Introduction

Introduction

The City of Statesboro is a progressive community that provides an exceptional quality of life to its residents and offers southern charm and hospitality to its visitors. The City offers a high standard of living with a commitment to ensure the most responsive and progressive public services to residents, businesses, and visitors. Statesboro is where the living remains softly southern and folks call out to one another by first name.

Created by an act of the Georgia legislature in 1803, Statesboro is a Georgia Municipal Association City of Excellence and Certified City of Ethics. Statesboro has an economy comprised of an industrial base, a growing university, expanding retail activity, and a regional medical center. This regional economic hub is located 15 miles off Interstate 16 and offers many educational and vocational opportunities that provide a competitive advantage for a strong workforce.

The City operates under the Council-Manager form of government, established by a 1999 Charter amendment. The Mayor is elected at large while the five council members are elected by district. All elections are non-partisan, and the terms are for four years, with half of the members elected every two years. The City Council appoints the City Manager to head the administrative functions of city government. As authorized by its Charter and Code, the services provided by the City are General Government (Administration, Human Resources, Finance, Community Development and Engineering), Judicial (Municipal Court), Public Safety (Police and Fire), and Public Works (Streets, Sanitation, Water and Sewer and Gas).

The City of Statesboro was incorporated on December 19, 1803, with a population of less than 25 people. The County seat of Bulloch County, Statesboro's population for 2011 was 28,522. According to the U.S. Census Bureau, the 2010 population for Bulloch County was 70,217, which is higher than the projection for 2015 of 68,235. This is a 25.4% change from the 2000 census population of 55,983. The Bulloch County area estimated population for 2010 was 224,267 and is projected to increase to 260,129 by 2015. This is a 41.7% change from the 2000 census. The 2011 median income per household in Statesboro was \$35,391 and the per capita income was \$17,871. The unemployment rate for March 2012 for Statesboro was 12%, which is

higher than the rate for the State of Georgia. The rate for this same period last year was 12.9%. The March 2012 unemployment rate for Bulloch County was 9.9%.

Situated in the southeastern corner of the state, Statesboro is located 194 miles east of Atlanta, 76 miles from Augusta, 55 miles west of Savannah, 144 miles from Charleston, SC. and 168 miles from Jacksonville, Fla. It is located 15 miles from Interstate 16, and is on US Highways 301, 80, and 25, and State Routes 73, 46, 67, and 24. Statesboro is included on the southern leg of the Savannah River Parkway, which is a four-lane connector between Savannah and Augusta

The City of Statesboro is approximately 14.41 square miles in area with an average elevation of 240 feet above sea level, the terrain being mostly flat. The climate is seasonal, but moderate, with mild winters and warm, humid summers. The average high temperature in January is 58 degrees and 91 degrees in July. The average annual rainfall is 47.0" and the relative humidity is 53% in January and 75% in July.

Statesboro is a regional trade center for commerce, education and health care. The City has a highly diversified economy with several major industries located in the area and is a regional shopping center and health care provider for 8 surrounding Georgia counties (Effingham, Screven, Jenkins, Emanuel, Candler, Evans, Tattnall, and Toombs). Approximately 29.1% of the Bulloch County labor force is employed by the government sector including the City's largest employer, Georgia Southern University. Major private sector employers in the City include East Georgia Regional Medical Center, Wal-Mart SuperCenter, and Lowe's Home Center.

There are two institutions of higher learning in the greater Statesboro area: Georgia Southern University located within the city limits of the City of Statesboro and Ogeechee Technical College located just outside the City on Highway 301 South. Accredited by the Southern Association of Colleges and Schools and Georgia's largest and most comprehensive center of higher education south of Atlanta, Georgia Southern offers undergraduate and graduate

degree programs through the doctoral level in more than 114 majors in its eight Colleges. The University's 19,691 students come from all 50 states and 90 countries.

Ogeechee Technical College offers 125 programs of study including 36 diploma programs and 70 certificate programs as well as 19 Associate degrees in conjunction with Georgia Southern University and East Georgia College. There are 15 public schools, 3 private and parochial schools and one charter school in Bulloch County that educate the area's 9,476 students. A total of 614 seniors graduated from these schools in 2010.

Statesboro is a leader in health care in southeast Georgia with East Georgia Regional Medical Center located within the city limits employing more than 730 employees and 94 physicians representing a wide range of specialties. East Georgia is a 150-bed, \$60 million hospital featuring a Women's Pavilion and an adjacent professional office building. The hospital is accredited by the Joint Commission on Accreditation of Healthcare Organizations, a distinction that is awarded only to those healthcare facilities that maintain the highest standards of quality. East Georgia Regional Medical Center offers a 24-hour physician-staffed emergency department, a Level II neonatal center, outpatient services including same day surgery and ambulatory care, a pain center, a cardiac catheterization lab, and state-of-the-art diagnostic procedures including MRI and CT.

Recreational opportunities that enhance the quality of life for our citizens are plentiful in Statesboro. The Willie McTell Trail is a linear park that provides a pedestrian walk and bicycle path for local cycle enthusiasts from the Georgia Southern University campus to downtown Statesboro. Bulloch County has received grant funding to provide a greenway trail and bike path from the City of Statesboro to nearby Brooklet, Georgia. Also located in Statesboro is Bulloch County's family water park and aquatics center, "Splash in the Boro." With the completion of two new hotels in 2008, twenty one hotels, motels and Bed & Breakfast Inns with 1089 rooms are located in the greater Statesboro area.

Statesboro's residents and visitors alike enjoy cultural and performing arts in the David H. Averitt Center for the Arts located on East Main Street. Restoration of the Old Bank of Statesboro, originally built in 1911, as a venue for community arts, activities and performances was funded primarily by SPLOST in the amount of \$4.3 million and has played a key role in the

revitalization of downtown. The Averitt Center, home of the Emma Kelly Theater, is operated by the Statesboro Arts Council and is a vibrant centerpiece in the City's historic downtown.

In 2010, the City of Statesboro/Downtown Development Authority partnered with Georgia Southern University (GSU) to enhance the University's presence in downtown Statesboro by creating GSU City Campus. GSU City Campus is occupied by the Bureau of Business Research and Economic Development, a GSU bookstore, and an Entrepreneur/Business Incubator Center along with office space and classrooms that provide educational resources for GSU and the community. The partnership provided the opportunity for the City to take an innovative approach in the completion of its wireless broadband initiative. The City used a wireless communities Georgia grant in the amount of \$322,298 to establish an unlicensed wireless bridge from the GSU campus to the downtown area. The wireless bridge will allow wireless access for computing, e-mail, browser-based applications, client/server based applications over VPN, POS over VPN, VoIP, work order management, and deployment of wireless surveillance cameras in the downtown area as well as on campus.

Statesboro is served by Ogeechee Railway Company and numerous common freight carriers. The City and Bulloch County jointly own the Statesboro Municipal Airport which is located approximately 30 minutes from Interstate 16, and 45 minutes from the Savannah International Airport, which is serviced by 7 major airlines. Statesboro is located approximately fifty miles from the Savannah ports while Bulloch County is equal distance between the ports of Charleston, Beaufort, Brunswick, and Jacksonville, giving several options on ports and sailing frequency.

In Statesboro there are 6 local radio stations, WHKN, WMCD, WPMX, WPTB, WWNS, and WVGS, and one daily newspaper, the *Statesboro Herald*. In addition, the *Savannah Morning News* reports on the news in Statesboro. Statesboro is covered locally by Northland Cable TV located within the city limits. The City of Statesboro, Georgia, Georgia Southern University, and Northland Cable have partnered to provide the community with a local government access channel, channel 97. Three television stations in Savannah also cover Statesboro regularly: WTOC (CBS), WJCL (ABC), and WSAV (NBC).

The City has 119.90 miles of roads of which 118 are paved and 15 traffic signals. Natural Gas is sold to 3,484 customers while water and sewer service is provided by the City to over 13,000 customers with an average daily water consumption of 2.79 million gallons. Statesboro has 184 miles of sanitary sewer and 216 miles of water mains with 1,487 fire hydrants. The City maintains a class 3 ISO rating with 2 fire stations.

Utilities are provided by the following within the City:

City of Statesboro Water & Sewer, Sanitation and Natural Gas

Excelsior Electric Electricity
Georgia Power Electricity

Frontier Communications
Bulloch Rural Telephone
Northland Communications
Telecommunications
Telecommunications

City Boards, Commissions, and Authorities

DOWNTOWN STATESBORO DEVELOPMENT AUTHORITY

The Downtown Statesboro Development Authority (DSDA), established in 1981, consists of 9 members, 8 of whom are appointed by the members of the authority to represent the owners of either real property or business establishments. The City Council appoints the remaining one member. The DSDA is empowered with the authority to acquire, improve, sell, lease, and/or mortgage property for the development and improvement of property in the Downtown Statesboro Development Authority District.

STATESBORO ARTS COUNCIL, INC.

The Statesboro Arts Council, Inc. was established August 15, 2000. The Council consists of 15 members who serve 3 year staggered terms. The Council is empowered with the duties and responsibilities to establish rules and regulations for arts facilities and to create policies to govern the management and conduct of funds, personnel, and property of the corporation. The Arts Council is directly responsible for the operations of the *David H. Averitt Center for the Arts*.

STATESBORO BEAUTIFICATION COMMISSION

The Statesboro Beautification Commission was established May 1, 1973. It consists of a Chairman and no more than 10 members appointed by the Mayor and City Council, and four ex-officio members: one member appointed from the County Commissioners, one member from the Board of Education, one member from the City Council, and one member appointed by the President of Georgia Southern University. The members serve staggered 5 year terms. The powers and duties of the Commission are to establish and maintain parks and trees in order to beautify the City of Statesboro.

STATESBORO PLANNING COMMISSION

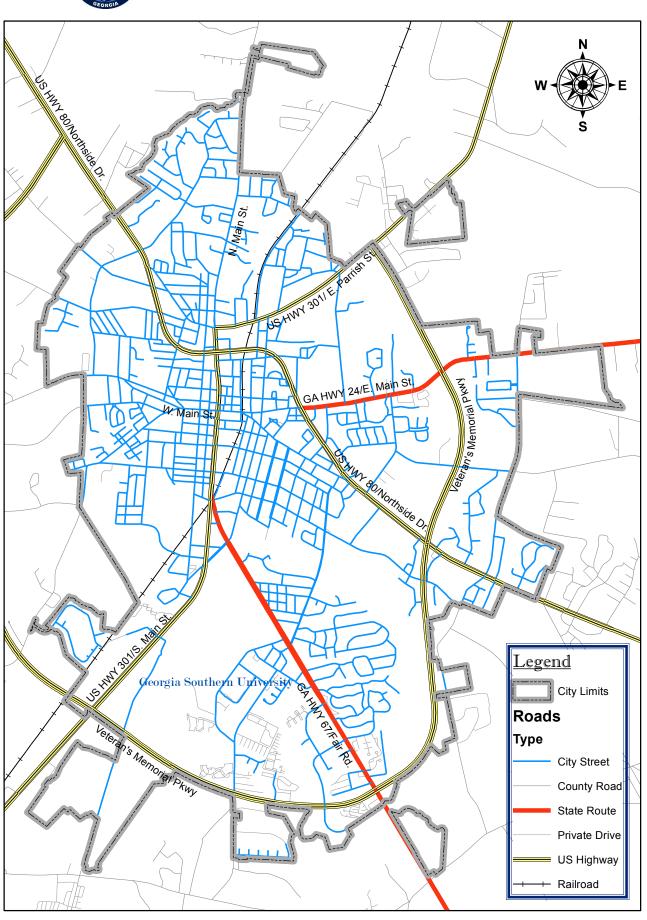

The Statesboro Planning Commission is an advisory board which was originally established in February 1977. Effective June 22, 2010, the Statesboro Planning Commission was reconstituted, and consists of five (5) members who are appointed by the Mayor and City Council, and are city residents and subject to other minimum qualifications for service. The Commission is vested with the duties to hear and make recommendations to the Mayor and City Council on zoning, subdivision, and affiliated land development regulations; to make recommendations on city planning documents and amendments to land development ordinances; to initiate and prepare studies related to development topics; and, other similar duties as assigned by the Mayor and City Council.

STATESBORO TREE BOARD

The Statesboro Tree Board was established on January 15, 1991. The Board consists of 9 members appointed by the Mayor and City Council to serve a staggered three (3) year term, with a maximum of two consecutive terms totaling six (6) years. These members are appointed with consideration for their personal expertise in all the areas of horticulture and preservation of our environment. The Board is responsible for hearing requests for variances for special use permits in the enforcement of the City of Statesboro Tree Ordinance.

TAB 2

Reader's Guide to the Budget

READER'S GUIDE TO THE BUDGET

One of the primary goals in formatting this Budget has been to make it user-friendly. Government budgets by definition are confusing documents, particularly for the first-time reader. Generally Accepted Accounting Principles (GAAP) for governments requires the use of multiple funds, grouped into seven categories. To further complicate it, some of those fund categories are budgeted and accounted for using the modified accrual basis of accounting, and some the accrual basis of accounting. Most citizens are accustomed to private sector accounting, where a business has one balance sheet and one income statement, both kept on the accrual basis of accounting. Therefore, it is strongly recommended that you take a few moments to review this Reader's Guide before reading the Budget. It should help you understand the framework of the City's fund structure and accounting system.

The City of Statesboro will operate with nineteen separate funds this year, which makes municipal budgeting and accounting considerably different from that in the private sector. Although the City may in most cases legally transfer money from one fund to another, each fund is a separate accounting entity with assets, liabilities, equity, revenues, and expenditures (expenses). Consequently, there will be nineteen separate balance sheets and income statements. The funds fall into five different categories, or types of funds, as required by Generally Accepted Accounting Principles for governmental entities. The funds by fund type that will be used in the fiscal year are as follows, and are summarized in the chart on the next page:

(1) Governmental Funds

General Fund – This is the principal fund of the city and is used to account for all activities of the City not included in other specified funds. The General Fund accounts for the normal recurring activities of the City (i.e., public safety, general government, engineering, community development, finance, and public works).

Special Revenue Funds – Funds used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes. Included in the Special Revenue Funds are the Confiscated Assets Fund, Community Development Housing Trust Fund, US Department of Justice Grant Fund, Multiple Grant Fund, Statesboro Fire Service Fund, Hotel-Motel Tax Fund and the Technology Fee Fund. The Narrative Section at the front of each Fund explains in detail the purpose of that fund.

Capital Project Funds – Funds used to account for financial resources segregated for the acquisition or construction of major capital facilities other than those financed by enterprise operations. The City's Capital Project Funds include the 2007 SPLOST Fund, and the Capital

Improvements Program Fund. Again, the Narrative Section at the front of each Fund explains in detail the purpose of that fund.

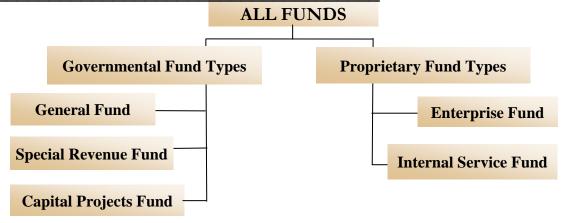

(2) Proprietary Funds

Enterprise Funds — Funds used to account for operations that are financed and operated in a manner similar to private business enterprises — where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has five Enterprise Funds: the Water and Sewer Fund, Reclaimed Water Fund, Natural Gas Fund, Solid Waste Collection Fund, and the Solid Waste Disposal Fund. Again, the Narrative Section at the front of each Fund explains in detail the purpose of that fund.

Internal Service Funds – Funds used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to the other government units, on a cost reimbursement (internal fees and charges) basis. The City has four Internal Service Funds: the Health Insurance Fund, , Worker's Compensation Fund, Fleet Management Fund, and the Wellness Program Fund. Again, the Narrative Section at the front of each Fund explains in detail the purpose of that fund.

Please note that the second column of the funds chart shows two different accounting bases: accrual and modified accrual. Accrual accounting is similar to private sector accounting, in that revenues are accrued when earned, and expenses are accrued when the financial transaction takes place. Proprietary Funds and Fiduciary Funds are accounted for on this basis, as they are operated very similarly to private businesses. In the Budget, these types of funds have a Budgeted Income Statement and a Budgeted Cash Flow Statement. Any major capital expenses for these funds are budgeted in the Budgeted Cash Flow Statement.

All Governmental Funds are accounted for using the modified accrual basis. Revenues are recognized in the accounting period in which they became available and measurable. The expenditures are recognized in the account period in which the fund liability is incurred. These funds reflect only available resources. In addition, this Budget shows all the major capital expenditures for these types of funds in the Capital Improvements Program Fund, or another capital projects fund. Major capital expenditures are defined as capital assets costing at least \$5,000 and having a useful life of at least two years. This includes not only land, buildings, and infrastructure, but also vehicles and equipment.

MODIFIED ACCRUAL BASIS OF BUDGETING

ACCRUAL BASIS OF BUDGETING

The nineteen funds are serviced by eleven bank accounts, seven of which are major accounts, and four of which are minor. The minor accounts have little activity, but are required due to bond indentures, grant requirements, or some other legal or operational requirement. The City received bids on its banking services in March, 2011, for a three-year term beginning July 1st. The chart on the following page shows which bank accounts service each of the proposed funds.

Following this Reader's Guide to the Budget is the City Manager's Budget Message. This message includes a listing of the assumptions used in developing the Budget. It also includes a discussion of the major issues requiring financing that the Mayor and City Council confront, and how this Budget proposes to address them.

The next section, Summary Budget of All Funds, is a multi-sheet spreadsheet, which summarizes all funds of the City of Statesboro, and the projected fund balances or working capital, depending on the basis of accounting used. This summary includes all revenues and transfers into a fund, and all expenditures (expenses) and transfers out of a fund. It also shows the other sources and uses of cash in those funds using full accrual accounting. *In short, it is the entire budget in a condensed format.* This section also contains the Resolution necessary to adopt the Budget. Should the Mayor and City Council wish to change any aspect of the proposed Budget contained herein, they would simply adopt this Resolution subject to those specific changes.

The next section contains the Resolution Adopting the Financial Policies, which directs the financial operations of the City. These policies are reviewed each year to determine if any changes need to be made.

The next section contains a List of Authorized Personnel Positions funded by this Budget. This lists the budgeted positions within each department and division of the City. This assures that only this number of personnel can be employed unless changed by the City Council during the fiscal year.

The next section contains the Proposed Position Classification and Compensation (Pay) Plan. The Plan was updated by the Vinson Institute of Government at the University of Georgia for FY 2007. It had been six years since the last update to the Plan. In the years between Plan updates, salaries and wages are adjusted by a cost of living adjustment to offset inflation. There are four schedules: 1) for 40-hour per week hourly employees, 2) for salaried employees, 3) for firefighters on the "24 hours on/ 48 hours off" schedule, and 4) for non-salaried police officers who work a 43-hour per week schedule.

Following that are sections for each one of the nineteen funds.

After all funds are presented, there are three remaining sections. They provide the following information:

- 1) Capital Improvements Program. The City adopts a Capital Improvements Program (CIP) for six years. The first year's project is included in the FY 2013 Budget. The other five years are included for planning purposes. Their priorities can be changed in future updates of this program. The CIP is updated on an annual basis, so that the benefits of long-range planning can be obtained while having the flexibility to adjust to unforeseen circumstances or opportunities.
- 2) The Existing Debt Service Schedule for All Funds. The City must repay the debt for the City Hall purchase and renovation; the debt for the natural gas line extensions to the City of Metter; and several GEFA loans and the 2010 Refunding and Improvement Revenue Bonds for the water and sewer system. That is the extent of the City's indebtedness. These schedules show the amount of principal and interest due in each of the fiscal years until fully repaid for each individual debt instrument.
- 3) A Glossary of Terms used in governmental budgeting and accounting to assist the first-time reader. It should help clarify new terms that may not be familiar to the reader.

Joe R. Brannen, Mayor Frank Parker, City Manager Sue Starling, City Clerk

50 EAST MAIN STREET • P.O. BOX 348 Statesboro, Georgia 30459-0348

June 1, 2012

The Honorable Mayor and City Council City of Statesboro PO Box 348 Statesboro, Georgia 30459

Re: City Manager's Budget Message and Transmittal of the Proposed Budget for FY 2013

Gentlemen:

Transmitted herewith for your consideration is the City of Statesboro's proposed budget for the fiscal year 2013 (FY 2013). We express appreciation to all City departments who contributed to the formulation of this budget. As a result of these efforts, we present to you a balanced budget that meets all administrative and legal requirements. Our objective in the preparation of this budget was to meet the priorities established by the Mayor and City Council for the coming fiscal year and to continue to provide the highest quality of services to our citizens in a fiscally responsive manner.

The annual Budget is one of the most important policy decisions that you as the elected officials of this City make each year. The Budget determines the staffing level of each service, the equipment and supplies, the priorities for service the City can afford to provide, and which major capital projects will be funded. Therefore, the Budget is an important planning tool for municipal government. It also serves as an accounting tool, because it assures that the limits set by appropriations cannot be exceeded under State statute. Finally, the Budget serves as a management tool in assisting your management staff to compare costs of alternative methods of providing City services, and to analyze the proper mix and level of revenue sources.

The FY 2013 City of Statesboro budget for all appropriated funds totals \$48,196,092 (this number includes transfers between funds) which is a decrease of \$523,389 from the FY 2012 budget. This increase is mainly due to capital expenditures in the 2007 Special Purpose Local Option Sales Tax Fund (SPLOST).

The General Fund budget for FY 2013 is \$13,569,342 or 28.15% of the total expenditures budget, which is a decrease of \$337,138 from the FY 2012 Budget and an increase to Fund Balance of \$70,583. The slight increase is due to an increase in the Building Permits as the City is starting to see a small

growth in the building industry, and Beer, Wine and Liquor taxes. The Statesboro Fire Service Fund budget for FY 2013 is \$2,608,552 or 5.4% of the total expenditures budget, and is budgeted to use \$29,018 of fund balance. The Water and Sewer Fund FY 2013 budget is \$9,633,621 or 19.99% of the total expenditures budget. This is an increase over the FY 2012 budget by \$689,897. The primary reason for the increase is an increase in Interfund/Department Charges. Even with these increased expenses, the Water and Sewer Fund is budgeted to increase its retained earnings by \$1,943,831. The FY 2013 Natural Gas Fund budget is \$4,700,174 or 9.75% of the total expenditures budget and is scheduled to increase retained earnings by \$97,941. The Solid Waste Collection Fund FY 2013 budget is \$2,679,668 or 5.56% of the total expenditures budget and is budgeted to increase retained earnings by \$334,902. The increase is due to an increase in revenues. The budget for the Solid Waste Disposal Fund for FY 2013 is \$3,311,092 or 6.87% of the total expenditures budget, and is scheduled to decrease retained earnings by \$149,961.

Budget Assumptions:

In preparing this Budget and the six-year Capital Improvements Program (CIP), your staff has used several assumptions that are critical in computing anticipated revenues and expenditures (expenses). Any budget and six-year capital plan by definition is a planning document and not every issue will have been determined prior to its preparation and adoption. Therefore, it is necessary to base the budget on certain assumptions. If changing circumstances affect those assumptions, the budget can be adjusted accordingly.

These major assumptions are as follows:

- Assumes that there will be no ad valorem (property) tax increase. Assumes no increase or decrease in the tax digest.
- Assumes an increase of approximately 5% for residential customers and 5% for commercial garbage polycarts collection fees, to offset the effects of years of inflation, coupled with significant price increases in gasoline and diesel over the last five years.
- Assumes an increase of approximately 3.4% in tippage fees for housing/commercial garbage to offset the rising cost of the hauling contract, which has a fuel adjustment rider and an annual CPI adjustment factor. Also, assumes a 27% increase in tippage fees for yardwaste.
- Assumes no increase in the natural gas rates. The actual rates for gas fluctuate monthly depending upon the underlying wholesale cost of the gas to the City, purchased through MGAG (the Municipal Gas Authority of Georgia). Assumes a normal winter heating load.
- Assumes the Fleet Management Fund labor rates will increase to \$55.00 per hour for the Enterprise Funds and departments within the General Fund will be charged \$25.00 per hour for labor charges.
- Assumes that the City will continue to make progress towards meeting the fund reserve targets established by the Mayor and City Council in the Financial Policies.

