Introduction

The City of Statesboro is a progressive community that provides an exceptional quality of life to its residents and offers southern charm and hospitality to its visitors. The City offers a high standard of living with a commitment to ensure the most responsive and progressive public services to residents, businesses, and visitors. Statesboro is where the living remains softly southern and folks call out to one another by first name.

Created by an act of the Georgia legislature in 1803, Statesboro is a Georgia Municipal Association City of Excellence and Certified City of Ethics. Statesboro has an economy comprised of an industrial base, a growing university, expanding retail activity, and a regional medical center. This regional economic hub is located 15 miles off Interstate 16 and offers many educational and vocational opportunities that provide a competitive advantage for a strong workforce.

The City operates under the Council-Manager form of government, established by a 1999 Charter amendment. The Mayor is elected at large while the five council members are elected by district. All elections are non-partisan, and the terms are for four years, with half of the members elected every two years. The City Council appoints the City Manager to head the administrative functions of city government. As authorized by its Charter and Code, the services provided by the City are General Government (Administration, Human Resources, Finance, Community Development and Engineering), Judicial (Municipal Court), Public Safety (Police and Fire), and Public Works (Streets, Sanitation, Water and Sewer and Gas).

The City of Statesboro was incorporated on December 19, 1803, with a population of less than 25 people. The County seat of Bulloch County, Statesboro's population for 2000 was 22,698 and is estimated to be 27,158 for 2008. According to the U.S. Census Bureau, the 2009 estimated population for Bulloch County was 69,213, which is higher than the projection for 2015 of 68,235. This is a 23.6% change from the 2000 census population of 55,983. The Bulloch County area estimated population for 2009 was 224,267 and is projected to increase to 246,194 by 2015. This is a 34.7% change from the 2000 census. The 2009 median income per household in Statesboro was \$23,413 and the per capita income was \$13,017.

unemployment rate, which has remained very low for the last several years, has now increased somewhat with the March 2010 unemployment rate for Statesboro at 11.3%, which is higher than the rate for the State of Georgia. The rate for this same period last year was 9.2%. The March 2010 unemployment rate for Bulloch County was 9.5%.

Situated in the southeastern corner of the state, Statesboro is located 194 miles east of Atlanta, 76 miles from Augusta, 55 miles west of Savannah, 144 miles from Charleston, SC. and 168 miles from Jacksonville, Fla. It is located 15 miles from Interstate 16, and is on US Highways 301, 80, and 25, and State Routes 73, 46, 67, and 24. Statesboro is included on the southern leg of the Savannah River Parkway, which is a four-lane connector between Savannah and Augusta

The City of Statesboro is approximately 13 square miles in area with an average elevation of 240 feet above sea level, the terrain being mostly flat. The climate is seasonal, but moderate, with mild winters and warm, humid summers. The average high temperature in January is 58 degrees and 91 degrees in July. The average annual rainfall is 47.0" and the relative humidity is 53% in January and 57% in July.

Statesboro is a regional trade center for commerce, education and health care. The City has a highly diversified economy with several major industries located in the area and is a regional shopping center and health care provider for 8 surrounding Georgia counties (Effingham, Screven, Jenkins, Emanuel, Candler, Evans, Tattnall, and Toombs). Approximately 27% of the Bulloch County labor force is employed by the government sector including the City's largest employer, Georgia Southern University. Major private sector employers in the City include East Georgia Regional Medical Center, Wal-Mart SuperCenter, and Lowe's Home Center.

There are two institutions of higher learning in the greater Statesboro area: Georgia Southern University located within the city limits of the City of Statesboro and Ogeechee Technical College located just outside the City on Highway 301 South. Accredited by the

Southern Association of Colleges and Schools and Georgia's largest and most comprehensive center of higher education south of Atlanta, Georgia Southern offers undergraduate and graduate degree programs through the doctoral level in more than 120 majors in its eight Colleges. The University's 19,086 students come from all 50 states and 90 countries.

Ogeechee Technical College offers 125 programs of study including 37 diploma programs and 68 certificate programs as well as 20 Associate degrees in conjunction with Georgia Southern University and East Georgia College. There are 15 public schools, 3 private and parochial schools and one charter school in Bulloch County that educate the area's 9,476 students. A total of 614 seniors graduated from these schools in 2009.

Statesboro is a leader in health care in southeast Georgia with East Georgia Regional Medical Center located within the city limits employing more than 730 employees and 81 physicians representing a wide range of specialties. East Georgia is a 150-bed, \$60 million hospital featuring a Women's Pavilion and an adjacent professional office building. The hospital is accredited by the Joint Commission on Accreditation of Healthcare Organizations, a distinction that is awarded only to those healthcare facilities that maintain the highest standards of quality. East Georgia Regional Medical Center offers a 24-hour physician-staffed emergency department, a Level II neonatal center, outpatient services including same day surgery and ambulatory care, a pain center, a cardiac catheterization lab, and state-of-the-art diagnostic procedures including MRI and CT.

Recreational opportunities that enhance the quality of life for our citizens are plentiful in Statesboro. The Willie McTell Trail is a linear park that provides a pedestrian walk and bicycle path for local cycle enthusiasts from the Georgia Southern University campus to downtown Statesboro. Bulloch County has received grant funding to provide a greenway trail and bike path from the City of Statesboro to nearby Brooklet, Georgia. Also located in Statesboro is Bulloch County's family water park and aquatics center, "Splash in the Boro." With the completion of two new hotels in 2008, twenty one hotels, motels and Bed & Breakfast Inns with 1089 rooms are located in the greater Statesboro area.

Statesboro's residents and visitors alike enjoy cultural and performing arts in the David H. Averitt Center for the Arts located on East Main Street. Restoration of the Old Bank of

Statesboro, originally built in 1911, as a venue for community arts, activities and performances was funded primarily by SPLOST in the amount of \$4.3 million and has played a key role in the revitalization of downtown. The Averitt Center, home of the Emma Kelly Theater, is operated by the Statesboro Arts Council and is a vibrant centerpiece in the City's historic downtown.

A \$530,000 Transportation Enhancement Grant (TE-21) was awarded to the City in 2005 by the Georgia Department of Transportation to improve sidewalks and curb and gutter, and to provide for landscaping and the installation of decorative benches and lighting in the downtown area on East Main Street. An additional \$300,000 has been approved to fund the West Main phase of the project. The East Main Street phase of the project should be completed midsummer of 2010. The 2006 completion of a new parking lot on West Main Street near the Post Office has spurred renovation of old facilities and is playing a major role in revitalization of the west end of downtown.

Statesboro is served by Ogeechee Railway Company and numerous common freight carriers. The City and Bulloch County jointly own the Statesboro Municipal Airport which is located approximately 30 minutes from Interstate 16, and 45 minutes from the Savannah International Airport, which is serviced by 7 major airlines. Statesboro is located approximately fifty miles from the Savannah ports while Bulloch County is equal distance between the ports of Charleston, Beaufort, Brunswick, and Jacksonville, giving several options on ports and sailing frequency.

In Statesboro there are 6 local radio stations, WHKN, WMCD, WPMX, WPTB, WWNS, and WVGS, and one daily newspaper, the *Statesboro Herald*. In addition, the *Savannah Morning News* reports on the news in Statesboro. Statesboro is covered locally by Northland Cable TV located within the city limits. The City of Statesboro, Georgia, Georgia Southern University, and Northland Cable have partnered to provide the community with a local government access channel, channel 97. Three television stations in Savannah also cover Statesboro regularly: WTOC (CBS), WJCL (ABC), and WSAV (NBC).

The City has 118.5 miles of roads of which 117.5 are paved and 15 traffic signals. Natural Gas is sold to 3,436 customers while water and sewer service is provided by the City to over 13,000 customers with an average daily water consumption of 3.23 million gallons. Statesboro has 181 miles of sanitary sewer and 216 miles of water mains with 1,451 fire hydrants. The City maintains a class 3 ISO rating with 2 fire stations.

Utilities are provided by the following within the City:

City of Statesboro Water & Sewer, Sanitation and Natural Gas

Excelsior Electric Electricity
Georgia Power Electricity

Frontier Communications
Bulloch Rural Telephone
Northland Communications
Telecommunications
Telecommunications
Telecommunications

City Boards, Commissions, and Authorities

ALCOHOL CONTROL BOARD

The Alcohol Control Board (ACB) is a seven member board consisting of two city council members, three citizens at large, and two license holders. The members are appointed by the Mayor and City Council to serve two year staggered terms. The duties of the board are to review and approve or deny all applications for licenses for the sale of liquor, wine and malt beverages, at wholesale and retail by the package and by the drink. Also, the ACB recommends, to the Mayor and City Council, modifications to the ordinances and policies of the city pertaining to the regulation, control, and taxing of liquor, wine, and malt beverages. Decisions of the Alcohol Control Board may be appealed to the Mayor and City Council, whose decision is final.

DOWNTOWN STATESBORO DEVELOPMENT AUTHORITY

The Downtown Statesboro Development Authority (DSDA), established in 1981, consists of 9 members, 8 of whom are appointed by the members of the authority to represent the owners of either real property or business establishments. The City Council appoints the remaining one member. The DSDA is empowered with the authority to acquire, improve, sell, lease, and/or mortgage property for the development and improvement of property in the Downtown Statesboro Development Authority District.

STATESBORO ARTS COUNCIL, INC.

The Statesboro Arts Council, Inc. was established August 15, 2000. The Council consists of 15 members who serve 3 year staggered terms. The Council is empowered with the duties and responsibilities to establish rules and regulations for arts facilities and to create policies to govern the management and conduct of funds, personnel, and property of the corporation. The Arts Council is directly responsible for the operations of the *David H. Averitt Center for the Arts*.

STATESBORO BEAUTIFICATION COMMISSION

The Statesboro Beautification Commission was established May 1, 1973. It consists of a Chairman and no more than 10 members appointed by the Mayor and City Council, and four ex-officio members: one member appointed from the County Commissioners, one member from the Board of Education, one member from the City Council, and one member appointed by the President of Georgia Southern University. The members serve staggered 5 year terms. The powers and duties of the Commission are to establish and maintain parks and trees in order to beautify the City of Statesboro.

STATESBORO PLANNING COMMISSION

The Statesboro Planning Commission is an advisory board which was originally established in February 1977. Effective June 22, 2010, the Statesboro Planning Commission was reconstituted, and consists of five (5) members who are appointed by the Mayor and City Council, and are city residents and subject to other minimum qualifications for service. The Commission is vested with the duties to hear and make recommendations to the Mayor and City Council on zoning, subdivision, and affiliated land development regulations; to make recommendations on city planning documents and

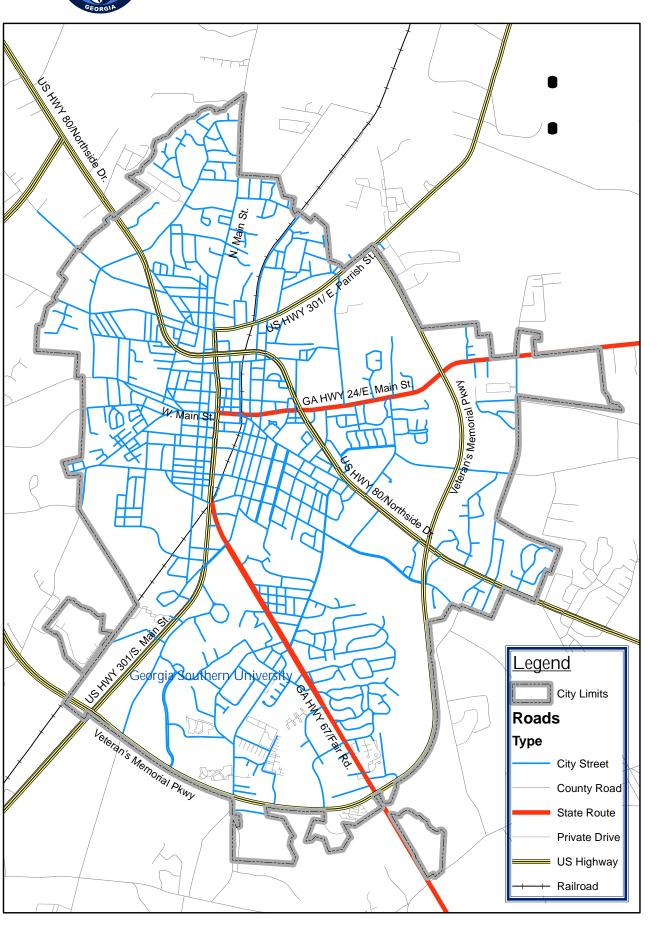

amendments to land development ordinances; to initiate and prepare studies related to development topics; and, other similar duties as assigned by the Mayor and City Council.

STATESBORO TREE BOARD

The Statesboro Tree Board was established on January 15, 1991. The Board consists of 9 members appointed by the Mayor and City Council to serve staggered terms of 6 years. The Board is responsible for hearing requests for variances for special use permits in the enforcement of the City of Statesboro Tree Ordinance.

City of Statesboro, Georgia

READER'S GUIDE TO THE BUDGET

One of the primary goals in formatting this Budget has been to make it user-friendly. Government budgets by definition are confusing documents, particularly for the first-time reader. Generally Accepted Accounting Principles (GAAP) for governments requires the use of multiple funds, grouped into seven categories. To further complicate it, some of those fund categories are budgeted and accounted for using the modified accrual basis of accounting, and some the accrual basis of accounting. Most citizens are accustomed to private sector accounting, where a business has one balance sheet and one income statement, both kept on the accrual basis of accounting. Therefore, it is strongly recommended that you take a few moments to review this Reader's Guide before reading the Budget. It should help you understand the framework of the City's fund structure and accounting system.

The City of Statesboro will operate with nineteen separate funds this year, which makes municipal budgeting and accounting considerably different from that in the private sector. Although the City may in most cases legally transfer money from one fund to another, each fund is a separate accounting entity with assets, liabilities, equity, revenues, and expenditures (expenses). Consequently, there will be nineteen separate balance sheets and income statements. The funds fall into five different categories, or types of funds, as required by Generally Accepted Accounting Principles for governmental entities. The funds by fund type that will be used in the fiscal year are as follows, and are summarized in the chart on the next page:

(1) Governmental Funds

General Fund – This is the principal fund of the city and is used to account for all activities of the City not included in other specified funds. The General Fund accounts for the normal recurring activities of the City (i.e., public safety, general government, engineering, community development, finance, and public works).

Special Revenue Funds – Funds used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes. Included in the Special Revenue Funds are the Confiscated Assets Fund, Community Development Housing Trust Fund, US Department of Justice Grant Fund, Broadband Wireless Grant Fund, Multiple Grant Fund, Statesboro Fire Service Fund and the Hotel-Motel Tax Fund. The Narrative Section at the front of each Fund explains in detail the purpose of that fund.

Capital Project Funds – Funds used to account for financial resources segregated for the acquisition or construction of major capital facilities other than those financed by enterprise operations. The City's Capital Project Funds include the 2002 SPLOST Fund, 2007 SPLOST Fund, Downtown Streetscape Fund, and the Capital Improvements Program

Fund. Again, the Narrative Section at the front of each Fund explains in detail the purpose of that fund.

(2) Proprietary Funds

Enterprise Funds — Funds used to account for operations that are financed and operated in a manner similar to private business enterprises — where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City has five Enterprise Funds: the Water and Sewer Fund, Reclaimed Water Fund, Natural Gas Fund, Solid Waste Collection Fund, and the Solid Waste Disposal Fund. Again, the Narrative Section at the front of each Fund explains in detail the purpose of that fund.

Internal Service Funds – Funds used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to the other government units, on a cost reimbursement (internal fees and charges) basis. The City has two Internal Service Funds: the Benefits Insurance Fund and the Fleet Management Fund. Again, the Narrative Section at the front of each Fund explains in detail the purpose of that fund.

Please note that the second column of the funds chart shows two different accounting bases: accrual and modified accrual. Accrual accounting is similar to private sector accounting, in that revenues are accrued when earned, and expenses are accrued when the financial transaction takes place. Proprietary Funds and Fiduciary Funds are accounted for on this basis, as they are operated very similarly to private businesses. In the Budget, these types of funds have a Budgeted Income Statement and a Budgeted Cash Flow Statement. Any major capital expenses for these funds are budgeted in the Budgeted Cash Flow Statement, except for those receiving SPLOST funds. In that case, some projects may also be funded in the 2002 SPLOST Fund and the 2007 SPLOST Fund.

All Governmental Funds are accounted for using the modified accrual basis, which is a hybrid of cash and accrual, where some revenues and expenses are accrued, and some are on a cash basis. These funds reflect only available resources. In addition, this Budget shows all the major capital expenditures for these types of funds in the Capital Improvements Program Fund, or another capital projects fund. Major capital expenditures are defined as capital assets costing at least \$5,000 and having a useful life of at least two years. This includes not only land, buildings, and infrastructure, but also vehicles and equipment.

			19 Funds	19 Funds
NOTES:	Modified	Budgeted on the Modified Accrual Basis of Accounting.		

Accrual Budgeted on the Accrual Basis of Accounting.

The nineteen funds are serviced by eleven bank accounts, five of which are major accounts, and six of which are minor. The minor accounts have little activity, but are required due to bond indentures, grant requirements, or some other legal or operational requirement. The City received bids on its banking services in March, 2008, for a three-year term beginning July 1st. This arrangement eliminated normal bank fees and service charges, provided the City an investment rate of interest tied to the Targeted Federal Funds Rate on all overnight deposits (currently .18%), and provided free check printing for all funds. The chart on the following page shows which bank accounts service each of the proposed funds.

Following this Reader's Guide to the Budget is the City Manager's Budget Message. This message includes a listing of the assumptions used in developing the Budget. It also includes a discussion of the major issues requiring financing that the Mayor and City Council confront, and how this Budget proposes to address them.

The next section, Summary Budget of All Funds, is a multi-sheet spreadsheet, which summarizes all funds of the City of Statesboro, and the projected fund balances or working capital, depending on the basis of accounting used. This summary includes all revenues and transfers into a fund, and all expenditures (expenses) and transfers out of a fund. It also shows the other sources and uses of cash in those funds using full accrual accounting. *In short, it is the entire budget in a condensed format.* This section also contains the Resolution necessary to adopt the Budget. Should the Mayor and City Council wish to change any aspect of the proposed Budget contained herein, they would simply adopt this Resolution subject to those specific changes.

The next section contains the Resolution Adopting the Financial Policies, which directs the financial operations of the City. These policies are reviewed each year to determine if any changes need to be made.

The next section contains a List of Authorized Personnel Positions funded by this Budget. This lists the budgeted positions within each department and division of the City. This assures that only this number of personnel can be employed unless changed by the City Council during the fiscal year.

The next section contains the Proposed Position Classification and Compensation (Pay) Plan. The Plan was updated by the Vinson Institute of Government at the University of Georgia for FY 2007. It had been five years since the last update to the Plan. In the years between Plan updates, salaries and wages are adjusted by a cost of living adjustment to offset inflation. There are four schedules: 1) for 40-hour per week hourly employees, 2) for salaried employees, 3) for firefighters on the "24 hours on/ 48 hours off" schedule, and 4) for non-salaried police officers who work a 43-hour per week schedule.

Following that are sections for each one of the nineteen funds.

After all funds are presented, there are two remaining sections. They provide the following information:

- 1) The Existing Debt Service Schedule for All Funds. The City must repay the debt for the City Hall purchase and renovation; the debt for the natural gas line extensions to the City of Metter; and several GEFA loans and the 2010 Refunding and Improvement Revenue Bonds for the water and sewer system. That is the extent of the City's indebtedness. These schedules show the amount of principal and interest due in each of the fiscal years until fully repaid for each individual debt instrument.
- 2) A Glossary of Terms used in governmental budgeting and accounting to assist the first-time reader. It should help clarify new terms that may not be familiar to the reader.

June 1, 2010

The Honorable Mayor and City Council City of Statesboro PO Box 348 Statesboro, Georgia 30459

Re: City Manager's Budget Message and Transmittal of the Proposed Budget for FY 2011

Gentlemen:

Transmitted herewith for your consideration is the City of Statesboro's proposed budget for the fiscal year 2011 (FY 2011). We express appreciation to all City departments who contributed to the formulation of this budget. As a result of these efforts we present to you a balanced budget that meets all administrative and legal requirements. Our objective in the preparation of this budget was to meet the priorities established by the Mayor and City Council for the coming fiscal year and to continue to provide the highest quality of services to our citizens in a fiscally responsive manner.

