Leah Harden, City Clerk
Cain Smith, City Attorney

50 EAST MAIN STREET • P.O. BOX 348
STATESBORO, GEORGIA 30459-0348

December 31, 2025

To The Honorable Mayor, City Council,
and Citizens of the City of Statesboro:

The **Annual Comprehensive Financial Report (ACFR)** of the City of Statesboro, Georgia for the fiscal year ended June 30, 2025 is submitted herewith. This report was prepared by the City's Finance Department. Responsibility for the completeness and accuracy of the report rests with the City's management. We believe the data presented is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position, results of operations and cash flows of the City as measured by the financial activity of its various funds; that the statements and underlying financial data have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) and that all disclosures necessary to enable the reader to gain the maximum understanding of the City's financial affairs have been included.

City management's narrative on the financial activities of the City for the fiscal year ended June 30, 2025, is included in the Management's Discussion and Analysis (MD&A) section of this report, immediately following the independent auditor's report. The letter of transmittal is written to compliment the MD&A and the financial statements, and should be read from that perspective and in conjunction with all other ACFR sections.

PROFILE OF THE CITY

The City of Statesboro was created by an act of the General Assembly of the State of Georgia on December 19, 1803. The City operates under the Council/Manager form of government, providing the following services as authorized by its charter: public safety (police and fire), streets and drainage, community development, community services and general administrative services. The City also operates four public utilities (a water and sewer system, a stormwater system and a natural gas distribution system) and provides sanitation collection and disposal services. The City and Bulloch County jointly operate a transfer station for transport of solid waste and an inert landfill.

The City reports a 2025 estimated population of 35,226, which is based upon July 1, 2024 information from the census.gov website. This is less than 1% of the total State of Georgia population. Statesboro ranks high with a 37.2% poverty level while Bulloch County poverty rate is 23.7% and National poverty rate is 11.1%. However, this number is impacted by the fact that university students, when filling out census forms, do not have significant earned income. Georgia Southern University's Bureau of Business Research

and Economic Development in a study confirmed that the non-student population has a much higher per capita income than the census for this reason; and, the university student population has a considerable amount of disposable income, though little earned income, as they are predominantly supported financially by parents. The Georgia Southern University has an enrollment of over 27,500 students and consists of 3 campuses, as well as online degree programs and a study abroad and research program in Wexford, Ireland. Armstrong campus located in Savannah enrolls approximately 5,000 students, the Liberty campus located in Hinesville enrolling approximately 450 students and Statesboro campus enrolling more than 18,000 students, not including the more than 3,800 enrolled online.

The City of Statesboro is the county seat of Bulloch County, Georgia, located in the southeastern corner of the state. It is included on the southern leg of the Savannah River Parkway, a four-lane connector between Savannah and Augusta. It is located 53 miles west of Savannah, 76 miles south of Augusta, 121 miles east of Macon, 144 miles southwest of Charleston, SC, 168 miles north of Jacksonville, FL, and 199 miles southeast of Atlanta. Statesboro is 10 miles from Interstate 16, and is located on US Highways 25, 80, and 301, and State Routes 24, 46, 67, and 73.

The City is approximately 16.13 square miles with an average elevation of 253 feet above sea level, the terrain being mostly flat. The climate is seasonal, but moderate, with mild winters and warm, humid summers. The average high is 61 degrees in January and 93 degrees in July. The average annual rainfall is 42.4" and the relative humidity is 71% in January and 75% in July.

Statesboro is served by the Heart of Georgia Railway Company and numerous common freight carriers. The City and Bulloch County jointly own the Statesboro Municipal Airport that is located approximately 30 minutes from Interstate 16. It is 45 minutes from the Savannah/Hilton Head International Airport, which is serviced by 7 major airlines. The City of Statesboro also is located approximately fifty miles from the Georgia Ports Authority's Savannah terminal, and is within a reasonable distance of the ports of Charleston, Beaufort, Brunswick, and Jacksonville.

There are three institutions of higher learning located in the greater Statesboro area – within City limits are Georgia Southern University (GSU) and East Georgia State College-Statesboro (EGSC-S), located on Georgia Southern's campus, and just outside of the City limits on Highway 301 South is Ogeechee Technical College (OTC). Accredited by the Southern Association of Colleges and Schools and Georgia's largest and most comprehensive center of higher education south of Atlanta, Georgia Southern offers more than 150 degree programs at the undergraduate, graduate and doctoral levels in its current ten Colleges. The University's 27,506 students come from 50 states, the District of Columbia, Puerto Rico, the Virgin Islands, and more than 102 nations.

East Georgia State College-Statesboro (EGSC-S) provides students an opportunity to complete college level course work and transfer to another university-level institution or state college to complete their chosen degrees. EGSC-S students are able to take

advantage of many of the benefits of Georgia Southern University, including library use, cultural events, campus meal plans, intramural sports, fitness extension facilities, athletic tickets, marching band, and more. Students attending EGSC-S are also eligible to enroll in health and physical education classes through Georgia Southern University.

Ogeechee Technical College is accredited by the Commission of the Council on Occupational Education and adheres to statewide curriculum standards established by the Georgia Department of Technical and Adult Education. OTC offers 30 programs of study including 22 diploma programs, 86 certificate programs, and 25 Associate degrees in conjunction with Georgia Southern University and East Georgia State College. Ogeechee Technical College had 774 graduating students in 2025. There are 15 public schools, 3 private and parochial schools, 1 home school association, and 1 charter school in Bulloch County educating the county's approximately 11,000 students.

Statesboro is a leader in health care in southeast Georgia with East Georgia Regional Medical Center, equipped with 149 patient rooms, employing approximately 1,153 staff and physicians representing a wide range of specialties. The hospital is accredited by the Joint Commission on Accreditation of Healthcare Organizations, a distinction that is awarded only to those healthcare facilities that maintain the highest standards of quality.

The City is served by 6 local radio stations - WSLT, WVGS, WPTM, WQTS, WPTB, WWNS - and one newspaper, the *Statesboro Herald*. In addition, the *Savannah Morning News* reports on the news in Statesboro. Statesboro is covered locally by Vyve Broadband, which is located in the city. Three television stations in Savannah also cover Statesboro regularly: WTOC (CBS), WJCL (ABC), and WSAV (NBC).

The City has 124.76 miles of roads of which 124.3 are paved. Natural gas is sold to 2,611 customers while water and sewer service is provided by the City to over 14,900 customers with an average daily water consumption of 3.8 million gallons. Statesboro has 210 miles of sanitary sewer and 264.5 miles of water mains with 1,867 fire hydrants. The City maintains a Class 2/2Y ISO rating with 2 fire stations. At the final City Council Meeting for Fiscal Year 2025 that was held June 17, 2025, approval and an award of contract for the construction of Fire Station 3 was made. The project is slated to be completed in summer of 2026.

Utilities are provided by the following within the City:

City of Statesboro	Water & Sewer, Sanitation, Natural Gas and Stormwater
Excelsior EMC	Electricity
Georgia Power Company	Electricity
Frontier Communications	Telecommunications
Bulloch Solutions	Telecommunications
Vyve Broadband	Telecommunications

ECONOMIC CONDITION AND OUTLOOK

Statesboro has an economy comprised of an industrial base, a growing university, expanding retail activity, and a regional medical center. The City has a highly diversified

economy with several major industries located in the area and is a regional shopping center and health care provider for eight surrounding Georgia counties (Effingham, Screven, Jenkins, Emanuel, Candler, Evans, Tattnall, and Toombs).

The 2025 Statesboro median household income was \$42,884 or 66% of the State of Georgia per capita income. Per capita income is total personal income (including wages, dividends, interest, rent, and government payments) divided by the total population. It is commonly used as an indicator of the quality of consumer markets and the economic wellbeing of a community. As noted above, this figure is actually skewed lower by the high number of university students who do not report earned income, but have considerable disposable income.

The area offers many educational and vocational opportunities that provide a competitive advantage for a strong workforce. The March 2025 unemployment rate was 4.5%, higher than the State of Georgia rate at 3.6% and above the national rate of 4.2%. Approximately 26% of the Bulloch County civilian labor force is employed by the government sector including one of the City's largest employers, Georgia Southern University. Other government employers include Bulloch County, Bulloch County Board of Education, Ogeechee Technical College, and the City of Statesboro. The major private sector employers in the City include East Georgia Regional Medical Center and Wal-Mart Supercenter.

The City and County are experiencing moderate growth with the City approving 424 new building permits in 2024, and 787 in 2025. The cost of housing in Bulloch County was 8.6% lower than the State of Georgia average and 22.9% lower than the national average. The average residential listing price in Statesboro is \$319,900. The median value of owner occupied units was \$158,600.

MAJOR INITIATIVES

For The Year. In FY 2025, The Public Works and Engineering Departments expended \$4,527,314 in TSPLOST and SPLOST funds to finance street repaving, street striping, installation and repairs of sidewalks, roadway improvements and traffic calming measures, as well as stormwater drainage improvements projects.

The City expended \$5,531,753 in SPLOST funds for police vehicles and conversions, fire engines, fire station, facility upgrades and generators.

For The Future. Public Safety has budgeted \$1,601,610 of SPLOST and operating funds for police vehicles and conversions, fire engines, rescue/extrication tools replacement, portable radio replacement, and a SWAT vehicle.

The Natural Gas Department has budgeted \$1,710,000 of SPLOST and operating funds for system expansion, equipment replacement and facility replacement.

The Solid Waste Collection fund has budgeted \$550,000 of operating funds for equipment.

The Engineering Department has budgeted \$14,645,000 of TSPLOST funds and 2019 SPLOST funds for street resurfacing, sidewalks, traffic calming measures, intersection improvements and parking improvements and the implementation of a limited transit system.

The Waste Water Department has budgeted \$1,850,000 of SPLOST and operating funds for water and sewer upgrades and a sewer main extension.

FINANCIAL INFORMATION

In developing and evaluating the City's accounting system, consideration is given to the adequacy of the internal control structure. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss from unauthorized use or disposition, the reliability of financial statements, and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of control should not exceed the benefits likely to be derived; and the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. We believe that the City's internal control structure adequately safeguards assets and provides reasonable assurance of proper recording of financial transactions.

The City's accounting records for general governmental operations are maintained on a modified accrual basis and reported on the same basis at the fund financial reporting level. However, at the government-wide financial reporting level, these activities are presented on the accrual basis.

The City's enterprise funds account for the cost of services using an "economic resources" measurement focus. This means that all assets and liabilities (whether current or non-current) associated with the funds are included on their balance sheets. Their operating statements present increases (revenues) and decreases (expenses) in net total assets. The accrual basis of accounting is used for the proprietary funds.

Budgeting Controls. Budgets have been adopted and appropriated at the fund level for each City governmental fund. Budgetary control is maintained at the line-item level by the rendering of monthly reports of revenues and expenditures. Major variances between budget and actual are reviewed monthly with the City Council on an exceptions basis. Unexpended appropriations lapse at year-end for budgetary purposes and are subject to re-appropriation in the following year.

