RESOLUTION 2014-26: A RESOLUTION APPROVING THE UNCOLLECTABLE
PERSONAL PROPERTY TAX BILL LIST

WHEREAS, the City of Statesboro relies on the taxation of real and personal property as one of the major sources of revenue to operate the municipal government; and

WHEREAS, the City administers the billing and collection of this tax in-house, including the execution of liens, the collection of delinquent taxes, and the sale of properties should the taxes not be paid; and

WHEREAS, the most difficult property taxes to collect are those levied on personal property where the taxpayer does not have any real property also on the tax digest, as a tax lien on real property attaches to real property in the event of sale or foreclosure, but the personal property alone might be moved out of the city, sold or otherwise disposed of before the City can collect the delinquent amounts; and

WHEREAS, Georgia law and administrative rules of the State Department of Revenue provide criteria for when a city should declare such properties uncollectable, so that they can be removed from the property taxes receivable ledger of the City; and

WHEREAS, the City Clerk and Tax Collector have reviewed all of the delinquent personal property taxes to determine which are capable of being collected, and have provided a list of those they believe under state law to be uncollectable, and the Mayor and City Council have reviewed this list and wish to adopt it as the official list of uncollectable personal property taxes, which removes from the property taxes receivable ledger this tax amount, together with any penalties, interest, and other costs associated with each of these accounts;

NOW THEREFORE, BE IT RESOLVED by the Mayor and City Council of the City of Statesboro, Georgia as follows:

Section 1. The attached list of delinquent personal property tax amounts are hereby found and declared to be uncollectable for one or more of the following statutory reasons:

- a) The statute of limitations had expired per O.C.G.A. 48-3-21-1;
- b) The personal property has changed ownership more than two years ago per O.C.G.A. 9-12-93 and 48-3-22;
- c) The owner cannot be located after a reasonable search per O.C.G.A. 48-3-23;
or
- d) The bill is for less than \$5.00 and more than one year old per O.C.G.A. 48-3-21.1.

Section 2. The attached list of delinquent personal property tax accounts are hereby adopted as the official list of uncollectable personal property taxes and the City Clerk and Tax Collector are hereby authorized and directed to credit and remove those accounts, including any associated penalties, interest, and other costs, from the City's property taxes receivable ledger (tax digest).

Section 3. This Resolution shall be and remain effective from and after its date of adoption.

Adopted this 5th day of August, 2014

Ref: SPD Duty Weapons

We have obtained three written quotes from law enforcement firearms dealers within the State of Georgia for trade in of PD's current primary duty weapon- Glock 21, .45 cal. handgun and replacement with new Generation 4 Glock 21, .45 cal. handguns. The current handguns are 16 years old (purchased in 1998) and are showing significant signs of wear and tear. The night sights are not illuminating as required and they are also beginning to have light primer strikes causing the weapon not to fire the bullet. We can and have rebuilt certain parts of these problem weapons, but a total swap out at a price difference to include our trade in values is only \$114-144 dollars per weapon. A replacement of just the night sights is approximately \$110-130 dollars per set. Not to mention the time to replace and then re-sight each weapon. It is more feasible and safer for the Officers to replace the total weapon at this trade in cost. The new weapons also have interchangeable grips for custom fitting for different hand sizes making it easier to use. The Officers will be given the opportunity to purchase their duty weapon at the trade in price if they so desire. This will be handled by the dealer and not the Department or City. The costs breakdown is as follows:

TRADE INS:

63- Glock 21 trade ins to include 3 magazines @\$335:	(21,105.00)
15- Glock 30 trade ins to include 3 magazines @\$355:	(5,325.00)
1- Glock 21 SF trade in to include 3 magazines @\$335:	(335.00)
1- Glock 26 trade in to include 3 magazines @\$320:	(320.00)
	CREDIT (\$27,085.00)

NEW:

71- NEW Glock 21 Gen. 4, night sights, 3 magazines @\$469: 33,299.00

TOTAL COST: \$6,214.00 (SPLOST 2007 BUDGET ITEM- Budget amount is \$20,000)

MEMORANDUM

To: Robert Cheshire, City Manager

From: Wayne Johnson, Director of Water and Wastewater

RE: Cawana/Railroad Bed Rd Water/Sewer Project:

We currently have a contract with Y-Delta to install water and sewer along Railroad Bed Road, this is a unit price contract. We have a very good price per unit for the 12" water main and appurtenances. I am requesting permission to add approximately 3,500 ft. of 12" water main to the contract. This will extend the water main along the south r/w of Railroad Bed Road to the existing City Limits. We would need to increase the projects budget by \$225,000.00. We have sufficient funds allocated to this area in our approved CIP