The annual Budget is one of the most important policy decisions that you as the elected officials of this City make each year. The Budget determines the staffing level of each service, the equipment and supplies, the priorities for service the City can afford to provide, and which major capital projects will be funded. Therefore, the Budget is an important planning tool for municipal government. It also serves as an accounting tool, because it assures that the limits set by appropriations cannot be exceeded under State statute. Finally, the Budget serves as a management tool in assisting your management staff to compare costs of alternative methods of providing City services, and to analyze the proper mix and level of revenue sources.

The FY 2011 City of Statesboro budget for all appropriated funds totals \$45,121,884 (this number includes transfers between funds) which is an increase of \$350,585 from the FY 2010 budget. This increase is mainly due to capital expenditures in the 2007 SPLOST Fund. The City started receiving its portion of the 2007 SPLOST money in the spring of 2010. The intergovernmental agreement with the county stated that the City would not start receiving money for capital projects until the addition to the Bulloch County Jail was completed.

The General Fund budget for FY 2011 is \$13,439,025, or 29.78% of the total expenditures budget, which is a decrease of \$161,695 from the FY 2010 Budget and an increase

to Fund Balance of \$16,200. The slight increase is due to an increase in the Building Permits as the City is starting to see a small growth in the building industry, and a reduction in Salaries and Benefits due to the elimination of jobs through attrition or vacant positions, as well as the consolidation of job duties. The Statesboro Fire Service Fund budget for FY 2011 is \$2,480,688, or 5.5% of the total expenditures budget, and is budgeted to use \$158,194 of fund balance. The use of fund balance is due to increased capital outlay. The Water and Sewer Fund FY 2011 budget is \$8,475,998 or 18.8% of the total expenditures budget. This is an increase over the FY 2010 budget of \$7,885,228. The two primary reasons for the increase are the moving of the Customer Service Department to this fund and an increase in debt service payments with the issuance of new Water and Sewer Revenue Bonds. Even with these increased expenses, the Water and Sewer Fund is budgeted to increase its retained earnings by \$284,036. This is possible by a 5% water and sewer rate increase. The FY 2011 Natural Gas Fund budget is \$5,884,717 or 13% of the total expenditures budget and is scheduled to use \$133,352 of retained earnings, due to a decrease in revenues. The Solid Waste Collection Fund FY 2011 budget is \$2,566,970 or 5.7% of the total expenditures budget and is budgeted to increase retained earnings by \$400,512. The increase is from a transfer in from the 2007 SPLOST Fund. The budget for the Solid Waste Disposal Fund for FY 2011 is \$3,362,999, or 7.4% of the total expenditures budget, and is scheduled to increase retained earnings by \$158,758. The increase is from a transfer in from the 2007 SPLOST Fund.

Budget Assumptions:

In preparing this Budget and the six-year Capital Improvements Program (CIP), your staff has used several assumptions that are critical in computing anticipated revenues and expenditures (expenses). Any budget and six-year capital plan by definition is a planning document, and not every issue will have been determined prior to its preparation and adoption. Therefore, it is necessary to base the budget on certain assumptions. If changing circumstances affect those assumptions, the budget can be adjusted accordingly.

These major assumptions are as follows:

- Assumes that there will be no ad valorem (property) tax increase. Assumes no growth in the tax digest.
- Assumes that there will be a \$10 increase for the Flat Fee and a \$10 increase for the Administration Fee in Occupational (business license) Taxes.
- Assumes an approximately 3% increase in both the commercial and residential sanitation
 fees, to offset the effects of nine years of inflation, coupled with significant price
 increases in gasoline and diesel over the last four years. Our disposal hauling contracts
 have a fuel adjustment clause, which has caused them to increase proportional to the
 spike in gasoline and diesel prices.
- Assumes a 3% increase in tipping fees for all customers to offset the rising cost of the hauling contract, which has a fuel adjustment rider.

- Assumes an approximately 5% across the board increase in water and sewer rates. (The new rates were approved by City Council in May.)
- Assumes no increase in the natural gas rates. Rates were increased by 2% in FY 2009, which was the first increase in 8 years. The actual rates for gas fluctuate monthly depending upon the underlying wholesale cost of the gas to the City, purchased through MGAG (the Municipal Gas Authority of Georgia). Assumes a normal winter heating load.
- Assumes that the City will make progress towards meeting the fund reserve targets established by the Mayor and City Council in the Financial Policies. Several funds made sizable transfers either in FY 2006 or FY 2007 to the CIP Fund to help construct the new Police Station. We will need to rebuild these reserves over the next few years.
- The Budget will be adopted, and accounted for, using generally accepted accounting principles, with Enterprise and Internal Service Funds budgeted and accounted for using full accrual and accounting similar to private businesses, and all other funds budgeted and accounted for using modified accrual accounting.
- Assumes the economy will continue its recent weakness, with sales taxes, building permits, and business licenses at below-normal levels.
- Assumes that inflation will remain at a moderate to higher level than normal.
- Revenues are projected on a scale of high, medium, and low with budget projections falling within the medium/low range, so that they are reflective of the current economic conditions and do not create overly optimistic projections.
- Assumes that the City will transfer only \$100,000 to the Capital Improvement Program (CIP) Fund this fiscal year from the Water and Sewer Enterprise Fund, while still maintaining adequate reserve funds in the proprietary funds.
- Assumes that the City will enter into some annexations in FY 2011 that may require investments by the City in roads, drainage, water, sewer and gas improvements.
- Assumes that Equity Transfers to the General Fund will be as follows:

Natural Gas Fund for GMA Lease Reimbursements \$ 6,690 Water/Wastewater Fund \$1,124,000
Water/Wastewater Fund \$1 124 000
Ψ1,121,000
SW Collection Fund \$ 543,000
SW Collection Fund for GMA Lease Reimbursements \$ 47,567
SW Disposal Fund \$ 160,000
SW Disposal Fund for GMA Lease Reimbursements \$ 25,918

	TRAN	SFERS BETWE	EN FUNDS		
Transfer In	General	SFD	CIP	SW Disp.	
					TOTALS
Transfer Out					OUT
General		\$1,409,644			\$ 1,409,644
Broadband Wireless					\$ -
07 SPLOST W and S	\$ 66,822 \$1,124,000		\$ 100,000	\$1,167,000	\$ 1,233,822 \$ 1,224,000
Natural Gas	\$ 931,690		. ,		\$ 931,690
SW Collection	\$ 590,567				\$ 590,567
SW Disposal	\$ 185,918				\$ 185,918
TOTALS IN	\$2,898,997	\$1,409,644	\$ 100,000	\$1,167,000	\$ 5,575,641

- Assumes that all Proprietary Funds will be self-supporting without assistance from the General Fund. However, the Solid Waste Disposal Fund will not be self-supporting without the 2007 Special Purpose Local Option Sales Taxes (SPLOST) paying for air rights and post-closure expenses, as the current \$35.00 per ton tippage fee does not offset all the costs of the transfer station, hauling contract, disposal contract, and post-closure costs of the Lakeview Landfill site including operation and maintenance of the methane extraction system. Hauling, disposal, and fuel surcharge alone cost us nearly \$38.00 per ton under the contract with Broadhurst Environmental and Rackleff Enterprises, LLC.
- Assumes a 1.6% inflationary increase in the disposal contract for the next fiscal year. This contract is tied to 78% of the CPI Index for the year from the previous February to the current February.
- Assumes that Bulloch County will levy a 1.8 mills tax in the Statesboro Fire District, which should generate approximately \$900,000 for funding the County's portion of the Fire Services Fund.
- Assumes that the City of Statesboro will fund the Fire Service Fund in the amount of \$1,409,644.
- Assumes that the Statesboro Fire Department will be funded entirely by the Statesboro
 Fire Services Fund, as required by the intergovernmental agreement between the City and
 Bulloch County.
- Assumes that Workers' Compensation insurance premiums and expenses will be budgeted in the Benefits Insurance Fund. The revenues, expenses, and equity shall be segregated from the medical insurance revenues, expenses, and equity, so that the true financial position of both insurance programs can be easily obtained.

- Assumes the elimination of ten (10) full-time positions and one part time position: police chief, police captain, police lieutenant, fire chief, fire captain and a part time administrative position in the fire department, an administrative assistant, a communications officer, a groundskeeper, a custodian and the PIO/Benefits Coordinator.
- Assumes the hiring and funding of the following new positions: Director of Public Safety, Police Commander, Fire Commander, Director of Customer Service, Accreditation/Grant Manager, IT administrative assistant and Chief Financial Officer.
- Assumes that the City will contract with Main Street (DSDA) to allocate 25% of the Hotel/Motel Tax for promotion and tourism development related to downtown; and with the Statesboro Arts Council to allocate 35% for promotions and tourism development. The Statesboro Convention and Visitors Bureau (SCVB) will receive 40% of the Hotel/Motel Tax for promotion and tourism development. These contracts will be renegotiated in the spring of 2011, as required by state law.
- Assumes that the salary and benefits of both the Executive Director of the Statesboro Arts Council (SAC) and the Executive Director of the Downtown Statesboro Development Authority (DSDA) will be paid from the general fund.
- Assumes that the 2006 Position Classification and Compensation Plan prepared by the Carl Vinson Institute of Government and adopted by City Council will not be increased for a Cost of Living Adjustment during FY 2011.
- Assumes that for FY 2011 probationary and merit increases will be frozen.
- Assumes that for FY 2011 the vacation "buy back" program will be suspended.
- Assumes that the life insurance will be maintained at one times an employee's annual salary, capped at \$100,000.
- Assumes that medical insurance premiums will remain the same at 78% employer paid.
- Assumes that the maximum deduction allowed in the Flexible Benefits Plan (or HAS) will remain at \$3,500.

Major Issues:

Background:

Statesboro has a growing economy influenced by a strong industrial base, a growing regional public university, a regional medical center and increasing medical specialties, and a regional retail base. This diversification continues to help the local economy weather the ongoing recession and sluggish recovery better than the state as a whole. The City of Statesboro and Bulloch County continue to experience some growth in commercial and retail expansion and

in residential developments resulting from an increasing population. The growth in population can be primarily attributed to the continued increases in enrollment at Georgia Southern University which is now over 19,000 students and projected to continue adding 600 more students each year.

The School of Information Technology, the Nesmith-Lane Continuing Education Center (which also includes an 850-seat theatre in the Performing Arts Center), a Nursing/Chemistry Facility, the recent renovation of the Henderson Library and the expansion of the Recreation Activity Center (RAC) combined with the other outstanding amenities and superior educational opportunities make Georgia Southern one of the most attractive universities in the Southeast. While the GSU students can distort per capita income due to relatively low incomes, the economic impact of Georgia Southern on the local economy in Statesboro and Bulloch County exceeds \$130 million annually. Georgia Southern University continues to rank in the top three choices of Georgia students earning the HOPE college scholarship for academic excellence. The dynamic success of Georgia Southern University as a major economic engine in southeast Georgia coupled with the continued growth of Ogeechee Technical College make Statesboro a regional center for higher education and ensures the economic strength and vitality of the community.

With the continued growth of Georgia Southern University and Ogeechee Technical College, expansion of the commercial/retail sector and health care sector, and projected growth in multi-family and single-family housing the economic outlook for Statesboro and Bulloch County in the long term appears to be very optimistic. Factors that should currently be giving all service providers concern are the rising cost of health care, the state of the national economy, particularly in the housing industry, and the volatility of gasoline and diesel fuel prices. However, with our recent investments in water, sewer, natural gas, and roads this community should be poised to capitalize on our investment and to aggressively solicit additional prospects and opportunities in order to ensure our economic vitality. The health care segment of the community also remains strong and as the need for medical services grows, new specialties become available, new physicians are attracted to the area and East Georgia Regional Medical Center continues to expand its services.

The City will continue to focus on maintaining a healthy and expanding economic base supported by sound infrastructure in order to attract and retain quality employers. This expanding economic activity translates into growing needs for quality support services including improved transportation, water and sewer, natural gas, solid waste, and public safety services. To effectively respond to this growth and the increased demand for services the City will have to proactively plan in order to meet the challenges for financing major public works and utilities improvements. The funding initiatives in this proposed Budget attempt to address many of these growth challenges.

Further Economic Development Initiatives:

A 2007 SPLOST initiative approved by the voters in July, 2006 will provide the City with an estimated \$21.7 million in funding for capital projects for FY 2008 - FY 2014. During this period the City will continue to invest in infrastructure while funding a scheduled

preventative maintenance program for vehicles, facilities and equipment.

In February 2008, the Statesboro Fire Services Fund was established by an agreement between the City of Statesboro and Bulloch County to provide fire services to a fire tax district located outside the City within a five mile radius of either Statesboro fire station. The residents of the fire district pay a fire district tax of 1.8 mills to the County, which remits it to the City. The City's general fund will transfer \$1,409,644 to the Fire Service Fund. In addition to these two revenue sources, the Fire Service Fund also receives a portion of the 2007 SPLOST. The 2007 SPLOST will fund the purchase of a Fire Engine Replacement, at an approximate cost of \$300,000 and will help with the purchase or construction of a temporary fire station that would be on the east side of the City, which has experienced rapid growth over the last few years.

In FY 2010, engineering designs were completed for an Effluent Reuse Line that will provide re-claimed water to customers for the purpose of grounds irrigation. The reclaimed water will be pumped from the effluent of the city's Wastewater Treatment Plant and distributed to the approved end users of Reclaimed water. The first customer will be Georgia Southern University, in an effort to conserve water while reducing cost. The initial capital cost of this project is projected to be \$750,000 and will be funded by Georgia Southern University in exchange for reduced rates for their minimum monthly billing of 250,000 gallons per day.

With each budget cycle the City continues to addresses the challenge of providing quality services to constituents with increasingly limited resources. The FY 2011 budget links developed organizational goals and objectives with the financial resources available to fund them. To accomplish the vision established by the Mayor and City Council the following goals have been developed for the City for FY 2011.

Main Goals

Goal: To actively engage and maintain transparency with the citizens of Statesboro. Objectives:

- 1. Continue to publish a newsletter mailed with utility bills.
- 2. Develop additional information inserts to accompany the utility bills as provided by various departments.
- 3. Develop brochures detailing City services.
- 4. Post more City information on the website, including press releases and the utilization of other social media outlets for dissemination of information to the public.

Goal: To provide efficient and effective services that positively impact the quality of life for residents and business owners.

Objectives:

- 1. Publicize through GSU mailings to students and various media for customers the availability of online utility, property tax, and court fine payments.
- 2. Continue to stress fire prevention through annual inspections of businesses.
- 3. Continue to stress fire prevention through visits with school children in the public and private schools.
- 4. Continue to educate the public on the safe use of natural gas.

Goal: To develop and sustain economic development and investment in the community.

- 1. Meet with developers before they begin design so that they are clearly informed of our development guidelines and regulations.
- 2. Meet with developers and others on rezoning requests and variance requests so that they understand what a compatible use of that property would be.
- 3. Actively pursue annexation opportunities and creation of new retail and commercial development to enhance the tax base.

Goal: To be proactive in the planning and development of critical infrastructure necessary for managed growth.

Objectives:

- 1. Continue to diligently inspect the installation of all developers' subdivision and commercial infrastructure that will be dedicated to the City for ownership and maintenance.
- 2. Continue to maintain the major drainage ditches and canals so that the system can convey heavy rains as designed.
- 3. Identify those areas within the City without natural gas service and provide installation.

Goal: To work effectively with other local, state and federal agencies to benefit the citizenry.

Objectives:

- 1. Identify and publicize the names and locations of known pedophiles within Bulloch County
- 2. Contest the early parole of known drug dealers at State Parole Board hearings
- 3. Work with the DEA and the local Drug Task Force to increase the number of convictions and drug seizures by 10%.

Outside Agencies:

Three other agencies are affected by this Budget. The City renegotiated its contracts with the Statesboro Convention and Visitors Bureau (SCVB), the MainStreet/DSDA and the Statesboro Arts Council (SAC) to market the area for tourism. The new percentages of the Hotel/Motel Tax provided to each under these one-year contracts are 40% to the SCVB, 25% to the DSDA/MainStreet, and 35% to the SAC.

Impact of the Capital Improvements on the Operating Budget:

The capital improvements within this Budget proposal have differing affects on the operating side of the Budget. The street projects, for the most part, are realignments or added turning lanes and should not have any impact on the operating budget. The drainage system improvements are replacements of existing infrastructure, so they should not increase operating costs. The sidewalk projects will not require any real maintenance for at least ten years. The replacement sidewalks will reduce the amount of patching required from the operating budget.

The new residential subdivision and commercial development infrastructure (streets, drainage, sidewalks, water lines, sewer lines, and natural gas lines) that is dedicated to the City for ownership and maintenance will increase our operating costs over time. However, they

generate tax base and utility revenues to offset these costs. And, if properly constructed and inspected they should not require a lot of maintenance for about a decade.

The water and sewer line projects and the natural gas line projects will, over time, increase the number of miles of line maintained, but initially should require little maintenance. They should also provide the additional customer base to offset these operational costs. Consequently, the utility funds should be able to absorb these operational increases with no difficulty.

The equipment and vehicle purchases are all for routine replacement of older, worn out equipment that have outlived useful life. This will decrease the operating expenses to maintain these capital assets; however, this decrease will likely be offset by the increased cost to insure the newer vehicles and equipment.

Debt

The City of Statesboro's current long-term debt was issued for capital improvement projects that were too extensive to be financed from current revenue sources. The City of Statesboro will not use long-term debt to finance current on ongoing operations of the City.

The City of Statesboro is governed by the State of Georgia restrictions on local government debt. The State of Georgia states that "The debt incurred by any county, municipality, or other political subdivision of this state, including debt incurred on behalf of any special district, shall never exceed 10% of the assessed value of all taxable property within such county, municipality, or political subdivision; and no such county, municipality, or other political subdivision shall incur any new debt without the assent of a majority of the qualified voters of such county, municipality, or political subdivision voting in an election held for that purpose as provided by law" (State of Georgia Constitution, Article IX, Section V).

The City of Statesboro's debt limit is \$6,133,910, 10% of the estimated total assessed value of \$613,391,000. The City currently has no general obligation bonds. However, the General Fund has an outstanding capital lease for City Hall in the amount of \$982,000. The Natural Gas Fund has one outstanding loan in the amount of \$334,909. In April 2010, the City issued \$15,040,000 in Water and Sewer Revenue Bonds to repay outstanding Georgia Environmental Facilities Authority Loans (GEFA), to refund an outstanding revenue bond, and to renovate and expand water and sewer lines. The City received an uninsured AA rating on these bonds. In addition to the Water and Sewer Bonds, the City has \$3,394,762 in three remaining GEFA loans.

Conclusion:

The City of Statesboro's FY 2011 operating and capital budgets exceed \$45.1 million (including transfers). This is a result of the needs of a growing City and funding the priorities established by the City Council to respond to those needs. With growth comes increased demand for services and infrastructure. We believe this budget addresses these demands in a fiscally responsive manner.

The FY 2011 budget as presented continues to provide these crucial services to a growing population while maintaining the current millage rate, one of the lowest in the state, at 6.358 mills. The City's primary enterprise funds, Water/Sewer and Natural Gas have operating budgets of \$8,475,998 and \$5,884,717 respectively. Our Capital Improvements Program presents a 6 year plan for the acquisition, expansion and maintenance of the City's major assets totaling \$12.94 million. In the preparation of this budget every effort has been made to continue to improve service levels, maintain a stable rate of taxation and improve the financial integrity of the City.

We would like to express appreciation to the department heads and their staffs for their participation and cooperation in preparing the FY 2011 Budget and Capital Improvements Plan. Every department made efforts to cut expenditures while pledging to continue to maintain exceptionally high levels of service to our citizens. I would also like to thank the Director of Finance, Cindy West, and members of the Finance Department for the numerous hours of staff time that have gone into the preparation of this budget. Each of these employees is to be commended for their work. The preparation of this year's Operating Budget and CIP was truly a team effort. Finally, we would like to say thank you to the Mayor and City Council for your input and support during this budget process.

Copies of the proposed Budget and Capital Improvements Program will be on file in the Director of Finance's Office and on the City's web site at www.statesboroga.net beginning on June 1, 2010. The public hearing on the Budget is scheduled for June 8, 2010. Adoption of the Budget Resolution will be placed on the June 15, 2010 City Council agenda for consideration with an effective date of July 1, 2010, subject to any changes that the Mayor and City Council might make in its adoption.

