Independent Auditor's: Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed In Accordance with *Governmental Auditing Standards*

Introduction

CITY OF STATESBORO

COUNCIL

Phil Boyum Sam Lee Jones Jeff Yawn Derek Duke John Riggs

Jonathan McCollar, Mayor Charles Penny, City Manager Leah Harden, City Clerk

50 East Main Street • P.O. Box 348 Statesbord, Georgia 30459-0348

December 31, 2019

To The Honorable Mayor, City Council, and Citizens of the City of Statesboro:

The **Comprehensive Annual Financial Report (CAFR)** of the City of Statesboro, Georgia for the fiscal year ended June 30, 2019 is submitted herewith. This report was prepared by the City's Finance Department. Responsibility for the completeness and accuracy of the report rests with the City's management. We believe the data presented is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position, results of operations and cash flows of the City as measured by the financial activity of its various funds; that the statements and underlying financial data have been prepared in conformity with generally accepted accounting principles (GAAP) and that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included.

City management's narrative on the financial activities of the City for the fiscal year ended June 30, 2019, is included in the Management's Discussion and Analysis (MD&A) section of this report, immediately following the independent auditor's report. The letter of transmittal is written to compliment the MD&A and the financial statements, and should be read from that perspective and in conjunction with all other CAFR sections.

PROFILE OF THE CITY

The City of Statesboro was created by an act of the General Assembly of the State of Georgia on December 19, 1803. The City operates under the Council/Manager form of government, providing the following services as authorized by its charter: public safety (police and fire), streets and drainage, community development, community services and general administrative services. The City also operates four public utilities (a water and sewer system, a stormwater system and a natural gas distribution system) and provides sanitation collection and disposal services. The City and Bulloch County jointly operate a transfer station for transport of solid waste and an inert landfill.

The City reports a 2019 estimated population of 31,667, which is based upon the May 12, 2019 Statesboro, Georgia Population Data and Demographics. This is less than 1% of the total State of Georgia population. Statesboro ranks high with a 48.38% poverty level while Bulloch County poverty rate is 30.44% and National poverty rate is 12.3%. However, this number is impacted by the

fact that university students, when filling out census forms, do not have significant earned income. Georgia Southern University's Bureau of Business Research and Economic Development in a recent study confirmed that the non-student population has a much higher per capita income than the census for this reason; and, the university student population has a considerable amount of disposable income, though little earned income, as they are predominantly supported financially by parents. In January 2017, the University System of Georgia Board of Regents voted to consolidate Armstrong State University and Georgia Southern University. The new, 26,054 student university formed in January 2018 and is named Georgia Southern University with the first entering class in Fall 2018. The university now consists of 3 campuses with the Armstrong campus located in Savannah enrolling 5,278 students, the Liberty campus located in the Hinesville enrolling 502 students and Statesboro campus enrolling 18,256 students, not including on-line enrollment.

The City of Statesboro is the county seat of Bulloch County, Georgia, located in the southeastern corner of the state. It is included on the southern leg of the Savannah River Parkway, a four-lane connector between Savannah and Augusta. It is located 53 miles west of Savannah, 76 miles south of Augusta, 121 miles east of Macon, 144 miles southwest of Charleston, SC, 168 miles north of Jacksonville, FL, and 199 miles southeast of Atlanta. Statesboro is 10 miles from Interstate 16, and is located on US Highways 301, 80, and 25, and State Routes 73, 46, 67, and 24.

The City is approximately 15.22 square miles with an average elevation of 240 feet above sea level, the terrain being mostly flat. The climate is seasonal, but moderate, with mild winters and warm, humid summers. The average high is 58 degrees in January and 91 degrees in July. The average annual rainfall is 47.0" and the relative humidity is 53% in January and 75% in July.

Statesboro is served by the Heart of Georgia Railway Company and numerous common freight carriers. The City and Bulloch County jointly own the Statesboro Municipal Airport that is located approximately 30 minutes from Interstate 16. It is 45 minutes from the Savannah/Hilton Head International Airport, which is serviced by 5 major airlines. The City of Statesboro also is located approximately fifty miles from the Georgia Ports Authority's Savannah terminal, and is within a reasonable distance of the ports of Charleston, Beaufort, Brunswick, and Jacksonville.

There are three institutions of higher learning located in the greater Statesboro area: Georgia Southern University (GSU) within the city limits, and Ogeechee Technical College, and East Georgia State College located just outside the city on US Highway 301 South. Accredited by the Southern Association of Colleges and Schools and Georgia's largest and most comprehensive center of higher education south of Atlanta, Georgia Southern offers 212 courses for undergraduate and graduate degree programs through the doctoral level in its current nine Colleges. The University's 26,054 students come from 50 states, the District of Columbia, Puerto Rico and 102 countries.

East Georgia State College-Statesboro (EGSC-S) provides students an opportunity to complete college level course work and transfer to another university-level institution or state college to complete their chosen degrees. EGSC-S students are able to take advantage of many of the benefits of Georgia Southern University, including library use, cultural events, campus meal plans, intramural sports, fitness extension facilities, athletic tickets, marching band, and more. Students attending EGSC-S are also eligible to enroll in health and physical education classes through Georgia Southern University.

Ogeechee Technical College is accredited by the Commission of the Council on Occupational Education and adheres to statewide curriculum standards established by the Georgia Department of Technical and Adult Education. OTC offers 125 programs of study including 24 diploma programs, 76 certificate programs, and 25 Associate degrees in conjunction with Georgia Southern University and East Georgia State College. Ogeechee Technical College gave over 1779 program awards to 1059 graduating students in 2019 with 1312 students enrolled at Ogeechee Technical College in 2019 being from Bulloch County. There are 15 public schools, 3 private and parochial schools, 1 home school association, and 1 charter school in Bulloch County educating the county's 11,407 students.

Statesboro is a leader in health care in southeast Georgia with East Georgia Regional Medical Center, equipped with 149 patient rooms, employing approximately 600 staff and over 95 physicians representing a wide range of specialties. The hospital is accredited by the Joint Commission on Accreditation of Healthcare Organizations, a distinction that is awarded only to those healthcare facilities that maintain the highest standards of quality.

The City is served by 6 local radio stations, WHKN, WMCD, WPMX, WPTB, WWNS and WVGS, and one newspaper, the *Statesboro Herald*. In addition, the *Savannah Morning News* reports on the news in Statesboro. Statesboro is covered locally by Northland Cable TV, which is located in the city. Three television stations in Savannah also cover Statesboro regularly: WTOC (CBS), WJCL (ABC), and WSAV (NBC).

The City has 122 miles of roads of which 121.71 are paved. Natural gas is sold to 3,821 customers while water and sewer service is provided by the City to over 14,081 customers with an average daily water consumption of 3.246 million gallons. Statesboro has 201.81 miles of sanitary sewer and 247.33 miles of water mains with 1659 fire hydrants. The City maintains a Class 2 ISO rating with 2 fire stations.

Utilities are provided by the following within the City:

| Water and Sewer, Sanitation, Natural Gas and Stormwater |
|---|
| Electricity |
| Electricity |
| Telecommunications |
| Telecommunications |
| Telecommunications |
| |

ECONOMIC CONDITION AND OUTLOOK

Statesboro has an economy comprised of an industrial base, a growing university, expanding retail activity, and a regional medical center. The City has a highly diversified economy with several major industries located in the area and is a regional shopping center and health care provider for eight surrounding Georgia counties (Effingham, Screven, Jenkins, Emanuel, Candler, Evans, Tattnall, and Toombs).

The 2019 Statesboro median household income was \$29,868 or 48% of the State of Georgia per capita income. Per capita income is total personal income (including wages, dividends, interest, rent, and government payments) divided by the total population. It is commonly used as an indicator

of the quality of consumer markets and the economic wellbeing of a community. As noted above, this figure is actually skewed lower by the high number of university students who do not report earned income, but have considerable disposable income.

The area offers many educational and vocational opportunities that provide a competitive advantage for a strong workforce. The March 2019 unemployment rate was 5.1%, higher than the State of Georgia rate at 3.8% and above the national rate of 3.6%. Approximately 19.5% of the Bulloch County civilian labor force is employed by the government sector including one of the City's largest employers, Georgia Southern University. Other government employers include Bulloch County, Bulloch County Board of Education, Ogeechee Technical College, and the City of Statesboro. The major private sector employers in the City include East Georgia Regional Medical Center and Wal-Mart Supercenter.

The City and County are experiencing moderate growth with the City approving 56 new building permits in 2018, and 37 in 2019. The cost of housing in Bulloch County is among the lowest in the nation. The average residential listing price is \$163,000. The median value of owner occupied units was \$133,000

MAJOR INITIATIVES

For The Year. In FY 2019, The Public Works and Engineering Departments expended \$548,674 in SPLOST funds to finance street repaving, street striping, installation and repairs of sidewalks, roadway improvements and traffic calming measures.

The City expended \$116,970 in SPLOST funds for building renovations and the rehabilitation of mechanical systems.

The City expended \$195,233 in SPLOST funds for water and sewer line replacements and upgrades throughout the City.

For The Future. Public Safety has budgeted \$547,500 for police vehicles and conversions, fire vehicles, generators and personal protection equipment.

The Natural Gas Department has budgeted \$750,000 for upgrading the CNG station.

The Solid Waste Collection fund has \$325,000 of SPLOST funds budgeted for a front loading garbage truck.

The engineering department has budgeted \$4,085,350 of TSPLOST funds for street resurfacing, sidewalks, traffic calming measures, intersection improvements and parking improvements and the implementation of a limited transit system.

The waste water department has budgeted \$1,260,000 of SPLOST funds for water and sewer upgrades and a sewer main extension.

The storm water department has budgeted \$1,095,000 of SPLOST funds for a detention facility, drainage improvements and culvert replacement

FINANCIAL INFORMATION

In developing and evaluating the City's accounting system, consideration is given to the adequacy of the internal control structure. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition, the reliability of financial statements, and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of control should not exceed the benefits likely to be derived; and the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. We believe that the City's internal control structure adequately safeguards assets and provides reasonable assurance of proper recording of financial transactions.

The City's accounting records for general governmental operations are maintained on a modified accrual basis and reported on the same basis at the fund financial reporting level. However, at the government-wide financial reporting level, these activities are presented on the accrual basis.

The City's enterprise funds account for the cost of services using an "economic resources" measurement focus. This means that all assets and liabilities (whether current or non-current) associated with the funds are included on their balance sheets. Their operating statements present increases (revenues) and decreases (expenses) in net total assets. The accrual basis of accounting is used for the proprietary funds.

