Statesboro, Georgia.

These fees are also used to supplement normal technical operating budget items for the Police Department. The amounts can fluctuate from year to year depending on several variables.

287 Alcohol Beverage Control Fund

FUND - 287 - ALCOHOL BEVERAGE CONTROL FUND

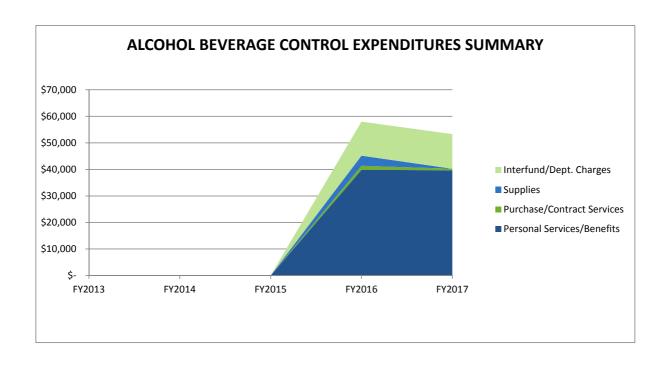

DEPT - 3200 - POLICE

This fund is used to account for the receipts and disbursements to finance the Alcohol Beverage Control Officer position at the Police Department and operations related to enforcing Alcohol related laws and ordinances. It is funded by fees collected from Alcohol Licenses and fees from certain Alcohol Related Citations.

The amounts collected each year can fluctuate from year to year depending on several variables.

322 2007 SPLOST Fund

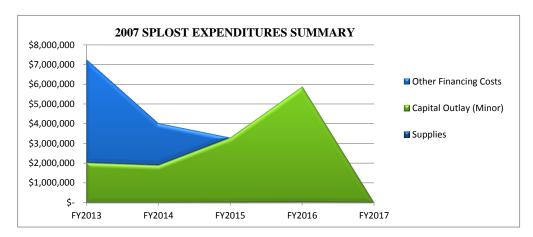

FUND - 322 - 2007 SPLOST

This fund is used to account for the receipts and disbursements of the City's portion of the 2007 1% Special Purpose Local Option Sales Tax, and that portion of the tax used to finance the City/County joint Solid Waste Disposal Fund which the City administers.

July 18, 2006, the voters of Bulloch County approved a referendum measure to continue imposing this tax for a period of six years after the 2002 SPLOST lapsed at the end of September, 2007. Since there is a two-month delay in receiving the new funds, receipt of the proceeds did not begin until December, 2007. The proceeds are then disbursed pursuant to an intergovernmental agreement negotiated between the four City Councils and the County Commission prior to the referendum.

323 2013 SPLOST FUND

FUND - 323 - 2013 SPLOST

Total Expenditures

This fund is used to account for the receipts and disbursements of the City's portion of the 2013 1% Special Purpose Local Option Sales Tax, and that portion of the tax used to finance the City/County joint Solid Waste Disposal Fund which the City administers.

On November 8, 2012, the voters of Bulloch County approved a referendum measure to continue imposing this tax for a period of six years after the 2007 SPLOST lapsed at the end of September 2013. Since there is a two-month delay in receiving the new funds, receipt of the proceeds began March, 2014. The proceeds are disbursed pursuant to an intergovernmental agreement negotiated between the four City Councils and the County Commission prior to the referendum.

This is not an additional tax, but an extension for six years of the 2007 SPLOST. This means that the sales tax rate in Bulloch County will remain at 7% - 4% State Sales Tax for the State of Georgia, 1% Local Option Sales Tax for the Board of Education, 1% Educational SPLOST for the Board of Education, and this 1% SPLOST for the County and four cities.

350 CAPITAL IMPROVEMENTS PROGRAM FUND

FUND - 350 - CAPITAL IMPROVEMENTS PROGRAM

This fund accounts for the receipt and disbursement of funds to acquire major general fixed assets for the City. The projects are derived from the first year's listing within the 6-year Capital Improvements Program for the CIP Fund. Other capital projects are funded in the individual utility funds such as the Water and Sewer Fund, the Storm Water Fund, the Natural Gas Fund, the Solid Waste Collection Fund, and the Solid Waste Disposal Fund. Some are also funded in the Fleet Management Fund, the Confiscated Assets Fund, the Multiple Grants Fund, the Statesboro Fire Service Fund, and the 2013 SPLOST Fund.

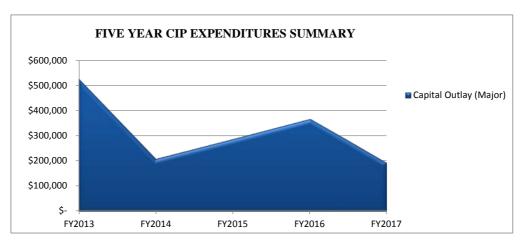

Funding is provided by a transfer from the General Fund, federal and state grants, and the Georgia Municipal Association (GMA) lease pool loans. Projects funded here should cost at least \$5,000 and have a useful life of at least two years. Some may have a smaller dollar amount when they are a carryover from the previous year when a project was not finished by year-end. Some capital projects take longer than one fiscal year to complete, requiring the remainder of the project to be funded in the following fiscal year(s). Projects retain the same Project Number and accounting line item in subsequent years in order to easily track a multiple-year project.

The savings from projects or purchases that come in under the budgeted amount are transferred throughout the fiscal year to a Contingency line item in this fund. The Contingency is then available to fund any change orders or unanticipated projects or purchases that arise during the fiscal year without having to amend this fund's budget. Any appropriations remaining in the Contingency line item at fiscal year-end go into the fund balance, which can be appropriated in a subsequent year for other projects.

The complete six-year Capital Improvements program is located in a separate tab within this document, and contains more detailed information on each project.

505 WATER AND SEWER FUND

FUND - 505 - WATER/SEWER FUND

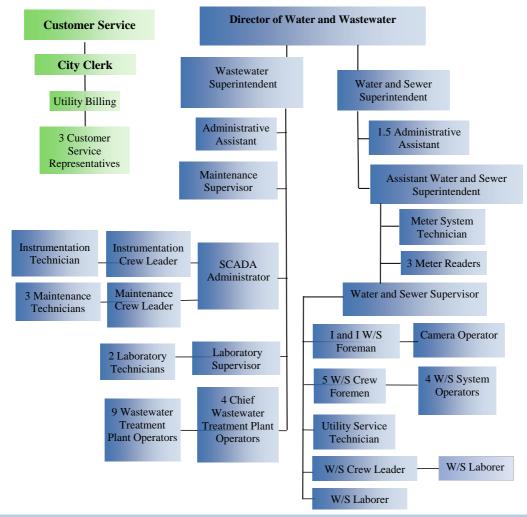

DEPT - 1590,4335,4400

This fund accounts for the receipts and disbursements to finance the City's Water and Sewer Department. The department is responsible for water treatment, storage, and the distribution system; and the wastewater collection, pumping, and treatment system, as well as the utility billing and collection through the Customer Service Department. The City's water is pumped from deep groundwater wells, treated, pumped to elevated storage tanks, and distributed throughout the City and parts of the County. Wastewater is collected in the sewer lines, pumped where gravity flow is not possible, then treated at a state-of-the-art wastewater treatment plant before discharging to Bird's Pond.

The City must meet stringent US Environmental Protection Agency standards for the treatment of drinking water, and the treatment before discharge of wastewater. Both of these functions are critical to public health, and require certified operators and laboratory personnel.

This fund is accounted for on the accrual basis of accounting, including full depreciation, so that management can determine its financial position as a stand-alone enterprise supported by fees and charges. In order to keep rates low, some SPLOST funds are used for major projects. Any SPLOST funds to be used for water and wastewater projects are spent within the SPLOST Fund, with the completed project then transferred to this fund as a fixed asset.

The City charges fees for service based upon actual consumption. Prices are set to cover the cost of personnel, operations, equipment and improvements and extensions of the systems. Unlike private utility companies, the City does not have to pay property or income taxes, and there are no distributions to shareholders, since the City is tax-exempt and non-profit. Therefore, all net income is either put back into the system, or transferred to the General Fund in order to reduce the need for property taxes to support other City operations. Either way, our citizens and customers are the beneficiaries.

STATEMENT OF SERVICE

The Water/Sewer and Wastewater Department is responsible to provide maintenance and operation of the Water Distribution System, Wastewater Collection System, Advanced Activated Sludge Wastewater Treatment Facility and Reclaimed Water System. The department also monitors and enforces the Industrial Pre-treatment Program and the Watershed Program. Other responsibilities include the oversight and inspection of design and construction of any extensions of the Water and Sewer system or expansions of the Wastewater Treatment Facility and participates in all new development review discussions in reference to water and sewer infrastructure.

OBJECTIVES FOR FISCAL YEAR 2017

- 1. Continue to maintain all water lines, pumps and water tanks so that disruptions are avoided.
- 2. Continue to maintain the SCADA System so that system information is provided in a timely manner for all operators.
- 3. Continue to train and supervise the laboratory staff so that all required EPA/EPD testing is completed and reported as required and that any quality issues are addressed immediately.
- 4. Continue the backflow prevention installation program.
- 5. Continue to maintain the sewer lines, pump stations and Wastewater Treatment Facility so that overflows are avoided.