- The Budget will be adopted, and accounted for, using generally accepted accounting principles, with Enterprise and Internal Service Funds budgeted and accounted for using full accrual and accounting similar to private businesses, and all other funds budgeted and accounted for using modified accrual accounting.
- Assumes the economy will continue to strengthen, with sales taxes, building permits, and business licenses assuming normal levels.
- Revenues are projected on a scale of high, medium, and low with budget projections falling within the medium/low range, so that they are reflective of the current economic conditions and do not create overly optimistic projections.
- Assumes that the City will transfer \$100,000 to the Capital Improvement Program (CIP) Fund this fiscal year from the General Fund.
- Assumes that the City will enter into some annexations in FY 2013 that may require investments by the City in roads, drainage, water, sewer and gas improvements.
- Assumes that Equity Transfers to the General Fund will be as follows:

Natural Gas Fund \$ 900,000 Water/Wastewater Fund \$ 716,367 SW Collection Fund \$ 568,000 SW Disposal Fund \$ 214,000

| | TRANSFERS BETWEEN FUNDS | | | | | | | |
|--|--|-------------|------------|-------------|-------------|--|--|--|
| Transfer In | General | SFD | CIP | W and S | SW Disp. | | | |
| Transfer Out | | | | | | TOTALS OUT | | |
| General 07 SPLOST W and S Natural Gas SW Collection SW Disposal | \$ - \$ 716,367 \$ 900,000 \$ 568,000 \$ 214,000 | \$1,360,000 | \$ 100,000 | \$2,350,000 | \$1,493,694 | \$ 1,460,000 \$ 3,843,694 \$ 716,367 \$ 900,000 \$ 568,000 \$ 214,000 | | |
| TOTALS IN | \$2,398,367 | \$1,360,000 | \$ 100,000 | \$2,350,000 | \$1,493,694 | \$ 7,702,061 | | |

• Assumes that all Proprietary Funds will be self-supporting without assistance from the General Fund. However, the Solid Waste Disposal Fund will not be self-supporting without the 2007 Special Purpose Local Option Sales Taxes (SPLOST) paying for air rights and post-closure expenses, as the current \$38.00 per ton tippage fee does not offset all the costs of the transfer station, hauling contract, disposal contract, and post-closure costs of the Lakeview Landfill site including operation and maintenance of the methane extraction system. Hauling, disposal, and fuel surcharge alone cost us nearly \$36.44 per ton under the contract with Broadhurst Environmental and Rackleff Enterprises, LLC.

- Assumes that Bulloch County will levy a tax in the Statesboro Fire District, which should generate approximately \$830,000 for funding the County's portion of the Fire Services Fund.
- Assumes that the City of Statesboro will fund the Fire Service Fund in the amount of \$1,749,534.
- Assumes that the Statesboro Fire Department will be funded entirely by the Statesboro Fire Services Fund, as required by the intergovernmental agreement between the City and Bulloch County.
- Assumes the hiring and funding of two full-time positions: GIS Field Technician in the Water/Sewer Department and a maintenance Technician at the Wastewater Treatment Plant.
- Assumes the hiring and funding of two part-time positions: A Communications Officer and an Administrative Assistant in the Police Department.
- Assumes that the City will contract with Main Street (DSDA) to allocate 25% of the Hotel/Motel Tax for promotion and tourism development related to downtown; and with the Statesboro Arts Council to allocate 35% for promotions and tourism development. The Statesboro Convention and Visitors Bureau (SCVB) will receive 40% of the Hotel/Motel Tax for promotion and tourism development. These allocations will be made after a 5% transfer to the City for administrative costs. These contracts will be renegotiated in the spring of 2012, as required by state law.
- Assumes that the salary and benefits of both the Executive Director of the Statesboro Arts Council (SAC) and the Executive Director of the Downtown Statesboro Development Authority (DSDA) will be paid from the general fund.
- Assumes that the 2006 Position Classification and Compensation Plan prepared by the Carl Vinson Institute of Government and adopted by City Council will not be increased for a Cost of Living Adjustment during FY 2013. However, employees will receive a 2% bonus contingent on revenues.
- Assumes that for FY 2013 probationary and merit increases will be frozen.
- Assumes that for FY 2013 the vacation "buy back" program will be suspended.
- Assumes that the life insurance will be maintained at one times an employee's annual salary, capped at \$100,000.
- Assumes that medical insurance premiums will remain the same at 75% employer paid.
- Assumes that the maximum deduction allowed in the Flexible Benefits Plan (or HAS) will remain at \$3,500. Thru December and change to \$2,500. January 1st, 2013 due to new Federal regulations.

Major Issues:

Background:

Statesboro has a growing economy influenced by a strong industrial base, a growing regional public university, a regional medical center and increasing medical specialties, and a regional retail base. This diversification continues to help the local economy weather the ongoing recession and sluggish recovery better than the state as a whole. The City of Statesboro continues to experience growth in commercial and retail expansion and in residential developments resulting from an increasing population. The growth in population can be primarily attributed to the continued increases in enrollment at Georgia Southern University which is expecting a fall enrollment of 20,000 students and projected to continue adding 600 more students each year.

The School of Information Technology, the Nesmith-Lane Continuing Education Center (which includes an 850-seat theatre in the Performing Arts Center), a Nursing/Chemistry Facility, the recent renovation of the Henderson Library, the expansion of the Recreation Activity Center (RAC) and the recent groundbreaking of a Biological Sciences Building combined with the other outstanding amenities and superior educational opportunities make Georgia Southern one of the most attractive universities in the Southeast. While the GSU students can distort per capita income due to relatively low incomes, the economic impact of Georgia Southern on the local economy in Statesboro and Bulloch County exceeds \$130 million annually. Georgia Southern University continues to rank in the top three choices of Georgia students earning the HOPE college scholarship for academic excellence. The dynamic success of Georgia Southern University as a major economic engine in southeast Georgia coupled with the continued growth of Ogeechee Technical College and East Georgia College make Statesboro a regional center for higher education and ensures the economic strength and vitality of the community.

The long term outlook for Statesboro appears to be very optimistic with the expansions of the commercial/retail sector and health care sector, and projected growth in multi-family and single-family housing. Factors that should currently be giving all service providers concern are the rising cost of health care, the state of the national economy, particularly in the housing industry, and the volatility of gasoline and diesel fuel prices. However, with our recent investments in water, sewer, natural gas, and roads this community should be poised to capitalize on our investment and to aggressively solicit additional prospects and opportunities in order to ensure our economic vitality. The health care segments of the community also remains strong and as the need for medical services grow; new specialties become available, new physicians are attracted to the area and East Georgia Regional Medical Center continues to expand its services.

The City will continue to focus on maintaining a healthy and expanding economic base supported by sound infrastructure in order to attract and retain quality employers. This expanding economic activity translates into growing needs for quality support services including improved transportation, water and sewer, natural gas, solid waste, and public safety services. To effectively respond to this growth and the increased demand for services the City will have to proactively plan in order to meet the challenges for financing major public works and utilities improvements. The funding initiatives in this proposed Budget attempt to address many of these growth challenges.

Further Economic Development Initiatives:

A 2007 SPLOST initiative approved by the voters in July, 2006 will provide the City with an estimated \$21.7 million in funding for capital projects to be used to continue to invest in infrastructure while funding a scheduled preventative maintenance program for vehicles, facilities and equipment.

In FY 2011, the construction of an Effluent Reuse Line that will provide re-claimed water to customers for the purpose of grounds irrigation was completed. The reclaimed water will be pumped from the effluent of the city's Wastewater Treatment Plant and distributed to the approved end users of Reclaimed water. The first customer was Georgia Southern University, in an effort to conserve water while reducing cost. The initial capital cost of this project was \$837,000 and was primarily funded by Georgia Southern University in exchange for reduced rates for their minimum monthly billing of 250,000 gallons per day. In FY 2013, the City has budgeted an additional \$300,000 to expand the current Effluent Reuse Line to developments located on Hwy 301 South and Hwy 67 for irrigation purposes.

Statesboro Geographical Information System (StaGIS) was formed in FY 2012. This division of the Information Technology (IT) Department will ensure that all of the City's departments work in tandem to achieve their geospatial needs by reducing redundancy, increasing interoperability, and creating cross departmental solutions. For FY 2013, StaGIS will implement a mobile GPS data collection solution for the public works department, streamlining garbage and yardwaste collection, thus saving on fuel costs. This same project will build a foundation for mobile based GIS solutions for all City departments.

In an effort to increase the acquisition of grant funding for all City Departments, the Purchasing Department was tasked with being the communication point for the coordination of these grant acquisition efforts during FY 2012. The City will utilize all possible resources available with the Coastal Regional Commission (CRC). With the help of the CRC, the City hopes to be able to "layer" state and federal grants to maximize the net potential for funding on all projects. By using local matching funds and obtain state grant funding, The City would be able to combine these funds to form a large matching fund to pursue larger federal grant funding. It is believed that, over time, these efforts will help lower the cost of obtaining operational equipment as well as capital expenditures.

In FY 2013, the City will explore the creation of a Stormwater Utility to prepare for forthcoming Environmental Protection Division (EPD) regulations. The regulations would require the City to address the following needs: (1) aging and undersized stormwater drainage system infrastructure; (2) reduce flooding, soil erosion and stormwater runoff; and (3) enable the City to meet current and future stormwater related regulatory compliance requirements. A Stormwater Utility would assign costs to parcels within the City that receive stormwater services in a more fair and equitable manner by charging fees based on the amount of stormwater runoff they generate and the services they receive. The Utility would function as a user based system similar to the City's other public utilities, and provide a consistent and stable revenue stream for implementing a comprehensive stormwater management program. With the creation of a Stormwater Utility, the cost burden associated with maintaining and expanding the City's stormwater system would be shifted away from the General Fund which has historically covered these expenditures.

The City's Natural Gas Department conducted a study in FY 2012 of building a Compressed Natural Gas (CNG) station. A CNG station would consist of the compression and storage of equipment for the refueling of the City's Municipal fleet. To begin with, the City would start converting commercial garbage trucks and other heavy duty vehicles from gasoline/diesel to natural gas. The CNG station would

be located on a site that would allow the City to offer CNG fueling to the public in the future. The City also plans to encourage other municipal fleet owners (i.e. Bulloch County Board of Commissioners and Bulloch County Board of Education) to participate. The City could see a potential savings of up to 50% on fuel costs once the City's entire fleet is converted. The second phase of this project is to purchase land for the station. The City has budgeted \$100,000 for this purchase in FY 2013 and in FY 2014 plans to invest up to \$900,000 in the building of the station. The City is researching possible grants to help offset the costs of this project.

The City has budgeted to upgrade approximately 13,000 water meters to a Flex Net Read system in FY 2013 and FY 2014. By upgrading all of the City's meters to Flex Net Read, the accuracy of the meters will improve, and the meters can be read at a central location. With the conversion, at least two Meter Reader positions will be changed to Water/Sewer Operator positions. The City should see a reduction in operating costs since the meters will no longer have to be physically read. At the same time, the Natural Gas Department will convert approximately 2,700 meters to the Net Flex Read system.

With each budget cycle the City continues to addresses the challenge of providing quality services to constituents with increasingly limited resources. The FY 2013 budget links developed organizational goals and objectives with the financial resources available to fund them. To accomplish the vision established by the Mayor and City Council the following goals have been developed for the City for FY 2013.

Main Goals

Goal: To actively engage and maintain transparency with the citizens of Statesboro. Objectives:

- 1. Continue to publish a newsletter mailed with utility bills.
- 2. Develop additional information inserts to accompany the utility bills as provided by various departments.
- 3. Develop brochures detailing City services.
- 4. Post more City information on the website, including press releases and the utilization of other social media outlets for dissemination of information to the public.

Goal: To provide efficient and effective services that will positively impact the quality of life for residents and business owners.

Objectives:

- 1. Publicize through GSU mailings to students and various media for customers the availability of online utility, property tax, and court fine payments.
- 2. Continue to stress fire prevention through annual inspections of businesses.
- 3. Continue to stress fire prevention through visits with school children in the public and private schools.
- 4. Continue to educate the public on the safe use of natural gas.
- 5. Continue to provide safe drinking water with no disruptions other than minor line repairs.
- 6. Continue to aggressively apprehend and prosecute offenders that commit physical assaults.
- 7. Continue to improve pedestrian safety by maintaining current sidewalks and providing additional sidewalks and safer crossings.

Goal: To develop and sustain economic development and investment in the community.

1. Continue to conduct Right Start Meetings with developers before they begin design so that they are clearly informed of our development guidelines and regulations.

- 2. Meet with developers and others on rezoning requests and variance requests so that they understand what a compatible use of that property would be.
- 3. Actively pursue annexation opportunities and creation of new retail and commercial development to enhance the tax base.
- 4. Continue to provide timely review of subdivision and site plans.
- 5. Provide consistency in interpretation and application of development ordinances.

Goal: To be proactive in the planning and development of critical infrastructure necessary for managed growth.

Objectives:

- 1. Continue to diligently inspect the installation of all developers' subdivision and commercial infrastructure that will be dedicated to the City for ownership and maintenance.
- 2. Continue to maintain the major drainage ditches and canals so that the system can convey heavy rains as designed.
- 3. Identify those areas within the City without natural gas service and provide installation.
- 4. Maintain GIS Systems of all City mapping needs including boundaries, utilities, rights of ways, easements, etc.
- 5. Create a Stormwater Management Program to address the City's ageing and undersized stormwater drainage system.

Goal: To work effectively with other local, state and federal agencies to benefit the citizenry. Objectives:

- 1. Identify and publicize the names and locations of known pedophiles within Bulloch County
- 2. Contest the early parole of known drug dealers at State Parole Board hearings
- 3. Work with the DEA and the local Drug Task Force to increase the number of convictions and drug seizures by 10%.
- 4. Strengthen the City's partnership with Habitat for Humanity of Bulloch County, Inc. to encourage housing ownership options for all income levels.
- 5. Continue to work with Bulloch County to provide additional recycling opportunities.

Outside Agencies:

Three other agencies are affected by this Budget. The City renegotiated its contracts with the Statesboro Convention and Visitors Bureau (SCVB), the MainStreet/DSDA and the Statesboro Arts Council (SAC) to market the area for tourism. The new percentages of the Hotel/Motel Tax provided to each under these one-year contracts are 40% to the SCVB, 25% to the DSDA/MainStreet, and 35% to the SAC. These allocations will be made after a 5% transfer to the City for Administrative Costs.

Impact of the Capital Improvements on the Operating Budget:

The capital improvements process begins with all the departments turning in their requests for a six year period. The City Manager and Director of Finance review each project with the departments and discuss the priorities and funding based on revenue and expenditure (expense) projections. At the planning retreat, the capital improvement projects are presented to City Council, who may add, delete or change the list of priorities.

The capital improvements within this Budget proposal have differing affects on the operating side of the Budget. The street projects, for the most part, are realignments or added turning lanes and should

not have any impact on the operating budget. The drainage system improvements are replacements of existing infrastructure, so they should not increase operating costs. The sidewalk projects will not require any real maintenance for at least ten years. The replacement sidewalks will reduce the amount of patching required from the operating budget.

The new residential subdivision and commercial development infrastructure (streets, drainage, sidewalks, water lines, sewer lines, and natural gas lines) that is dedicated to the City for ownership and maintenance will increase our operating costs over time. However, they generate tax base and utility revenues to offset these costs. And, if properly constructed and inspected they should not require a lot of maintenance for about a decade.

The water and sewer line projects and the natural gas line projects will, over time, increase the number of miles of line maintained, but initially should require little maintenance. They should also provide the additional customer base to offset these operational costs. Consequently, the utility funds should be able to absorb these operational increases with no difficulty.

The equipment and vehicle purchases are all for routine replacement of older, worn out equipment that have outlived useful life. This will decrease the operating expenses to maintain these capital assets; however, this decrease will likely be offset by the increased cost to insure the newer vehicles and equipment.

Debt

The City of Statesboro's current long-term debt was issued for capital improvement projects that were too extensive to be financed from current revenue sources. The City of Statesboro will not use long-term debt to finance current ongoing operations of the City.

The City of Statesboro is governed by the State of Georgia restrictions on local government debt. The State of Georgia states that "The debt incurred by any county, municipality, or other political subdivision of this state, including debt incurred on behalf of any special district, shall never exceed 10% of the assessed value of all taxable property within such county, municipality, or political subdivision; and no such county, municipality, or other political subdivision shall incur any new debt without the assent of a majority of the qualified voters of such county, municipality, or political subdivision voting in an election held for that purpose as provided by law" (State of Georgia Constitution, Article IX, Section V).

The City of Statesboro's debt limit is \$58,613,158, 10% of the estimated total assessed value of \$586,131,576. The City currently has no general obligation bonds. However, the City's total debt is \$18,402,681. The General Fund has an outstanding capital lease for City Hall in the amount of \$861,500. The Natural Gas Fund has one outstanding loan in the amount of \$287,088. The City issued \$15,040,000 in Water and Sewer Revenue Bonds to repay outstanding Georgia Environmental Facilities Authority Loans (GEFA), to refund an outstanding revenue bond, and to renovate and expand water and sewer lines. The City received an uninsured AA rating on these bonds. In addition to the Water and Sewer Bonds with a balance of \$14,115,000, the City has \$3,139,093 in three remaining GEFA loans.

Conclusion:

The City of Statesboro's FY 2013 operating and capital budgets exceed \$48.1 million (including transfers). This is a result of the needs of a growing City and funding the priorities established by the City

Council to respond to those needs. With growth comes increased demand for services and infrastructure. We believe this budget addresses these demands in a fiscally responsive manner.

The FY 2013 budget as presented continues to provide these crucial services to a growing population while maintaining the current millage rate, one of the lowest in the state, at 6.358 mills. The City's primary enterprise funds, Water/Sewer and Natural Gas have operating budgets of \$9,633,621 and \$4,700,174 respectively. Our Capital Improvements Program presents a 6 year plan for the acquisition, expansion and maintenance of the City's major assets totaling \$65.43 million. In the preparation of this budget every effort has been made to continue to improve service levels, maintain a stable rate of taxation and improve the financial integrity of the City.

We would like to express appreciation to the department heads and their staffs for their participation and cooperation in preparing the FY 2013 Budget and Capital Improvements Plan. Every department made efforts to cut expenditures while pledging to continue to maintain exceptionally high levels of service to our citizens. I would also like to thank the members of the Finance Department for the numerous hours of staff time that have gone into the preparation of this budget. Each of these employees is to be commended for their work. The preparation of this year's Operating Budget and CIP was truly a team effort. Finally, we would like to say thank you to the Mayor and City Council for your input and support during this budget process.

Copies of the proposed Budget and Capital Improvements Program will be on file in the Director of Finance's Office beginning on June 1, 2012. The public hearing on the Budget is scheduled for June 12, 2012. Adoption of the Budget Resolution will be placed on the June 19, 2012 City Council agenda for consideration with an effective date of July 1, 2012, subject to any changes that the Mayor and City Council might make in its adoption.

Please let us know if we can provide any further information as you review this proposed Operating Budget and Capital Improvements Program.

Respectfully submitted,

Frank C. Parker, III City Manager

Cindy S. West
Director of Finance

Summary Budget of All Funds

City of Statesboro Summary of All Funds

This section consists of a consolidated summary of all funds used to provide city services. The revenue sources and expenditures of the City of Statesboro may be more easily understood by reviewing the pie charts on the next pages. Also included in this section are three-year budget spreadsheets (FY 2011 actual, FY 2012 budgeted and FY 2013 adopted budgets) for each of the fund categories.

Please see the individual tabs for detailed budget information and the services provided by the various funds.

SUMMARY OF ALL FUNDS REVENUES BY SOURCE

| TOTAL | \$ 24,252,02 | 27,488,929 | \$ 51,740,954 |

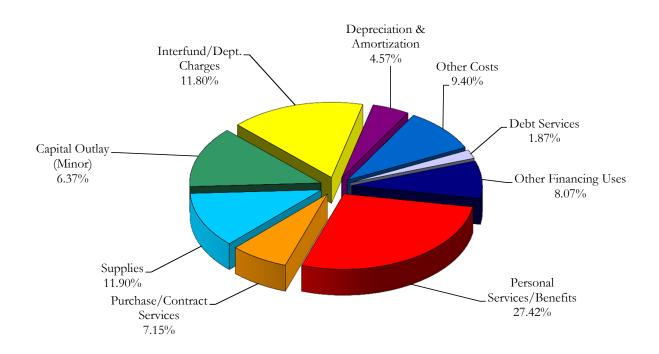

DESCRIPTION OF THE TOP 3 MAJOR REVENUE SOURCES

Charges for Services, fees collected for services provided, make up \$25,808,188, or 49.88%, of total revenues for the City of Statesboro. The General Fund charges for services include court costs, indirect cost allocation from the water and sewer fund, background check fees and cemetery fees and several other revenue line items. The City has five Enterprise Funds that charge for services. These charges are water and sewer sales, reclaimed water sales, natural gas sales, refuse collections fees and refuse disposal fees.

Taxes make up \$15,397,056, or 29.76%, of total revenues. Included in the taxes category are property taxes - ad valorem taxes levied on as assessed valuation of real and/or personal property; franchise fees – taxes imposed on the privilege of using public property for private purposes; alcohol taxes – levied on the distribution of distilled spirits, malt beverages, and wine; and insurance premium taxes – based on the gross direct premiums collected by all insurance companies doing business in the state.

Other financing sources make up \$7,542,781, or 14.58%, of total revenue. The categories that make up other financing sources are operating transfers in – financial inflows from other funds of the government reporting entity; and sale of assets – the proceeds from the sale of fixed assets and other assets below the government's asset threshold.

A RESOLUTION TO ADOPT THE FISCAL YEAR 2013 BUDGET FOR EACH FUND OF THE CITY OF STATESBORO, GEORGIA, APPROPRIATING THE AMOUNTS SHOWN IN EACH BUDGET AS EXPENDITURES/EXPENSES, ADOPTING THE SEVERAL ITEMS OF REVENUE ANTICIPATIONS, AND PROHIBITING EXPENDITURES OR EXPENSES FROM EXCEEDING THE ACTUAL FUNDING AVAILABLE FOR APPROPRIATION

WHEREAS, sound governmental operations require a Budget in order to plan the financing of services for the residents of the City of Statesboro; and

WHEREAS, Title 36, Chapter 81, Article 1 of the Official Code of Georgia Annotated (OCGA) requires a balanced Budget for the City's fiscal year, which runs from July 1st to June 30th of each year; and

WHEREAS, the Mayor and City Council have reviewed the proposed FY 2013 Budget as presented by the City Manager and Director of Finance; and

WHEREAS, each of these funds is a balanced budget, so that anticipated revenues and other financial resources for each fund equal the proposed expenditures or expenses; and

WHEREAS, the Mayor and City Council wish to adopt this proposal as the Fiscal Year 2013 Annual Budget;

NOW THEREFORE, BE IT RESOLVED by the Mayor and City Council of the City of Statesboro, Georgia as follows:

Section 1. The proposed Fiscal Year 2013 Budget, attached hereto and incorporated herein as a part of this Resolution, is hereby adopted as the Budget for the City of Statesboro, Georgia for Fiscal Year 2013, which begins July 1, 2012 and ends June 30, 2013.

Section 2. The several items of revenues, other financial resources, and sources of cash shown in the budget for each fund in the amounts shown anticipated are hereby adopted, and that the several amounts shown in the budget for each fund as proposed expenditures or expenses, and uses of cash are hereby appropriated to the departments named in each fund.