Budgeting Controls. Budgets have been adopted and appropriated at the fund level for each City governmental fund. Budgetary control is maintained at the line-item level by the rendering of monthly reports of revenues and expenditures. Major variances between budget and actual are reviewed monthly with the City Council on an exceptions basis. Unexpended appropriations lapse at year-end for budgetary purposes and are subject to re-appropriation in the following year.

Long-term Financial Planning. The City of Statesboro maintains a flexible, yet thorough six year capital improvement plan whereby capital needs are identified several years before funding and implementation, to allow adequate time for planning. This plan also provides for the orderly replacement of facilities and equipment. The City's current six year plan has identified \$84,743,850 in projected expenditures through FY 2025. In FY 2020, the City has budgeted \$15,539,850 in projected expenditures, with \$3,180,000 being funded from the 2013 Special Purpose Local Option Sales Tax. The projects funded from the 2013 SPLOST include \$325,000 for solid waste collection projects and \$2,355,000 for water and sewer projects, \$500,000 for natural gas projects. \$4,369,350 is being funded from the 2018 TSPLOST for streets projects.

OTHER INFORMATION

Independent Audit. State law requires annual audits of the accounting records by independent certified public accountants selected by the City Council. This requirement has been met, and the auditor's opinion is included in this report. The goal of the independent audit is to provide reasonable assurance that the financial statements are free of material misstatement. The audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial presentation. The auditor's examination encompassed the basic financial statements for the fiscal year ended June 30, 2019.

Awards.

In 2019, the City received the Distinguished Budget Presentation Award for the fiscal year beginning

July 1, 2018 from the Government Finance Officers Association of the United States and Canada (GFOA). This award is the highest form of recognition in governmental budgeting. It is presented to governments whose budgets adhere to program standards and its attainment represents significant achievement by the organization in providing a budget document that clearly presents financial, accounting, and policy information. In order to receive this award a government must publish a budget document which meets program criteria as a policy document, financial plan, operations guide, and as a communications device. This is the fifteenth consecutive year the City has received this award. The Distinguished Budget award is valid for a period of one year.

In 2019, the City received the Certificate of Achievement for Excellence in Financial Reporting for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2018. A Certificate of Achievement for Excellence in Financial Reporting is a prestigious national award presented by the Government Finance Officers Association of the United States and Canada to government units whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting. A government must publish an easily readable and efficiently organized CAFR, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements. This is the fourteenth year the City has received this award.

The City of Statesboro also presents a Popular Annual Financial Report (PAFR), formulated as an easy read version of the City's Comprehensive Annual Financial Report (CAFR). The PAFR provides citizens with an overview of the City's revenues and expenditures and it does not have to be audited under GAAP rules. The Government Finance Officer Association of the United States and Canada (GFOA) has given an Award for Outstanding Achievement in Popular Annual Financial Reporting to the City of Statesboro for the third year in 2018. The Award for Outstanding Achievement in Popular Annual Financial Reporting is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government popular reports.

Acknowledgments. We wish to express our gratitude and appreciation to the members of the staff of the City of Statesboro Finance Department for their assistance and support in the preparation of this report. We wish to acknowledge the guidance and technical support provided by our independent auditors, Lanier, Deal & Proctor, CPAs.

Respectfully submitted,

Charles W. Penny City Manager

INDEPENDENT AUDITOR'S REPORT

To the City Council City of Statesboro, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Statesboro, Georgia, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Statesboro, Georgia, as of June 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof, and the respective budgetary comparison for the General Fund and the Statesboro Fire Service Special Revenue Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 13 and other required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise City of Statesboro, Georgia's basic financial statements. The introductory section, combining and individual fund financial statements and schedules, schedule of SPLOST expenditures, schedule of TSPLOST expenditures, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules, schedule of SPLOST expenditures, and schedule of TSPLOST expenditures are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules, schedule of SPLOST expenditures, and schedule of TSPLOST expenditures are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2019, on our consideration of the City of Statesboro, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Statesboro, Georgia's internal control over financial reporting considering City of Statesboro, Georgia's internal control over financial reporting considering City of Statesboro, Georgia's internal control over financial reporting considering City of Statesboro, Georgia's internal control over financial reporting considering City of Statesboro, Georgia's internal control over financial reporting considering City of Statesboro, Georgia's internal control over financial reporting and compliance.

Management's Discussion and Analysis

MANAGEMENT'S DISCUSSION AND ANALYSIS

Within this section of the City of Statesboro, Georgia's (the City's) annual financial report, the City's management is pleased to provide this narrative discussion and analysis of the financial activities of the City for the fiscal year ended June 30, 2019. The City's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section.

Financial Highlights

- The City had total net position (assets exceeded liabilities) of \$107,515,947 at 2019 fiscal year-end. That is \$9,160,835 or 9.3%, higher than the total net position of \$98,355,112 at 2018 fiscal year-end. Fiscal year 2018 had seen a \$5,803,689 or 6.3%, increase in total net position.
- Total net position is comprised of the following:
 - (1) Net investment in capital assets, of \$75,289,968 include property and equipment, net of accumulated depreciation, and reduced for outstanding debt related to the purchase or construction of capital assets. The figure for fiscal year 2018 was \$75,631,832. That is a decrease of \$341,864 or .5%. There was a decrease of \$618,267 or .8% for fiscal year 2018.
 - (2) Net position of \$13,994,288 is restricted by constraints imposed from outside the City such as debt covenants, grantors, laws, or regulations. That is \$6,203,933 or 79.6%, more than the fiscal year 2018 amount of \$7,790,355. That was \$1,487,734 (or 23.6%) more than fiscal year 2017's \$6,302,621.
 - (3) Unrestricted net position of \$18,231,691 represents the portion available to maintain the City's continuing obligations to citizens and creditors. This is a \$3,298,766 (or 22.1%) increase over the fiscal year 2018 total of \$14,932,925. That amount was a \$4,934,222 (or 49.3%) increase over fiscal year 2017's figure of \$9,998,703. FY 2017 had seen a \$3,125.291 (or 45.5%) increase over FY 2016's amount. In fiscal year 2019, unrestricted net position for business-type activities increased by \$1,390,716 or 10.7%. The unrestricted net position for the governmental activities in fiscal year 2019 increased by \$1,908,050 or 98.4%.
- The City's governmental funds reported total ending fund balance of \$19,593,132, compared to \$12,187,418 in fiscal year 2018. This is a \$7,405,714 (or 60.8%) increase. The fiscal year 2018 ending fund balance for governmental funds showed an increase of \$2,659,630 (or 27.9%).
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$5,704,733. That compares to \$5,196,777 for fiscal year 2018 and \$4,089,876 for fiscal year 2017.

The above financial highlights are explained in more detail in the "financial analysis" section of this document.

Overview of the Financial Statements

This Management Discussion and Analysis document introduces the City's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the basic financial statements. The City also includes in this report additional information to supplement the basic financial statements.

Government-wide Financial Statements

The City's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the City's overall financial status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of activities between funds.

The first of these government-wide statements is the *Statement of Net Position*. This is the government-wide statement of net position presenting information that includes all of the City's assets and liabilities, with the difference between them reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City as a whole

is improving or deteriorating. Evaluation of the overall health of the City would extend to other non-financial factors such as diversification of the taxpayer base or the condition of City infrastructure, in addition to the financial information provided in this report.

The second government-wide statement is the *Statement of Activities*, which reports how the City's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the City's distinct activities or functions on revenues provided by the City's taxpayers.

Both government-wide financial statements distinguish governmental activities of the City that are principally supported by sales and property taxes from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government, public safety, and public works. Business-type activities include the natural gas distribution system, the water and wastewater systems, and the solid waste collection and disposal systems.

The government-wide financial statements are presented on pages 14 & 15 of this report.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The City uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the City's most significant funds rather than the City as a whole. Major funds are separately reported while all other (non-major) funds are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

The City has two kinds of funds:

1. Governmental funds are reported in the fund financial statements and encompass the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the City's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund operating statement provide a reconciliation to assist in understanding the differences between these two perspectives.

The basic governmental fund financial statements are presented on pages 16-22 of this report.

Individual fund information for non-major governmental funds is found in combining statements in a later section of this report.

2. *Proprietary funds* are reported in the fund financial statements and generally report services for which the City charges customers a fee. The City's proprietary funds are classified as enterprise funds. These enterprise funds essentially encompass the same functions reported as business-type activities in the government-wide statements. Services are provided to customers external to the City organization for gas, water and wastewater utilities; and for solid waste collection and disposal systems.

The basic enterprise fund financial statements are presented on pages 23-26 of this report.

Notes to the Basic Financial Statements

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin on page 27 of this report.

Supplementary Information

In addition to the basic financial statements and accompanying note disclosures, this report also presents certain required supplementary information concerning the City's budget presentations and information on its pension plan and other post employment benefits plan. The budgetary comparison statement is included as a basic financial statement for the Genteral Fund and the Statesboro Fire Service Fund. Budgetary comparison schedules for all other governmental funds can be found in a later section of this report. These statements and schedules demonstrate compliance with the City's adopted and final revised budget. During the fiscal year, the Mayor and City Council adopted by resolution three budget amendments, or revision, to the original budget resolution.

As discussed, the City reports major funds in the basic financial statements. Combining and individual statements and schedules for nonmajor funds are presented in this section of this report beginning on page 55.

