City Manager Charles Penny reviewed the FY 2026 proposed budget highlights. Objectives include retaining and recruiting exceptional employees, emphasis on utility infrastructure growth, tax base and revenue growth as well as an emphasis in public safety. The overall budget is a 6% decrease from FY 2025 with an 8% increase in the General Fund. There are no increases in personnel. There are several city fees slated for an increase to help fund critical infrastructure and debt service including water & sewer, stormwater, gas, solid waste collection, and solid waste disposal. Compensation and benefits reflect a 4% pay plan adjustment as recommended by Condrey & Associates; continue pay for performance and no increase in employee health premiums. We want to continue to position Statesboro for growth in the region, grow our downtown center, keep the pay plan up to date, and continue to advance a creative, inclusive, and professional culture. Revenue trends show a 7.5% increase in General Fund Revenues a 12% growth in the property tax digest based on information we received from the tax assessor and then our franchise fees remain flat. Mr. Penny reviewed the tax rates for Bulloch County, Board of Education, and Statesboro. He explained that a one-mil increase for the county would generate about \$3.5 million but a one-mil increase for Statesboro would generate about \$1.1 million. The county has a much larger tax base to draw from. We are not recommending a tax increase however in order to balance the budget we will use \$928,755 in fund balance from the General Fund and still be able to maintain the 25% required in fund balance per city policy. It is important to note that the city does not make any products but our greatest asset are our employees. The General Fund budget highlights the fact that nearly 65% of it is salary and benefits costs. The General Fund budget increased expenditures for FY2026 include salaries & benefits, credit card fees, police cloud storage, police Taser contracts, and electricity for streetlights. The Fire Fund highlights are fire station 3 anticipated to be online by July 1, 2026. There a study of the feasibility of a fire fee is in progress and a report from the consultant will be made at the next work session. Mr. Penny explained that the Fire Service fund was the most difficult due to the loss of the Fire District Tax of \$2.3 million. Staff recommends loans from the water/sewer - \$1.8 million, natural gas - \$680,000, and solid waste collection - \$707,000, enterprise funds to be repaid over ten years. It is important to note this can be done only once. Statesboro has a Class Two Fire Department and our citizens expect good service. Mr. Penny continued with review of the water & sewer fund, stormwater fund, natural gas fund, solid waste collection and solid waste disposal fund highlighting a 10% fee increase in each fund in order to address infrastructure needs and future debt obligations. Capital project priorities include housing rehabilitation, sewer installation in unserved areas, and enhanced roadways, sidewalks, and intersection improvements to accommodate growth. The FY 2026 budget is financially sound with strong reserves and continued growth in property values. This budget does not reflect a tax base increase from any of the approved new developments.

No one spoke for or against the proposed FY 2026 budget for the City of Statesboro.

~~Sec. 54-1. – Location for residential occupancy.~~

~~(a) Definitions. The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:~~

~~Industrialized modular home means any structure or component thereof which is wholly or in substantial part made, fabricated, formed or assembled in manufacturing facilities for installation or assembly and installation on a building site and which has been manufactured in such a manner that all parts or processes cannot be inspected at the installation site without disassembly, damage to or destruction thereof, and which bears the insignia of approval of the department of community affairs of the state.~~

~~Manufactured home means a structure, transportable in one or more sections, which in the traveling mode is eight body feet or more in width or 40 body feet or more in length or which, when erected on site, is 320 or more square feet in size, and which is built on a permanent chassis and designed to be used as a dwelling with or without a permanent foundation when connected to the required utilities and includes the plumbing, heating, air conditioning and electrical systems contained therein; except that such term shall include any structure which meets all the requirements of this subsection except the size requirements and with respect to which the manufacturer voluntarily files a certification required by the Secretary of Housing and Urban Development and complies with the standards established under the National Mobile Home Construction and Safety Standards Act of 1974, 42 USC 5401 et seq.~~

~~———(2) Temporary location outside licensed park. Any person desiring to place or have occupied a house trailer, manufactured home or industrialized modular home within the limits of the city outside of a regularly licensed house trailer, manufactured home or industrialized modular home park may make an application for such use to the~~

~~city engineer. The application will be referred to the mayor and city council and will be passed upon and determined in the following manner: If, in the opinion of the mayor and city council, it should become necessary due to a temporary emergency or hardship or for security or protection, such permit may be granted on a limited basis for a period not exceeding one year from the date of the permit. If before the anniversary date of the permit the emergency or other reason for the house trailer, manufactured home or industrialized modular home shall no longer exist, then the permit will be automatically canceled and the structure removed by the owner. If the structure is not removed, it will be removed by the city at the owner's expense. Such permit, if granted, shall be a privilege and not a right and shall be issued strictly at the discretion of the city council, which shall prescribe the terms, the location, the duration of the permit, the utility connections for electricity and gas, and the sanitary system for water and sewage, and its decision shall be final.~~

MEMO TO: Mr. Charles Penny, City Manager

FROM: Cindy S. West, Director of Finance

RE: Budget Amendment

Enclosed is the Fourth Budget Amendment for Fiscal Year 2025. The amendment is to budget for revenues not received throughout the year such as Property taxes and revenues not anticipated such as increased Interest, increased Building Permits, Inspection Fees, and Franchise Fees in the General Fund, an increase in Property Tax Revenue in both the South Main TAD and Old Register TAD and an increase in revenues for MGAG Portfolio Refund in the Natural Gas Fund. It also appropriates the amounts shown in each fund as expenditures or expenses for unexpected, but approved purchases throughout the year. I recommend the approval of the proposed budget amendment.