Long-term Financial Planning. The City of Statesboro maintains a flexible, yet thorough six year capital improvement plan whereby capital needs are identified several years before funding and implementation, to allow adequate time for planning. This plan also provides for the orderly replacement of facilities and equipment. The City's current six year plan has identified \$235,128,932 in projected expenditures through FY 2031. In FY 2026, the City has budgeted \$27,941,607 in projected expenditures, with \$1,816,607

being funded from the 2019 Special Purpose Local Option Sales Tax, \$8,225,000 being funded from the 2018 Transportation Special Purpose Local Option Sales Tax, and \$6,050,000 being funded from the 2023 Transportation Special Purpose Local Option Sales Tax. The projects funded from the 2019 SPLOST includes \$749,460 for police projects, \$52,150 for fire projects, and \$250,000 for natural gas projects. The projects funded from the 2025 SPLOST include \$115,000 in water and sewer projects, \$875,000 in stormwater projects, \$250,000 in natural gas projects, \$400,000 in fire projects and \$400,000 in police projects.

OTHER INFORMATION

Independent Audit. State law requires annual audits of the accounting records by independent certified public accountants selected by the City Council. This requirement has been met, and the auditor's opinion is included in this report. The goal of the independent audit is to provide reasonable assurance that the financial statements are free of material misstatement. The audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial presentation. The auditor's examination encompassed the basic financial statements for the fiscal year ended June 30, 2025.

Awards.

In 2025, the City received the Distinguished Budget Presentation Award for the fiscal year beginning July 1, 2024 from the Government Finance Officers Association of the United States and Canada (GFOA). This award is the highest form of recognition in governmental budgeting. It is presented to governments whose budgets adhere to program standards and its attainment represents significant achievement by the organization in providing a budget document that clearly presents financial, accounting, and policy information. In order to receive this award a government must publish a budget document which meets program criteria as a policy document, financial plan, operations guide, and as a communications device. This is the twenty-second consecutive year the City has received this award. The Distinguished Budget award is valid for a period of one year.

In 2025, the City received the Certificate of Achievement for Excellence in Financial Reporting for its Annual Comprehensive Financial Report for the fiscal year ended June 30, 2024. A Certificate of Achievement for Excellence in Financial Reporting is a prestigious national award presented by the Government Finance Officers Association of the United States and Canada to government units whose annual comprehensive financial reports (ACFRs) achieve the highest standards in government accounting and financial reporting. A government must publish an easily readable and efficiently organized ACFR, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements. This is the twentieth year the City has received this award.

In 2024 the City of Statesboro received the Award for Outstanding Achievement in Popular Annual Financial Reporting (PAFR) for the fiscal year ended June 30, 2023. The

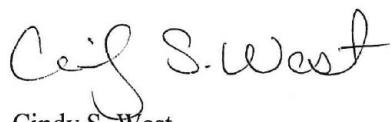

Award for Outstanding Achievement in Popular Annual Financial Reporting is a prestigious national award recognizing conformance with the highest standards for preparations of state and local government popular reports. The Popular Annual Financial Report (PAFR) provides citizens with an overview of the City's revenues, expenditures, and general information in a simplified interpretation of the ACFR. The PAFR is prepared by the Finance Department staff and is not obligated to be audited under GAAP rules. This is the fifth year the City has received this award.

Acknowledgments. We wish to express our gratitude and appreciation to the members of the staff of the City of Statesboro Finance Department for their assistance and support in the preparation of this report. We wish to acknowledge the guidance and technical support provided by our independent auditors, Lanier, Deal, & Deal, CPAs.

Respectfully submitted,

City of Statesboro, Georgia

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Statesboro, Georgia, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City of Statesboro, Georgia's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Statesboro, Georgia, as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison for the General fund, Statesboro Fire Service fund, and American Rescue Plan Act fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Statesboro, Georgia, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Statesboro, Georgia's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Statesboro, Georgia's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Statesboro, Georgia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 13 and other required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Statesboro, Georgia's basic financial statements. The accompanying combining and individual fund statements and schedules, schedule of SPLOST expenditures, and schedule of TSPLOST expenditures are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules, the schedule of SPLOST expenditures, schedule of TSPLOST expenditures, and schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2025, on our consideration of the City of Statesboro, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Statesboro, Georgia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Statesboro, Georgia's internal control over financial reporting and compliance.

Management's Discussion and Analysis

MANAGEMENT'S DISCUSSION AND ANALYSIS

Within this section of the City of Statesboro, Georgia's (the City's) annual financial report, the City's management is pleased to provide this narrative discussion and analysis of the financial activities of the City for the fiscal year ended June 30, 2025. The City's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosures following this section.

Financial Highlights

- The City had total net position (assets plus deferred outflows of resources exceeded liabilities plus deferred outflows of resources) of \$182,999,983 at 2025 fiscal year-end. That is \$15,058,058 or 9.0% higher than the total net position of \$167,941,925 at 2024 fiscal year-end. Fiscal year 2024 had seen a \$19,173,833 or 12.9% increase in total net position.
- Total net position is comprised of the following:
 - (1) Net investment in capital assets, of \$115,640,145 include property and equipment, net of accumulated depreciation, and reduced for outstanding debt related to the purchase or construction of capital assets. The figure for fiscal year 2024 was \$104,512,061. That is an increase of \$11,128,084 or 10.6%. There was an increase of \$9,284,395 or 9.7% for fiscal year 2024.
 - (2) Net position of \$53,099,109 is restricted by constraints imposed from outside the City such as debt covenants, grantors, laws, or regulations. That is \$6,595,756 or 14.2%, more than the fiscal year 2024 amount of \$46,503,353. That was \$10,515,271 (or 29.2%) more than fiscal year 2023's \$35,988,082
 - (3) Unrestricted net position of \$14,260,729 represents the portion available to maintain the City's continuing obligations to citizens and creditors. This is a \$2,665,782 (or 15.8%) decrease over the fiscal year 2024 total of \$16,926,511. That amount was a \$625,833 (or 3.6%) decrease over fiscal year 2023's figure of \$17,552,344. FY 2023 had seen a \$319,681 (or 1.8%) decrease over FY 2022's amount. In fiscal year 2025, unrestricted net position for business-type activities decreased by \$1,683,349 or 9.1%. The unrestricted net position for the governmental activities in fiscal year 2025 decreased by \$982,433.
- The City's governmental funds reported total ending fund balance of \$59,811,646 compared to \$53,732,540 in fiscal year 2024. This is a \$6,079,106 (or 11.3%) increase. The fiscal year 2024 ending fund balance for governmental funds showed an increase of \$10,871,913 (or 25.4%).
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$5,822,735. That compares to \$6,669,404 for fiscal year 2024 and \$6,878,498 for fiscal year 2023.

The above financial highlights are explained in more detail in the "financial analysis" section of this document.

Overview of the Financial Statements

This Management Discussion and Analysis document introduces the City's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the basic financial statements. The City also includes in this report additional information to supplement the basic financial statements.

Government-wide Financial Statements

The City's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the City's overall financial status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of activities between funds.

The first of these government-wide statements is the *Statement of Net Position*. This is the government-wide statement of net position presenting information that includes all of the City's assets and liabilities, with the difference between them reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City as a whole is improving or deteriorating. Evaluation of the overall health of the City would extend to other non-financial factors such as diversification of the taxpayer base or the condition of City infrastructure, in addition to the financial information provided in this report.

The second government-wide statement is the *Statement of Activities*, which reports how the City's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the City's distinct activities or functions on revenues provided by the City's taxpayers.

Both government-wide financial statements distinguish governmental activities of the City that are principally supported by sales and property taxes from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government, public safety, and public works. Business-type activities include the natural gas distribution system, the water and wastewater systems, and the solid waste collection and disposal systems.

The government-wide financial statements are presented on pages 14 & 15 of this report.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The City uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the City's most significant funds rather than the City as a whole. Major funds are separately reported while all other (non-major) funds are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

The City has two kinds of funds:

1. *Governmental funds* are reported in the fund financial statements and encompass the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the City's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund operating statement provide a reconciliation to assist in understanding the differences between these two perspectives.

The basic governmental fund financial statements are presented on pages 16-23 of this report.

Individual fund information for non-major governmental funds is found in combining statements in a later section of this report.

2. *Proprietary funds* are reported in the fund financial statements and generally report services for which the City charges customers a fee. The City's proprietary funds are classified as enterprise funds. These enterprise funds essentially encompass the same functions reported as business-type activities in the government-wide statements. Services are provided to customers external to the City organization for gas, water and wastewater utilities; and for solid waste collection and disposal systems.

The basic enterprise fund financial statements are presented on pages 24-27 of this report.

Notes to the Basic Financial Statements

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin on page 28 of this report.

Supplementary Information

In addition to the basic financial statements and accompanying note disclosures, this report also presents certain required supplementary information concerning the City's budget presentations and information on its pension plan and other post-employment benefits plan. The budgetary comparison statement is included as a basic financial statement for the General Fund, Statesboro Fire Service Fund, and ARPA Fund. Budgetary comparison schedules for all other governmental funds can be found in a later section of this report. These

statements and schedules demonstrate compliance with the City's adopted and final revised budget. During the fiscal year, the Mayor and City Council adopted by resolution three budget amendments, or revision, to the original budget resolution.

As discussed, the City reports major funds in the basic financial statements. Combining and individual statements and schedules for non-major funds are presented in this section of this report beginning on page 57.

Financial Analysis of the City as a Whole

The City's net position at fiscal year 2025 was \$182,999,983, compared to the fiscal year 2024 figure of \$167,941,925. The following table provides a summary of the City's net position:

Summary of Net Position

	Governmental Activities		Business-type Activities		Total	
	2025	2024	2025	2024	2025	2024
Assets:						
Current assets	\$ 73,332,660	\$ 69,127,255	\$ 21,524,789	\$ 23,692,494	\$ 94,857,449	\$ 92,819,749
Capital assets	61,303,640	54,226,217	71,781,291	68,460,195	133,084,931	122,686,412
Other Noncurrent assets	-	-	7,756,733	7,929,395	7,756,733	7,929,395
Total Assets	134,636,300	123,353,472	101,062,813	100,082,084	235,699,113	223,435,556
Deferred Outflows of Revenues	5,049,706	5,778,996	1,700,387	1,924,427	6,750,093	7,703,423
Liabilities:						
Current liabilities	12,331,584	13,890,648	3,792,261	2,973,815	16,123,845	16,864,463
Long-term liabilities	22,054,519	25,367,881	12,166,566	14,067,111	34,221,085	39,434,992
Total Liabilities	34,386,103	39,258,529	15,958,827	17,040,926	50,344,930	56,299,455
Deferred Inflows of Resources	3,809,970	1,229,535	5,294,323	5,668,064	9,104,293	6,897,599
Net Position:						
Net Investment in capital assets	51,015,539	43,783,333	64,624,606	60,728,728	115,640,145	104,512,061
Restricted	53,099,109	46,503,353	-	-	53,099,109	46,503,353
Unrestricted	(2,624,715)	(1,642,282)	16,885,444	18,568,793	14,260,729	16,926,511
Total net position	\$101,489,933	\$ 88,644,404	\$ 81,510,050	\$ 79,297,521	\$ 182,999,983	\$ 167,941,925

The current ratio divides the current assets by the current liabilities, and is an indication of the ability to pay current obligations. For fiscal year 2025, the current ratio for governmental activities is 5.9 and 5.7 for business type activities. For fiscal year 2024, the current ratio for governmental activities was 5.0 and for business type activities 8.0. For the City, overall, the current ratio for fiscal year 2025 is 5.9, compared to 5.5 for fiscal year 2024. For fiscal year 2023, the current ratio for governmental activities was 3.1 and for business type activities 7.6.