Please let us know if we can provide any further information as you review this proposed Operating Budget and Capital Improvements Program.

Respectfully submitted,

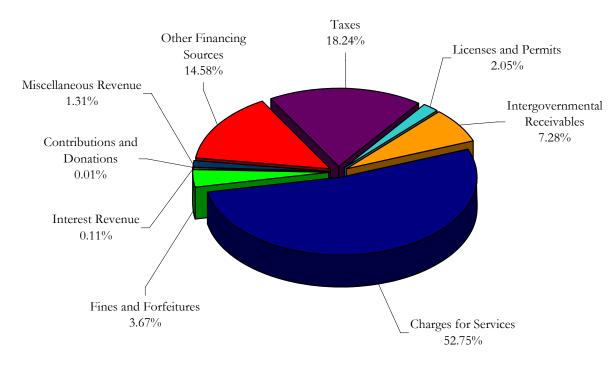

R. Shane Haynes City Manager Cindy S. West Director of Finance

City of Statesboro Summary of All Funds

This section consists of a consolidated summary of all funds used to provide city services. The revenue sources and expenditures of the City of Statesboro may be more easily understood by reviewing the pie charts on the next pages. Also included in this section are three-year budget spreadsheets (FY 2009 actual, FY 2010 budgeted and FY 2011 adopted budgets) for each of the fund categories.

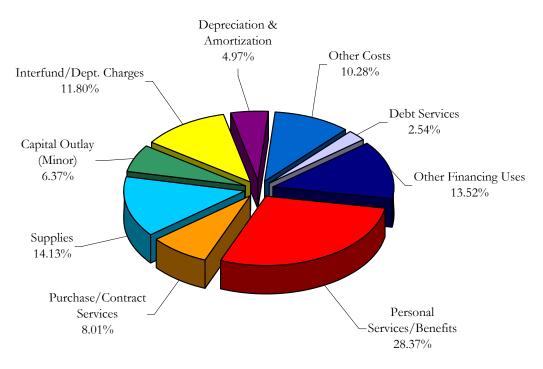

Please see the individual tabs for detailed budget information and the services provided by the various funds.

A RESOLUTION TO ADOPT THE FISCAL YEAR 2011 BUDGET FOR EACH FUND OF THE CITY OF STATESBORO, GEORGIA, APPROPRIATING THE AMOUNTS SHOWN IN EACH BUDGET AS EXPENDITURES/EXPENSES, ADOPTING THE SEVERAL ITEMS OF REVENUE ANTICIPATIONS, AND PROHIBITING EXPENDITURES OR EXPENSES FROM EXCEEDING THE ACTUAL FUNDING AVAILABLE FOR APPROPRIATION

WHEREAS, sound governmental operations require a Budget in order to plan the financing of services for the residents of the City of Statesboro; and

WHEREAS, Title 36, Chapter 81, Article 1 of the Official Code of Georgia Annotated (OCGA) requires a balanced Budget for the City's fiscal year, which runs from July 1st to June 30th of each year; and

WHEREAS, the Mayor and City Council have reviewed the proposed FY 2011 Budget as presented by the City Manager and Director of Finance; and

WHEREAS, each of these funds is a balanced budget, so that anticipated revenues and other financial resources for each fund equal the proposed expenditures or expenses; and

WHEREAS, the Mayor and City Council wish to adopt this proposal as the Fiscal Year 2011 Annual Budget;

NOW THEREFORE, BE IT RESOLVED by the Mayor and City Council of the City of Statesboro, Georgia as follows:

Section 1. The proposed Fiscal Year 2011 Budget, attached hereto and incorporated herein as a part of this Resolution, is hereby adopted as the Budget for the City of Statesboro, Georgia for Fiscal Year 2011, which begins July 1, 2010 and ends June 30, 2011.

Section 2. The several items of revenues, other financial resources, and sources of cash shown in the budget for each fund in the amounts shown anticipated are hereby adopted, and that the several amounts shown in the budget for each fund as proposed expenditures or expenses, and uses of cash are hereby appropriated to the departments named in each fund.

Section 3. The "legal level of control" as defined in OCGA 36-81-2 is set at the departmental level, meaning that the City Manager in his capacity as Budget Officer is authorized to move appropriations from one line item to another within a department, but under no circumstances may expenditures or expenses exceed the amount appropriated for a department without a further Budget amendment approved by the Mayor and City Council.

Section 4. All appropriations shall lapse at the end of the fiscal year.

Section 5. The Authorized Personnel by department and division shown in this Budget are hereby formally adopted as the number of authorized positions within each department and division, until and unless amended by resolution of the Mayor and City Council.

Section 6. The Proposed Pay Plan for FY 2011 shown in this Budget, as amended, is hereby formally adopted as the City's Pay Plan effective on July 1, 2010, unless further amended by resolution of the Mayor and City Council,.

Section 7. The proposed Capital Improvements Program presented is hereby adopted as the City of Statesboro's Capital Improvements Program for FY 2011-FY 2016. This Program is hereby adopted as the City's long-term financial plan unless further amended by resolution of the Mayor and City Council.

Section 8. This Resolution shall be and remain in full force and effect from and after its date of adoption.

Adopted this 15 th day of June, 2010.
CITY OF STATESBORO, GEORGIA
By: Joe R. Brannen, Mayor
Attest: Sue Starling, City Clerk

A RESOLUTION ADOPTING FINANCIAL POLICIES FOR THE CITY OF STATESBORO, GEORGIA

THAT WHEREAS, the City of Statesboro has developed a number of financial policies which guide the preparation and administration of the budgeting, accounting, investment, risk management, debt, auditing, and financial reporting functions of city government; and

WHEREAS, the Mayor and City Council have reviewed the Financial Policies proposed by the City Manager, and desire to adopt those policies;

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of Statesboro, Georgia in regular session assembled this 15th day of June, 2010 that the financial policies included on the attached pages are hereby adopted as the Financial Policies for the City of Statesboro.

BE IT FURTHER RESOLVED that the City Manager is hereby directed to develop the annual proposed Budget and Capital Improvements Program, and to administer them in conformance with these policies.

This Resolution shall be effective from and after its date of adoption.

Adopted this 15th day of June, 2010.

CITY OF STATESBORO, GEORGIA
By: Joe R. Brannen, Mayor
Attest: Sue Starling, City Clerk

Financial Policies and Budget Preparation

The City Council has adopted policies in all areas of financial management, which guide the preparation, adoption, amendment, and administration of the Operating Budget, the Capital Budget, and the Capital Improvements Plan. Below is a listing of those policies in the areas of:

Operating Budget Policies
Capital Budget Policies
Revenue Policies
Expenditure Policies
Reserve Policies
Cash Management and Investment Policies
Risk Management Policies
Debt Policies
Accounting, Auditing, and Financial Reporting Policies
The Budget Process
Budget Amendment Policy

Operating Budget Policies

The City Council shall hold an annual Planning Session each spring in order to establish priorities for funding in the next fiscal year; and discuss long-range planning of major capital improvements.

The City shall adopt a balanced budget (planned revenues available equal planned expenditures) annually; and any subsequent amendment must identify the revenues or other financing sources necessary to maintain said balance.

The City will not appropriate fund balance or retained earnings in any fund that would hinder meeting the reserve targets established herein. Once those targets are met in a particular fund, any amount over the target may be appropriated either for capital improvements or unexpected operating expenses.

The City will pay competitive wages and fringe benefits in order to attract and retain quality personnel.

All Enterprise Funds and Internal Service Funds shall be self-supporting from their fees and charges, without any subsidy from the General Fund. Transfers to the General Fund from the Enterprise Funds shall be made only after sufficient net income is retained to cover debt service and capital improvements essential to properly maintain and expand these utility services.

The Solid Waste Collection Fund and the Solid Waste Disposal Fund should reflect the true costs to provide residential and commercial garbage collection, disposal and recycling; brush collection and disposal; bulk (white goods) collection and disposal; and leaf collection and disposal. The City Council shall evaluate annually the extent to which each service is supported by service charges rather than a subsidy from the General Fund.

The City shall aggressively pursue improvements in technology and work methods that will improve service levels and/or reduce operating costs.

The City shall use one-time revenues only for capital items, unexpected operating expenses or to build reserves, instead of operating expenditures/expenses.

The City shall raise property taxes only when absolutely necessary to balance the Budget and maintain adequate reserves. Any property tax increase should be used only for the purchase of additional capital improvements or to increase needed personnel.

All appropriations and expenditures shall be made in full compliance with applicable State laws and the City's Purchasing Manual.

The City will follow the Budget Preparation Calendar prepared by the Finance Department each year.

The Budget shall be prepared in full compliance with the State's Uniform Chart of Accounts, and with Generally Accepted Accounting Principles (GAAP) for Governments as promulgated by the Government Accounting Standards Board. This means the General Fund, Capital Projects Fund, Debt Service Fund, Expendable Trust Funds, and Special Revenue Funds will be budgeted on the modified accrual accounting basis. Enterprise Funds and Internal Service Funds will be budgeted on the full accrual accounting basis.

All Budgets shall be adopted at the legal level of budgetary control, which is the fund/department level (ie., expenditures/expenses may not exceed the total appropriation for any department within a fund without the City Council's approval).

The City Manager shall prepare an annual Budget that meets the requirements to receive the Distinguished Budget Presentation Award from the Government Finance Officers Association.

Capital Budget Policies

The City shall adopt a Capital Improvements Plan (CIP) annually which will include the next fiscal year's Capital Budget, plus planned improvements for the following five years.

The City shall make every effort not to add additional programs and services until both the Operating Budget and the CIP are adequately funded.

The City shall provide resources from current revenues to fund an adequate maintenance and replacement schedule for infrastructure, and the vehicle and equipment fleet.

The City will aggressively pursue state and federal funding, as well as other sources of funding for capital improvements.

All operating budget appropriations shall lapse at the end of a fiscal year. Appropriations for Capital

Projects which have not been completed by fiscal year-end must be re-appropriated for the balance due on the project in the next fiscal year.

Revenue Policies

The City will budget revenues conservatively so that the chance of a revenue shortage during the year is remote. This also will help finance contingencies and Budget amendments that were unforeseen when the Budget was first adopted.

The City will review annually all fees and charges to assure that they maintain their inflation-adjusted purchasing power.

Since different revenue sources impact classes of taxpayers differently, the City Council recognizes that the only way to minimize these different impacts is to have a diversified revenue system. These impacts will be considered in making any needed adjustments to the various sources of revenue.

The City will make every effort not to become too dependent on one source of revenue in order to minimize serious fluctuations in any year.

The City will consider market rates and rates of comparable cities in the region when changing tax rates, fees, and charges. The City will make every effort to maintain its favorable comparative position with other Georgia cities in this regard, which has contributed to our economic development success.

All cash donations to any department or agency of the City must be deposited with the Finance Director's Office. All purchases using such donations must be budgeted and will comply fully with the City's purchasing policies. The City cannot accept donations on behalf of an outside agency or group. Donations of equipment or supplies may be made directly to a department or agency of the City. Donated equipment meeting the definition of a fixed asset must be reported to the Purchasing Director, for tagging and listing.

Expenditures Policies

Current expenditures shall be financed with current revenues that shall include that portion of fund balance in excess of authorized reserves. The City shall avoid budgetary procedures that balance current expenditures through the obligation of future resources, or which finance ongoing expenditures with one time revenues. The City shall strive to avoid short-term borrowing to meet operating budget requirements. Nevertheless, this policy shall not prohibit short-term borrowing should a critical need arise.

Reserve Policies

The City Council recognizes the need to set reserve targets for every operating fund of the City. The targets for those funds using the modified accrual basis of accounting are set as the percentage that the undesignated fund balance is to the combined budgeted expenditures and transfers to other funds.

The targets for those funds using the accrual basis of accounting are set as the percentage that the working capital is to the budgeted operating expenses and transfers to other funds. The targets are as follows:

Fund Title Undesignated Fund Balance

(or Working Capital) as a % of Expenditures (or Operating Expenses) and Transfers Out

General Fund 25% Fund Balance Statesboro Fire Service Fund 5% Fund Balance Water/Wastewater Fund 17% Working Capital

Natural Gas Fund 17% Working Capital and a \$350,000 Reserve Fund

Solid Waste Collection Fund 17% Working Capital Solid Waste Disposal Fund 17% Working Capital

Benefits Insurance Fund 9% Working Capital and a \$250,000 Reserve Fund

Fleet Management Fund 17% Working Capital

These reserve targets shall be reviewed annually by the City Manager who shall report to the City Council on their continued adequacy.

Cash Management and Investments Policies

The City will make all deposits of cash within the time period required by State law. All deposits must be fully collateralized as required by State law.

The City will aggressively pursue all revenues due, including past due utility bills, court tickets and fines, and property taxes, using whatever legal means are available.

The City will pay all obligations on or before the due date.

The City will continue the current cash management and investment policies, which are designed to emphasize safety of capital first, sufficient liquidity to meet obligations second, and the highest possible yield third. Those policies are outlined below:

The City will operate with the least number of bank accounts required by federal and state statutes and regulations and GAAP for governments. Consolidation of bank accounts makes investment decisions easier, and reduces staff time needed to reconcile monthly bank statements.

The Director of Finance will make a twelve-month cash flow projection, and from that develop a schedule of long-term investments. These investments could be any type authorized by State law. However, the City Council has limited it to Certificates of Deposit with local banks. All investments shall be made using competitive bidding and must fully comply with State collateralization of deposits. Such investments shall be pooled from among the various funds, and bid out no more frequently than once a month. This keeps the investment process manageable with limited staff. Large amounts of cash not in time deposits shall be kept in the sweep investment account to improve overall interest earnings. Should the sweep investment account interest rate be higher than that of a

certificate of deposit, then the funds shall be kept in the sweep investment account.

Risk Management Policies

The City will minimize potential losses through employee safety training, inspections of the workplace, risk analysis, and OSHA compliance. The Purchasing Director shall be responsible for these programs.

A drug-testing program shall continue for all potential employees, as well as random testing of all federally-required employees.

Debt Policies

The City will issue bonds and capital outlay notes only for capital improvements and moral obligations. The City will attempt to fund capital improvements through net income of the utility systems, general revenues, and its portion of any SPLOST (Special Purpose Local Option Sales Tax) funds before resorting to long-term debt issuance. This will reduce the overall indebtedness and strengthen the City's creditworthiness.

The City will not issue notes or bonds to finance operating deficits. Adequate reserves will be maintained to assure this doesn't become necessary. No bond or note will be issued to purchase a fixed asset that has a shorter useful life than the term of the debt instrument.

The City will issue general obligation bonds or capital outlay notes for necessary general government projects and either general obligation or revenue bonds for enterprise fund projects. The City may also use pooled capital lease funds from GMA and loans from the Georgia Environmental Facilities Authority (GEFA).

No debt will be issued which would increase the outstanding amount of debt above ten (10%) percent of the total assessed value of property within the City. The outstanding amount of debt in this calculation shall not include debt issued for improvements in the utility systems, because that debt will be repaid from charges for services, not from property taxes. These limitations are found in Article IX., Section V, Paragraph 1 and Article IX., Section VI, Paragraph 1 of the Georgia Constitution.

A firm source of revenue sufficient to make the anticipated debt service payments must be identified by the City Council before any capital outlay note, GEFA loan, GMA capital equipment lease, general obligation bond, or revenue bond is issued.

Accounting, Auditing, and Financial Reporting Policies

The City Council will receive a monthly finance report showing Income Statements, Cash Flow Statements where appropriate, and all Investments.

The City shall have a qualified certified public accounting firm conduct an independent audit

annually, as required by OCGA 36-81-7 (a)(1).

The City will maintain its accounting records in full accord with Generally Accepted Accounting Principles (GAAP) as promulgated by the Government Accounting Standards Board. The Finance Director is expected to obtain clean (unqualified) Audit Opinions each year.

The Annual Audit shall be submitted to the State Auditor before December 15th of each year, so that the City complies with OCGA 36-81-7 (d)(1). Any deficiencies noted by the Auditors shall be corrected immediately by the Director of Finance.

The Budget Process

The City's Budget process begins in early January when department heads are given electronic format forms upon which to submit their operating and capital budget requests. The City Council is also notified to give the City Manager any requests they might have, so that costs may be researched. Departmental requests for the Capital Improvements Program are turned in to the City Manager by February 2nd, and all Operating Budget requests are turned in to the City Manager by March 3rd.

The Finance Director and City Manager decide upon the revenue estimates for the Operating Budget, and the amount to be transferred to the CIP and the amount of any proposed bond issues. At that point, the Finance Director begins the review of the operating expenditures, and the City Manager prepares the CIP. After the Finance Director has prepared a preliminary Budget, the Finance Director and the City Manager review it to determine whether further cuts are possible, or if additional revenues are necessary. Those decisions are made prior to the first week in April, when a Budget Planning Retreat is held by the City Council.

At that meeting, the Finance Director and City Manager present projections of the current fiscal year's Budget, and the preliminary Operating Budget for Council review. In addition, the City Manager presents the Council with his recommendations for a six-year Capital Improvements Program. The City Council then debates any changes in suggested priorities in both the preliminary Operating Budget and the Capital Improvements Program. Once those priorities are established, the City Manager finalizes the CIP, and the Finance Director finalizes the Operating Budget. Both work on the narrative portions of the documents. The City Manager prepares the Budget Message and CIP Letter of Transmittal detailing the major issues, initiatives, and goals and objectives contained in both documents. The Finance Department prepares the spreadsheets detailing the line item budgets proposed for each fund.

The two documents are sent to the printers in mid-May, for distribution to the Mayor, City Council, and public by June 1st. Copies are available to the public at both the City Clerk's Office and the Statesboro Regional Library. A public hearing is scheduled for the first regular meeting in June, after which the Budget is voted upon, and the Budget becomes effective July 1st. In the event the Council cannot agree on a Budget before July 1st, an Interim Budget is adopted, which is simply a continuation Budget from the previous year. Once a Budget is adopted, the Finance Director authorizes the adopted Budget to be entered into the budgetary accounting system.

Budget Amendment Policy

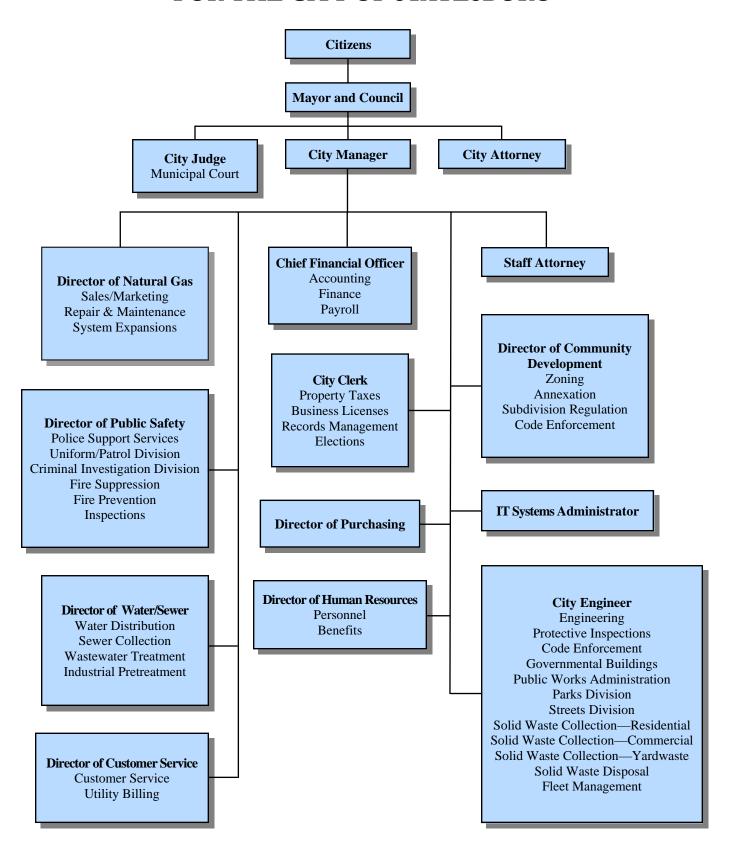

Since a budget is an estimate of revenues and expenditures, the budget management process does allow for amendments to the budget. Budget amendments may be made at any time throughout the fiscal year. Any amendment request is reviewed by the City Manager, who makes a recommendation on whether the expenditure should be made, and what revenue source will be used to finance it. All amendments require a Budget amendment resolution, since the original Budget is adopted by resolution. After passage, the Finance Director authorizes the amended amounts to be entered in the budgetary accounting system.

