Mission: *Continue to grow a resilient, welcoming and healthy Statesboro in which wise planning meets the clean air, water and other livability needs of all, including future generations.*

Goals:

1. *Advance and encourage environmentally sustainable practices and ideas within the City for all its residents and visitors. Sustainable ideas and practices include, but are not limited to, those that impact City operations and facilities, new development and re-development, green space, transportation, waste management and reduction, City ordinances, local businesses, neighborhoods, homeowners, and residents.*
2. *Collaborate with City staff to implement and update these strategies and goals.*
3. *Provide recommendations and suggestions to the City Council regarding laws, ordinances, rules, programs, and funding that promote sustainability.*
4. *Work in cooperation with other City boards, commissions, and committees to promote sustainability policies and programs.*
5. *Promote sustainability awareness at city events or at the request of interested individuals or groups.*
6. *Conduct occasional community surveys to understand the local perspective on sustainability and on the progress the community feels is necessary.*