Net position for fiscal year 2025 increased by \$12,845,529 for governmental activities, and increased by \$2,212,529 for business-type activities. Net position for fiscal year 2024 increased by \$16,054,320 for governmental activities and increased by \$3,119,513 for business type activities.

Note that in fiscal year 2025, 50.3%, and in fiscal year 2024, 49.3% of the governmental activities' net position were invested in capital assets. On the business type activities, the City has spent 79.3% of its net position in fiscal year 2025, and 76.6% in fiscal year 2024 on capital assets. This is not unusual, as the business type activities are primarily utilities, which are very capital-intensive operations. Expansion of these systems is necessary for the continued growth of the City and for its financial position, as these utility systems generate

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

GOVERNMENTAL REVENUES

Bulloch County (including the City of Statesboro) is one of only eight counties out of 159 in Georgia that do not receive any of the 1% Local Option Sales Tax (LOST). A local Constitutional Amendment was passed by the Georgia General Assembly in the 1981 Session (Georgia Laws, 1981, p. 1931) which called for a referendum on the question of whether or not the local option sales tax should go to the Bulloch County Board of Education, with a dollar for dollar reduction in the school property tax. (Boards of Education in Georgia are limited to a maximum millage rate of 20.) The referendum passed on November 2, 1982. Since that time, this money has gone to the

Board of Education. Since most Georgia counties and cities negotiate a formula to distribute this sales tax among the county and city governments in that county, this puts both the City of Statesboro and Bulloch County government at a distinct disadvantage relative to almost all the other cities and counties in the state. It means that we have to rely more heavily on the local property tax and user fees than these other cities and counties. For example, if the City and County had equally split this approximately \$19,982,299 in local option sales taxes in fiscal year 2025, the City would have had \$9,991,150. That is more than the City collected in property taxes.

However, the City of Statesboro and Bulloch County (and the other cities in the county) do share the proceeds of a 1% Special Purpose Local Option Sales Tax (SPLOST), which has passed referendum in 2018 for a six-year term. In fiscal year 2025, sales taxes of \$8,816,878 out of \$52,412,271 in total governmental funds revenues, or 16.8% were received from the 2019 SPLOST. \$233,886 in 2013 SPLOST funds and \$3,415,689 in 2019 SPLOST funds were transferred to the business-type funds for capital projects (water and sewer, gas and solid waste collection and disposal systems). Similarly, in fiscal year 2024, \$10,399,435 in sales taxes represented 20.9% of the \$49,689,037 in governmental funds revenues.

The City of Statesboro and Bulloch County (and the other cities in the county) also share the proceeds of a 1% Transportation Special Purpose Local Option Sales Tax (TSPLOST), which was passed by referendum in the spring of 2018 for a five-year term with collections beginning in the fall of 2018. In fiscal year 2025, sales taxes of \$7,840,299 out of \$52,412,271 in total governmental funds revenues, or 15.0%, were received from the 2023 TSPLOST.

The City is heavily reliant on taxes to support governmental activities operations. In total, taxes make up 36.0% of revenues as compared to 33.1% in fiscal year 2024. Property taxes provided \$10,799,131 or 20.4% of the City's total governmental activities revenue as compared to 18.1% in fiscal year 2024.

Also, note that program revenues covered 78.1% in fiscal year 2025, and 87.0% in fiscal year 2024 of governmental operating expenses. This means that the government's taxpayers and the City's other general revenues funded the remaining 21.9% in fiscal year 2025, and 13.0% in fiscal year 2024 of the governmental activities. As this documents, the general economy and the local businesses have a major impact on the City's revenue streams.

GOVERNMENTAL FUNCTIONAL EXPENSES

The public safety function comprises 53.6% of the City's total governmental activity expenses and 30.7% of the total City expenses in fiscal year 2025. In fiscal year 2024, the figures were 58.2% and 34.4% respectively. In fiscal year 2025, general government totaled 9.0% of the total governmental activity expense, and 5.1% of the total City expenses. In fiscal year 2024, general government totaled 8.7% of the total governmental activity expenses, and 5.1% of the total City expenses. Of the total \$40 million of governmental expenses, depreciation is 12.0% of that total. In fiscal year 2024, the numbers were \$35 million and 11.8% respectively

The following table presents the cost of each of the City's programs, including the net costs (i.e., total cost less revenues generated by the activities). The net costs illustrate the financial burden that was placed on the City's taxpayers by each of these functions.

	Governmental Activities			
	2025	2024	Total Cost of Services	Net Cost of Services
General Government	\$ 3,581,457	\$ 2,396,568	\$ 3,061,768	\$ 1,987,100
Municipal Court	581,378	581,378	536,039	536,039
Public Safety	21,368,339	13,940,888	20,527,843	16,057,252
Public Works	7,261,283	(11,853,939)	5,488,887	(17,981,408)
Community Development	3,492,075	1,583,562	2,481,607	1,668,802
Parks and Cemeteries	1,075,194	1,002,481	964,803	940,718
Engineering	449,601	194,415	516,687	358,939
Planning and Zoning	722,086	2,739	704,524	267,732
Community Services	841,568	409,932	641,108	377,562
Interest	472,010	472,010	371,981	371,981
Total	\$ 39,844,991	\$ 8,730,034	\$ 35,295,247	\$ 4,584,717

For fiscal year 2025 and 2024, all functions required a subsidy from general revenues except for public works. In fiscal year 2025 and 2024, \$8,816,878 and \$10,399,435 respectively, in SPLOST revenue received from the County was included in program revenue for public works. Also in fiscal year 2025 and 2024, \$8,289,952 and \$8,282,248, respectively, in TSPLOST revenue received from the county and the state were included in the program revenue for public works.

BUSINESS-TYPE ACTIVITIES

Revenues vs. Expenses

For fiscal year 2023, operating revenues for utility funds were 1.1% higher than 2022 and operating expenses were 3.9% higher than fiscal year 2022. Within the total business type activities of the City, the activities reported \$3,589,832 in operating income, or a decrease of 13.5% compared to the fiscal year 2022. After transfer in and out between other funds, those funds reported an income of \$5,154,226 or a decrease of \$187,366 compared to the fiscal year 2022. The primary reasons for this decrease was an increase in personnel and operating costs and a decrease in transfers in from the SPLOST funds for completed projects.

For fiscal year 2024, operating revenues for utility funds were 3.7% higher than 2023 and operating expenses were 4.7% higher than fiscal year 2023. Within the total business type activities of the City, the activities reported \$3,503,929 in operating income, or a decrease of 2.4% compared to fiscal year 2023. After transfers in and out between other funds, these funds reported an income of \$3,695,313 or a decrease of \$1,458,913 compared to the fiscal year 2023. The primary reasons for the decrease was an increase in personnel and operating costs and a decrease in transfers from the SPLOST funds for completed projects.

For fiscal year 2025, operating revenues for utility funds were 8.7% higher than 2024 and operating expenses were 22.3% higher than fiscal year 2024. Within the total business type activities of the City, the activities reported \$588,568 in operating income, or a decrease of 83.2% compared to fiscal year 2024.. After transfers in and out between other funds, these funds reported an income of \$2,843,104 or a decrease of \$852,209 compared to the fiscal year 2024. The primary reason for the decrease in operating income is due to expenses incurred due to Hurricane Helene. Other reasons for the decrease was an increase in personnel and operating costs and a decrease in transfers from the SPLOST funds for completed projects.

Each specific fund reported the following operating income or loss:

	2025		2024	
	Amount	Percent Change	Amount	Percent Change
Water and Sewer Fund	\$ 1,707,040	3%	\$ 1,655,597	(17%)
Stormwater	\$ 316,128	(20%)	\$ 395,940	(14%)
Gas Fund	\$ 775,818	(28%)	\$ 1,075,173	9%
Solid Waste Collection Fund	\$ 919,939	(31%)	\$ 1,342,390	9%
Solid Waste Disposal Fund	\$ (3,130,357)	(224%)	\$ (965,171)	11%

The City transfers resources from its enterprise funds to the general fund for the following reasons:

- Since the City does partial indirect cost allocation, the transfers help cover the General Fund's indirect costs that could be charged to the enterprise funds as indirect costs. These costs include the various staff divisions, such as personnel, finance, and records, as well as part of the City Manager's time.
- If these enterprise funds were privately owned, the City would be entitled to a franchise fee equal to 5% of the gross revenues, similar to CATV, electricity, or telephone service providers. These transfers offset some of these costs.

- If these enterprise funds were privately owned, the City would be entitled to property taxes on the property in service, net of accumulated depreciation, similar to CATV, electricity, or telephone service providers. These transfers are made in lieu of property taxes.
- If these enterprise funds were privately owned, their approved rate tariffs would include a reasonable return on shareholder equity. Since the City's taxpayers are in fact the investors who started and financed these operations, they are being rewarded with a comparable return on equity in the form of lower property taxes. This return can be made while still maintaining retail rates that are at or below the surrounding market prices offered by private utility companies. For example, the City's natural gas system rates are considerably lower than any investor-owned utility or private gas marketer in our geographic area.
- Hosting a sizable regional university, as well as being the county seat, results in a considerable amount of state and county property not being subject to property taxation. However, services such as police, fire, street repair and cleaning, and traffic signalization must be provided and expanded as needed, and must be funded from general revenues. Transfers from the enterprise funds help offset this burden, while sharing it more equitably among all citizens and institutions.

The solid waste disposal fund recognized a transfer in from the 2019 SPLOST fund of \$2,779,328 which was used for the purchase of landfill space (air rights) in the Waste Management's Superior Landfill in Chatham County, for post-closure costs for our Lakeview Landfill, and equipment for the Transfer Station.

Financial Analysis of the City's Funds

Governmental Funds

Governmental funds are reported in the fund statements with a short-term, inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements. Governmental funds reported ending fund balances of \$59,811,646 in fiscal year 2025, compared to \$53,732,540 in fiscal year 2024, and \$42,860,627 in fiscal year 2023. Of these year-end totals, \$52,985,966 (or 88.6%) in fiscal year 2025 and \$46,503,353 (or 86.5%) in fiscal year 2024 were restricted for specific purposes and not available for continuing city service requirements.

The total ending fund balances of governmental funds show an increase in fiscal year 2025 of \$6,079,106 or 11.3% compared to an increase in fiscal year 2024 of \$10,871,913 or 25.4%. The fiscal year 2025 increase is primarily the result of more SPLOST and TSPLOST funds received than spent on capital projects for the fiscal year.

Major Governmental Funds

The General Fund is the City's primary operating fund and the largest source of day-to-day service delivery. The General Fund's fund balance decreased by \$641,150 in fiscal year 2025. The General Fund's fund balance increased by \$563,871 in fiscal year 2024, and decreased by \$1,010,050 in fiscal year 2023. The main reasons for the decrease is an increase in transfers to the Fire Fund as well as increased transfer to the Health Insurance Fund.