Section 3. The "legal level of control" as defined in OCGA 36-81-2 is set at the departmental level, meaning that the City Manager in his capacity as Budget Officer is authorized to move appropriations from one line item to another within a department, but under no circumstances may expenditures or expenses exceed the amount appropriated for a department without a further Budget amendment approved by the Mayor and City Council.

Section 4. All appropriations shall lapse at the end of the fiscal year.

Section 5. The Authorized Personnel by department and division shown in this Budget are hereby formally adopted as the number of authorized positions within each department and division, until and unless amended by resolution of the Mayor and City Council.

Section 6. The Proposed Pay Plan for FY 2013 shown in this Budget, as amended, is hereby formally adopted as the City's Pay Plan effective on July 1, 2012, unless further amended by resolution of the Mayor and City Council,.

Section 7. The proposed Capital Improvements Program presented is hereby adopted as the City of Statesboro's Capital Improvements Program for FY 2013-FY 2018. This Program is hereby adopted as the City's long-term financial plan unless further amended by resolution of the Mayor and City Council.

Section 8. This Resolution shall be and remain in full force and effect from and after its date of adoption.

| Adopted this 19 th day of June, 2012. |

Financial Policies

Resolution 2010-53:A RESOLUTION ADOPTING FINANCIAL POLICIES FOR THE CITY OF STATESBORO, GEORGIA

THAT WHEREAS, the City of Statesboro has developed a number of financial policies which guide the preparation and administration of the budgeting, accounting, investment, risk management, debt, auditing, and financial reporting functions of city government; and

WHEREAS, the Mayor and City Council have reviewed the Financial Policies proposed by the City Manager, and desire to adopt those policies;

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of Statesboro, Georgia in regular session assembled this 15th day of June, 2010 that the financial policies included on the attached pages are hereby adopted as the Financial Policies for the City of Statesboro.

BE IT FURTHER RESOLVED that the City Manager is hereby directed to develop the annual proposed Budget and Capital Improvements Program, and to administer them in conformance with these policies.

This Resolution shall be effective from and after its date of adoption.

Adopted this 15th day of June, 2010.

CITY OF STATESBORO, GEORGIA

By Joe R. Brannen, Mayor

Attest: Sue Starling, City Clerk

Financial Policies and Budget Preparation

The City Council has adopted policies in all areas of financial management, which guide the preparation, adoption, amendment, and administration of the Operating Budget, the Capital Budget, and the Capital Improvements Plan. Below is a listing of those policies in the areas of:

Operating Budget Policies
Capital Budget Policies
Revenue Policies
Expenditure Policies
Reserve Policies
Cash Management and Investment Policies
Risk Management Policies
Debt Policies
Accounting, Auditing, and Financial Reporting Policies
The Budget Process
Budget Amendment Policy

Operating Budget Policies

The City Council shall hold an annual Planning Session each spring in order to establish priorities for funding in the next fiscal year; and discuss long-range planning of major capital improvements.

The City shall adopt a balanced budget (planned revenues available equal planned expenditures) annually; and any subsequent amendment must identify the revenues or other financing sources necessary to maintain said balance.

The City will not appropriate fund balance or retained earnings in any fund that would hinder meeting the reserve targets established herein. Once those targets are met in a particular fund, any amount over the target may be appropriated either for capital improvements or unexpected operating expenses.

The City will pay competitive wages and fringe benefits in order to attract and retain quality personnel.

All Enterprise Funds and Internal Service Funds shall be self-supporting from their fees and charges, without any subsidy from the General Fund. Transfers to the General Fund from the Enterprise Funds shall be made only after sufficient net income is retained to cover debt service and capital improvements essential to properly maintain and expand these utility services.

The Solid Waste Collection Fund and the Solid Waste Disposal Fund should reflect the true costs to provide residential and commercial garbage collection, disposal and recycling; brush collection and disposal; bulk (white goods) collection and disposal; and leaf collection and disposal. The City Council shall evaluate annually the extent to which each service is supported by service charges rather than a subsidy from the General Fund.

The City shall aggressively pursue improvements in technology and work methods that will improve service levels and/or reduce operating costs.

The City shall use one-time revenues only for capital items, unexpected operating expenses or to build reserves, instead of operating expenditures/expenses.

The City shall raise property taxes only when absolutely necessary to balance the Budget and maintain adequate reserves. Any property tax increase should be used only for the purchase of additional capital improvements or to increase needed personnel.

All appropriations and expenditures shall be made in full compliance with applicable State laws and the City's Purchasing Manual.

The City will follow the Budget Preparation Calendar prepared by the Finance Department each year.

The Budget shall be prepared in full compliance with the State's Uniform Chart of Accounts, and with Generally Accepted Accounting Principles (GAAP) for Governments as promulgated by the Government Accounting Standards Board. This means the General Fund, Capital Projects Fund, Debt Service Fund, Expendable Trust Funds, and Special Revenue Funds will be budgeted on the modified accrual accounting basis. Enterprise Funds and Internal Service Funds will be budgeted on the full accrual accounting basis.

All Budgets shall be adopted at the legal level of budgetary control, which is the fund/department level (ie., expenditures/expenses may not exceed the total appropriation for any department within a fund without the City Council's approval).

The City Manager shall prepare an annual Budget that meets the requirements to receive the Distinguished Budget Presentation Award from the Government Finance Officers Association.

Capital Budget Policies

The City shall adopt a Capital Improvements Plan (CIP) annually which will include the next fiscal year's Capital Budget, plus planned improvements for the following five years.

The City shall make every effort not to add additional programs and services until both the Operating Budget and the CIP are adequately funded.

The City shall provide resources from current revenues to fund an adequate maintenance and replacement schedule for infrastructure, and the vehicle and equipment fleet.

The City will aggressively pursue state and federal funding, as well as other sources of funding for capital improvements.

All operating budget appropriations shall lapse at the end of a fiscal year. Appropriations for Capital

Projects which have not been completed by fiscal year-end must be re-appropriated for the balance due on the project in the next fiscal year.

Revenue Policies

The City will budget revenues conservatively so that the chance of a revenue shortage during the year is remote. This also will help finance contingencies and Budget amendments that were unforeseen when the Budget was first adopted.

The City will review annually all fees and charges to assure that they maintain their inflation-adjusted purchasing power.

Since different revenue sources impact classes of taxpayers differently, the City Council recognizes that the only way to minimize these different impacts is to have a diversified revenue system. These impacts will be considered in making any needed adjustments to the various sources of revenue.

The City will make every effort not to become too dependent on one source of revenue in order to minimize serious fluctuations in any year.

The City will consider market rates and rates of comparable cities in the region when changing tax rates, fees, and charges. The City will make every effort to maintain its favorable comparative position with other Georgia cities in this regard, which has contributed to our economic development success.

All cash donations to any department or agency of the City must be deposited with the Finance Director's Office. All purchases using such donations must be budgeted and will comply fully with the City's purchasing policies. The City cannot accept donations on behalf of an outside agency or group. Donations of equipment or supplies may be made directly to a department or agency of the City. Donated equipment meeting the definition of a fixed asset must be reported to the Purchasing Director, for tagging and listing.

Expenditures Policies

Current expenditures shall be financed with current revenues that shall include that portion of fund balance in excess of authorized reserves. The City shall avoid budgetary procedures that balance current expenditures through the obligation of future resources, or which finance ongoing expenditures with one time revenues. The City shall strive to avoid short-term borrowing to meet operating budget requirements. Nevertheless, this policy shall not prohibit short-term borrowing should a critical need arise.

Reserve Policies

The City Council recognizes the need to set reserve targets for every operating fund of the City. The targets for those funds using the modified accrual basis of accounting are set as the percentage that the undesignated fund balance is to the combined budgeted expenditures and transfers to other funds.

The targets for those funds using the accrual basis of accounting are set as the percentage that the working capital is to the budgeted operating expenses and transfers to other funds. The targets are as follows:

Fund Title Undesignated Fund Balance

(or Working Capital) as a % of Expenditures (or Operating Expenses) and Transfers Out

General Fund 25% Fund Balance Statesboro Fire Service Fund 5% Fund Balance Water/Wastewater Fund 17% Working Capital

Natural Gas Fund 17% Working Capital and a \$350,000 Reserve Fund

Solid Waste Collection Fund 17% Working Capital Solid Waste Disposal Fund 17% Working Capital

Benefits Insurance Fund 9% Working Capital and a \$250,000 Reserve Fund

Fleet Management Fund 17% Working Capital

These reserve targets shall be reviewed annually by the City Manager who shall report to the City Council on their continued adequacy.

Cash Management and Investments Policies

The City will make all deposits of cash within the time period required by State law. All deposits must be fully collateralized as required by State law.

The City will aggressively pursue all revenues due, including past due utility bills, court tickets and fines, and property taxes, using whatever legal means are available.

The City will pay all obligations on or before the due date.

The City will continue the current cash management and investment policies, which are designed to emphasize safety of capital first, sufficient liquidity to meet obligations second, and the highest possible yield third. Those policies are outlined below:

The City will operate with the least number of bank accounts required by federal and state statutes and regulations and GAAP for governments. Consolidation of bank accounts makes investment decisions easier, and reduces staff time needed to reconcile monthly bank statements.

The Director of Finance will make a twelve-month cash flow projection, and from that develop a schedule of long-term investments. These investments could be any type authorized by State law. However, the City Council has limited it to Certificates of Deposit with local banks. All investments shall be made using competitive bidding and must fully comply with State collateralization of deposits. Such investments shall be pooled from among the various funds, and bid out no more frequently than once a month. This keeps the investment process manageable with limited staff. Large amounts of cash not in time deposits shall be kept in the sweep investment account to improve overall interest earnings. Should the sweep investment account interest rate be higher than that of a

certificate of deposit, then the funds shall be kept in the sweep investment account.

Risk Management Policies

The City will minimize potential losses through employee safety training, inspections of the workplace, risk analysis, and OSHA compliance. The Purchasing Director shall be responsible for these programs.

A drug-testing program shall continue for all potential employees, as well as random testing of all federally-required employees.

Debt Policies

The City will issue bonds and capital outlay notes only for capital improvements and moral obligations. The City will attempt to fund capital improvements through net income of the utility systems, general revenues, and its portion of any SPLOST (Special Purpose Local Option Sales Tax) funds before resorting to long-term debt issuance. This will reduce the overall indebtedness and strengthen the City's creditworthiness.

The City will not issue notes or bonds to finance operating deficits. Adequate reserves will be maintained to assure this doesn't become necessary. No bond or note will be issued to purchase a fixed asset that has a shorter useful life than the term of the debt instrument.

The City will issue general obligation bonds or capital outlay notes for necessary general government projects and either general obligation or revenue bonds for enterprise fund projects. The City may also use pooled capital lease funds from GMA and loans from the Georgia Environmental Facilities Authority (GEFA).

No debt will be issued which would increase the outstanding amount of debt above ten (10%) percent of the total assessed value of property within the City. The outstanding amount of debt in this calculation shall not include debt issued for improvements in the utility systems, because that debt will be repaid from charges for services, not from property taxes. These limitations are found in Article IX., Section V, Paragraph 1 and Article IX., Section VI, Paragraph 1 of the Georgia Constitution.

A firm source of revenue sufficient to make the anticipated debt service payments must be identified by the City Council before any capital outlay note, GEFA loan, GMA capital equipment lease, general obligation bond, or revenue bond is issued.

Accounting, Auditing, and Financial Reporting Policies

The City Council will receive a monthly finance report showing Income Statements, Cash Flow Statements where appropriate, and all Investments.

The City shall have a qualified certified public accounting firm conduct an independent audit

annually, as required by OCGA 36-81-7 (a)(1).

The City will maintain its accounting records in full accord with Generally Accepted Accounting Principles (GAAP) as promulgated by the Government Accounting Standards Board. The Finance Director is expected to obtain clean (unqualified) Audit Opinions each year.

The Annual Audit shall be submitted to the State Auditor before December 15th of each year, so that the City complies with OCGA 36-81-7 (d)(1). Any deficiencies noted by the Auditors shall be corrected immediately by the Director of Finance.

The Budget Process

The City's Budget process begins in early January when department heads are given electronic format forms upon which to submit their operating and capital budget requests. The City Council is also notified to give the City Manager any requests they might have, so that costs may be researched. Departmental requests for the Capital Improvements Program are turned in to the City Manager by February 2nd, and all Operating Budget requests are turned in to the City Manager by March 3rd.

The Finance Director and City Manager decide upon the revenue estimates for the Operating Budget, and the amount to be transferred to the CIP and the amount of any proposed bond issues. At that point, the Finance Director begins the review of the operating expenditures, and the City Manager prepares the CIP. After the Finance Director has prepared a preliminary Budget, the Finance Director and the City Manager review it to determine whether further cuts are possible, or if additional revenues are necessary. Those decisions are made prior to the first week in April, when a Budget Planning Retreat is held by the City Council.

At that meeting, the Finance Director and City Manager present projections of the current fiscal year's Budget, and the preliminary Operating Budget for Council review. In addition, the City Manager presents the Council with his recommendations for a six-year Capital Improvements Program. The City Council then debates any changes in suggested priorities in both the preliminary Operating Budget and the Capital Improvements Program. Once those priorities are established, the City Manager finalizes the CIP, and the Finance Director finalizes the Operating Budget. Both work on the narrative portions of the documents. The City Manager prepares the Budget Message and CIP Letter of Transmittal detailing the major issues, initiatives, and goals and objectives contained in both documents. The Finance Department prepares the spreadsheets detailing the line item budgets proposed for each fund.

The two documents are sent to the printers in mid-May, for distribution to the Mayor, City Council, and public by June 1st. Copies are available to the public at both the City Clerk's Office and the Statesboro Regional Library. A public hearing is scheduled for the first regular meeting in June, after which the Budget is voted upon, and the Budget becomes effective July 1st. In the event the Council cannot agree on a Budget before July 1st, an Interim Budget is adopted, which is simply a continuation Budget from the previous year. Once a Budget is adopted, the Finance Director authorizes the adopted Budget to be entered into the budgetary accounting system.

Budget Amendment Policy

Since a budget is an estimate of revenues and expenditures, the budget management process does allow for amendments to the budget. Budget amendments may be made at any time throughout the fiscal year. Any amendment request is reviewed by the City Manager, who makes a recommendation on whether the expenditure should be made, and what revenue source will be used to finance it. All amendments require a Budget amendment resolution, since the original Budget is adopted by resolution. After passage, the Finance Director authorizes the amended amounts to be entered in the budgetary accounting system.

City of Statesboro, Georgia Calendar for FY 2013 Budget and CIP Preparation

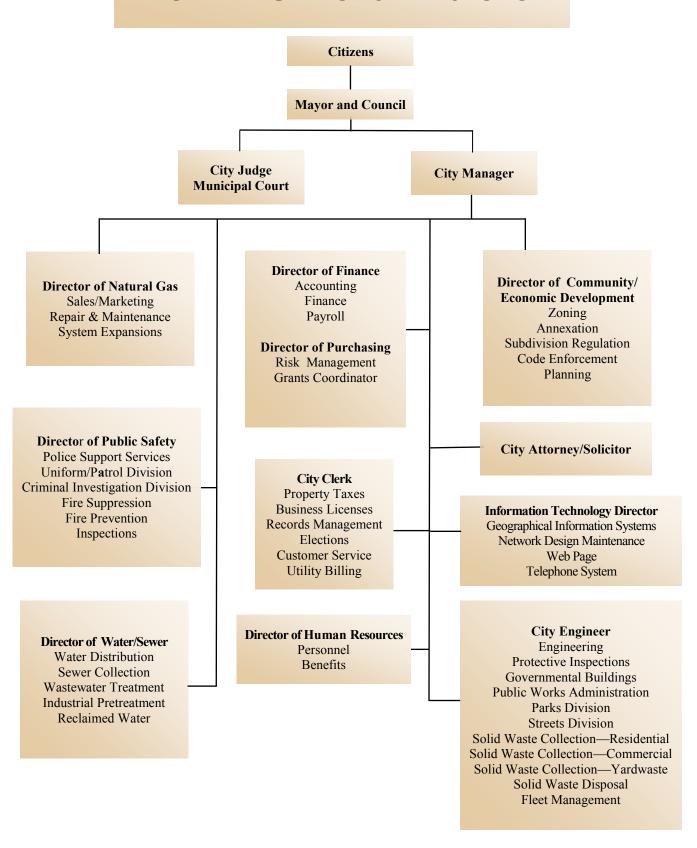

| 19-Jan-2012 | City Manager notifies Department Heads to begin preparation of CIP Requests, and the Deadline for Budget Requests. City Manager reviews the Budget Calendar with all Department Heads. |
|-------------------|--|
| 6-Feb-2012 | Finance Department gives Personnel costs to all departments. |
| 7-Feb-2012 | City Council Sets the Dates for the Planning Session |
| 7-Feb-2012 | City Council asked to submit any CIP requests to the City Manager. (Staff will prepare cost estimates) |
| 8-Feb-2012 | Finance Director Schedules the location for the Planning Session |
| 9-Feb-2012 | City Manager notifies all Department Heads the date of the Planning Session. |
| 15-Feb-2012 | Departmental CIP Request must be completed on Server. |
| 29-Feb-2012 | All Revenue projections and all Budget Requests must be completed on Server. |
| 5-Mar-2012 | City Manager and Finance Director complete all Revenue projections for the current and next fiscal year. |
| Mar 9-15, 2012 | City Manager and Finance Director review each departmental budget with the Department Heads. Also, discuss the presentation of the proposal by each Department Head. |
| 15-Mar-2012 | Finance Director finalizes Expenditures/Expense estimates for each department and outside agency for current and next fiscal years, and sends to City Manager to review. |
| 26-Mar-2012 | All Performance Measures must be completed on Server. |
| 30-Mar-2012 | City Manager completes drafts of CIP priorities for Planning Session. |
| 30-Mar-2012 | City Manager prepares comments on current year's financial projections, and an update on the proposed program of work for the current year. Then, prepares comment on the projected fiscal year. |
| 13-Apr-2012 | City Council Planning Session |

- 16-Apr-2012 City Manager finishes the Budget and CIP preparation, writes Budget Message, Budget Resolution, CIP Transmittal Letter and has the Budget and CIP printed.
- 15-May-2012 City Council schedules a Public Hearing on the Budget for June 12, 2012
- 31-May-2012 Budget Ad to run in Statesboro Herald
- 1-Jun-2012 Budget and Capital Improvement Program are distributed to the Mayor and City Council, Department Heads, news Media, and Statesboro Regional Library.
- 5-Jun-2012 City Council Meeting
- 12-Jun-2012 Mayor and City Council conduct a Public Hearing on the Proposed Budget.
- 19-Jun-2012 City Council adopts the Budget Resolution.
- 18-Sept-2012 City Council holds required Public Hearing and Adopts the Tax Rate Resolution, after receiving the Tax Digest from the County Tax Assessor's Office.

Fringe Benefits Summary

The City provides a comprehensive package of fringe benefits for employees. The package includes the following.

Health/Dental Insurance Coverage:

City employees are covered under the City of Statesboro Health and Dental Insurance Plan. The City and its employees are currently paying the following rates for their Benefit Package.

| Coverage | Employee Rates | City Rates | Total Cost |
|------------|-----------------------|------------|------------|
| Individual | \$137.51 | \$412.52 | \$550.03 |
| Family | \$317.27 | \$951.80 | \$1,269.07 |

Details of the coverage are available in the employee benefit handbook.

Life Insurance Coverage:

City employees are provided with one time their annual salary up to \$100,000 of life coverage, spouses are covered with \$5,000.00, and each dependent has \$1,000.00 of coverage.

Long-Term Disability:

City employees are provided with long-term disability insurance that pays 50% of the employee's regular earnings up to a maximum of \$5,000.00 per month in the event of disability. This benefit begins after the ninety day elimination period has been met.

Paid Sick Leave:

Employees are credited with one day of sick leave for each month of employment. Unlimited accumulation is allowed. Unused sick leave is not paid at termination of employment; credit is given for unused sick leave for employees retiring under the City's retirement plan.

Special Leave With/Without Pay:

Employees are granted time off from work with or without pay at the discretion of the Department Head and the City Manager for various occasions. Bereavement Leave is granted with pay for a maximum of three days for the death of a member of the immediate family. Jury service is granted with pay. Military Leave is granted with pay for a period not to exceed 15 calendar days in a 12 month period.

Paid Vacation Leave:

Employees earn vacation on a monthly accrual basis based on length of service. The following days of vacation are earned on an annual basis. Fire, Police, and shift personnel earn vacation time at a different rate than do 40 hour per week employees. The following is base on a forty hour per week work schedule.

| Years of Service | Days Vacation per Year | | | | | |
|------------------|------------------------|--|--|--|--|--|
| | | | | | | |
| 0 – 10 years | 10 | | | | | |
| 10-20 years | 15 | | | | | |
| 20 – Plus | 20 | | | | | |

Paid Holidays:

Employees receive 10 paid holidays per year. The holidays are:

New Year's Day
Martin Luther King's Birthday
Memorial Day
July 4th
Labor Day
Veterans Day
Thanksgiving -2
Christmas -2

Retirement Plan:

City employees are covered under the Georgia Municipal Association Retirement System. The City pays the full cost of membership for employees and employees can be vested with 5 years service with the city.

Deferred Compensation Plan:

City employees are eligible for a 457b Deferred Compensation Program administered by Metlife through the Georgia Municipal Association. This is a voluntary tax-favored program that allows employees to contribute a portion of their salary before federal taxes into a supplemental retirement account. Various options are available including fixed rate annuities, publicly available mutual funds and life insurance.

Workers Compensation Plan:

City employees are covered for occupational injury according to the state worker's compensation laws.

Tuition Reimbursement:

Upon the recommendation of the department head and approval of the tuition committee an employee may receive tuition assistance for two classes per semester/quarter and up to \$100.00 for books per semester/quarter. Employees involved in the tuition assistance program must maintain a C average in their course work. Those receiving assistance must submit grades to the Personnel Director at the end of each semester/quarter. Those employees receiving less than a grade of C will not be reimbursed by the City the cost for that semester or quarter.

Christmas Bonus:

All City employees receive a \$100.00 bonus in December of each year.

Competitive Wages, Overtime Pay, and Compensatory Time:

City employees are paid competitive wages, which are evaluated periodically to insure they are comparable to wages paid for similar duties in both the public and private sectors. Employees receive annual pay increases, if job performance is satisfactory, subject to the approval of the Mayor and City Council. Employees are compensated for any overtime worked according to the Fair Labor Standards Act, either with pay at time and one half or compensatory time off, also calculated at one and one half.

Merit raises will remain suspended for FY 2013.

Annual City Picnic and or Appreciation Luncheon:

Employees are honored with a citywide picnic in the spring or an appreciation luncheon. The Employee picnic is temporarily suspended for FY 2013.

Vacation Buy Back:

Upon the recommendation of the Department Head and the City Manager, an employee so requesting, may receive pay in lieu of one week of vacation leave per year if, on December 31st of that year, their annual leave accumulation exceeds 30 days. Vacation Buy Back is temporarily suspended for FY 2013.

Uniforms and Cleaning Services:

Uniforms are provided for city employees, other than clerical and others wearing normal street clothes, in Public Works, Fire, Police, Waste Water, Water Sewer, Building Inspection, City Marshall, Civil Construction Inspector, Custodians and Gas. Clothing allowances are provided for police detectives.

Health Center:

The City of Statesboro-TransformHealthRx Center is dedicated to help employees manage their typical primary care visits and chronic conditions using a dedicated team of medical professionals, a unique style of case management and quality face-to-face healthcare delivery. The Health Center is designed to increase employee satisfaction, provide affordable healthcare, encourage, educate and reward participating patients for progress in managing their conditions.

Employee Fitness Center:

The employee fitness center was developed to increase the health and well-being of City of Statesboro employees. Employee fitness and wellness is the systematic effort of the City of Statesboro to enhance health of its employees through education, behavioral change, and cultural support. Operating 24 hours, seven days a week exclusively for employees the fitness center has a variety of cardio, strength, conditioning equipment and locker rooms.