- 6. Continue to operate the Wastewater Treatment Facility and the Laboratory so that all parameters of the NPDES permit are met and properly reported to the State monthly.
- 7. Install emergency generators to all sewer pump stations.
- 8. Repair concrete tanks at the Wastewater Treatment Facility.
- 9. Use the QUES camera to systematically identify the areas of worst infiltration and inflow, particularly during heavy rain events.
- 10. Develop a priority rating system for these problems and either contract for or repair in-house.
- 11. Publicize through GSU mailings to students and other forms of media to all customers of the availability of online utility, property tax and court fine payments.
- 12. Keep the number of misreads on utility accounts below 0.5%.
- 13. Continue to correct billing errors with a 24-hour period.

506 Reclaimed Water Fund

FUND - 506 - RECLAIMED WATER

DEPT - 4440

This fund accounts for the receipts and disbursements to finance the City's Reclaimed Water System. The Reclaimed Water System is operated by personnel from the Water/Sewer and Wastewater Treatment Departments and is responsible for supplying highly treated wastewater (reclaimed water) to customers for the purpose of grounds irrigation. The City's Reclaimed Water is pumped from the effluent of the city's Wastewater Treatment Plant and distributed to the approved end users of Reclaimed Water.

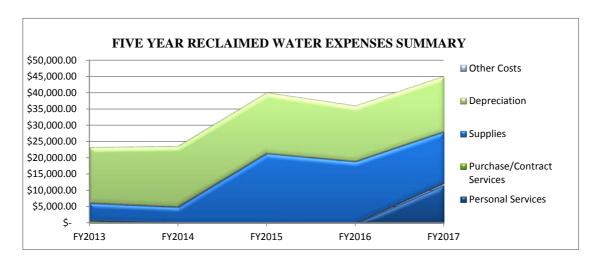

The City must meet stringent Reclaimed Water Standards established by the State of Georgia Department of Natural Resources, Environmental Protection Division under a NPDES Permit issued by the Department of Natural Resources.

This fund is accounted for on the full accrual basis of accounting, including full depreciation, so that management can determine its financial position as a stand-alone enterprise supported by fees and charges. Capital Cost Recovery (CCR) Fees are used for capital projects.

The City charges fees for service based upon actual consumption. Prices are set to cover the cost of personnel, operations and equipment repairs. System Expansions are paid from CCR fees.

STORMWATER

FUND - 507 DEPT - 4320 - STORMWATER

This fund accounts for the receipts and disbursements for the City's Stormwater Utility. It is financed by the monthly Stormwater Utility fees that customers pay. SPLOST funds are appropriated to assist this fund with capital expenses for large drainage projects.

STATEMENT OF SERVICE

The Stormwater Division is responsible for drainage design; construction inspections on City drainage projects; development of drainage improvements plans and priorities; maintenance of city drainage infrastructure, ditches, canals and regional detention facilities; and street sweeping. The Division also administers and enforces the Stormwater Utility Ordinance; Drainage Control Ordinance; Flood Plain Damage Prevention Ordinance; Tree Ordinance; and Soil Erosion, Sedimentation & Pollution Control Ordinance. Large projects are typically contracted out under the direction of the Stormwater Manager, as the division is primarily staffed for maintenance and minor repairs.

The cost for this utility service is \$3.95/equivalent residential unit (ERU). An ERU is 3200 sf of impervious area. Single family residential properties pay a flat \$3.95 per month. All other properties pay a monthly fee specific to the amount of ERUs of impervious area. The division's operating budget is within the Stormwater Enterprise Fund. Capital projects are in the Stormwater Fund and SPLOST Funds.

	GOALS	FY 2016 STATUS	FY 2017 PROJECTED
FY 2016			
1.Maintain the public drainage sys	stems for compliance with standards and proper	On-going	On-going
function.			
2.Establish a citywide Master Plan	n to develop a maintenance, minor repairs, and	On-going	Complete
capital projects schedules for the s	stormwater program.		
FY 2017			
1. Install culverts and headwalls u	nder South College Street to replace existing	On-going	To complete this year
concrete pipes			
2. Pipe Beasley Road drainage dit	ch, from Mill Creek Elementary to outfall	On-going	To complete this year

OBJECTIVES FOR FISCAL YEAR 2017

- 1.Improve the overall drainage system conveyance and pollution removal efficiency
- 2.Perform improvements that reduce and/or minimize flooding
- 3.Improve Stormwater Management webpages to provide public with a resource to drainage deficiencies and track complaints received.
- 4.Complete the detailed drainage system inventory and condition assessment of the City's public drainage system and critical parts of the private drainage system.
- 5. Enhance public education and awareness efforts related to stormwater management.

- 5. Utilize the inventory and condition assessment data to develop and implement a proactive drainage system operations & maintenance program .
- 6. Develop a citywide drainage master plan for prioritizing CIP implementation
- 7. Continue established formal Erosion & Sedimentation Control Program.

515 Natural Gas

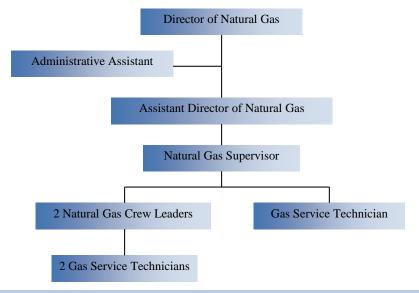

FUND - 515 - NATURAL GAS FUND

DEPT - 4700, 4750

This fund is used to account for the receipts and disbursements to finance the Natural Gas Department. The department is responsible for operating the City's natural gas distribution system. The City purchases its gas wholesale, then sells it retail to its industrial, commercial and residential customers. The natural gas industry was fully de-regulated by Congress in 1988, and the Federal Energy Regulatory Commission has implemented policies since then to encourage open competition for gas supply. Since de-regulation, local distribution companies such as the City have had to join with other buyers to get the best possible price in what can be a highly volatile gas supply market. The City is a member of the Municipal Gas Authority of Georgia (MGAG), which is a joint agency established by the State of Georgia to assist municipal gas systems. MGAG negotiates contracts for gas supply, and also can hedge those prices using the commodities market, in an attempt to meet our customers' demand for gas at the lowest price.

The City uses a flexible gas rate, so that it can receive a realistic margin on each of them it sells. The margin is added to the base rate, which is the wholesale price of gas for the month. In this way, the City charges what it needs to pay the personnel, maintain the system, and expand the system, in addition to buying the gas. Unlike private gas companies that must pay property and income taxes, as well as distributions to shareholders, the City is tax-exempt and our citizens are the shareholders. Therefore, all net income is either put back into the system, or transferred to the General Fund in order to reduce the need for property taxes to support other City operations. Either way, our citizens and customers are the beneficiaries.

The City has begun a much more aggressive program of system expansion in recent years. It is critical that this system be expanded in order to provide service to additional customers; and also because it is a source of revenue for the General Fund, thereby helping keep property taxes lower than they would be without this utility. The City is able to do this, and still have lower rates than the surrounding investor-owned gas utilities for the reasons cited above.

STATEMENT OF SERVICE

Statesboro Natural Gas is the sole provider of Natural Gas for customers in Statesboro/Bulloch County, Metter/Candler County and parts of Screven County. We provide commercial, residential and industrial service as well as serving a wide variety of agricultural customers within our service area. Our mission is to provide reliable and safe gas service for our customers at affordable prices, and generate a good return on investment for the taxpayers of the City of Statesboro.

GOALS	FY 2016 STATUS	FY 2017 PROJECTED
FY 2016		
Operate system as safely as possible and comply with all State and Federal	On-going	On-going
regulations.		
2. Expand system into unserviced areas.	On-going	On-going
3. Expand and enhance customer incentive programs to encourage the use of	On-going	On-going
Natural Gas.		
FY 2017		•
1. Complete training program in the use of CNG with Gas employees.	To Begin	N/A

OBJECTIVES FOR FISCAL YEAR 2017

- 1. Complete expansion to I-16 Industrial Park.
- 2. Promote the use of CNG within the City Fleet.

541 SOLID WASTE COLLECTION

FUND - 541 - SOLID WASTE COLLECTION FUND

DEPT - 4521, 4522, 4523, 4585

This fund accounts for the receipts and disbursements to operate the City's solid waste collection systems for commercial, residential, yard waste, and rolloff service. It is financed by the monthly user fees and rolloff services that customers pay. SPLOST funds are appropriated to assist this fund with capital expenses for collection equipment. Without these SPLOST funds, this fund would have to be subsidized by higher sanitation and polycart fees. If these fees become too high the result would likely be an increase in illegal dumping which would create public health concerns and aesthetics problems for the community.