Total taxes for the general fund were \$16,331,104 or 14.0% higher than in fiscal year 2024. Total property taxes in fiscal year 2025 were \$9,376,053 compared to \$8,321,365 in fiscal year 2024. In fiscal year 2024, total taxes were \$14,328,577 or 17.2% higher than the \$12,224,558 in fiscal year 2023.

The general fund's total expenditures increased by \$3,079,484 in fiscal year 2025 compared to an increase of \$1,680,265 in fiscal year 2024. The main reasons for the increase is an increase in personnel costs and related benefits.

The General Fund's ending unassigned fund balance of \$5,822,735 represents the equivalent of 21.3% of the \$27,372,225 in annual expenditures and transfers out budgeted for the next fiscal year. The City's overall cash flow varies little from month to month. The only real peak is in the December-February timeframe, when property taxes become due, then delinquent. The reason for this is that the utility revenues are consistent on a monthly basis, and other General Fund revenues come in during months when property taxes do not. Given this relatively stable cash flow environment, the City has set a target for unassigned fund balance in the General Fund of 25% of the next fiscal year's budgeted General Fund expenditures and transfers out. This provides more than adequate cash flow to handle these monthly fluctuations, while providing a cushion against any major unexpected events. The unassigned fund balance is at 21.3%, below the 25% target set for unassigned fund balance. The governing body has adopted a conservative General Fund budget for fiscal year 2026.

The Statesboro Fire Service Fund was created in fiscal year 2008. This fund accounts for the operations of the Statesboro Fire Department, which serves all the citizens of Statesboro and county citizens within the five-mile fire district. This fund had a fund balance of \$291,829 at year-end compared to (\$60,699) at the end of fiscal year 2024. This represents a \$352,528 increase. The increase is mainly due to an increase in the transfer from the General Fund to the Fire Service Fund.

The 2013 SPLOST fund's ending restricted fund balance was \$1,947,076 for fiscal year 2025. This is a decrease of \$143,764 from fiscal year 2024. The collection of the 1% sales tax for the 2013 SPLOST ended September 2019. Therefore, the fund balance will continue to decrease until all money is spent.

The 2018 TSPLOST fund's ending restricted fund balance was \$13,449,030 for fiscal year 2025. This is a decrease of \$2,798,712. The decrease is the result of more spent on road and transportation projects than the amount of TSPLOST revenue received during the year.

The 2019 SPLOST fund's ending restricted fund balance was \$19,669,210 for fiscal year 2025. This is an increase of \$380,581 from fiscal year 2024. The increase is a result of \$858,858 in investment earnings.

The new 2023 TSPLOST fund's ending restricted balance was \$13,451,135 for fiscal year 2025. This is an increase of \$7,795,304 from fiscal year 2024. The increase is a result of less spent on road and transportation project than the amount of TSPLOST revenue received during the year.

The Proprietary Funds

The proprietary funds statements share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status. Each of the fund statements give detailed information about their financial condition.

Budgetary Highlights

The General Fund – Overall, the City recognized revenues equal to 102.2% of budgeted revenues in the final appropriated budget. Overall, the City recognized expenditures equal to \$470,456 more than, or 102.2% of budgeted expenditures in the final appropriated budget. In summary, the budget was overspent by 1.2% while revenue estimates were 1.2% over.

On the revenue side of the budget, automobile taxes came in \$79,538 more than budgeted. Licenses and permits came in \$138,447 more than budgeted. Investment earnings came in \$135,004 more than budgeted. Property taxes came in \$29,985 less than budgeted. In total, General Fund revenues came in \$449,587 more than the budgeted amount.

On the expenditure side, Human Resources, Police and Streets costs were considerably more than the budgeted amounts. Overall, the General Fund expenditures were \$470,456 more than budgeted.

Fund Balance was budgeted to decrease by \$654,025. However, the fund balance decreased by \$611,825.

Capital Assets and Debt Administration

Capital Assets

The City's investment in capital assets, net of accumulated depreciation, for governmental (including the fleet management and central service internal service funds) and business-type activities as of June 30, 2025 was \$61,303,640 and \$71,781,291 respectively, for a total of \$133,084,931. That compares to fiscal year 2024 numbers of \$54,226,217 and \$68,460,195 respectively, for a total of \$122,686,412. The fiscal year 2025 totals in this net investment were a 13.1% increase for governmental and a 4.9% increase for business-type activities. See Note 3D for additional information about changes in capital assets during the fiscal year and outstanding at the end of the year. The following table provides a summary of capital asset activity.

Capital Assets

	Governmental Activities		Business Activities		Total	
	2025	2024	2025	2024	2025	2024
Non-depreciable assets:						
Land	\$ 2,469,680	\$ 1,881,680	\$ 1,590,078	\$ 574,113	\$ 4,059,758	\$ 2,455,793

Total Capital Assets	<u>\$ 61,303,640</u>	<u>\$ 54,226,217</u>	<u>\$ 71,781,291</u>	<u>\$ 68,460,195</u>	<u>\$ 133,084,931</u>	<u>\$ 122,686,412</u>

At June 30, 2025 and 2024, the depreciable capital assets for governmental activities were 47% and 49% depreciated respectively. The major increase in capital assets in fiscal year 2025 was several road and drainage projects, park improvements and the purchase of public safety equipment.

In the City's business type activities, 52% and 50%, respectively, of the asset values were depreciated at June 30, 2025 and June 30, 2024.

Long-term Debt

In fiscal year 2023, the notes payable increased by \$389,437 and the bond debt decreased by \$1,259,000. Combined, this represented a decrease in long-term debt of \$869,563.

In fiscal year 2024, the notes payable decreased by \$71,265 and the bond debt decreased by \$1,287,000. Combined, this represented a decrease in long-term debt of \$1,358,265.

In fiscal year 2025, the notes payable increased by \$341,478 and the bond debt decreased by \$1,307,000. Combined, this represented a decrease in long-term debt of \$965,252.

	Outstanding Debt						Totals

See Note 3H for additional information about the City's long-term debt.

Economic Conditions Affecting the City

As of March 2024, the local unemployment rate was 4.5%, which was higher than the state rate of 3.6% and higher than the national rate of 4.2%. Our local economy is experiencing an increase in new construction and stabilizing financial markets. With the incentives for earmarked projects within the downtown area, business has increased for our community partners. However, like most communities we continue to monitor and analyze the effects of the pandemic on our local economy.

As in the past, a strong industrial base, a growing regional public university, a regional medical center and increasing medical specialties, and a regional retail base influence Statesboro's economy. This diversification should continue to help the local economy.

The outlook long-term is upbeat. Coastal Georgia is projected to be one of the hottest real estate markets in the country over the next decade, as thousands of baby boomers seek inexpensive, warmer climates for retirement. That will fuel the housing, medical, and retail segments of our local economy as well. Georgia Southern University should continue its student body expansion. The new industrial park puts us in a prime position to benefit from additional industrial investment as the weakened dollar continues to attract capital to the United States. With our recent investments in water, sewer, natural gas, and roads, this community should be in an excellent position to benefit from these economic opportunities.

Contacting the City's Financial Management

This financial report is designed to provide a general overview of the City's finances, comply with finance-related laws and regulations, and demonstrate the City's commitment to public accountability. If you have questions about this report or would like to request additional information, contact the City's Finance Department at 50 East Main Street, Statesboro, Georgia, 30458, or call (912) 764-5468.

City of Statesboro, Georgia
Reconciliation of Governmental Funds Balance Sheet
to the Statement of Net Position
June 30, 2025

**Amounts Reported for Governmental Activities in the
Statement of Net Position Are Different Because:**

Total Governmental Fund Balances	\$ 59,811,646
Capital assets used in governmental activities (excludes internal service funds) are not financial resources and therefore are not reported in the funds:	
Cost	\$ 105,665,675
Less accumulated depreciation	<u>(45,182,237)</u>
	60,483,438
Other long-term assets are not available to pay for current period expenditures and therefore are reported as unavailable revenue in the funds:	
Property taxes	63,490
The net pension liability is not a liability for governmental funds and therefore is not reported in the funds.	(7,691,442)
Deferred outflows and deferred inflows related to pensions is not reported in the governmental funds:	
Deferred outflows of revenues	\$ 3,603,931
Deferred inflows of revenues	<u>(2,435,644)</u>
	1,168,287
Deferred outflows and deferred inflows related to post employment benefits is not reported in the governmental funds:	
Deferred outflows of revenues	1,133,417
Deferred inflows of revenues	<u>(1,183,778)</u>
	(50,361)
The internal service funds are used by management to charge the costs of the operation and maintenance of the vehicle fleet, information technology, health insurance, and wellness program to individual funds. Certain assets and liabilities of the internal service funds are included in governmental activities columns in the statement of net position.	2,554,727
Interfund receivables and payables between governmental funds are reported on the fund balance sheet but eliminated on the government-wide statement of net position:	
Interfund receivables	\$ 785,101
Interfund payables	<u>(785,101)</u>
	-
Long-term liabilities, including notes payable, revenue bonds payable, compensated absences, and other post employment benefits payable are not due and payable in the current period and therefore are not reported in the funds but are reported on the statement of net position:	
Notes payable	\$ (438,747)
Revenue bonds payable	(7,805,000)
Subscriptions payable	(532,855)
Accrued interest payable	(116,442)
Other post employment benefits payable	(4,628,101)
Compensated absences	<u>(1,328,707)</u>
	(14,849,852)
Net Position Of Governmental Activities	<u><u>\$ 101,489,933</u></u>

City of Statesboro, Georgia
Reconciliation of the Governmental Funds Statement of Revenues, Expenditures
and Changes in Fund Balances to the Statement of Activities
For the Year Ended June 30, 2025

Amounts Reported for Governmental Activities in the Statement of Activities are Different Because:

Net Change In Fund Balance - Total Governmental Funds	\$ 6,108,431
 Governmental funds report capital outlays as expenditures.	
However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capitalized capital outlay exceeded depreciation expense in the current period.	
Depreciation expense	\$ (4,600,337)
Capital outlay	<u>11,498,672</u>
	6,898,335
 Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	
Property taxes	\$ 63,490
Unavailable revenue @ 6/30/25	<u>(47,364)</u>
Unavailable revenue @ 6/30/24	16,126
 Elimination of transfers between governmental funds:	
Transfers in	\$ 3,853,590
Transfers out	<u>(3,853,590)</u>
	-
 Governmental funds do not report the cost of disposed capital assets but the cost is reported on the statement of activities.	
	(32,234)
 Governmental funds do not report the donation of capital assets from its component unit	
	354,251
 The internal service funds used by management to charge the costs of self-insurance, fleet management and information technology to individual funds are not reported in the government-wide statement of activities. Governmental fund expenditures and related internal service fund revenues are eliminated.	
	178,259
 Other financing sources for the issuance of debt and subscription financing are reported on the fund level operating statement but are reported as a liability on the governmental-wide financial statements.	
	(696,263)
 Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	
	758,293
 Accrued interest on long-term debt is not an expenditure in the governmental funds	
	(116,442)
 The change in the net pension liability and pension related deferred outflows and deferred inflows is reported on the government-wide statement of activities but not in the governmental funds.	
	(267,645)
 The change in the other post employment benefits payable and related deferred outflows and deferred inflows is reported on the government-wide statement of activities but not in the governmental funds.	
	3,778
 Compensated absences reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.	
Compensated absences liability @ 6/30/25	\$ (1,328,707)
Compensated absences liability @ 6/30/24	<u>1,250,562</u>
	<u>(78,145)</u>

Change In Net Position of Governmental Activities \$ 13,126,744

City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025

The City of Statesboro (the “City”) was chartered by an act of the General Assembly of the State of Georgia. The City operates under a Council/Manager form of government and provides the following services as authorized by its charter: public safety (police and fire), streets, community development, community services and general administrative services. The City also operates four public utilities (water and sewer system, gas system and storm water system) and provides sanitation services. The City and Bulloch County jointly operate a transfer station for transport of solid waste and an inert landfill.