TAB 8

100 General Fund

THE GENERAL FUND

The General Fund is the principal fund of the City, accounting for all activities not included in other specified funds. This fund contains the operational budgets for the Mayor and City Council, City Manager's Office, City Clerk's Office and Records Management, Elections, the Finance Department, Information Technology, the Legal Department, Human Resources, the Engineering Department and its Protective Inspections Division, the Municipal Court, the Police Department, the Public Works Administration Division, Streets Division, and Parks Division, and the Community Development Department, including the Code Compliance Division. It also includes the funding for several outside agencies other than those financed by the Hotel/Motel Tax Fund. Finally, it covers the Debt Service for any outstanding debt used to acquire general fixed assets. Debt Service payments are used to acquire fixed assets of the Proprietary Funds and accounted for within those respective funds rather than the General Fund.

REVENUES AND OTHER FINANCING SOURCES

The General Fund's Revenues can be segregated into six major categories:

1. **Taxes** This category provides \$7,962,419 of the \$13,639,925of General Fund revenues, or 58.38%. The major source is property taxes. FY 2008 was a revaluation year, in which the County Tax Assessor's Office revalued all of the property within the County.

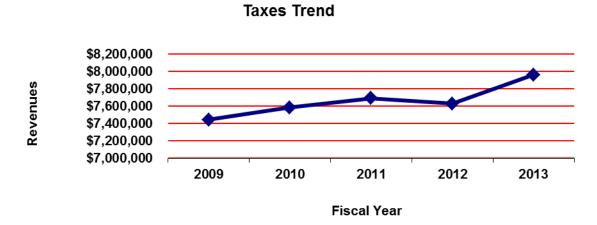

The City has an excellent collection ratio on this tax, which has been further improved by the use of annual tax lien sales which began in FY 2003. The projected collection rate for the current year's taxes is 99.0%. The other 1.0% will be collected during the following fiscal year.

Motor vehicle taxes are collected by the Bulloch County Tax Commissioner based upon the renewal date (usually the owner's birthday). The portion of those property taxes due the City is remitted to the City on a monthly basis. These taxes are projected to equal the current years' collections. The Real Estate Transfer Tax (\$1.00 per every \$1,000 of value on such sales) is projected to be the same as the current year.

The other major source of taxes is the Franchise Fees paid by Georgia Power Company, Excelsior Electric Membership Cooperative, Northland Cable Television, Frontier Communications of Georgia and Bulloch Rural Telephone. Georgia Power is expected to remain flat in FY 2012; Excelsior is expected to increase approximately 11%; Northland Cable is expected to remain flat; Frontier is projected to remain flat, Bulloch Rural Telephone is a new franchise fee and is projected to increase by 150%. In aggregate, these five franchises are projected to increase at a rate of .08%. This reflects the continued commercial and multi-family construction, somewhat offset by the decline of hard line telephone services as cell phone use increases among students, and the option of satellite television in lieu of cable television, as well as Georgia Southern University beginning to offer their own cable services.

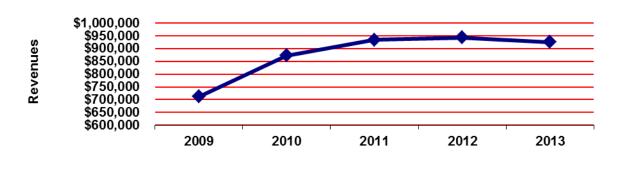

The other major component of Taxes is the Beer and Wine, and Liquor taxes paid by wholesalers and retailers. Beer and Wine is projected to increase by 2.94%, Wholesale and Liquor is projected to increase by 5%. Overall, this category is projected to remain flat.

Total Taxes as a category is projected to increase by 5%.

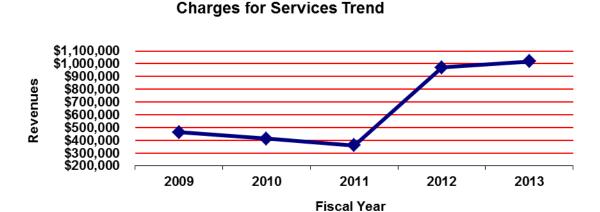

2. **Licenses and Permits** This category provides \$925,000 of the General Fund, or 6.78%. The primary sources of revenue are General Business Licenses, Alcoholic Beverages Licenses, Bank Licenses, and Inspection Fees. Alcoholic Beverages Licenses are projected to remain flat. The General Business Licenses are projected to increase by 1.8%. Bank Licenses are expected to remain flat. Inspection fees will decrease by 45.76%. Building and other related permits and fees are projected to decrease by 33.81% as a result of not as many new construction and large projects in FY 2013.

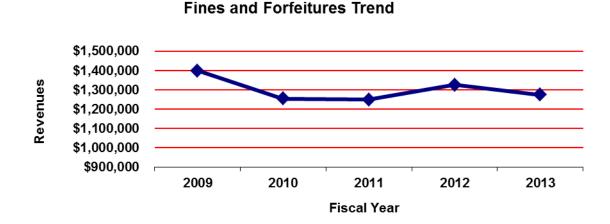

Fiscal Year

3. **Charges for Services** This category provides \$1,022,489, or 7.33% of the General Fund. The primary sources of revenue are Court Costs, Revenues from Police Overtime, and Account Establishment Charges. This source is projected to increase by 10.11%.

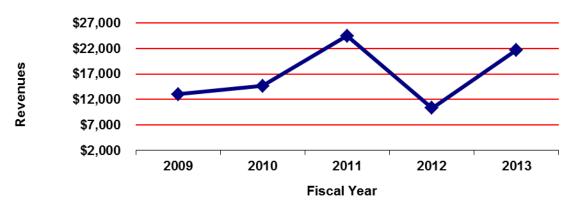

4. **Fines and Forfeitures** This category provides \$1,275,000 of the General Fund, or 9.35%, and includes the fines and forfeitures imposed by the Municipal Court for violations of the Municipal Code and minor violations and infractions of State law dealing with traffic citations, DUI, and similar offenses. This source is projected to decrease by approximately 3.77% over the FY 2012 budgeted amount due to defendants not being able to pay their fines and it being converted to community service.

5. **Earned Interest and Miscellaneous Revenues** This category provides only \$22,900 of the General Fund. It accounts for any donations and miscellaneous charges. This is a category that is expected to increase by 61.94%..

In addition to these six revenue categories, there is one additional source of financing that must be considered. This is the **Other Sources of Financing**, which is primarily made up of the *Transfers from Other Funds*. This source of financing (it was counted as revenue in the transferring fund) contributes \$2,427,117, or 17.79% of the General Fund's total funding. The changes from the prior year is an increase in the Solid Waste Disposal Fund, Water and Sewer Fund, and a transfer from the Hotel/Motel Tax Fund.

The primary transfers are from the Natural Gas Fund, the Solid Waste Collection Fund, and the Water and Sewer Fund. A lesser amount is transferred from the Solid Waste Disposal Fund. Part of these transfers is recognition of indirect costs borne by the General Fund in providing services to them, such as time of the City Manager, personnel division, accounting division, utility collections, purchasing, risk management, and similar services. In addition, were they private companies, these utilities would have to pay property taxes and business licenses, and in some cases a franchise fee.

Fund Balance Appropriated. Finally, if the fund balance in the General Fund is sufficient, the City can use some of the fund balance to balance the General Fund. This proposed FY 2013 Budget is projected to increase fund balance by \$70,583.

The line item budget that follows shows the individual sources of revenue that make up these six major categories, the other sources of financing, and the fund balance appropriation.

Property Taxes

Property Value of \$100,000

For residents of the City of Statesboro the total property tax is \$6.358 per \$1,000 of taxed value. The taxed value is calculated as 40% of the Market Value. Assuming property with a market value of \$100,000, the result would be:

Projected Tax Bill: \$254

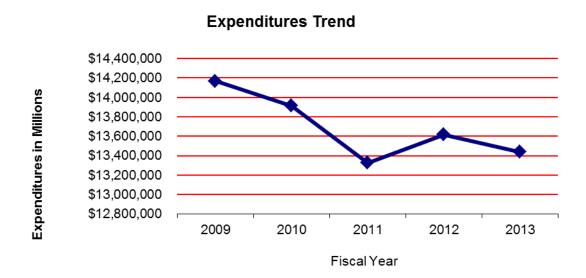

EXPENDITURES

The General Fund's Expenditures are divided into several major departments and divisions, to better account for the cost of their operations. These expenditures support most of the City's operations other than the utility operations, the health insurance and workers compensation insurance plans, and the fleet management function. The Expenditures are summarized on the next page. Then, the line item budgets for each division are included as well.

The largest operating expense in most cases is the personnel and fringe benefits. A list of approved personnel positions by department and division is provided behind the tab entitled "Authorized Personnel for FY 2013". In addition, the Pay Plan for those positions is provided behind the tab entitled "Proposed Pay Plan and Fringe Benefits".

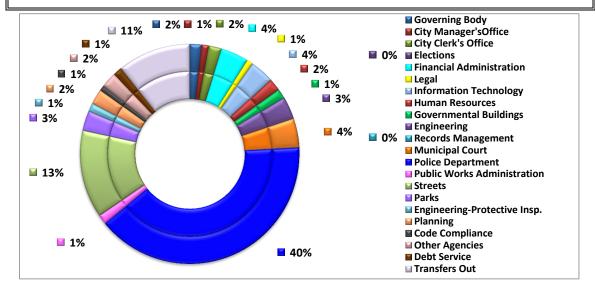

By far the most troubling expense for the City, as for most businesses, governments, and other organizations is the continuing escalation of health care costs. When the underlying rate of inflation in medical care is averaging 10-15% annually over the last several years, and shows no sign of letting up, it is quickly siphoning a large sum of money from other priorities. Even when the benefits are reduced, and the deductibles, co-pays, and out-of-pocket limits are raised, these inflationary effects cannot be brought back to a reasonable pricing level without draconian measures. Unfortunately, this is not a problem that the City can correct. It is a national problem, and will have to be addressed at that level.

The General Fund budget of \$13,569,342 is an increase of \$337,138 from the FY 2012 Budget (as amended through the 1st Budget Amendment) of \$13,232,204. That is a 2.55% increase.

GOVERNING BODY

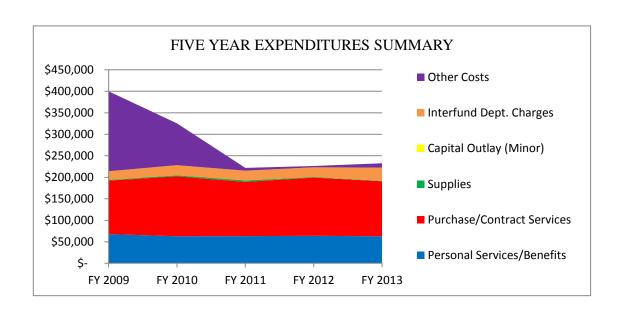

GOVERNING BODY

The City of Statesboro's Governing Body operates under the Council-Manager form of government, with a mayor and five council members. Elected at large, the mayor acts as the primary representative of Statesboro. The mayor and council members serve four year terms. The council members are elected from one of five districts.

The mayor and council are responsible for approving all major city policies, all local laws, the annual budget, and the 6-year capital improvements program. In addition, they appoint and evaluate the city manager.

CITY CLERK'S OFFICE

CITY CLERK'S OFFICE

This department is headed by the City Clerk. This department handles all of the property tax billing and collection, and occupation tax and other licenses and billing and collection. The City Clerk serves as the Superintendent of city elections. The City Clerk is also responsible for records management including maintaining all official codes, ordinances, records and documents.

Goal: Continue to improve the City's records retention program.

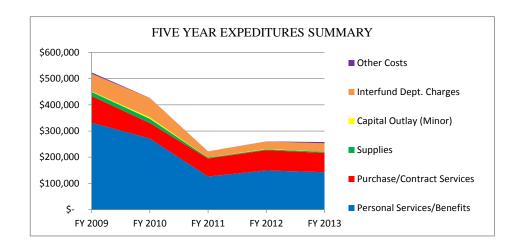

Objectives:

- 1. Continue scanning all records into a digitized, searchable database.
- 2. Reduce paper copies whenever possible, using the server storage capability.
- 3. Use condensed printing on large printing jobs whenever feasible.
- 4. Destroy records that have been scanned and are not of historical value.

FINANCE DEPARTMENT

FINANCE DEPARTMENT

This department is headed by the Director of Finance. This department is responsible for assisting the City Manager in the preparation of the Budget and the the Capital Improvements Program. Once the Budget is adopted, this department is responsible for entering it into the accounting system, including any subsequent amendments. They then administer the Budge prepare monthly finance reports, and work with the auditor on the annual outside audit. This department is also responsible for all investments, debt management, bank reconciliations, paying all invoices, and payroll processing. It is responsible for all formal bid announcements, development of specifications, and bid openings. It is also responsible for requisitions, keeping the fixed assets current, and assuring the Purchasing Manual is current and followed.

GOALS & OBJECTIVES

Goal: Continue to improve the City's overall financial condition.

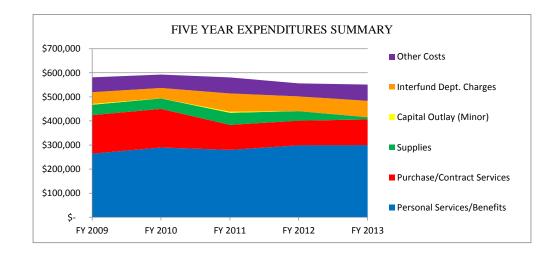

Objectives

- 1. Prepare and administer a fiscally conservative operating and capital budget that stay within available resources. Build up the reserve funds to the targeted level in each fund.
- 2. Prepare accurate monthly financial reports for the governing body and management, so that decision-makers have timely financial information.
- 3. Obtain an unqualified (clean) audit opinion, and prepare a Comprehensive Annual Finance Report.
- 4. Continue to reduce the outstanding debt of the City, while incurring only a limited amount of new indebtedness.
- 5. Continue to work with the Clerk's department to aggressively collect all property taxes due, using tax lien sales as needed.
- 6. Continue to work with the Clerk's department to aggressively collect overdue utility bills, using account termination and collection agencies as needed.
- 7. Audit the hotel/motel operators every three years to assure compliance with the hotel/motel tax.
- 8. Audit our utility franchisees to assure compliance with the franchise terms and payments.
- 9. Continue to monitor internal controls so that all funds are properly received and accounted for.
- 10. Implement fully the Purchasing Manual policies to assure budgetary compliance, and best pricing.
- 11. Monitor compliance closely on the procurement card process.
- 12. Implement procedures for a paperless payroll system.

LEGAL DIVISION

City Attorney/Solicitor

LEGAL DIVISION

This department is headed by the City Attorney. The City Attorney serves as the primary contact on all legal matters and advice regarding the City. This includes all opinions, legal documents and formal preparations of any kind relating to City business. The City Attorney will also serve as the Solicitor and will represent the City on cases pending before the Municipal Court.

IT DEPARTMENT

INFORMATION TECHNOLOGY

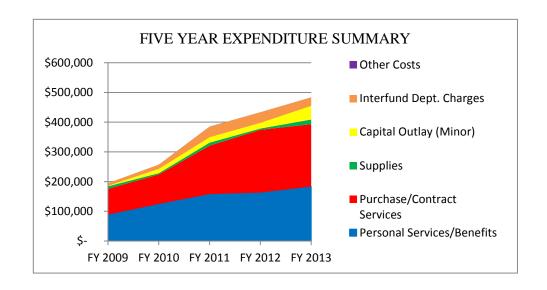

This department is head by the Network Engineer. This department is responsible for standardizing software and hardware purchases to assure a standard network where employees can communicate and exchange files electronically. It is responsible for network design, installation, maintenance, an employee computer training. In addition, it is responsible for, maintaining the City's web page, telephone system and security system in City Hall.

GOALS & OBJECTIVES

Goal: Continue to develop the City's network infrastructure and network services. Objectives:

- 1. Provide enhanced mobile access to network resources.
- 2. Enhance network security through the implementation of user-focused, network-based access control (NAC). Upgrade security appliances and increase security policy level via comprehensive gateway security suite.
- 3. Upgrade email services to MS Exchange Server to provide efficient access to e-mail, calendars, attachments, and contacts. This is an ongoing project.
- 4. Upgrade Web services to include new enhanced on-line payment functionality and paperless billing.
- 5. GIS (Georgraphical Information System)
 - a.) Have a centralized GIS repository for all City's GIS Data.
 - b.) Provide access to City Employees and officials in a user friendly way.

HUMAN RESOURCES

Director of Human Resources

Human Resources Coordinator

HUMAN RESOURCES DEPARTMENT

This department is headed by the Director of Human Resources. This department is responsible for the recruitment, testing, selection, training and evaluation systems for employees. In addition, it administers the health insurance benefit claims, workers compensation claims, and retirement, keeps the Classification/Compensation Plan current, and assists employees and department heads with interpretations of the Employee Manual, handles grievance cases, and assures the departments comply with the Fair Labor Standards Act, Family Medical Leave Act, and similar regulations.

GOALS & OBJECTIVES

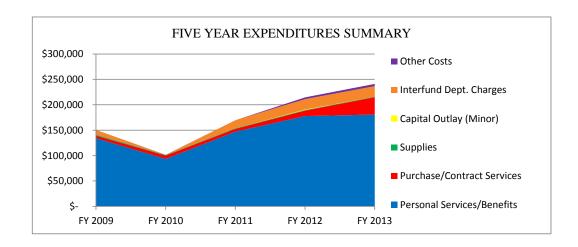

Goal: Assure that the City maintains a good work environment and has a competitive salary and fringe benefits structure to recruit and reatain qualified employees.

- Objectives:
- 1. Administer ther Personnel Policies and Procedures (Employee Handbook) in a fair, impartial manner.
- 2. Continue to recruit broadly to obtain a workforce that resembles the community.
- 3. Maintain the revised Classification and Compensation Plan developed by the Vinson Institute of Government.
- 4. Maintain the higher deductible workers compensation insurance program, and develop a reserve fund to meet anticipated deductible payments.

ENGINEERING DEPARTMENT

This department is headed by the City Engineer. The Engineering Department is made up of the following divisions: Engineering, Protective Inspections, Government Buildings, Public Works Administration, Parks, Streets, Solid Waste Collections, Solid Waste Disposal and Fleet Maintenance. The Engineering, Protective Inspections, Government Buildings, Public Works Administration, Parks and Streets Divisions are funded through the City's General Funds, whereas, the Solid Waste Collections, Solid Waste Disposal and Fleet Maintenance Divisions operate as Enterprise Funds. A number of capital projects and some equipment purchased by this department are also funded by the Capital Improvements Program Fund and SPLOST Funds.

The Engineering division is responsible for street and drainage design, review of subdivision plans for necessary infrastructure, construction inspections on City projects for roads and drainage, maintaining the City's cemetery maps, administering the City's streets repaving and striping program (including the State's LMIG funding), maintaining the landfill's post-closure compliance with EPA and EPD rules and regulations, traffic engineering studies and improvements, and development of road and drainage improvements priorities. The Engineering Division serves as the City's liaison with the Georgia Department of Transportation on all street projects within the City, whether locally or state funded. The Engineering Division also administers and enforces the Flood Plain Ordinance, Tree Ordinance, Erosion Control Ordinance, Drainage Ordinance and the Driveway Standards and Policies.

GOALS & OBJECTIVES

Goal: Decrease the possibility of damage from flooding in lower elevation areas. Objectives:

- 1. Begin the process of developing a Comprehensive Stormwater Management Program in compliance with new EPD regulations. Also study the feasibility of implementing a Stormwater Utility to fund the CSMP.
- 2. Continue to maintain and improve the major drainage ditches and canals to provide adequate conveyance of stormwater runoff.
- 3. Utilize the new digital FEMA Flood Insurance Rating Maps and continue to ensure compliance with newly adopted Flood Damage Prevention Ordinance.
- 4. Continue to ensure compliance with Federal and State regulations regarding water resources including wetland protection and water quality (NPDES). Implement new 2012 requirements of General Industrial NPDES Permit.
- 5. Enforce newly adopted Erosion & Sedimentation Control Ordinance and Tree Ordinance.

Goal: Improve vehicular and pedestrian safety.

Objectives:

- 1. Begin implementing the funding from the T-SPLOST initiative if approved by voters in July 2012.
- 2. Design and construct new sidewalk along Gentilly Rd. from Fair Rd. to E. Jones Ave.
- 3. Construct the intersection improvements at W. Main St. and S. College St.
- 4. Maintain roads in accordance with applicable standards for resurfacing and striping.
- 5. Improve pedestrian safety by maintaining current sidewalks and providing additional sidewalks and safer crossings where possible, particularly in the area of the Georgia Southern Campus and Downtown area.
- 6. Improve intersections by installing traffic signals at By-Pass/Brampton Ave./Stambuk Ln. intersection, Brannen St./Wal-Mart Dr. intersection and install traffic calming measures along Lanier Dr. and also US 301 S.
- 7. Incorporate major improvements at the Fair Rd./S. Zetterower Ave. intersection to improve vehicular capacity as well as bike/pedestrian safety.

$\label{thm:conditional} \textbf{Goal: Assure that proposed developments are built according to the City's standards.}$

Objectives:

- 1. Continue to meet with developers at the beginning of projects so that they have a clear understanding of development standards before design begins.
- 2. Continue to provide timely review of subdivision plans and site plans for street and drainage design.
- 3. Continue to diligently inspect all new residential subdivision and commercial infrastructure installations to ensure they are installed properly.
- 4. Continue working with City departments to assure that all required criteria, buffering, parking, signage, and tree ordinance provisions are met.
- 5. Improve traffic flow along Brannen St. by coordinating traffic signals from Bypass to Gentilly Rd.
- 6. Continue to work with the Community Development Department to update the City's standards and ordinances.
- 7. Actively utilize the newly amended Parking Ordinance and recently created Administrative Variance Ordinance.

Goal: Enhance the availability of parking in the downtown area.

Objective:

1. Obtain property for construction of additional downtown parking lot.

Goal: Continue established formal Erosion & Sedimentation Control Program.

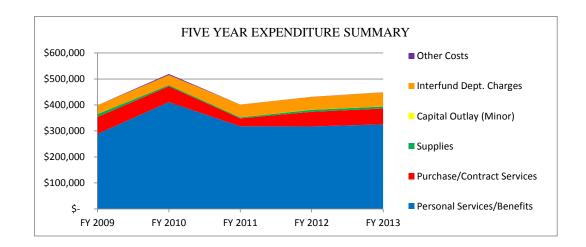

Objective:

1. All applicable Engineering Division personnel have obtained required plan review and inspection re-certifications.

POLICE DEPARTMENT

This department is headed by the Director of Public Safety. Police headquarteres are located at 25 West Grady Street. The department has 63 sworn officers and 12 civilian personnel, primarily in records and dispatching. The department offers a full range of policing services, including preventive patrol, traffic enforcement, criminal investigations, crime prevention, drug education, drug enforcement and a special response team to deal with unusually sensitive incidents.

The department operates under the community policing concept, which stresses involvement with the community, and placing resources where they are most needed. It also stresses trying to remove the root causes of crime and neighborhood deterioration. The department is structured with four Bureaus: Administrative Bureau, Patrol Bureau, Operations Bureau, and Training Bureau.

The Administrative Bureau is responsible for planning, organizing, coordinating, and directing all activities and operations in the police department, formulate policies and procedures - rules and regulations based on best practices and proven methods for law enforcement, prepares and monitors a comprehensive budget, and promotes the police department to all citizens through community related programs such as Citizens Police Academy, Crime Reports, TipSoft, and NIXLE.

The Patrol Bureau is responsible for preventive patrol, traffic enforcement, and response to calls for service. The Bureau is divided into four shifts so that protection is provided 24 hours per day, 7 days per week. Officers typically work a 43-hour work-week, counting time spent writing reports and attending the various courts in which their cases are presented. The Bureau also has an officer assigned to the Statesboro High School as a School Resource Officer.