STATEMENT OF SERVICE

The City provides commercial collection services using front loading trucks and dumpsters picked up on a schedule agreed to by the customer and City. Customers are charged an amount determined by the cubic yard size of the dumpster(s) used and the number of times per week it is serviced. Dumpster service within apartment complexes is charged per unit. The cost for this service is \$17.35 per month per unit and includes yard waste collection. The cost of yard waste collection by curbside service is supplemented by an additional \$1.60 per month per customer. Residential collection is provided using polycarts that citizens take curbside for once per week service. The cost for this service is \$17.35 per month which includes a charge of \$1.60 for the yard waste and white goods. Yard waste and white goods service is collected curbside throughout the City using knuckleboom loader trucks following a route system. Given the extent of services provided, the fee for curbside service remains competitive with similar service by private companies in the unincorporated areas of Bulloch County and with comparable cities. The City also provides rolloff collection services using rolloff trucks and rolloff containers. Customers are charged a delivery and pickup charge of \$80 plus tippage fees, as assessed by the transfer station.

	GOALS	FY 2016 STATUS	FY 2017 PROJECTED
FY 2016			
1. Maintain a health	y environment by removal and disposal of garbage,	Accomplished	On-going
yard waste, and other	er debris in a timely manner.		
2. To provide citizer	ns a community that promotes health through good	Accomplished	On-going
infrastructure while	preserving the environment for future generations.		
3. Provide effective	communication with the public and explore ways to	Accomplished	On-going
improve customer se	ervice and communication.		
FY 2017			
1. Explore additiona	l services to provide to City residents and businesses to	To begin	<u> </u>
improve customer se	ervice.		

OBJECTIVES FOR FISCAL YEAR 2017

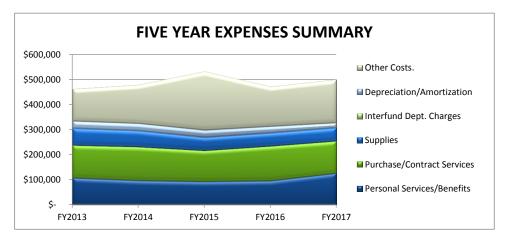

- 1. Continue to complete all assigned routes efficiently and effectively.
- 2. Implement GPS technology, where to optimize and track collection routes.
- 3. Explore additional ways to improve efficiency.
- 4. Improve recycling and waste reductions opportunities.
- 5. Explore options for bulk waste collection.
- 6. Improve communication of services, fees, and schedules by exploring social media opportunities.

542 Solid Waste Disposal Fund

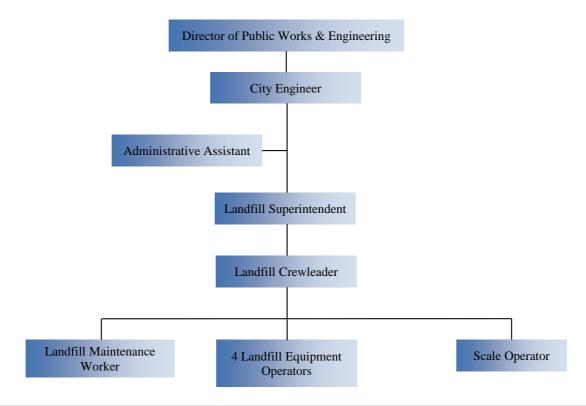

FUND - 542 - SOLID WASTE DISPOSAL FUND

DEPT - 4530

This fund accounts for the receipts and disbursements to operate the jointly owned City and County transfer station, inert landfill and the post-closure costs of the closed landfill located on Landfill Rd off North Main St. Included are the costs to transport and dispose of the solid waste at the Broadhurst landfill near Jesup, GA and waste tires with Quality Tire near Jackson, GA. Both transportation services are provided by contract with a local trucking company. The cost of transportation is currently equivalent to approximately \$13.32 per ton. The disposal agreement with Broadhurst Environmental was renewed in 2015, resulting in a stabilization of the tipping fees to a proposed rate of \$23.70 per ton with an inflationary index included in this agreement. The disposal agreement with Quality Tire was renewed in 2014. Funding for the Keep Bulloch Beautiful program also comes from this fund.

SPLOST funds are appropriated to pay the post-closure costs and cover of the disposal fees at the Broadhurst Environmental Landfill. Without these SPLOST funds, this fund would either have to be subsidized by property taxes or have higher tipping fees. If these fees become too high the result would likely be an increase in illegal dumping which would create public health concerns and aesthetics problems for the community.

The operation of the transfer station, operation of the inert landfill, maintenance of the closed Lakeview Landfill and the operation of the attendant methane gas extraction system are under the direction of the City Engineer. The City Engineer, in coordination with the City's solid waste engineering consultant, is responsible for all post-closure regulatory compliance issues to keep the closed landfill in full compliance with US Environmental Protection Agency and Georgia Environmental Protection Division rules and regulations.

STATEMENT OF SERVICE

The Solid Waste Disposal Fund is financed by the tipping fees that users of the inert landfill and transfer station pay to dispose of solid waste. The tipping fee for disposal in the inert landfill is currently \$19.75 per ton. The tipping fee for all other solid waste is currently \$38.00 per ton. Tippage fees for waste tires vary by tire size but average \$120.00 per ton. In addition to funding the cost of personnel and equipment to weigh the waste and operate the inert landfill and transfer station, tippage fees fund operation of the methane extraction system as required for post-closure care of the closed landfill and on-going operations of the inert landfill.

	GOALS	FY 2016 STATUS	FY 2017 PROJECTED
FY 2016			
1. Maintain a health	ny environment by the removal and proper disposal	In progress	On-going
of solid waste, yard	debris, scrap tires and white goods		
2. Extend passive v	ent system on the closed section of the inert landfill	In progress	Complete
FY 2017			
1. Demolish the tran	nsfer station floor and re-pour the floor to it's		Awaiting funding
original thickness to	Completed in FY2017		
2. Purchase new 20	17 DGN to replace 1995 model		

OBJECTIVES FOR FISCAL YEAR 2017

- 1. Continue research to find alternatives to deal with the volume of yard waste being disposed of in the Inert Landfill.
- 2. Explore additional ways to further reduce the total tons of waste that is transported to the Broadhurst Landfill Facility for disposal (waste stream reduction).
- 3. Stay in compliance and up to date on all state and federal EPD compliance guidelines and to operate all sites within those
- 4. Work diligently with KBB and the County to provide every opportunity to reduce all waste streams and increasing recycling.
- 5. Increase the amount of tours given to GSU and local High School students to increase their knowledge of sound solid waste disposal practices particularly with emphasis on the inert landfill, transfer station, and recycling center.

601 Health Insurance Fund

FUND - 601 - HEALTH INSURANCE

DEPT - 1500 - GENERAL ADMINISTRATION

This internal service fund accounts for the receipts and disbursements to operate the City's self-funded health insurance program. The City contracts with a third-party administrator (TPA) to run this program, and advise it on how to determine premiums for both the employer and the employee. The premiums are set to cover three cost components of the plan: the third party administrator's fees; actual medical claims; and the premiums for stop/loss reinsurance.

STATEMENT OF SERVICE

This Budget is based upon a 0% increase in premiums and the City will continue to pay 75% of both employee and dependent health insurance, and individual employees will pay 25% through payroll deduction from earnings. The City's portion of the premiums is budgeted within each budget that has personnel covered by the plan, so that the costs are allocated to the proper fund, department and division.

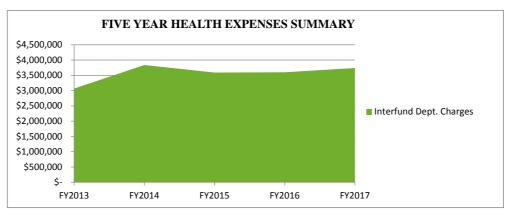

It is critical that adequate reserves be set aside in good claims years, so that when a bad claims year hits, the fund is financially strong. This removes the possibility of spikes in rates for both the City and its employees, or serious cuts in the level of benefits provided.

602 Fleet Management Fund

FUND - 602 - FLEET MANAGEMENT FUND

DEPT - 4900

This fund accounts for the receipts and disbursements to operate the City's centralized vehicle and equipment fleet maintenance program. The Fleet Management operation is a true internal service fund with all costs, including depreciation, charged to the using departments through labor, parts, and overhead charges just like a commercial garage. This reflects the true cost to each fund, department, and division.

STATEMENT OF SERVICE

For FY 2017 each General Fund user will be charged a \$45.00 per hour service rate. The Fire Department rate is \$50.00 per service hour. All other users will be charged a \$55.00 per hour service rate. There will continue to be a 10% mark-up on parts, 20% mark-up sublet work, and 5% mark-up for shop supplies. Computerized records of all maintenance on each piece of equipment will continue to be maintained and a preventive maintenance schedule, as established in conjunction with each department, will be continued. This, in conjuction with routine training, has resulted in more dependable equipment and vehicle service resulting in extended usage, reduced downtime and reduced life cycle costs.

	GOALS	FY 2016 STATUS	FY 2017 PROJECTED
FY 2016			
1. Provide superior	preventative and unscheduled maintenance of the	Accomplished	On-going
City fleet with rates	below private market labor rates.		
2. Keep all city veh	icles and equipment operating in a safe and	Accomplished	On-going
efficient manner wi	th minimal downtime.		
3. Provide technical	support and guidance for all departments.	Accomplished	On-going
FY 2017			
1. Explore additiona	al ways to reduce sublets/outsourcing to provide		
quicker response an	d lower customer maintenance costs.		