City of Statesboro, Georgia Calendar for FY 2011 Budget and CIP Preparation

20-Jan-2010	City Manager notifies Department Heads to begin preparation of CIP Requests, and the Deadline for Budget Requests. City Manager reviews the Budget Calendar with all Department Heads.
2-Feb-2010	City Council Sets the Dates for the Planning Session

Fringe Benefits Summary

The City provides a comprehensive package of fringe benefits for employees. The package includes the following.

Health/Dental Insurance Coverage:

City employees are covered under the City of Statesboro Health and Dental Insurance Plan. The City and its employees are currently paying the following rates for their Benefit Package.

Coverage	Employee Rates	City Rates	Total Cost
Individual	\$121.01	\$429.01	\$550.02
Family	\$279.20	\$989.86	\$1,269.06

Details of the coverage are available in the employee benefit handbook.

Life Insurance Coverage:

City employees are provided with one time their annual salary up to \$100,000 of life coverage, spouses are covered with \$5,000.00, and each dependent has \$1,000.00 of coverage.

Long-Term Disability:

City employees are provided with long-term disability insurance that pays 50% of the employee's regular earnings up to a maximum of \$5,000.00 per month in the event of disability. This benefit begins after the ninety day elimination period has been met.

Paid Sick Leave:

Employees are credited with one day of sick leave for each month of employment. Unlimited accumulation is allowed. Unused sick leave is not paid at termination of employment; credit is given for unused sick leave for employees retiring under the City's retirement plan.

Special Leave With/Without Pay:

Employees are granted time off from work with or without pay at the discretion of the Department Head and the City Manager for various occasions. Bereavement Leave is granted with pay for a maximum of three days for the death of a member of the immediate family. Jury service is granted with pay. Military Leave is granted with pay for a period not to exceed 15 calendar days in a 12 month period.

Paid Vacation Leave:

Employees earn vacation on a monthly accrual basis based on length of service. The following days of vacation are earned on an annual basis. Fire, Police, and shift personnel earn vacation time at a different rate than do 40 hour per week employees. The following is base on a forty hour per week work schedule.

Years of Service	Days Vacation per Year
0 – 10 years	10
10 – 20 years	15
20 – Plus	20

Paid Holidays:

Employees receive 10 paid holidays per year. The holidays are:

New Year's Day
Martin Luther King's Birthday
Memorial Day
July 4th
Labor Day
Veterans Day
Thanksgiving –2
Christmas –2

Retirement Plan:

City employees are covered under the Georgia Municipal Association Retirement System. The City pays the full cost of membership for employees and employees can be vested with 5 years service with the city.

Deferred Compensation Plan:

City employees are eligible for a 457b Deferred Compensation Program administered by Citistreet through the Georgia Municipal Association. This is a voluntary tax-favored program that allows employees to contribute a portion of their salary before federal taxes into a supplemental retirement account. Various options are available including fixed rate annuities, publicly available mutual funds and life insurance.

Workers Compensation Plan:

City employees are covered for occupational injury according to the state worker's compensation laws.

Tuition Reimbursement:

Upon the recommendation of the department head and approval of the tuition committee an employee may receive tuition assistance for two classes per semester/quarter and up to \$100.00 for books per semester/quarter. Employees involved in the tuition assistance program must maintain a C average in their course work. Those receiving assistance must submit grades to the Personnel Director at the end of each semester/quarter. Those employees receiving less than a grade of C will not be reimbursed by the City the cost for that semester or quarter.

GeoVista Credit Union:

City employees are eligible to join the GeoVista Credit Union that provides numerous banking services. Payroll deduction and direct deposit are available.

Christmas Bonus:

All City employees receive a \$85.00 bonus in December of each year.

Competitive Wages, Overtime Pay, and Compensatory Time:

City employees are paid competitive wages, which are evaluated periodically to insure they are comparable to wages paid for similar duties in both the public and private sectors. Employees receive annual pay increases, if job performance is satisfactory, subject to the approval of the Mayor and City Council. Employees are compensated for any overtime worked according to the Fair Labor Standards Act, either with pay at time and one half or compensatory time off, also calculated at one and one half.

All raises are temporarily suspended for FY 2011.

Annual City Picnic and or Appreciation Luncheon:

Employees are honored with a citywide picnic in the spring or an appreciation luncheon. The Employee picnic is temporarily suspended for FY 2011.

Vacation Buy Back:

Upon the recommendation of the Department Head and the City Manager, an employee so requesting, may receive pay in lieu of one week of vacation leave per year if, on December 31st of that year, their annual leave accumulation exceeds 30 days. Vacation Buy Back is temporarily suspended for FY 2011.

Uniforms and Cleaning Services:

Uniforms are provided for city employees, other than clerical and others wearing normal street clothes, in Public Works, Fire, Police, Waste Water, Water Sewer, Building Inspection, City Marshall, Civil Construction Inspector, Custodians and Gas. Clothing allowances are provided for police detectives.

THE GENERAL FUND

The General Fund is the principal fund of the City, accounting for all activities not included in other specified funds. This fund contains the operational budgets for the Mayor and City Council, City Manager's Office (including the City Attorney), City Clerk's Office and Records Management, Elections, the Finance Department, Information Technology, the Legal Department, Human Resources, the Engineering Department and its Protective Inspections Division, the Municipal Court, the Police Department, the Public Works Department's Administration Division, Streets Division, and Parks Division, and the Community Development Department, including the Code Compliance Division. It also includes the funding for several outside agencies other than those financed by the Hotel/Motel Tax Fund. Finally, it covers the Debt Service for any outstanding debt used to acquire general fixed assets. Debt Service payments used to acquire fixed assets of the Proprietary Funds are accounted for within those respective funds rather than the General Fund.

REVENUES AND OTHER FINANCING SOURCES

The General Fund's Revenues can be segregated into six major categories:

1. **Taxes** This category provides \$7,610,809 of the \$13,455,225 of General Fund revenues, or 56.56%. The major source is property taxes. FY 2008 was a revaluation year, in which the County Tax Assessor's Office revalued all of the property within the County. This is done every three years. Preliminary figures indicate that property taxes should increase about .75% over last year, solely due to new construction.

The City has an excellent collection ratio on this tax, which has been further improved by the use of annual tax lien sales which began in FY 2003. The projected collection rate for the current year's taxes is 99.0%. The other 1.0% will be collected during the following fiscal year. The revenue line item for property taxes due from a previous year is Prior Year's Taxes.

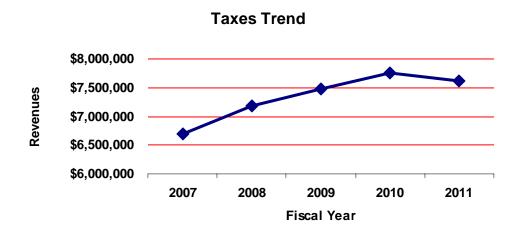

Motor vehicle taxes are collected by the Bulloch County Tax Commissioner based upon the renewal date (usually the owner's birthday). The portion of those property taxes due the City is remitted to the City on a monthly basis. These taxes are projected to equal the current years' collections. The Real Estate Transfer Tax (\$1.00 per every \$1,000 of value on such sales) is projected to be the same as the current year.

The other major source of taxes is the Franchise Fees paid by Georgia Power Company, Excelsior Electric Membership Cooperative, Northland Cable Television, and Frontier Communications of Georgia. Georgia Power is projected to increase about 2.8% from the actual amount received in FY 2010; Excelsior is expected to remain flat; Northland Cable is expected to decrease about 11.98%; and Frontier is projected to remain flat, based upon their growth trends. In aggregate, these four franchises are projected to increase at a rate of 2%. This reflects the continued commercial and multi-family construction, somewhat offset by the decline of hard line telephone services as cell phone use increases among students, and the option of satellite

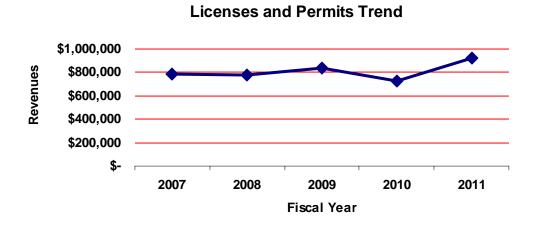

television in lieu of cable television, as well as Georgia Southern University beginning to offer their own cable services.

The other major component of Taxes is the Beer and Wine, and Liquor taxes paid by wholesalers and retailers. Beer and Wine is projected to decrease by 4.95%, while Wholesale Liquor taxes are projected to increase by 2% and Retail Liquor taxes are projected to remain flat. Overall, this category is projected to decrease by approximately 4%.

Total Taxes as a category is projected to shrink by 1.7%.

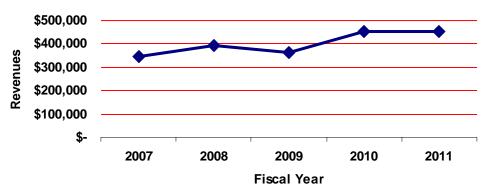

2. **Licenses and Permits** This category provides \$924,244 of the General Fund, or 6.87%. The primary sources of revenue are General Business Licenses, Alcoholic Beverages Licenses, Bank Licenses, and Inspection Fees. Alcoholic Beverages Licenses are projected to remain flat. The General Business Licenses are projected to increase by 9.15%. Bank Licenses are expected to remain flat. Inspection fees will increase by approximately 817% due to new fees and new construction. Building and other related permits and fees are projected to increase by 68.6% as a result of new construction.

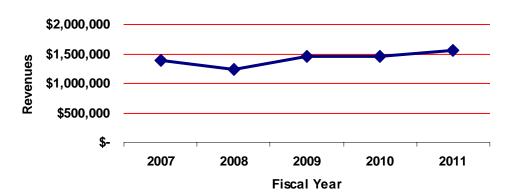

4. **Charges for Services** This category provides \$453,100, or 3.37% of the General Fund. The primary sources of revenue are Court Costs, Revenues from Police Overtime, and Account Establishment Charges. This source is projected to decrease by 0.4%.

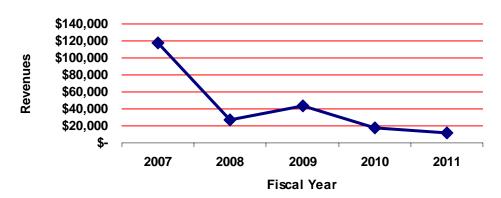

5. **Fines and Forfeitures** This category provides \$1,554,000 of the General Fund, or 11.55%, and includes the fines and forfeitures imposed by the Municipal Court for violations of the Municipal Code and minor violations and infractions of State law dealing with traffic citations, DUI, and similar offenses. This source is projected to increase by approximately 7.2% over the FY 2010 budgeted amount.

Fines and Forfeitures Trend

6. **Earned Interest and Miscellaneous Revenues** This category provides only \$11,575, or 0.09% of the General Fund. It accounts for the interest earned on the balance in the General Fund monthly, and any donations and miscellaneous charges. This is a 33.28% decrease from the estimated amount for the previous fiscal year. This is a result of the decrease in interest rates, and a lower cash balance in the General Fund.

In addition to these six revenue categories, there is one additional source of financing that must be considered. This is the **Other Sources of Financing**, which is primarily made up of the *Transfers from Other Funds*. This source of financing (it was counted as revenue in the transferring fund) contributes \$2,901,497, or 21.56% of the General Fund's total funding. The only change from the prior year is a transfer of \$66,822 from the GMA Lease Pool from the 2007 SPLOST Fund.

The primary transfers are from the Natural Gas Fund, the Solid Waste Collection Fund, and the Water and Sewer Fund. A lesser amount is transferred from the Solid Waste Disposal Fund. Part of these transfers is recognition of indirect costs borne by the General Fund in providing services to them, such as time of the City Manager, personnel division, accounting division, utility collections, purchasing, risk management, and similar services. In addition, were they private companies, these utilities would have to pay property taxes and business licenses, and in some cases a franchise fee.

Fund Balance Appropriated. Finally, if the fund balance in the General Fund is sufficient, the City can use some of the fund balance to balance the General Fund. This proposed FY 2011 Budget is projected to increase fund balance by \$16,200.

The line item budget that follows shows the individual sources of revenue that make up these six major categories, the other sources of financing, and the fund balance appropriation.

Property Taxes

Property Value of \$100,000

For residents of the City of Statesboro the total property tax is \$6.358 per \$1,000 of taxed value. The taxed value is calculated as 40% of the Market Value after homestead exemptions. Assuming property with a market value of \$100,000, after the regular homestead exemptions, the result would be:

Projected Tax Bill: \$254

EXPENDITURES

The General Fund's Expenditures are divided into several major departments and divisions, to better account for the cost of their operations. These expenditures support most of the City's operations other than the utility operations, the health insurance and workers compensation insurance plans, and the fleet management function. The Expenditures are summarized on the next page. Then, the line item budgets for each division are included as well.

The largest operating expense in most cases is the personnel and fringe benefits. A list of approved personnel positions by department and division is provided behind the tab entitled "Authorized Personnel for FY 2011". In addition, the Pay Plan for those positions is provided behind the tab entitled "Proposed Pay Plan and Fringe Benefits".

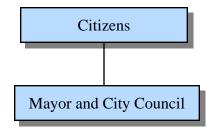

By far the most troubling expense for the City, as for most businesses, governments, and other organizations is the continuing escalation of health care costs. When the underlying rate of inflation in medical care is averaging 10-15% annually over the last several years, and shows no sign of letting up, it is quickly siphoning a large sum of money from other priorities. Even when the benefits are reduced, and the deductibles, co-pays, and out-of-pocket limits are raised, these inflationary effects cannot be brought back to a reasonable pricing level without draconian measures. Unfortunately, this is not a problem that the City can correct. It is a national problem, and will have to be addressed at that level.

The General Fund budget of \$13,439,525 is a decrease of \$177,395 from the FY 2010 Budget (as amended through the 1st Budget Amendment) of \$13,616,920. That is a 1.3% decrease.

GOVERNING BODY

City of Statesboro City Council District Map

GOVERNING BODY

The City of Statesboro's Governing Body operates under the Council-Manager form of government, with a mayor and five council members. Elected at large, the mayor acts as the primary representative of Statesboro. The mayor and council members serve four year terms. The council members are elected from one of five districts.

The mayor and council are responsible for approving all major city policies, all local laws, the annual budget, and the 6-year capital improvements program. In addition, they appoint and evaluate the city manager.

CITY CLERK'S OFFICE

CITY CLERK'S OFFICE

This department is headed by the City Clerk. This department handles all of the property tax billing and collection, and occupation tax and other licenses and billing and collection. The City Clerk serves as supervisor of city elections. The Cit Clerk is also responsible for records management including maintaining all official codes, ordinances, records and documents

Goal: Continue to improve the City's records retention program. Objectives:

- 1. Continue scanning all records into a digitized, searchable database
- 2. Reduce paper copies whenever possible, using the server storage capability
- 3. Use condensed printing on large printing jobs whenever feasible
- 4. Destroy records that have been scanned and are not of historical value

PERFORMANCE MEASURES

		2009		2010	FY 2011
	Adopted	Actual	Adopted	Projected	Base

FINANCE DEPARTMENT

FINANCE DEPARTMENT

This department is headed by the Chief Financial Officer. This department is responsible for assisting the City Manager in the preparation of the Budget and the the Capital Improvements Program. Once the Budget is adopted, this department is responsible for entering it into the accounting system, including any subsequent amendments. They then administer the Budget, prepare monthly finance reports, and work with the auditor on the annual outside audit. This department is also responsible for all investments, debt management, bank reconciliations, paying all invoices, and payroll processing. It is responsible for all formal bid announcements, development of specifications, and bid openings. It is also responsible for the internal storeroom, requisitions, keeping the fixed assets current, and assuring the Purchasing Manual is current and followed.

GOALS & OBJECTIVES

Goal: Continue to improve the City's overall financial condition.

Objectives:

- 1. Prepare and administer a fiscally conservative operating and capital budget that stay within available resources. Build up the reserve funds to the targeted level in each fund.
- 2. Prepare accurate monthly financial reports for the governing body and management, so that decision-makers have timely financial information.
- 3. Obtain an unqualified (clean) audit opinion, and prepare a Comprehensive Annual Finance Report.
- 4. Continue to reduce the outstanding debt of the City, while incurring only a limited amount of new indebtedness.
- 5. Continue to work with the Clerk's department to aggressively collect all property taxes due, using tax lien sales as needed.
- 6. Continue to work with the Clerk's department to aggressively collect overdue utility bills, using account termination and collection agencies as needed.
- 7. Audit the hotel/motel operators every three years to assure compliance with the hotel/motel tax.
- 8. Audit our utility franchisees to assure compliance with the franchise terms and payments.
- 9. Continue to monitor internal controls so that all funds are properly received and accounted for.
- 10. Implement fully the Purchasing Manual policies to assure budgetary compliance, and best pricing.
- 11. Monitor compliance closely on the procurement card process.

IT DEPARTMENT

INFORMATION TECHNOLOGY

This department is head by the Director of Information Technology. This department is responsible for standardizing software and hardware purchases to assure a standard network where employees can communicate and exchange files electronically. It is responsible for network design, installation, maintenance, and employee computer training. In addition, it is responsible for, maintaining the City's web page, telephone system and security system in City Hall.

GOALS & OBJECTIVES

Goal: Continue to develop the City's network infrastructure and network services. Objectives:

- 1. Provide enhanced mobile access to network resources.
- 2. Enhance network security through the implementation of user-focused, network-based access control (NAC). Upgrade security appliances and increase security policy level via comprehensive gateway security suite.
- 3. Upgrade email services to MS Exchange Server to provide efficient access to e-mail, calendars, attachments, and contacts.
- 4. Upgrade Web services to include new enhanced on-line payment functionality and paperless billing.

HUMAN RESOURCES

Director of Human Resources

HUMAN RESOURCES DEPARTMENT

This department is headed by the Director of Human Resources. This department is responsible for the recruitment, testing, selection, training and evaluation systems for employees. In addition, it administers the health insurance benefit claims, workers compensation claims, and retirement, keeps the Classification/Compensation Plan current, and assists employees and department heads with interpretations of the Employee Manual, handles grievance cases, and assures the departments comply with the Fair Labor Standards Act, Family Medical Leave Act, and similar regulations.

GOALS & OBJECTIVES

Goal: Assure that the City maintains a good work environment and has a competitive salary and fringe benefits structure to recruit and reatain qualified employees.

Objectives:

- 1. Administer ther Personnel Policies and Procedures (Employee Handbook) in a fair, impartial manner.
- 2. Continue to recruit broadly to obtain a workforce that resembles the community.
- 3. Maintain the revised Classification and Compensation Plan developed by the Vinson Institute of Government.
- 4. Maintain the higher deductible workers compensation insurance program, and develop a reserve fund to meet anticipated deductible payments.

ENGINEERING

ENGINEERING DEPARTMENT

This department is headed by the City Engineer. In FY 2010, the six divisions which formerly comprised the Public Works Department were merged into the Engineering Department and the Public Works Director position was eliminated. The Engineering Department is now made up of the following divisions: Engineering, Protective Inspections, Government Buildings, Public Works Administration, Parks, Streets, Solid Waste Collections, Solid Waste Disposal and Fleet Maintenance. The Engineering, Protective Inspections, Government Buildings, Public Works Administration, Parks and Streets Divisions are funded through the City's General Funds, whereas, the Solid Waste Collections, Solid Waste Disposal and Fleet Maintenance Divisions operate as Enterprise Funds. A number of capital projects and some equipment purchased by this department are also funded by the Capital Improvements Program Fund and SPLOST Funds.

The Engineering division is responsible for street and drainage design, review of subdivision plans for necessary infrastructure, construction inspections on City projects for roads and drainage, maintaining the City's cemetery maps, adminstering the City's streets repaving and striping program (including the State's LARP funding), maintaining the landfill's post-closure compliance with EPA and EPD rules and regulations, traffic engineering studies and improvements, and development of road and drainage improvements priorities. The Engineering Division serves as the City's liaison with the Georgia Department of Transportation on all street projects within the City, whether locally or state funded. The Engineering division also administers and enforces the Flood Plain Ordinance, Erosion Control Ordinance, and the Driveway Standards and Policies.