The Operations Bureau is comprised of Criminal Investigations and Support Services Sections. Criminal Investigations responsible for in-depth investigations of crimes in order to build successful cases for prosecution. The Bureau works closely with the district attorney's staff and agents from the Georgia Bureau of Investigation, Federal Bureau of Investigation, the Bulloch County Sheriff's Office, and the GSU Police Department. The Crime Suppression Unit is also under the Operations Bureau and is responsible for targeting violent crime and drugs. The K-9 Unit is assigned to the Operational Supports both Operations and Patrol Bureaus by providing two certified canines and certified K-9 Handlers. Support Services is a part of the Operations Bureau and is responsible for dispatching calls for service and request, records retention and records request, computer maintenance, and front counter reception.

The Training Bureau is responsible for all departmental training, recruiting, hiring process, maintenance of all department weapons, overseeing and supervision of the Field Training Officer (FTO) program. The Training Bureau is also resonsible for the upkeep, maintenance, scheduling, safety and operations of the department firing range.

GOALS & OBJECTIVES

Goal: Decrease the amount of traffic accidents within the City.

Objectives:

- 1. Provide extra patrol and enforcement in known high accident areas.
- 2. Work with the City Engineer's Office to identify road alignment or other design factors needing correction.

Goal: Decrease the amount of drug-related crime within the City.

Objectives:

- 1. Continue to work with our partners, Bulloch County Drug Suppression Team, Tri-Circuit Drug Task Force Georgia Southern University Police Department and DEA Task Force to increase seizures by 10%.
- 2. Work with the Code Compliance Officers to identify and remove dilapidated properties being used as drug houses.
- 3. Continue support of the Crime Suppression Unit targeting illegal drug sales, Street Gangs and other criminal activities which may be associated with illegal drugs.

Goal: Decrease the amount of crime related to physical assaults.

Objectives:

1. Work with DFACS and other agencies to thouroughly investigate and prosecute cases of child abuse

- and sexual assault against children.
- 2. Continue to aggressively apprehend and prosecute offenders that commit physical assaults.
- 3. Reduce the number of Crimes Against Persons by 5%.

Goal: Continue to maintain high professional standards and meet our primary mission statement and core values Objectives:

- 1. Obtain our Georgia Certification through re-applying to GACP and completing an update and review of all SOPs.
- 2. Obtain our National Accreditdation through CALEA.
- 3. Develop a more clearly defined career ladder to further develop all members of the agency.
- 4. Continue to upgrade equipment by earmarking all confiscated assets forfeitures for purchase of Police Department equipment.
- 5. Hold ourselves accountable to our primary mission and core values by leading by example and engaged leadership and personal accountability.
- 6. Re-develope our SOP on discipline and performance evaluation system to a more acountable and updated system.

STREET DIVISION

The Street Division is responsible for the maintainance of city streets, drainage ditches, rights of ways, and easements. The division performs street sweeping, pothole patching, crack sealing, street striping, repairing of utility cuts, traffic signals, street sign maintenance, right of way mowing, minor work on catch basins and similar drainage structures, and other such work. Large projects are typically contracted out, as the division is primarily staffed for maintenance only. Further, the division is also tasked with operating the city's mosquito abatement program. The division's operating budget is in the General Fund. Capital projects are in the CIP Fund and SPLOST Funds.

GOALS & OBJECTIVES

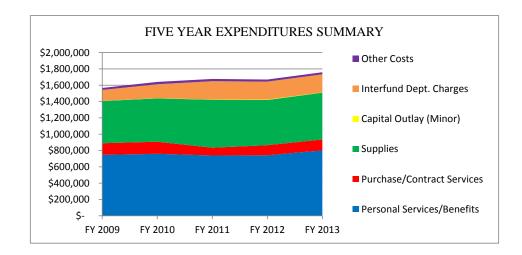

Goal: Maintain the rights of ways and drainage system for compliance with standards and proper function. Objectives:

- 1. Improve web page to provide public with a resource to report street/drainage deficiencies and track their complaint
- 2. Utilize the work order system to evaluate all complaints the same day received, perform timely corrective action, and provide prompt response to the complainant.
- 3. Prioritize repairs and maintenance to promptly correct known safety hazards and identify potential safety hazards.
- 4. Improve the quality of work to ensure repairs are completed promptly and efficiently.
- 5. Assist the City Engineer in identifying streets needing resurfacing, restriping or minor improvement.
- 6. Assist the needs of other city departments as requested to maintain fiscal responsibility.

PARKS DIVISION

The Parks Division is responsible for maintainance of the City's cemetery (cemetery lot sales are handled by the City Engineer's Office). In addition, the division provides maintenance of trees and plantings in traffic islands, McTell Trail, Triangle Park, Renassaince Park, and at various city facilities. The Parks Division operating budget is in the General Fund. Capital projects are in the CIP fund and SPLOST Funds.

GOALS & OBJECTIVES

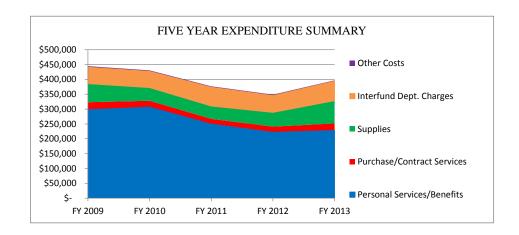

Goal: Maintain and beautify the Cemetery and various public grounds to enhance the City's appearance and quality of life. Objective:

- 1. Provide seasonal landscaping, pruning, and flower planting schedule.
- 2. Maintain landscaping efficiently and effectively to reduce environmental impacts.
- 3. Improve irrigation of landscaping in a manner that fosters water conservation.

PERFORMANCE MEASURES

PROTECTIVE INSPECTIONS DIVISION

PROTECTIVE INSPECTIONS

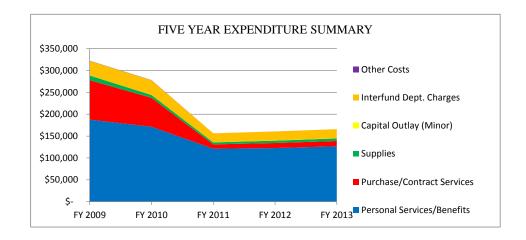

The Protective Inspections Division is responsible for performing building, plumbing, electrical, HVAC, and ADA inspections on all residential and commercial construction within the City to ensure they are in compliance with applicable building codes. It also assists the Director of Planning and Development in assuring that buildings meet the applicable Zoning Ordinance provisions, such as front, side and rear setbacks, driveway aprons, and adequate parking.

COMMUNITY DEVELOPMENT

COMMUNITY DEVELOPMENT AND CODE COMPLIANCE

Formerly known as the Planning & Zoning Department, this department has three primary functions: development services, planning services, and code compliance. The department is staffed by the Director, one city planner/permitter, two code complaince officers, and one administrative assistant.

The development services function of the department centers around providing quality customer service for land use and economic development projects located within the municipal boundaries of the city and those wishing to annex into the city. Planning staff assist customers with zoning and other ordinance questions regarding potential land use and business development through a variety of informal review methods, customer service meetings, and by organizing and hosting Right Start meetings - a joint meeting of all development related departments and a potential developer to answer project questions and resolve potential issues. Fostering and maintaining productive working relationships with members of the development community is of critical importance and is a priority goal in this function and serves to improve the quality of development for all citizens of Statesboro.

A primary responsibility of the Planning Division is the implementation of the *Statesboro Zoning Ordinance* and *Statesboro Subdivision Regulations*. To that end, the division reviews development permits handled primarily by other city departments, such as building permits, business licenses, and alcohol beverage licenses, for zoning and subdivision compliance, as well as reviewing ordinance specific permits such as sign permits, billboards, cell towers, and the platting of land subdivisions. The Director of the Department serves as the zoning administrator for the City and is responsible for the interpretation and enforcement of these regulations. Appeals from these reviews, or those issues requiring council approval, are also processed by the department in the form of zoning amendment request, special exceptions, variance applications, and subdivision approvals. The Planning Division is responsible for leading the staff review of these applications and presenting them for advisory review to the Statesboro Planning Commission and to the Statesboro City Council for judgement.

The Department's planning services function refers to a variety of long-range and strategic planning activities, ordinance development, and grant writing efforts undertaken by the department. This service is charged with ensuring that the city fulfills the requirements of all state mandates regarding long range planning and implementation, participation in all state required development reviews (DRIs), and participation, review, and adherence to all state and regional plans that impact the City. Additionally, the department initiates or participates in a variety of jurisdiction specific planning projects aimed at delivering short and long term implementation strategies and policy recommendations to achieve sustainable and quality growth within Statesboro. It is also the department's role to develop and recommend adoption of development related ordinances that serve to protect the public's health, safety, and welfare and that are reflective of the community's determined standard of development.

The Code Compliance Division of the Department of Community Development also serves an important role in land use and development as it works to maintain and encourage compliance with the city's ordinances to ensure that the public's safety, welfare, and health are maintained and that investments in property, development, and growth within the City are protected. Code Compliance officers respond to request for services and complaints of violations as well as conduct pro-active patrols of the city, and self initiate compliance and enforcement actions with a determined focus on violations that jeopardize the health, safety, welfare, or investments of the citizens of Statesboro.

GOALS & OBJECTIVES

Goal: Encourage the development of housing ownership options for all income levels, including low and moderate income citizens.

Objectives:

- 1. Strengthen the department's partnership with Habitat for Humanity of Bulloch County, Inc.
 - a. Active service on the Habitat for Humanity of Bulloch County Board of Directors by a member of the department.
 - b. Work with Habitat to identify, acquire, and develop suitable property for future land development.

- c. Partner with Habitat to pursue CDBG and other grant funding possiblilities for property acquisition, facility development, and other opportunities.
- 2. Complete the long going Multi Family Residential Study for the City of Statesboro for presentment of finding and recommendations to the City Manager and the Mayor and City Council.
- 3. Administer the Residential Subdivision Incentive Program so that developers are encouraged to develop properties either within the City or adjacent to the City so that property is annexed before development begins.

Goal: Develop and maintain strong and productive working relationships with the development community that encourages quality and sustainable growth for the City at its determined standard of development. Objectives:

- 1. Engage in a continuous review and improvement of development policies and practices to achieve the most highly efficient and effective methods of review and permitting possible for both developers and city staff.
- 2. Continue to encourage, organize, and host effective Right Start meetings between developers and development related city staff.
- 3. Provide courteous, timely, and accessible customer service and continuous interaction with developers and timely permitting processes.
- 4. Provide consistency in interpretation and application of development ordinances.
- 5. Strengthen and maintain the active participation of department staff in development related organizations such as the Chamber of Commerce, the Downtown Statesboro Development Authority, and other such organizations.

Goal: To protect the public health, safety, welfare, and investment in property through effective code compliance efforts.

Objectives:

- 1. Proactively and continuously patrol zones of the City for code compliance issues with a determined focus on enforcing matters related to public health, safety, and welfare.
- 2. Provide timely, courteous, and effective response to complaints and request for service.
- 3. Engage in a continuous abatement action against vacant dilapidated structures within the municipal boundaries.
- 4. Effectively partner with the Downtown Statesboro Development Authority to provide appropriate code enforcement actions with the DSDA district to continue to encourage revitalization and sustainability of the downtown area.
- 5. Partner with other city staff to participate in development related reviews for properties seeking city permits or licenses and ensure that those properties are compliant with municipal ordinances prior to issuance of sought for licenses or permits.
- 6. Provide more accessible opportunities for concerned citizens and staff alike to generate complaints or request for service through the introduction of an online process.
- 7. Effectively lead interdepartmental teams of city staff to respond to more effectively to issues such as blighted or dilapidated properties that are left unattended may have significant impacts on property values, discourage private investment, and/or jeopardize the public health, safety, and welfare of the citizens of Statesboro.
- 8. Effectively partner with private homeowner groups and property managers to assist in their efforts to maintain and strengthen neighborhoods by providing guidance, enforcing city codes, and partnering with and leading other city departments to assist in these private efforts where appropriate.

Goal: Present amendments and addendums to the Statesboro Zoning Ordinance, Statesboro Subdivision Regulations, and other city ordinances that are based on the protection of the public health, safety, welfare, and morals of the City of Statesboro and that are reflective of the determined standard of development for the community.

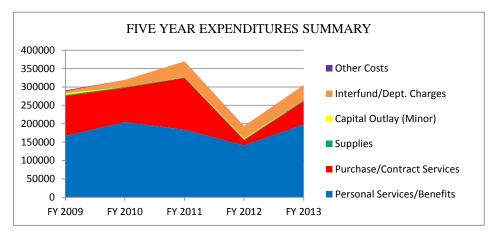

Objectives:

- 1. Effectively lead teams of city staff, developers, and concerned citizens to produce suggested amendments to the Statesboro Zoning Ordinance for consideration by the City Council particularly in areas that experience frequent variance request, such as parking, signs, and dwelling densities.
- 2. Review, research, and consider for recommendation the adoption of new ordinances for land use and development, where needed. For instance, a property maintenance code, administrative variances, and certain administrative processes related to development and land use.

OTHER AGENCIES

The City provides partial funding for several outside agencies. This section of the General Fund finances those appropriations.

Among the agencies that receive funding from the City of Statesboro are the Emergency Management Agency, the Bulloch Resident Center, the Drug Abuse Council, the High Hope Center, Concerted Services, the Statesboro Arts Council, the Downtown Statesboro Development Authority, and the Ogeechee Railroad for rental of space for downtown parking.

210 Confiscated Assets Fund

CONFISCATED ASSETS FUND

This fund accounts for funds seized for possible illegal activity. Once the court adjudicates the case, the money is either released back to the individual, or is forfeited. In some cases, some of the funding goes to the Bulloch County Clerk of Court, and some is turned over to the City. Those funds turned over to the City are used exclusively to support the Police Department, usually with the purchase of additional equipment. This helps supplement the normal capital budget for the department.

The amounts seized can fluctuate significantly from year to year. The Budget assumes a normal year. Should a larger amount become available during the fiscal year, the City Council could adopt a Budget Amendment authorizing more equipment purchases for the department.

221 CDBG Housing Fund

COMMUNITY DEVELOPMENT BLOCK GRANT FUND

This fund accounts for the receipt and disbursement of the Community Development Block Grant (CDBG) for the infrastructure, and the Community Housing Improvement Program (CHIP) Grant to build houses, that was awarded to the City to develop Statesboro Pointe Subdivision. This is a 25-lot subdivision that the City created to provide low- and moderate-income citizens the opportunity for homeownership. Currently, the subdivision infrastructure is completely installed and twenty-four houses have been constructed and sold. The original plan was for the City to use the proceeds to construct houses, sell them, and repeat this process until all 25 homes had been built and sold. Then, the CHIP funding would continue as a Revolving Housing Loan Fund to finance additional homes that the City could build on individual lots it had acquired.

The City had experienced difficulty in getting some potential buyers bank-qualified for conventional loans. At the same time, Habitat for Humanity of Bulloch County, Inc. had a waiting list of potential homebuyers, but had had difficulty in obtaining reasonably priced building lots. Since Habitat finances its own mortgages at zero interest, the bank qualification process is not an issue for their buyers. The City had 21 remaining lots in Statesboro Pointe, and in late May, 2003, partnered with Habitat; and had the Georgia Department of Community Affairs amend its two grant awards to allow the City to provide these lots as needed to Habitat through the Statesboro—Bulloch County Land Bank Authority at reduced market rates or in some cases, no cost. In addition, DCA authorized the City to loan Habitat up to \$15,000 per house from the CHIP Grant Revolving Loan Fund, to be repaid at no interest as the Habitat mortgage is repaid over 20 years. This has made it less expensive for groups wanting to build a Habitat house as they will have to provide \$15,000 less in upfront money for supplies and materials. This has spurred development of these houses at a faster pace, and has assisted Habitat in getting more volunteers. We believe it is an excellent partnership to address low-income housing in Statesboro.

To date, the City has given the Land Bank Authority three lots at no cost, to be provided to Habitat. In addition, the City has sold twenty lots to the Land Bank Authority for \$5,000 each, which in turn were sold to Habitat for the same price.

Statesboro Pointe has one house to build then it will be completely built out, it is anticipated that the City and Habitat will partner on still other subdivisions, as the CHIP Grant funds will constitute a Revolving Housing Loan Fund that is replenished monthly as the loans to previous homebuyers are repaid into this CDBG Fund. This fund will be the repository of the Revolving Housing Loan Fund.

The information in this Budget is for comparison purposes only. Anyone wishing to participate in this housing program is encouraged to contact Mandi Cody, Director of Community Development, at 764-0666, or Mrs. Lee Cheshire, Habitat Executive Director, at 489-2076.

224 US Dept of Justice Grant Fund

US DEPARTMENT OF JUSTICE GRANT

This fund accounts for funds seized for possible illegal activity by the Crime Suppression Unit. Once the court adjudicates the case, the money is either released back to the individual, or is forfeited. In some cases, some of the funding goes to the Bulloch County Clerk of Court, and some is turned over to the City. Those funds turned over to the City are used exclusively to support the Crime Suppression Unit, usually with the purchase of additional equipment, training, and investigative costs as required by the Office of Justice Programs Financial Guide.

In FY 2008, the City was awarded a US Department of Justice Grant (The Byrne Memorial Discretionary Grant) for the creation of a Crime Suppression Unit. The City was awarded \$317,722 for this four member team. As long as the Crime Suppression Unit is active, any seizures that are made are recorded in this fund.

250 Multiple Grant Fund

MULTIPLE GRANT FUND

This fund accounts for receipts and disbursements for small state and federal grants that individually are less than 2% of the General Fund's annual expenditures. Based upon this Budget, that amount would be for any grant below \$271,386.84 that is not accounted for in an existing fund.

Should capital grants not budgeted here be received that are below the threshold, this fund would be amended to include both their revenues and expenditures.

TAB 13

270 Statesboro Fire Service Fund

STATESBORO FIRE SERVICE FUND

STATESBORO FIRE SERVICE FUND

This department is headed by the Director of Public Safety who is located at Statesboro Police Department. Station One is located on West Grady Street and Station Two, which serves also serves as the administrative office, is located on Fair Road. The department offers a full range of fire suppression, hazmat, vehicle and technical rescue, fire and life safety code management and fire safety education services.

The department operates with 37 personnel, 36 of which are state certified firefighters, and one civilian administrative assistant. The department staffs three apparatus 24/7 365 out of the two current station locations.

The department operates with three shifts. Each shift works for a 24-hour period. This "24 on\48 off" schedule is considered the industry standard. It provides 10 personnel on each shift with a minimum staffing of 8. Part-time firefighters are used to back-fill vacancies on shifts caused by vacation, sick and other leave.

The Administrative staff consists of a Fire Commander, Operations Officer, Fire Prevention Officer, Training Officer, two Fire Inspectors as well as the Director of Public Safety, who all works a typical 40-hour per week shift and are available for calls during those hours, as well as call-back on major fires.

The department is equipped with five fire pumpers, two aerial ladders, Command/Tactical Support unit, haz-mat unit and a Rehabilitation/Victim assistant unit.

All units are radio dispatched by the Bulloch County dispatch center which operates an enhanced 9-1-1 telephone system. All firefighters are issued pagers and/or radios which operate on an 800 MHz radio system.

The number of personnel, upgraded equipment, emergency communications, and the City's water system has resulted in the City enjoying a Class 3 ISO fire insurance rating.

The department also covers, by contract with Bulloch County, an area approximately five miles in circumference from each station, most of which is outside the City limits. This is known as the Statesboro Fire District and the residents of the district pay a fire district tax of 1.8 mills to the County, which remits it to the City. For the FY 2012, the fire district paid 37% of the Statesboro Fire Department's operating budget. For this payment, they receive reduced response times and enjoy the same Class 3 ISO rating as citizens of the City.

The department is actively involved in fire prevention. The Prevention Officer serves as the fire marshal, reviewing building plans for compliance with the Life Safety Code and the Fire Code. He works closely with the building official in the Engineering Department in the review of these plans.

In addition, the department presents fire safety programs to hundreds of school children throughout the City of Statesboro and the Statesboro Fire District each year. The department has a Fire Safety House which is taken to schools, community events and other events throughout the City and fire district.

GOALS & OBJECTIVES

Goal: Continue to have no loss of life or serious injury from a fire related incident, and to keep fire-related property losses under .03% of the appraised value of the property within the Statesboro Fire District including the City of Statesboro.

Objectives:

- 1. Continue to stress fire prevention through annual inspection of businesses.
- 2. Continue to stress fire prevention through visits to public and private schools within the fire district.
- 3. Continue to stress early detection of fire through distribution of residential smoke alarms.
- 4. Continue to properly train firefighters to stress safety in their work.
- Finish a fire station master plan to determine the number and location of future fire stations. Then, work cooperatively with Bulloch county to implement the changes as they become needed.
- 6. Acquire a temporary fire station facility to service the eastern part of the district.
- 7. Continue to pursue grants as an alternative source of funding for needed capital items.
- 8. Develop and implement cost recovery strategies to protect the fire district from material financial loss.
- 9. Enhance the staffing levels of the department through a volunteer, part time, and cross training police officer firefighter program.

275 Hotel/Motel Tax Fund

HOTEL/MOTEL TAX FUND

This fund accounts for the receipts and disbursements of the hotel/motel room occupancy tax. Since April, 2002, the City has had one-year Service Contracts with the SCVB, the Downtown Statesboro Development Authority (DSDA), and the Statesboro Arts Council (SAC) to promote tourism-related activities. After a transfer of 5% to the General Fund for administration costs, the hotel/motel tax proceeds are distributed as follows under the contracts:

| 25.0 % | DSDA |
|--------|------|
| 35.0 % | SAC |
| 40.0% | SCVB |

The proceeds are received from the hotel and motel operators monthly, and are distributed based upon the agreed percentages on a monthly basis as well. The current contract is effective from July 1, 2012 through June 30, 2013.

286 Technology Fee Fund

TECHNOLOGY FEE FUND

This fund accounts for fees collected from citations issued by the Police Department. Currently, the ordinance reads as follows:

Section 78-10. Technology Fee. There shall be imposed by the Municipal Court of the City of Statesboro, Georgia a technology surcharge in the amount of \$20.00 per offense for all offenses against the ordinances of the City of Statesboro or laws of the State of Georgia. The technology surcharge shall be in addition to all other fines and fees imposed by the Municipal Court. The revenue derived from the technology surcharge shall be used by the City to provide technical support for Public Safety and Municipal Court functions. This amendment shall become effective upon its approval by the Mayor and City Council of Statesboro, Georgia.

These fees are also used to supplement normal technical operating budget items for the Police Department and Fire Department. The amounts can fluctuate from year to year depending on several variables.

322 2007 SPLOST Fund

2007 SPECIAL PURPOSE LOCAL OPTION SALES TAX (SPLOST) FUND

This fund is used to account for the receipts and disbursements of the City's portion of the 2007 1% Special Purpose Local Option Sales Tax, and that portion of the tax used to finance the City/County joint Solid Waste Disposal Fund which the City administers.

On July 18, 2006, the voters of Bulloch County approved a referendum measure to continue imposing this tax for a period of six years after the 2002 SPLOST lapsed at the end of September, 2007. Since there is a two-month delay in receiving the new funds, receipt of the proceeds did not begin until December, 2007. The proceeds are then disbursed pursuant to an intergovernmental agreement negotiated between the four City Councils and the County Commission prior to the referendum.

This is **not** an additional tax, but an extension for six years of the 2002 SPLOST. This means that the sales tax rate in Bulloch County will remain at 7%--4% State Sales Tax for the State of Georgia, 1% Local Option Sales Tax for the Board of Education, 1% Educational SPLOST for the Board of Education, and this 1% SPLOST for the county and four cities.