Financial Analysis of the City as a Whole

The City's net position at fiscal year 2019 was \$107,515,947, compared to the fiscal year 2018 figure of \$98,355,112. The following table provides a summary of the City's net position:

Summary of Net Position

| | Governmen | tal Activities | Business-ty | pe Activities | Total | | | |
|----------------------------------|---------------|----------------|---------------|---------------|----------------|---------------|--|--|
| | 2019 | 2018 | 2019 | 2018 | 2019 | 2018 | | |
| Assets: | | | | | | | | |
| Current assets | \$ 21,994,159 | \$ 14,847,210 | \$ 17,593,834 | \$ 16,343,994 | \$ 39,587,993 | \$ 31,191,204 | | |
| Capital assets | 26,911,875 | 27,908,782 | 62,078,711 | 62,620,241 | 88,990,586 | 90,529,023 | | |
| Other Noncurrent assets | 3,127,508 | 2,153,792 | 4,304,281 | 3,771,797 | 7,431,789 | 5,925,589 | | |
| Total Assets | 52,033,542 | 44,909,784 | 83,976,826 | 82,736,032 | 136,010,368 | 127,645,816 | | |
| Deferred Outflows of Revenues | 890,976 | 1,252,727 | 377,175 | 513,237 | 1,268,151 | 1,765,964 | | |
| Liabilities: | | | | | | | | |
| Current liabilities | 1,860,199 | 2,662,911 | 3,010,991 | 2,774,872 | 4,871,190 | 5,437,783 | | |
| Long-term liabilities | 5,484,742 | 5,823,508 | 16,244,588 | 17,394,866 | 21,729,330 | 23,218,374 | | |
| Total Liabilities | 7,344,941 | 8,486,419 | 19,255,579 | 20,169,738 | 26,600,520 | 28,656,157 | | |
| Deferred Inflows of Resources | 2,302,674 | 1,749,279 | 859,378 | 651,232 | 3,162,052 | 2,400,511 | | |
| Net Position: | | | | | | | | |
| Net Investment in capital assets | 26,226,141 | 26,988,150 | 49,063,827 | 48,643,682 | 75,289,968 | 75,631,832 | | |
| Restricted | 13,203,279 | 6,999,230 | 791,009 | 791,125 | 13,994,288 | 7,790,355 | | |
| Unrestricted | 3,847,483 | 1,939,433 | 14,384,208 | 12,993,492 | 18,231,691 | 14,932,925 | | |
| Total net position | \$ 43,276,903 | \$ 35,926,813 | \$ 64,239,044 | \$ 62,428,299 | \$ 107,515,947 | \$ 98,355,112 | | |

The current ratio divides the current assets by the current liabilities, and is an indication of the ability to pay current obligations. For fiscal year 2019, the current ratio for governmental activities is 11.8 and 5.8 for business type activities. For fiscal year 2018, the current ratio for governmental activities was 5.6 and for business type activities 5.9. For the City, overall, the current ratio for fiscal year 2018 is 8.1, compared to 5.7 for fiscal year 2018. For fiscal year 2017, the current ratio for governmental activities was 3.9 and for business type activities 5.3.

5

Net position for fiscal year 2019 increased by \$7,350,090 for governmental activities, and increased by \$1,810,745 for business-type activities. Net position for fiscal year 2018 increased by \$2,656,777 for governmental activities and increased by \$3,146,912 for business type activities.

Note that in fiscal year 2019, 60.6%, and in fiscal year 2018, 75.1% of the governmental activities' net position were invested in capital assets. On the business type activities, the City has spent 76.4% of its net position in fiscal year 2019, and 77.9% in fiscal year 2018 on capital assets. This is not unusual, as the business type activities are primarily utilities, which are very capital-intensive operations. Expansion of these systems is necessary for the continued growth of the City and for its financial position, as these utility systems generate considerable revenues for all the City's operations. 70% in fiscal year 2019, and 76.9% in fiscal year 2018 of the City's total net position were invested in capital assets.

The following table provides a summary of the changes in net position, with comparative data for both fiscal years 2019 and 2018:

| | | | Sum 2019 | mar | y of Changes i | in Net Position | | 201 | 0 | | |

GOVERNMENTAL REVENUES

Bulloch County (including the City of Statesboro) is one of only eight counties out of 159 in Georgia that do not receive any of the 1% Local Option Sales Tax (LOST). A local Constitutional Amendment was passed by the Georgia General Assembly in the 1981 Session (Georgia Laws, 1981, p. 1931) which called for a referendum on the question of whether or not the local option sales tax should go to the Bulloch County Board of Education, with a dollar for dollar reduction in the school property tax. (Boards of Education in Georgia are limited to a maximum millage rate of 20.) The referendum passed on November 2, 1982. Since that time, this money has gone to the Board of Education. Since most Georgia counties and cities negotiate a formula to distribute this sales tax among the county and city governments in that county, this puts both the City of Statesboro and Bulloch County government at a distinct disadvantage relative to almost all the other cities and counties in the state. It means that we have to rely more heavily on the local property tax and user fees than these other cities and counties. For example, if the City and County had equally split this approximately \$11,345,495 in local option sales taxes in fiscal year 2019, the City would have had \$5,672,747. That is more than the City collected in property taxes.

However, the City of Statesboro and Bulloch County (and the other cities in the county) do share the proceeds of a 1% Special Purpose Local Option Sales Tax (SPLOST), which has passed referendums in both 2012 for a six-year term and in 2018 (beginning collections in 2019) for a six-year term. In fiscal year 2019, sales taxes of \$5,764,821 out of \$23,979,667 in total governmental funds revenues, or 24%, were received from the 2013 SPLOST. \$1,684,275 in 2013 SPLOST funds were transferred to the business-type funds for capital projects (water and sewer, gas and solid waste collection and disposal systems). Similarly, in fiscal year 2018, \$5,541,156 in sales taxes represented 27.3% of the \$20,301,167 in governmental funds revenues.

The City of Statesboro and Bulloch County (and the other cities in the county) also share the proceeds of a 1% Transportation Special Purpose Local Option Sales Tax (TSPLOST), which was passed by referendum in the spring of 2018 for a five-year term with collections beginning in the fall of 2018. In fiscal year 2019, sales taxes of \$2,394,666 out of \$23,979,667 in total governmental funds revenues, or 10%, were received from the 2018 TSPLOST.

The City is heavily reliant on taxes to support governmental activities operations. In total, taxes make up 46.7% of revenues as compared to 52% in fiscal year 2018. Property taxes provided \$5,681,980 or 23.6% of the City's total governmental activities revenue as compared to 25.9% in fiscal year 2018.

Also, note that program revenues covered 67.9% in fiscal year 2019, and 51.6% in fiscal year 2018 of governmental operating expenses. This means that the government's taxpayers and the City's other general revenues funded the remaining 32.1% in fiscal year 2019, and 48.4% in fiscal year 2018 of the governmental activities. As this documents, the general economy and the local businesses have a major impact on the City's revenue streams.

GOVERNMENTAL FUNCTIONAL EXPENSES

The public safety function comprises 58.8% of the City's total governmental activity expenses and 28.5% of the total City expenses in fiscal year 2019. In fiscal year 2018, the figures were 57.7% and 28.6% respectively. In fiscal year 2019, general government totaled 9.1% of the total governmental activity expense, and 4.4% of the total City expenses. In fiscal year 2018, general government totaled 9.7% of the total governmental activity expenses, and 4.8% of the total City expenses. Of the total \$18.73 million of governmental expenses, depreciation is 13.6% of that total. In fiscal year 2018, the numbers were \$18.83 million and 13.7% respectively

The following table presents the cost of each of the City's programs, including the net costs (i.e., total cost less revenues generated by the activities). The net costs illustrate the financial burden that was placed on the City's taxpayers by each of these functions.

| Interest | | 28,130 | | 28,130 | | 44,936 | | 44,936 | | |
| Total | \$ | 18,732,756 | \$ | 6,008,702 | \$ | 18,836,791 | \$ | 9,108,457 | | |

For fiscal year 2019 and 2018, all functions required a subsidy from general revenues except for public works. In fiscal year 2019 and 2018, \$4,676,194 and \$4,513,877 respectively, in SPLOST revenue received from the County was included in program revenue for public works. TSPLOST revenue totaling \$2,394,666, received from the county was also included in the program revenue for public works for fiscal year 2019.

BUSINESS-TYPE ACTIVITIES

Revenues vs. Expenses

For fiscal year 2017, operating revenues for utility funds were 7.5% higher than 2016 and operating expenses were 7.7% higher than fiscal year 2016. Within the total business type activities of the City, the activities reported \$5,125,714 in operating income, or an increase of 6.7% compared to fiscal year 2016. After transfers in and out between other funds, these funds reported a gain of \$4,476,210 or an increase of \$584,838, compared to fiscal year 2016. The primary reason for this increase was an increase in operating income for the water and sewer fund.

For fiscal year 2018, operating revenues for utility funds were 1.8% lower than 2017 and operating expenses were .8% higher than fiscal year 2017. Within the total business type activities of the City, the activities reported \$4,561,287 in operating income, or a decrease of 11.0% compared to the fiscal year 2017. After transfer in and out between other funds, those funds reported a gain of \$3,142,111 or a decrease of \$1,334,099 compared to the fiscal year 2017. The primary reasons for this decrease was a decrease in charges for services in the water and sewer fund, as well as an increase in purchased services and depreciation expense. Also net transfers out to other funds increased in fiscal year 2018.

For fiscal year 2019, operating revenues for utility funds were 2.4% higher than 2018 and operating expenses were 4.5% higher than fiscal year 2018. Within the total business type activities of the City, the activities reported \$4,277,686 in operating income, or a decrease of 6.2% compared to the fiscal year 2018. After transfer in and out between other funds, those funds reported a gain of \$1,807,336 or a decrease of \$1,334,775 compared to the fiscal year 2018. The primary reasons for this decrease was an increase in purchased services and depreciation expense. Also net transfers out to other funds increased in fiscal year 2019.

| | | 2019 | | | 2018 | 3 |
|-----------------------------|--------|-----------|----------|-----|-----------|---------|
| | | | Percent | | | Percent |
| | Amount | | Change | Amo | unt | Change |
| Water and Sewer Fund | \$ | 2,884,014 | 3.0% | \$ | 2,799,637 | (17.9%) |
| Reclaimed Water/Sewer Fund | \$ | - | (100.0%) | \$ | 11,860 | 35.1% |
| Stormwater | \$ | 197,146 | (25.4%) | \$ | 264,189 | (47.9%) |
| Gas Fund | \$ | 1,131,961 | (21.9%) | \$ | 1,448,356 | 4.7% |
| Solid Waste Collection Fund | \$ | 949,734 | 4.0% | \$ | 913,379 | 0.0% |
| Solid Waste Disposal Fund | \$ | (885,169) | (1.0%) | \$ | (876,134) | 20.1% |

Each specific fund reported the following operating income or loss:

The solid waste disposal fund's operating loss increased by 1% from fiscal year 2018. The revenues do not cover all expenses, and SPLOST Funds is therefore used to make up the difference.

The City transfers resources from its enterprise funds to the general fund for the following reasons:

- Since the City does partial indirect cost allocation, the transfers help cover the General Fund's indirect costs that could be charged to the enterprise funds as indirect costs. These costs include the various staff divisions, such as personnel, finance, and records, as well as part of the City Manager's time.
- If these enterprise funds were privately owned, the City would be entitled to a franchise fee equal to 5% of the gross revenues, similar to CATV, electricity, or telephone service providers. These transfers offset some of these costs.
- If these enterprise funds were privately owned, the City would be entitled to property taxes on the property in service, net of accumulated depreciation, similar to CATV, electricity, or telephone service providers. These transfers are made in lieu of property taxes.
- If these enterprise funds were privately owned, their approved rate tariffs would include a reasonable return on shareholder equity. Since the City's taxpayers are in fact the investors who started and financed these operations, they are being rewarded with a comparable return on equity in the form of lower property taxes. This return can be made while still maintaining retail rates that are at or below the surrounding market prices offered by private utility companies. For example, the City's natural gas system rates are considerably lower than any investor-owned utility or private gas marketer in our geographic area.
- Hosting a sizable regional university, as well as being the county seat, results in a considerable amount of state and county property not being subject to property taxation. However, services such as police, fire, street repair and cleaning, and traffic signalization must be provided and expanded as needed, and must be funded from general revenues. Transfers from the enterprise funds help offset this burden, while sharing it more equitably among all citizens and institutions.