GOALS & OBJECTIVES

Goal: Decrease the possibility of damage from flooding in lower elevation areas.

Objectives:

- 1. Begin the process of developing a Comprehensive Stormwater Management Program in compliance with new EPD regulations. Also study the feasibility of implementing a Stormwater Utility to fund the CSMP.
- 2. Continue to maintain and improve the major drainage ditches and canals to provide adequate conveyance of stormwater runoff.
- 3. Adopt and implement the new digital FEMA Flood Insurance Rating Maps and continue to ensure compliance with newly adopted flood plain ordinance.
- 4. Continue to ensure compliance with Federal and State regulations regarding water resources including wetland protection and water quality (NPDES).

Goal: Improve vehicular and pedestrian safety.

Objectives:

- 1. Construct the intersection improvements at W. Grady St. and College St.
- 2. Maintain roads in accordance with applicable standards for resurfacing and striping.
- 3. Improve pedestrian safety by maintaining current sidewalks and providing additional sidewalks and safer crossings where possible, particularly in the area of the Georgia Southern Campus and Downtown area.
- 4. Complete construction of the East Main Street Streetscape.
- 5. Begin design of the West Main Street Streetscape.
- 6. Improve the intersection of Fair Road and South Main St. (US 301 S.).
- 7. Perform traffic studies for safety improvements.

Goal: Assure that proposed developments are built according to the City's standards.

Objectives:

- 1. Continue to meet with developers at the beginning of projects so that they have a clear understanding of development standards before design begins.
- 2. Continue to provide timely review of subdivision plans and site plans for street and drainage design.
- 3. Continue to diligently inspect all new residential subdivision and commercial infrastructure installations to ensure they are installed properly.
- 4. Continue working with City departments to assure that all required criteria, buffering, parking, signage, and tree ordinance provisions are met.
- 5. Continue issuing building permits and certificates of occupancy for all residential and commercial

developments.

6. Work with the Community Development Department to update the City's standards within a new Unified Land Development Code.

Goal: Enhance the availability of parking in the downtown area.

Objective:

- 1. Review and implement a plan for additional parking spaces on East Main Street.
- 2. Work with the DSDA Director on a program to encourage downtown employees to park off main streets.

Goal: Re-establish more formalized Erosion & Sedimentation Control Program.

Objective:

1. All applicable Engineering Division personnel have obtained required plan review and inspection certifications. A formal process for reviewing plans, inspecting sites and noting violations will be finalized.

POLICE DEPARTMENT

POLICE DEPARTMENT

This department is headed by the Director of Public Safety, and is headquartered in the Police Station on East Grady Street. The department has 64 sworn officers and 12 civilian personnel, primarily in records and dispatching. The department offers a full range of policing services, including preventive patrol, traffic enforcement, criminal investigations, crime prevention, drug prevention, and a special response team to deal with unusually sensitive incidents.

The department operates under the community policing concept, which stresses involvement with the community, and placing resources where they are most needed. It also stresses trying to remove the root causes of crime and neighborhood deterioration. The department is structured with four Bureaus: Administrative Bureau, Patrol Bureau, Operations Bureau, and Training Bureau.

The Administrative Bureau is responsible for planning, organizing, coordinating, and directing all activities and operations in the police department, formulate policies and procedures - rules and regulations based on best practices and proven methods for law enforcement, prepares and monitors a comprehensive budget, promote the police department to all people.

The Patrol Bureau is responsible for preventive patrol, traffic enforcement, and response to calls for service. The Bureau is divided into four shifts so that protection is provided 24 hours per day, 7 days per week. Officers typically work a 43-hour work-week, counting time spent writing reports and attending the various courts in which their cases are presented. The Bureau also has an officer assigned to the Statesboro High School as a School Resource Officer.

The Operations Bureau is comprised of Criminal Investigations and Support Services. Criminal Investigations is responsible for in-depth investigations of crimes in order to build successful cases for prosecution. The Bureau works closely with the district attorney's staff and investigators from the Georgia Bureau of Investigation, Federal Bureau of Investigation, the Bulloch County Sheriff's Office, and the GSU Police Department. The Crime Suppression Unit is also under the Operations Bureau and is responsible for targeting violent crime. The K-9 Unit is assigned to the Operations Bureau and supports both Operations and Patrol Bureaus by providing two certified canines and certified K-9 Handlers. Support Services is a part of the Operations Bureau and is responsible for dispatching calls for service and request, records retention and recorders request, building maintenance, computer maintenance, and department training and research, building maintenance, computer maintenance, and department training and research.

The Training Bureau is responsible for all departmental training, hiring process, and the Georgia Police Department Certification Process. The department was successful last year in obtaining Georgia Certified Police Department Recertification. This is based upon a thorough review of the department's standard operating procedures in comparison to national recognized standards for modern police departments.

GOALS & OBJECTIVES

Goal: Decrease the amount of traffic accidents within the City.

Objectives:

- 1. Provide extra patrol and enforcement in known high accident areas.
- 2. Work with the City Engineer's Office to identify road alignment or other design factors needing correction.

Goal: Decrease the amount of drug-related crime within the City.

Objectives:

- 1. Work with the DEA and the local Drug Task Force to increase the number of convictions and drug seizures by 10%.
- 2. Work with the Code Compliance Officers to identify and remove dilapidated properties being used as drug houses.
- Continue support of the Crime Suppression Unit targeting illegal drug sales, Street Gangs and other criminal activities

Goal: Decrease the amount of crime related to physical assaults.

Objectives:

- 1. Work with DFACS and other agencies to identify and prosecute cases of physical abuse.
- 2. Continue to aggressively apprehend and prosecute offenders that commit physical assaults.
- 3. Reduce the number of Crimes Against Persons by 5%.

Goal: Continue to maintain high professional standards and improve the morale of the department. Objectives:

- 1. Maintain status as a Georgia Certified Police Department by continuing review and refinement of all operating policies.
- 2. Develop a more clearly defined career ladder.
- 3. Continue to upgrade equipment by earmarking all confiscated assets forfeitures for purchase of Police Department equipment.
- 4. Complete the last phase of the take home vehicle program to include all officers.

STREETS

STREET DIVISION

The Street Division is responsible for the maintainance of streets, curb and gutter, drainage ditches, and road shoulders. The division is also responsible for street sweeping, pothole patching, crack sealing, street striping and repairing utility cuts in the pavement. The division performs minor work on catch basins and similar drainage structures; however, large projects are typically contracted out, as the division is primarily staffed for maintenance only. Further, the division is also tasked with operating the city's mosquito abatement program. The division's operating budget is in the General Fund. Capital projects are in the CIP Fund and SPLOST Funds.

GOALS & OBJECTIVES

Goal: Maintain the street rights of way and drainage system for compliance with standards and proper function. Objectives:

- 1. Evaluate all complaints the same day they are received and provide prompt follow-up to the complainant.
- 2. Prioritize repairs and maintenance so that known safety hazards are corrected as soon as possible.
- 3. Improve the quality of work to ensure repairs are permanent and work is completed promptly and efficiently.
- 4. Assist the City Engineer's Office in identifying those streets needing resurfacing and restriping or minor improvement.
- 5. Assist the needs of other city departments as designated to maintain fiscal responsibility.

PARKS DIVISION

PARKS DIVISION

The Parks Division is responsible for maintainance of the City's cemetery (cemetery lot sales are handled by the City Engineer's Office). In addition, the division provides maintenance of trees and plantings in traffic islands, McTell Trail, Triangle Park, Renassaince Park, and at various city facilities. The Parks Division operating budget is in the General Fund. Capital projects are in the CIP fund and SPLOST Funds.

GOALS & OBJECTIVES

Goal: Maintain and beautify the Cemetery and various public grounds to enhance the City's appearance and quality of life. Objective:

- 1. Provide seasonal landscaping, pruning, and flower planting schedule.
- 2. Maintain landscaping efficiently and effectively to reduce environmental impacts.
- 3. Improve irrigation of landscaping in a manner that fosters water conservation.

PROTECTIVE INSPECTIONS DIVISION

PROTECTIVE INSPECTIONS

The Protective Inspections Division is responsible for performing building, plumbing, electrical, HVAC, and ADA inspections on all residential and commercial construction within the City to ensure they are in compliance with applicable building codes. It also assists the Director of Community Development in assuring that buildings meet the applicable Zoning Ordinance provisions, such as front, side and rear setbacks, driveway aprons, and adequate parking.

COMMUNITY DEVELOPMENT

COMMUNITY DEVELOPMENT AND CODE COMPLIANCE

This department is headed by the Director of Community Development. It has three primary functions: development services, planning services, and code compliance.

The development services function includes the review of a variety of applications related to the use of land. The staff processes applications for items considered by the Planning Commission and Zoning Board of Appeals such as zoning changes, subdivision plats, conditional uses, and variances. Staff provides zoning review of applications handled primarily by other departments, such as building permits, business licenses, and alcoholic beverage permits. The director serves as the zoning administrator and is responsible for the interpretation and enforcement of the zoning and subdivision regulations.

The department's planning services function refers to a variety of long-range and strategic planning of the community, and grant writing/administration services. The department must fulfill the requirements of the Georgia Department of Community Affairs for preparing and updating the city's comprehensive land use plan as well as the short-term work program, which is a requisite companion of the comprehensive plan. The comprehensive plan is a guide for the future physical growth and development of the community used by the Planning Commission, Zoning Board of Appeals, and Mayor and City Council when making land use decisions. Additionally, the department initiates or participates in a host of other special area or topic planning projects or programs which provide more measureable objectives for achieving the overall goals of the comprehensive plan. Finally, the department prepares grant applications and administers grants for projects related to housing, economic development, transportation and recreation.

The third component of Community development services is that of code compliance. The department's two code compliance officers ensure that the city's physical environment is maintained through the enforcement of codes related to building and property maintenance, sanitation, zoning, etc. Code compliance staff investigates complaints which are often categorized as "nuisances" and is intended to improve the community's standard of living and enhance property values throughout the city.

Most of the activities performed by the Community Development Department are not quantifiable and are therefore not reflected in the performance measures. For example, the department has recently initiated the development of programs that will promote the creation and support of neighborhood associations in the city. The department has also been leading an effort to update and improve the City's development review process and business licensing procedures. The department's tasks take place largely behind the scenes, but ultimately result in a wide variety of programs, products and City Code revisions.

GOALS & OBJECTIVES

Goal: Implement the Statesboro Comprehensive Plan. Objectives

Objective:

- 1. Work with former comprehensive plan steering committee members to foster effective implementation of the Statesboro Comprehensive Plan's Short-Term Work Program.
- 2. Incrementally adjust staff members' work programs to ensure continued implementation of projects associated with the comprehensive plan.
- 3. Educate the public, interest groups and city officials about the need to work cooperatively to proactively implement the *Statesboro Comprehensive Plan*, and determine how partnering agencies can help with plan implementation.

Goal: Continue to encourage the development of housing ownership options for all income levels, including low and moderate-income citizens.

Objectives:

- 1. Continue the partnership with Habitat for Humanity of Bulloch County, Inc. providing them with lots in Statesboro Pointe and partial loans to expedite the construction of homes. The goal is to construct three houses in this fiscal year.
- 2. Continue to work with Habitat by providing them with desirable lots acquired through tax lien sales.
- 3. Administer the Residential Subdivision Incentive Program so that developers are encouraged to develop properties either within the City or adjacent to the City so that the property is annexed before development begins.

Goal: Continue to deal effectively with the development community, while assuring that the City's development objectives are met.

Objectives:

- 1. Review current development review policies related to zoning and subdivision matters, building permits, business licenses, etc. and initiate projects to improve related processes, resources, codes, communications, etc.
- 2. Continue to provide clear schedule deadlines for the Planning Commission submittals, public hearing advertisement requirements, and City Council public hearing dates.
- 3. Meet with developers before they begin design so that they are clearly informed of our criteria.
- 4. Meet with developers and others on rezoning requests and variance requests so that they understand possible compatibility issues.
- 5. Engage organizations such as the Downtown Statesboro Development Authority, Chamber of Commerce, etc. to generate ideas that will promote "business-friendly" adjustments to City procedures and processes.

Goal: To proactively plan for the growth of the community.

Objectives:

- 1. Develop procedures with Bulloch County for the joint review of developments near the City limits.
- 2. Establish clear annexation policies in partnership with Bulloch County, and in a manner that is consistent with both communities' comprehensive plans.
- 3. Review and improve aspects of annexation area agreements as necessary to incorporate more clearly established criteria for the form on new development.
- 4. Foster additional staff-level relationships with Georgia Southern University to promote common growth and development objectives.

Goal: Improve the physical condition of all neighborhoods.

Objectives:

- 1. Create a program designed to generate ad-hoc neighborhood associations which will promote citizen participation in local government affairs.
- 2. Work with neighborhood associations to create programs related to neighborhood code enforcement, beautification, safe routes to school, strategic plans, etc.
- 3. Identify all structures that are deteriorated and unpainted, and notify the owners that they must be brought up to the minimum housing code.
- 4. Identify all lots and tracts that need to be mowed and raked, and notify the owners that these nuisances must be removed.

- 5. Identify all junked or abandoned vehicles on lots and notify the owners that these nuisances must be removed.
- 6. Work with volunteer groups to perform minor maintenance projects for low and moderate-income citizens unable to afford repairs identified by the Code Compliance Officers.
- 7. Apply for a FY 2010 Community Development Block Grant to promote infrastructure improvement in a low-to-moderate income neighborhood.

Goal: Improve the City's land development standards in accordance with the *Statesboro Comprehensive Plan*

Objectives:

- 1. Continue work on a unified land development code to update and replace chapters of Statesboro City Code addressing growth and development.
- 2. Recommend short-term changes to the *Statesboro Zoning Ordinance* and *Statesboro Subdivision Regulations* for action by the Planning Commission and the City Council.
- 3. Modify and improve application forms related to city land development regulations to provide for a greater degree of clarity in the land development process.

OTHER AGENCIES

The City provides partial funding for several outside agencies. This section of the General Fund finances those appropriations.

Among the agencies that receive funding from the City of Statesboro are the Emergency Management Agency, the Bulloch Resident Center, the Drug Abuse Council, the High Hope Center, Concerted Services, the Statesboro Arts Council, the Downtown Statesboro Development Authority, and the Ogeechee Railroad for rental of space for downtown parking.

CONFISCATED ASSETS FUND

This fund accounts for funds seized for possible illegal activity. Once the court adjudicates the case, the money is either released back to the individual, or is forfeited. In some cases, some of the funding goes to the Bulloch County Clerk of Court, and some is turned over to the City. Those funds turned over to the City are used exclusively to support the Police Department, usually with the purchase of additional equipment. This helps supplement the normal capital budget for the department.

The amounts seized can fluctuate significantly from year to year. The Budget assumes a normal year. Should a larger amount become available during the fiscal year, the City Council could adopt a Budget Amendment authorizing more equipment purchases for the department.

COMMUNITY DEVELOPMENT BLOCK GRANT FUND

This fund accounts for the receipt and disbursement of the Community Development Block Grant (CDBG) for the infrastructure, and the Community Housing Improvement Program (CHIP) Grant to build houses, that was awarded to the City to develop Statesboro Pointe Subdivision. This is a 25-lot subdivision that the City created to provide low- and moderate-income citizens the opportunity for homeownership. Currently, the subdivision infrastructure is completely installed and twenty houses have been constructed and sold. Three more are under construction by Habitat. The original plan was for the City to use the proceeds to construct houses, sell them, and repeat this process until all 25 homes had been built and sold. Then, the CHIP funding would continue as a Revolving Housing Loan Fund to finance additional homes that the City could build on individual lots it had acquired.

The City had experienced difficulty in getting some potential buyers bank-qualified for conventional loans. At the same time, Habitat for Humanity of Bulloch County, Inc. had a waiting list of potential homebuyers, but had had difficulty in obtaining reasonably priced building lots. Since Habitat finances its own mortgages at zero interest, the bank qualification process is not an issue for their buyers. The City had 21 remaining lots in Statesboro Pointe, and in late May, 2003, partnered with Habitat; and had the Georgia Department of Community Affairs amend its two grant awards to allow the City to provide these lots as needed to Habitat through the Statesboro—Bulloch County Land Bank Authority at reduced market rates or in some cases, no cost. In addition, DCA authorized the City to loan Habitat up to \$15,000 per house from the CHIP Grant Revolving Loan Fund, to be repaid at no interest as the Habitat mortgage is repaid over 20 years. This has made it less expensive for groups wanting to build a Habitat house as they will have to provide \$15,000 less in upfront money for supplies and materials. This has spurred development of these houses at a faster pace, and has assisted Habitat in getting more volunteers. We believe it is an excellent partnership to address low-income housing in Statesboro.

To date, the City has given the Land Bank Authority three lots at no cost, to be provided to Habitat. In addition, the City has sold seventeen lots to the Land Bank Authority for \$5,000 each, which in turn were sold to Habitat for the same price.

When Statesboro Pointe is completely built out, it is anticipated that the City and Habitat will partner on still other subdivisions, as the CHIP Grant funds will constitute a Revolving Housing Loan Fund that is replenished monthly as the loans to previous homebuyers are repaid into this CDBG Fund. This fund will be the repository of the Revolving Housing Loan Fund.

This Budget assumes that the City will convey two more lots to the Land Bank Authority for conveyance to Habitat. In addition, the City will make two loans of \$15,000 each to Habitat for the construction of these houses. Anyone wishing to participate in this housing program is encouraged to contact Christian Lentz, Director of Community Development, at 764-0668, or Mrs. Lee Cheshire, Habitat Executive Director, at 489-2076.

US DEPARTMENT OF JUSTICE GRANT

This fund accounts for funds seized for possible illegal activity by the Crime Suppression Unit. Once the court adjudicates the case, the money is either released back to the individual, or is forfeited. In some cases, some of the funding goes to the Bulloch County Clerk of Court, and some is turned over to the City. Those funds turned over to the City are used exclusively to support the Crime Suppression Unit, usually with the purchase of additional equipment, training, and investigative costs as required by the Office of Justice Programs Financial Guide.

In FY 2008, the City was awarded a US Department of Justice Grant (The Byrne Memorial Discretionary Grant) for the creation of a Crime Suppression Unit. The City was awarded \$317,722 for this four member team. As long as the Crime Suppression Unit is active, any seizures that are made are recorded in this fund.

BROADBAND WIRELESS GRANT FUND

This fund accounts for receipts and disbursements of a Georgia Technology Grant for the Wireless Communities Georgia Broadband Wireless initiative. The grant provides funding for a wireless broadband network effectively extending the Georgia Southern University campus wireless network to the downtown Statesboro area.

The city was awarded a \$323,298 grant for this project and will provide matching funds of at least twenty percent as required by the grant. The city is partnering with the Downtown Statesboro Development Authority (DSDA) and Georgia Southern University to develop a center known as the GSU City Campus. The City Campus will house space for the GSU intern program to facilitate interaction between students and prospective employers, an Entrepreneurial Center to assist existing downtown businesses as well as start up businesses with essential support services and a 311 CRM Call Center, a service to improve the city's overall customer service initiative.

MULTIPLE GRANT FUND

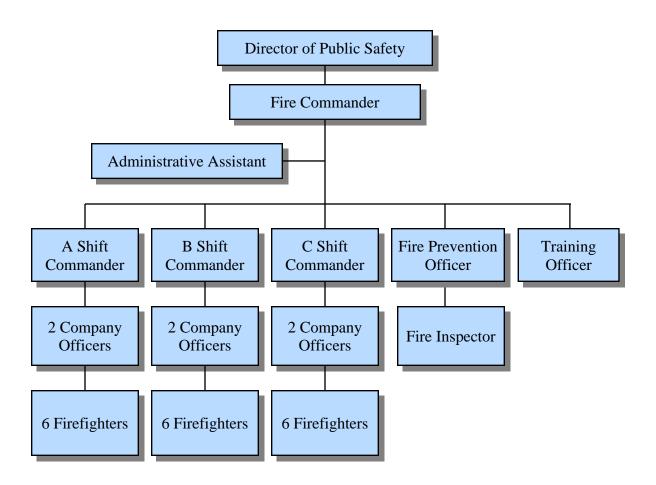

This fund accounts for receipts and disbursements for small state and federal capital grants that individually are less than 2% of the General Fund's annual expenditures. Based upon this Budget, that amount would be for any grant below \$268,791 that is not accounted for in an existing fund. Grants for operating expenses would be received and spent in the appropriate operating fund rather than in this fund.