350 Capital Improvements Program Fund

CAPITAL IMPROVEMENTS PROGRAM FUND

This fund accounts for the receipt and disbursement of funds to acquire major general fixed assets for the City. The projects are derived from the first year's listing within the 6-year Capital Improvements Program for the CIP Fund. Other capital projects are funded in the individual utility funds such as the Water and Sewer Fund, the Natural Gas Fund, the Solid Waste Collection Fund, and the Solid Waste Disposal Fund. Some are also funded in the Fleet Management Fund, the Confiscated Assets Fund, the Multiple Grants Fund, the Statesboro Fire Service Fund, and the 2007 SPLOST Fund.

Funding is provided by a transfer from the General Fund, federal and state grants, and Georgia Department of Transportation (GDOT) grants and local assistance funding, and the Georgia Municipal Association (GMA) lease pool loans. Projects funded here should cost at least \$5,000 and have a useful life of at least two years. Some may have a smaller dollar amount when they are a carryover from the previous year when a project was not finished by year-end. Some capital projects take longer than one fiscal year to complete, requiring the remainder of the project to be funded in the following fiscal year(s). Projects retain the same Project Number and accounting line item in subsequent years in order to easily track a multiple-year project.

The savings from projects or purchases that come in under the budgeted amount are transferred throughout the fiscal year to a Contingency line item in this fund. The Contingency is then available to fund any change orders or unanticipated projects or purchases that arise during the fiscal year without having to amend this fund's budget. Any appropriations remaining in the Contingency line item at fiscal year-end go into the fund balance, which can be appropriated in a subsequent year for other projects.

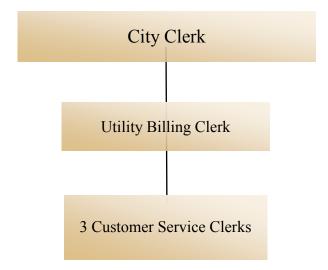

The complete six-year Capital Improvements program is located in a separate tab within this document, and contains more detailed information on each project.

505 Water & Sewer Fund

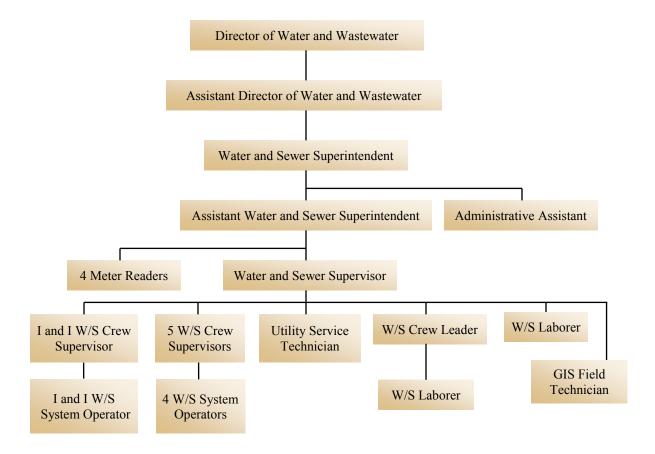

CUSTOMER SERVICE

WASTEWATER DEPARTMENT

WATER/SEWER DEPARTMENT

WATER AND SEWER FUND

This fund accounts for the receipts and disbursements to finance the City's Water and Sewer Department. The department is responsible for water treatment, storage, and the distribution system; and the wastewater collection, pumping, and treatment system, as well as the utility billing and collection through the Customer Service Department. The City's water is pumped from deep groundwater wells, treated, pumped to elevated storage tanks, and distributed throughout the City and parts of the County. Wastewater is collected in the sewer lines, pumped where gravity flow is not possible, then treated at a state-of-the-art wastewater treatment plant before discharging to Bird's Pond.

The City must meet stringent US Environmental Protection Agency standards for the treatment of drinking water, and the treatment before discharge of wastewater. Both of these functions are critical to public health, and require certified operators and laboratory personnel.

This fund is accounted for on the accrual basis of accounting, including full depreciation, so that management can determine its financial position as a stand-alone enterprise supported by fees and charges. In order to keep rates low, some SPLOST funds are used for major projects. Any SPLOST funds to be used for water and wastewater projects are spent within the SPLOST Fund, with the completed project then transferred to this fund as a fixed asset.

The City charges fees for service based upon actual consumption. Prices are set to cover the cost of personnel, operations, equipment and improvements and extensions of the systems. Unlike private utility companies, the City does not have to pay property or income taxes, and there are no distributions to shareholders, since the City is tax-exempt and non-profit. Therefore, all net income is either put back into the system, or transferred to the General Fund in order to reduce the need for property taxes to support other City operations. Either way, our citizens and customers are the beneficiaries.

GOALS & OBJECTIVES

Goal: Continue to provide safe drinking water with no disruptions other than for minor line repairs. Objectives:

- 1. Continue to maintain all lines, pumps and water tanks so that breakdowns are avoided.
- 2. Continue to maintain the SCADA system so that system information is provided in a timely manner for the operators.
- 3. Continue to train and supervise the laboratory staff so that all required EPA/EPD testing is completed and reported as required, and that any quality issues are addressed immediately.
- 4. Continue the backflow prevention installation program.
- 5. Install \$50,000 worth of touch-read meters to replace older meters.

Goal: Continue to collect and treat all wastewater on our system within the NPDES permit issued by the Environmental Protection Division of the Georgia Department of Natural Resources. Objectives.

- 1. Continue to maintain the sewer lines, pump stations, and WWTP so that overflows are avoided.
- 2. Continue to operate the WWTP and the laboratory so that all parameters of the NPDES Permit are met, and properly tested and reported to the State monthly.
- 3. Install emergency generators at two more sewer lift stations.
- 4. Repair the tanks at the wastewater treatment plant.

Goal: Reduce the amount of infiltration and inflow into the wastewater collection system.

Objectives:

- 1. Use the Cues camera to systematically identify the areas of worst infiltration and inflow, particularly in heavy rains.
- 2. Develop a priority rating system for these problems, and either contract for or repair in-house.

Goal: Continue to improve the City's capacity to provide quality customer service.

Objectives:

- 1. Publicize through GSU mailings to students, and other forms of media of all customers the availability of online utility, property tax, and court fine payments.
- 2. Keep the number of misreads on utility accounts below 0.05%.
- 3. Continue to correct billing errors within a 24-hour time period.

PERFORMANCE MEASURES

| | FY | 2011 | FY | | FY 2013 |

506 Reclaimed Water System Fund

RECLAIMED WATER FUND

This fund accounts for the receipts and disbursements to finance the City's Reclaimed Water System. The Reclaimed Water System is operated by personnel from the Water/Sewer and Wastewater Treatment Departments and is responsible for supplying highly treated wastewater (reclaimed water) to customers for the purpose of grounds irrigation. The City's Reclaimed Water is pumped from the effluent of the city's Wastewater Treatment Plant and distributed to the approved end users of Reclaimed Water.

The City must meet stringent Reclaimed Water Standards established by the State of Georgia Department of Natural Resources, Environmental Protection Division under a NPDES Permit issued by the Department of Natural Resources.

This fund is accounted for on the full accrual basis of accounting, including full depreciation, so that management can determine its financial position as a stand-alone enterprise supported by fees and charges. Capital Cost Recovery (CCR) Fees are used for capital projects.

The City charges fees for service based upon actual consumption. Prices are set to cover the cost of personnel, operations and equipment repairs. System Expansions are paid from CCR fees.

515 Natural Gas Fund

NATURAL GAS DEPARTMENT

NATURAL GAS FUND

This fund is used to account for the receipts and disbursements to finance the Natural Gas Department. The department is responsible for operating the City's natural gas distribution system. The City purchases its gas wholesale, then sells it retail to its industrial, commercial and residential customers. The natural gas industry was fully de-regulated by Congress in 1988, and the Federal Energy Regulatory Commission has implemented policies since then to encourage open competition for gas supply. Since de-regulation, local distribution companies such as the City have had to join with other buyers to get the best possible price in what can be a highly volatile gas supply market. The City is a member of the Municipal Gas Authority of Georgia (MGAG), which is a joint agency established by the State of Georgia to assist municipal gas systems. MGAG negotiates contracts for gas supply, and also can hedge those prices using the commodities market, in an attempt to meet our customers' demand for gas at the lowest price.

The City uses a flexible gas rate, so that it can receive a realistic margin on each them it sells. The margin is added to the base rate, which is the wholesale price of gas for the month. In this way, the City charges what it needs to pay the personnel, maintain the system, and expand the system, in addition to buying the gas. Unlike private gas companies that must pay property and income taxes, as well as distributions to shareholders, the City is tax-exempt and our citizens are the shareholders. Therefore, all net income is either put back into the system, or transferred to the General Fund in order to reduce the need for property taxes to support other City operations. Either way, our citizens and customers are the beneficiaries.

The City has begun a much more aggressive program of system expansion in recent years. It is critical that this system be expanded in order to provide service to additional customers; and also because it is a source of revenue for the General Fund, thereby helping keep property taxes lower than they would be without this utility. The City is able to do this, and still have lower rates than the surrounding investor-owned gas utilities for the reasons cited above.

GOALS & OBJECTIVES

Goal: Continue to operate this inherently dangerous system in compliance with all federal and state regulations in order to avoid any serious injuries or property damage.

Objectives:

- 1. Continue to educate the public on the safe use of this commodity.
- 2. Provide by contract for safe, professional installation and servicing of natural gas appliances.
- 3. Continue to provide systematic training in operations and safety for all natural gas employees.
- 4. Have no serious accidents during the year.
- 5. Continue to participate in the MGAG consortium for safety and regulatory compliance.

Goal: To expand this system in the most desirable locations to maximize both service and profitability. Objectives:

- 1. Continue to install services to new residential subdivisions and commercial developments.
- 2. Identify those areas within the City without natural gas service and install it.
- 3. Install gas mains in phase II of Gate Way Industrial Park.

Goal: To encourage growth of the customer base by making natural gas appliances more readily available.

Objectives:

- 1. Continue to provide the customer incentives to purchase natural gas appliances.
- 2. Participate in Municipal Gas Authority of Georgia marketing program PACE.
- 3. Develop marketing program for inactive accounts.

541 Solid Waste Collection Fund

SOLID WASTE COLLECTION DIVISION

SOLID WASTE COLLECTION FUND

This fund accounts for the receipts and disbursements to operate the City's solid waste collection systems for commercial, residential and yard waste. It is financed by the monthly sanitation fees and polycart fees that customers pay. The City provides commercial collection services using front-end loading trucks and dumpsters picked up on a schedule agreed to by the customer and City. Customers are charged an amount determined by the cubic yard size of the dumpster used and the number of times per week it is serviced. Dumpster service within apartment complexes is charged per unit. The cost for this service is projected to increase to \$15.75 per month per unit.

Residential collection is provided using polycarts that citizens take to the curbside for once per week service. The cost for this service is projected to increase to \$15.75 per month. This price remains lower than similar service by private companies in the unincorporated areas of Bulloch County.

Yard waste and white goods are collected curbside throughout the City using knuckleboom loaders following a route system. This service is included in the collection fees noted above.

This fund is also charged for each ton it disposes of in the Statesboro Bulloch Transfer Station. The cost per ton for household/commercial refuse is projected to increase to \$38.00 at the Transfer Station. However, the inert material is proposed to be charged \$19.75 per ton.

GOALS AND OBJECTIVES

Goal: Maintain a healthy environment by the removal and disposal of garbage, yard waste, and other debris. Objectives:

- 1. Continue to complete all assigned routes efficiently and effectively.
- 2. Explore ways to improve routing efficiency.
- 3. Continue to provide effective communication with the public and explore ways to improve customer service and communication.
- 4. Improve reycling and waste reduction opportunities.
- 5. Explore GPS Tracking Units to improve routing efficiency, track different types of debris, track information on carts, and produce work orders.

542 Solid Waste Disposal Fund

SOLID WASTE DISPOSAL DIVISION

SOLID WASTE DISPOSAL FUND

This fund accounts for the receipts and disbursements to operate the jointly owned City and County transfer station and inert landfill on Landfill Road. It also covers the post-closure costs of the Landfill Road Landfill. Also included are the costs to transport and dispose of the solid waste at the Broadhurst Environmental Landfill near Jesup. Transportation is provided by contract with a local trucking company. The disposal agreement was re-negotiated in 2002, resulting in a decrease in the tipping fees to a current rate of \$22.44 per ton. An inflationary index is included. Funding for the Keep Bulloch Beautiful program also comes from this fund.

This fund is financed by the tipping fees that users of the transfer station pay to dispose of solid waste. Brush, leaves and other grindable material is disposed of in the inert landfill onsite. The tipping fee for this material is increasing to \$19.75 per ton. The tipping fee for other waste is increasing to \$38.00 per ton. The cost of transportation is projected to increase to a total of approximately \$14.00 per ton. In addition, tippage fees cover the cost of personnel and equipment to weigh the waste and operate the transfer station and the methane extraction system as part of the post-closure of the Lakeview Landfill.

SPLOST funds are appropriated to pay the post-closure costs and pay for the disposal fees at the Broadhurst Environmental Landfill. Without these SPLOST funds, this fund would either have to be subsidized by property taxes, or have higher tipping fees. If those fees become too high, they could result in illegal dumping, which would create public health and nuisance problems for the community.

The operation of the transfer station and inert landfill, the maintenance of the closed Lakeview Landfill and the operation of the attendant methane gas extraction system are under the direction of the City Engineer. The City Engineer is responsible for all post-closure regulatory compliance issues and working with the City's engineering consultant to keep the closed landfill in full compliance with US Environmental Protection Agency and Georgia Environmental Protection Division rules and regulations.

GOALS & OBJECTIVES

Goal: Maintain a healthy environment by the removal and disposal of garbage, yard waste and other debris.

Objectives:

- 1. Continue to grind as much yard waste as possible to minimize cost, provide reuse alternatives for the material, and reduce the use of inert landfill space at our facility.
- 2. Continue to explore additional ways further reduce tonnage transported to the Broadhurst facility for disposal.
- 3. Continue to operate the transfer station safely and in compliance with all federal and state regulations.
- 4. Investigate expanding the transfer station to ensure continued compliance with operating permit.
- 5. Expand inert landfill to ensure uninterrupted and continued operation.
- 6. Work with the county to provide additional recyling opportunities.

601 Health Insurance Fund

HEALTH INSURANCE FUND

This internal service fund accounts for the receipts and disbursements to operate the City's self-funded health insurance program. The City contracts with a third-party administrator (TPA) to run this program, and advise it on how to determine premiums for both the employer and the employee. The premiums are set to cover three cost components of the plan: the third party administrator's fees; actual medical claims; and the premiums for stop/loss reinsurance.

This Budget is based upon a 0% increase in premiums and the City will continue pay 75% of both employee and dependent health insurance, and individual employees will pay the other 25% through payroll deduction from earnings. The City's portion of the premiums is budgeted within each budget that has personnel covered by the plan, so that the costs are allocated to the proper fund, department and division.

It is critical that adequate reserves be set aside in good claims years, so that when a bad claims year hits, the fund is financially strong. This removes the possibility of spikes in rates for both the City and its employees, or serious cuts in the level of benefits provided.

The premiums as of July 1st are as follows:

| Monthly Premiums For Type of Coverage | mployee nare 25% | City Share 75% | | Total <u>Premiums</u> | | |
|---------------------------------------|---------------------|-------------------|----------|--------------------------|----------|--|
| Single Employee | \$ 137.51 | \$ | 412.52 | \$ | 550.03 | |
| Increase (Decrease) over Prior | \$ 198.25 | \$ | (198.25) | \$ | - | |
| Increase (Decrease) per Week | \$ 3.81 | \$ | (3.81) | \$ | - | |
| Family Coverage | \$ 317.27 | \$ | 951.80 | \$ | 1,269.06 | |
| Increase (Decrease) over Prior Y | \$ 456.82 | \$ | (456.82) | \$ | - | |
| Increase (Decrease) per Week | \$ 8.79 | \$ | (8.79) | \$ | - | |

The City also offers a Flexible Benefits Plan whereby employees can deduct up to \$3,500 annually from their wages or salary to pay for medical expenses not covered by insurance. The benefit is that this money is considered pre-tax by the IRS, making it exempt from both federal and state income taxes. All money deducted by the employee during the plan year must be spent or it is forfeited to the plan and donated to a charitable purpose. Consequently, employees must carefully determine the deduction level each year. Please note that the maximum allowable amount has been set to \$2500 by the IRS for the 2013 Calendar year.

602 Fleet Management Fund

FLEET MANAGEMENT DIVISION

FLEET MANAGEMENT FUND

This fund accounts for the receipts and disbursements to operate the City's centralized vehicle and equipment fleet maintenance program. The Fleet Management operation is a true internal service fund, with all costs, including depreciation, charged to the using departments through labor, parts, and overhead charges just like a commercial garage. This reflects the true cost to each fund, department, and division.

For FY 2013 each General Fund user will be charged a \$25.00 per hour service rate. All other users will be charged a \$55.00 per hour service rate. There will also be a 10% mark-up on parts, 20% mark-up sublet work, and 5% mark-up for shop supplies. Computerized records of all maintenance on each piece of equipment will continue to be maintained and a preventative maintenance schedule, as established in conjunction with each department, will be continued. This has resulted in more dependable equipment and vehicle service resulting in prolonged usage and reduced life cycle costs.

GOALS & OBJECTIVES

Goal: Continue maintainance of the City's fleet of vehicles at below market labor rates and reduce the number of breakdowns in the field.

Objectives:

- 1. Increase the average number of equipment pieces maintained by each mechanic.
- 2. Reduce the costs of work contracted out by providing specialized training where available.
- 3. Continue to provide specialized training of mechanics for public service vehicles and equipment.
- 4. Continue promoting preventive maintenance schedules to further reduce equipment failures on the job.

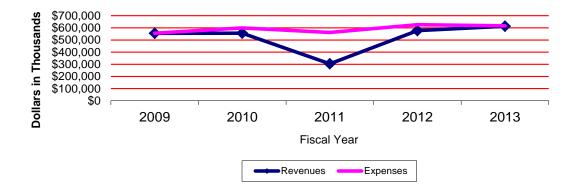

PERFORMANCE MEASURES

| | FY 2 | 2011 | FY | FY 2013 | |
|---|---------|--------|---------|-----------|------|
| | Adopted | Actual | Adopted | Projected | Base |
| Number of police patrol vehicles in fleet (striped units) | 36 | 36 | 42 | 42 | 46 |
| Number of other automobiles in fleet | 32 | 32 | 21 | 32 | 36 |
| Number of pickup trucks in fleet | 50 | 50 | 61 | 61 | 56 |
| Number of mid-size trucks in fleet | 35 | 35 | 31 | 28 | 37 |
| Number of heavy-duty trucks in fleet | 18 | 18 | 22 | 23 | 22 |
| Number of fire trucks | 8 | 8 | 8 | 8 | 9 |
| Number of commercial garbage trucks in fleet | 5 | 5 | 4 | 4 | 6 |
| Number of residential garbage truck in fleet | 5 | 5 | 5 | 6 | 6 |
| Number of knuckleboom loaders in fleet | 6 | 6 | 6 | 5 | 6 |
| Number of off-road pieces of equipment (tractors, dozers) | 55 | 55 | 45 | 52 | 58 |
| Number of light duty equipment (four-wheelers, lawnmowers | 82 | 82 | 94 | 83 | 85 |
| Number of loader trailers in fleet (LF, WW, Lowboy) | 30 | 30 | 21 | 21 | 30 |
| Number of small-duty trailers | 35 | 35 | 33 | 33 | 35 |
| Number of medium-duty trailers | 25 | 25 | 26 | 26 | 25 |

603 Worker's Compensation Fund

WORKERS' COMPENSATION INSURANCE FUND

Beginning in FY 2006, the City significantly changed its Workers' Compensation Insurance Program due to dramatically higher premiums. After comparing self-funding versus a higher deductible policy, the higher deductible was selected. The deductible per accident is now \$50,000. Some of the savings from the lower premium is then set aside in this fund as a reserve to pay any deductibles.

604 Wellness Program Fund

WELLNESS PROGRAM FUND

In FY 2012, an employee fitness center was established to increase the health and well-being of City of Statesboro employees. The fitness center is open 24 hours, seven days a week exclusively for employees of the City. The center has a variety of cardio, strength, and conditioning equipment. The center is located in the old Statesboro Police Department building.

Capital Improvement Program

CAPITAL IMPROVEMENTS PROGRAM

Other than the annual operating budget, the preparation and adoption of a Capital Improvements Program (CIP) is one of the most important financial decisions which the City Council makes each year. The purposes of a CIP are to ascertain the community's capital improvement needs over the next six years; project revenue sources and expenditures; and serve as a planning tool in deciding how best to meet those needs within the financial capability of the City. A capital improvement, for purposes of this program, has been defined as a fixed asset costing at least \$5,000, and having a useful life of at least two years. Therefore, this program will include numerous vehicles and equipment.

There are several major benefits resulting from a Capital Improvements Program:

- 1. It shows the public that objective analysis of existing and long-term needs has been applied.
- 2. It is increasingly demanded by federal and state agencies, and municipal bond rating agencies to prove that comprehensive planning and sound fiscal policies are in place.
- 3. It allows for the coordination in timing, location, and financing of interrelated, complex projects.
- 4. By projecting the financial commitment over a six-year period, it seeks to minimize the impact on local tax rates, fees, and charges, attempting to remove any spikes in these rates.
- 5. It provides realistic appraisals of future needs, and whether financial resources will be available to address them.
- 6. It provides a priority setting process including the public, Mayor and City Council, City management staff, and outside agencies receiving City funding.
- 7. It provides a plan of City improvements which might be linked with other public agencies' improvements (ie., the possibility of a community center on school grounds).
- 8. It provides sufficient lead time to develop detailed plans and specifications for projects, as well as applications for federal and state grants and other financing sources.
- 9. Finally, it forces the City to allocate its revenue sources adequately between both the Operating Budget and the Capital Budget. This requires a policy review to avoid deferring maintenance, equipment replacement, and needed capital projects.

The foremost consideration in any realistic long-range planning endeavor must be financial resources. Long-term improvements can be financed following either of two methods, or a combination thereof: "pay as you go" means you finance projects from existing operating funds, or Special Purpose Local Option Sales Taxes (SPLOST). This incurs no additional debt. "Pay as you use" means the City uses general obligation bonds, revenue bonds, capital outlay notes, GEFA loans, the GMA Equipment Lease Pool, or lease/purchase agreements to finance major improvements.

This section includes a summary sheet of all City capital projects and the funding sources. The project sheets include a department project number, a detailed description of the project with an explanation as to why this project is needed, the funding source(s), the year the project is proposed and the impact on the FY 2013 operating budget. Following the project sheets is a summary of projects by fiscal year for each fund.

Included in this CIP, are projects that are proposed to be funded with sources that need to be voted on by the citizens or voted on by Council. The first funding source is the proposed Transportation Special Purpose Local Option Sales Tax (T-SPLOST). The State of Georgia is divided into twelve regions. The citizens of each region will vote on a one-cent sales tax to invest in a specifically identified list of transportation improvements for their region. If passed, the T-SPLOST would generate revenues for transportation improvements for the next ten years. The second funding source is a proposed Stormwater Utility Fund. By creating this new utility through the implementation of stormwater utility fees, the City will be able to prepare for the forthcoming Environmental Protection Department regulations. These regulations include, but is not limited to, public education requirements, inventory of infrastructure and maintenance, illicit discharge detection, and strict erosion and sedimentation control.

The following abbreviations are used to distinguish the department:

Project CD-1

Luetta Moore Trail-Phase I

Description

Phase 1 of the Luetta Moore Trail is the first .24 mile phase of an urban recreational multi-use trail. The hard surfaced trail geared toward non-motorized users provides recreational opportunity within a low-income neighborhood while creating linkages between neighborhoods, subsidized housing, city parks, major employers, and city center. Following completion of all phases, the Luetta Moore Trail is anticipated to be 1 mile in length. Funding has been requested for a portion of the construction cost through the Georgia Recreational Trails grant program. The project is consistent with the Bulloch County Greenways System Master Plan (2003), and identified as a prioritized bicycle/pedestrian project in the Bulloch County/City of Statesboro 2035 LRTP (2009).