OBJECTIVES FOR FISCAL YEAR 2017

- 1. Continue to complete maintenance and repairs on all city vehicles and equipment in a timely and safe manner.
- 2. Continue to remain available at all times and continue to provide open communication with all city departments.
- 3. Reduce the costs incurred by sublet work by remaining current with equipment and technology solutions.
- 4. Continue to improve knowledge and certification of mechanics by providing training opportunities.
- 5. Continue to gain the knowledge and provide all training necessary to support the city's CNG and alternative fuels initiative.
- 6. Continue to encourage certified specialized training of mechanics for maintenance of public service vehicles and equipment.

604 Wellness Program Fund

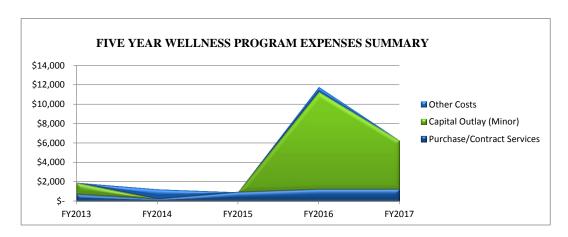

FUND - 604 - WELLNESS PROGRAM

DEPT - 1500

In FY 2012, an employee fitness center was established to increase the health and well-being of City of Statesboro employees. The fitness center is open 24 hours, seven days a week exclusively for employees, spouses, and retirees of the City. The center has a variety of cardio, strength, and conditioning equipment. The center is located in the Municipal Court and IT Building.

605 Central Services Fund

FUND - 605 - CENTRAL SERVICES

DEPT-1535-INFORMATION TECHNOLOGY

This department is headed by the Central Services Director. The IT-GIS department is responsible for standardizing software, hardware, and mapping technologies to greater serve the City of Statesboro and its citizens. The department achieves these goals by maintaining the City's computer resources including network, phone system, pc's, website, while geographically mapping all of the City's infrastructure.

STATEMENT OF SERVICE

The IT Department's mission is to successfully integrate our citizens, process and technology by fostering partnerships and consistently delivering solutions that serve as the foundation of City operations. The IT Department measures internal processes, adopts the best practices and monitors innovative trends to better align technology services with the City and the citizens' needs.

	GOALS	FY 2016 STATUS	FY 2017 PROJECTED
FY 2016			
1. Reducing Help Desk ticket completion times.		On-going	On-going
2. Increasing mobili	ty efforts for City Departments.	On-going	On-going
3. Developing and i	mplementing City iOS applications.	On-going	On-going
4. Creating tools for	Public Information.	On-going	On-going
FY 2017			
1. Continue reachin	g efficiencies through the use of technological		
means throughout th	ne City of Statesboro organization.		
2. Expand GIS Serv	rices into all departments through out the City of		
Statesboro.			
3. Implement a Fibe	er Optic infrastructure to assist the City of		
Statesboro and its c	itizens.		

OBJECTIVES FOR FISCAL YEAR 2016

- 1. To continue to find ways to implement higher technology while finding efficiencies for the City of Statesboro.
- 2. Have a centralized GIS (Geographical Information System) for all City's GIS Data with access for Employees and Officials in a user friendly way.
- 3. Increase interactive availability for the citizens of the City of Statesboro throughout the use of Public Portals.

OTHER POST-EMPLOYMENT BENEFITS (OPEB) FUND

FUND -760 - OTHER POST EMPLOYMENT BENEFITS FUND

DEPT - 1500

In FY 2014, the City of Statesboro created the Other Post Employment Benefits Fund (OPEB) due to the Governmental Accounting Standards Board Statement 45. This fund accounts for the City's OPEB plan that is not required to be in a trust fund. Currently, the only OPEB plan that the City has is its Post-Retirement Health plan. The City's current policy states the following:

- a) Any employee who retires before age sixty-five, but not sooner than age 62 (or age 55 for a sworn police officer or firefighter), may stay on the City's medical insurance plan until he qualifies for enrollment in the federal Medicare Plan.
 - 1) If the employee has a minimum of ten (ten) years, but less that twenty-five (25) years of creditable service with the City as defined by the GMEBS Plan, the City will pay fifty percent (50%) of a single or family coverage premium until the employee is eligible for Medicare.
 - 2) If the employee has twenty-five (25) or more years of creditable service with the City, the City will pay one hundred percent (100%) of a single or family coverage premium until the employee is eligible for Medicare.
- b) Any retired employee, whose spouse is younger than the employee, may continue to cover the spouse on the City's medical insurance plan at the single coverage premium until the spouse qualifies for Medicare coverage, provided that a) the employee had a minimum of ten (10) years of creditable service at retirement; and b) the employee had paid for dependent coverage for at lease the last five years of his employment, and had it in force at the time of his retirement.
 - 1) If the employee had a minimum of ten (10) years, but less than twenty-five (25) years of creditable service with the City as defined by the GMEBS Plan, the City will pay fifty percent (50%) of a single coverage premium until the spouse is eligible for Medicare.
 - 2) If the employee has twenty-five (25) or more years of creditable service with the City, the City will pay one hundred percent (100%) of a single or family coverage premium until the spouse is eligible for Medicare.

The City has been on a pay-as-you-go basis for funding the health insurance of its retirees. However, it will start transferring \$750 per employee to build the fund in order to meets its future OPEB obligations.

TAB 34 Capital Improvements Program

CAPITAL IMPROVEMENTS PROGRAM

Other than the annual operating budget, the preparation and adoption of a Capital Improvements Program (CIP) is one of the most important financial decisions which the City Council makes each year. The purposes of a CIP are to ascertain the community's capital improvement needs over the next six years; project revenue sources and expenditures; and serve as a planning tool in deciding how best to meet those needs within the financial capability of the City.

The City's six year CIP is updated on an annual basis as capital needs are assessed by the Mayor and Council, the City Manager, Department Heads and their staff. New projects are proposed which details the estimated cost, description, and anticipated funding sources. If a new project needs arises during the year, a budget amendment identifying both funding sources and project appropriations will be utilized to provide formal budgetary authority for the subject projects. A capital improvement, for purposes of this program, is defined as a fixed asset costing at least \$5,000, and having a useful life of at least two years. Therefore, this program will include numerous vehicles and equipment.

There are several major benefits resulting from a Capital Improvements Program:

- 1. It shows the public that objective analysis of existing and long-term needs has been applied.
- 2. It is increasingly demanded by federal and state agencies, and municipal bond rating agencies to prove that comprehensive planning and sound fiscal policies are in place.
- 3. It allows for the coordination in timing, location, and financing of interrelated, complex projects.
- 4. By projecting the financial commitment over a six-year period, it seeks to minimize the impact on local tax rates, fees, and charges, attempting to remove any spikes in these rates.
- 5. It provides realistic appraisals of future needs, and whether financial resources will be available to address them.
- 6. It provides a priority setting process including the public, Mayor and City Council, City management staff, and outside agencies receiving City funding.
- 7. It provides a plan of City improvements which might be linked with other public agencies' improvements (ie, the possibility of a community center on school grounds).

- 8. It provides sufficient lead time to develop detailed plans and specifications for projects, as well as applications for federal and state grants and other financing sources.
- 9. Finally, it forces the City to allocate its revenue sources adequately between both the Operating Budget and the Capital Budget. This requires a policy review to avoid deferring maintenance, equipment replacement, and needed capital projects.

The foremost consideration in any realistic long-range planning endeavor must be financial resources. Long-term improvements can be financed following either of two methods, or a combination thereof: "pay as you go" means you finance projects from existing operating funds, or Special Purpose Local Option Sales Taxes (SPLOST). This incurs no additional debt. "Pay as you use" means the City uses general obligation bonds, revenue bonds, capital outlay notes, GEFA loans, the GMA Equipment Lease Pool, or lease/purchase agreements to finance major improvements.

This section includes a summary sheet of all City capital projects and the funding sources. The project sheets include a department project number, a detailed description of the project with an explanation as to why this project is needed, the funding source(s), the year the project is proposed and the impact on the FY 2016 operating budget. Following the project sheets is a summary of projects by fiscal year for each fund.

Included in this CIP, are projects that are proposed to be funded with sources that need to be voted on by the citizens or voted on by Council. The newest funding source proposed is a Stormwater Utility Fund. By creating this new utility through the implementation of Stormwater Utility fees, the City will be able to prepare for the forthcoming Environmental Protection Department regulations. These regulations include, but are not limited to, public education requirements, inventory of infrastructure and maintenance, illicit discharge detection, and strict erosion and sedimentation control.

Project PWE-ENG-5 Engineering Division Vehicles

Description

Replace pickup trucks in Engineering Division. Replace 2004 model vehicle in FY2017; replace 2003 model vehicle in FY2019. Add vehicle for Engineering 1 position in 2021.