Should capital grants not budgeted here be received that are below the threshold, this fund would be amended to include both their revenues and expenditures.

STATESBORO FIRE SERVICE FUND

STATESBORO FIRE SERVICE FUND

This department is headed by the Director of Public Safety who is located at City Hall. Station One is located on West Grady Street and Station Two is located on Fair Road. The department offers a full range of fire, hazmat, technical rescue, fire and life safety code management and fire safety education services.

The department operates with 33 personnel, 31 of which are state certified firefighters, and two civilians.

The department operates with three shifts. Each shift works for a 24-hour period. This "24 on\48 off" schedule is considered the industry standard. It provides 9 personnel on each shift.

The Administrative staff consists of a Fire Prevention Officer, a Training Officer, a Fire Inspector as well as the Director of Public Safety, who work a typical 40-hour per week shift, are available for calls during those hours, as well as call-back on major fires.

The department is equipped with five fire pumpers, two aerial ladders, Command/Tactical Support unit, haz-mat unit and a Rehabilitation/Victim assistant unit.

All units are radio dispatched by the Bulloch County dispatch center which operates an enhanced 9-1-1 telephone system. All firefighters are issued pagers which operate on a VHF radio system.

The number of personnel, upgraded equipment, emergency communications, and the City's water system has resulted in the City enjoying a Class 3 ISO fire insurance rating.

The department also covers, by contract with Bulloch County, an area approximately five miles in circumference from each station, most of which is outside the City limits. This is known as the Statesboro Fire District and the residents of the district pay a fire district tax of 1.8 mills to the County, which remits it to the City. For the FY 2010, the fire district paid 38% of the Statesboro Fire Department's operating budget. For this payment, they receive reduced response times and enjoy the same Class 3 ISO rating as citizens of the City.

The department is actively involved in fire prevention. The Prevention Officer serves as the fire marshal, reviewing building plans for compliance with the Life Safety Code and the Fire Code. He works closely with the building official in the Engineering Department in the review of these plans.

In addition, the department presents fire safety programs to hundreds of school children throughout the City of Statesboro and the Statesboro Fire District each year. The department has a Fire Safety House which is taken to schools, community events and other events throughout the City and fire district.

GOALS & OBJECTIVES

Goal: Continue to have no loss of life or serious injury from a fire related incident, and to keep fire-related property losses under .03% of the appraised value of the property within the Statesboro Fire District including the City of Statesboro.

Objectives:

- 1. Continue to stress fire prevention through annual inspection of businesses.
- 2. Continue to stress fire prevention through visits to public and private schools within the fire district.
- 3. Continue to stress early detection of fire through distribution of residential smoke alarms.
- 4. Continue to properly train firefighters to stress safety in their work.
- 5. Finish a fire station master plan to determine the number and location of future fire stations. Then, work cooperatively with Bulloch county to implement the changes as they become needed.
- 6. Acquire a temporary fire station facility to service the eastern part of the district.
- 7. Continue to pursue grants as an alternative source of funding for needed capital items.
- 8. Continue to work toward the construction of the S.Main/GSU fire station.
- 9. Enter into a purchase contract for the acquisition of two new fire apparatus.
- 10. Develop and implement cost recovery strategies to protect the fire district from material financial loss.
- 11. Enhance the staffing levels of the department through a volunteer firefighter program.

DESCRIPTION OF PROJECTS

FD-32 REPLACEMENT PICKUP: This vehicle will replace a Ford Crown Victoria with mileage in excess of 105,000 miles.

Impact on Operating Budget: \$0

FD-34 REPLACEMENT PICKUP: The current vehicle is a 2000 Ford with over 100,000 miles. The replacement vehicle will be used primarily for transporting personnel and will serve as a back up command vehicle.

Impact on Operating Budget: \$0

FD-54 FIRE STATION NO. 4: Over the last 10 years Statesboro has experienced rapid growth of both housing and businesses. New and proposed growth in and around the Gateway Industrial Park has placed an increased demand for fire protection services. In order for the Fire Department to continue to provide the quality fire protection expected by the residents and business owners in this area, this project will involve constructing a fire station in the area of South Main and Veterans Memorial Parkway. This would allow for servicing of the industrial park. A temporary station at this location would also help to maintain the city's ISO classification.

Impact on Operating Budget: \$0 for Current Fiscal Year

HOTEL/MOTEL TAX FUND

This fund accounts for the receipts and disbursements of the 5% hotel/motel room occupancy tax. Since April, 2002, the City has had one-year Service Contracts with the SCVB, the Downtown Statesboro Development Authority (DSDA), and the Statesboro Arts Council (SAC) to promote tourism-related activities. In FY 2011, the SCVB will not be funded with the hotel/motel tax, but a new Statesboro Office of Tourism and Development, Inc. will be funded. The hotel/motel tax proceeds are distributed as follows under the contracts:

25.0 %	DSDA
35.0 %	SAC
<u>40.0%</u>	Statesboro Office of Tourism and Development, Inc.
100.0 %	Total

The proceeds are received from the hotel and motel operators monthly, and are distributed based upon the agreed percentages on a monthly basis as well. The current contract is effective from July 1, 2010 through June 30, 2011.

2002 SPECIAL PURPOSE LOCAL OPTION SALES TAX (SPLOST) FUND

This fund is used to account for the receipts and disbursements of the City's portion of the 2002 1% Special Purpose Local Option Sales Tax.

On March 19, 2002, the voters of Bulloch County approved a referendum measure to continue imposing this tax for a period of five years when the 1997 SPLOST lapsed at the end of September, 2002. Since there is a two-month delay in receiving these funds, receipt of the proceeds began in December, 2002. Those proceeds will be disbursed pursuant to intergovernmental agreements negotiated between the four City Councils and the County Commission prior to the referendum.

This is **not** an additional tax, but an extension for five years of the 1997 SPLOST. This means that the sales tax rate in Bulloch County remained at 6% -- 4% State Sales Tax for the State of Georgia, 1% Local Option Sales Tax for the Bulloch County Board of Education, and 1% Special Purpose Local Option Sales Tax divided by the four cities and the County. However, subsequent to this referendum, the Bulloch County Board of Education held a referendum calling for the imposition of an additional 1% Special Purpose Local Option Sales Tax for Education, (E-SPLOST), which will fund major school construction and renovation projects. This referendum was approved by the voters, and accordingly the sales tax rate in Bulloch County was increased to 7%.

All money should be expended and this fund should be closed out by the end of FY 2011.

2007 SPECIAL PURPOSE LOCAL OPTION SALES TAX (SPLOST) FUND

This fund is used to account for the receipts and disbursements of the City's portion of the 2007 1% Special Purpose Local Option Sales Tax, and that portion of the tax used to finance the City/County joint Solid Waste Disposal Fund which the City administers.

On July 18, 2006, the voters of Bulloch County approved a referendum measure to continue imposing this tax for a period of six years when the 2002 SPLOST lapses at the end of September, 2007. Since there is a two-month delay in receiving these funds, receipt of the proceeds will begin in December, 2007. Those proceeds will be disbursed pursuant to an intergovernmental agreement negotiated between the four City Councils and the County Commission prior to the referendum.

This is **not** an additional tax, but an extension for six years of the 2002 SPLOST. This means that the sales tax rate in Bulloch County will remain at 7%--4% State Sales Tax for the State of Georgia, 1% Local Option Sales Tax for the Board of Education, 1% Educational SPLOST for the Board of Education, and this 1% SPLOST for the county and four cities.

DESCRIPTION OF PROJECTS

ENG-2 STORMWATER PHASE II REGULATIONS: The EPA and EPD have issued new stormwater regulations that require compliance in six (6) mandated areas. The City Engineering Department has been informed by State officials and related professionals that we should anticipate compliance requirements by the year 2013. Prompt installation of some key components will be crucial to the success of the Stormwater Program. This project will be used to retain the services of a qualified consultant to assist the City with setting up its Stormwater Program. The consultant would be charged with helping the City establish timelines, identify stormwater related needs, determine EPD requirements and program funding alternative including the possible implementation of a stormwater utility fee.

Impact on Operating Budget: \$0

ENG-28 STREET STRIPING: This work is needed to bring existing pavement markings up to date or place new, necessary pavement markings.

Impact on Operating Budget: \$0

ENG-40 STREET REPAVING PROGRAM: There are approximately 135 miles of streets and highways within the City limits. Of those, approximately 20 are State or Federal highways, which the Georgia Department of Transportation is responsible for maintaining. The other approximately 115 miles are solely the responsibility of the City. The funding for this project along with the States LARP (Local Assistance for Roads) funds will be used to resurface local roads as needed. It will also be used to mill down some streets before resurfacing, where additional asphalt would raise the road too high for the existing curb and gutter. Performing resurfacing, when needed, extends the service life of our streets.

Impact on Operating Budget: \$0

ENG-41 EAST MAIN/OAK ST/COURTLAND ST PARKING LOT: This project includes purchasing the vacant property (lot 103) between East Main Street and Courtland Street to create an additional 40 space parking lot. Well-lit, easily accessible parking spaces are a premium in the downtown area, and previous concerns for additional downtown parking indicate that these additional 40 spaces (approximately) are desired by the citizens of Statesboro.

Impact on Operating Budget: \$0

ENG-44 INTERSECTION IMPROVEMENTS FOR W. GRADY ST. AND S. COLLEGE ST.: Presently, large vehicles and emergency vehicles have difficulty

making the turn at this intersection because of the short turning radii and the close proximity of the utility poles. Some of the corners do not have handicap accessible ramps and those that have them do not meet standards. This intersection is very close to a Fire Station, an EMS station and the Police station, so adequate turn movements are critical. Upgrading to the existing traffic signal will be required. Providing adequate lane width for all the thru and turn lanes at this intersection will also be required under this project.

Impact on Operating Budget: \$0

ENG-86 LANIER DR. DRAINAGE IMPROVEMENTS: Past accidents as reported by GSU staff identify this ditch as a safety hazard for pedestrians and vehicles. Drainage and grading improvements will create a less hazardous condition for all and improve aesthetics.

Impact on Operating Budget: \$0

ENG-87 BERMUDA RUN SIDEWALK: This project will be used to connect the existing sidewalk at Market District's northern limit to the existing sidewalk near the intersection with Fair Road. There is currently a gap in the sidewalk network along Bermuda Run that creates an unsafe condition for the many students and others who walk this area routinely.

Impact on Operating Budget: \$0

ENG-90 INSTALL SIDEWALK AT ROBINHOOD TRAIL: A sidewalk is needed along Robinhood Trail to provide a safe place for the heavy volume of pedestrian traffic to travel. The continued construction of large scale, high density student housing at the easterly end of Robinhood Trail has provided a substantial increase in pedestrian traffic traveling to and from the GSU campus.

Impact on Operating Budget: \$0

ENG-91 CHURCH STREET IMPROVEMENTS: In FY 2010, the City and County combined their efforts to make substantial improvements to Luetta Moore Park which is located along the southerly side of Church Street. The improvements to the park only provided minimal improvements to Church Street itself. The existing pavement of Church Street is in very poor condition, the pavement width varies from 16' to 18' (which is substandard), and the existing street drainage system is inadequate. Overall roadway improvements are badly needed.

Impact on Operating Budget: \$0

ENG-98 ROADWAY IMPROVEMENTS AT ELEMENTARY SCHOOLS: The Bulloch County Board of Education is currently in the process of constructing three (3) new elementary schools. It is anticipated that roadway improvements will be required at some of these schools. State law dictates that local BOE cannot spend its funds outside of BOE property lines, therefore, other funding sources must be identified to make any "warranted" improvements. It is our goal to find other sources of funding such as Georgia Department of Transportation funds, however, at this time we have not secured additional funding. This project will involve, where warranted by a traffic study, widening of the pavement in order to install left turn lanes and/or deceleration lanes and improve nearby turn radii at newly constructed elementary school(s).

Impact on Operating Budget: \$0

FD-7 FIRE STATION RELOCATION: Over the last 10 years Statesboro has experienced rapid growth of both housing and businesses. A large amount of this growth is taking place on the east side of the City in the area of Cawana and Hwy 80. In order for the Fire Department to continue to provide the quality fire protection expected by the residents and business owners, a temporary fire station will be constructed in this area. A temporary station at this location would also help to maintain the city's ISO classification.

Impact on Operating Budget: \$13,040 Increase for Building Upkeep and Electricity

FD-44 FIRE ENGINE REPLACEMENT: This engine will replace a 1991 engine which is still in service. The life expectancy of a fire engine is between 10 and 15 years. The risk of mechanical failure during emergency operations increases with the age of the equipment. The current truck can only carry two fire fighters while the new truck will carry four. Replacement of this engine is recommended to ensure the City's ISO rating is maintained.

Impact on Operating Budget: \$0

PD-1 POLICE VEHICLES AND CONVERSIONS: The police department has attempted to rotate a third of the patrol vehicles out of the fleet every year due to excessive mileage and high maintenance cost. Staff vehicles, used for personnel assigned in administration, detectives, and training, are rotated approximately every sixth year.

Impact on Operating Budget: \$0

PW-SWC-1 KNUCKLEBOOM LOADER AND BODY: This project provides a replacement knuckleboom loader truck for the Solid Waste Collection Department. The department is unable to obtain parts for the current truck any longer and the components are worn and outdated.

Impact on Operating Budget: \$2,500 Decrease in Repairs and Maintenance - Equipment

PW-SWC-8 AUTOMATED RESIDENTIAL GARBAGE TRUCKS: This project will provide a replacement residential garbage truck for the Solid Waste Collection Department. These vehicles experience a tremendous amount of wear and tear and need to be replaced on a rotational basis.

Impact on Operating Budget: \$0

PW-SWD-11 FRONTEND LOADER: This project will replace a solid waste loader that has exceeded its trade-in value and has been used twice the recommended number of hours.

Impact on Operating Budget: \$2,500 Decrease in Repairs and Maintenance - Equipment

DOWNTOWN STREETSCAPE FUND

This fund accounts for the receipts and disbursements from a Georgia Department of Transportation TE-21 (Transportation Enhancement) Grant to improve two sidewalks, curb and gutter, street trees and other landscaping, decorative benches and lighting in a portion of the downtown. The City was awarded a \$530,000 grant for this project, and had committed to a local match. By adding \$739,000 of local money, the project will have \$1,269,000 available.

The funding will pay for the detailed construction plans and specifications, and the construction for the intersection of S. Main, W. Main, N. Main, and E. Main, continuing down E. Main to Railroad Street. This is the first of several planned phases to include the entire downtown area. This phase should tie in with the Greenway which extends from GSU to downtown, and the recently renovated Triangle Park.

Additional funding will come from two other sources. The street milling and resurfacing will come from the CIP Fund's street paving line item; and the burial of utility lines will come from the CIP Fund's line item for that purpose.

Subsequently, the City received an additional \$300,000 to assist with the West Main Street portion from the Main/Main intersection through College Street. In addition to the Streetscape work, geometric improvements will be made at the W. Main St./College St. intersection.

CAPITAL IMPROVEMENTS PROGRAM FUND

This fund accounts for the receipt and disbursement of funds to acquire major general fixed assets for the City. The projects are derived from the first year's listing within the 6-year Capital Improvements Program for the CIP Fund. Other capital projects are funded in the individual utility funds such as the Water and Sewer Fund, the Natural Gas Fund, the Solid Waste Collection Fund, and the Solid Waste Disposal Fund. Some are also funded in the Fleet Management Fund, the Confiscated Assets Fund, the Multiple Grants Fund, the Statesboro Fire Service Fund, the Downtown Streetscape Fund, the 2002 SPLOST Fund and the 2007 SPLOST Fund.

Funding is provided by a transfer from the Water and Sewer Fund, federal and state grants, and Georgia Department of Transportation (GDOT) grants and local assistance funding, and the Georgia Municipal Association (GMA) lease pool loans. Projects funded here should cost at least \$5,000 and have a useful life of at least two years. Some may have a smaller dollar amount when they are a carryover from the previous year when a project was not finished by year-end. Some capital projects take longer than one fiscal year to complete, requiring the remainder of the project to be funded in the following fiscal year(s). Projects retain the same Project Number and accounting line item in subsequent years in order to easily track a multiple-year project.

The savings from projects or purchases that come in under the budgeted amount are transferred throughout the fiscal year to a Contingency line item in this fund. The Contingency is then available to fund any change orders or unanticipated projects or purchases that arise during the fiscal year without having to amend this fund's budget. Any appropriations remaining in the Contingency line item at fiscal year-end go into the fund balance, which can be appropriated in a subsequent year for other projects.

A summary of the six-year Capital Improvements Program to be financed from the Capital Improvements Fund is included at the end of this section. The complete Capital Improvements Program is a separate document, and contains more detailed information on each project.

DESCRIPTION OF PROJECTS

ENG-18 CALIBRATION OF CITY HALL DE-HUMIDIFIER AND CHILLERS:

Chiller engines have been upgraded to 100% status. The new SEMCO dehumidifier and chillers will need calibration and general maintenance to perform properly. Proper yearly maintenance will keep chillers and de-humidifier running smoothly.

Impact on Operating Budget: \$0

ENG-79 LUETTA MOORE TRAIL – PHASE I: Phase I of the Luetta Moore Trail is the first .24 mile phase of an urban recreational multi-use trail. The hard surfaced trail geared toward non-motorized users provides recreational opportunity within a low-income neighborhood while creating linkage between neighborhoods, subsidized housing, city parks, major employers and city center. Following completion of all phases, the Luetta Moore Trail is anticipated to be 1 mile in length. Funding has been requested for a portion of the construction cost through the Georgia Recreational Trails grant program. The project is consistent with the Bulloch County Greenways System Master Plan (2003), and identified as a prioritized bicycle/pedestrian project in the Bulloch County/City of Statesboro 2035 LRTP (2009).

Impact on Operating Budget: \$1,000 Increase for Maintenance

CD-4 OFFICE REMODELING: Community Development is required to review, redline and approve plans associated with zoning and subdivision proposals, and to process citizen requests to enforce City nuisance codes. To conduct these reviews there is no central processing point. In addition there is no central point to consult with potential applicants and provide them with forms, ordinance/property/procedural information or immediate review of submittals in a consistent manner. The permitting counter will help Community Development provide a "one-stop" shop atmosphere where all development information is readily accessible, and provide space for the administrative assistant to guide and direct walk-in traffic.

Impact on Operating Budget: \$0

PW-PT-13 DECORATIONS: This project involves replacing the old and worn decorations and providing additional decorations.

Impact on Operating Budget: \$100 Increase for Electricity

PW-PT-18 TREES AND SHRUBS MAINTENANCE: This project will entail replacing dead trees and shrubs along the Willie McTell Trail as well as in other locations around the city. It will also provide additional trees and shrubs as needed to maintain city

properties, meet "Tree City USA" demands, and promote the use and aesthetics of city parks and facilities.

Impact on Operating Budget: \$0

PW-ST-31 SIDEWALK REPAIRS: Repairs are needed to chipped or buckled concrete on city streets throughout town, which creates a safety hazard. This project will be used to replace sidewalk, handicap ramps, and curb hazards.

Impact on Operating Budget: \$0

PW-ST-64 REPLACE EXMARK MOWERS: Due to heavy use each year, these units undergo extreme metal fatigue. They need to be replaced on a 2 year rotational basis.

Impact on Operating Budget: \$0

PW-ST-88 SIDE DRESSER: This piece of equipment is used to build up dirt on the side of newly paved streets. Georgia LARP requires us to build the shoulder up after paving. This unit will also be used for widening and repairing road shoulder.

Impact on Operating Budget: \$7,500 for Fuel and Maintenance

WASTEWATER DEPARTMENT

WATER/SEWER DEPARTMENT

CUSTOMER SERVICE

WATER AND SEWER FUND

This fund accounts for the receipts and disbursements to finance the City's Water and Sewer Department. The department is responsible for water treatment, storage, and the distribution system; and the wastewater collection, pumping, and treatment system, as well as the utility billing and collection through the Customer Service Department. The City's water is pumped from deep groundwater wells, treated, pumped to elevated storage tanks, and distributed throughout the City and parts of the County. Wastewater is collected in the sewer lines, pumped where gravity flow is not possible, then treated at a state-of-the-art wastewater treatment plant before discharging to Bird's Pond.