The solid waste disposal fund recognized a transfer in from the 2013 SPLOST fund of \$1,465,588 in fiscal year 2019, which was used for the purchase of landfill space (air rights) in the Wayne County Solid Waste Landfill, for post-closure costs for our Lakeview Landfill, and equipment for the Transfer Station.

Financial Analysis of the City's Funds

Governmental Funds

Governmental funds are reported in the fund statements with a short-term, inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$19,593,132 in fiscal year 2019, compared to \$12,187,418 in fiscal year 2018, and \$9,527,788 in fiscal year 2017. Of these year-end totals, \$13,162,760 (or 67%) in fiscal year 2019 and \$6,960,742 (or 57.1%) in fiscal year 2018 were restricted for specific purposes and not available for continuing city service requirements.

The total ending fund balances of governmental funds show an increase in fiscal year 2019 of \$7,405,714 or 60.8% compared to an increase in fiscal year 2018 of \$2,659,630 or 27.9%. The fiscal year 2019 increase is primarily the result of less SPLOST Funds being spent on road projects, water and sewer projects, and other various capital projects. Also, the City started receiving TSPLOST revenue in FY2019 for road projects.

Major Governmental Funds

The General Fund is the City's primary operating fund and the largest source of day-to-day service delivery. The General Fund's fund balance increased by \$1,156,306 in fiscal year 2019. The General Fund's fund balance increased by \$1,101,297 in fiscal year 2018, and increased by \$1,066,756 in fiscal year 2017.

Total taxes for the general fund were \$10,102,826, or 5.4% higher than in fiscal year 2018. Total property taxes in fiscal year 2019 were \$5,438,075 compared to \$5,167,699 in fiscal year 2018. In fiscal year 2018, total taxes were \$9,588,758, or 7.9% higher than the \$8,882,619 in fiscal year 2017.

The general fund's total expenditures increased by \$281,694 in fiscal year 2019 compared to an increase of \$423,637 in fiscal year 2018.

The General Fund's ending unassigned fund balance of \$5,704,733 represents the equivalent of 35% of the \$16,318,574 in annual expenditures and transfers out budgeted for the next fiscal year. The City's overall cash flow varies little from month to month. The only real peak is in the December-February timeframe, when property taxes become due, then delinquent. The reason for this is that the utility revenues are consistent on a monthly basis, and other General Fund revenues come in during months when property taxes do not. Given this relatively stable cash flow environment, the City has set a target for unassigned fund balance in the General Fund of 25% of the next fiscal year's budgeted General Fund expenditures and transfers out. This provides more than adequate cash flow to handle these monthly fluctuations, while providing a cushion against any major unexpected events. The unassigned fund balance is at 35%, above the 25% target set for unassigned fund balance. The governing body has adopted a conservative General Fund budget for fiscal year 2020.

The Statesboro Fire Service Fund was created in fiscal year 2008. This fund accounts for the operations of the Statesboro Fire Department, which serves all the citizens of Statesboro and county citizens within the five-mile fire district. This fund had a fund balance of \$1,036,429 at year-end compared to \$910,733 at the end of fiscal year 2018. This represents a \$125,696 or 13.8% increase.

The 2013 SPLOST fund's ending restricted fund balance was \$9,148,802 for fiscal year 2019. This is an increase of \$3,742,001 over fiscal year 2018.

The Proprietary Funds

The proprietary funds statements share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status. Each of the fund statements give detailed information about their financial condition.

Budgetary Highlights

The General Fund – Overall, the City recognized revenues equal to 107.4% of budgeted revenues in the final appropriated budget. The total expenditure budget was increased through budget amendments by \$25,390. Overall, the City recognized expenditures equal to

\$1,126,033 less than, or 91.5% of budgeted expenditures in the final appropriated budget. In summary, the budget was underspent by 8.5% while revenue estimates were 7.4% over.

On the revenue side of the budget, automobile taxes came in \$136,419 more than budgeted. Insurance premium taxes came in \$148,135 more than budgeted. Property taxes came in \$292,656 more than budgeted. Licenses and permits came in \$172,410 more than budgeted. Fines and Forfeitures came in \$68,892 less than budgeted. In total, General Fund revenues came in \$856,885 more than the budgeted amount.

On the expenditure side, Human Resources, the Planning and Zoning, Police, and Streets and Public Works costs were considerably below the budgeted amounts. Overall, the General Fund expenditures were \$1,126,033 less than budgeted.

Fund Balance was budgeted to decrease by \$855,618. However, the fund balance increased by \$1,156,306 which was \$2,011,924 more than budgeted.

Capital Assets and Debt Administration

Capital Assets

The City's investment in capital assets, net of accumulated depreciation, for governmental (including the fleet management and central service internal service funds) and business-type activities as of June 30, 2019 was \$26,911,875 and \$62,078,711 respectively, for a total of \$88,990,586. That compares to fiscal year 2018 numbers of \$27,908,782 and \$62,620,241 respectively, for a total of \$90,529,023. The fiscal year 2019 totals in this net investment were a 3.6% decrease for governmental and a .9% decrease for business-type activities. See Note 3D for additional information about changes in capital assets during the fiscal year and outstanding at the end of the year. The following table provides a summary of capital asset activity.

Capital Assets

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited) June 30, 2019

At June 30, 2019 and 2018, the depreciable capital assets for governmental activities were 53% and 51% depreciated, respectively. The major increase in capital assets in fiscal year 2019 was several road and drainage projects.

In the City's business type activities, 46% of the asset values were depreciated at June 30, 2019 and 44% at June 30, 2018. The major increase in capital assets in fiscal year 2019 was the construction of several water and sewer and gas fund projects and the purchase of solid waste collection equipment.

Long-term Debt

In fiscal year 2016, the capital leases decreased by \$444,253, the bonded debt decreased by \$512,576, and the notes payable decreased by \$202,977. Combined, this represented a decrease in long-term debt of \$1,159,806.

In fiscal year 2017, the capital leases increased by \$331,753, the bond debt decreased by \$532,575, and the notes payable decreased by \$211,357. Combined, this represented a decrease in long-term debt of \$412,179.

In fiscal year 2018, the capital leases decreased by \$167,814, the bond debt decreased by \$547,575 and the notes payable decreased by \$227,540. Combined, this represented a decrease in long-term debt of \$942,929.

In fiscal year 2019, the capital leases decreased by \$402,216, the bond debt decreased by \$572,575 and the notes payable decreased by \$221,905. Combined, this represented a decrease in long-term debt of \$1,146,193.

Outstanding Debt

See Note 3G for additional information about the City's long-term debt.

Economic Conditions Affecting the City

As of March 2019, the local unemployment rate was 5.1%, which was higher than the state rate of 3.8% and higher than the national rate of 3.6%. Our local economy is experiencing an increase in new construction and stabilizing financial markets. With the incentives for earmarked projects within the downtown area, business has increased for our community partners.

As in the past, a strong industrial base, a growing regional public university, a regional medical center and increasing medical specialties, and a regional retail base influence Statesboro's economy. This diversification should continue to help the local economy.

The outlook long-term is very upbeat. Coastal Georgia is projected to be one of the hottest real estate markets in the country over the next decade, as thousands of baby boomers seek inexpensive, warmer climates for retirement. That will fuel the housing, medical, and retail segments of our local economy as well. Georgia Southern University should continue its student body expansion. The new industrial park puts us in a prime position to benefit from additional industrial investment as the weakened dollar continues to attract capital to the United States. With our recent investments in water, sewer, natural gas, and roads, this community should be in an excellent position to benefit from these economic opportunities.

Contacting the City's Financial Management

This financial report is designed to provide a general overview of the City's finances, comply with finance-related laws and regulations, and demonstrate the City's commitment to public accountability. If you have questions about this report or would like to request additional information, contact the City's Finance Department at 50 East Main Street, Statesboro, Georgia, 30458, or call (912) 764-5468.

City of Statesboro, Georgia Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities For the Year Ended June 30, 2019

| Amounts Reported for Governmental Activities in the Statement of Activities are Different Because: | | |
|--|-----------------------------|-----------|
| Net Change In Fund Balance - Total Governmental Funds | \$ | 7,405,714 |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capitalized capital outlay exceeded depreciation expense in the current period. | | |
| Depreciation expense Capital outlay | \$ (2,433,347) 1,441,126 | (992,221) |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. | | |
| Property taxes: Unavailable revenue @ 6/30/18 Unavailable revenue @ 6/30/17 | \$ 25,599 (15,577) | 10,022 |
| Elimination of transfers between governmental funds: Transfers in Transfers out | \$ 2,016,852 (2,016,852) | - |
| Governmental funds do not report the cost of disposed capital assets but the cost is reported on the statement of activities. | | (5,551) |
| Captial assets contributed by enterprise funds are not recorded in the governmental funds. | | - |
| The internal service funds used by management to charge the the costs of self-insurance, fleet management and information technology to individual funds are not reported in the government- wide statement of activities. Governmental fund expenditures and related internal service fund revenues are eliminated. | | 585,264 |
| Other financing sources for the inception of capital leases are reported on the fund level operating statement but are reported as a liability on the governmental-wide financial statements. | | - |
| Repayment of capital lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. | | 206,064 |
| The change in the net pension asset/obligation and pension related deferred outflows and deferred inflows is reported on the government-wide statement of activities but not in the governmental funds. | | 405,820 |
| The change in the other post employment benefits payable and related deferred outflows and deferred inflows is reported on the government-wide statement of activities but not in the governmental funds. | | (257,450) |
| Compensated absences reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. | | |
| Compensated absences liability @ 6/30/18 Compensated absences liability @ 6/30/17 | \$ (595,406) 587,834 | (7,572) |
| Change In Net Position of Governmental Activities | | 7,350,090 |

The City of Statesboro (the "City") was chartered by an act of the General Assembly of the State of Georgia. The City operates under a Council/Manager form of government and provides the following services as authorized by its charter: public safety (police and fire), streets, community development, community services and general administrative services. The City also operates four public utilities (water and sewer system, gas system and storm water system) and provides sanitation services. The City and Bulloch County jointly operate a transfer station for transport of solid waste and an inert landfill.

Note 1 - Summary of Significant Accounting Policies

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting. The City also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental and business-type activities at the government-wide financial reporting level and to its enterprise funds at the fund reporting level, provided they do not conflict with or contradict GASB pronouncements.

The most significant of the City's accounting policies are described below.