Funding							Total
	dopted Y 2017	Projected FY 2018	Projected FY 2019	Projected FY 2020	Projected FY 2021	Projected FY 2022	
General CIP Fund	\$ 26,000		\$ 26,000		\$ 26,000		\$ 78,000
Total	\$ 26,000	\$ -	\$ 26,000	\$ -	\$ 26,000	\$ -	\$ 78,000

Impact on FY 2017 Operating Budget

Decrease in vehicle maintenance costs.

Project PWE-ENG-12 GIS Data Acquisition & Management Establishment

Description

Acquire data used to build the City's GIS Database and install survey markers such as City Limit boundary monuments. As the City continues to grow its GIS database, it's necessary to obtain new information for the creation of layers. Further, the establishment of new City Limit Boundary Markers delineating recent annexations is imperative to avoid mistakes concerning zoning, issuing building permits, code enforcement, policing, etc., because the information distributed to the public and staff is inaccurate.

Project PWE-ENG-18 Engineering Department Responsibilities for Facility Maintenance

Description

City Hall Chiller and Dehumidifier unit were replaced in FY 2014. The new dehumidifier package unit and chiller need calibration and yearly maintenance to perform properly. Proper yearly maintenance keeps chillers and dehumidifier running smoothly. This funding will also be utilized for major calibration related repairs to the HVAC system at the Arts Center.

Project PWE-ENG-28 Street Striping/Street Signage

Description

Improve Pavement Markings and Signage throughout the City. This work is needed to bring existing pavement markings up to date or place new, pavement markings and signage that are necessary. In addition, upcoming FHWA regulations are requiring that communities develop a formal sign replacement program to ensure that all signage within their jurisdiction meets or exceeds retroreflectivity standards. This will require that we replace many signs within the City.

Project PWE-ENG-33 Intersection Improvements, US 301 S. at S.R. 67/Fair Rd.

Description

Improvements to the intersection may include geometric modifications and a traffic signal installation. This intersection has been identified as one of the City's highest accident locations due to its current alignment, heavy volume of traffic and confluence with an active railroad track. Re-aligning this intersection and installing a traffic signal would improve its safety significantly. This general area is also the potential location for a East-West connector road. *Note: This is a GDOT intersection.*

Project	PWE-ENG-36	Traffic Signal Installation/Timing or Camera Installations
---------	------------	--

Description

The installation of new traffic signals. The City will reimburse the developer for the traffic signal installation at Fair Road/Brampton Avenue. \$110,000.00 will be reimbursed in FY2016 and the remaining \$25,227.50 will be reimbursed in FY2017. Several unsignalized intersections in the City may soon warrant signalization. Several streets also require frequent retiming or coordination of signals. In addition, with the number of traffic signals we now must maintain, we are looking at replacing the typical induction type loops for detecting vehicle presence with new camera systems.

Project PWE-ENG-37 Intersection Improvements, West Main at Johnson Street and MLK - Phase I

Description

Reconfigure the intersection of W. Main St. at Johnson Street and MLK. Phase I of this concept only includes purchasing property, demolition of structures and design. Phase II will be construction. West Main St. intersects Johnson St. and MLK at skewed angles. This causes sight distance problems. The proposed improvement will realign Johnson St. and MLK to intersect West Main at better angles.

Project PWE-ENG-40 Street Resurfacing Program

Description

Excluding the State and Federal highways within the City limits, all other streets are the sole responsibility of the City to maintain. It is especially important for the City to appropriate adequate funding for resurfacing since GDOT has eliminated the Local Assistance for Roads Program (LARP). Most GDOT funding is now rolled into one State Aid Program known as LMIG, which requires funding participation by the City. There are approximately 141 miles of streets and highways within the City limits. Of those, approximately 20 miles are State or Federal highways, which the Georgia Department of Transportation is responsible for maintaining. The other approximately 121 miles are solely the responsibility of the City. This funding should be in the Capital Improvement Program annually in order to provide a consistent source (along with LMIG funds) to resurface local roads as needed. It could also be used to mill down some streets or repairing the roadway prior to resurfacing. Performing resurfacing, when needed, extends the service life of our streets, and helps prevent the need for major repairs later which saves a significant amount of money in the long run.

Project PWE-ENG-64 Proposed Sidewalk Installation (Various Locations)

Description

Construct sidewalks where needed in town. There are many potential locations for sidewalks with a worn path from pedestrian traffic: South College St. from W. Jones Ave. to Mikell St.; W. Main St. from Ivory St. to Foss St.; W. Jones Ave. from S. College St. to Institute St.; N. Zetterower Ave. from Hill St. to Northside Dr. W. Other locations include Stambuck Lane, Fleming Drive, Stockyard Road, Packinghouse Road and Chandler Road. As other locations are identified they will be added to this on-going project.

Project PWE-ENG-68 Construct sidewalk along Lester Rd. (Phase I) and E. Main St. (Phase II)

Description

This projects consists of the construction of an 8' to 10' wide sidewalk along E. Main between Lester Rd. and existing sidewalk located on the easterly side of Veterans Memorial Parkway. The construction is scheduled for FY 2017. These extensions will serve as a link between Statesboro High School and Mill Creek Park/Elementary School Area. With increased traffic volume, pedestrian safety would be compromised without the installation of these sidewalks. The sidewalk would also benefit the residential areas along Lester Rd. and East Main. These features should, in turn, promote the use of pedestrian routes locally and encourage community health and wellness, while also providing a completed route from the High School to Mill Creek Park.

Project PWE-ENG-80 Anderson Street Paving and Drainage Improvements

Description

Anderson Street is approximately 400 LF of unpaved road with some residential properties. This work includes grading drainage, curb/gutter, base and paving, and miscellaneous. Design to be performed "in house". This is one of the last remaining known dirt roads in the City. Anderson Street is the only access-way for at least two (2) residential units. The City installed sanitary sewer to these units in FY 2011.

Project PWE-ENG-84 Intersection Improvements at Hwy. 67 (Fair Rd.) at South Zetterower/Tillman Road

Description

An extensive study of this intersection in FY 2013 recommended retiming the signal. This was done by GDOT, and it seems to have provided satisfactory reductions of the vehicle queue lengths. The thoughts are that retiming the signal will suffice for now, but additional dual left-turn lanes as well as driveway access modifications, and incorporation of bike/pedestrian safety measures will be needed in the future. The discontinuation of Herty Dr. at Georgia Ave. and the closing of other GSU Campus Streets such as Plant Dr. and Forest Dr. (both proposed to be closed) forces Georgia Southern related traffic to use Fair Rd., Tillman Rd., and Hwy. 301 South. This causes delays, congestion and a long queue for motorists turning left from Fair Rd. onto Tillman Rd. In addition, Zetterower Ave. has been experiencing a long queue for motorists turning left onto Fair Rd. In the future geometric and signal improvements will be needed at this intersection to improve its efficiency and capacity. In addition, it has become very clear that this intersection is an impediment to the bicyclist and pedestrian traffic in the area, including those utilizing the McTell Trail.

Project PWE-ENG-88 Brannen Street/Highway 80 Connector Road

Description

Provide alternate route from Brannen Street to Hwy 80 and Lowe's. Modify and extend existing driveway to Lowe's, from Hwy 80, to provide connection to Brannen Street. There is a significant amount of traffic using Bernard Lane, both north and southbound. This was confirmed by traffic counts done before restricting the northbound traffic from Brannen Street. Now that Bernard Lane is only an egress for traffic to Brannen St. the northbound traffic has to find other routes. Staff has proposed on alternate route that will use the existing driveway to Lowe's off of Hwy 80 and extend it to Brannen Street. This will give the northbound traffic a shorter route to Hwy 80 and other businesses in the Lowe's area. Note: City agreed to only fund the surveying, design and basic property conveyance process estimated to be approximately \$35,000. Private sector funding the actual roadway construction.

Project PWE-ENG-98 Construct Roadway Improvements near Schools, Campuses or other large Traffic Generators including Commercial and Industrial Zones

Description

Where warranted by a traffic study, widen pavement to install left turn lanes and/or deceleration lanes and improve nearby turn radii near constructed school(s), GSU Campus or other large traffic generators including commercial. The Bulloch County Board of Education has recently constructed three (3) new elementary schools and significantly increased the size of Statesboro High School. It is anticipated that roadway improvements such as radii improvements and the construction of turn lanes and decel/accel lanes will continue to be required at some of these schools as they begin nearing their design capacities, and around the GSU Campus as it continues to grow. In addition, businesses such as Howard Lumber Co. create ingress/egress challenges which require geometric improvements to roadways for truck access.

Project PWE-ENG-101 Installation of Traffic Calming Measures @ Various Locations

Description

Three (3) locations have been identified as areas which can benefit significantly by installing traffic calming measures. The three (3) locations are Lester Road, Lanier Dr., and US 301 South. Other locations may be added while traffic calming at existing locations may be combined with other improvement projects in their respective areas. Significant increases in pedestrian and vehicular traffic in several areas of the City have resulted in potentially dangerous conflicts between the two modes of travel. Over the past several years we have primarily utilized signage and striping to regulate the speed of vehicles, however, in some cases, we are beginning to find that these measures alone have become ineffective. The results, have meant an increased danger to pedestrians. For this reason, we recommend the installation of more proactive, physical measures such as raised crossings, bulb-out islands, brighter striping, isles of refuge or similar. Note: Carry over \$75,000 from FY 2016 to FY 2017 in 2013 SPLOST Funds.