Note 1 - Summary of Significant Accounting Policies

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting. The City also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental and business-type activities at the government-wide financial reporting level and to its enterprise funds at the fund reporting level, provided they do not conflict with or contradict GASB pronouncements.

The most significant of the City’s accounting policies are described below.

1-A. Reporting Entity

The reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the City consists of all funds, departments, boards and agencies that are not legally separate from the City.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organizations; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units also may include organizations that are fiscally dependent on the City in that the City approves the budget, levies their taxes or issues their debt.

The component unit columns included on the government-wide financial statements identify the financial data of the City’s discretely presented component unit. It is reported separately to emphasize that it is legally separate from the City.

A brief description of the City’s discretely presented component unit follows:

Downtown Statesboro Development Authority (the Authority) – The Authority is a public corporation created in 1981. The primary purpose of the Authority is to promote industry and trade in the downtown area. The City Council appoints one board member and provides its primary funding. The Authority is fiscally dependent on the City and the City has a financial burden relationship with the Authority. There are no separate financial statements for the Authority.

Related Organizations

The Housing Authority of the City of Statesboro, Georgia is considered a related organization based upon the criteria in GASB Statement 14. The Housing Authority is a legally separate entity and the City does not appoint any of its board members. The City of Statesboro, Georgia is not able to impose its will upon the Housing Authority and a financial benefit/burden relationship does not exist between them. Therefore, based upon the criteria above, the Housing Authority of the City of Statesboro, Georgia is a related organization and is excluded from the reporting entity.

1-B. Basis of Presentation

The City’s basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements - The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information for the City as a whole. The primary government and the component unit are presented separately within these financial statements with the focus on the primary government.

***City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025***

Note 1 - Summary of Significant Accounting Policies (Continued)

Individual funds are not displayed but the statements distinguish governmental activities, generally supported by taxes and grants and City's general revenues, from business-type activities, generally financed in whole or in part with service charges to external customers.

The statement of net position presents the financial position of the governmental and business-type activities of the City.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the City's governmental activities and for each identifiable activity of the business-type activities of the City. Direct expenses are those that are specifically associated with a function and therefore clearly identifiable to that particular function. The City does not allocate indirect expenses to functions in the statement of activities.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services that report fees and other charges to users of the City's services; (2) operating grants and contributions, which finance annual operating activities including restricted investment income; and (3) capital grants and contributions, which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions to these program uses. For identifying to which function program revenue pertains, the determining factor for *charges for services* is which function generates the revenue. For *grants and contributions*, the determining factor is to which function the revenues are *restricted*.

Other revenue sources not properly included with program revenues are reported as general revenues of the City. The comparison of direct expenses with program revenues identifies the extent to which each governmental function and each identifiable business activity is self-financing or draws from the general revenues of the City.

Fund Financial Statements - During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. Fund financial statements are provided for governmental and proprietary funds.

Major individual governmental and proprietary funds are reported in separate columns.

Fund Accounting - The City uses funds to maintain its financial records during the year. A fund is a fiscal and accounting entity with a self-balancing set of accounts. The City uses two categories of funds: governmental and proprietary.

Governmental Funds - Government funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Fund liabilities are assigned to the fund from which they will be liquidated. The City reports the difference between governmental fund assets and liabilities as fund balance. The following are the City's major governmental funds:

The General Fund – The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund's fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of the State of Georgia.

Statesboro Fire Service Fund – This fund accounts for revenues collected from city taxpayers and taxpayers in the county's five-mile fire district used to fund the City's fire department.

2013 SPLOST Fund – This fund accounts for the special purpose local option sales tax collected pursuant to a 2013 referendum for various capital improvements within the City.

ARPA Fund – This fund accounts for all Local Fiscal Recovery Funds received by the City through the American Rescue Plan Act.

City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025

Note 1 - Summary of Significant Accounting Policies (Continued)

2018 TSPIST Fund – This fund accounts for the transportation special purpose local option sales tax collected pursuant to a 2018 referendum for transportation capital improvements within the City.

2019 SPLOST Fund – This fund accounts for the special purpose local option sales tax collected pursuant to a 2019 referendum for various capital improvements within the City.

2023 TSPIST Fund – This fund accounts for the transportation special purpose local option sales tax collected pursuant to a 2023 referendum for transportation capital improvements within the City.

Proprietary Funds - Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. The proprietary funds are classified as enterprise funds and internal service funds. The City's major enterprise funds consist of:

Water and Sewer Operating Fund – This fund accounts for the water and sewer provided to the City's constituents.

Gas Operating Fund – This fund accounts for the gas services provided to the City's constituents.

Solid Waste Collection Fund – This fund accounts for the solid waste collection program.

Solid Waste Disposal Fund – This fund accounts for the solid waste disposal program.

The City's internal service funds account for the City's health insurance, wellness program, fleet management, and central services programs.

1-C. Measurement Focus

Government-wide Financial Statements - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included on the statement of net position. The statement of activities reports revenues and expenses.

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the governmental fund statements.

Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus on both financial reporting levels. All assets and all liabilities associated with the operation of these funds are included on the statements of net position. The statements of changes in fund net position present increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

1-D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. At the fund reporting level, the governmental funds use the modified accrual basis of accounting. Proprietary funds use the accrual basis of accounting at both reporting levels. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of unearned revenue, and in the presentation of expenses versus expenditures.

Revenues – Exchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded when the exchange takes place and in the fiscal year in which the resources are measurable and become available.

***City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025***

Note 1 - Summary of Significant Accounting Policies (Continued)

Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the City, the phrase "available for exchange transactions" means expected to be received within 60 days of year-end.

Revenues - Non-exchange Transactions - Non-exchange transactions in which the City receives value without directly giving equal value in return, include sales taxes, property taxes, grants and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the taxable sale takes place. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions also must be available (i.e., collected within 60 days) before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be susceptible to accrual: property taxes, sales taxes, interest and federal and state grants.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. On the modified accrual basis, expenditures generally are recognized in the accounting period in which the related fund liability is incurred and due, if measurable.

1-E. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance

1-E-1 Cash, Cash Equivalents, and Investments

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the City.

Investments are stated at fair value based on quoted market prices.

Georgia law authorizes the City to invest in the following type of obligations:

- Obligations of the State of Georgia or of any other states
- Obligations of the United States Government
- Obligations fully insured or guaranteed by the United States Government or United States Government agency
- Obligations of any corporation of the United States Government
- Prime bankers' acceptances
- The State of Georgia local government investment pool (i.e., Georgia Fund I)
- Repurchase agreements
- Obligations of the other political subdivisions of the State of Georgia

1-E-2 Receivables

All trade and property tax receivables are reported net of an allowance for uncollectable, where applicable. Unbilled water, sewer, stormwater, gas, and solid waste charges are accrued as receivables and revenue at June 30, 2025.

1-E-3 Interfund Balances

On the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/interfund payables." These amounts are eliminated in the governmental and business-type activities columns on the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are reclassified and presented as internal balances on this statement. These amounts are ultimately eliminated from the total column on the statement of net position.

City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025

Note 1 - Summary of Significant Accounting Policies (Continued)

1-E-4 Consumable Inventories

On the government-wide and the proprietary fund financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used (i.e., the consumption method).

1-E-5 Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2025, are recorded as prepaid items using the consumption method by recording an asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed. At the fund reporting level, an equal amount of fund balance is reported as nonspendable, as this amount is not available for general appropriation.

1-E-6 Restricted Assets

Restricted assets represent customer utility deposits, funds held specifically for water and sewer system improvements, and funds designated for capital purchases.

1-E-7 Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in governmental funds. The City reports these assets in the governmental activities column of the government-wide statement of net position but does not report these assets in the City fund financial statements.

Capital assets utilized by proprietary funds are reported both in the business-type activities column of the government-wide statement of net position and in the proprietary funds' statement of net position.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition value. Capital assets received in a service concession arrangement are also recorded at acquisition value. The City maintains a capitalization threshold of fifteen thousand dollars. The City's infrastructure consists of roads, bridges, water and sewer lines and gas lines. The City has capitalized all general infrastructure assets (roads and bridges) acquired after June 30, 1980. Water and sewer lines and gas lines are classified as "improvements other than buildings". Improvements to capital assets are capitalized. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are expensed.

All reported capital assets are depreciated except for land, right-of-ways and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities Estimated Lives	Business-Type Activities Estimated Lives
Buildings	15 – 40 years	15 - 40 years
Improvements other than buildings	8 – 40 years	15 – 50 years
Machinery and equipment	5 – 20 years	5 – 15 years
Infrastructure	12 – 25 years	---
Intangible right-to-use leased assets	3 - 10 years	3 – 10 years

City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025

Note 1 - Summary of Significant Accounting Policies (Continued)

1-E-8 Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expenses/expenditure) until then. The City has deferred outflows of resources related to pensions and other post employment benefits reported at the government-wide level for governmental and business-type activities and at the fund level for proprietary funds.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The City has three items that qualify for reporting in this category. *Unavailable revenue* is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenue from property taxes. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available. The City reports deferred amounts related to leases in the fund level and government-wide level financial statements for governmental and business-type activities. The City also has deferred inflows of resources related to its pension plan and other post employment benefits reported at the government-wide level for governmental and business-type activities and at the fund level for proprietary funds.

1-E-9 Compensated Absences

The City recognizes a liability for compensated absences for leave time that (1) has been earned for services previously rendered by employees, (2) accumulates and is allowed to be carried over to subsequent years, and (3) is more likely than not to be used as time off or settled during or upon separation from employment. Based on the criteria listed, two types of leave qualify for liability recognition for compensated absences – *vacation* and *sick leave*. The liability for compensated absences is reported as incurred in the government-wide and proprietary fund financial statements. A liability for compensated absences is recorded in the government funds only if the liability has matured because of employee resignations or retirements. The liability for compensated absences includes salary-related benefits, where applicable.

Vacation

The City's policy permits employees to accumulate earned but unused vacation benefits, which are eligible for payment at the employee's current pay rate upon separation from employment.

Sick Leave

The City's policy permits employees to accumulate earned but unused sick leave. All sick leave lapses when employees leave the employ of the City and, upon separation from service, no monetary obligation exists. However, a liability for estimated value of sick leave that will be used by employees as time off is included in the liability for compensated absences.