1-A. Reporting Entity

The reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the City consists of all funds, departments, boards and agencies that are not legally separate from the City.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organizations; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units also may include organizations that are fiscally dependent on the City in that the City approves the budget, levies their taxes or issues their debt.

The component unit columns included on the government-wide financial statements identify the financial data of the City's discretely presented component unit. It is reported separately to emphasize that it is legally separate from the City.

A brief description of the City's discretely presented component unit follows:

Downtown Statesboro Development Authority (the Authority) – The Authority is a public corporation created in 1981. The primary purpose of the Authority is to promote industry and trade in the downtown area. The City Council appoints one board member and provides its primary funding. The Authority is fiscally dependent on the City and the City has a financial burden relationship with the Authority. There are no separate financial statements for the Authority.

Related Organizations

The Housing Authority of the City of Statesboro, Georgia is considered a related organization based upon the criteria in GASB Statement 14. The Housing Authority is a legally separate entity and the City does not appoint any of its board members. The City of Statesboro, Georgia is not able to impose its will upon the Housing Authority and a financial benefit/burden relationship does not exist between them. Therefore, based upon the criteria above, the Housing Authority of the City of Statesboro, Georgia is a related organization and is excluded from the reporting entity.

1-B. Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities and fund financial statements, which provide a more detailed level of financial information.

Note 1 - Summary of Significant Accounting Policies (continued)

Government-wide Financial Statements - The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information for the City as a whole. The primary government and the component unit are presented separately within these financial statements with the focus on the primary government.

Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and grants and City's general revenues, from business-type activities, generally financed in whole or in part with service charges to external customers.

The statement of net position presents the financial position of the governmental and business-type activities of the City.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the City's governmental activities and for each identifiable activity of the business-type activities of the City. Direct expenses are those that are specifically associated with a function and therefore clearly identifiable to that particular function. The City does not allocate indirect expenses to functions in the statement of activities.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services that report fees and other charges to users of the City's services; (2) operating grants and contributions, which finance annual operating activities including restricted investment income; and (3) capital grants and contributions, which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions to these program uses. For identifying to which function program revenue pertains, the determining factor for *charges for services* is which function *generates* the revenue. For *grants and contributions*, the determining factor is to which function the revenues are *restricted*.

Other revenue sources not properly included with program revenues are reported as general revenues of the City. The comparison of direct expenses with program revenues identifies the extent to which each governmental function and each identifiable business activity is self-financing or draws from the general revenues of the City.

Fund Financial Statements - During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. Fund financial statements are provided for governmental and proprietary funds.

Major individual governmental and proprietary funds are reported in separate columns.

Fund Accounting - The City uses funds to maintain its financial records during the year. A fund is a fiscal and accounting entity with a self-balancing set of accounts. The City uses two categories of funds: governmental and proprietary.

Governmental Funds - Government funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Fund liabilities are assigned to the fund from which they will be liquidated. The City reports the difference between governmental fund assets and liabilities as fund balance. The following are the City's major governmental funds:

The General Fund – The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund's fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of the State of Georgia.

Statesboro Fire Service Fund – This fund accounts for revenues collected from city taxpayers and taxpayers in the county's five-mile fire district used to fund the City's fire department.

Note 1 - Summary of Significant Accounting Policies (Continued)

2013 SPLOST Fund – This fund accounts for the special purpose local option sales tax collected pursuant to a 2013 referendum for various capital improvements within the City.

2018 TSPLOST Fund – This fund accounts for the transportation special purpose local option sales tax collected pursuant to a 2018 referendum for transportation capital improvements within the City.

Proprietary Funds - Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. The proprietary funds are classified as enterprise funds and internal service funds. The City's major enterprise funds consist of:

Water and Sewer Operating Fund – This fund accounts for the water and sewer provided to the City's constituents.

Gas Operating Fund – This fund accounts for the gas services provided to the City's constituents.

Solid Waste Collection Fund – This fund accounts for the solid waste collection program.

Solid Waste Disposal Fund – This fund accounts for the solid waste disposal program.

The City's internal service funds account for the City's health insurance, wellness program, fleet management, and central services programs.

1-C. Measurement Focus

Government-wide Financial Statements - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included on the statement of net position. The statement of activities reports revenues and expenses.

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the governmental fund statements.

Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus on both financial reporting levels. All assets and all liabilities associated with the operation of these funds are included on the statements of net position. The statements of changes in fund net position present increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

1-D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. At the fund reporting level, the governmental funds use the modified accrual basis of accounting. Proprietary funds use the accrual basis of accounting at both reporting levels. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of unearned revenue, and in the presentation of expenses versus expenditures.

Revenues – Exchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded when the exchange takes place and in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to

Note 1 - Summary of Significant Accounting Policies (Continued)

be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the City, the phrase "available for exchange transactions" means expected to be received within 60 days of year-end.

Revenues - Non-exchange Transactions - Non-exchange transactions in which the City receives value without directly giving equal value in return, include sales taxes, property taxes, grants and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the taxable sale takes place. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions also must be available (i.e., collected within 60 days) before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be susceptible to accrual: property taxes, sales taxes, interest and federal and state grants.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. On the modified accrual basis, expenditures generally are recognized in the accounting period in which the related fund liability is incurred and due, if measurable.

1-E. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Fund Equity

1-E-1 Cash, Cash Equivalents, and Investments

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the City.

Investments are stated at fair value based on quoted market prices.

Georgia law authorizes the City to invest in the following type of obligations:

- Obligations of the State of Georgia or of any other states
- Obligations of the United States Government
- Obligations fully insured or guaranteed by the United States Government or United States Government agency
- Obligations of any corporation of the United States Government
- Prime bankers' acceptances
- The State of Georgia local government investment pool (i.e., Georgia Fund I)
- Repurchase agreements
- Obligations of the other political subdivisions of the State of Georgia

1-E-2 Receivables

All trade and property tax receivables are reported net of an allowance for uncollectable, where applicable. Unbilled water, sewer, stormwater, gas, and solid waste charges are accrued as receivables and revenue at June 30, 2019.

1-E-3 Interfund Balances

On the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/interfund payables." These amounts are eliminated in the governmental and business-type activities columns on the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are reclassified and presented as internal balances on this statement. These amounts are ultimately eliminated from the total column on the statement of net position.

Note 1 - Summary of Significant Accounting Policies (Continued)

1-E-4 Consumable Inventories

On the government-wide and the proprietary fund financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used (i.e., the consumption method).

1-E-5 Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2019, are recorded as prepaid items using the consumption method by recording an asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed. At the fund reporting level, an equal amount of fund balance is reported as nonspendable, as this amount is not available for general appropriation.

1-E-6 Restricted Assets

Restricted assets represent sinking funds required by enterprise fund revenue bonds and designated as such by management, customer utility deposits, funds held specifically for water and sewer system improvements, and funds designated for capital purchases.

1-E-7 Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in governmental funds. The City reports these assets in the governmental activities column of the government-wide statement of net position but does not report these assets in the City fund financial statements.

Capital assets utilized by proprietary funds are reported both in the business-type activities column of the government-wide statement of net position and in the proprietary funds' statement of net position.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of five thousand dollars. The City's infrastructure consists of roads, bridges, water and sewer lines and gas lines. The City has capitalized all general infrastructure assets (roads and bridges) acquired after June 30, 1980. Water and sewer lines and gas lines are classified as "improvements other than buildings". Improvements to capital assets are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are expensed.

All reported capital assets are depreciated except for land, right-of-ways and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

| Description | Governmental Activities Estimated Lives | Business-Type Activities Estimated Lives |
|-----------------------------------|---|--|
| Buildings | 15 – 40 years | 15 - 40 years |
| Improvements other than buildings | 8 – 40 years | 15 – 50 years |
| Machinery and equipment | 5 – 20 years | 5 – 15 years |
| Infrastructure | 12 – 25 years | |

At the inception of capital leases at the governmental fund reporting level, expenditures and an "other financing source" of an equal amount are reported at the net present value of future minimum lease payments.

Note 1 - Summary of Significant Accounting Policies (Continued)

1-E-8 Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expenses/expenditure) until then. The City has deferred outflows of resources related to pensions and other post employment benefits reported at the government-wide level for governmental and business-type activities and at the fund level for proprietary funds.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents and acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The City has an item which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenue from property taxes. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available. The City also has deferred inflows of resources related to its pension plan and other post employment benefits reported at the government-wide level for governmental and business-type activities and at the fund level for proprietary funds.

1-E-9 Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means.

All compensated absence liabilities include salary-related payments, where applicable.

The total compensated absence liability is reported on the government-wide financial statements. Proprietary funds report the total compensated liability in each individual fund at the fund reporting level. Governmental funds report the compensated absence liability at the fund reporting level only *"when due."*

1-E-10 Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of those funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are "due for payment" during the current year. Capital leases are recognized as a liability in the governmental fund financial statements when due.

1-E-11 Bond Premiums, Discounts and Issuance Costs

On the government-wide statement of net position and the proprietary fund type statement of net position, bond premiums and discounts are netted against bonds payable and bond issuance costs are expensed when incurred. On the government-wide and proprietary fund type statement of activities, bond premiums and discounts are amortized over the life of the bonds using the effective interest method.

At the governmental fund reporting level, bond premiums and discounts are reported as other financing sources and uses, separately from the face amount of the bonds issued. Bond issuance costs are reported as an expenditure.

Note 1 - Summary of Significant Accounting Policies (Continued)

1-E-12 Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance". Fund equity for all other reporting is classified as "net position".

Fund Balance – Generally, fund balance represents the difference between the current assets and current liabilities. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

Nonspendable – F und balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e. items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

Restricted – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Committed– Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the City Council through the adoption of a resolution. Only the City Council also may modify or rescind the commitment.

Assigned– Fund balances are reported as assigned when amounts are constrained by the City Council's intent to be used for specific purposes, but are neither restricted nor committed. Through resolution, the City Council has authorized the City's finance director to assign balances.

Unassigned– Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all funds.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order:

- Committed
- Assigned
- Unassigned

Net Position - Net position represents the difference between assets and liabilities. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. All other net position is reported as unrestricted.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

1-E-13 Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for water, sewer, gas, solid waste, stormwater, and the insurance benefits, information technology, and fleet management programs. Operating expenses are necessary costs incurred to provide the good or service that are the primary activity of each fund and include administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Note 1 - Summary of Significant Accounting Policies (Continued)

1-E-14 Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets, tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources restricted to capital acquisition and construction.

1-E-15 Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after the non-operating revenues/expenses section in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements (i.e., they are netted).

Transfers between governmental and business-type activities on the government-wide statement of activities are reported as general revenues. Transfers between funds reported in the governmental activities column are eliminated. Transfers between funds reported in the business type activities column are eliminated. Transfers between activities are eliminated from the total column.