Project PWE-ENG-108 Rehabilitation of Facilities

Description

Replacement or upgrade of the mechanical, electrical, boiler, thermostatic control systems, etc at City Hall, Averitt Arts Center or other facilities as needs warrant. The Jaeckel Hotel was renovated and converted to Statesboro's City Hall in 1996. Although the chiller and dehumidifier systems have recently been replaced, the interior air handlers and boiler are in serious need of replacement. In addition to being expensive to maintain, some of the equipment is becoming obsolete. Based on the age of these systems (20 years), it is time to rehabilitate the systems in their entirety and include upgrades to the thermostatic control systems and lighting to improve the building's overall energy efficiency. The Averitt Arts Center opened in 2004. The mechanical system has incurred significant repair costs over the past few years. Based on its history of problems, future repair or replacement is inevitable, thus money is being appropriated for FY 2017. This item includes a carryover from FY 2015 for repairing/replacing the City Hall roof and HVAC equipment in FY 2016 for the Arts Center roof and HVAC equipment in FY 2017. These funds could also be used for rehabilitation of other existing city facilities.

Project PWE-ENG-115 S. Main Streetscape Project

Description

This project has been identified by the community as a high priority due to the fact that S. Main St. acts as a major gateway to downtown Statesboro and it serves as a natural connection between the GSU Campus and downtown Statesboro. This project will stretch from the intersection of Main St. at Main St. to Tillman Rd. (approximately 1.2 mi.). Improvements will include the installation of decorative sidewalks, decorative crosswalks on the side streets, decorative street lighting, benches and bike racks. The main costs of the project will be the relocation of overhead power, telephone and cable to underground. *Note: If any improvements are planned within the roadway, then major storm drainage upgrades will be necessary. Those costs are not included here.*

Tree/Shrub Maintenance

Project

PWE-PRK-18

Project PWE-PRK-19 Cemetery Improvements

Description

Install irrigation and improvements throughout cemetery to inhance trees, shrubs, and grass. This will be done through a herbicide program and irrigation. This will allow us to plant a better quality grass, such as centipede or bermuda, to reduce maintenance time and expenses and improve the aesthetics of the trees and shrubs in the cemetery. Citizen complaints regarding the lack of grass and quality of the trees and shrubs in the cemetery has prompted us to address this issue.

Project PWE-PRK-22 Improvements to Edgewood Park

Description

Improvements at Edgewood Park to include enhancements such as trees, shrubs, benches, tables, etc. and perform improvements to the parking area. This park is used frequently by both nearby residents and the public at large. Complaints by residents in the area regarding damage to park grounds by motorists have prompted staff to study ways to restrict vehicle traffic to open areas while improving the aesthetics. Adding 1600 lin ft walkway. Staff will explore possible grant opportunities.

Project PWE-STS-114 Replacement Radios

Description

Replace hand held radios used by the Street Division Crews. The current radios are about 15 years old and are obsolete. These radio units are used by crews to communicate with office, other crews and other departments. Radio communications are a major safety concern for our personnel. Replace about 4 units/year. We currently have about 20 hand help units at approximately \$3000 each.

Project FD-62 Public Safety Training Center FD Facilities

Description

Construct basic firefighting training facilities at the Bulloch County Public Safety Training Facilities on 301 North Examples of these facilities would include a burn building and tower. The department has out grown its current training facilities and is in need of a larger training area. Federal regulations have also made it more difficult for fire departments to conduct live fire evolutions which would be addressed in this project.

Project FD-69/TII FD Facility Upgrades

Description

The Fire Department buildings are in need of some upgrades and renovations to allow for the storage of equipment and vehicles. Many of the apparatus have water tanks the are required to be in climate control storage so that weathering will not freeze or damage equipment or water tanks. Also, these funds are being reserved for new construction of sub-stations that are scheduled in CIP FD-7.

Project FD-73/TI New Engine and Platform Aerial Apparatus

Description

The Fire Department acquired a new Fire Engine and Platform Aerial in FY 2013 to help meet the needs of a growing department. Both apparatus were purchased together so that a substantial savings could be gained. The purchase was made through the GMA lease pool, and The remaining balance will be repaid from of 2013 SPLOST over the next 5 years. The total cost of the project is 1.5 million dollars.

Project	FD-82/TI	Engine 3 Rescue/Extrication Tools Retrofit

Description

Currently the department is utilizing 2 different brands of Rescue tools (Holmatro to TNT). This occurred due to the decision the department had made to change from Holmotro to TNT due to Holmtoro's Local Service Provider and dealer providing poor customer and maintenance service. After discussions and assurances with Corporate Offices of Holmatro, the department feels the need to swap brands is no longer needed and would be better served (finically and operationally) to remain with Holmatro (the majority of the current equipment in use). Additionally, Halmatro's wiliness to provide this conversion at their cost further demonstrates the companies desire to provide the department with quality service and products. Operationally, having different brands and/or types of Extrication Tools creates challenges for service delivery, maintenance, training of personnel, etc.

Project FMD-6 Heavy Equipment Service Truck

Description

Current trucks were inadequately designed to perform all of the necessary responsibilities of the Fleet Maintenance field operations. New trucks will be better equipped to respond to a larger variety of service calls. This will provide quicker response, improved service, safer and more efficient operations for Fleet personnel and reduce sublets - a savings for other departments. Replace 2002 model truck.

Project FMD-21 Nitrogen Tire Fill Generation Unit

Description

Nitrogen generation unit separates nitrogen from air molecules to provide stable gas to inflate tires with nitrogen versus conventional air which contains moisture and can be heated by compressor units. With all new vehicles being equipped with tire pressure monitoring systems (TPMS) as standard equipment nitrogen is the recommended medium to use with these systems. Nitrogen has become the standard to use with public safety vehicles, particularly law enforcement vehicles, because the stable properties of nitrogen maintains tire pressures better resulting in improved handling. It also improves fuel efficiency and tire life decreasing

Project NGD-2 HWY 301 North River Crossing

Description

This project replaces 4500' of 6" steel pipe with 4500' of 8" steel pipe at Ogeechee River crossing on Hwy 301 North due to corrosion on the existing pipe. This pipe is the sole source of supply for the City, and if it were to fail at this location, it would be extremely difficult to repair. It is recommended that we replace this section with a new main which would be directionally bore far below the river bottom to prevent exposure in the river channel and blocking boat traffic.

Project PD-15/ Tactical Body Armor, Helmets and Armor Plates

Description

Tactical body armor expires every 5 years with current inventory due to expire in the year 2020. Replacement of these vests with a comparable model is essential in maintaining officer safety and providing the officer with life-saving equipment required to conduct high-risk tactical operations in completion of the Department's mission and goals. The design of the front entry vest will promote easy donning and removal by the individual officer without the current need of assistance of a fellow officer. This procedure causes unnecessary delays in the officers' preparation to respond to a critical incident. The front entry design will also allow the officer to receive easy emergency access by the Team Medic.

Project PD-22/ Bullet Proof Vests for Patrol Officers

Description

The Police Department requires that each officer wear a bullet proof vest while in the performance of full time law enforcement duties. This mandatory wear policy has resulted in one life saved and is absolutley necessary for the protection of our Officers on the street. Each vest has a manuafacturer expiration date that lasts five years. This essential piece of law enforcement equipment will be aquired with SPLOST funding throughout coming fiscal years. (* Pending 2019 SPLOST approval)

Project STM-1 Stormwater Master Planning

Description

The City's Stormwater Management Program will rely heavily on master planning to provide direction for prioritizing major repairs and upgrades. The master planning will consist of 3 major components: drainage basin H&H modeling, stormwater system inventory and assessment, CIP identification and prioritization. Since the Master Planning will be extensive, the City will be divided into five phases.

Note: In addition to the \$75,000 proposed in FY2017 STM-1 will also carry over \$75,000 from FY2016 for a total of \$150,000 in FY2017.

Project STM-2 Drainage Basin H&H Modeling/Engineering/Surveying

Description

Ongoing research, engineering and surveying for drainage projects to be completed under the Comprehensive Stormwater Management Program. As the City grows, there will be a need to conduct additional H&H modeling to add to the existing Master Plan.

Note: STM-2 will carry over \$30,000 from FY2016 to FY 2017 and may be used in conjunction with STM-1, Master Planning.

Project STM-3 Regional Detention Facility Implementation

Description

Regional detention ponds are anticipated throughout the City to provide storage and controlled release of stormwater runoff to alleviate downstream flooding. Projects consist of property purchases, surveying, engineering and construction. The first regional detention pond is planned for the area between Bulloch St and West Grady St. This location will help detain stormwater from 3 sub-basins north and west of this location. This CIP might be used in conjunction with a GEFA or Section 319 (h) Nonpoint Source Implementation Grant. Other possible locations are between W Grady St and Fair Rd, between E Grady St and E Jones Ave, between Gentilly Rd and Veteran's Memorial Parkway, and Lake Sal area.