1-E-10 Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of those funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are "due for payment" during the current year. Notes and leases are recognized as a liability in the governmental fund financial statements when due.

1-E-11 Bond Premiums, Discounts and Issuance Costs

On the government-wide statement of net position and the proprietary fund type statement of net position, bond premiums and discounts are netted against bonds payable and bond issuance costs are expensed when incurred. On the government-wide and proprietary fund type statement of activities, bond premiums and discounts are amortized over the life of the bonds using the effective interest method.

At the governmental fund reporting level, bond premiums and discounts are reported as other financing sources and uses, separately from the face amount of the bonds issued. Bond issuance costs are reported as an expenditure.

City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025

Note 1 - Summary of Significant Accounting Policies (Continued)

1-E-12 Net Position/Fund Balance

Fund equity at the governmental fund financial reporting level is classified as “fund balance”. Fund equity for all other reporting is classified as “net position”.

Fund Balance – Generally, fund balance represents the difference between the current assets and current liabilities. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

Nonspendable – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e. items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

Restricted – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Committed – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the City Council through the adoption of a resolution. Only the City Council also may modify or rescind the commitment.

Assigned – Fund balances are reported as assigned when amounts are constrained by the City Council’s intent to be used for specific purposes, but are neither restricted nor committed. Through resolution, the City Council has authorized the City’s finance director to assign balances.

Unassigned – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all funds.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City’s policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City’s policy to use fund balance in the following order:

- Committed
- Assigned
- Unassigned

Net Position - Net position represents the difference between assets and liabilities. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. All other net position is reported as unrestricted.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

1-E-13 Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for water, sewer, gas, solid waste, stormwater, and the insurance benefits, information technology, and fleet management programs. Operating expenses are necessary costs incurred to provide the good or service that are the primary activity of each fund and include administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025

Note 1 - Summary of Significant Accounting Policies (Continued)

1-E-14 Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets, tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources restricted to capital acquisition and construction.

1-E-15 Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after the non-operating revenues/expenses section in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements (i.e., they are netted).

Transfers between governmental and business-type activities on the government-wide statement of activities are reported as general revenues. Transfers between funds reported in the governmental activities column are eliminated. Transfers between funds reported in the business type activities column are eliminated. Transfers between governmental and business-type activities are eliminated from the total column.

1-E-16 Leases

Lessee - The City of Statesboro recognizes a lease liability and an intangible right-to-use lease asset in the government-wide financial statements for noncancelable leases of equipment. The City of Statesboro recognizes lease liabilities with an initial individual value of \$15,000 or more.

At the commencement of a lease, the City of Statesboro initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the City of Statesboro determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City of Statesboro uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City of Statesboro generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancelable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the City of Statesboro is reasonable certain to exercise.

The City of Statesboro monitors changes in circumstances that would require a remeasurement of a lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

The City of Statesboro had no lease liabilities or right-to-use leased assets to report at June 30, 2025.

Lessor - The City of Statesboro is a lessor for noncancelable leases of tower space. The City of Statesboro recognizes a lease receivable and a deferred inflow of resources in the government-wide and fund level financial statements.

At the commencement of a lease, the City of Statesboro initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025

Note 1 - Summary of Significant Accounting Policies (Continued)

Key estimates and judgments include how the City of Statesboro determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The City of Statesboro uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancelable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The City of Statesboro monitors changes in circumstances that would require a remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

1-E-17 Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

1-E-18 Comparative Data

Comparative total data for the prior year have been presented only for individual funds in the fund financial statements in order to provide an understanding of the changes in the financial position and operations of these funds. Also, certain amounts presented in the prior year data have been reclassified to be consistent with the current year's presentation.

Note 2 – Stewardship, Compliance and Accountability

2-A. Budgetary Information – The City adopts an annual operating budget for the general fund and each special revenue fund. A project budget is adopted for each capital projects fund. The budget resolution reflects the total of each department's appropriation in each fund.

All budgets are adopted on a basis consistent with GAAP.

The legal level of control (the level at which expenditures may not legally exceed appropriations) for each adopted annual operating budget generally is the department level within each individual fund. The City Manager may approve budget transfers within departments. Any change in total to a fund or departmental appropriation within a fund requires City Council approval.

During the year, the City Council approved budget revisions.

All unexpended annual appropriations lapse at year-end.

2-B. Excess of Expenditures over Appropriations

For the year ended June 30, 2025, expenditures exceeded appropriations for the following departments within the general fund:

Governing body	\$ 3,537
City manager's office	8,543
Financial administration	78,303
Public Information	2,365
Human Resources	122,493
Elections	13,129
Municipal Court	2,013
Police	116,570
Animal Control	5,892
Streets/Public Works	103,403
Parks & Cemeteries	13,322
Arts Center	36,412
Community Development	1,307
Principal Retirement	47,646
Interest and fiscal charges	14,860

City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025

Note 2 – Stewardship, Compliance and Accountability (Continued)

These over expenditures were funded primarily by revenues over budget and available fund balance.

Expenditures exceeded appropriations by \$3,184 and \$3,355 respectively, for the Hotel/Motel Tax and Multiple Grant special revenue funds, which were funded by revenues over budget.

2-C. Deficit Fund Balances

The Capital Improvement Program capital projects fund had a deficit fund balance of \$300 at June 30, 2025, which will be funded by future transfers from the General fund.

The Old Register Tax Allocation District special revenue fund had a deficit fund balance of \$142,729 at June 30, 2025, which will be funded by future revenues.

Note 3 - Detailed Notes on All Funds

3-A. Deposits

At June 30, 2025, the carrying amount of the City's deposits (i.e., checking and certificates of deposits) was \$87,823,007 and the bank balance was \$88,362,309. Of the bank balance, \$250,000 was covered by federal depository insurance and \$88,112,309 was collateralized with securities held by the pledging financial institution's trust department or agent in the City's name.

Deposits Reconciliation:

Fund Reporting Level:	Deposits
Governmental Funds - Balance Sheet	\$ 63,778,339
Enterprise Fund Statement of Net Position	18,438,733
Enterprise Fund Statement of Net Position - Restricted	4,574,566
Internal Service Fund Statement of Net Position	<u>1,031,369</u>
Total	<u>\$ 87,823,007</u>

3-B. Receivables

Receivables at June 30, 2025, consisted of taxes, interest, leases and accounts (billings for user charges, including, unbilled utility receivables).

Receivables and payables are recorded on the City's financial statements to the extent that the amounts are determined to be material and substantiated not only by supporting documentation, but also by a reasonable, systematic method of determining their existence, completeness, valuation, and in the case of receivables, collectability. The allowances for uncollectables netted against receivables at June 30, 2025 follow:

Fund	Allowance For Uncollectibles
Water and Sewer	\$ 450,000
Storm Water	30,000
Gas	140,000
Solid Waste Collection	250,000
Solid Waste Disposal	27,500

City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025

Note 3 - Detailed Notes on All Funds (Continued)

3-C. Property Taxes

Property taxes attach an enforceable lien on property as of January 1. Taxes are levied in September each year and are due and payable within 60 days of the tax bill mailing date. The City bills and collects its own property taxes. Property tax revenues at the fund reporting level are recognized when levied to the extent that they result in current receivables (i.e. collectible in 60 days). For the year, ended June 30, 2025, property taxes were levied on September 17, 2024 and were due December 20, 2024.

3-D. Capital Assets

Capital asset activity (including the fleet management and central services internal service funds) for the year ended June 30, 2025, was as follows:

3-E. - Interfund Balances and Transfers

Interfund balances at June 30, 2025, consisted of the following amounts and represent charges for services or reimbursable expenses. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting period, and (3) payments between funds are made. The City expects to repay all interfund balances within one year.

Receivable Fund	Payable Fund	Amount
General Fund	Multiple Grant Fund	\$ 3,355
General Fund	Fire Fund	204,492
General Fund	Old Register TAD	426,684

Transfers are used to report revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, to segregate money for anticipated capital projects (e.g., SPLOST approved projects); to report enterprise fund transfers for the equivalent of franchise fees and property taxes as if the utility funds were privately owned; and to return money to the fund from which it was originally provided once a project is completed.

All City transfers either occur on a regular basis or are consistent with the purpose of the fund making the transfer.

3-F. Leases

The City, as a lessor, has entered into lease agreements involving tower space. The total amount of inflows of resources, including lease revenue, interest revenue, and other lease-related inflows, recognized during the fiscal year was \$366,760.

The future principal and interest payments to be received are as follows:

Fiscal Year	Business-Type Activities		
	Principal	Interest	Total
2026	\$ 146,235	\$ 114,712	\$ 260,947
2027	163,557	110,834	274,391
2028	180,304	106,501	286,805
2029	189,824	101,726	291,550
2030	199,739	96,699	296,438
2031-2035	1,232,963	396,027	1,628,990
2036-2040	1,671,475	210,376	1,881,851
2041-2042	542,305	18,518	560,823
	\$ 4,326,402	\$ 1,155,393	\$ 5,481,795

***City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025***

Note 3 - Detailed Notes on All Funds (Continued)

3-G. Landfill Closure and Postclosure Care

State and federal laws and regulations required the City to place a final cover on its landfill site when it stopped accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Effective July 1, 1997, the City stopped accepting waste into its landfill. The remaining accrued landfill postclosure care costs liability at June 30, 2025 was \$1,265,146. This amount is based on what it would cost to perform all postclosure care in 2025. Actual costs may be higher due to inflation, unexpected mitigation requirements, changes in technology, or changes in regulations.

3-H. Long-Term Debt

Subscription-Based Information Technology Arrangements – The City has entered into subscription arrangements for the use of software programs for the police department and central services internal service fund. For the arrangements, an initial liability was recorded, and the City is required to make fixed annual payments toward that liability throughout the term of the agreements. The value of the subscription-based information technology arrangements are also recorded on the books and amortized over the term of the agreement.

The total of the City's subscription assets for governmental activities are recorded at \$1,320,407 less accumulated amortization of \$677,920.

The future payments under subscription-based information technology arrangements are as follows:

Year	Governmental Activities		
	Principal	Interest	Total
2026	\$ 347,778	\$ 28,187	\$ 375,965
2027	142,165	14,079	156,244
2028	54,240	6,275	60,515
2029	60,478	3,308	63,786
	<u>\$ 604,661</u>	<u>\$ 51,849</u>	<u>\$ 656,510</u>

Water and Sewer Refunding Revenue Bonds - During the fiscal year ended June 30, 2020, the City issued revenue bonds of \$11,631,000. The City issued the Series 2020 Water and Sewer Refunding Revenue Bonds to advance refund Water and Sewer Revenue Refunding Bonds, Series 2010, with an outstanding balance of \$9,401,000, and four Georgia Environmental Facilities Authority (GEFA) notes with an outstanding balance of \$2,194,637. The amount of outstanding bonds at June 30, 2025 was \$6,496,000.

The City pledges income derived from the constructed or acquired assets to pay debt service. The revenue bonds have interest rates of 2.14 percent. The bonds require principal payments each April 1 and interest is payable semiannually on April 1 and October 1 each year.