1-E-16 Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

1-E-17 Comparative Data

Comparative total data for the prior year have been presented only for individual funds in the fund financial statements in order to provide an understanding of the changes in the financial position and operations of these funds. Also, certain amounts presented in the prior year data have been reclassified to be consistent with the current year's presentation.

Note 2 – Stewardship, Compliance and Accountability

2-A. Budgetary Information – The City adopts an annual operating budget for the general fund and each special revenue fund. A project budget is adopted for each capital projects fund. The budget resolution reflects the total of each department's appropriation in each fund.

All budgets are adopted on a basis consistent with GAAP.

The legal level of control (the level at which expenditures may not legally exceed appropriations) for each adopted annual operating budget generally is the department level within each individual fund. The City Manager may approve budget transfers within departments. Any change in total to a fund or departmental appropriation within a fund requires City Council approval.

During the year, the City Council approved budget revisions.

All unexpended annual appropriations lapse at year-end.

Note 2 – Stewardship, Compliance and Accountability (Continued)

2-B. Excess of Expenditures over Appropriations

For the year ended June 30, 2019, expenditures exceeded appropriations for the following departments within the general fund:

| Governing Body | \$3,996 |
|-----------------------------|---------|
| General Administration Fees | 4,195 |

These over expenditures were funded primarily by under expenditures in other departments.

Expenditures exceeded appropriations by \$18,341 for the Hotel/Motel Tax special revenue fund.

Note 3 - Detailed Notes on All Funds

3-A. Deposits

At June 30, 2019, the carrying amount of the City's deposits (i.e., checking and certificates of deposits) was \$35,972,309 and the bank balance was \$35,671,771. Of the bank balance, \$1,000,000 was covered by federal depository insurance and \$34,671,771 was collateralized with securities held by the pledging financial institution's trust department or agent in the City's name.

Deposits Reconciliation:

| | Deposits |
|--|------------------|
| Fund Reporting Level: | |
| Governmental Funds - Balance Sheet | \$ 18,616,137 |
| Enterprise Fund Statement of Net Position | 12,505,940 |
| Enterprise Fund Statement of Net Position - Restricted | 3,882,851 |
| Internal Service Fund Statement of Net Position | 967,381 |
| | |
| Total | \$ 35,972,309 |

3-B. Receivables

Receivables at June 30, 2019, consisted of taxes, interest, and accounts (billings for user charges, including, unbilled utility receivables).

Receivables and payables are recorded on the City's financial statements to the extent that the amounts are determined to be material and substantiated not only by supporting documentation, but also by a reasonable, systematic method of determining their existence, completeness, valuation, and in the case of receivables, collectibility. The allowances for uncollectibles netted against receivables at June 30, 2019 follow:

Note 3 - Detailed Notes on All Funds (Continued)

| | Allowance For | | |
|------------------------|------------------|---------|--|
| Fund | Uncollectibles | | |
| | | | |
| Water and Sewer | \$ | 348,000 | |
| Storm Water | | 14,000 | |
| Gas | | 127,000 | |
| Solid Waste Collection | | 120,000 | |
| Solid Waste Disposal | | 21,000 | |

3-C. Property Taxes

Property taxes attach an enforceable lien on property as of January 1. Taxes are levied on or about September 20 of each year and are due and payable within 60 days of the tax bill mailing date. The City bills and collects its own property taxes. Property tax revenues at the fund reporting level are recognized when levied to the extent that they result in current receivables (i.e. collectible in 60 days). For the year ended June 30, 2019, property taxes were levied on September 4, 2018 and were due December 20, 2018.

3-D. Capital Assets

Capital asset activity (including the fleet management and central services internal service funds) for the year ended June 30, 2019, was as follows:

| | Balance 7/1/2018 | Additions | Deductions | Balance 6/30/2019 |
|---|---------------------|--------------|------------|-------------------|
| Governmental activities: | | | Deddettons | 0,00,2017 |

3-E. - Interfund Balances and Transfers

Interfund balances at June 30, 2019, consisted of the following amounts and represent charges for services or reimbursable expenses. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting period, and (3) payments between funds are made. The City expects to repay all interfund balances within one year.

| Receivable Fund | Payable Fund | Amount |
|-------------------------|---------------------------|--------------|
| General Fund | 2018 TSPLOST | \$ 21,579 |
| | Central Services Fund | 234,798 |

| Central Services Fund | | 41,000 | | 41,000 | | 41,000 | | 41,000 | | - | | - | | 328,000 | | |

Transfers are used to report revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, to segregate money for anticipated capital projects (e.g., SPLOST approved projects); to report enterprise fund transfers for the equivalent of franchise fees and property taxes as if the utility funds were privately owned; and to return money to the fund from which it was originally provided once a project is completed.

3-F. Landfill Closure and Postclosure Care

966,850

900,840

\$

\$

State and federal laws and regulations required the City to place a final cover on its landfill site when it stopped accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Effective July 1, 1997, the City stopped accepting waste into its landfill. The remaining accrued landfill postclosure care costs liability at June 30, 2019 was \$1,668,585. This amount is based on what it would cost to perform all postclosure care in 2019. Actual costs may be higher due to inflation, unexpected mitigation requirements, changes in technology, or changes in regulations.

3-G. Long-Term Debt

Water and Sewer Refunding and Improvement Revenue Bonds - During the fiscal year ended June 30, 2010, the City issued revenue bonds of \$15,040,000. The City issued the Series 2010 Water and Sewer Refunding and Improvement Revenue Bonds to advance refund Water and Sewer Revenue Refunding Bonds, Series 1995, with an outstanding balance of \$215,000, and ten Georgia Environmental Facilities Authority (GEFA) notes with an outstanding balance of \$6,132,934. Additionally, a portion of the net proceeds was deposited into the Water and Sewer System Fund Construction Account. The amount of outstanding bonds at June 30, 2019 was \$10,580,000.

Note 3 - Detailed Notes on All Funds (Continued)

The City pledges income derived from the constructed or acquired assets to pay debt service. The revenue bonds have interest rates ranging from 2.0 percent to 5.0 percent. The bonds require principal payments each April 1 and interest is payable semiannually on April 1 and October 1 each year.

Annual debt service requirements to amortize all obligations outstanding, as of June 30, 2019 follow:

| Year | Principal | | Interest | Total | | |
|-----------|------------------|----|-----------|-------|------------|--|
| 2020 | \$ 575,000 | \$ | 465,846 | \$ | 1,040,846 | |
| 2021 | 600,000 | | 439,721 | | 1,039,721 | |

Annual debt service requirements to amortize all notes payable outstanding as of June 30, 2019 follow:

Capital Leases – The City currently has the following outstanding capital leases.

Capital Lease – City Hall - In 1995 the Downtown Statesboro Development Authority provided for the issuance of a Revenue Bond in the amount of \$1,500,000 to provide for the acquisition, renovation, and equipping of the old Jaeckel Hotel for the purpose of converting it to the new Statesboro City Hall.

The Bond bears an interest rate of 70% of the prime rate but can never be less than 4.2% or more than 10.5%. Interest on the Bond is paid to Sea Island Bank by the City of Statesboro semi-annually on the first day of June and the first day of December beginning June 1, 1997. Principal payments are made in annual installments on December 1, each year beginning in 1997 and ending in 2022.

Upon payment in full of the debt the Downtown Statesboro Development Authority will convey the property to the City without further consideration.

The total cost for the project under the capital lease was \$1,733,719. Depreciation expense on the building for the year was \$43,343 and accumulated depreciation was \$1,148,589 at June 30, 2019.

The lease requires annual payments as follows:

| | | Governm | nental Ac | ctivities | | | | |
|-------|----|-----------|-----------|-----------|---------------|--|--|--|
| Year | F | Principal | I | nterest | Total | | | |
| 2020 | \$ | 98,000 | \$ | 11,046 | \$ 109,046 | | | |
| 2021 | | 104,000 | | 6,804 | 110,804 | | | |
| 2022 | | 110,000 | | 2,310 | 112,310 | | | |
| | | | | | | | | |
| Total | \$ | 312,000 | \$ | 20,160 | \$ 332,160 | | | |

Capital Lease – Georgia Municipal Association (GMA) – The City has entered into lease agreements with GMA to purchase various equipment costing \$1,604,481. Depreciation expense on the equipment for the year was \$241,549 and accumulated depreciation was \$755,694 at June 30, 2019.

Note 3 - Detailed Notes on All Funds (Continued)

| Unamortized bond premium | 185,483 | | - | | 12,575 | 172,908 | | - |
| | 11,325,483 | | - | | 572,575 | 10,752,908 | | 575,000 |
| Notes payable - water fund | 2,514,343 | | - | | 199,385 | 2,314,958 | | 208,003 |
| Notes payable - gas fund | 117,819 | | - | | 22,520 | 95,299 | | 30,823 |
| Capital lease - GMA | 736,293 | | - | | 167,318 | 568,975 | | 167,319 |
| Landfill closure and | | | | | | | | |
| post-closure care | 1,789,749 | | - | | 121,164 | 1,668,585 | | 171,000 |
| Other post employment benefits | 1,846,362 | | - | | 37,578 | 1,808,784 | | - |
| Compensated absences | 226,301 | | 13,378 | | 5,524 | 234,155 | | 46,931 |
| Total Business-Type Activities | \$ 18,556,350 | \$ | 13,378 | \$ | 1,126,064 | \$ 17,443,664 | \$ | 1,199,076 |

The capital lease obligations for governmental funds will be paid from the General Fund and SPLOST Funds and for proprietary funds from the fund which incurred the capital lease obligation. The compensated absences and other post-employment benefits liability for governmental funds will be paid from the General Fund and for business-type activities from the fund from which the employees' salaries are paid. Principal and interest payments related to notes payable for the City's Water and Sewer System are financed from income derived from the operation of the Water and Sewer System. Principal and interest payments related to notes payable for the City's gas system are financed from this system. The landfill post-closure care liability will be retired from the solid waste disposal fund.

3-H. Pensions

Plan Description - The City's defined benefit pension plan, the City of Statesboro Retirement Plan (the "Plan"), provides retirement and disability benefits and death benefits to plan members and beneficiaries. The Plan is affiliated with the Georgia Municipal Employees Benefit System (the GMEBS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for cities in the State of Georgia.

Note 3 - Detailed Notes on All Funds (Continued)

The City is assigned the authority to establish and amend benefit provisions of the Plan. The GMEBS issues a publicly available financial report that includes financial statements and required supplementary information. The report can be obtained by writing to Georgia Municipal Association, Risk Management and Employee Benefit Services, 201 Pryor Street, SW, Atlanta, Georgia 30303 or by calling (404) 688-0472.