Project STM-4 Stormwater Program Capital Projects

Description

Phase I of the Stormwater Management Program Assessment and Funding Analysis prepared by Ecological Planning Group identified a multitude of drainage improvement projects that need to be completed to alleviate flooding throughout the City. Projects include enlarging/replacing pipes and culverts, modifying or adding drainage structures, modifying or adding ditches and other improvements. The Stormwater Master Plan when complete will establish the priorities for all drainage projects. This CIP will allocate \$150,000 as the match for the CDBG if the Grant is awarded to the City in FY2017. If the grant is not awarded these funds will be used to perform capital projects as provided in the assessment and/or the stormwater master plan.

Note: The total budget of \$150,000 in FY2017 includes \$75,000 in funds not expended and retained in the fund from FY2016 (STM-3, \$65,000 and STM-5, \$10.000).

]	Project	STM-5	Minor Stormwater Infrastructure Repairs
---	---------	-------	---

Description

Repairs to be made to aging drainage infrastructure. Includes repair/replacement of storm inlets, pipes, headwalls, etc. Specific repairs may be detailed in the Stormwater Master Planning Report. Projects on this CIP for FY 2017 include East Olliff Street culvert reseal. The joints on this culvert are leaking. This will require cleaning joints and replacing the grout among other repair type projects.

Project STM-22 Sustainability Initiatives

Description

Projects that promote long-lived, healthy urban forests and wetlands. Studies prove that trees reduce stormwater runoff, erosion, urban heat islands and energy costs; wetlands improve water quality by providing storage and filtering out pollutants. This CIP complements the tree credit initiative and will promote areas within the City that contribute to healthy urban forests and wetlands and improve stormwater management overall.

Project WWD-37 Generators for Sewage Pump Stations

Description

Program to retro-fit all sewage pump stations with emergency power generators in compliance to EPD regulations. This would limit the potential of overflows due to power outage. Currently we have twenty-one sewage pump stations in the collection system, of these only three have emergency power capability. Proposed amount should retro-fit one station per year with a generator.

DEBT SERVICE SCHEDULES

DEBT SERVICE SCHEDULES

The City of Statesboro continues to be proactive in its fiscal management practices. This section summarizes the debt service obligations of the City at the beginning of FY 2017. These obligations represent the City's annual installment payments of principal and interest for previous capital improvement projects or acquisitions funded through debt financing.

According to the Georgia Constitution, a city's legal debt margin for general obligation debt is ten percent (10%) of the total assessed property values within the city limits. Currently, the City has no outstanding general obligation debt. In general long-term debt, the City has a lease agreement with the Downtown Statesboro Development Authority dated October 3, 1995, for 25 years. This debt financed the purchase and the renovation of City Hall.

In the Natural Gas Fund, the City has a One Georgia Authority loan that financed the extension of gas lines to the City of Metter, Georgia. This obligation will be satisfied in April, 2022.

In the Water and Sewer Fund, the City recently issued \$15,040,000 in Water and Sewer Revenue Bonds. This debt was issued to refund and redeem all of the outstanding Water and Sewer Refunding Revenue Bonds in 2010, Series 1995, to prepay ten loans with the Georgia Environmental Facilities Authority, to provide funds sufficient to satisfy the Debt Service Reserve Requirement on the Bonds, to acquire, construct and equip extensions, additions and improvements to the System and to pay the fees and expenses incurred in connection with the issuance of the Bonds. The City will realize a savings of approximately \$382,859 in net present value over the next twenty three years. In addition, the City has three outstanding loans with the Georgia Environmental Facilities Authority.

Computation of Legal Debt Margin:

Gross Assessed Valuation (2015-2016)	\$622,187,173.
Legal Debt Limit – 10.00% of Grossed Assessed Value	62,218,717.
General Obligation Bonded Debt	0.
Legal Debt Margin as of June 30, 2016	\$559,968,456.

GLOSSARY OF TERMS

Glossary of Terms

Accrual Basis - A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

Activity - Departmental efforts which contribute to the achievement of a specific set of program objectives; the smallest unit of the program budget.

Ad Valorem Taxes - Commonly referred to as property taxes, are levied on both real and personal property according to the property's valuation and the tax rate.

Allot - To divide an appropriation into amounts, this may be encumbered or expended during an allotment period.

Amortization - A tax deduction for the gradual consumption of the value of an asset.

Annualize - Taking changes that occurred mid-year and calculating their cost for a full year, for the purpose of preparing an annual budget.

Appropriation - A legal authorization to incur obligations and to make expenditures for specific purposes.

Assessed Valuation - The valuation set upon real estate and certain personal property by the Assessor as a basis for levying property taxes.

Assessment Ratio - The ratio at which the tax rate is applied to the tax base.

Asset - Resources owned or held by a government which has monetary value.

Attrition - A method of achieving reduction in personnel by not refilling the positions vacated through resignation, reassignment, transfer, retirement, or means other than layoffs.

Authorized Positions - Employee positions, which are authorized in the adopted budget, to be filled during the year.

Available (Undesignated) Fund Balance - This refers to the funds remaining from the prior year which are available for appropriation and expenditure in the current year.

Balanced Budget – A budget in which planned revenues available equal planned expenditures.

Base Budget - Cost if continuing the existing levels of service in the current budget year.

Bond - A long-term I.O.U. or promise to pay. It is a promise to repay a specified amount of money (the face amount of the bond) on a particular date (the maturity date). Bonds are primarily used to finance capital projects.

General Obligation (G.O.) Bond - This type of bond is backed by the full faith, credit and taxing power of the government.

Revenue Bond - This type of bond is backed only by the revenues from a specific enterprise or project, such as a hospital or toll road.

Bond Refinancing - The payoff and re-issuance of bonds, to obtain better interest rates and/or bond conditions.

Budget - A plan of financial activity for a specified period of time (fiscal year or biennium) indicating all planned revenues and expenses for the budget period.

Budgetary Basis - This refers to the basis of accounting used to estimate financing sources and uses in the budget. This generally takes one of three forms: GAAP, cash, or modified accrual.

Budget Calendar - The schedule of key dates that a government follows in preparation and adoption of the budget.

Budgetary Control- The control or management of a government in accordance with the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and resources.

Capital Assets - Assets of significant value and having a useful life of several years. Capital assets are also called fixed assets. The City of Statesboro defines them as assets costing at least \$5,000 and a useful life of two or more years.

Capital Budget - The appropriation of bonds or operating revenue for improvements to facilities, and other infrastructure.

Capital Improvements - Expenditures related to the acquisition, expansion or rehabilitation of an element of the government's physical plant; sometimes referred to as infrastructure. It also includes vehicle and equipment replacement.

Capital Improvements Program (CIP) - A plan for capital outlay to be incurred each year over a fixed number of years to meet capital needs arising from the government's long-term needs.

Capital Outlay - Assets which have a value of \$500 or more and have a useful economic lifetime of more than one year; or, assets of any value if the nature of the item is such that it must be controlled for custody purposes as fixed asset.

Capital Project - Major construction, acquisition, or renovation activities which add value to a government's physical assets or significantly increase their useful life. Also called capital improvements.

Capital Reserve - An account used to segregate a portion of the government's equity to be used for future capital program expenditures. The amount of capital reserve is roughly equal to the government's annual equipment depreciation and an amount identified as being needed for future capital acquisition.

Commodities - Expendable items that are consumable or have a short life span. Examples include office supplies, gasoline, minor equipment, and asphalt.

Constant or Real Dollars - The presentation of dollar amounts adjusted for inflation to reflect the teal purchasing power of money as compared to a certain point in time in the past.

Consumer Price Index (CPI) - A statistical description of price levels provided by the U.S. Department of Labor. The index issued as a measure of the increase in the cost of living (i.e., economic inflation).

Contingency - A budgetary reserve set-aside for emergencies or unforeseen expenditures not otherwise budgeted.

Contractual Services - Services rendered to a government by private firms, individuals, or other governmental agencies. Examples include utilities, rent, maintenance agreements, and professional consulting services.

Cost-of-living Adjustment (COLA) - An increase in salaries to offset the adverse effect of inflation on compensation.

Debt Service - The cost of paying principal and interest on borrowed money according to a predetermined payment schedule.

Dedicated Tax - A tax levied to support a specific government program or purpose.

Deficit - The excess of an entity's liabilities over its assets or the excess of expenditures or expenses over revenues during a single accounting period.

Department - The basic organizational unit of government which is functionally unique in its delivery of services.

Depreciation - Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

Development-related Fees - Those fees and charges generated by building, development and growth in a community. Included are building and street permits, development review fees and zoning, platting and subdivision fees.

Disbursement - The expenditure of monies from an account.

Distinguished Budget Presentation Awards Program - A voluntary awards program administered by the Government Finance Officers Association to encourage governments to prepare effective budget documents.

Employee (or Fringe) Benefits - Contribution made by a government to meet commitments or obligations for employee fringe benefits. Included are the government's share of costs for Social Security and the various pensions, medical and life insurance plans.

Encumbrance - The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a specified future expenditure.

