Fire Inspection Checklist for Business Licenses

Fire Prevention Division

24 West Grady Street
Statesboro, GA 30458
Office: (912) 764-3473

Fire inspectors look at many items in your business. As a public service, The Statesboro Fire Department's Prevention Division is providing you a self-checklist to assist you and your business in making an assessment of your surroundings before and after the official inspection by a fire inspector.

The checklist will give you a better understanding of what inspectors look for and will assist you in obtaining a complete/passing inspection during the first visit. The checklist is **NOT** all inclusive as some businesses will require other items above and beyond what is on the list. Your inspector looks forward to discussing these additional items during the visit if requested.

The Statesboro Fire Department has adopted the Georgia minimum fire safety codes as the model code for the community. Fire inspectors use these, and other referenced codes, as a standard for inspections within the fire district. Some of the most common codes used are:

National Fire Protection Association 101, Life Safety Code, 2018 Edition, National Fire Protection Association 10, Standard for Portable Fire Extinguishers, 2018 Edition, National Fire Protection Association 70, National Electrical Code, 2020 Edition, National Fire Protection Association 96, Kitchen Hood Systems, 2017 Edition, International Fire Code, 2018 Edition, International Building Code, 2018 Edition, Georgia 120-3-3

These are **NOT** the only codes enforced by the Fire Prevention Division. Other referenced codes may be used based on circumstances presented to the fire inspector.

Should you require further information, please feel free to contact the Fire Prevention Division at the above number. An inspector will contact you within a reasonable amount of time to answer your questions.