The City must meet stringent US Environmental Protection Agency standards for the treatment of drinking water, and the treatment before discharge of wastewater. Both of these functions are critical to public health, and require certified operators and laboratory personnel.

This fund is accounted for on the accrual basis of accounting, including full depreciation, so that management can determine its financial position as a stand-alone enterprise supported by fees and charges. In order to keep rates low, some SPLOST funds are used for major projects. Any SPLOST funds to be used for water and wastewater projects are spent within the SPLOST Fund, with the completed project then transferred to this fund as a fixed asset.

The City charges fees for service based upon actual consumption. Prices are set to cover the cost of personnel, operations, equipment and improvements and extensions of the systems. Unlike private utility companies, the City does not have to pay property or income taxes, and there are no distributions to shareholders, since the City is tax-exempt and non-profit. Therefore, all net income is either put back into the system, or transferred to the General Fund in order to reduce the need for property taxes to support other City operations. Either way, our citizens and customers are the beneficiaries.

A summary of the six-year Capital Improvements Program financed in the Water and Sewer Fund is included at the end of this section. The complete Capital Improvements Program is a separate document, and contains more detailed information on each project.

GOALS & OBJECTIVES

Goal: Continue to provide safe drinking water with no disruptions other than for minor line repairs. Objectives:

- 1. Continue to maintain all lines, pumps and water tanks so that breakdowns are avoided.
- 2. Continue to maintain the SCADA system so that system information is provided in a timely manner for the operators.
- 3. Continue to train and supervise the laboratory staff so that all required EPA/EPD testing is completed and reported as required, and that any quality issues are addressed immediately.
- 4. Continue the backflow prevention installation program.
- 5. Install \$50,000 worth of touch-read meters to replace older meters.
- 6. Loop the 12" water main from Well #9.

Goal: Continue to collect and treat all wastewater on our system within the NPDES permit issued by the Environmental Protection Division of the Georgia Department of Natural Resources.

Objectives

- 1. Continue to maintain the sewer lines, pump stations, and WWTP so that overflows are avoided.
- 2. Continue to operate the WWTP and the laboratory so that all parameters of the NPDES Permit are met, and properly tested and reported to the State monthly.
- 3. Install emergency generators at two more sewer lift stations.
- 4. Repair the tanks at the wastewater treatment plant.

Goal: Reduce the amount of infiltration and inflow into the wastewater collection system.

Objectives:

- 1. Use the Cues camera to systematically identify the areas of worst infiltration and inflow, particularly in heavy rains.
- 2. Develop a priority rating system for these problems, and either contract for or repair in-house.

Goal: Continue to improve the City's capacity to provide quality customer service.

Objectives:

- 1. Publicize through GSU mailings to students, and other forms of media of all customers the availability of online utility, property tax, and court fine payments.
- 2. Keep the number of misreads on utility accounts below 0.05%.
- 3. Continue to correct billing errors within a 24-hour time period.

DESCRIPTION OF PROJECTS

WWD-14e LAKEVIEW/WHITESVILLE LIFT STATION UPGRADES: The Whitesville sewage pump station has excess flow during wet weather conditions due to the growth in the area, as well as a problem with deteriorated sewage lines in the area. The sewage lift station will require upgrading the pumping capacity to allow future development in the area.

Impact on Operating Budget: \$500 Increase for Electricity

WWD-14h STREETSCAPE REHAB – PHASE II: This project will replace existing deteriorated water lines and sewer lines on West Main Street from South Main Street to South College Street, and a short section of North and South College Street. This project will be in conjunction with Phase II Streetscape Project.

Impact on Operating Budget: \$0

WWD-15 PHASE II BACKFLOW PREVENTION PROGRAM: This project involves installing backflow preventers on all commercial and residential water meters. This complies with the City's Cross Connection Control Policy required by the EPD.

Impact on Operating Budget: \$0

WWD-37 RETROFIT PUMP STATIONS WITH GENERATORS: Due to more stringent and increased regulations by EPD regarding sewage overflows, the City needs to begin retrofitting all sewage pump stations with emergency power generators. This would limit the potential of overflows due to power outages. Currently, we have twenty-one (21) sewage pump stations in the collection system. Of these, only three (3) have emergency power capability.

Impact on Operating Budget: \$600 Increase for Fuel; \$250 Increase for Maintenance

WWD-38 CHANGE OUT TO TOUCH-READ METERS: This is an on-going change-out program to upgrade meters before the twenty (20) year life cycle of a meter has ended. The City will replace approximately 500 meters per year with the touch-read meters. This should enable us to postpone hiring any additional meter readers in the very near future.

Impact on Operating Budget: \$0

WWD-58 TRAILER MOUNTED VAC UNIT: This project will involve purchasing a trailer mounted vacuum unit. This unit will be used to verify location and depth of water lines, as well as for meter box and valve box cleaning.

Impact on Operating Budget: \$0

WWD-62 REPLACE 2001 ½ TON SERVICE TRUCK: Due to age, anticipated mileage and current condition, this unit will need to be replaced with a new unit.

Impact on Operating Budget: \$0

WWD-65 PHASE II PAVING AT WASTEWATER TREATMENT PLANT:

Existing pavement is approximately twenty-five (25) years old, and is in poor condition. Phase I paving project was completed in FY 2006.

Impact on Operating Budget: \$0

WWD-66 REMOTE SEPTAGE DISCHARGE STATION: A remote septage discharge station is needed to eliminate truck traffic in and out of the Wastewater Treatment Plant, eliminate odor problems associated with such discharge, and eliminate sludge loading at the Plant.

Impact on Operating Budget: \$0

WWD-79 EQUIPMENT SHELTER FOR WWTP: This project will involve constructing a 45' x 100' equipment shelter at the Wastewater Treatment Plant that will house the boom truck, backhoe, dump truck, yard jockey and sludge trailers. This equipment is currently parked outside and exposed to the elements.

Impact on Operating Budget: \$3,500 Decrease in Repairs and Maintenance – Equipment

WWD-80 UPGRADE 3 LIFT STATIONS TO MULTI-TRODE: This project will involve upgrading all sewage pump stations with the Multi-Trode Multi-Smart Pump Controller. The advantage of upgrading these pump stations is that the City would be able to gather more data such as pump GPM, duration of cycles, and total capacity that a particular station handled in a day.

Impact on Operating Budget: \$0

WWD-86 SEWER LINING EQUIPMENT: The purchase of this equipment will enable personnel to perform the installation of lining to deteriorated sewer mains in order to preserve sewer main integrity and carrying capacity.

Impact on Operating Budget: \$0

WWD-90 LAKEVIEW WATER/SEWER EXTENSION: This project will include the extension of water and sewer service to the North Lakeview area. This property was recently annexed into the City and a commitment was made to extend water and sewer to the area. This project will initially serve the newly annexed Nesmith Tract as well as provide the ability to, in the future, annex in and serve over 700 acres in the Northwest Quadrant.

Impact on Operating Budget: \$0 for the first year. After installation, this will have to be reevaluated.

WWD-91 EXTENSION OF W&S TO SOUTHEASTERN QUADRANT: This project will include the extension of water and sewer to the southeastern quadrant bordered by Veteran's Memorial Parkway, Old Register Road, Langston Chapel Road and Lanier Drive. This area is highly desirable for annexation and development. This extension will eventually be able to serve approximately 655 acres.

Impact on Operating Budget: \$0 for the first year. After installation, this will have to be reevaluated.

WWD-92 HWY 67 S WATER MAIN EXTENSION: This project will include extending a 12" water main from the existing 8" water main located on Highway 67, south of Veteran's Memorial Parkway, south along the west side of Highway 67 to Burkhalter Road and along the north side of Burkhalter Road to the existing 23" water main. This area is highly desirable for development. A water main extension will improve fire flows in the area.

Impact on Operating Budget: \$0 for the first year. After installation, this will have to be reevaluated.

WWD-93 HWY 301 S WATER TANK: An additional water tank will significantly improve fire flows and add additional reserve capacity.

Impact on Operating Budget: \$0 for the first year. After installation, this will have to be reevaluated.

WWD-94 REPLACE BUSHHOG: Due to age and current condition, this tractor/mower will need to be replaced with a new unit. The unit is used for utility right-of-way maintenance.

Impact on Operating Budget: \$0

WWD-104 REPLACE EXMARK MOWER: Due to age and expected condition, this existing unit will need to be replaced with a new unit.

Impact on Operating Budget: \$0

RECLAIMED WATER FUND

This fund accounts for the receipts and disbursements to finance the City's Reclaimed Water System. The Reclaimed Water System is operated by personnel from the Water/Sewer and Wastewater Treatment Departments and is responsible for supplying highly treated wastewater (reclaimed water) to customers for the purpose of grounds irrigation. The City's Reclaimed Water is pumped from the effluent of the city's Wastewater Treatment Plant and distributed to approved end users of Reclaimed Water.

The City must meet stringent Reclaimed Water Standards established by the State of Georgia Department of Natural Resources, Environmental Protection Division under an NPDES Permit issued by the Department of Natural Resources.

This fund is accounted for on the full accrual basis of accounting, including full depreciation, so that management can determine its financial position as a stand-alone enterprise supported by fees and charges. Capital Cost Recovery (CCR) Fees are used for capital projects.

The City charges fees for service based upon actual consumption. Prices are set to cover the cost of personnel, operations and equipment repairs. System Expansions are paid from CCR fees.

NATURAL GAS DEPARTMENT

NATURAL GAS FUND

This fund is used to account for the receipts and disbursements to finance the Natural Gas Department. The department is responsible for operating the City's natural gas distribution system. The City purchases its gas wholesale, then sells it retail to its industrial, commercial and residential customers. The natural gas industry was fully de-regulated by Congress in 1988, and the Federal Energy Regulatory Commission has implemented policies since then to encourage open competition for gas supply. Since de-regulation, local distribution companies such as the City have had to join with other buyers to get the best possible price in what can be a highly volatile gas supply market. The City is a member of the Municipal Gas Authority of Georgia (MGAG), which is a joint agency established by the State of Georgia to assist municipal gas systems. MGAG negotiates contracts for gas supply, and also can hedge those prices using the commodities market, in an attempt to meet our customers' demand for gas at the lowest price.

The City uses a flexible gas rate, so that it can receive a realistic margin on each therm it sells. The margin is added to the base rate, which is the wholesale price of gas for the month. In this way, the City charges what it needs to pay the personnel, maintain the system, and expand the system, in addition to buying the gas. Unlike private gas companies that must pay property and income taxes, as well as distributions to shareholders, the City is tax-exempt and our citizens are the shareholders. Therefore, all net income is either put back into the system, or transferred to the General Fund in order to reduce the need for property taxes to support other City operations. Either way, our citizens and customers are the beneficiaries.

The City has begun a much more aggressive program of system expansion in recent years. It is critical that this system be expanded in order to provide service to additional customers; and also because it is a source of revenue for the General Fund, thereby helping keep property taxes lower than they would be without this utility. The City is able to do this, and still have lower rates than the surrounding investor-owned gas utilities for the reasons cited above.

A summary of the six-year Capital Improvements Program for the Natural Gas Fund is included at the end of this section. The complete Capital Improvements Program is a separate document, and contains more detailed information on each project.

GOALS & OBJECTIVES

Goal: Continue to operate this inherently dangerous system in compliance with all federal and state regulations in order to avoid any serious injuries or property damage.

Objectives:

- 1. Continue to educate the public on the safe use of this commodity.
- 2. Provide by contract for safe, professional installation and servicing of natural gas appliances.
- 3. Continue to provide systematic training in operations and safety for all natural gas employees.
- 4. Have no serious accidents during the year.
- 5. Continue to participate in the MGAG consortium for safety and regulatory compliance.

Goal: To expand this system in the most desirable locations to maximize both service and profitability. Objectives:

- 1. Continue to install services to new residential subdivisions and commercial developments.
- 2. Identify those areas within the City without natural gas service and install it.
- 3. Install gas mains in phase II of Gate Way Industrial Park.

Goal: To encourage growth of the customer base by making natural gas appliances more readily available.

Objectives:

- 1. Continue to provide the customer incentives to purchase natural gas appliances.
- 2. Participate in Municipal Gas Authority of Georgia marketing program PACE.
- 3. Develop marketing program for inactive accounts.

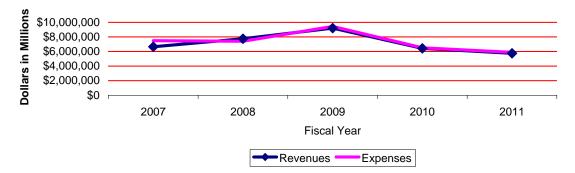

PERFORMANCE MEASURES

DESCRIPTION OF PROJECTS

NGD-11 SYSTEM EXPANSION PROJECTS: As part of the City's master plan and the goal of expanding our system into new areas each year, this project will include adding two (2) miles of new main this year. Reinvesting a portion of the system revenues back into the system is a way of insuring the continued growth and health of our system.

Impact on Operating Budget: \$0

NGD-21 INDUSTRIAL PARK 301 S: This project will include installing gas lines and gas service to the new industrial park. This is the new park that is across from Wal-Mart Distribution Center.

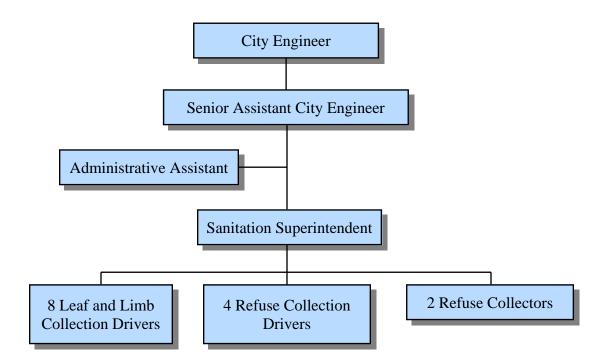

Impact on Operating Budget: \$0

SOLID WASTE COLLECTION DIVISION

SOLID WASTE COLLECTION FUND

This fund accounts for the receipts and disbursements to operate the City's solid waste collection systems for commercial, residential and yard waste. It is financed by the monthly sanitation fees and polycart fees that customers pay. The City provides commercial collection services using front-end loading trucks and dumpsters picked up on a schedule agreed to by the customer and City. Customers are charged an amount determined by the cubic yard size of the dumpster used, and the number of times per week it is serviced.

Residential collection is provided using polycarts that citizens take to the curbside for once per week service. The cost for this service is projected to increase \$0.42 to \$14.10 per month. This price is still lower than similar service by private companies in the unincorporated areas of Bulloch County.

Yard waste and white goods are collected curbside throughout the City using knuckleboom loaders and trailers following a route system. This service is included in the residential fee noted above.

This fund is also charged for each ton it disposes of in the Lakeview Road Transfer Station. Consequently, the City entered into a contract with Williams Brothers Trucking Company, Inc. to grind and remove yard waste quarterly. The cost per ton for household/commercial refuse is projected to increase to \$35.00 at the Transfer Station. However, the grindable material is proposed to be charged \$14.10 per ton. Obviously, the contracted grinding is reducing our disposal costs.

A summary of the six-year Capital Improvements Program financed in the Solid Waste Collection Fund is included at the end of this section. The complete Capital Improvements Program is a separate document, and contains more detailed information on each project.

GOALS & OBJECTIVES

Goal: Maintain a healthy environment by the removal and disposal of garbage, yard waste, and other debris.

Objectives:

- 1. Continue to complete all assigned routes efficiently and effectively.
- 2. Explore ways to improve routing efficiency.
- 3. Continue to provide effective communication with the public and explore ways to improve customer service and communication.
- 4. Improve recycling and waste reduction opportunities.

PERFORMANCE MEASURES

	FY 2	2009	FY	2010	FY 2011
	Adopted	Actual	Adopted	Projected	Base
Number of residential customers (housing units) at FY end	6,916	6379	6,934	6,507	6,637

DESCRIPTION OF PROJECTS

PW-SWC-1 KNUCKLEBOOM LOADER AND BODY: This project provides a replacement knuckleboom loader truck for the Solid Waste Collection Department. The department is unable to obtain parts for the current truck any longer and the components are worn and outdated.

Impact on Operating Budget: \$2,500 Decrease in Repairs & Maintenance - Equipment

PW-SWC-4 FRONT-LOADING COMMERCIAL DUMPSTERS: This is an ongoing replacement of commercial dumpsters that are no longer repairable.

Impact on Operating Budget: \$0

PW-SWC-5 ADDITIONAL POLYCARTS (150): The continued growth of the City requires that we add approximately 30 new polycarts to the collection route each month. The normal life of the carts is 10 years, and some of these carts have been used for 13 years.

Impact on Operating Budget: \$0

PW-SWC-8 AUTOMATED RESIDENTIAL GARBAGE TRUCKS: This project will provide a replacement residential garbage truck for the Solid Waste Collection Department. These vehicles experience a tremendous amount of wear and tear and need to be replaced on a rotational basis.

Impact on Operating Budget: \$0

PW-SWC-9 FRONT-LOADING COMMERCIAL GARBAGE TRUCKS: In order to keep up with the growth of the City, these trucks need to be replaced on a rotational basis. The current two trucks are running 55-60 weeks versus a normal expected work week of 40 hours.

Impact on Operating Budget: \$0

PW-SWC-14 VEHICLE GPS TRACKING SYSTEM: This equipment records field data and vehicle route, number of stops & speed to reduce cost and boost productivity. The units can be distributed to multiple personnel to further improve productivity and response times.

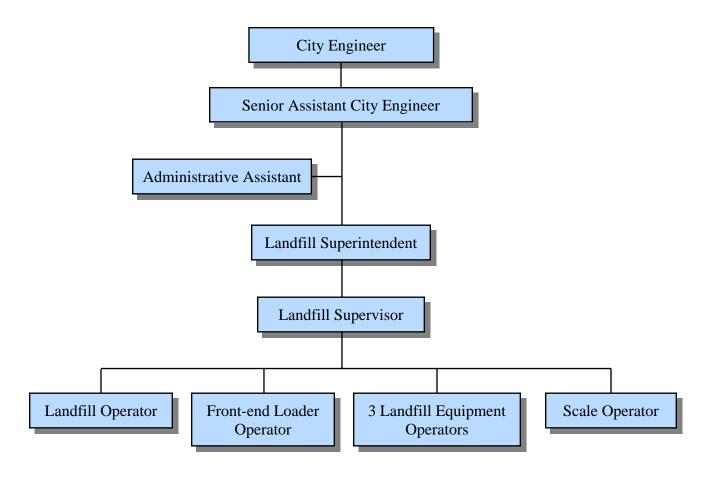

Impact on Operating Budget: \$500 Increase in Maintenance Costs

SOLID WASTE DISPOSAL DIVISION

SOLID WASTE DISPOSAL FUND

This fund accounts for the receipts and disbursements to operate the jointly owned City and County transfer station and inert landfill on Lakeview Road. It also covers the post-closure costs of the Lakeview Road Landfill. Also included are the costs to transport and dispose of the solid waste at the Broadhurst Environmental Landfill near Jesup. Transportation is provided by contract with a local trucking company. The disposal agreement was re-negotiated in 2002, resulting in a decrease in the tipping fees to \$22.06 per ton. An inflationary index is included. Funding for the Keep Bulloch Beautiful program also comes from this fund.

This fund is financed by the tipping fees that users of the transfer station pay to dispose of solid waste. Brush, leaves and other grindable material is disposed of using a private mulching contractor at \$10.40 per ton. The tipping fee for this material is increasing to \$14.10 per ton. The tipping fee for other waste is increasing to \$35.00 per ton. The cost of transportation is approximately \$10.00 per ton and disposal is \$22.06 per ton. In addition, there is the cost of personnel and equipment to weigh the waste and operate the transfer station and the methane extraction system as part of the post-closure of the Lakeview Landfill.

SPLOST funds are appropriated to pay the post-closure costs, and pay part of the disposal fees at the Broadhurst Environmental Landfill. Without these SPLOST funds, this fund would either have to be subsidized by property taxes, or have higher tipping fees. If those fees become too high, they could result in illegal dumping, which would create public health and aesthetics problems for the community.

The operation of the transfer station and inert landfill, the maintenance of the closed Lakeview Landfill and the operation of the attendant methane gas extraction system are under the direction of the City Engineer. The City Engineer is responsible for all post-closure regulatory compliance issues, working with the City's engineering consultant to keep the closed landfill in full compliance with US Environmental Protection Agency and Georgia Environmental Protection Division rules and regulations.