Tax Allocation District Revenue Bonds - During the fiscal year ended June 30, 2024, the City issued the \$4,750,000 Series 2023 Tax Allocation District Revenue Bond to refund the City for Tax Allocation District Revenue Bond Series 2019. The amount of outstanding bonds at June 30, 2025 was \$4,750,000.

The City pledges income derived from the increase in property taxes in the Tax Allocation District #2, Old Register to pay debt service. The revenue bond has an interest rate of 5.95 percent. The bond requires interest payments on February 15 and August 15 each year with the principal and final interest payment due on August 15, 2026.

2019 SPLOST Bonds – During the fiscal year ended June 30, 2021 the City's Urban Redevelopment Agency issued \$4,500,000 Series 2021 SPLOST Bonds to provide funds for the City to renovate, construct and equip certain improvements to Grady Street Park and Luetta Moore Park, and to pay certain costs of issuing the bond. The amount outstanding at June 30, 2025 was \$3,055,000.

City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025

Note 3 - Detailed Notes on All Funds (Continued)

The City, in partnership with Bulloch County, pledges income derived from the 2019 SPLOST to pay the debt service. The revenue bond has an interest rate of 1.47 percent. The bond requires principal payments each October 1 and interest is payable semiannually on April 1 and October 1 each year.

Annual debt service requirements to amortize all obligations outstanding, as of June 30, 2025 follow:

Year	Governmental Activities			Year	Business Type Activities		
	Principal	Interest	Total		Principal	Interest	Total
2026	\$ 375,000	\$ 324,777	\$ 699,777	2026	\$ 951,000	\$ 139,014	\$ 1,090,014

Note 3 - Detailed Notes on All Funds (Continued)

Changes in Long-term Debt - Changes in the City's long-term obligations consisted of the following for the year ended June 30, 2025:

Primary Government Governmental Activities	Outstanding 7/1/2024, As Restated	Additions	Reductions	Outstanding 6/30/2025	Amounts Due in One Year
Notes payable	\$ 426,490	\$ 208,515	\$ 136,829	\$ 498,176	\$ 192,945
Revenue bonds payable	8,175,000	-	370,000	7,805,000	375,000
Subscriptions payable	461,306	487,748	344,393	604,661	347,778
Other post employment benefits	4,940,444	-	10,369	4,930,075	-
Compensated absences	1,353,280	79,463	-	1,432,743	518,666
Total Governmental Activities	\$ 15,356,520	\$ 775,726	\$ 861,591	\$ 15,270,655	\$ 1,434,389
 Business-Type Activities					
Water and sewer revenue bonds	\$ 7,433,000	\$ -	\$ 937,000	\$ 6,496,000	\$ 951,000
Notes payable	298,467	364,195	94,403	568,259	215,802
Landfill closure and post-closure care	1,398,641	-	133,495	1,265,146	172,819
Other post employment benefits	1,948,680	-	3,184	1,945,496	-
Compensated absences	410,652	10,737	-	421,389	172,303
Total Business-Type Activities	\$ 11,489,440	\$ 374,932	\$ 1,168,082	\$ 10,696,290	\$ 1,511,924

The notes payable for governmental funds will be paid from the General Fund and SPLOST Funds and for proprietary funds from the fund which incurred the debt. The compensated absences and other post-employment benefits liability for governmental funds will be paid from the General Fund and for business-type activities from the fund from which the employees' salaries are paid. Principal and interest payments related to revenue bonds for governmental funds will be paid from SPLOST funds and the Old Register Tax Allocation District fund. Principal and interest payments related to revenue bonds for the City's Water and Sewer System are financed from income derived from the operation of the Water and Sewer System. The landfill post-closure care liability will be retired from the solid waste disposal fund. Subscriptions payable will be paid from the General Fund, Multiple Grant Fund and Central Services internal service fund.

3-I. Pensions

Plan Description - The City's defined benefit pension plan, the City of Statesboro Retirement Plan (the "Plan"), provides retirement and disability benefits and death benefits to plan members and beneficiaries. The Plan is affiliated with the Georgia Municipal Employees Benefit System (the GMEBS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for cities in the State of Georgia.

The City is assigned the authority to establish and amend benefit provisions of the Plan. The GMEBS issues a publicly available financial report that includes financial statements and required supplementary information. The report can be obtained by writing to Georgia Municipal Association, Risk Management and Employee Benefit Services, 201 Pryor Street, SW, Atlanta, Georgia 30303 or by calling (404) 688-0472.

Benefits provided - The classes of eligible employees for retirement benefits are regular employees with the exception of part-time firefighters employed or reemployed on or after June 20, 2012, elected or appointed members of the governing authority, and the City Attorney employed on December 13, 2001 meeting the eligibility requirements of the Plan that are applicable to eligible regular employees. Normal retirement qualifications for regular employees are attainment of age 65 and the completion of 5 years of total credited service. Alternate normal retirement qualifications is 30 years of total creditable service regardless of participant's age. Normal retirement qualifications for Public Safety employees only are attainment of age 55 and completion of 25 years of total credited service. The regular employee formula is 1/12 of Final Average Earnings multiplied by years of Total Credited Service as an Eligible Regular Employee. Unless otherwise specified in an addendum to the adoption agreement, Final Average Earnings is defined as the monthly average of Earnings paid to a participant by the City for the 60 consecutive months of Credited Service preceding the participant's most recent termination in which the participant's earnings were the highest, multiplied by 12.

City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025

Note 3 - Detailed Notes on All Funds (Continued)

The formula for elected or appointed members of the governing authority is \$35 per month for each year of total credited service as an elected or appointed member of the governing authority or municipal legal officer or major fraction thereof (6 months and 1 day). The City elects to provide for a variable annual cost-of-living adjustment not to exceed 5%. Disability retirement benefits shall be computed in the same manner as the Normal Retirement benefit, based upon the participant's accrued benefit as of his disability retirement date. In-service death benefits are payable to the participant's pre-retirement beneficiary, actuarially equivalent to the reserve required for the participant's anticipated normal retirement benefit, provided the participant meets eligibility conditions. Terminated vested death benefits are payable to the participant's pre-retirement beneficiary, equal to the decreased monthly retirement benefit that would have otherwise been payable to the participant had he elected a 100% joint and survivor benefit, under the plan.

Employees covered by benefit terms – At June 30, 2025, the following employees were covered by the benefit terms:

Pension Benefits

Inactive employees or beneficiaries currently receiving benefits	136
Inactive employees entitled to but not receiving benefits	187
Active employees	350
	<hr/> <hr/> <hr/> <hr/>
	673

Contributions - The Plan is subject to minimum funding standards of the Public Retirement Systems Standards Law (Georgia Code Section 47-20-10). The estimated minimum annual contribution under these standards is \$2,028,026. This minimum contribution has been determined as the sum of 1) the normal cost (including administrative expenses), 2) the 30-year level percentage of payroll amortization of the unfunded actuarial accrued liability or the 10-year level percentage of payroll amortization of the surplus, and 3) interest on these amounts from the valuation date to the date contributions are paid (assumed monthly). The GMEBS Board of Trustees has adopted an actuarial funding policy that requires a different funding level than the estimated minimum annual contribution to minimize fluctuations in annual contribution amounts and to accumulate sufficient funds to secure benefits under the Plan. If the employer contributes the recommended contribution developed under the actuarial funding policy each year, the Plan will meet applicable state funding standards.

Net Pension Liability

The City's net pension liability was measured as of September 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2025.

Actuarial assumptions - The total pension liability (asset) in the January 1, 2025 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25 percent
Salary increases	2.25 percent, average, including inflation
Investment rate of return	7.375 percent, net of pension plan investment expense, including inflation

Mortality rates were based on the sex-distinct Pri-2012 head-count weighted Healthy Retiree Mortality Table with rates multiplied by 1.25.

The actuarial assumptions used in the January 1, 2025 valuation were based on the results of an actuarial experience study for the period January 1, 2015 to June 30, 2019.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates return for each major asset class are summarized in the following table:

City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025

Note 3 - Detailed Notes on All Funds (Continued)

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic equity	45%	6.60%
International equity	20%	7.03%
Domestic Fixed income	20%	2.70%
Global Fixed Income	5%	3.70%
Real estate	10%	3.40%
Cash	-	-
Total	100%	

Discount rate - The discount rate used to measure the total pension liability was 7.375 percent. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the Net Pension Liability

	Total Pension Liability (a)	Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances at September 30, 2023	\$ 50,918,172	\$ 35,766,833	\$ 15,151,339
Changes for the year:			
Service cost	944,112	-	944,112
Interest	3,751,172	-	3,751,172

Net changes	4,772,992	8,723,878	(3,950,886)
Balances at September 30, 2024	\$ 55,691,164	\$ 44,490,711	\$ 11,200,453

Sensitivity of the net pension liability to changes in the discount rate - The following presents the net pension liability of the City, calculated using the discount rate of 7.375 percent, as well as what the City's net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (6.375 percent) or one percentage-point higher (8.375 percent) than the current rate.

	1%	Current	1%
	Decrease	Discount	Increase
City's net pension liability	6.375%	Rate (7.375%)	8.375%
	\$ 19,508,533	\$ 11,200,453	\$ 4,415,627

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2025, the City recognized pension expense of \$2,541,645. At June 30, 2025, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025

Note 3 - Detailed Notes on All Funds (Continued)

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 3,460,595	\$ -
Changes of assumptions	-	-
Net difference between projected and actual earnings on pension plan investments	-	(3,341,746)
Employer contributions after measurement date	1,639,217	-
Total	<u><u>\$ 5,099,812</u></u>	<u><u>\$ (3,341,746)</u></u>

City contributions subsequent to the measurement date of \$1,639,217 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ending June 30, 2026. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2026	\$ 490,336
2027	1,176,130
2028	(779,589)
2029	(768,028)
	<u><u>\$ 118,849</u></u>

3-J. Other Post-Employment Benefits (OPEB)

Plan Description. The City's defined benefit OPEB plan, the City of Statesboro Postretirement Health Plan provides OPEB for all permanent full-time general and public safety employees of the City. The plan is a single-employer defined benefit OPEB plan administered by the City. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Eligibility and benefits provided. Any public safety personnel who retires at least 55 years of age and worked in a public safety position with the city for at least 25 years of age and all other city personnel who have worked for the City for at least 30 years.

If an employee retires with the years of creditable service with the City as defined by the Georgia Municipal Employees Benefit System ("GMEBS") Plan, then the City pays the following percentage of premiums:

<u>Coverage Level</u>	<u>Gold Plan</u>	<u>Platinum Plan</u>
Employee Only	100.0%	100.0%
Employee + Spouse	93.0%	93.7%
Employee + Children	94.0%	95.6%
Family	88.0%	87.0%

Participants are required to enroll in the Medicare program upon reaching Medicare eligibility. Upon the death of the retiree, surviving spouses may elect COBRA coverage continuation.

Employees covered by benefit terms. At June 30, 2025, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	22
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	<u><u>308</u></u>
	<u><u>330</u></u>

City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025

Note 3 - Detailed Notes on All Funds (Continued)

Total OPEB Liability. The City's total OPEB liability of \$6,875,571 was measured as of June 30, 2025, and was determined by an actuarial valuation performed as of July 1, 2024.