RESOLUTION 2025-13: A RESOLUTION TO ADOPT THE FOURTH AMENDMENT TO THE FISCAL YEAR 2025 BUDGET FOR EACH FUND OF THE CITY OF STATESBORO, GEORGIA, APPROPRIATING THE AMOUNTS SHOWN IN EACH BUDGET AS EXPENDITURES/EXPENSES, ADOPTING THE SEVERAL ITEMS OF REVENUE ANTICIPATIONS, AND PROHIBITING EXPENDITURES OR EXPENSES FROM EXCEEDING THE ACTUAL FUNDING APPROPRIATED

THAT WHEREAS, sound governmental operations require a Budget in order to plan the financing of services for the residents of the City of Statesboro; and

WHEREAS, Title 36, Chapter 81, Article 1 of the Official Code of Georgia Annotated (OCGA) requires a balanced Budget for the City's fiscal year, which runs from July 1st to June 30th of each year; and

WHEREAS, the Mayor and City Council have reviewed a proposed Fourth Amendment to the Budget from the City Manager that includes some revenues/financing sources and expenditures/expenses not anticipated in the original Budget, and carries forward funding and appropriations for some projects and equipment budgeted in the previous fiscal year, but not purchased by fiscal year-end; and

WHEREAS, each of these funds is a balanced budget, so that anticipated revenues and other financial resources for each fund equal the proposed expenditures or expenses and any transfers; and

WHEREAS, the Mayor and City Council wish to adopt this Fourth Budget Amendment for Fiscal Year 2025;

NOW THEREFORE, BE IT RESOLVED by the Mayor and City Council of the City of Statesboro, Georgia as follows:

Section 1. That the proposed changes to the budget, attached hereto as Attachment #1 and incorporated herein as a part of this Resolution, are hereby adopted as the Fourth Budget Amendment for the City's Fiscal Year 2025 Budget.

Section 2. That the several items of revenues, other financial resources, and sources of cash shown in the budget amendment for each fund in the amounts shown anticipated are hereby adopted; and that the several amounts shown in the budget amendment for each fund as proposed expenditures or expenses, and uses of cash are hereby appropriated to the departments and agencies named in each fund, as amendments to the existing Budget previously adopted.

Section 3. That the "legal level of control" as defined in OCGA 36-81-2 is set at the departmental level, meaning that the City Manager in his capacity as Budget Officer is authorized to move appropriations from one line item to another within a department, but under no circumstances may expenditures or expenses exceed the amount

appropriated for a department without a further budget amendment approved by the Mayor and City Council.

Section 4. That all appropriations shall lapse at the end of the fiscal year.

Section 5. That this Resolution shall be and remain in full force and effect from and after its date of adoption.

RE: Fire Station 3 Contract Award

Recommendation:

Staff recommends a contract be awarded to Lavender and Associates, LLC. Initially in the amount of \$4,360,000.00 for the construction of Station 3 for the Statesboro Fire Department. It is also recommended an additional amount of \$440,000.00 be approved for this project for the purpose of unforeseen change orders and any needed furniture/fixtures. This would bring the, not to exceed, recommended approval amount to \$4,800,000.00 for the construction of Fire Station 3. This project will be funded out of 2019 SPOLST funds, 2025 SPLOST funds and other financing sources if required.

Background:

The City of Statesboro issued a Request for Proposals (RFP) to contractors for a design/build project for the construction of Fire Station 3. The design/build method was selected as it provides a fast track construction path and groups the architectural/engineering aspect with the contracting element together as an all in one proposal submittal. Proposals were submitted from Lavender and Associates, LLC., GMC Garbutt Construction and Tommy Gibson Builders. RFP opportunities were sent to numerous contractors and there were seven in attendance at the mandatory pre-bid meeting. A selected evaluation team evaluated these submittals by listed criteria in the RFP. These evaluations produced a ranked order and the team conducted negotiations with the top selected contractor to produce a final product and cost. Per this process, if an agreement had not been reached, the team would have dropped to the second ranked contractor and went into negotiations with them and so on. Contractors did not have access to other submittals at any time so as to keep this process valid and equitable for all. Fire Station 3 will be located on recently purchased land located on Brannen Street adjacent to the back of Lowe's. The negotiated contract with Lavender and Associates LLC. is in the amount of \$4,360,000.00. The remaining amount of \$440,000.00 is intended for any unforeseen issues (unsuitable soils and change orders) and furniture/fixtures that were not a part of the base construction proposal. The final agreed upon design will be a two story structure with two engine bays. The fire station will contain upstairs sleeping quarters with showers and the downstairs floor will contain a gym, an activity room, a kitchen and offices. This facility will have a total area of 11,210 square feet. Funding for this project will be made from the 2019 and 2025 SPLOST along with other financing sources if needed. This project is budgeted under CIP# FD-85.