Entitlements - Payments to which local governmental units are entitled, pursuant to and allocation formula determined by the agency providing the monies, usually the state or the federal government.

Expenditure - The payment of Cash on the transfer of property or services for the purpose of acquiring an asset, service or settling a loss.

Expense - Charges incurred (whether paid immediately or unpaid) for operations, maintenance, interest or other charges.

Fiscal Policy - A government's policies with respect to revenues, spending, and debt management as these relate to government services, programs and capital investment. Fiscal policy provides an agreed-upon set of principles for the planning and programming of government budgets and their funding.

Fiscal Year - A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization. The City's fiscal year is July 1st through June 30th.

Fixed Assets - Assets of long-term character that are intended to continue to be held or used, such as land, buildings, machinery, furniture, and other equipment.

Full Faith and Credit - A pledge of a government's taxing power to repay debt obligations.

Full-time Equivalent Position (FTE) - A part-time position converted to the decimal equivalent of a full-time position based on 2080 hours per year. For example, a part-time typist working for 20 hours per week would be the equivalent to .5 of a full-time position.

Function - A group of related activities aimed at accomplishing a major service of regulatory program for which a government is responsible (e.g., public safety).

Fund - A fiscal entity with revenues and expenses which are segregated for the purpose of carrying out a specific purpose or activity.

Governmental Fund – Funds generally used to account for tax-supported activities. There are five different types of governmental funds.

Capital Project Fund: Type of fund used to account for financial resources to be used for the acquisition or construction of major capital facilities.

Debt Service Fund: Type of fund used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

General Fund: Type of fund typically serves as the chief operating fund of a government. This fund is used to account for all financial resources except those required to be accounted for in another fund.

Permanent Fund: Type of fund used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposed that support the reporting government's programs.

Special Revenue Fund: Type used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditure for specified purposes.

Proprietary Funds – Funds that focus on the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. There are two different types of proprietary funds.

Enterprise Fund: Type of fund used to report an activity for which a fee is charged to external users for goods or services.

Internal Service Fund: Type of fund that may be used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to other governments, on a cost-reimbursement basis

Fiduciary Fund – Funds used to report assets held in a trustee or agency capacity for others and which therefore cannot be used to support the government's own programs. There are four different types of fiduciary funds.

Agency Funds: Type used to report resources held by the reporting government in a purely custodial capacity (assets equal liabilities). Agency funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

Investment Trust Funds: Type used to report governmental external investment pools in separately issued reports and the external portion of these same pools when reported by the sponsoring government.

Pension Trust Funds: Type used to report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contribution plans, other postemployment benefit plans, or other employee benefit plans.

Private-Purpose Trust Funds: Type used to report all trust arrangements, other than those properly reported in pension trust funds or investment trust funds, under which principal and income benefit individuals, private organizations, or other governments.

Fund Balance - The excess of the assets of a fund over its liabilities, reserves, and carryover.

GAAP - Generally Accepted Accounting Principles. Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

Goal - A statement of broad direction, purpose or intent based on the needs of the community. A goal is general and timeless.

Grants - A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending upon the grantee.

Indirect Cost - A cost necessary for the functioning of the organization as a whole, but which cannot be directly assigned to one service.

Infrastructure - The physical assets of a government (e.g., streets, water, sewer, public buildings and parks).

Interfund Transfers - The movement of monies between funds of the same governmental entity.

Intergovernmental Revenue - Funds received from federal, state and other local government sources in the form of grants, shared revenues, and payments in lieu of taxes.

Internal Service Charges - The charges to user departments for internal services provided by another government agency, such as data processing, or insurance funded from a central pool.

Lapsing Appropriation - An appropriation made for a certain period of time, generally for the budget year. At the end of the specified period, any unexpected or unencumbered balance lapses or ends, unless otherwise provided by law.

Levy - To impose taxes for the support of government activities.

Line-item Budget - A budget prepared along departmental lines that focuses on what is to be bought.

Long-term Debt - Debt with at maturity of more than one year after the date of issuance.

Materials and Supplies - Expendable materials and operating supplies necessary to conduct departmental operations.

Mill - The property tax rate which is based on the valuation of property. A tax rate of one mill produces one dollar of taxes on each \$1,000 of assessed property valuation.

Modified Accrual – Basis of accounting according to which (a) revenues are recognized in the accounting period in which they become available and measurable and (b) expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable except for unmatured interest on general long-term debt and certain similar accrued obligations, which should be recognized when due.

Net Budget - The legally adopted budget less all interfund transfers and interdepartmental charges.

Nominal Dollars - The presentation of dollar amounts not adjusted for inflation. Adjusting for inflation would be done to reflect the real purchasing power of money today.

Object of Expenditure - An expenditure classification, referring to the lowest and most detailed level of classification, such as electricity, office supplies, asphalt, and furniture.

Objective - Something to be accomplished in specific well-defined and measurable terms and that is achievable within a specific time frame.

Obligations - Amounts which a government may be legally required to meet out of its resources. They include not only actual liabilities, but also encumbrances not yet paid.

Operating Revenue - Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings, and grant revenues. Operating revenues are used to pay for day-to-day services.

Operating Expenses - The cost of personnel, materials and equipment required for a department to function.

Output Indicator - A unit of work accomplished, without reference to the resources required to do the work (e.g., number of permits issued, number of refuse collections made, or number of burglary arrests made). Output indicators do not reflect the effectiveness or efficiency of the work performed.

Pay-as-you-go-Basis - A term used to describe a financial policy by which capital outlays are financed from current revenues rather than through borrowing.

Performance Budget - A budget wherein expenditures are based primarily upon measurable performance of activities and work programs.

Performance Indicators - Specific quantitative and qualitative measures of work performed as an objective of specific departments or programs.

Performance Measure - Data collected to determine how effective or efficient a program is in achieving objectives.

Personal Services - Expenditures for salaries, wages, and fringe benefits of a government's employees.

Prior-Year Encumbrances - Obligations from previous fiscal years in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation, and for which a part of the appropriation is reserved. The cease to be encumbrances when the obligations are paid or otherwise terminated.

Program - A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the government is responsible.

Program Budget - A budget which allocates money to the functions or activities of a government rather than to specific items of cost or to specific departments.

Program Performance Budget - A method of budgeting whereby the services provided to the residents are broken down in identifiable service programs or performance units. A unit can be a department, a division, or a workgroup. Each program has an identifiable service or output and

objectives to effectively provide the service. The effectiveness and efficiency of providing the service by the program is measured by performance indicators.

Program Revenue (Income) - Revenues earned by a program, including fees for services, license and permit fees, and fines.

Purpose - A broad statement of the goals, in terms of meeting public service needs that a department is organized to meet.

Reserve - An account used either to set aside budgeted revenues that are not required for expenditure in the current budget year or to earmark revenues for a specific future purpose.

Resolution - A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

Resources - Total amounts available for appropriation including estimated revenues, fund transfers, and beginning balances.

Retained Earnings - The accumulated earnings of an Enterprise or Internal Service Fund which have been retained or held in the fund and which are not reserved for any specific purpose.

Revenue - Sources of income financing the operations of government.

Service Level - Services or products which comprise actual or expected out-put of a given program. Focus is on results, not measures of workload.

Source of Revenue - Revenues are classified according to their source or point of origin.

Structurally Balanced Budget – one that supports financial sustainability for multiple years into the future.

Supplemental Appropriation - An additional appropriation made by the governing body after the budget year or biennium has started.

Supplemental Requests - Programs and services, which departments would like to have added (in priority order) over their target budget, or if revenue received is greater than anticipated. .

Target Budget - Desirable expenditure levels provided to departments in developing the coming year's recommended budget. Based on the prior year's adopted budget, excluding one-time expenditures, projected revenues and reserve requirements.

Tax Levy - The resultant product when the tax rate per one hundred dollars is multiplied by the

tax base.

Taxes - Compulsory charges levied by a government for the purpose of financing services

performed for the common benefit of the people. This term does not include specific charges

made against particular persons or property for current or permanent benefit, such as special

assessments.

Transfers In/Out - Amounts transferred from one fund to another to assist in financing the

services for the recipient fund.

Unencumbered Balance - The amount of an appropriation that is neither expended nor

encumbered. It is essentially the amount of money still available for future purposes.

Unreserved Fund Balance - The portion of a fund's balance that is not restricted for a specific

purpose and is available for general appropriation.

User Charges - The payment of a fee for direct receipt of a public service by the party who

benefits from the service.

Variable Cost - A cost that increases/decreases with increases/decreases in the amount of service

provided such as the payment of wages.

Working Capital- Excess of current assets over current liabilities.

Workload Indicator - A unit of work to be done (e.g., number of permit applications received, the

number of households receiving refuse collection service, or the number of burglaries to be

investigated).

Work Years - The amount of personnel resources required for a program expressed in terms of

the "full-time equivalent" number of employees. One "work year" is equal to one full-time, year

round employee. For most categories, this equals 2080 hours per year (40 hours per week times

52 weeks). The number of hours a part-time employee is budgeted to work during the year is

divided by 2080 to arrive at the equivalent number of "work years" for the position.