Actuarial assumptions and other inputs. The total OPEB liability as of June 30, 2025 was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	3.00 percent
Salary increases	4.00 percent, average, including inflation
Discount rate	4.81 percent
Healthcare cost trend rates	4.50 percent

The discount rate was based on the S & P Municipal Bond 20-Year High-Grade Rate Index.

Mortality rates were based on the Pub-2010 Public Retirement Plans Mortality Tables.

Changes in the Total OPEB Liability

		Total OPEB Liability
Balance at 6/30/24		\$ 6,889,124
Changes for the year:		
Service cost		168,731
Interest		279,607
Changes of benefit terms		-
Differences between expected and actual experience		312,820
Changes in assumptions or other inputs		(279,432)
Other changes		-
Benefit payments		(495,279)
Net changes		(13,553)
Balance at 6/30/25		\$ 6,875,571

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.81 percent) or 1-percentage-point higher (5.81 percent) than the current discount rate:

	Discount Rate		
	1% Increase	Valuation Rate	1% Decrease
	3.81%	4.81%	5.81%
Total OPEB Liability	\$ 6,336,420	\$ 6,875,571	\$ 7,485,347

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (3.50 percent) or 1-percentage-point higher (5.50 percent) than the current healthcare cost trend rates:

Health Care Cost Trend			
	1% Increase	Rates	1% Decrease
	3.50%	4.50%	5.50%
Total OPEB Liability	\$ 7,579,965	\$ 6,875,571	\$ 6,267,301

Thereafter	<u>179,912</u>
	<u><u>\$ (54,839)</u></u>

3-K. Defined Contribution Plan

The City sponsors a defined contribution retirement plan qualified under Section 401(a) of the Internal Revenue Code for the City Manager, Municipal Court Judge, and the City Attorney. The plan is administered by the Georgia Municipal Association. The City Council is responsible and has authority to amend the plan provisions. The City contributes 4 percent of salary to the plan. The employees are not required to contribute to the plan. The City made \$16,035 in contributions to the plan during the year ended June 30, 2025.

3-L. Fund Equity

As of June 30, 2025, governmental fund balances are composed of the following:

	General Fund	Statesboro Fire Service	2013 SPLOST	2018 TSPLST	2019 SPLOST	American Recovery Plan Act	2023 SPLOST	Other Governmental Funds	Total Governmental Funds
Nonspendable:

Less other capital related liabilities	1,380,264	92,426	-
Net investment in capital assets	<u><u>\$ 51,015,539</u></u>	<u><u>\$ 64,624,606</u></u>	<u><u>\$ 825,907</u></u>

Note 4 – Other Notes

4-A. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; worker's compensation claims; and natural disasters for which the city carries commercial insurance.

In January 1991 the City elected to establish a self-insurance fund (an internal service fund) to cover all employee health insurance claims. The City makes payments to this fund on a monthly basis based on estimated premiums provided by the third party administrator to fund this program. Amounts are also withheld from employees by payroll deduction and paid to the self-insurance fund.

A third party administrator pays all claims from funds provided to them from the self-insurance fund's bank account. The City carries specific reinsurance for claims from one individual within one year exceeding \$60,000.

The claims liability of \$296,795 reported at June 30, 2025, for the Health Insurance Fund represents known claims incurred on or prior to June 30, 2025, and an estimate for claims that have been incurred but not reported. Changes in the claims liability for the year ended June 30, 2025, were as follows:

Date	Beginning of Fiscal Year	Current Year		End of Fiscal Year
	Liability	Claims and Changes in Estimates	Claim Payments	
2023	\$ 200,000	\$ 5,028,685	\$ 5,038,685	\$ 190,000
2024	190,000	5,823,127	5,823,127	190,000
2025	190,000	5,793,793	5,686,998	296,795

There were no significant reductions in insurance coverage from the prior year, and there have been no settlements that exceed the City's insurance coverage during the past three years.

4-B. Contingent Liabilities

The City has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could result in a request for reimbursement to the grantor agency for costs disallowed under terms of the grant. Based on prior experience, the City believes such disallowances, if any, will be immaterial.

The City was a defendant in several lawsuits at June 30, 2025. In the opinion of City management, the outcome of these contingencies will not have a material effect on the financial position of the City.

City of Statesboro, Georgia
Notes to the Basic Financial Statements
For the Year Ended June 30, 2025

Note 4 – Other Notes (Continued)

4-C. Joint Ventures

Under Georgia law, the City, in conjunction with other cities and counties in the ten county coastal Georgia area, is a member of the Coastal Regional Commission of Georgia (CRC) and is required to pay annual dues thereto. During the year ended June 30, 2025, the City paid \$43,469 in such dues. Membership in an RC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-33, which provides for the organizational structure of the RC in Georgia. The RC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39 provides that the member governments are liable for any debts or obligations of an RC. Separate financial statements may be obtained from the Coastal Regional Commission of Georgia, 1181 Coastal Drive SW, Darien, Georgia 31305.

4-D. Hotel-Motel Lodging Tax

The City has levied a 6% lodging tax. A summary of the transactions for the year ended June 30, 2025 follows:

	<u>Percentage of tax receipts</u>
Lodging tax receipts	\$ 1,593,351
Disbursements to the:	
Statesboro Convention and Visitors Bureau for promotion of tourism	(796,676) 50.00%
Statesboro Arts Council for performing arts center	(399,931) 25.10%
Downtown Statesboro Development Authority for promotion of tourism	(317,077) 19.90%
City of Statesboro for administrative costs	<u>(79,667)</u> 5.00%
Total	<u>\$ -</u> 100%

All expenditures were for promotion of tourism as required by O.C.G.A. 48-13-51

4-E. Subsequent Events

Management has evaluated subsequent events through December 31, 2025 the date that the financial statements were available for issue. No subsequent events were noted.

4-F. Adjustments and Restatements of Beginning Balances

During the current year, the City implemented GASB Statement No. 101, *Compensated Absences*. In addition to the value of unused vacation time owed to employees upon separation of employment, the City now recognizes an estimated amount of sick leave earned as of year-end that will be used by employees as time off in future years as part of the liability for compensated absences. The effects of the change in accounting principle are summarized below in the “Restatement – GASB 101 implementation” column in the table below.

*2025 information will be determined after fiscal year end and will be included in the 2026 valuation report

Notes to Schedule:

Valuation Date The actuarially determined contribution rate was determined as of January 1, 2025, with an interest adjustment to the fiscal year. Contributions in relation to this actuarially determined contribution rate will be reported for the fiscal year ending June 30, 2026.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	Projected Unit Credit
Amortization Method	Closed level dollar for remaining unfunded liability
Remaining Amortization Period	Remaining amortization period varies for the bases, with a net effective amortization period of 15 years.
Asset Valuation Method	Sum of actuarial value at beginning of year and the cash flow during the year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at end of year. The actuarial value is adjusted, if necessary, to be within 20% of market value.
Actuarial Assumptions:	
Net Investment Rate of Return	7.375%
Projected Salary Increases	2.25% plus service based merit increases
Cost of Living Adjustments	2.25%
Retirement Age	65 + 5 or 30 years or 55 + 25 for Police and Fire.
Mortality	Sex-distinct Pri-2012 head-count weighted Healthy Retiree Mortality Table with rates multiplied by 1.25.

Statistical Section

City of Statesboro, Georgia

Statistical Section

(Unaudited)

This part of the City of Statesboro's annual comprehensive financial report presents detailed information as a context for understanding this year's financial statements, not disclosures, and supplementary information. This information has not been audited by the independent auditor.

Contents

Page

Financial Trends

S-1

These tables contain trend information that may assist the reader in assessing the City's current financial performance by placing it in historical perspective.

Revenue Capacity

S-10

These tables contain information that may assist the reader in assessing the City's two most significant local revenue sources, the property and sales taxes.

Debt Capacity

S-18

These tables present information that may assist the reader in analyzing the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Economic & Demographic Information

S-22

This table offers economic and demographic indicators that are commonly used for financial analysis and that can inform one's understanding the City's present and ongoing financial status.

Operating Information

S-24

These tables contain service and infrastructure indicators that can inform one's understanding how the information in the City's financial statements relates to the services the City provides and the activities it performs.

¹ Net (expense)/revenue is the difference between the expenses and program revenues of a function or program. It indicates the degree to which a function or program supports itself with its own fees and grants versus its reliance upon funding from taxes and other general revenues. A number in parentheses are net expenses, indicating that expenses were greater than program revenues and therefore general revenues were needed to finance that function or program. Numbers without parentheses are net revenues, meaning that program revenues were more than sufficient to cover expenses.

Notes:

¹ Accounting standards require that net position be reported in three components in the financial statements: net investment in capital assets, restricted, and unrestricted. Net position is considered restricted only when (1) an external party, such as the State of Georgia or the federal government, places a restriction on how the resources may be used, or (2) enabling legislation is enacted by the City.

Georgia Department of Revenue, Property Tax Division

Notes:

¹ Overlapping rates are those of Bulloch County governments and the State of Georgia that apply to property owners within the City of Statesboro.

² The State of Georgia levies one fifth of one mill on each county's taxable property to help finance their certification of each Georgia county's tax digests.

Notes:

¹State law does not authorize the City to directly levy a sales tax, however, the City has an agreement with Bullock County that they will receive amounts from the 2019 special purpose local option sales taxes.

² The current special purpose local option sales tax was approved effective October 1, 2019 and expires September 30, 2025.

³ Effective January 1, 2004 the Bullock County Board of Education began levying a 1% special purpose local option sales tax.

⁴ The Current transportation special purpose local option sales tax was approved effective October 1, 2018 and expires September 30, 2023.

¹ Bulloch County Board of Education

Notes:

² Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City.

³ For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using assessed property values. Applicable percentages were estimated by determining the portion of another government unit's assessed value that is within the City's boundaries and dividing it by each unit's total assessed value.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the City Council
City of Statesboro, Georgia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of City of Statesboro, Georgia, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City of Statesboro's basic financial statements and have issued our report thereon dated December 31, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit, we considered the City of Statesboro, Georgia's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Statesboro's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Statesboro, Georgia's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did

not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Statesboro, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CITY OF STATESBORO, GEORGIA
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEAR ENDED JUNE 30, 2025

NOTE A – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the City of Statesboro, Georgia under programs of the federal government for the year ended June 30, 2025. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City of Statesboro, Georgia, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the City of Statesboro, Georgia.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
2. City of Statesboro, Georgia has not elected to use the ten percent de minimis indirect cost rate as allowed under the Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the City Council
City of Statesboro, Georgia

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the City of Statesboro, Georgia's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the City of Statesboro, Georgia's major federal programs for the year ended June 30, 2025. The City of Statesboro, Georgia's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City of Statesboro, Georgia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City of Statesboro, Georgia and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City of Statesboro, Georgia's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City of Statesboro, Georgia's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City of Statesboro, Georgia's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City of Statesboro, Georgia's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City of Statesboro, Georgia's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City of Statesboro, Georgia's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City of Statesboro, Georgia's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a

timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