Benefits provided - The classes of eligible employees for retirement benefits are regular employees with the exception of parttime firefighters employed or reemployed on or after June 20, 2012, elected or appointed members of the governing authority, and the City Attorney employed on December 13, 2001 meeting the eligibility requirements of the Plan that are applicable to eligible regular employees. Normal retirement qualifications for regular employees are attainment of age 65 and the completion of 5 years of total credited service. Normal retirement qualifications for Public Safety employees only are attainment of age 55 and completion of 25 years of total credited service. The regular employee calculation for the Split Final Average Formula is 1.25% of Final Average Earnings up to the amount of covered compensation plus 2% of Final Average Earnings in excess of said covered compensation, multiplied by years of Total Credited Service as an eligible regular employee. The Alternative Split Final Average Earnings Formula is 1% of Final Average Earnings up to the amount of covered compensation plus 1.75% of Final Average Earnings in excess of said covered compensation, multiplied by years of Total Credited Service as an eligible regular employee. Unless otherwise specified in an addendum to the adoption agreement, Final Average Earnings is defined as the monthly average of Earnings paid to a participant by the City for the 60 consecutive months of Credited Service preceding the participant's most recent termination in which the participant's earnings were the highest, multiplied by 12. The formula for elected or appointed members of the governing authority is \$35 per month for each year of total credited service as an elected or appointed member of the governing authority or municipal legal officer or major fraction thereof (6 months and 1 day). The City elects to provide for a variable annual cost-of-living adjustment not to exceed 5%. Disability retirement benefits shall be computed in the same manner as the Normal Retirement benefit, based upon the participant's accrued benefit as of his disability retirement date. In-service death benefits are payable to the participant's pre-retirement beneficiary, actuarially equivalent to the reserve required for the participant's anticipated normal retirement benefit, provided the participant meets eligibility conditions. Terminated vested death benefits are payable to the participant's pre-retirement beneficiary, equal to the decreased monthly retirement benefit that would have otherwise been payable to the participant had he elected a 100% joint and survivor benefit, under the plan.

Employees covered by benefit terms - At June 30, 2019, the following employees were covered by the benefit terms:

Pension Benefits

| Inactive employees or beneficiaries currently receiving benefits | 100 |
|--|-----|
| Inactive employees entitled to but not yet receiving benefits | 145 |
| Active employees | 250 |
| | 495 |

Contributions - The Plan is subject to minimum funding standards of the Public Retirement Systems Standards Law (Georgia Code Section 47-20-10). The estimated minimum annual contribution under these standards is \$0. This minimum contribution has been determined as the sum of 1) the normal cost (including administrative expenses), 2) the 30-year level percentage of payroll amortization of the unfunded actuarial accrued liability or the 10-year level percentage of payroll amortization of the surplus, and 3) interest on these amounts from the valuation date to the date contributions are paid (assumed monthly). The GMEBS Board of Trustees has adopted an actuarial funding policy that requires a different funding level than the estimated minimum annual contribution to minimize fluctuations in annual contribution amounts and to accumulate sufficient funds to secure benefits under the Plan. If the employer contributes the recommended contribution developed under the actuarial funding policy each year, the Plan will meet applicable state funding standards.

Note 3 - Detailed Notes on All Funds (Continued)

Net Pension Liability (Asset)

The City's net pension liability (asset) was measured as of September 30, 2018, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of January 1, 2019.

Actuarial assumptions - The total pension liability (asset) in the January 1, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 2.75 percent |
|---------------------------|---|
| Salary increases | 2.75 percent, average, including inflation |
| Investment rate of return | 7.50 percent, net of pension plan investment expense, including inflation |

Mortality rates were based on the RP-2000 Combined Healthy Mortality Table with sex-distinct rates, set forward two years for males and one year for females.

The actuarial assumptions used in the January 1, 2019 valuation were based on the results of an actuarial experience study for the period January 1, 2010 to June 30, 2014.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates return for each major asset class are summarized in the following table:

| | | Long-Term Expected |
|-----------------------|-------------------|---------------------|
| Asset Class | Target Allocation | Real Rate of Return |
| | | |
| Domestic equity | 45% | 6.40% |
| International equity | 20% | 7.40% |
| Domestic Fixed income | 20% | 1.75% |
| Global Fixed Income | 5% | 3.03% |
| Real estate | 10% | 5.10% |
| Cash | - | - |
| Total | 100% | |
| | | |

Discount rate - The discount rate used to measure the total pension liability was 7.50 percent. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Note 3 – Detailed Notes on All Funds (Continued)

Changes in the Net Pension Liability (Asset)

| | Increases (Decrease) | | | | |
|--|-----------------------------------|----------------------------------|---|--|--|

Sensitivity of the net pension liability (asset) to changes in the discount rate - The following presents the net pension liability (asset) of the City, calculated using the discount rate of 7.50 percent, as well as what the City's net pension liability (asset) would be if it were calculated using a discount rate that is one percentage-point lower (6.50 percent) or one percentage-point higher (8.50 percent) than the current rate:

| | 1% | Current | 1% |
|------------------------------|----------|----------------------|----------------|
| | Decrease | e Discount | Increase |
| City's net pension liability | 6.50% | Rate (7.50%) | 8.50% |
| | \$ (675 | ,925) \$ (4,260,054) | \$ (7,194,254) |

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2019, the City recognized pension expense of \$(534,920) At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | | Deferred Inflows of Resources | |
|--|-----------------------------------|---------|----------------------------------|-------------|
| Differences between expected and actual experience | \$ | 107,466 | \$ | (526,251) |
| Changes of assumptions | | - | | (378,211) |
| Net difference between projected and actual earnings | | | | |
| on pension plan investments | | - | | (1,550,493) |
| Employer contributions after measurement date | | 46,189 | | - |
| Total | \$ | 153,655 | \$ | (2,454,955) |
| | | | | |

Note 3 – Detailed Notes on All Funds (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year ended June 30: | |
|---------------------|----------------|
| 2020 | \$ (577,445) |
| 2021 | (842,853) |
| 2022 | (672,769) |
| 2023 | (208,233) |
| | \$ (2,301,300) |

3-I. Other Post-Employment Benefits (OPEB)

Plan Description. The City's defined benefit OPEB plan, the City of Statesboro Postretirement Health Plan provides OPEB for all permanent full-time general and public safety employees of the City. The plan is a single-employer defined benefit OPEB plan administered by the City. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Eligibility and benefits provided. Any employee who retires before age 65, but not sooner than age 55 for a sworn Police Officer or Firefighter and age 62 for all other employees, may remain on the City's medical insurance plan until reaching Medicare Eligibility. Employees must have 10 or more years of service. Spouse coverage is also provided.

If an employee retires with at least 10 years and less than 25 years of creditable service with the City as defined by the Georgia Municipal Employees Benefit System ("GMEBS") Plan, then the City pays 50% of a single or family coverage premium until the employee reaches Medicare eligibility.

If an employee retires with 25 or more years of creditable service with the City as defined by the GMEBS Plan, then the City pays 100% of a single or family coverage premium until the employee reaches Medicare eligibility.

Any retired employee whose spouse is younger than the employee may continue to cover the spouse on the City's medical insurance plan at the single coverage premium until the spouse qualifies for Medicare coverage, provided that: a) The employee had a minimum of 10 years of creditable service at retirement, and b) The employee had paid for dependent coverage for at least the last 5 years of their employment and had it in force at the time of their retirement.

- 1. If the employee had at least 10 years and less than 25 years of creditable service with the City as defined by the GMEBS Plan, then the City pays 50% of a single coverage premium until the spouse reaches Medicare eligibility.
- 2. If the employee had 25 or more years of creditable service with the City as defined by the GMEBS Plan, then the City pays 100% of a single coverage premium until the spouse reaches Medicare eligibility.

Participants are required to enroll in the Medicare program upon reaching Medicare eligibility. Upon the death of the retiree, surviving spouses may elect COBRA coverage continuation.

Employees covered by benefit terms. At June 30, 2019, the following employees were covered by the benefit terms:

| Inactive employees or beneficiaries currently receiving benefit payments | 5 |
|--|-----|
| Inactive employees entitled to but not yet receiving benefit payments | - |
| Active employees | 270 |
| | 275 |

Total OPEB Liability. The City's total OPEB liability of \$6,333,146 was measured as of June 30, 2019, and was determined by an actuarial valuation performed as of September 3, 2019.

Actuarial assumptions and other inputs. The total OPEB liability as of June 30, 2019 was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Note 3 – Detailed Notes on All Funds (Continued)

| Inflation | 2.50 percent | | | |
|--|---|--|--|--|
| Salary increases | 3.50 percent, average, including inflation | | | |
| Discount rate | 2.79 percent | | | |
| Healthcare cost trend rates | 4.50 percent | | | |
| Retiree's share of benefit-related costs | 50 percent of projected health insurance premiums for | | | |
| | retirees with 10 to 25 years of creditable service and 100% | | | |
| | for retirees with 25 or more years of creditable service. | | | |

The discount rate was based on the S & P Municipal Bond 20-Year High-Grade Rate Index.

Mortality rates were based on the Pub-2010 Public Retirement Plans Mortality Tables.

Note 3 – Detailed Notes on All Funds (Continued)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2019, the City recognized OPEB expense of \$518,239. At June 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | Deferred Outflows Deferred Inflows | | | | |
|--|------------------------------------|-----------|----|-----------|--|
| | of | Resources | of | Resources | |
| Differences between expected and actual experience | | - | \$ | 266,184 | |
| Changes of assumptions or other inputs | \$ | 1,114,496 | | 440,913 | |
| Total | \$ | 1,114,496 | \$ | 707,097 | |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| Year ended June | 30: |
|-----------------|-----------|
| 2020 | \$ 76,013 |
| 2021 | 76,013 |
| 2022 | 76,013 |
| 2023 | 76,013 |
| 2024 | 76,013 |
| Thereafter | 27,334 |
| | \$407,399 |

3-J. Defined Contribution Plan

The City sponsors a defined contribution retirement plan qualified under Section 401(a) of the Internal Revenue Code for the City Manager, Municipal Court Judge, and the City Attorney. The plan is administered by the Georgia Municipal Association. The City Council is responsible and has authority to amend the plan provisions. The City contributes 4 percent of salary to the plan. The employees are not required to contribute to the plan. The City made \$10,880 in contributions to the plan during the year ended June 30, 2019.