Impact on FY 2013 Operating Budget

Possible increase in maintenance costs.

Project ENG-2

Stormwater Phase II Regulation Compliance

Description

Development of new Stormwate Phase II Program to prepare for forthcoming EPD regulations for the calendar years 2013/2014. The new stormwater regulations require compliance in six (6) mandated areas according to EPA and EPD. The City of Statesboro is fortunate to have been excluded from the EPD's initial section of Georgia cities. However, the City Engineering Department has been informed by State officials and related professionals that we should anticipate compliance requirements by the year 2014. Prompt installation of some key components will be crucial to the succes of our Stormwater Program. For FY 2013 we would like to retain the services of a qualified consultant to assist the City with setting up its Stormwater Program. The consultant would be charged with helping the City establish timelines, identify storwater related needs, determine EPD requirements and program funding alternatives including the possible implementation of a stormwater utility fee. Initial funding will also update maps and billing.

Project ENG-12 GIS Data Acquisition & Management Establishment

Description

Acquire data used to build the City's GIS Database and install survey markers such as City Limit boundary monuments. As the City continues to grow its GIS database, it's necessary to obtain new information for the creation of layers. Further, the establishment of new City Limit boundary markers delineating recent annexations is imperative to avoid mistakes concerning zoning, issuing building permits, code enforcement, policing, etc., because the information distributed to the public and staff is inaccurate.

Project ENG-18 Engineering/Facility Maintenance

Description

Chiller engines have been upgraded to 100% status. The new SEMCO dehumidifier and chillers will need calibration and yearly maintenance will keep chillers and de-humidifier running smoothly. Every other year "historically" requires more cost due to parts and labor requirements.

Project ENG-24 Decorative Entrance Signs to City

Description

Construct brick sign near the City Limits along Highway 67 South. This sign will serve as "Entrance" sign to the City of Statesboro. The Chamber of Commerce, the City of Statesboro, and Bulloch County have all agreed that a standardized entrance sign design is needed for each municipality and county. This is designed to present a coordinated approach to the entrance signage.

Project ENG-28 Street Striping/Street Signage

Description

Improve Pavement & Street Markings and Signage throughout the City. This work is needed to bring existing pavement and street markings up to date or place new, necessary pavement markings and signage. A contract should be let each year funds are proposed to perform related work to ensure all streets are sufficiently marked. In addition, upcoming FHWA regulations are requiring that communities develop a formal sign replacement program to ensure that all signage within their jurisdiction meets or exceeds retro-reflectivity standards. This will require that we replace many signs within the City.

Project ENG-33

Intersection Improvement, US 301 S. at S.R. 67 / Fair Rd.

Description

Improvements to the intersection may include geometric modifications and a traffic signal installation. This intersection has been identified as one of the City's highest accident locations due to its current alignment, heavy volume of traffic and confluence with an active railroad track. Re-aligning this intersection and installing a traffic signal would improve its safety significantly. This general area is also the potential location for a East-West connector road.

Project ENG-34

Sidewalk Construction, Gentilly Road

Description

Construct 5' to 8' (depending on available space) wide sidewalk along the eastern side of Gentilly Road from Fair Road to Brannen Street. The costs below do not include "major" rights of way acquisition or easements should it be needed. An increase in pedestrian traffic through this section warrants a sidewalk for safety reasons. This will encourage safe conveyance of pedestrian traffic along this corridor which connects GSU to the vicinity of the Statesboro Mall. This sidewalk would also provide a safe pedestrian link from Fair Road to the Parks and Rec Dept's S&S Greenway.

Project ENG-37 Intersection Improvements, West Main at Johnson Street

Description

Reconfigure the intersection of W. Main St. and Johnson St. Phase I of this concept based on realigning Johnson St. only and not Proctor Street. This lessens impact to properties. Future phase could re-align Proctor St. and include a traffic signal. West Main Street intersects with Johnson Street at a skewed angle. This causes a sight distance problem on Johnson Street, due to the existing building west of Johnson Street. The proposed improvement will realign Johnson Street to intersect West Main.

| Project | ENG-40 | Street Resurfacing Program |
|---------|--------|----------------------------|
|---------|--------|----------------------------|

Description

Excluding the State and Federal highways within the City limits, all other streets are the sole responsibility of the City to maintain. It is especially important for the City to appropriate funding for resurfacing since GDOT has elimated the Local Assistance for Roads Program (LARP). Most GDOT funding is now rolled into one State Aid Program known as LMIG. There are approximately 140 miles of streets and highways within the City limits. Of those, approximately 20 are State or Federal highways, which the Georgia Department of Transportation is responsible for maintaining. The other approximately 120 miles are solely the responsibility of the City. This funding should be in the Capital Improvement Program annually in order to provide a consistent source (along with LMIG funds) to resurface local roads as needed. It would also be used to mill down some streets before resurfacing, where additional asphalt would raise the road too high for the existing curb and gutter. Performing resurfacing, when needed, extends the service life of our streets, and helps prevent the need for major repairs later which saves a significant amount of money in the long run.

Reduction in cost of asphalt supplies and labor hours to repair potholes.

Project ENG-41 East Main/Courtland St. Parking Lot Phase II & III (old Chevrolet Dealer Lot)

Description

Purchase vacant property (lot 103) between East Main Street and Courtland Street to create additional 40 space parking lot. Phase I completed parking lot @ E. Main/Oak St./Courtland St. Phase II will appraise and purchase old Chevrolet dealer (lot 103) and small building (lot 102). Former concerns for additional downtown parking indicate that these additional 40 spaces (approximately) are desired by citizens and are even more necessary with the opening of the GSU City Campus located directly across the street from this proposed parking lot. The addition of the event pavillion protects patrons from the elements during downtown events and will double as covered parking.

| Project | ENG-44 | Intersection Improvements @ W. Grady St. & S. College St. or |
|---------|--------|--|
| | | W. Main St. & College St. |

Description

Improve intersection and provide a proper through and turn lane width. Improve the turn radii on all corners, relocate utility poles and construct proper handicapped accessible ramps. Upgrade existing traffic signal including mast arm poles. (The costs allocations below do not include major R/W acquisitions should this be necessary). Presently, large vehicles and emergency vehicles have difficulty making the turn at these two (2) intersections because of the short turning radii and the close proximity of the utility poles. Some of the corners do not have handicap accessible ramps and those that have them do not meet standards. These intersections are very close to a Fire Station, an EMS station and the Police station, so adequate turn movements are critical. Upgrading the existing traffic signals will be required. Providing adequate lane width for all the thru and turn lanes at these intersections will also be required under this project.

Project ENG-64 Proposed Sidewalk Along South College Street

Description

Construct sidewalk along South College Street. First Phase between West Jones Street and Mikell Street. Request to construct the referenced sidewalk on the west side of South College Street between Mikell Street and West Jones Avenue came from a citizen who is the owner of four out of the five properties at the referenced side of the street. The sidewalk is warranted based on an existing path of foot traffic on the grass behind the back of the curb and observed amount of pedestrian traffic.

Project ENG-66 West Jones Avenue Curve

Description

Improve Geometry and Drainage of sharp curve on West Jones Avenue. The existing geometry of this curve creates a hazardous condition for motorist due to its tight radius. In addition, poor drainage creates an accumulation of standing water in the travel lane of the inside of the curve after a rainfall event which intensifies this hazardous condition.

Project ENG-68 Construct sidewalk along E. Main & Lester Rd. from Veterans Memorial Pkway area, along Hwy 24 to Lester Rd., and to Hwy. 80

Description

This project consists of the installation of an 8' sidewalk along the southside of E. Main from Veterans Memorial Pkway area to Lester Rd and a 5' sidewalk along Lester Rd. from Hwy. 24 (E. Main) to Hwy. 80. This project also includes some drainage improvements, and installation of landscaping items to improve aesthetics in these areas. Note: This project might be "phased" if one complete section can be installed easier than another. This extension will serve as a link between Statesboro High School and Mill Creek Park/Elementary Area. The new High School will likely increase pedestrian traffic between these locations. With an increased traffic volume, pedestrian safety would be compromised without the installation of these sidewalks. In addition to pedestrian safety, this project is designed to aesthetically enhance this area. The sidewalk would also benefit the residential areas along Lester Rd. and East Main. These features should, in turn, promote the use of pedestrian routes locally and encourage community health and wellness, while also providing a completed route from the High School to Mill Creek Park.

| Project | ENG-69 | Howard Lumber Ingress/Egress |
|---------|---------------|------------------------------|

Description

Project may include the installation of a traffic signal and/or other roadway improvements to more safely facilitate the ingress/egress of timber product trucks at Howard Lumber sawmill and/or commercial facility. The Howard Lumber Company is surrounded by mostly residential properties. The timber product trucks which go to and from the lumber yard must drive through residential and collector streets. The trucks sometimes make left turns at busy, uncontrolled intersection, causing safety concerns. Ingress/Egress improvements are needed in some form.

Project ENG-77 Savannah Avenue / Rehabilitation Resurfacing and Traffic Calming

Description

Rehabilitate Savannah Avenue Roadway from E. Main Street to Gentilly Road. Note: Costs below do not include any utility upgrade costs. City utility costs to be covered elsewhere. The condition of Savannah Avenue is continuously deteriorating dthe current primary east-west connector. The volume of vehicle traffic on Savannah Avenue is very high, so this fact in conjuction with the speed of some vehicles makes the incorpation of traffic calming measures an important element of the proposed roadway rehabilitation. This will greatly enhance the pedestrian and bicyclists safety in this vibrant neighborhood. Note: Significant utility improvements must be made at the same time the roadway is improved.

Project ENG-80 Anderson Street Paving and Drainage Improvements

Description

Anderson Street is approximately 400 LF of unpaved road with some residential properties. This work includes grading drainage, curb/gutter, base and paving, and miscellaneous. This is currently the last known dirt road in the City Limits. Design to be performed "in house". Anderson Street is the only access-way for at least two (2) residential units. The City installed sanitary sewer to these units in FY 2011.

Project ENG-84 Intersection Improvements at Hwy. 67 (Fair Rd.) at South Zetterower/Tillman Road

Description

Potential addition of two sets of dual left-run lanes as well as signal modifications, driveway access modifications, vehicle movement changes and incorporation of bike/pedestrian safety measures. Also studing entire corridor. The discontinuation of Herty Drive at Georgia Avenue and the closing of other GSU Campus Streets forces Georgia Southern related traffic to us Fair Road, Tillman Road and Hwy 301 South. This causes delays, congestion and a long queue for motorists turning left from Fair Road onto Tillman Road. In addition, Zetterower Ave. has been experiencing a long queue for motorists turning left onto Fair Road. Significant geometric and signal improvements are needed at this intersection to improve its efficiency and capacity. In addition, it has become very clear that this intersection is a serious impediment to the bicyclist and pedestrian traffic.

Project ENG-88 Brannen Street/Highway 80 Connector Road

Description

Provide alternate route from Brannen Street to Hwy 80 and Lowe's. Modify and extend existing driveway to Lowe's, from Hwy 80, to provide connection to Brannen Street. There is a significant amount of traffic using Bernard Lane, both north and southbound. This was confirmed by traffic counts done before the restricting northbound traffic from Brannen Street. Now that Bernard Lane is only an ingress for traffic off of Brannen St. the northbound traffic has to find other routes. Staff has proposed on alternate route that will use the existing driveway to Lowe's off of Hwy 80 and extend it to Brannen Street. This will give the northbound traffic a shorter route to Hwy 80 and other businesses to the Lowe's area.

Project ENG-89 Ea

Eastside Cemetery Fence

Description

Install new 6' decorative fence around Eastside Cemetery property in 3 phases. New fence will provide for increased security and improve aesthetics. A rash of recent incidents in the cemetery and concerns presented by the public have indicated to staff that providing the most basic of security measures for the cemetery is critical. The fencing will be broken into three (3) phases. They are as follows:

Phase I - Decorative fencing along Packinghouse Rd (black vinyl coated chain-link fence w/ brick columns.

Phase II - Decorative fencing along Turner Street and Hwy 80 (black vinyl coated chain-link fence w/brick columns)

Phase III - Security Fencing along non-frontage areas (blakc vinyl coated chain-link fence - no columns.)

| Project | ENG-92 | West Main Streetscape |
|---------|--------|-----------------------|
|---------|--------|-----------------------|

Description

Make roadway intersection and sidewalk improvements on West Main Street between Main & Main intersection and College Street. Aesthetic theme to match recent East Main Street Streetscape Project. The City Council determined several years ago to support and fund major infrastructure improvements to downtown Statesboro as a means of improving the safety and environment. This would in turn create an atmosphere which will encourage businesses to locate downtown. Phase I of the Streetscape Project involved upgrading East Main Street between Main Street & Main Street and Railroad Street. West Main Street Streetscape will be Phase II.

Project ENG-94 General Drainage Improvements

Description

Execute minor drainage improvements throughout town. Potential locations include: Rackley St. area, Turner St./Lafayette St./Thomas St. area. There are several areas in town that experience minor flooding and erosion due to runoff following heavy rain events. Some of these areas include Rackley Street and the neighborhood bounded by Turner Street, Layfayette Street, and Thomas Street. The installation curb & gutter, concrete swales, inlets, and piping should help alleviate the problems.

Project ENG-97 Traffic Signal Installation/Intersection Improvements Veterans Memorial Pkwy @ Brampton Ave/Stambuk Ln

Description

The GDOT signal permit has been approved. The signal is needed to improve safety and operations of the intersection. It is anticipated that \$150,000 will be spent in FY 2012 and \$175,000 will be spent in FY 2013. GDOT has provided the traffic signal equipment. Intstall new traffic signal at the intersection of Veterans Memorial Parkway and Brampton Ave./Stambuk Lane. The intersection warrants signilization and a GDOT signal permit has been approved. The intersection receives traffic on Brampton Avenue from the Market District, as well as East Georgia Regional Medical Center, University Pines Apartments and The Grove Apartments. From the southerly leg there are also two (2) large apartment complexes, the Garden District and the Exchange which produce a large number of vehicles which travel thru this intersection.

| Project | ENG-98 | Construct Roadway Improvements at New Schools or Similar |
|---------|---------------|--|
| | | Roadway Improvements |

Description

Where warranted by a traffic study, widen pavement to install left turn lanes and/or deceleration lanes and improve nearby turn radii near constructed school(s) or similar traffic generators. The Bulloch County Board of Education has recently constructed three (3) new elementary schools and significantly increased the size of Statesboro High School. It is anticipated that roadway improvements such as radii improvements and the construction of turn lanes and decel/accel lanes will continue to be required at some of these schools as they begin nearing their design capacities.

Project ENG-101 Installation of Traffic Calming Measures @ Various Locations

Description

Initially three (3) locations have been indentified as areas which can benefit significantly by installing traffic calming meaures. The three (3) locations are Savannah Ave., Lanier Dr., and US 301 South. Other locations may be added while traffic calming at existing locations may be combined with other improvement projects in their respective areas. Significant increases in pedestrian and vehicular traffic in several areas of the City have resulte in potentially dangerous conflicts between the two (2) modes of travel. Over the past several years we have primarily utilized signage and striping to regulate the speed of vehicles, however, in some cases, we are beginning to find that these measures alone have become ineffective. The results, have meant an increased danger to pedestrians. For this reason, we recommend the installation of more proactive, physical measures such as raise crossings, bulb-out islands, brighter striping, isles of refuge or similar.

| Project | ENG-102 | Cawana Rd. and Bypass Connector Rd. |
|---------|---------|-------------------------------------|
|---------|---------|-------------------------------------|

Description

Construct a connector road between Cawana Rd. and Veterans Memorial Pkwy near Bradford Place Subdivision. A new elementary school and the extension of water/sewer and gas mains along Cawana Rd. are expected to fuel significant growth along Cawana Road. Based on the anticipated volume of traffic, a connector road to the Bypass should bw considered. Since the Bypass is limited access road, the connector will be a right in/right out onto Bypass.

Project ENG-103 Traffic Signal Brannen Street at Wal-Mart Entrance

Description

The installation of a traffic signal to improve the ability to make a safe left turn onto Brannen Street from the Wal-Mart shopping center. The intersection meets MUTCD signal warrants. In addition to the planned installation of another signal on Branned Street, we are analyzing the corrdior to determine if modifications are needed on the timing of any of the other four (4) signals. Note: Expect to spend +\$25,000 in FY 2012 and \$100,000 in FY 2012. There are a high number of left turn accidents at the Wal-Mart exit. The intersection meets several MUTCD signal warrants. Also analyzing entire corridor to determine if any of the other four (4) traffic signals need their timing modified to maintain speed efficiency regarding traffic flow.

| Project | ENG-104 | Construct Sidewalk along S. Main St. from Rucker Ln. to Jones |
|---------|---------|---|
| | | Lane Park |

Description

Construct a 5' sidewalk along the westerly side of S. Main St. approximately 2800 LF and connect to existing sidewalk at Jones Lane Park. A significant increase of pedestrian traffic along this busy corridor (primarily college students walking to and from the GSU campus) has increased the chances of a conflict between a vehicle and a pedestrian. Sidewalks are needed to provide a safe route to the existing signalized traffic signals located at 301 South/Rucker Ln. and 301 South/Tillman Road.

Project ENG-105 Storm Water Drainage Improvements on N. College St. between Hwy 80 and W. Parrish

Description

Storm water drainage improvements on N. College St. between Hwy 80 to W. Parrish Street. The present system is outdated in its capacity to remove storm water from the street. As a result, runoff is flowing over the curb and eroding citizen's yards. Several additional storm drain boxes are needed along N. College St. as well as replacing/enlarging outfall pipe.

Project ENG-108 Rehabilitation of Mechanical Systems (City Hall & Arts Center)

Description

Replacement or upgrade the mechanical and electrical systems at City Hall and Averitt Arts Center. The Jaeckel Hotel was renovated and converted to Statesboro's City Hall in 1996. Although the mechanical systems have functioned very well over the years, their upkeep/maintenance is continuing to get more and move expensive. Based on the age of these systems (16+ years), it is time to rehabilitate the system in its entirety. The Averitt Arts Center opened in 2004. The mechanical system has incurred repair cost over the past few years. Based on its history of problems, future repair or replacement is inevitable.

Project ENG-FMD-21 Nitrogen Tire Fill Generation Unit

Description

Nitrogen generation unit separates nitrogen from air molecules to provide stable gas to inflate tires with rather than conventional air. With all new vehicles being equipped with tire pressure monitoring systems (TPMS) as standard equipment nitrogen is the optimun medium to use with these systems. Nitrogen has become the standard to use with public safety vehicles, particularly law enforcement vehicles becasus tire pressures result in improved fuel efficiency, extending tire life, and improved handling thus decreasing maintenance costs and improving safety for those vehicles.

| Project | ENG-PRK-18 | Tree/Shrub Maintenance |
|---------|------------|------------------------|
| | | |

Description

Replacing dead trees and shrubs and installing new trees and shrubs along McTell Trail. Continuation of landscape architect's plan will provide continued enhancement of the trail. Provide additional trees and shrubs as needed to maintain other city properties, replace dead or diseased trees, and maintain compliance with "Tree City USA" requirements.

Project ENG-PRK-19 Cemetery Improvements

Description

Install irrigation throughout cemetery to provide water to trees, shrubs, and grass. This will allow us to plant a better quality grass, such as centipede or bermuda, to reduce maintenance time and expenses and improve the aesthetics of the trees and shrubs in the cemetery. Citizen complaints regarding the lack of grass and quality of the trees and shrubs in the cemetery has prompted us to address this issue.

Project ENG-PRK-20 McTell Trail - Irrigation Repair

Description

The irrigation infrastructure in numerous areas along McTell Trail was not installed properly and/or have fallen into disrepair due to poor maintenance. Proper irrigation will ensure that all plants are adequately watered. Further, this work will be coordinated with forthcoming automated irrigation system installation by the Statesboro-Bulloch Parks & Recreation Dept. at Memorial Park to facilitate optimum water conservation.

Project ENG-PRK-22 Improvements to Edgewood Park

Description

Improvements at the Improvements at the Edgewood Park to include enhancements such as trees, shrubs, benches, tables etc. and renovations to the parking area. This park is used frequently by both nearby residents and the public at large. Complaints by residents in the area regarding damage to park grounds by reckless motorists have prompted staff to study ways to restrict vehicle traffic to open areas while improving the aesthetics.

Project ENG-PRK-23 McTell Trail Addition

Description

Acquire vacant lot adjacent to McTell Trail to protect trail, expand park area along trail, and provide parking area on trail for the public and special events. Acquisition of the vacant property helps protect the integrity of McTell Trail and will enhance the quality and use of the trail for the public. Staff will research grant opportunities if available.

Project ENG-SWC-1 Knuckleboom Loader Trucks

Description

Using the 7 year rotation replacement schedule with the proposed loader only replacement will enhance efficiency in a cost effective mannar by extending the life cycle of existing 2006 chassis. Prelimary analysis indicates that this will be beneficial to overall operations. The working crews toward one man crew per truck to improve efficiency and productivity with yard waste collection and to minimize the need for additional personnel.

Project ENG-SWD-11 Solid Waste Loader

Description

Loader for operations and transfer station. Loader replacement in FY 2013 is to replace the 1994 loader for inert landfill operations including yard waste, tires, metals, loading items for county recycling operation, etc. This loader will soon need substantial engine and transmission work. FY 2015 loader is to replace the 938H loader for transfer station operations. Due to the continuous workload of this equipment a 4 year rotation period is necessary to minimize downtime and maintain operational efficiency.

Project ENG-SWD-17 Inert Landfill Expansion

Description

Engineering, materials, and construction to expand existing inert landfill within city/county property. Current inert landfill site has approximatel 2-4 years left. This expansion is already in progress and is critical to maintain inert disposal operations within required buffers. This expansion will provide us with an estimated 15 year of operation (with proper compaction equipment). Currently, we have already begun expansion efforts in FY 2012.

| Project | ENG-SWD-29 | Wash Rack |
|---------|------------|-----------|
|---------|------------|-----------|

Description

50 x 75 slab with containment walls, collection system, and metal roof. EPD regulations requires the city to clean equipment and trucks that work in waste and to contain this run off for treatment and disposal. To maintain compliance with said regulations we must construct a covered wash rack with containment walls and runoff collection system. Trailers are required to be washed with an approved acid wash, which can not run onto soil which could contaminate ground water.

| prioject rD-/ rne station | Project | FD-7 | Fire Stations |
|---------------------------|---------|------|---------------|
|---------------------------|---------|------|---------------|

Description

A fire station to protect the east side of Statesboro Fire District FY 2013.

A fire station to protect the west side of Statesboro Fire District FY 2015.

Over the last 10 years Statesboro has experienced rapid growth of both housing and businesses. In order to provide quality fire protection, consideration should be given to constructing fire stations in areas that will better disperse fire services through-out the areas of the City and Five mile district.

Project FD-29 1980 Aerial Fire Truck Replacement (75')

Description

The life expectancy of an aeriel ladder truck is between 15 and 20 years. The current aerial truck is a 29 year old vehicle which requires extensive repairs which necessitates the parts be fabricated due to the manufacturing company is no longer in business. The capability of this truck maintains the City's ISO rating and should be retained in the new truck. The proposed truck provides additional space for equipment and passengers, and provides many performance and safety features not found on the current aerial truck.

Project FD-30 Quick Attack Fire Truck

Description

Georgia's Forestry Commission has the primary responsibility for wildland fire suppression, however, due to their limited resources and extended response times, it is advantageous to maintain a limited capability for suppressing wildland fires. Currently, fire trucks that are not designed for off road use are being taken off road and used to suppress these fires, resulting in greater maintenance and repair cost. The proposed replacement would also provide additional capability for towing the fire department's various emergency response trailers.

Project FD-31 1993 Tactical Support Truck Replacement

Description

The new Tactical Support Unit will support on scene operations by providing scene lighting, mobile air supply, and carrying heavy duty extrication equipment. The lighting capability would also provide support to the police department and other law enforcement agencies during crime scene and vehicle crash reconstruction incidents. This unit will also provide for Mobile Command for all Public safety during extended or complex incidents.