A summary of the six-year Capital Improvements Program financed in the Solid Waste Disposal Fund is included at the end of this section. The complete Capital Improvements Program is a separate document, and contains more detailed information on each project.

GOALS & OBJECTIVES

Goal: Maintain a healthy environment by the removal and disposal of garbage, yard waste and other debris.

Objectives:

- 1. Continue to grind as much yard waste as possible to minimize cost, provide reuse alternatives for the material, and reduce the use of inert landfill space at our facility.
- 2. Contine to explore additional ways of reclaiming our waste to further reduce tonnage transported to the Broadhurst facility for disposal.
- 3. Continue to operate the transfer station safely and in compliance with all federal and state regulations.
- 4. Expand the transfer station to ensure compliance with operating permit.
- 5. Expand inert landfill to ensure uninterupted and continued operation.
- 6. Work with the county to expand its recycling center and additional recyling opportunities.

DESCRIPTION OF PROJECTS

PW-SWD-3 REPLACEMENT OF LONGHAUL TRAILERS: This project will entail replacing old transfer trailers that have been used well beyond their useful life and are no longer safe to use. They will also be put on a 5-year rotation with three (3) replaced each year.

Impact on Operating Budget: \$5,000 Decrease in Repairs and Maintenance

PW-SWD-11 FRONTEND LOADER: This project will replace a solid waste loader that has exceeded its trade-in value and has been used twice the recommended number of hours.

Impact on Operating Budget: \$2,500 Decrease in Repairs and Maintenance

PW-SWD-17 INERT LANDFILL EXPANSION: This project will include the purchase of approximately 27 acres to the north of the Lakeview Road Landfill to allow the expansion of the existing inert landfill, to provide a natural buffer and to provide possible space for a construction and demolition waste landfill as well as other landfill related operations. The northerly side of the landfill provides the most logical location for expansion.

Impact on Operating Budget: \$0

PW-SWD-28 SLAB FOR METAL COLLECTION: The EPD requires a 50' x 50' concrete slab with collection tank for runoff from metals in order to prevent contaminating dirt and ground water. This is necessary to keep the City in compliance.

Impact on Operating Budget: \$0

PW-SWD-29 WASH RACK: In order to be in compliance with EPD, the City is required to clean equipment and trucks that work in waste in an EPD approved wash rack, which will contain the runoff. This project will provide for a 50' x 75' slab with retaining walls two (2) feet high and a metal building cover.

Impact on Operating Budget: \$0

BENEFITS INSURANCE FUND

This internal service fund accounts for the receipts and disbursements to operate the City's self-funded health insurance program. The City contracts with a third-party administrator (TPA) to run this program, and advise it on how to determine premiums for both the employer and the employee. The premiums are set to cover three cost components of the plan: the third party administrator's fees; actual medical claims; and the premiums for stop/loss reinsurance.

This Budget is based upon a 0% increase in premiums and the City will continue pay 78% of both employee and dependent health insurance, and individual employees will pay the other 22% through payroll deduction from earnings. The City's portion of the premiums is budgeted within each budget that has personnel covered by the plan, so that the costs are allocated to the proper fund, department and division.

It is critical that adequate reserves be set aside in good claims years, so that when a bad claims year hits, the fund is financially strong. This removes the possibility of spikes in rates for both the City and its employees, or serious cuts in the level of benefits provided.

The premiums as of July 1st are as follows:

Monthly Premiums For Type of Coverage	mployee are 22%	City Share 78%		Total Premiums		
Single Employee	\$ 121.01	\$	429.01	\$	550.02	
Increase over Prior Year	\$ -	\$	-	\$	-	
Increase per Week	\$ -	\$	-	\$	-	
Family Coverage	\$ 279.20	\$	989.86	\$	1,269.06	
Increase over Prior Year	\$ -	\$	-	\$	-	
Increase per Week	\$ _	\$	-	\$	_	

The City also offers a Flexible Benefits Plan whereby employees can deduct up to \$3,500 annually from their wages or salary to pay for medical expenses not covered by insurance. The benefit is that this money is considered pre-tax by the IRS, making it exempt from both federal and state income taxes. All money deducted by the employee during the plan year must be spent or it is forfeited to the plan and donated to a charitable purpose. Consequently, employees must carefully determine the deduction level each year.

Beginning in FY 2006, the City significantly changed its Workers' Compensation Insurance Program due to dramatically higher premiums. After comparing self-funding versus a higher deductible policy, the higher deductible was selected. The deductible per accident is now \$50,000. Some of the savings from the lower premium is then set aside in this fund as a reserve to pay any deductibles.

FLEET MANAGEMENT DIVISION

FLEET MANAGEMENT FUND

This fund accounts for the receipts and disbursements to operate the City's centralized vehicle and equipment fleet maintenance program.

The enterprise funds will pay \$40.00 per hour, or \$10.00 per quarter hour. The departments in the General Fund will not pay for the services. Computerized records of all maintenance on each piece of equipment will continue to b maintained and a preventative maintenance schedule, as established in conjunction with each department, will be continued. This has resulted in more dependable equipment and vehicle service resulting in prolonged usage. This operation will continue under the supervision of the City Engineer.

A summary of the six-year Capital Improvements Program financed in the Fleet Management Fund is included at the end of this section. The complete Capital Improvements Program in a separate document, and contains more detailed information on each project.

GOALS & OBJECTIVES

Goal: Continue maintainance of the City's fleet of vehicles at below market labor rates and reduction of the number of breakdowns in the field.

Objectives:

- 1. Maintain the average number of equipment pieces maintained by each mechanic.
- 2. Reduce the amount of work contracted out due to specialized training or equipment required.
- 3. Continue to improve training of mechanics on all types of equipment.
- 4. Continue the preventive maintenance schedule so that equipment failures on the job are further reduced.

DEBT SERVICE SCHEDULES

The City of Statesboro continues to be proactive in its fiscal management practices. This section summarizes the debt service obligations of the City at the beginning of FY 2011. These obligations represent the City's annual installment payments of principal and interest for previous capital improvement projects or acquisitions funded through debt financing.

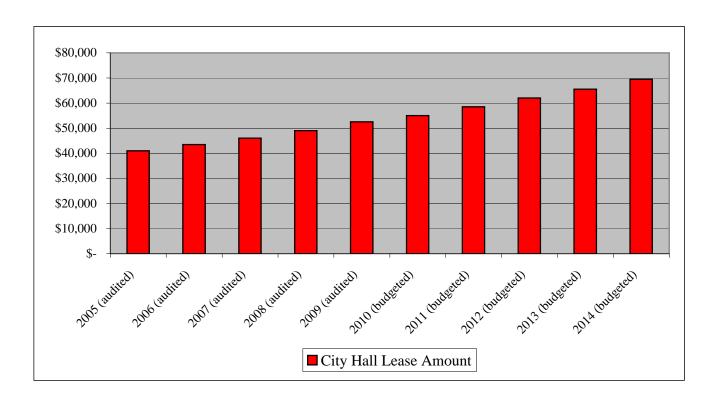

According to the Georgia Constitution, a city's legal debt margin for general obligation debt is ten percent (10%) of the total assessed property values within the city limits. Currently, the City has no outstanding general obligation debt. In general long-term debt, the City has a lease agreement with the Downtown Statesboro Development Authority dated October 3, 1995, for 25 years. This debt financed the purchase and renovation of City Hall.

In the Natural Gas Fund, the City has a One Georgia Authority loan that financed the extension of gas lines to the City of Metter, Georgia. This obligation will be satisfied in April, 2022.

In the Water and Sewer Fund, the City recently issued \$15,040,000 in Water and Sewer Revenue Bonds. This debt was issued to refund and redeem all of the outstanding Water and Sewer Refunding Revenue Bonds, Series 1995, to prepay ten loans with the Georgia Environmental Facilities Authority, to provide funds sufficient to satisfy the Debt Service Reserve Requirement on the Bonds, to acquire, construct and equip extensions, additions and improvements to the System and to pay the fees and expenses incurred in connection with the issuance of the Bonds. The City will realize a savings of approximately \$382,859 in net present value over the next twenty three years. In addition, the City has three outstanding loans with the Georgia Environmental Facilities Authority.

Glossary of Terms

Accrual Basis - A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

Activity - Departmental efforts which contribute to the achievement of a specific set of program objectives; the smallest unit of the program budget.

Ad Valorem Taxes - Commonly referred to as property taxes, are levied on both real and personal property according to the property's valuation and the tax rate.

Allot - To divide an appropriation into amounts, which may be encumbered or expended during an allotment period.

Annualize - Taking changes that occurred mid-year and calculating their cost for a full year, for the purpose of preparing an annual budget.

Appropriation - A legal authorization to incur obligations and to make expenditures for specific purposes.

Assessed Valuation - The valuation set upon real estate and certain personal property by the Assessor as a basis for levying property taxes.

Assessment Ratio - The ratio at which the tax rate is applied to the tax base.

Asset - Resources owned or held by a government which have monetary value.

Attrition - A method of achieving reduction in personnel by not refilling the positions vacated through resignation, reassignment, transfer, retirement, or means other than layoffs.

Authorized Positions - Employee positions, which are authorized in the adopted budget, to be filled during the year.

Available (Undesignated) Fund Balance - This refers to the funds remaining from the prior year which are available for appropriation and expenditure in the current year.

Balanced Budget – A budget in which planned revenues available equal planned expenditures.

Base Budget - Cost if continuing the existing levels of service in the current budget year.

Bond - A long-term I.O.U. or promise to pay. It is a promise to repay a specified amount of money (the face amount of the bond) on a particular date (the maturity date). Bonds are primarily used to finance capital projects.

General Obligation (G.O.) Bond - This type of bond is backed by the full faith, credit and taxing power of the government.

Revenue Bond - This type of bond is backed only by the revenues from a specific enterprise or project, such as a hospital or toll road.

Bond Refinancing - The payoff and re-issuance of bonds, to obtain better interest rates and/or bond conditions.

Budget - A plan of financial activity for a specified period of time (fiscal year or biennium) indicating all planned revenues and expenses for the budget period.

Budgetary Basis - This refers to the basis of accounting used to estimate financing sources and uses in the budget. This generally takes one of three forms: GAAP, cash, or modified accrual.

Budget Calendar - The schedule of key dates that a government follows in preparation and adoption of the budget.

Budgetary Control- The control or management of a government in accordance with the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and resources.

Capital Assets - Assets of significant value and having a useful life of several years. Capital assets are also called fixed assets. The City of Statesboro defines them as assets costing at least \$5,000 and a useful life of two or more years.

Capital Budget - The appropriation of bonds or operating revenue for improvements to facilities, and other infrastructure.

Capital Improvements - Expenditures related to the acquisition, expansion or rehabilitation of an element of the government's physical plant; sometimes referred to as infrastructure. It also includes vehicle and equipment replacement.

Capital Improvements Program (CIP) - A plan for capital outlay to be incurred each year over a fixed number of years to meet capital needs arising from the government's long-term needs.

Capital Outlay - Assets which have a value of \$500 or more and have a useful economic lifetime of more than one year; or, assets of any value if the nature of the item is such that it must be controlled for custody purposes as fixed asset.

Capital Project - Major construction, acquisition, or renovation activities which add value to a government's physical assets or significantly increase their useful life. Also called capital improvements.

Capital Reserve - An account used to segregate a portion of the government's equity to be used for future capital program expenditures. The amount of capital reserve is roughly equal to the government's annual equipment depreciation and an amount identified as being needed for future capital acquisition.

Commodities - Expendable items that are consumable or have a short life span. Examples include office supplies, gasoline, minor equipment, and asphalt.

Constant or Real Dollars - The presentation of dollar amounts adjusted for inflation to reflect the teal purchasing power of money as compared to a certain point in time in the past.

Consumer Price Index (CPI) - A statistical description of price levels provided by the U.S. Department of Labor. The index issued as a measure of the increase in the cost of living (i.e., economic inflation).

Contingency - A budgetary reserve set-aside for emergencies or unforeseen expenditures not otherwise budgeted.

Contractual Services - Services rendered to a government by private firms, individuals, or other governmental agencies. Examples include utilities, rent, maintenance agreements, and professional consulting services.

Cost-of-living Adjustment (COLA) - An increase in salaries to offset the adverse effect of inflation on compensation.

Debt Service - The cost of paying principal and interest on borrowed money according to a predetermined payment schedule.

Dedicated Tax - A tax levied to support a specific government program or purpose. .

Deficit - The excess of an entity's liabilities over its assets or the excess of expenditures or expenses over revenues during a single accounting period.

Department - The basic organizational unit of government which is functionally unique in its delivery of services.

Depreciation - Expiration in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy or obsolescence.

Development-related Fees - Those fees and charges generated by building, development and growth in a community. Included are building and street permits, development review fees and zoning, platting and subdivision fees.

Disbursement - The expenditure of monies from an account.

Distinguished Budget Presentation Awards Program - A voluntary awards program administered by the Government Finance Officers Association to encourage governments to prepare effective budget documents.

Employee (or Fringe) Benefits - Contribution made by a government to meet commitments or obligations for employee fringe benefits. Included are the government's share of costs for Social Security and the various pension, medical and life insurance plans.

Encumbrance - The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a specified future expenditure.

Entitlements - Payments to which local governmental units are entitled, pursuant to and allocation formula determined by the agency providing the monies, usually the state or the federal government.

Expenditure - The payment of Cash on the transfer of property or services for the purpose of acquiring an asset, service or settling a loss.

Expense - Charges incurred (whether paid immediately or unpaid) for operations, maintenance, interest or other charges.

Fiscal Policy - A government's policies with respect to revenues, spending, and debt management as these relate to government services, programs and capital investment. Fiscal policy provides an agreed-upon set of principles for the planning and programming of government budgets and their funding.

Fiscal Year - A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization. The City's fiscal year is July 1st through June 30th.

Fixed Assets - Assets of long-term character that are intended to continue to be held or used, such as land, buildings, machinery, furniture, and other equipment.

Full Faith and Credit - A pledge of a government's taxing power to repay debt obligations.

Full-time Equivalent Position (FTE) - A part-time position converted to the decimal equivalent of a full-time position based on 2080 hours per year. For example, a part-time typist working for 20 hours per week would be the equivalent to .5 of a full-time position.

Function - A group of related activities aimed at accomplishing a major service of regulatory program for which a government is responsible (e.g., public safety).

Fund - A fiscal entity with revenues and expenses which are segregated for the purpose of carrying out a specific purpose or activity.

Fund Balance - The excess of the assets of a fund over its liabilities, reserves, and carryover.

GAAP - Generally Accepted Accounting Principles. Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

Goal - A statement of broad direction, purpose or intent based on the needs of the community. A goal is general and timeless.

Grants - A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending upon the grantee.

Indirect Cost - A cost necessary for the functioning of the organization as a whole, but which cannot be directly assigned to one service.

Infrastructure - The physical assets of a government (e.g., streets, water, sewer, public buildings and parks).

Interfund Transfers - The movement of monies between funds of the same governmental entity.

Intergovernmental Revenue - Funds received from federal, state and other local government sources in the form of grants, shared revenues, and payments in lieu of taxes.

Internal Service Charges - The charges to user departments for internal services provided by another government agency, such as data processing, or insurance funded from a central pool.

Lapsing Appropriation - An appropriation made for a certain period of time, generally for the budget year. At the end of the specified period, any unexpected or unencumbered balance lapses or ends, unless otherwise provided by law.

Levy - To impose taxes for the support of government activities.

Line-item Budget - A budget prepared along departmental lines that focuses on what is to be bought.

Long-term Debt - Debt with at maturity of more than one year after the date of issuance.

Materials and Supplies - Expendable materials and operating supplies necessary to conduct departmental operations.

Mill - The property tax rate which is based on the valuation of property. A tax rate of one mill produces one dollar of taxes on each \$1,000 of assessed property valuation.

Modified Accrual – Basis of accounting according to which (a) revenues are recognized in the accounting period in which they become available and measurable and (b) expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable except for unmatured interest on general long-term debt and certain similar accrued obligations, which should be recognized when due.

Net Budget - The legally adopted budget less all interfund transfers and interdepartmental charges.

Nominal Dollars - The presentation of dollar amounts not adjusted for inflation. Adjusting for inflation would be done to reflect the real purchasing power of money today.

Object of Expenditure - An expenditure classification, referring to the lowest and most detailed level of classification, such as electricity, office supplies, asphalt, and furniture.

Objective - Something to be accomplished in specific well-defined, and measurable terms and that is achievable within a specific time frame.

Obligations - Amounts which a government may be legally required to meet out of its resources. They include not only actual liabilities, but also encumbrances not yet paid.

Operating Revenue - Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings, and grant revenues. Operating revenues are used to pay for day-to-day services.

Operating Expenses - The cost of personnel, materials and equipment required for a department to function.

Output Indicator - A unit of work accomplished, without reference to the resources required to do the work (e.g., number of permits issued, number of refuse collections made, or number of burglary arrests made). Output indicators do not reflect the effectiveness or efficiency of the work performed.

Pay-as-you-go-Basis - A term used to describe a financial policy by which capital outlays are financed from current revenues rather than through borrowing.

Performance Budget - A budget wherein expenditures are based primarily upon measurable performance of activities and work programs.

Performance Indicators - Specific quantitative and qualitative measures of work performed as an objective of specific departments or programs.

Performance Measure - Data collected to determine how effective or efficient a program is in achieving objectives.

Personal Services - Expenditures for salaries, wages, and fringe benefits of a government's employees.

Prior-Year Encumbrances - Obligations from previous fiscal years in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation, and for which a part of the appropriation is reserved. The cease to be encumbrances when the obligations are paid or otherwise terminated.

Program - A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the government is responsible.

Program Budget - A budget which allocates money to the functions or activities of a government rather than to specific items of cost or to specific departments.

Program Performance Budget - A method of budgeting whereby the services provided to the residents are broken down in identifiable service programs or performance units. A unit can be a department, a division, or a workgroup. Each program has an identifiable service or output and

objectives to effectively provide the service. The effectiveness and efficiency of providing the service by the program is measured by performance indicators.

Program Revenue (Income) - Revenues earned by a program, including fees for services, license and permit fees, and fines.

Purpose - A broad statement of the goals, in terms of meeting public service needs that a department is organized to meet.

Reserve - An account used either to set aside budgeted revenues that are not required for expenditure in the current budget year or to earmark revenues for a specific future purpose.

Resolution - A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

Resources - Total amounts available for appropriation including estimated revenues, fund transfers, and beginning balances.

Retained Earnings - The accumulated earnings of an Enterprise or Internal Service Fund which have been retained or held in the fund and which are not reserved for any specific purpose.

Revenue - Sources of income financing the operations of government.

Service Level - Services or products which comprise actual or expected out-put of a given program. Focus is on results, not measures of workload.

Source of Revenue - Revenues are classified according to their source or point of origin.

Supplemental Appropriation - An additional appropriation made by the governing body after the budget year or biennium has started.

Supplemental Requests - Programs and services, which departments would like to have added (in priority order) over their target budget, or if revenue received is greater than anticipated. .

Target Budget - Desirable expenditure levels provided to departments in developing the coming year's recommended budget. Based on the prior year's adopted budget, excluding one-time expenditures, projected revenues and reserve requirements.

Tax Levy - The resultant product when the tax rate per one hundred dollars is multiplied by the tax base.

CITY OF STATESBORO

Taxes - Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the people. This term does not include specific charges made against particular persons or property for current or permanent benefit, such as special assessments.

Transfers In/Out - Amounts transferred from one fund to another to assist in financing the services for the recipient fund.

Unencumbered Balance - The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of money still available for future purposes.

Unreserved Fund Balance - The portion of a fund's balance that is not restricted for a specific purpose and is available for general appropriation.

User Charges - The payment of a fee for direct receipt of a public service by the party who benefits from the service.

Variable Cost - A cost that increases/decreases with increases/decreases in the amount of service provided such as the payment of wages.

Working Capital- Excess of current assets over current liabilities.

Workload Indicator - A unit of work to be done (e.g., number of permit applications received, the number of households receiving refuse collection service, or the number of burglaries to be investigated).

Work Years - The amount of personnel resources required for a program expressed in terms of the "full-time equivalent" number of employees. One "work year" is equal to one full-time, year round employee. For most categories, this equals 2080 hours per year (40 hours per week times 52 weeks). The number of hours a part-time employee is budgeted to work during the year is divided by 2080 to arrive at the equivalent number of "work years" for the position.