3-K. Fund Equity

As of June 30, 2019, governmental fund balances are composed of the following:

| | | | | | | | | | | Other | | Total |
|--------------------------|----|-------------|-----|--------------|----|-----------|-----|-----------|----|------------|----|-------------|
| | | | Sta | tesboro Fire | | | | | Go | vernmental | G | overnmental |

Note 3 – Detailed Notes on All Funds (Continued)

Net investment in capital assets on the government-wide statement of net position as of June 30, 2019 is as follows:

| | Governmental | | Business Type | | |
|----------------------------------|--------------|------------|----------------|------|-------------|
| | | Activities | Activities | Comp | oonent Unit |
| Cost of capital assets | \$ | 55,694,434 | \$ 113,210,676 | \$ | 410,437 |
| Less accumulated depreciation | | 28,782,559 | 51,131,965 | | 10,581 |
| Book value | | 26,911,875 | 62,078,711 | | 399,856 |
| Less capital related debt | | 685,734 | 13,732,140 | | - |
| Plus unspent bond proceeds | | - | 717,256 | | - |
| Net investment in capital assets | \$ | 26,226,141 | \$ 49,063,827 | \$ | 399,856 |

Note 4 – Other Notes

4-A. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; worker's compensation claims; and natural disasters for which the city carries commercial insurance.

In January 1991 the City elected to establish a self-insurance fund (an internal service fund) to cover all employee health insurance claims. The City makes payments to this fund on a monthly basis based on estimated premiums provided by the third party administrator to fund this program. Amounts are also withheld from employees by payroll deduction and paid to the self-insurance fund.

A third party administrator pays all claims from funds provided to them from the self-insurance fund's bank account. The City carries specific reinsurance for claims from one individual within one year exceeding \$60,000.

The claims liability of \$259,466 reported at June 30, 2019 for the Health Insurance Fund represents known claims incurred on or prior to June 30, 2019 and an estimate for claims that have been incurred but not reported. Changes in the claims liability for the year ended June 30, 2019 were as follows:

| | Be | ginning of | (| Current Year | | | | End of | | |
|------|-------------|------------|--------------------------|--------------|--------------|-----|--------|------------|---|-----------|
| | Fiscal Year | | Claims and Changes | | Claim | | F | iscal Year | | |
| Date | Liability | | e Liability in Estimates | | in Estimates | | Paymen | its |] | Liability |
| 2017 | \$ | 672,000 | \$ | 4,164,867 | \$3,748,6 | 641 | \$ | 1,088,226 | | |
| 2018 | | 1,088,226 | | 3,624,308 | 4,266,2 | 213 | | 446,321 | | |
| 2019 | | 446,321 | | 3,644,092 | 3,830,9 | 47 | | 259,466 | | |

There were no significant reductions in insurance coverage from the prior year, and there have been no settlements that exceed the City's insurance coverage during the past three years.

4-B. Contingent Liabilities

The City has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could result in a request for reimbursement to the grantor agency for costs disallowed under terms of the grant. Based on prior experience, the City believes such disallowances, if any, will be immaterial.

The City was a defendant in several lawsuits at June 30, 2019. In the opinion of City management, the outcome of these contingencies will not have a material effect on the financial position of the City.

Note 4 – Other Notes (Continued)

4-C. Joint Ventures

Under Georgia law, the City, in conjunction with other cities and counties in the ten county coastal Georgia area, is a member of the Coastal Regional Commission of Georgia (RC) and is required to pay annual dues thereto. During the year ended June 30, 2019, the City paid \$36,949 in such dues. Membership in an RC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-33, which provides for the organizational structure of the RC in Georgia. The RC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39 provides that the member governments are liable for any debts or obligations of an RC. Separate financial statements may be obtained from the Coastal Regional Commission of Georgia, 1181 Coastal Drive SW, Darien, Georgia 31305.

4-D. Hotel-Motel Lodging Tax

The City has levied a 6% lodging tax. A summary of the transactions for the year ended June 30, 2019 follows:

| | | Percentage of tax receipts |
|--|---------------|----------------------------|
| Lodging tax receipts Disbursements to the: | \$ 869,748 | |
| Statesboro Convention and Visitors Bureau for promotion of tourism | (389,650) | 44.80% |
| Statesboro Arts Council for performing arts center | (173,080) | 19.90% |
| Downtown Statesboro Development Authority for promotion of tourism | (218,307) | 25.10% |
| City of Statesboro for administrative costs | (43,352) | 5.00% |
| Georgia Southern University for Shooting Complex | (45,359) | 5.20% |
| Total | \$ _ | 100% |

All expenditures were for promotion of tourism as required by O.C.G.A. 48-13-51

4-E. Subsequent Events

Management has evaluated subsequent events through December 31, 2019, the date that the financial statements were available for issue. No subsequent events were noted.

Required Supplementary Information

City of Statesboro, Georgia Required Supplementary Information Schedule of Changes in the Net Pension Liability (Asset) and Related Ratios For the Year Ended June 30, 2019

(1) Only fiscal year 2019, 2018, 2017, 2016 and 2015 was available. The City will continue to present information for years available until a full 10-year trend is compiled.

Notes to Schedule:

Changes of assumptions

Amounts reported for the fiscal year ending in 2018 and later reflect the following assumption changes based on an actuarial study conducted in September 2017:

- $\cdot\,$ The investment return assumption was decreased from 7.75% to 7.50%.
- The inflation assumption was decreased from 3.25% to 2.75%.
- $\cdot\,$ The cost-of -living assumption was decreased from 3.25% to 2.75%.

Benefit changes

There were no changes in benefit provisions in the last two fiscal years.

City of Statesboro Required Supplemental Information Schedule of Contributions For the Year Ended June 30, 2019

| | 2019 | 2018 | 2017 | 2016 | 2015 |
|--|------|------------|------------|------------|------------|
| Actuarially determined contribution | * | \$ 615,587 | \$ 620,865 | \$ 605,346 | \$ 596,536 |
| Contributions in relation to the actuarially determined contribution | * | 616,027 | 569,126 | 606,396 | 596,536 |
| Contribution deficiency (excess) | * | (440) | 51,739 | (1,050) | |
| Covered-employee payroll | * | 10.864.231 | 11.032.951 | 10.987.945 | 10,848,107 |
| Contributions as a percentage of covered-employee payroll | * | 5.67% | 5.16% | 5.52% | 5.50% |

*2019 information will be determined after fiscal year end and will be included in the 2020 valuation report

Notes to Schedule:

Valuation Date

The actuarially determined contribution rate was determined as of January 1, 2019, with an interest adjustment to the fiscal year. Contributions in relation to this actuarially determined contribution rate will be reported for the fiscal year ending June 30, 2019.

Methods and assumptions used to determine contribution rates:

| Actuarial Cost Method Amortization Method Remaining Amortization Period | Projected Unit Credit Closed level dollar for remaining unfunded liability N/A |
|---|--|
| Asset Valuation Method | Sum of actuarial value at beginning of year and the cash flow during the year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at end of year. The actuarial value is adjusted, if necessary, to be within 20% of market value. |
| Actuarial Assumptions: | |
| Net Investment Rate of Return Projected Salary Increases Cost of Living Adjustments | 7.50%2.75% plus service based merit increases2.75% |
| Retirement Age | See changes of assumptions in the Notes to Schedule of Changes in the Net Pension Liability (Asset) |
| Mortality | RP-2000 Combined Healthy Mortality Table with sex-distinct rates, set forward two years for males and one year for females. |

City of Statesboro Required Supplemental Information Schedule of Changes in the Total OPEB Liability and Related Ratios For the Year Ended June 30, 2019

| | 2019 (1) | 2018 (1) | 2017 (1) |
|--|---------------|-----------------|-----------------|
| Total OPEB liability | | | |
| Service cost | \$ 251,484 | \$ 251,655 | \$ 238,840 |
| Interest | 190,743 | 172,519 | 143,097 |
| Changes of benefit terms | - | - | - |
| Differences between expected and actual experience | (281,869) | - | (19,053) |
| Changes in assumptions or other inputs | (74,273) | 50,685 | 392,842 |
| Other changes | (83,751) | 387,130 | 305,798 |
| Benefit payments | (139,820) | (95,433) | (98,018) |
| Net change in total OPEB liability | (137,486) | 766,556 | 963,506 |
| Total OPEB liability-beginning | 6,470,633 | 5,704,077 | 4,740,614 |
| Total OPEB liability-ending | \$ 6,333,147 | \$ 6,470,633 | \$ 5,704,077 |
| Covered-employee payroll | \$ 11,308,002 | \$ 9,814,896 | \$ 9,814,896 |
| Total OPEB liability as a percentage of covered-employee payroll | 56.01% | 65.93% | 58.12% |

(1) Only fiscal year 2019, 2018 and 2017 was available. The City will continue to present information for years available until a full 10-year trend is compiled.

Notes to Schedule:

Changes of assumptions

Changes of assumptions and other inputs reflect the effects of changes in the discount rate, changes in the health care trend rates, and a change in the mortality rate assumption.

Notes:

 1 Accounting standards require that net position be reported in three components in the financial statements: net investment in capital assets, restricted, and unrestricted. Net position is considered restricted only when (1) an external party, such as the State of Georgia or the federal government, places a restriction on how the resources may be used, or (2) enabling legislation is enacted by the City.

Notes:

- ¹State law does not authorize the City to directly levy a sales tax, however, the City has an agreement with Bulloch County that they will receive amounts from the 2013 special purpose local option sales taxes.
- ² The current special purpose local option sales tax was approved effective October 1, 2013 and expires September 30, 2019.
- ³Effective January 1, 2004 the Bulloch County Board of Education began levying a 1% special purpose local option sales tax.
- ⁴The Current transportaion special purpose local option sales tax was approved effective October 1, 2018 and expires September 30, 2023.

| As a percentage of debt limit | 100.00% |

Note:

Under Article 9, Section 5, Paragraph 1 of the State of Georgia Constitution, the City's outstanding general obligation debt should not exceed 10% of the assessed valuation of taxable property within the City.

City of Statesboro, Georgia Direct and Overlapping Debt June 30, 2019

| <u>Governmental Unit</u> Debt Repaid With Property Taxes | Debt Outstanding | Estimated Percentage Applicable | Amount Applicable to Primary Government |
|---|---------------------|---------------------------------------|--|
| Bulloch County Board of Education ¹ | \$ 40,000,000 | 100.0% | \$ 40,000,000 |
| City Direct Debt | | | 685,734 |
| Total Direct and Overlapping Debt | | | \$ 40,685,734 |

Source:

¹ Bulloch County Board of Education

Notes:

 2 Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City.

³ For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using assessed property values. Applicable percentages were estimated by determining the portion of another government unit's assessed value that is within the City's boundaries and dividing it by each unit's total assessed value.

GEORGIA SOCIETY OF CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the City Council City of Statesboro, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of City of Statesboro, Georgia, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City of Statesboro's basic financial statements and have issued our report thereon dated December 31, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Statesboro, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Statesboro's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Statesboro, Georgia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Statesboro, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