Project FD-46 2000 Fire Engine Replacement

Description

This engine will replace a 2000 engine which is still in service. The life expectancy of a fire engine is between 10 and 15 years. The risk of mechanical failure during emergency operations increases with the age of the equipment age. Replacement of this engine is recommended to ensure our ISO rating is maintained.

| Project | FD-49 | Inspector Pickup Truck |
|---------|-------|------------------------|
|---------|-------|------------------------|

Description

The current pick-up truck is utilized primarily as a staff vehicle for the Prevention Officer. This vehicle was initially Purchased with the intent of pulling and transporting trailers in which the fire department utilizes. Since the reorganization of Public Safety that need is being met in other ways. It is inefficient to utilize this large of a vehicle as simply a staff vehicle due to its diesel engine. Proposed plan is to surplus the vehicle and use funds towards the purchase of a more economical means of transportation for staff.

Project FD-68 Radios/Chargers

Reduction of maintenance cost due to exposure to the sun and inclement weather.

Description

With the addition of the volunteers and part time firefighters it is not cost effective to provide all with a personal radio, it is more cost effective to provide radios mounted in apparatus and Battalion for use at emergency incidents. For safety of the firefighters it is imperative that all persons actively engaged in fireground operations be equipped with a means of communications. By providing this in the apparatus achieves the required safety at a cost savings of approximately \$90,000.00.

Project NGD-2 HWY 301 North River Crossing

Description

This project replaces 4500' of 6" steel pipe with 4500' of 8" steel pipe at Ogeechee River crossing on Hwy 301 North due to corrosion on the existing pipe. This pipe is the sole source of supply for the City, and if it were to fail at this location, it would be extremely difficult to repair. It is recommended that we replace this section with a new main which would be directionally bore far below the river bottom to prevent exposure in the river channel and blocking boat traffic.

Project NGD-42 Storage Shed at Hill Street

Description

This project will provide a 400' X 30' equipment shelter to replace the damaged existing structure. The issues with the existing are leaking roof, which was damaged by fire and original design did not include equipment storage. The structure is over 50 years old and has become a safety hazard.

Project PD-1 Police Vehicles and Conversions

Description

Purchase in FY 2013 - Eight (7) Police Vehicles (3 for Patrol; 3 for CID; 1 for K-9)

in FY 2014 - Six (6) Police Vehicles (4 for Patrol; 1 for Admin; 1 for K-9)

in FY 2015 - Six (6) Police Vehicles (5 for Patrol; 1 for Admin) in FY 2016 - Six (6) Police Vehicles (4 for Patrol; 2 for Admin) in FY 2017 - Six (6) Police Vehicles (5 for Patrol; 1Admin)

in FY 2018 - Six (6) Police Vehicle (6 for Patrol)

The police department has attempted to rotate a third of the patrol vehicles out of the fleet due to excessive mileage and high maintenance cost. Staff vehicles are rotated approximately every sixth year, (staff vehicles are for personnel assigned in administration, detectives and training. Pricing based on a 5% increase per vehicle each year/conversion and equipment pricing based on 3% inflation rate.

Project PD-15 Bullet Proof Vests (tactical, front entry)

Description

Tactical body armor expires every 5 years with current inventory due to expire in the year 2017. Replacement of these vests with a comparable model is essential in maintaining officer safety and providing the officer with life-saving equipment required to conduct high-risk tactical operations in completion of the Department's mission and goals. The design of the front entry vest will promote easy donning and removal by the individual officer without the current need of assistance of a fellow officer. This procedure causes unnecessary delays in the officers' preparation to respond to a critical incident. The front entry design will also allow the officer to receive easy emergency access by the Team Medic.

Project PD-17 Live Fire Training Complex

Description

In an effort to continue to provide quality, realistic training and to increase training capabilities and resources for Statesboro Police Department and it's officers, the construction of a live fire training complex would be a tremendous asset. The complex will allow training sce3narios to be as close to reality as you could possibly get by the shooting of live ammunition. The walls are constructed of rail-road cross-ties with a barrier between to allow thelive rounds to trap inside the walls without exiting. A mechanical and architectural drawing was received from the Charlotte-Mecklynburg Police Department and we have collaborated with them about this project. They have this same complex at their training facility and have had great success with it. The use of such a facility would upgrade our training complex to that of one which could handle any type of firearms and entry training of our officers. We also would qualify to host many of the major training programs offered by private industry and as a result would obtain several free training slots in the classes. This complex will provide the latest in modern Police training and will allow us to better train all our officers from the Patrolman to the ERT Entry Officer, from the Deputy to the SRT Entry Deputy and all other State and Federal Agents.

Project SMC-1 Municipal Court Building

Description

The police department and the municipal courtroom are currently housed under the same roof. Constructed in 1975, the courtroom is a single room with ten pews and a judge's bench. This room has a seating capacity of approximately eightly people. An increase in the City's population has resulted in more violations of the laws, generating more traffic citations and other related cases. Currently during regular court day, the courtroom will have between 100 to 200 people present. In an attempt to lessen the crowd, the municipal court personnel have scheduled additional dates and times to hear pleas, and to conduct hearings.

Project WWD-16 301 North Water Tank

Description

Construct 500,000 gallon elevated water storage tank on Hwy 301 North, adjacent to the Statesboro airport and Holland Industrial Park. Also, extend a 12" water main from the airport to Hwy 301 North. The existing system is a "dead-end" main on the water distribution system. This new water tank will provide a reserve capacity for for the area, improved fire flow, and a more uniform pressure.

Project WWD-37 Generators for Sewage Pump Stations

Description

Program to retro-fit all sewage pump stations with emergency power generators in compliance to EPD regualtions. This would limit the potential of overflows due to power outage. Currently we have twenty-one sewage pump stations in the collection system, of these only three have emergency power capability. Proposed amount should retro-fit one station per year with a generator.

Project WWD-112 Upgrade Meters to Flex Net

Description

Upgrade approximately 13,000 water meters to Flex Net Read system. Some of the City's water meters are in excess of the 20-year life cycle placed on them. With meter age, the accuracy rate is significantly decreased, which reduces revenue for the department. By upgrading all meters to Flex Net Read, we will gain the accuracy of the meters from a central location. Also, we will be able to reallocate at least two of the Meter Reader positions to Water/Sewer Operator positions. Two of the existing Meter Reader titles may be changed to Meter Technicians positions, which will trouble shoot problems and perform maintenance on the meters related to the Flex Net System.

| Project WWD-113 | Extensions of Reclaimed Water System |
|-----------------|---|
|-----------------|---|

Description

Extend the Reclaimed Water System to developments located on Hwy 301 South and Hwy 67 for irrigation purposes. With this extension, we will gain additional capacity for the potable water system and also create additional revenue.

Project WWD-117 Sludge Drying Equipment and Building

Description

Purchase and install sludge drying equipment to process sludge to make compost. Also includes construction of a new building to house this equipment.

| Funding | | | | | | | | Total |

No impact on FY 2013 Operating Budget.

Project WWD-118 Automatic Dissolved Oxygen Probes

Description

Purchase and install 6 automatic disolved oxygen probes in the aeration basins. Units will allow better efficiency and control of the aeration system. Could reduce electricity usage.

TAB 28

Debt Service Schedules

DEBT SERVICE SCHEDULES

The City of Statesboro continues to be proactive in its fiscal management practices. This section summarizes the debt service obligations of the City at the beginning of FY 2013. These obligations represent the City's annual installment payments of principal and interest for previous capital improvement projects or acquisitions funded through debt financing.

According to the Georgia Constitution, a city's legal debt margin for general obligation debt is ten percent (10%) of the total assessed property values within the city limits. Currently, the City has no outstanding general obligation debt. In general long-term debt, the City has a lease agreement with the Downtown Statesboro Development Authority dated October 3, 1995, for 25 years. This debt financed the purchase and renovation of City Hall.

In the Natural Gas Fund, the City has a One Georgia Authority loan that financed the extension of gas lines to the City of Metter, Georgia. This obligation will be satisfied in April, 2022.

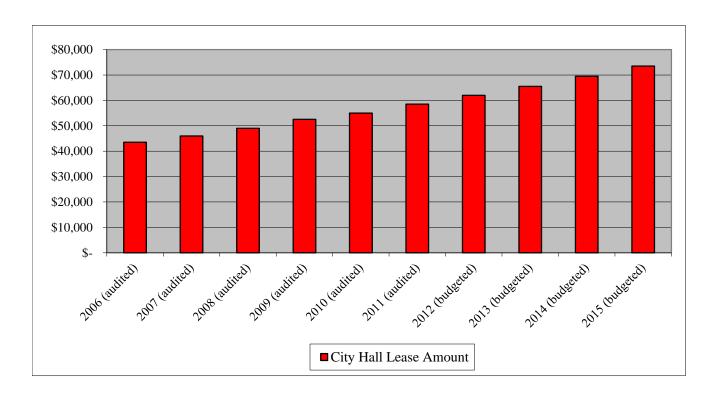

In the Water and Sewer Fund, the City recently issued \$15,040,000 in Water and Sewer Revenue Bonds. This debt was issued to refund and redeem all of the outstanding Water and Sewer Refunding Revenue Bonds, Series 1995, to prepay ten loans with the Georgia Environmental Facilities Authority, to provide funds sufficient to satisfy the Debt Service Reserve Requirement on the Bonds, to acquire, construct and equip extensions, additions and improvements to the System and to pay the fees and expenses incurred in connection with the issuance of the Bonds. The City will realize a savings of approximately \$382,859 in net present value over the next twenty three years. In addition, the City has three outstanding loans with the Georgia Environmental Facilities Authority.

Computation of Legal Debt Margin:

| Gross Assessed Valuation (2011-2012) | \$586,131,576. |
|---|----------------|
| Legal Debt Limit – 10.00% of Grossed Assessed Value | 58,613,158. |
| General Obligation Bonded Debt | 0. |
| Legal Debt Margin as of June 30, 2012 | \$527,518,418. |

TAB 29

Glossary of Terms

Glossary of Terms

Accrual Basis - A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

Activity - Departmental efforts which contribute to the achievement of a specific set of program objectives; the smallest unit of the program budget.

Ad Valorem Taxes - Commonly referred to as property taxes, are levied on both real and personal property according to the property's valuation and the tax rate.

Allot - To divide an appropriation into amounts, this may be encumbered or expended during an allotment period.

Amortization - A tax deduction for the gradual consumption of the value of an asset.

Annualize - Taking changes that occurred mid-year and calculating their cost for a full year, for the purpose of preparing an annual budget.

Appropriation - A legal authorization to incur obligations and to make expenditures for specific purposes.

Assessed Valuation - The valuation set upon real estate and certain personal property by the Assessor as a basis for levying property taxes.

Assessment Ratio - The ratio at which the tax rate is applied to the tax base.

Asset - Resources owned or held by a government which has monetary value.

Attrition - A method of achieving reduction in personnel by not refilling the positions vacated through resignation, reassignment, transfer, retirement, or means other than layoffs.

Authorized Positions - Employee positions, which are authorized in the adopted budget, to be filled during the year.

Available (Undesignated) Fund Balance - This refers to the funds remaining from the prior year which are available for appropriation and expenditure in the current year.

Balanced Budget – A budget in which planned revenues available equal planned expenditures.

Base Budget - Cost if continuing the existing levels of service in the current budget year.

Bond - A long-term I.O.U. or promise to pay. It is a promise to repay a specified amount of money (the face amount of the bond) on a particular date (the maturity date). Bonds are primarily used to finance capital projects.

General Obligation (G.O.) Bond - This type of bond is backed by the full faith, credit and taxing power of the government.

Revenue Bond - This type of bond is backed only by the revenues from a specific enterprise or project, such as a hospital or toll road.

Bond Refinancing - The payoff and re-issuance of bonds, to obtain better interest rates and/or bond conditions.

Budget - A plan of financial activity for a specified period of time (fiscal year or biennium) indicating all planned revenues and expenses for the budget period.

Budgetary Basis - This refers to the basis of accounting used to estimate financing sources and uses in the budget. This generally takes one of three forms: GAAP, cash, or modified accrual.

Budget Calendar - The schedule of key dates that a government follows in preparation and adoption of the budget.

Budgetary Control- The control or management of a government in accordance with the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and resources.

Capital Assets - Assets of significant value and having a useful life of several years. Capital assets are also called fixed assets. The City of Statesboro defines them as assets costing at least \$5,000 and a useful life of two or more years.

Capital Budget - The appropriation of bonds or operating revenue for improvements to facilities, and other infrastructure.

Capital Improvements - Expenditures related to the acquisition, expansion or rehabilitation of an element of the government's physical plant; sometimes referred to as infrastructure. It also includes vehicle and equipment replacement.

Capital Improvements Program (CIP) - A plan for capital outlay to be incurred each year over a fixed number of years to meet capital needs arising from the government's long-term needs.

Capital Outlay - Assets which have a value of \$500 or more and have a useful economic lifetime of more than one year; or, assets of any value if the nature of the item is such that it must be controlled for custody purposes as fixed asset.

Capital Project - Major construction, acquisition, or renovation activities which add value to a government's physical assets or significantly increase their useful life. Also called capital improvements.

Capital Reserve - An account used to segregate a portion of the government's equity to be used for future capital program expenditures. The amount of capital reserve is roughly equal to the government's annual equipment depreciation and an amount identified as being needed for future capital acquisition.

Commodities - Expendable items that are consumable or have a short life span. Examples include office supplies, gasoline, minor equipment, and asphalt.

Constant or Real Dollars - The presentation of dollar amounts adjusted for inflation to reflect the teal purchasing power of money as compared to a certain point in time in the past.

Consumer Price Index (CPI) - A statistical description of price levels provided by the U.S. Department of Labor. The index issued as a measure of the increase in the cost of living (i.e., economic inflation).

Contingency - A budgetary reserve set-aside for emergencies or unforeseen expenditures not otherwise budgeted.

Contractual Services - Services rendered to a government by private firms, individuals, or other governmental agencies. Examples include utilities, rent, maintenance agreements, and professional consulting services.

Cost-of-living Adjustment (COLA) - An increase in salaries to offset the adverse effect of inflation on compensation.

Debt Service - The cost of paying principal and interest on borrowed money according to a predetermined payment schedule.

Dedicated Tax - A tax levied to support a specific government program or purpose. .

Deficit - The excess of an entity's liabilities over its assets or the excess of expenditures or expenses over revenues during a single accounting period.

Department - The basic organizational unit of government which is functionally unique in its delivery of services.

Depreciation - Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

Development-related Fees - Those fees and charges generated by building, development and growth in a community. Included are building and street permits, development review fees and zoning, platting and subdivision fees.

Disbursement - The expenditure of monies from an account.

Distinguished Budget Presentation Awards Program - A voluntary awards program administered by the Government Finance Officers Association to encourage governments to prepare effective budget documents.

Employee (or Fringe) Benefits - Contribution made by a government to meet commitments or obligations for employee fringe benefits. Included are the government's share of costs for Social Security and the various pensions, medical and life insurance plans.

Encumbrance - The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a specified future expenditure.

Entitlements - Payments to which local governmental units are entitled, pursuant to and allocation formula determined by the agency providing the monies, usually the state or the federal government.

Expenditure - The payment of Cash on the transfer of property or services for the purpose of acquiring an asset, service or settling a loss.

Expense - Charges incurred (whether paid immediately or unpaid) for operations, maintenance, interest or other charges.

Fiscal Policy - A government's policies with respect to revenues, spending, and debt management as these relate to government services, programs and capital investment. Fiscal policy provides an agreed-upon set of principles for the planning and programming of government budgets and their funding.

Fiscal Year - A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization. The City's fiscal year is July 1st through June 30th.

Fixed Assets - Assets of long-term character that are intended to continue to be held or used, such as land, buildings, machinery, furniture, and other equipment.

Full Faith and Credit - A pledge of a government's taxing power to repay debt obligations.

Full-time Equivalent Position (FTE) - A part-time position converted to the decimal equivalent of a full-time position based on 2080 hours per year. For example, a part-time typist working for 20 hours per week would be the equivalent to .5 of a full-time position.

Function - A group of related activities aimed at accomplishing a major service of regulatory program for which a government is responsible (e.g., public safety).

Fund - A fiscal entity with revenues and expenses which are segregated for the purpose of carrying out a specific purpose or activity.

Governmental Fund – Funds generally used to account for tax-supported activities. There are five different types of governmental funds.

Capital Project Fund: Type of fund used to account for financial resources to be used for the acquisition or construction of major capital facilities.

Debt Service Fund: Type of fund used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

General Fund: Type of fund typically serves as the chief operating fund of a government. This fund is used to account for all financial resources except those required to be accounted for in another fund.

Permanent Fund: Type of fund used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposed that support the reporting government's programs.

Special Revenue Fund: Type used to account for the proceeds of specific revenue sources (other than for major capital projects) that are legally restricted to expenditure for specified purposes.

Proprietary Funds – Funds that focus on the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. There are two different types of proprietary funds.

Enterprise Fund: Type of fund used to report an activity for which a fee is charged to external users for goods or services.

Internal Service Fund: Type of fund that may be used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to other governments, on a cost-reimbursement basis

Fiduciary Fund – Funds used to report assets held in a trustee or agency capacity for others and which therefore cannot be used to support the government's own programs. There are four different types of fiduciary funds.

Agency Funds: Type used to report resources held by the reporting government in a purely custodial capacity (assets equal liabilities). Agency funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

Investment Trust Funds: Type used to report governmental external investment pools in separately issued reports and the external portion of these same pools when reported by the sponsoring government.

Pension Trust Funds: Type used to report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contribution plans, other postemployment benefit plans, or other employee benefit plans.

Private-Purpose Trust Funds: Type used to report all trust arrangements, other than those properly reported in pension trust funds or investment trust funds, under which principal and income benefit individuals, private organizations, or other governments.

Fund Balance - The excess of the assets of a fund over its liabilities, reserves, and carryover.

GAAP - Generally Accepted Accounting Principles. Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

Goal - A statement of broad direction, purpose or intent based on the needs of the community. A goal is general and timeless.

Grants - A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending upon the grantee.

Indirect Cost - A cost necessary for the functioning of the organization as a whole, but which cannot be directly assigned to one service.

Infrastructure - The physical assets of a government (e.g., streets, water, sewer, public buildings and parks).

Interfund Transfers - The movement of monies between funds of the same governmental entity.

Intergovernmental Revenue - Funds received from federal, state and other local government sources in the form of grants, shared revenues, and payments in lieu of taxes.

Internal Service Charges - The charges to user departments for internal services provided by another government agency, such as data processing, or insurance funded from a central pool.

Lapsing Appropriation - An appropriation made for a certain period of time, generally for the budget year. At the end of the specified period, any unexpected or unencumbered balance lapses or ends, unless otherwise provided by law.

Levy - To impose taxes for the support of government activities.

Line-item Budget - A budget prepared along departmental lines that focuses on what is to be bought.

Long-term Debt - Debt with at maturity of more than one year after the date of issuance.

Materials and Supplies - Expendable materials and operating supplies necessary to conduct departmental operations.

Mill - The property tax rate which is based on the valuation of property. A tax rate of one mill produces one dollar of taxes on each \$1,000 of assessed property valuation.

Modified Accrual – Basis of accounting according to which (a) revenues are recognized in the accounting period in which they become available and measurable and (b) expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable except for unmatured interest on general long-term debt and certain similar accrued obligations, which should be recognized when due.

Net Budget - The legally adopted budget less all interfund transfers and interdepartmental charges.

Nominal Dollars - The presentation of dollar amounts not adjusted for inflation. Adjusting for inflation would be done to reflect the real purchasing power of money today.

Object of Expenditure - An expenditure classification, referring to the lowest and most detailed level of classification, such as electricity, office supplies, asphalt, and furniture.

Objective - Something to be accomplished in specific well-defined and measurable terms and that is achievable within a specific time frame.

Obligations - Amounts which a government may be legally required to meet out of its resources. They include not only actual liabilities, but also encumbrances not yet paid.

Operating Revenue - Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings, and grant revenues. Operating revenues are used to pay for day-to-day services.

Operating Expenses - The cost of personnel, materials and equipment required for a department to function.

Output Indicator - A unit of work accomplished, without reference to the resources required to do the work (e.g., number of permits issued, number of refuse collections made, or number of burglary arrests made). Output indicators do not reflect the effectiveness or efficiency of the work performed.

Pay-as-you-go-Basis - A term used to describe a financial policy by which capital outlays are financed from current revenues rather than through borrowing.

Performance Budget - A budget wherein expenditures are based primarily upon measurable performance of activities and work programs.

Performance Indicators - Specific quantitative and qualitative measures of work performed as an objective of specific departments or programs.

Performance Measure - Data collected to determine how effective or efficient a program is in achieving objectives.

Personal Services - Expenditures for salaries, wages, and fringe benefits of a government's employees.

Prior-Year Encumbrances - Obligations from previous fiscal years in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation, and for which a part of the appropriation is reserved. The cease to be encumbrances when the obligations are paid or otherwise terminated.

Program - A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the government is responsible.

Program Budget - A budget which allocates money to the functions or activities of a government rather than to specific items of cost or to specific departments.

Program Performance Budget - A method of budgeting whereby the services provided to the residents are broken down in identifiable service programs or performance units. A unit can be a department, a division, or a workgroup. Each program has an identifiable service or output and

objectives to effectively provide the service. The effectiveness and efficiency of providing the service by the program is measured by performance indicators.

Program Revenue (Income) - Revenues earned by a program, including fees for services, license and permit fees, and fines.

Purpose - A broad statement of the goals, in terms of meeting public service needs that a department is organized to meet.

Reserve - An account used either to set aside budgeted revenues that are not required for expenditure in the current budget year or to earmark revenues for a specific future purpose.

Resolution - A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

Resources - Total amounts available for appropriation including estimated revenues, fund transfers, and beginning balances.

Retained Earnings - The accumulated earnings of an Enterprise or Internal Service Fund which have been retained or held in the fund and which are not reserved for any specific purpose.

Revenue - Sources of income financing the operations of government.

Service Level - Services or products which comprise actual or expected out-put of a given program. Focus is on results, not measures of workload.

Source of Revenue - Revenues are classified according to their source or point of origin.

Supplemental Appropriation - An additional appropriation made by the governing body after the budget year or biennium has started.

Supplemental Requests - Programs and services, which departments would like to have added (in priority order) over their target budget, or if revenue received is greater than anticipated. .

Target Budget - Desirable expenditure levels provided to departments in developing the coming year's recommended budget. Based on the prior year's adopted budget, excluding one-time expenditures, projected revenues and reserve requirements.

Tax Levy - The resultant product when the tax rate per one hundred dollars is multiplied by the tax base.

CITY OF STATESBORO

Taxes - Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the people. This term does not include specific charges made against particular persons or property for current or permanent benefit, such as special

assessments.

Transfers In/Out - Amounts transferred from one fund to another to assist in financing the

services for the recipient fund.

Unencumbered Balance - The amount of an appropriation that is neither expended nor

encumbered. It is essentially the amount of money still available for future purposes.

Unreserved Fund Balance - The portion of a fund's balance that is not restricted for a specific

purpose and is available for general appropriation.

User Charges - The payment of a fee for direct receipt of a public service by the party who

benefits from the service.

Variable Cost - A cost that increases/decreases with increases/decreases in the amount of service

provided such as the payment of wages.

Working Capital- Excess of current assets over current liabilities.

Workload Indicator - A unit of work to be done (e.g., number of permit applications received, the

number of households receiving refuse collection service, or the number of burglaries to be

investigated).

Work Years - The amount of personnel resources required for a program expressed in terms of

the "full-time equivalent" number of employees. One "work year" is equal to one full-time, year

round employee. For most categories, this equals 2080 hours per year (40 hours per week times

52 weeks). The number of hours a part-time employee is budgeted to work during the year is

divided by 2080 to arrive at the equivalent number of "work years" for the position.
